Perry-Scott Nuptials Held

The marriage took place in St. James United Church, Saturday afternoon of Isabel Marjorie, younger daughter of Mr. and Mrs. Percy Scott, and Wilfred Hugh Perry, son of Mr. and Mrs. Fred Perry of Wilberforce.

The Rev. F. W. Craik, performed the ceremony. Wedding music was by Mrs. Renaud and Mrs. Leslie McLaren sang "Because" during the signing of the register.

The bride's gown of slipper satin had panels of Chantilly lace in the skirt and was designed with a sweetheart neckline and shirred bodice. She wore a veil of tulle illusion caught with orange blossoms and carried American beauty roses. She was given in marriage by her father and attended by Miss Isobel Moncrief, who was frocked in mauve nylon net, made with off-the-shoulder neckline. She wore a shirred bandeau of matching material on her hair and carried bouquets of yellow roses and baby's breath.

Groomsman was Mr. Norman Harris, and David and William Lavoie, cousins of the bride, ushered.

Receiving afterward in the church parlors, Mrs. Scott was wearing a gown of sea float green crepe, hat of white mohair and corsage of Talisman roses. The groom's mother, who also received, was in printed grey silk, grey accessories and wore pink roses.

For her wedding trip the bride changed to a suit of mulberry gabardine and grey accessories. The couple will live at 73 Pine St., Peterborough.

Mist-Gorman

At St. Peter's Rectory on Saturday, the Rev. R. Garvey solemnized the marriage of Mary Maxine, eldest daughter of Mr. and Mrs. A. E. Gorman, 405 London St., and Mr. George Edward Mist, only son of Lieut. G. L. Mist and Mrs. Mist, also of Peterborough, and formerly of Lindsay.

The bride was attired in a suit of pearl grey gabardine and wore a light pink straw hat with flowers filling the brim, and pink accessories. Her corsage was of shaded pink roses. She was attended by her sister, Miss Margaret Mary Gorman who wore a suit of champagne beige gabardine, matching straw hat trimmed with brown and brown accessories. Her corsage was of pale yellow roses.

Mr. Donald T. Endicotte of Lindsay attended the groom.

The reception following was at Club Aragon. The bride's mother was wearing deep blue crepe, a white straw hat and corsage of small deep red roses. The groom's mother chose grey crepe, a black felt hat and corsage of pink roses.

The couple are spending their honeymoon in a cottage at Buckhorn. They will make their home in Peterborough.

Frank Mitchell Outlines Work Of Service Club

Organized care of crippled children by the Rotary Club in Windsor was the subject of the address given by Rotarian Frank Mitchell of Windsor to the Monday meeting of the Peterborough Rotary Club.

The work done for crippled children in Windsor has been described as the best organized in Canada. Mr. Mitchell explained the Windsor club stressed investigation and follow up study to ensure that they had found all the children the club might help and that children are not neglected after they have been treated.

Following up progress of the children and helping them to adjust themselves to their condition so that they will have the best possible chance of cure or overcoming their handicap is even more important than surgery or treatment, Mr. Mitchell declared.

Work in this complicated field of child care needs the attention of experts Mr Mitchell explained. In Windsor the children get the attention of one of the best doctors in the field of orthopaedics which is treatment for crippled children. He is Dr. F. A. Brochenshire. In charge of the work concerning children known as Spastics who are cripples as result of brain injury is Dr. A. F. Trottier. In all there are 89 forms of crippling handicaps which children may suffer.

Have Teacher

The Windsor organization includes a teacher provided by the Board of Education who visits children unable to leave their homes to attend any form of school and instructs them up to the High School entrance level. The club has a man to make braces and another who is a shoemaker to fit special shoes for the children.

Most important, in Mr. Mitchell's opinion, is the work done after a child has been operated on or fitted with braces or received one of the other forms of treatment. Parents often have no idea how to help their children and to some the crippled child is only a nuisance around the house.

Members of the Victorian Order of Nurses, Public Health nurses and Red Cross nurses do much of this follow up work which includes physio and occupational therapy.

Cripples may be suffering anything from flat feet to polio and rickets. To help prevent rickets, the Rotary Club in Windsor provides free cod liver oil to anyone in the city who will call for it.

Must Organize

Mr. Mitchell said it was the duty of Rotary Clubs everywhere to organize their work for cripples and help the children as much as possible. There was no reason why the Peterborough Rotary Club couldn't have a clinic at the Civic Hospital he said.

The speaker was thanked by Dr. Richard A. Kelly, Peterborough's Medical Officer of Health.

President-elect Harley Keefer announced that Keith S. Wightman had just accepted the chairmanship of the Crippled Children Committee and an active year was being planned.

Guests at the meeting were Bill Malton, Cobourg, Ron Wallame, Brockville, Bud Cochran, Peterborough, and Fred Parson, Toronto.

Havelock Pupils Heard in Recital

A most successful piano recital was presented by the pupils of Donald R. Pollock on Friday evening in the Havelock United Church. Mr. Ralph Watson acted as chairman for the program.

Piano solos were performed by the following: Jack Southward, Betty Toms, Glenna Ellis, James Chase, Shirley Jewell, Harvey McNeely, Beverley Dunford, James Simpson, Thos. McMillen, Viola Martall, Gayle Simpson, Aldon Patterson, Sandra Vansickle, Betty Steenburgh, Gary McNeely, Loraine Thompson, Reginald Scott Peter Harrison, Lillian Toms, L. Sayers, Bruce Cook, Shirley Anderson, Marilyn Rutherford, Richard Vanderburgh, Robert McNeeley and Barbara Pollock.

Piano duets were given by Betty Toms, Lillian Toms; Fred Umphrey, Vansickle; Barbara Pollock and Donald Pollock.

Harvey, Robert and Gary McNeely rendered three vocal numbers.

Following the singing of "Blest Be the Tie That Binds," a pipe-organ and piano duet, "The Heavens Are Telling" was performed by Barbara and Donald Pollock.

The proceeds for the evening amounted to $13.52, which will be given to the Mission Band to help carry on their work.

MISS JOAN PENHALL daughter of Dr. and Mrs. G. R. Baseball Uses Only Few Of Penitents

NEW YORK, June 7 (AP). — About recovered from the impact of Commissioner A. B. Chandler's "amnesty" pronouncement, organized baseball wondered to-day what to do with the score of players tossed back in its lap.

It seems certain the major leagues will be able to find regular employment for no more than a half-dozen—10 at the most—of the athletes now forgiven for running off to the Mexican League in 1946.

St. Louis Cardinals stand to reap the best profit here, getting back a couple of potentially first-rate pitchers in Max Lanier and Fred Martin and a capable infielder in Lou Klein.

Brooklyn Dodgers also should gain some benefit from Mickey Owen, the 33-year-old catcher whose persistent pleading with Chandler had much to do with getting the ban lifted, and Luis Olmo, an outfielder who hit .313 in 1945.

Roberto Ortiz, 32-year-old outfielder, may be a welcome addition to Washington Senators. The Giants possibly could find use for infielder George Hausmann and Pitcher Harry Feldman.

But the rest of the list of reinstated talent provides a largely unknown quantity, with most not figured to have a look-in in today's stepped-up major league play. Many of them were wartime replacements or veterans already on the road down.

Broadside Collision

There was a broadside collision between two cars at the intersection of Stewart and Simcoe streets Monday at 5:15 p.m. causing considerable damage to both vehicles.

The drivers, Lorne F. Anderson, 315 Frederick Ave. and J. C. Hamilton, Cordova Mines, escaped injury as the right rear door of Mr. Hamilton's car caved in and the front of Mr. Anderson's car was smashed.

Mr. Anderson was travelling west on Simcoe St. and Mr. Hamilton, north on Stewart St. when the cars collided. Two passengers in Mr. Hamilton's car, Carson Johnston and James Findlay of RR 1, Havelock, also escaped uninjured in spite of the heavy impact resulting in the total wreckage of one door of the car.

Constables Andy Dalton and Louis Rodregue investigated.

Says Devaluation Of Dollar Means Chaos

By The Canadian Press Staff Writer

A warning that the international situation will remain dangerous because Communist strategy "never changes" emerged Monday night from the campaign for Canada's June 27 general election.

It came from External Affairs Minister Pearson, the career diplomat who entered the Cabinet last fall, as he addressed a campaign meeting in Montreal. He said the way the Communists have opposed the Atlantic Security Pact indicates its value.

As the country-wide campaign, now in full swing, moved into its fifth week, Prime Minister St. Laurent returned to his home riding of Quebec East and told his constituents that Progressive Conservative proposals to devalue the Canadian dollar would bring "chaos" to Canada within a year.

George Drew Progressive Conservative leader, hammered again at the government's trade policies in a speech at Brandon, Man. M. J. Coldwell CCF leader, moved deeper into his western campaign with an address at Moose Jaw, Sask.

Mr. St. Laurent said Social Credit opponents and the CCF "have no hope of forming a government" and Independent candidates could not form one.

Will Be Prime Minister

About a campaign "rumor" his role is to carry the Liberal party through the election and then retire in favor of External Affairs Minister Pearson, he said:

"At the convention last August it was Louis St. Laurent who was chosen. It is Louis St. Laurent who will be Prime Minister after June 27."

Answering a question about the fate of Canadian Indians, Mr. St. Laurent said he believed the Canadian government would continue to administer Indian affairs despite sponsors of a separate Indian nation.

When someone shouted "au diable l'empire Brittanique, (the devil take the British Empire), he replied it was an inappropriate remark at a time "two ideologies are splitting the world" and "frank collaboration" is required among peoples on guard against dangers to their democratic way of life.

Canada, a country which wishes to increase its sales to the United States but does not want to "lose other markets that are open to us" faces disasoter unless the exchange problem is solved, Mr. Drew said.

Mr. Drew devoted much of his address to the question of trade, but digressed to attack Justice Minister Garson—as he had done earlier—over the issues of the 1945-46 Dominion-Provincial conference.

Mr. Drew said "no amount of pretence" by Trade Minister Howe will conceal the fact that Canada is losing her overseas markets, and added that Canada's trade with the United Kingdom dropped $67,000,000 in the first quarter of this year and still is dropping rapidly.

Mr. Coldwell said the Liberal government called a Federal election in June instead of waiting until the fall because it saw an impending recession and was powerless to do anything to forestall it.

He said there already are signs of cracks in Canada's economy and asserted the Dominion will continue to lose her overseas markets unless the government adopts realistic trading policies.

As a result of the war, many of Canada's overseas customers had found it necessary to trade on a bilateral basis. But the Liberals had opposed this method of trading and Canada was losing many of her overseas markets.

The Dominion would have to adopt these trading methods to keep her position in world trade.

Badges of Service Awarded Red Cross Workers

Monthly meeting of Peterborough Branch of the Canadian Red Cross Society Monday afternoon was held in the Red Cross rooms, Mrs. C. J. Ray presiding.

Mrs. F. E. Hooper, Mrs. W. R. L. Blackwell, Mrs. H. G. Fitzgerald, Mrs. E. M. Yelland and Miss Mary Elliott were presented with Badges of Service during the meeting. Because of their special efforts over a period of years, these members were recommended by Peterborough Branch and approved by the Ontario Division. Presentation was made by Mr. G. H. Thompson. Mrs. Ray gave some details of their special accomplishments and praised the untiring devotion to duty of these members, particularly during the war year.

Report from the Apsley Outpost Hospital advised that Dr. Tetterly, who has been in Apsley under the Red Cross Community Doctor's Service, is leaving for further study. Peterborough Branch is asked to procure another doctor for Apsley under a similar plan.

Invitation to attend the Anniversary Tea and Open House at the Apsley Hospital Wednesday afternoon, June 8, was extended to all members.

A large quantity of wool has been distributed for knitting into garments for shipment to the British Isles.

Gifts acknowledged included three quilts from Mrs. Dawson's group at Stewart Hall, and a supply of children's woollen garments from Mrs. Field and Mrs. Parsons.

The loan cupboard report, read by Mrs. W. R. L. Blackwell, showed supplies to be in heavy demand and most of them out on loan at present. Mrs. W. M. Cruthers reported for the visiting committee.

Disaster relief committee lists were reported to have been revised and arrangements made for a check in the interests of preparedness in case disaster should occur. Reports were made on the local blood donor service, home nursing and women's work.

A motion was passed to discontinue regular meetings until September, though all committees would carry on with their work as at present.

Shunting And Parking Complaints To Council

Peter Dominik is not blaming Outboard Marine and Manufacturing Co. for the parking of some of their employees cars on Romaine St. The company has provided a spacious lot at the corner of Monaghan Road and Romaine, but some of the people who work in the plant prefer the roadside accommodation. And to such extent, says Mr. Dominik, that often the entrances to the houses on the street are blocked. And that is a bus route. To the council he wrote the familiar question can something be done about it?

He also complained of the shunting time and place of CPR which apparently makes up a train on the west side of the city every night, and finally takes off to Toronto. The shunting begins around 10 or 11 o'clock and continues past bed time. He suggests shunting operations on the east side of the city, partly because there are fewer people to be disturbed. The Dominik letter goes to the finance committee.

Too Few Options Inspectors Report To Board

High school inspectors Morgan and Ashbury who recently visited the academic school reported they found the year's work well advanced and work of the pupils generally satisfactory.

They called attention to the fact that are range of options which the schools offers is limited. Geography is available as an option to one of the languages in Grades XI and XII. Art is available as a fifth option in Grades X and XI. Mathematics and Science in the middle school are carried to the end of Grade II without option.

The inspectors approved the free interchange of teachers between the academic and vocational sides of the school and stated they found the school functioning smoothly in spite of distractions cause by cadet inspection, X-ray clinic and examinations.

Two recommendations: a uniform pattern for the delivery of oral answers, and in two cases an increase in responsibilities delegated to department heads.

CCF Promises More Freedom

SARNIA, June 7 (CP) — The CCF party seeks more freedom for the people of Canada, Welfare Minister Sturdy of Saskatchewan said her Monday tin a political address.

It had been charged, he said, the CCF party threatened freedom of the press, assembly and religion. These were traditional freedoms and were as greatly prized in Saskatchewan as anywhere else in the Dominion.

But there were other freedoms of which the people of Canada had been robbed.

"The man without a decent home in which to house his family isn't free, the man without proper educational opportunities for his children isn't free, the man without security in his job or adequate medical services in time of need is not free.

"There are the freedoms the CCF government of Saskatchewan is trying to provide, and is providing."

Bette Davis Raps Films In Hollywood

By BOB THOMAS

HOLLYWOOD, June 7 (AP).— What's wrong with the movies? Free-thinking Bette Davis comes up with an answer to the oft-heard question:

"Hollywood tries to combine entertainment for both kids and adults in the same picture. The result is a movie which isn't suitable for either."

She looks less like Bette Davis and more like a vivacious Spanish dancer these days, because of her black wig for "Beyond the Forest."

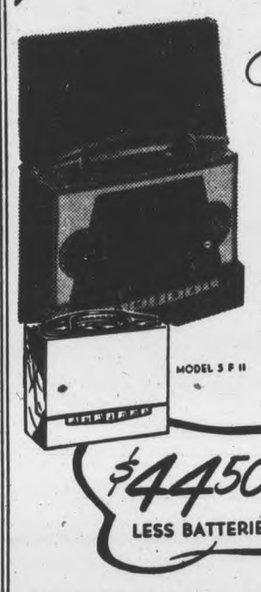
"That's what the English pictures have over American ones," she continued. "They make pictures for children only, and pictures for adults only.

No Emotions

"Kids like any kind of picture, whether they understand it or not. But it stands to reason that the gangster and murder pictures they see have some influence on them. The movies glamorize crime and criminals, and kids are very impressionable.

"On the other hand, we don't have honest adult pictures on the screen, either. In the last 10 to 15 years movies have become so restricted that today it is impossible to portray true emotions on the screen.

"I'm not making a plea for dirty movies — just honest ones."



Miss Davis declared that censorship is more severe on women than men in films.

"Movies are a combination of entertainment with teaching. If there is a moral or lesson to learn from a picture, it should be presented subtly.

"A picture should never try to tell an audience what is right or wrong. The point should be put over by the actions of the characters. The audience resents being told what to do."

Family Honors Parents On Anniversary

APSLEY, June 7—(ENS)—On May 24, 1898, James Rayment and Lena Roy were married in Hamilton and on Saturday they held a family re-union to celebrate their golden wedding.

After their marriage they lived for some years in Hamilton, later coming to their farm home in Chandos. Mr. Rayment served in world war I.

There were 11 children, 9 of whom are still living, and all but one daughter were present at the re-union.

The children are: Mrs. Paul Panasuk of Orillia, Mrs. H. Carpenter and Mrs. Clarence Woodruff, both of Hamilton, Mrs. Roy Hall, Apsley, George of Apsley, Mrs. E. Smith, Niagara Falls, Bella of Golden Valley, and Charles A and Jim, twin sons, of Peterborough. There are 14 grandchildren and 2 great grandchildren.

The family presented their parents with two upholstered chairs, one rocker and one arm chair.

Pass Examinations

The following pupils of Lakefield High School have passed their examination on recommendation: 12th form, Marilyn Windsor; 10th form, Margaret Dafoe, hightest standing in the form, Cora Lee Johnson; 9th form, Roderick Earnshaw; honors, Donna Lean; honors, Marie Tucker honors and Pauline Rusaw.

The June meeting of the Women's Institute was held at Mrs. Frank Tanner's home on Thursday.

Mrs. Montgomery has consented to take charge of the Library. It will be open each Saturday evening fro 8 to 9.30.

A committee was named to make arrangements for delegates transportation to the District annual meeting in Havelock on June 14.

Mrs. Walter Tucker was appointed an additional branch director.

Co-operation program selected was local leaders training school.

The July meeting will be in the form of a picnic in Algonquin Park.

A donation of $10. was voted to the hockey club.

Personals

While taking part in the School Area Field Day on Apsley school grounds Raymond Wilson, son of Art Wilson, fell, breaking his collarbone.

Gold Find Touches Off Crazy Buying Spree

JOHANNESBURG, June 7 — (Reuters). — Telephone calls from the United States, Britain and Europe came into stockbrokers' offices here Monday as the gold share buying boom resumed after the week-end lull.

The rich find at Erfdeel touched off the crazy buying, which reached a new peak when the market opened this morning.

Reports to-day of a second gold strike, said to be even richer than the Erfdeel strike last week, were denied by the corporation doing the drilling. The Anglo-American Corporation, drilling on farm Dankbaarheid in Orange Free State near where the Erfdeel strike was made, officially denied that a rich gold strike had been made.

During the week-end a London source bought a block of shares in the holding company—Union Free State Goldfields—for £250.000 ($1,000,000) said Joseph Milne, head of the group of companies controlling Erfdeel.

He said he had calls from the leading United States and British financial houses offering capital for investment in South Africa's richest-ever gold strike and for development of Free State gold areas.

Hospital Board Accepts Resignation

WINDSOR, June 7 (CP)—The Board of Governors of Metropolitan General Hospital in a surprise week-end meeting accepted the resignation of Horace E. Atkins as the hospital superintendent. The board was originally scheduled to meet tonight to act on a Royal Commission recommendation that Mr. Atkins be dismissed.

The resignation of Mr. Atkins and four board members came as a result of a one-man Royal Commission inquiry into hospital administration. The inquiry began following the resignation of the superintendent of nurses and reports of a Detroit hotel party attended by four hospital nurses, Mr. Atkins, Mayor Arthur Reaume of Windsor and two other prominent married business men.

Judge Eric Cross of Woodstock had said Mr. Atkin's actions at the Detroit Press Photographers Ball last Feb. 18 "reflected unfavorably."

Mr. Atkin had denied he asked nurses for dates at various times but Judge Cross said the evidence to the contrary "had the ring of truth."

When the board of governors accepted Mr. Atkin's resignation they asked that a small commission be named to act in a temporary capacity in place of the present board.

TODAY WE LIVE IN A GREATER CANADA

GREATER MARKETS- better marketing!

The stores of Canada tell the story.

Smart new fronts and clean, bright interiors; up-to-the-minute facilities for faster, easier, more convenient shopping; modern displays and smartly packaged products: all are the visible symbols of Canada's modern merchandising progress.

Canadian distribution methods are more effective, more efficient than ever. Recent advances in marketing have been as remarkable as those in this country's record-breaking production and the development of natural resources.

The whole vast field of merchandising today presents new and greater opportunities for successful Canadian careers.

"Imagination in business knows no geographical boundaries."

In this young and vigorous nation originality, based on sound thinking, pays off. To the young Canadian who is willing to raise his sights above the conventional, and work hard to make his vision come true, no country today offers greater opportunities for success than or own", says Hedleigh Venning.

HEDLEIGH VENNING

began his career as a junior salesman in 1926. From the beginning, he became aware of the opportunity awaiting the application of imagination and creative thinking to any job. A keen student of modern packaging, an enthusiastic and energetic worker, he is now vice-president in charge of sales of Shirriff's Limited, one of Canada's larger food product companies; a great believer in scientific marketing and a leader in the field of selling and advertising.

Say Princess To Visit U.S. In Fall

Margaret Expected To Spend Several Weeks There

LONDON, June 8 (AP)—Princess Margaret will make a "private visit" to the United States this autumn, a source close to the royal family said today.

An official spokesman at Buckingham Palace commented: "We have nothing to say at the moment."

Private sources said the Princess would visit Washington, probably as the guest of the British Ambassador, Sir Oliver Franks.

"The visit is purely private," the source said. "There is no question of Princess Margaret persuading her father whether she may go to the United States. The King has never opposed her trip there."

This referred to published stories that the King's younger daughter wanted to make the visit but was trying to get her father's permission.

No Details Decided

The informant said details of the visit have not yet been worked out. He could not say whether the trip would be made by sea or air. The date has not been disclosed.

The Princess returned last week-end from a month's visit to Italy, Switzerland and France.

The informant added that the Princess would spend several weeks in the United States, probably travelling outside Washington and New York.

There was some criticism in the London newspapers about the publicity attending the Princess' visit to Italy, including a candid camera picture of her swimming at Capri. The source said "the Palace hopes, of course, that there will be no such performance by the newspapers in America."

Some officials of the government have been frankly favorable to the idea of an American visit by a member of the royal family, as a good will gesture.

Lifer Makes Full Use Of Shining Hours Discover Tunnel Six Feet Long Under Cell

BOSTON, June 7—(AP)—Where did you get the plaster to make the head? When did you get the plaster? Where did you get the model for the head? Where did you get rid of the earth from the tunnel you were digging?

Those were four of at least 100 questions facing a state's prison lifetermer who was nabbed Tuesday after guards discovered an escape tunnel, six feet long and four feet wide, under his cell.

Warden John J. O'Brien identified the lifer as Walter Perry, 43, convicted in 1927 of the shooting murder of a Boston policeman.

Inside the tunnel guards reported finding: Two pickaxes, two hammers, a flashlight, a hand-made bit stock and drill, odd bits of metal, lengths of pipe, a socket for an extension light.

The guards said a well-made plaster model of a human head was found. It had "hair," too, pulled from a prison mattress.

They theorized that when Perry finished his tunnel—he had about 44 feet to go to the outside wall—he planned to tuck the model head into his cot to delay the hunt.

The convict was seized in the prison laundry after the discovery and ordered into solitary confinement.

Tomato Plants And Beans Only Slightly Touched, Need 48-Hour Rain Badly

Spring Crops In Barrie Area Set Back 50 - 60% By Frost, Bruce Peninsula Hard Hit By Cold Wave

A curtain of wind during the night saved the market garden crops from the damage of frost reported today as having done extensive damage in other sections of the province, Eric Johnston of North Monaghan informed the Examiner. Even the tomato plants and upshooting beans were only slightly touched, he said.

"We put out a lot of tomatoes that were either in flower or showing tiny fruit on the 24th of May. They were nipped one night last week, and set back, but there has been no further damage since then. I think that about sums it up. From all accounts I guess we have been pretty fortunate in this area."

Peterborough fields are as dry as many of the other sections of Ontario. Some farmers say that nothing less than a 48-hour rain will be of much help.

More Damage

TORONTO, June 8 (CP)—Severe frosts reported during the night brought further damage to Ontario crops as the drought entered its 14th day and temperatures took a nosedive.

Farmers in the Caledon area were hardest hit by the frost with temperatures dropping to 14 degrees below freezing. Heavy frost covered the fields and rooftops and ice had formed on small ponds in the district. Spring crops in the Barrie-Bradford area were reported set back 50 to 60 per cent.

Many fields of newly-planted tobacco were feared ruined and fruit trees and vegetables also suffered heavy damage in the St. Thomas and Port Stanley district where four degrees or frost were reported.

Serious damage was also reported in the Bruce Peninsula area with more cold weather expected today. Tomatoes, beans, potatoes and root vegetables were hard hit.

At Agincourt in suburban Toronto wells on many farms have gone dry and farmers have resorted to trucking supplies of water in an effort to save their crops.

Cottage Loot Located In Warehouse

All of the large quantity of loot, valued at over $2,500, taken in three breaks at Gore's Landing about three weeks ago, was found in a warehouse in Toronto last weekend, Inspector E. V. McNeil, in charge of Peterborough headquarters of the Provincial Police, said. The warehouse was leased by Gordon Barrett, of Wasaga Beach, who last Thursday pleaded guilty at Barrie to 32 charges of being in possession of stolen goods. Barrett will also be charged with being in possession of the goods taken in the Gore's Landing breaks, the inspector stated. Barrett was slated to appear for setence today.

The Gore's Landing burglaries were committed on the properties of Albert Adams, who operates an electrical appliance store, C. J. Kidd, summer cottage owner, and Kurv Inn, a snack bar on No. 2 Highway, near Newcastle.

A number of electrical appliances were stolen from Adams' store. From the Kidd cottage there were stolen an electric motor, pump, a 24-gallon tank, and a large amount of paint and tools. At the snack bar goods taken included a combination electric toaster and coffee maker, two chrome leatherette seats, a soft drink cooler, and a two-compartment sink.

It will be recalled that it was a clue unearthed in the investigation conducted into these breaks by Constables D. Nicol of Cobourg and R. Pollard of Orono which led other provincial constables to the arrest of Barrett, at whose lodge in Wasaga Beach was found hundreds of thousands of dollars worth of other goods taken from places in Muskoka, Stratford, Forest Hill village, and Toronto.

Eisenhower, Educationists Want Communists To Be Barred As Teachers

WASHINGTON, June 8—(AP)—Twenty top-flight educationists—including Gen. Dwight D. Eisenhower and Harvard President James B. Conant—said today Communists should be barred from the teaching profession. They agreed too, that principles of Communism should be taught—but not advocated — in United States schools.

Their charge that Communist membership "renders an individual unfit to discharge the duties of a teacher in this country" was described by a National Education Association official as the most outspoken statement on that subject ever made by an education group of country-wide standing.

Eisenhower, now president of Columbia University, Conant and 18 fellow members of an educational policies commission made their observations in a 54-page report on "American education and international tensions."

The commission was appointed by the National Education Association and the American Association of School Administrators to study the teaching changes that might be advisable in view of political tensions that may "keep the world in a state of cold war for years to come."

"While we expose and combat subversive activities in this country and abroad . . . we must at the same time curb reactionary forces which would use anti-Communist sentiment as a club to threaten every effort to improve society through education," the report said.

"The schools should continue with vigor their programs for giving young citizens a clear understanding of the principles of the American way of life and a desire to make these principles prevail."

The commission condemned the careless and unjust use of such words as "Red" and "Communist" to attack teachers and others whose views differ from those of their accusers.

"It is because members of the Communist party are required to surrender the right to think for themselves, as a consequence of becoming part of a movement characterized by conspiracy and circulated deceit, that they should be excluded from employment as teachers."

Fear Guerrillas To Capture City Of Canton

HONG KONG, June 8 (CP)—The defenses of this Crown colony off the southeast coast of embattled China Tuesday went under the scrutiny of Britain's defense minister, while in China itself the picture appeared to be darkening for the Nationalists.

As A. V. Alexander, who flew from London last week to make an on-the-spot check of Hong Kong's defense facilities, toured the island colony, informed American sources here declared that the fate of Canton, the Nationalist refugee capital, appears sealed.

Canton is only about 100 miles to the north of Hong Kong, on the Chinese mainland. The position of the Nationalist government, already torn by political dissension has deteriorated further with an upsurge of Communist guerilla activity along a 170-mile front only 120 miles northeast of Canton.

These guerrillas, reliable sources say, offer as great a threat to Canton as do the regular Communist armies now 400 miles to the north, near the city of Changsha on the Hankow-Canton Railway.

The guerrillas are said to number more than 400,000 including some who have gone over from the Nationalist side.

Strife Continues

The political strife in the Nationalist capital is continuing, according to reports reaching here, with a flare-up between the refugee Nationalist Government and municipal administrators.

It is understood that Mayor Auyang Chu of Canton has sent in his resignation because the government removed municipal police from his control.

Defence Minister Alexander said today Hong Kong's small

Rule Natural Uranium Not War Material

FRANKFURT, June 8 (AP)—A United States military government court ruled today that uranium in its natural state is not necessarily a war material, and acquitted nine Germans on charges of possessing a 2,300-gram (about 81 ounces) block of it.

Uranium in its processed form is used in making atomic bombs.

Judge Fred G. Cohn said that if uranium in its natural state was a war material then the same would be true of all materials that could be used for making weapons.

The nine defendants had admitted attempting to sell the uranium block to a United States army agent.

Control Private Industry Morrison Plan

BLACKPOOL, England, June 8 — (CP). — Britons were notified to-day that if Labor is returned to power in the next general election permanent controls will be imposed on private industry in the country.

Herbert Morrison, Deputy Prime Minister, made this point to-day at the Labor Party's annual conference.

An Act giving the government the same peacetime grip over industry and manpower that it held during the war expires in 1950. Morrison said a re-elected Labor Government would pass a "permanent and revised version" of the law.

He outlined to the conference a program to nationalize six more industries if Labor gets another term in office—meat wholesaling and cold storage, sugar refining, cement making, most life insurance, "all suitable" minerals, and water supplies.

Speaking with the fervor of an evangelist, Morrison received an ovation greater than that accorded Prime Minister Attlee on Tuesday.

Hard Times Ahead

He repeated warnings of other government leaders that hard times still are ahead for Britain.

"Wages and salaries must march in step with production. Nobody must have the illusion that he can get things without earning them, that the state is a magical organization that gives things away."

He declared: "Private industry cannot any longer be allowed to go just any way. Private industry or finance which indulges in anti-social conduct will be pulled up sharp by a Labor Government."

Morrison said the "next election will be the fight of our lives," but predicted a Labor victory.

Rank and file speakers, including several Labor members of Parliament, appeared generally satisfied with the election program, but criticized several details. There was criticism of the high pay for top administrators in state-owned industries and of the way the industries are being run.

Packing House Unions To Demand 15-Cent Raise

TORONTO, June 8—(CP)—Officials of the United Packinghouse Workers of America (C.I.O.) said Tuesday they will demand a 15-cent-an-hour wage increase from the "big three" in the packinghouse industry when negotiations open next month. The Union's demands for its 15,000 members, 10,000 of whom are employed by Canada Packers, Swift Canadian Company and Burns and Company, were drafted by Canadian delegates at the International Union's conference in Estes Park, Col.

Conferences with the Canada Packers and Burns for a new Union contract begins next month. The Union's agreement with Swifts expires Aug. 1.

Officials said the union will ask that wages paid in packinghouse plants in Peterborough, Kitchener, Montreal and Hull, Que. be raised to Toronto levels. Basic rate in Toronto is 96 cents an hour and 90½ cents in the Canada Packers plant at Peterborough.

John Lenglett, the union's research director, said that the program includes a request for a reclassification of job ratings, long a sore point with the union. The conference, which was held in conjunction with the annual convention of the international union was attended by 40 delegates from Canada.

A longer range but ambitious welfare plan was drafted. The plan conceives of a union-administered, company-financed welfare project highlighted by a $100 monthly pension for workers at the age of 65. It seeks life insurance benefits equal to one year's pay, medical and hospital benefits for employees and members of their families, and 75 per cent pay for time lost through sickness.

May Give Speech 1,000 Ft. In Air

LONDON, June 8 (AP)—Garry Davis, former United States bomber pilot turned world citizen, will address a world government meeting in England from a flying platform—maybe.

Because he is a man without a country and therefore without a passport, Davis won't be allowed to set foot in Britain to talk to fellow world governmenters at Chelmsford, June 20.

But the Mayor of Chelmsford, Arthur W. Andrews, thought he saw a way out.

Davis, he said in a letter to the Home Office, "is prepared to fly over from France in a British-owned helicopter and deliver his speech by radio from it."

The Home Office said it didn't mind Davis hovering over Chelmsford. "He wouldn't be violating any immigration laws," a spokesman noted.

The Ministry of Civil Aviation said "It's okay with us, too, if he wants to do some sky-shooting. Of course, he'll have to stay above 1,000 feet and obey all traffic controls."

"If Davis intends to broadcast by radio he'll require a licence," said a General Post Office spokesman, "and it's not our practice to allow such broadcasting except by the BBC."

Postpone Fraud Trial

WELLAND, June 8 (CP) —The trial of two Toronto men on charges of conspiracy and fraud was postponed Tuesday until December. The cases against Michael P. O'Connor and William Horrigan, charged in connection with an attempted "shakedown" of liquor licence applicants in the Niagara Peninsula, had been scheduled to be heard at County Court sessions which started here Tuesday. Frank Nasso, counsel for O'Connor, said his client is ill.

30 Homeless In $100,000 Fire

ST. MICHEL DE NAPIERVILLE, June 8—(CP)—More than 30 persons were left homeless when a $100,000 fire gutted the heart of this village Tuesday. St. Michel is about 24 miles south of Montreal.

A hotel, a recently completed two-storey restaurant and dwelling, the parish hall, five houses and four barns were destroyed. Near-by buildings were saved only by efforts of three fire brigades and scores of volunteers. Police said damage would amount to more than $100,000.

High winds and a shortage of water which saw the wells in a number of neighboring farms exhausted, hampered fire-fighters.

Say Dennis May Get 15-Year Sentence

WHITE PLAINS, NY, June 8 (AP). — Gerard Graham Dennis, handsome burglar of wealthy homes, and a native of St. Catharines, to-day faced a possible prison sentence of 15 years to life.

The dapper, 29-year-old prisoner, alleged to have taken $600,000 worth of loot in Canada and the United States, pleaded guilty on Tuesday to seven charges of robbery, burglary and grand larceny.

The charges involved $38,650 loot taken from three fashionable Westchester County homes. Other similar charges were pending.

County Judge Elbert T. Gallagher sent Dennis back to jail to await sentence, for which no date was set.

Child Victim Dies

NIAGARA FALLS, Ont., June 8 (CP)—Injured in a highwsy accident near here Tuesday, six-year-old Carol Wall of Toronto, died in hospital here today. Her father, Harry Wall, and a brother, George, 8, and an uncle, Jack Wall, all of Toronto, still are in hospital in serious condition.

Ex-Infantry Private U.S. Secretary Of War

WASHINGTON, June 8—(AP)—President Truman Tuesday nominated Gordon Gray, one-time infantry private, to be United States Secretary of War.

Gates, North Carolina lawyer and formerly under-secretary of war, has been acting secretary since the resignation of Kenneth Royall, April 27.

Flinton Pupils Back At School

KINGSTON, June 8 — (CP).—Pupils of Flinton Continuation School returned to classes to-day pending action by the Ontario Men Teachers' Federation on behalf of Principal Keith MacEwan. The federation refused to act in the case unless the students called off their strike and returned to school.

"If no action is forthcoming," one informant stated, "the pupils will strike again."

The students went on strike last Friday in protest against the action of the School Board in forcing MacEwan to resign. They picketed the school and homes of members of the three-member board and carried placards expressing their disapproval.

If the School Board will not rehire MacEwan, parents of the 50 striking pupils may start legal action to unseat the board members, said Mrs. Cecil Casey, one of the parents.

"We have been given legal opinion that the present School Board is illegally constituted," Mrs. Casey said.

German Officials Plan New Ilse Koch Trial

MUNICH, June 8 — (AP) — German justice officials reported today they are planning a new trial of Ilse Kock, widow of the former Commander of the Buchenwald Concentration Camp.

Her life sentence was commuted to four years imprisonment by United States authorities last year and she will be eligible for release from Landsberg prison Oct. 18.

The commutation is based on a decision of a reviewing board that there was no evidence she participated in the killing of Buchenwald inmates.

Dr. Hans Walther, department chief of the Bavarian Justice Ministry, said evidence had been found she mistreated and participated in the killing of German camp inmates.

The previous sentence was based on charges of mistreating subjects of the United Nations, he said.

Won't Condone Corruption Chinese Reds Win Friends

By FRED HAMPSON

SHANGHAI, June 8 —(AP)—The Chinese Communists have received a pretty good press since Shanghai's fall. That might make some wonder abroad if the reports or written under duress.

They are not. There has been no official pressure on foreign correspondents and on censorship.

The only difficulty in reporting the Shanghai story is that it is hard to see important communist officials.

Why then the good press?

Let two shipmasters who frequently made the Shanghai run answer, they were interviewed Sunday at Seattle.

Captains T. H. Mithassel of the China Mail and B. W. Joyce of the Island Mail said conditions in Shanghai now would be better because "they couldn't be any worse."

The condoned corruption, maladministration, and all-round ineptitude of officials was of such proportions that it was hard for anyone who was not here to believe.

Against the fresh memory of this virulent rot and chaos, the communists were bound to look good.

The new broom, while sweeping clean, may get polluted by the filth it sweeps up, yet there's evidence the new regime is trying to get at basic reforms.

The communists so far have been meticulously correct. They appear to be sternly honest. They berate what they call foreign imperialism, but they haven't laid a hand on any foreign national or his property.

"For the first time since I have been in China, I discussed business with a government official without one word, hint, suggestion or gesture toward an under-the-table private greasing (payoff)," one trader said.

Soviet Demands Voice Equal To 3 Powers In Berlin

PARIS, June 8 (AP)—The Foreign Ministers conference faced a continued deadlock today, with Russia demanding a voice equal to that of the combined three western powers in the control of Berlin.

This proposal for a fifty-fifty voice—actually one power equalling three—was flatly rejected Tuesday by State Secretary Dean Acheson of the United States as a device for imposing the will of one occupying power on the other three.

Foreign Minister Andrei Vishinsky of Russia had proposed, pending the election of a Berlin city government, that the Soviet commander appoint 50 per cent of the personnel of a German commission to run the city and supervise elections.

Vishinsky said this would be "fair and equitable". Acheson said it would not, on the basis of population or any other standard, reminding that west Berlin had two-thirds of the population. He said also that the Soviet-sponsored SED party had received only 19 per cent of the vote in the 1946 election, and therefore 25 per cent voice for the Russians in the control of Berlin would be generous.

The western ministers urged adoption of the United States plan to give Berlin's administration the leeway enjoyed by Vienna where the city administration can do as it pleases unless all four of the occupying powers disapprove.

Vishinsky, who spoke two hours against the United States proposal said he wanted to continue his speech today.

Vishinsky remarked that Vienna was different from Berlin, since Vienna was the capital of a "liberation" country, rather than that of a defeated country.

Seek Missing 27 In Air Crash

SAN JUAN, Puerto Rico, June 8 (AP)—Searchers used flares today to scour murky, shark-ridden waters where a transport plane crashed Tuesday. At least 54 of the 81 aboard are believed to have perished.

United States B-17 bombers dropped the flares to aid Coast Guard and navy craft press the pre-dawn search for some 20 persons still missing.

Capt. D. H. Dexter, in charge of the United States Coast Guard base here, said he did not believe any more would be found alive. Twenty-five of the 27 saved themselves by swimming to shore.

There were 19 children and six crew members aboard the chartered plane. By last night 27 survivors and 34 bodies had been fished out of the rocky waters where the plane sank. All the passengers were Puerto Ricans.

Fire Captain Dies Fighting $10 Fire

TORONTO, June 8 (CP)—Fire Capt. Wesley Salter died in an ambulance en route to hospital yesterday after fighting what firemen described as "a $10 fire" in downtown Toronto.

Salter collapsed while directing firemen at the blaze, believed to have been started by children playing with matches. Cause of death was said to be a heart condition aggravated by exertion at the fire.

CSU Protests American Interference

AFL Threatening Boycott Of British For Supporting Strike

LONDON, June 8 (CP)—Striking Canadian seamen, who said they were protesting the United States intervention in the Dominion's trade unions, Tuesday night picketed the United States Embassy in London.

The 35 pickets, involved in a strike which has paralyzed one-fifth of Britain's shipping, paraded in front of the Embassy on Grosvenor Square and the nearby United States naval headquarters in the heart of London.

Bud Doucette, 26, former quartermaster of the Beaverbrae, one of the strike-bound Canadian ships, said the group, all members of the Canadian Seamen's Union (TLC), were protesting intervention by the American Federation of Labor in Canadian trade union politics.

One of the posters, carried by the seamen, who said they would continue picketing until they received a reply from the United States Embassy, said:

"American government, keep your hands off Canadian trade unions."

Threaten Boycott

Doucette said the AFL has threatened to boycott all British ships because of the support the CSU strike has received from dockers in a number of British ports. The AFL has often charged the CSU of being dominated by Communists.

The CSU called its strike, which now has reached world-wide proportions, March 27 after ship operators in Canadian east coast ports signed a working agreement with the rival Seafarers International Union (AFL).

British dockers refused three weeks ago to unload Canadian vessels involved in the strike at Avonmouth. Nearly 12,000 stevedores in Avonmouth, Bristol and Liverpool have since then walked out.

Drew Attacks Trade Policies

By The Canadian Press

Prime Minister St. Laurent has moved to the federal election campaign sidelines for a few days to rest his throat.

Members of his campaign entourage announced from Quebec early today that the 67-year-old Prime Minister has suffered a "minor attack of laryngitis" and has cancelled speeches scheduled for the next two or three days on the advice of his doctor.

For the last month, Mr. St. Laurent has been conducting an intensive campaign through eastern Canada, in which he has spoken as many as 12 times a day. Last night, his throat prevented him from delivering a non-political address before a public dinner and the speech was read for him while he listened at the head table.

Meantime, as the pace of the drive for the June 27 vote quickened, George Drew, Progressive Conservative leader, moved eastward through Western Canada, speaking at Carman, Man., while M. J. Coldwell, C.C.F. leader, stopped off in Saskatchewan on his way to the Pacific coast.

Attacks Trade Policies

The federal government's principles and trade policies came under attack by Mr. Drew.

He said the National Liberal Federation "supports a government that is not Liberal, a government that denies all the principles of Liberalism," and criticized a booklet issued by the Federation

Mr. Drew said it was stated in the booklet that family allowances and old-age pensions would be discontinued by a Progressive Conservative government. He termed these statements false and said they were accompanied by what he characterized as appeals to prejudice.

The present government, he said, has nothing to offer the people except "suspicion, distrust and malice in the years ahead." Nothing could show its "complete bankruptcy" more clearly than the "personal attacks on me," he added.

Dealing with his party's policies on trade, he charged the government with "buying up this and that, hoping to stem the tide until after the general election." The government knew that if the people were aware of the real trade situation there would be hardly a Liberal supporter left from one end of Canada to the other.

He said the problem could be solved by making the dollar and the pound convertible and expressed regret that the United Kingdom was forced to buy in Communist countries rather than from Canada.

Attacks Farm Policies

Mr. Coldwell continued his attacks on Liberal farm policies and said that if the government is going to claim credit for increased farm prices of the last four years then it must also shoulder the blame for much larger increases in farm costs.

Addressing an election campaign meeting in this northern Saskatchewan city, Mr. Coldwell referred to an address by Agriculture Minister Gardiner the previous night in which credit for the advance in farm prices since the war was claimed for the Liberals.

The C.C.F. leader described government moves in the last four years as a "policy of inflation," and added that during that time farm costs had risen 34 per cent while the wholesale price of farm produce rose only 14 per cent.

"When Mr. Gardiner and the Liberals take credit for inflation they are taking responsibility for increasing farm costs 2½ times as fast as they increased the price of goods sold by prairie farmers," Mr. Coldwell said.

He accused the Liberals of breaking one of the "most sacred promises" they made prior to the 1945 general election.

Baseball Plans Commission Form Of Gov't

Baseball enthusiasts will hold a meeting shortly to form Baseball Commission for the city of Peterborough. This was the outcome of a meeting of 13 baseball players and fans in the Board Room of the City Buildings Tuesday afternoon. The Recreation Commission will have to authorize the baseball commission after it has been chosen.

The commission will consist of five men interested in promoting baseball in the city. The group would work with the Recreation Commission and the City Council. One of the first projects would be the installation of lights for night ball games. Payment of the lights to the City Council would be 25 per cent of the year's gate from baseball games.

Last year Ed Murphy of the senior baseball team estimated that 550 was the average attendance per game. With lights the attendance would jump to 2,000, he said.

In the minor leagues there are 17 teams operating this year and the senior team expects to have a baseball school. Mr. Murphy wrote recently to the Chicago Cubs, professional baseball team, asking them if they would send instructors to the school.

Those present at the meeting were Mr. Murphy, Dr. Herbert Young, Alex Kay, Mayor M. J. Swanston, Ray Pammett, Cy Whatley, R. J. Bolton, Clare Collins, Jack Dane, Fred Ash, Vernon Dawson, Albert Watkins and Fred Scates.

18 Women Named To UE Conference

Eighteen women delegates to the UE-CIO District Women's Conference to be held June 18-19 in Toronto were elected on Tuesday night.

The conference had been called to discuss the particular problems of women in industry.

Union members met at the K. of C. Hall and elected the following delegates: Phyllis Pond, Thelma Weck, Flo Farrance, Kay Clarke, M. McQuaig, Elsie Black, Margaret Selkirk, Hilda Houghton, Marilyn Montignay, M. Godreau, Mary Perrin, Patricia Stone, Betty Proulx, Gertrude Leahy, Betty Scully, Doris Tackington, Hilda Grant and Doris Hayward.

Other women from UE locals throughout Ontario and Quebec will be present at the Toronto conference.

Boccioletti Remanded To June 13; In Jail

Lary Boccioletti, Peterborough correspondent of a Toronto newspaper, who was arrested May 21 and charged with retaining stolen articles, was today further remanded to June 13. He has been in custody with bail set at $1,000 since May 21.

Previously charged with retaining a stolen wrist watch, the property of Jack Ackerman, who lives at the YMCA, and a photograher's exposure meter, stolen from Roy's Studio, Hunter St., Boccioletti today faced a further charge of retaining a Kodak 35mm camera, stolen from Elliott's Drug Store. He pleaded not guilty to each charge.

John Corkery is defence counsel.

WINNIPEG GRAIN

WINNIPEG, June 8 — (CP) — Trading quieted down in coarse grain futures on the Winnipeg Grain Exchange following a brisk opening which reflected sharp advances in Chicago grain prices resulting from U. S. government announcement of a loan program to American farmers on wheat stores on the ground.

Prices at Winnipeg still were high although lower than opening and trading turned dull. Earlier, there was general buying in all commodities, including shipper and local purchases in oats and barley. Offerings were on the light side.

Prices:

Oats—July 7/8 higher at 73¾ B; Oct. ½ higher at 69¾ B; Dec not open.

Barley — July ¾ higher at $1.14¼ B; Oct. ½ higher at $1.01⅜; Dec. not open.

Slightly Firmer Trend On Toronto Exchange

TORONTO, June 8—(CP)—A slightly firmer trend appeared here today as activity slowed to a crawl. Industrials edged ahead fractions from yesterday's losses and golds and base metals tightened.

Prices moved narrowly in the industrial list with some of the recent losing stocks tending to recover fractions. Bell Telephone, Brazilian Traction, International Paper, Steel of Canada, Algoma Steele and Walker's were among the gainers. Activity was about the slowest since April 23.

Junior gold producers gained pennies while seniors were at a standstill. Consolidated Smelters climbed ½ at 84¾ in a firming base metal list and Goldenmanitou edged upwards from its new low reached Tuesday, to gain 10 cents at $1.75.

area is in southern Ontario. It extends from Port Hope, to St. Thomas. Areas south and further west are faring somewhat better The dry area reaches northwest to Lake Huron and the Bruce Peninsula.

Officials said that in the Toronto and Simcoe areas, where the drought is severe, farmers are losing hope their crops can be saved.

Some farmers claim their fields are so dry nothing less than 48 hours of rainfall will be of much help.

The hay crop, valued at $78,833,000 last year, has been estimated to be nearly 25-per-cent of normal. Some hay crops are being cut already by farmers in an effort to save part of the harvest.

In Halton county corn has failed to germinate and in Peel county crops are scanty because of parchsoil.

In the north, residents are warned that, although the forest fire situation is under control danger of new outbreaks remains high because of the dry spell. Some 38 forest fires were brought under control in the last five days.

Suggest Co-Op For Marketing Farm Machinery

GUELPH, June 8 — (CP)—A recommendation that farmers throughout the world form co-operatives to market farm machinery is scheduled to come before the International Federation of Agricultural Producers' conference when it resumes plenary sessions Thursday.

The recommendation arose after a South African delegate complained Tuesday of the "prohibitive price" of farm machinery in his country.

G. J. Rossouw, president of the South African Agricultural Union, said he thought the prices could be lowered if the number of middle men between manufacturer and purchaser were reduced.

The sub-committee on special agricultural problems, which heard Mr. Roussouw's statement, will also ask the I.F.A.P. to consider the possibility of manufacturing farm machinery and implements on a co-operative basis. However, committee spokesmen said it was "unlikely" any large-scale manufacturing would be attempted.

Aid Farm Housing

Earlier, the same sub-committee announced it would recommend to the conference that governments give financial aid for construction of farm housing.

A delegate said it is "of vital importance" to agriculture that more workers be attracted. Poor housing was one of the main reasons farm work was disliked.

Mr. Rossouw said in an interview that he had no objection to the manufacturers' price for farm machinery. He objected to the many "needless" charges before delivery.

City Lets Contract To Paint City Hall

The $1,475 tender of Smith Brothers, lowest of three, for painting the exterior of the city hall building was accepted by the council Monday night in a recommendation of the property committee presented by Ald. Grant Miller, chairman. The work is to be done by the middle of July.

City Clerk Outram was authorized to advertise for sale by sealed tenders the lot owned by the city at the southwest corner of Wolsley and Aylmer streets.

Patrick Killen was given the contract for delivery of ice to the public drinking fountains. His bid was $250, plus $13.75 a month for ice to the city hall and provincial laboratory. Sanitary Ice Supply tender was $260.

garrison and proposed reinforcements are not all Britain has available in case the Chinese Communists threaten the crown colony.

Asked by reporters what Britain would do if the colony is attacked, Alexander said "we will deal with the problem when it arises."

"Our objective is to maintain as friendly as possible relationships with what ever is the government of China," he said.

"No one has struggled as consistently for peace as His Majesty's government, and we will endeavor to continue to do so," he said.

Asked whether a direct attack on the new leased territories on the Chinese mainland would mean war, Alexander replied:

"What usually happens when an attack is made? We would have to look into the circumstances under which the attack was made.

"If an attack were made on orders, we would deal with such a position as it arose."

War Veteran Buried

Funeral service for Edwin I. Toms, 133 Rubidge St. First Great War veteran, who died at his residence on Saturday, was held on Tuesday at Comstock's Funeral Home, with Rev. W. Dismissed Charge Of Drunk Driving

Thomas Sanderson, Millbrook roofer, drew a chair up to the magistrate's chair and took off his shoes to show Magistrate W. R. Philp, K.C., the fittings he wears, during his trial at city police court today on a charge of drunk driving. The charge was dismissed.

Constable H. W. Andrew said that when he investigated a traffic accident at Sherbrooke and Reid St. on May 18, Sanderson, whose car had hit the fender of a parked car, staggered and appeared to be drunk. He said he smelt liquor and found some empty bottles in a case on the back seat of Sanderson's car.

Sanderson said he had had only half a glass of beer at a hotel in Peterborough shortly before the incident and this was corroborated by a beverage room waiter.

Dr. M. E. Hobbs of Millbrook gave evidence of Sanderson's poor health and said that the accused was likely to "go all to pieces" if he had a sudden shock.

Sanderson was defended by W. B. Gordon.

G. L. Sedgwick Buried

The funeral of the late G. Leonard Sedgwick, husband of Rhoda Frost, of Downer's Corners took place on Tuesday from the Nisbett Funeral Home.

Pall Bearers were Oscar Mason, William Human, George Nurse, John Frizzelle, Keith Innes, and Harry Spears.

The Rev. E. W. Rowland of Grace United Church was the officiating clergyman, assisted by Rev. Dr. James Semple of George St. United Church.

Besides his wife, he leaves to mourn his loss one son Keith and one daughter Patricia, and a sister Loretta Sedgwick, all of Peterborough.

Flower bearers were Alfred Spicer, Roy Irwin, Walter Sloan, Stanley McMillan, Cecil Cuthbertson, Earl Cuthbertson, William, Clifford and Everett Sedgwick.

Burial was in the Norwood cemetery.

Liquor Charges In Police Court

Donald Bain of the Lakefield Hotel, Lakefield, was today fined $15 with $2.50 costs by Magistrate W. R. Philp, KC, for having liquor in a place other than his residence.

Pleading guilty, Bain said he had been moving the liquor from Toronto to Lakefield. Crown Attorney John Bradshaw said the case of beer was unopened.

Herbert Pluard, RR 6, Peterborough, was also fined $15 with $2.50 costs for having liquor in his car.

Sandford Lindsay of Peterborough, who failed to appear to face a charge of drunkenness last summer, was today fined $10 with $2.50 costs, having been arrested on a warrant. He pleaded not guilty to the charge of being drunk on July 31 last year.

Irene Bell, Young's Point, was fined $10 with $2.50 costs when she pleaded guilty to a drunken charge.

$1000 Bail Set

George Alvin McGreggor told Magistrate W. R. Philp, KC, at city police court today that he stole a car battery from Bruce Parker, the wood dealer on Monaghan Road when he was "half drunk". He said he remembered being with Francis Booth, who suggested taking the battery.

McGreggor was sent to jail for one month.

On a charge of breaking into William Barrie's house in Belmont Township, McGreggor was remanded without plea to June 15. Bail was set at $1,000.

Build Wharf To Aid Swimmers

Armar Butcher, parks superintendent, was directed by the council Monday to make a permanent wharf for deep water swimming in the Otonabee River at Riverside Park. It was proposed by the parks committee, as reported by Ald. Herbert Young, chairman.

Alex Kay is reappointed director of baseball to co-operate with Mr. Butcher "in arranging the fullest and fairest use of the park by baseball teams". The Senior Club is given use of the playing field at Riverside on terms the same as last year.

Mr. Butcher was asked to survey all wig-wags and other traffic signals and signs throughout the city "to assure that they are not obstructed by trees or other vegetation".

Walter White, 491 Braidwood Ave., is being informed that the city will sell him the west 10 feet of lot 31, Braidwood Ave. for $100. If that is acceptable to Mr. White, City Solicitor Huycke is authorized to prepare the deed of sale. The remainder of that lot, and also lots 30, 29, 28 and 27, be divided with equal frontage and sold as three lots.

Honor Principals Retiring At Hatfield Hall

COBOURG, June 8 (ENS) — The closing exercises of Hatfield Hall were held yesterday afternoon on the school grounds when awards won during the year were presented. The occasion also marked the retirement of Miss Winifred Wilson and Miss Winnifred Ellis, joint principals of the school, who came to the school in that capacity when it was founded twenty years ago. Chairman Roy Jex paid warm tribute to the faithful service rendered the school by Miss Wilson and Miss Ellis and they were presented with a silver tea service by Mrs. Muriel Fullerton. The new principal will be Miss E. Weller, formerly with the Ontario Ladies' College.

The address to the students was given by the Rev. C. H. Boulden of Port Hope, who stated that education was an effective way of realizing how little one knew and how much there was to learn.

Musical selections preceded the presentation of the prizes, followed by a ballet, "Alice in Wonderland." The dances were arranged by Miss E. Robinson and the accompanist was Miss B. Lacey.

Junior Chamber Plans Auto Racing Meet

The first meeting of the new Junior Chamber of Commerce executive Monday produced plans for an auto racing meet in Peterborough July 9.

Under the leadership of president Doug Vaisey, the Jaycees will throw their support behind the summer theatre which is due to start soon. They also laid plans to sponsor the East City bantam baseball team under the management of Ray Pammett.

Appointments were G. Lathangue, property man and K. Billings, director of the ways and means committee. Bernie Morin was named chairman of the regional convention to be held here early in the spring of 1950.

B. Payne resigned his post of treasurer which he held for two years. A vote of thanks for the job he has done was moved by Mr. Edworthy.

Truck Cuts Phone Pole Jumps Ditch, Hits Pine

A truck, owned and perated by Robert Stemp, 266 Wolsley St., was badl ysmashed at about 11.00 Tuesday night when it careened off Parkhill Rd. west, just outside the city limits, broke off a telephone pole, jumped the ditch, and hit a large pine tree. Stemp was unscathed except for a few bruises and a bad shaking up. In some manner the truck went out of control when it struck some loose gravel.

The truck's front axle was broken in two by the impact, although examination by Provincial Constable H. Bonisteel revealed that it had been cracked previously. The windshield was broken and the left front door, hood, radiator, grill, and lights badly damaged. Total destruction will come to around $250. The truck was towed to Wilson's garage. It was proceeding west at the time of the crash.

Baby Girl Buried

CAMPBELLFORD, June 8 — (ENS)—Funeral service for Lynne, infant daughter of Mr. and Mrs. Douglas Southern, was held on Sunday. Rev. W. J. Lennox officiated and burial was in Christ Church Cemetery. Flower bearers were Arthur and G. Labrash, John Herd, Jr., and Wally Southern. Surviving besides her parents are one sister, Sandra, and one brother, Wayne.

Torch Sparks Paint

A spark from an acetylene torch early today ignited some paint and caused a small fire at the Goodwin Machine Tool Co., Edinburgh St. Damage was reported to be light.

The blaze began when one of the workmen started to use the torch in the paint-spray booth. Some paint on the metal walls of the booth received a spark and began to burn.

Although the smoke was heavy the fire was small. Employees used two chemical extinguishers on the blaze and firemen completed the job with hand pumps.

Heasman Funeral

Palbearers at the funeral of John Frederick Heasman, 83, of Omemee who died on Sunday, were John and William Morrison, Hilliard Heasman, Gerald Nelson, Bert Dack and Roland Clifford. Funeral was from the Belleghem Funeral Home on Tuesday afternoon with the Rev. V. E. R. Zufelt of Omemee United Church officiating. Burial was in Little Lake cemetery.

Reserve Decision

NEW YORK, June 8 (AP) — In an unprecedented move, the National Labor Relations Board Tuesday asked for a court order to force the National Maritime Union (CIO) to alter its operation of hiring halls in the United States. The court reserved decision. The NLRB asked the court to direct the union to comply with the Board's 1948 order which outlawed contracts between the NMU and five Great Lakes shipping companies making union membership a condition of employment.

Dual Elections

Voters in three provinces cast their votes twice in thirty days. There are the Federal Elections on Monday, June 27th. In addition, Newfoundlanders voted on May 27th to elect a Provincial Legislature, their first; (Liberals under Premier Joseph Smallwood won overwhelmingly); tomorrow Nova Scotians go to the polls to support or reject the Liberal Government of Premier Angus L. Macdonald; on June 15th British Columbians will elect a new Legislature.

• • •

Provincial parties are not ordinarily hand-in-hand with their Federal counterparts, and provincial electoral issues are different from Federal. Therefore, results of provincial elections must not be taken as sure indications of the way voters in those provinces will cast their ballots for Federal candidates. An exception must be made this year for the Newfoundland elections. In that new province the issues, federal and provincial, are almost identical.

• • •

There is little reason to doubt that the Liberal Macdonald Government in Nova Scotia will be returned to power tomorrow. It held 28 of the 30 seats in the last Legislature. The Conservatives are very weak in the province and polled only 97,774 of the 291,558 votes cast in 1945. No Conservative was elected. The Liberals polled 153,513 votes, the C.C.F. 39,637 in that year, both parties gaining at the expense of the Conservatives. Nova Scotian apple-growers and the fishermen have been affected since the war by reduction of British purchases. This has given the opposition parties talking-points, and both the Conservatives and the C.C.F. may be expected to make a better showing than they did in 1945.

• • •

The election situation in B.C. is complicated. On the 15th the voters choose between a coalition party of Liberals and Conservatives, and the C.C.F.; on June 27th, Liberals and Conservatives are officially opposed to each other. Although B.C. has had a coalition government since 1941, the election of that year was not fought by a coalition party as such. This year the coalition is party as well as Government. The Government of Premier John Hart held 37 of the 48 seats in the last Legislature (elected 1945, having polled less than a third of the total votes. The C.C.F. became the official Opposition with only 10 members, but a total vote of 175,960. Chief interest in this election is centred on the showing which the C.C.F. will make.

Rigorous Free Enterprise

The first of the general principles enunciated by the Progressive Conservatives at their national convention in Ottawa last autumn concerned free enterprise. Their resolution on it begins:

"We believe that a system of free and competitive enterprise operating under the proper restraints against monopoly and unfair competition which are imposed by civil and criminal law is the only sound basis for personal liberty."

It is a perturbingly narrow definition of the basis of personal liberty, with its implication that all is fair and healthy except practices which are not definitely illegal and criminal. The C.C.F. do not believe in free enterprise, because free enterprise is capitalism, and the C.C.F. are socialists. The Liberals accept free enterprise as a limited value, and not as a first principle of liberty. Mr. St. Laurent said in Stratford last Friday:

"We stand for the principle of affording the greatest opportunity for genuine private initiative and free enterprise, but we do not believe that private initiative and free enterprise should be an excuse for the exploitation of people by powerful interests whether they are political or economic".

Whatever shilly-shallying political parties may indulge in during this present electoral campaign, the Conservatives have been steadfast in their devotion to the dogmas of capitalism. For instance, they would like to revive the Winnipeg Grain Exchange, and curtail the Canadian Wheat Board. The Board now markets all western farmers' wheat, and shortly will also market coarse grains. It does so without a middleman's profit, there being no middlemen as in the Winnipeg Grain Exchange operation. The Board is a non-profit Government agency. The western farmers seem to prefer it to the private enterprise of the Winnipeg Grain Exchange merchants, for they and the three provincial prairie governments asked the Board to undertake the marketing of coarse grains as well as of wheat.

The Conservative devotion to unlimited free enterprise is shown by their insistence on removing the artificial parity of the Canadian dollar and devaluing it; this would benefit Canadian gold mining companies but would put up the price of a thousand imported articles from oranges to steel. It would therefore reduce Britain's ability to sell on our markets and thus to earn dollars to buy our goods. The commitment to free enterprise is evident in the Conservative attitude to the C.B.C., the C.N.R., T.C.A. and Canadair, all of which are owned by the people of Canada and are not operated to make profits for stock-holders. It is evident in the attitude to the Foreign Exchange Control Board. Mr. Drew, stepping off a T.C.A. plane in Vancouver last week, dissociated himself from some of the charges against the North Star planes and T.C.A. which his press had been making. This is the only sign of vacillation from the policy of decrying anything which is not outright and completely "Free Enterprise".

Steadfastness in political principles is rare. Although in other phases of the Conservative program the same diligent adherence may not be noted, in this matter it is remarkable. It would be admirable if one were entirely sure that there could be no exploitation of people by powerful interests.

Why Not Showers For Bridegrooms?

We have read with the keenest interest a news dispatch from Prince Albert, Saskatchewan, which describes a "shower" given last week for Mr. Bud Pechey, who is to be married shortly. Apparently Mr. Pechey's shower was well attended and he received a variety of useful gifts, including a lawn-mower.

This seems to us to mark a desirable trend in social life. For years brides have been in the custom of shaking down all their friends for weeks before their weddings, scooping in kitchen ware, linen, china, handkerchiefs and everything that a young woman could possibly need to set up housekeeping. The bridegroom, however, is apparently expected to meet his new expenses entirely out of his own pocket. This is unfair, and is another instance of the discrimination against men which bedevils our society.

The shower custom is a pioneer survival. A century ago, when household goods of all sorts were harder to come by than they are now, it was a neighbourly action to give a girl something useful before she married, as well as a wedding gift on the occasion of the marriage itself. But these gifts to the bride were somewhat balanced by pieces of land (often whole farms), yokes of oxen and other useful gifts which were offered to the bridegroom by his father, his uncles and other friends. Such gifts are uncommon in our day. Women have wisely kept the old custom alive; men have improvidently allowed it to lapse.

Bridegrooms of Canada, awake! Begin well before your marriage, with a Pyjama Shower, a Shirt Shower, a Tool Shower, a Bottle Shower, a Cheque Shower, and a Coal Shower. The lovely creature who will face you at the altar, all innocence and apprehension, has a warehouse full of loot. What are you bringing to your marriage?

A Canadian Success

(MONTREAL STAR)

THE Government and the officials of the Air Transport Board have done a great job for Canada in their negotiation of the new civil aviation agreement with the United States. These agreements are never easy to reach. Every country jealously guards its own rights and privileges for its own air lines, and grants rights to others only on the basis of tough bargaining. It is apparent that on this occasion, Canada has got more than it has given.

The reason for this strength was, of course, the possession by Canada of a brand-new bargaining counter in the shape of Gander, in the tenth province of Newfoundland. This airport, never before under Canadian jurisdiction, is a vital link in the trans-Atlantic passage. It is used by all the airlines on the northern routes and Canada was able to bargain stiffly with the United States. If the rights hitherto enjoyed by the American airlines at Gander were to be continued, the Canadian negotiators insisted on getting concessions in return, long desired and often refused.

Thus, under the new agreement, American lines get the right from Canada to pick up and drop off passengers at Gander but have opened various valuable entries for Canadian lines in return. Canada will be able for the first time to open a direct flight between Montreal and New York which, as American commentators are quick to point out, may mean the development of direct flights from New York to London and back. In addition Canada, on its Caribbean flight, gains the right to pick up and drop off passengers at Tampa, Florida, of great importance in the development of winter holiday traffic. Thirdly, Canada gets the right to drop off and pick up passengers at Hawaii on the proposed trans-Pacific flight.

The United States, to be sure, gets more than the Gander privileges. There can now be an American direct line from New York to Toronto. The Great Falls, Montana run to Lethbridge, Alberta, can now be extended to Edmonton. American flights to Alaska and the Orient can also pick up and drop off passengers at Edmonton. The entry of American capital into the oil developments of Alberta, makes these concessions most useful to the American lines, for there is a great movement of oil executives, engineers and experts from their U.S. headquarters to the new Canadian fields.

In Newfoundland, the Americans have granted use of American leased bases there to Canadian airlines, which goes to show that the problem of the leases agreed to by the British and the Americans in 1940 is being amicably worked out.

Publication of the details has met a cool reception in Washington, where the civil aviation lobby has been actively at work attempting to prevent any further entry into the United States of Canadian air lines. It has been obvious from the beginning that the lobby was scared of the Canadian possession of Gander as a bargaining point. Now that the agreement has confirmed some at least of the lobby's fears, there are protests about the secrecy with which the agreement was negotiated.

These protests can be set against the fact that, on occasions when Americans got the advantage of the Canadians—as on various occasions they have—nobody in the United States seemed to think there was anything very bad about the negotiations being held behind closed doors. It depends, one may presume, on whose ox is being gored, to use the old farm phrase.

The fact is that, at least in theory, it is a pity that the great new means of air transport should have to be tied up in so complex a network of recriprocal bargains. "Freedom of the air" is a phrase that has no very complete meaning. It has been obvious, however, since the Chicago conference of 1944 that bargaining would dominate international air transport and, in the kind of world we live in, it is the only practicable basis for it.

In these circumstances it is well that Canada's negotiating personnel has been so well-informed and so able a team.

Speed-Up At Customs

Canadian travellers probably will watch with interest a new system of customs and immigration inspection being inaugurated at border points in the United States.

The plan provides for one-man inspection of vehicles entering the U.S. instead of the two-man system which has been in effect for many years. The system was given a try-out last year in the Buffalo and Niagara Falls areas and proved so successful that it is being adopted permanently by U.S. authorities.

Idea behind the one-man inspection procedure is to speed traffic at border points. Under the old plan, those entering the United States were asked a set of questions by customs officials and another set by immigration officers. Use of the dual inspection carried out by one man will eliminate lengthy waiting periods between individual inspections by the two services.

In short, one man will be assigned to the questioning of auto travellers in place of two as under the old system. A marked speedup in "clearing" of autos at U.S. border points will be the outcome.

The Cat Came Back

A recent story from Portland about the woman who didn't want her cat, dumped him in the woods 55 miles from home and was astounded to find him back on her doorstep three weeks later, is a seasonal reminder for holidayers who can't be bothered with their tabbies.

The Portland lady did all the wrong things about her cat, all the things people who are going away for a vacation should be careful not to do.

What do you expect of your mouser when you desert him, or throw him out of your car miles from home?

And probably your cat will neither starve nor find a new home. Cats are tough and resourceful. Your unwanted pet will either try to find his way back to you or go wild. Either way he will live off the country—which means he will spend a lot of time killing song and game birds and raiding baby chick pens.—Vancouver Province.

DANGER SPOT

Letter To The Editor

COMPLAINS CANADA NOT IN AIR LIFT

Sir: Saturday's editorial on the defence of Hong Kong informs us that the Canadian Militarists and the Conservative Press have thus far limited themselves to last year's insistent pleas to send Canadian airmen to Berlin. Under the title "Blockade Bubble Burst" the Examiner "with a sigh of relief hailed the end of the blockade" and hoped to "hear no more political prating" about the ignominy of Canada's not assisting in the Blockade, "in which this country had not a particle of duty or even right to interfere".

What are the essential facts? The Communists decided that they could force the occupation of the whole of Berlin by imposing a surface blockade. Such an occupation would enormously increase their power and prestige with possibly disastrous results for other countries at that time. The occupation forces could either fight, or fly in supplies, which they proceeded to do. Under the date November 1948 we are informed that:

"On August 2 the British Government suggested that the Dominions might elect to take some part in the air lift. In response to this appeal, Australia placed 10 crews at the disposal of the British Government, and 29 of these flyers arrived in London on August 29. Three crews from the Royal New Zealand Air Force arrived between September 29 and October 3. South Africa sent 50 of their crack servicemen, all volunteers; 30 of these were pilots and 20 navigators".

Thus Canada was the only country of the Commonwealth with an air force, which failed to respond to appeal to help stem the tide of Communism. Bilingual South Africa did it on a voluntary basis, Canada did just simply nothing, not even on a voluntary basis.

What was the reason? The reason was the type of government in Ottawa. It failed the country. It indulged in some fallacious reasoning about having no right to interfere, which was duly served up in more specious form by newspapers which thrill at a wag of the Liberal dog's tail, instead of publishing information which might discredit the administration. We were told that Canada had not been asked to help in the Berlin air lift. The official version shows that this was not true. Those in favour of working against the Communists are called Canadian Militarists and accused of "political prating". The air lift was referred to as a "Blockade Bubble", such a name for a gallant struggle for democracy and the safety of scores of thousands of Berlin democrats, in which over 30 of our allies lost their lives must seem poor recompense for the wives and parents of these men. It is evidence of isolationism, dutiful politics, and a very low estimate of human endeavour.

Apart from the sophistry, untruths, and slander of these Liberal apologists, the central fact remains that the same appeal was answered by all the other countries to which it was addressed, but the Government did nothing, not even on a voluntary basis.

On leaving Berlin a correspondent remarked to an editor of "Sie", a prominent Berlin newspaper: "I hope the weather doesn't close in because I want to get back to Frankfurt tonight". To this the editor replied: "When the weather turned bad, Berlin used to hold its breath. You see, without the air lift we would have starved. That thin line of freedom above our heads is still our symbol of hope". Yours truly,

C. W. HOLMAN.

ED. NOTE: When the Berlin Blockade was discussed at U.N. last October, the attitude of the U.K., U.S.A. and France was that "the blockade was an act directed by one occupying power against another", and not a matter for U.N. or other nations to interfere with. (Bulletin of Department of External Affairs, November 1948.) Canada was not an occupying power. Therefore the Berlin Blockade was not directly Canada's business. Canada could have sent aircraft and men to England for employment in the Air Lift, but they would have been under British command and direction. It could also in 1945-46 have supplied some occupying troops for Western Germany. They would also have been under British command. In both instances the Government decided not to lend Canadian military forces to another nation and thus to put them under that nation's command. In both instances individual Canadians who felt that our honour demanded it, were free to go to Britain and offer their services.

Bible Message

(From the Authorized Version)

Now therefore hearken, O Israel, unto the statutes and unto the judgments, which I teach you, for to do them, that ye may live, and go in and possess the land which the Lord God of your fathers giveth you.... Behold, I have taught you statutes and judgments, even as the Lord my God commanded me, that ye should do so in the land whither ye go to possess it.

Keep therefore and do them; for this is your wisdom and your understanding in the sight of the nations, which shall hear all these statutes, and say, Surely this great nation is a wise and understanding people. For what nation is there so great, who hath God so nigh unto them, as the Lord our God is in all things that we call upon him for? And what nation is there so great, that hath statutes and judgements so righteous as all this law, which I set before you this day? (Deut. 4: 1, 5-8.)

◇ ◇ ◇

Therefore shall ye keep all the commandments which I command you this day, that ye may be strong, and go in and possess the land, whither ye go to possess it.... And ye shall teach them your children, speaking of them when thou sittest in thine house, and when thou walkest by the way, when thou liest down, and when thou risest up.... That your days may be multiplied, and the days of your children, in the land which the Lord sware unto your fathers to give them, as the days of heaven upon the earth. (Deut. 11: 8, 19, 21.)

◇ ◇ ◇

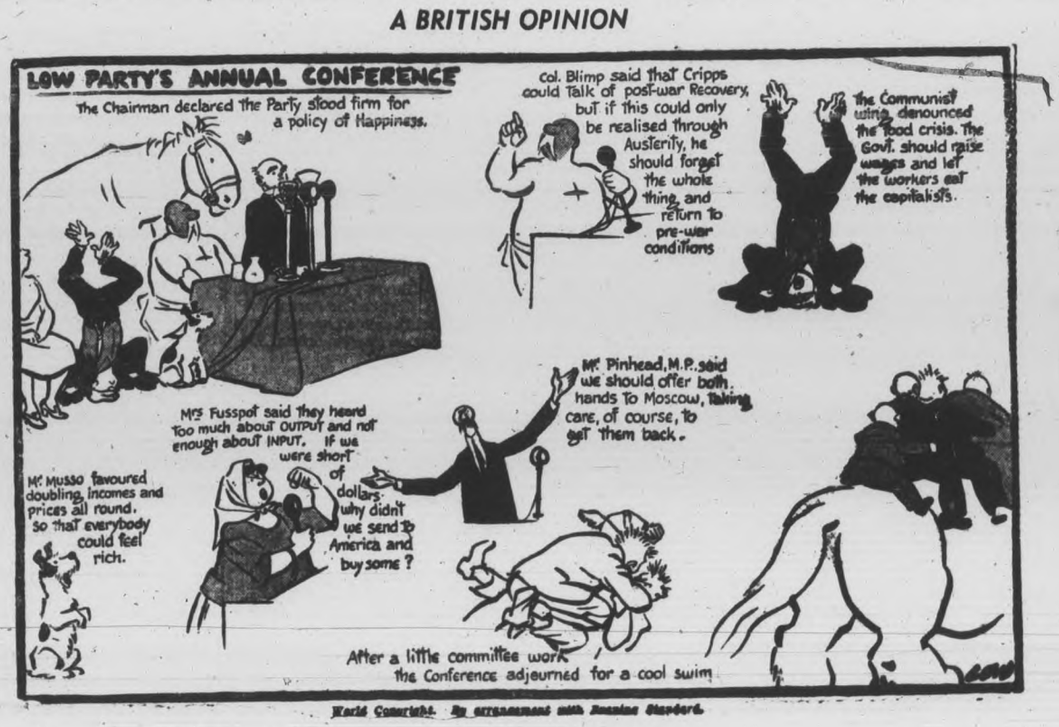
And, behold, one came and said unto him, Good Master, what good thing shall I do, that I may have eternal life?

And he said unto him, Why callest thou me good? there is none good but one, that is, God: but if thou wilt enter into life, keep the commandments. (Matt. 19: 16, 17.)

No Anonymity At Elections

Both South African and Australian electoral law forbids anonymous journalism at election times. A copy of the "Natal Mercury" for March 8 yields abundant evidence of that prohibition in practice. On the leader page writers of letters to the editor are warned: "In view of the Provincial Council elections there is now a 'state of election' in Natal":

Every letter intended for the Forum, which is "calculated to affect the result of an election", must bear the signature and address of the writer for publication in terms of the Electoral Act.



The political leading article has the footnote:

Written by John Desmond Robinson, Devonshire Place, Durban, to express the views of the "Natal Mercury".

Political news and reports are followed by a similar declaration of the writer's identity, and even the advertisement columns are not immune when they carry announcements of candidates' meetings; the footnote formula is then: "Inserted by William Brown" with whatever his home address may be. On the whole, it looks as though "a state of election" in South Africa must cause a slight state of emergency in newspaper offices.

Praises People Of New Province

CAMPBELLFORD, June 8 — (ENS)—Rt. Rev. G. A. Wells, D. D., assistant Bishop of Toronto, spoke to the Rotary Club Monday on Newfoundland. The Bishop was born in Newfoundland and lived there for nineteen years.

He said that Newfoundland abounded in fish, mica, coal, asbestos and other natural resources. There was an abundant supply of pulpwood and the richest vein of iron ore in the world, now being developed with United States' capital.

Ninety-eight per cent of the inhabitants of Newfoundland are of British stock," he declared.

Have Fine Qualities

Newfoundlanders, he said, will greatly strengthen our social and political institutions. The bishop paid tribute to their fighting qualities, their industry and their greatness of character.

The speaker was introduced by Rev. W. J. Lennox and A. J. Meyers moved the vote of thanks. W. H. Brady presided.

Missionaries Known In Roseneath Return

ROSENEATH, June 8 (ENS)—Rev. and Mrs. Harry F. Newman and three children have reached Toronto after spending five years as Anglican missionaries in India. Mrs. Newman, the former Marjorie McDowell, is well known in Roseneath; her father was a teacher in Roseneath and her mother (Mattie Carson) spent her younger days in Alwick township. Mrs. Newman is a niece of Mrs. Thomas Kelly, Roseneath.

Rev. and Mrs. Newman left India in January and made a tour of Europe, visiting France, Italy, Switzerland, Ireland, Scotland and England.

To Erect Signs On Speed Limit

WARSAW, June 8 — (ENS) — Decision to erect speed limit signs in the village of Warsaw was reached at a recent meeting of the Dummer Township Council, on motion of Councillors Hamblin and Sloan.

On motion of Councillors Olver and Hamblin, the collector's time for collecting the balance of 1948 taxes due was extended to July 1, 1949. It was moved by Councillors Olver and Sloan and passed that M. Webster be appointed assistant tax collector.

Arthur Andrews, on motion of Councillors Hamblin and Olver, was appointed to the Rink committee in place of Jack Morgan.

On motion of Councillors Hamblin and Sloan, road accounts amounting to $905.29 were passed for payment. On motion of Councillors Olver and Hamblin, general accounts amounting to $306.36 were approved.

Councillor Gallaher presided in the absence of the reeve. The next meeting will be held on July 7.

Asia In Grave Peril

LONDON, June 8 (Reuters) — Field Marshal Smuts, former Prime Minister of South Africa, Tuesday said that what is happening in Asia is creating the gravest situation the world has known for hundreds of years. At a press conference, Smuts spoke of a "sense of menace" in the world generally and an "underground cold war" and the 'twilight of the world."

Delegates Selected For District Annual

NORWOOD, June 8—(ENS)—Mrs. Fred Gardner presided at the June meeting of Norwood Women's Institute Friday afternoon, at the home of Mrs. J. Gilmour.

Twenty-four members will attend the district annual to be held at Havelock on June 14. Mrs. Lottie Burtt was appointed delegate to the meeting. Other voting delegates will be Mrs. Roy Baker, Mrs. G. R. Baker, Mrs. F. R. Barrett, Mrs. Albert Gill and Mrs. Frank Andrews.

The course chosen for next year was first choice "Household Management," second choice, "Before and After Forty."

A cup and saucer was presented to the retiring president, Mrs. A. Gill.

Driver Acquitted

Provincial Constable David Coffey, the only witness for the Crown's prosecution, failed to provide evidence of careless driving against Al Brooks, CHEX radio announcer, who was acquitted in city police court Tuesday. Magistrate W. R. Philp, KC, dismissed the case after an hour's hearing.

Defended by T. J. Carley, KC, Brooks described how his car became interlocked with another car half a mile north of Young's Point around midnight May 16-17.

Driving up a hill on a section of Highway 28 which was under repair, he was blinded by the headlights of an oncoming car, and hit an obstruction in the road which caused him to swerve across to the other side, he said. He maintained that he could not avoid the crash.

Sale Nets $64

BETHANY, June 8—(ENS)—Mrs. Robert Morton entertained the Women's Auxiliary of St. Paul's Church at the June meeting. Mrs. J. J. Hamilton presided. The treasurer reported $200 in the bank. An additional $64 was received at the meeting, proceeds from sale of sewing articles and the quilting of a fancy quilt. Several orders were received for further goods. A chapter from the study book "One Family" dealing with the situation of the Chinese, Japanese and Jews in Canada and the Canadian citizen's responsibility as Christians to them, was read by Mrs. Roy Jarvis and Mrs. Hamilton.

QUITS USING LAXATIVE PILLS

Keeps regular now with famous cereal

Is constipation a serious trouble with you? Then read this unsolicited letter:

"I was sick with constipation. I reached the point where no sort of pill helped. Then my mother said I should try KELLOGG'S ALL-BRAN. So I began eating ALL-BRAN every day. It's hard to believe, but I am regular now!" Mrs. Lucien Kelly, 8 Deslauriers Street, Quebec.

You, too, may forget you ever had constipation due to lack of bulk in the diet. Simply eat an ounce of KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is *not* a *purgative* but a wholesome regulating cereal. Eat as a cereal or in muffins for constipation relief. If after using a package you are not *completely* satisfied, get *double* your money back as guaranteed on the package. Get delicious ALL-BRAN from your grocer today. Made by Kellogg's of London, Ontario.

Baseballs will be flying about local diamonds this week with a flock of fixtures booked. Young Petes, who are away tonight, are listed for a game here Saturday but may run out of grounds for it. Senior Petes tackle Brockville in COBL play twice here Saturday in Riverside, at 2.30 and again at 6.30. With the Kokomo Clowns coming to Peter's borough to play the Murphyites on Monday eve under B'nai B'rith auspices. City Ball Loop schedule opens Friday p.m. on two fronts, East City juveniles playing northenders at 6.15 in Riverside, whilst two 6.15 tilts are booked for the Ex., north and south bantams playing, and the northend and southend midgets meeting on another diamond. Four peewees go Sat'day a.m. in the Bowl, commencing at 9.30.

OASA bulletin No. 8 arrives to warn that affiliations and fees must be in ere July 1, along with copies of constitutions to the OASA secretary. Certificates will be sent on request, up to 300 to an association for free, additional ones being ¼ cent each. These must be signed ere a player goes into a game and none may be signed after July 15. All will be sent in by July 20. No player or team may play against unaffiliated players without permission. It is pointed out that no lead-off is permitted in softball and a runner standing off the base after a pitcher assumes pitching position is out. Senior "B" winners must be ready Aug. 29—others Aug. 15.

Here's Something New

Industrial Softball League here—Raybestos, Quakers, Westclox and Woollens—are going in for new fastball rules. Yep, 10 men to a team, the rover playing anywhere—even back of the catcher! Bases two feet further apart and home plate two feet more from the box. Pitchers can use underhand or sidearm delivery and gloves are optional. No leadoff at present, but that may come soon. Loop allows three players from outside the shops concerned including any City League player who hasn't taken part in three games this year. All tilts at 6.45 p.m. at Brinton or the Quaker diamonds. More again on this loop. The new rules should bear watching.

In men's softball at the Bowl last evening, Uniteds won out in the last of the ninth 14-12 over Jewellers, while Cosmos just managed to yank out a 9-8 nod o'er Outlaws. Two fine frays but 'twas frosty as Lower Slobbovia and apparently there aren't too many fans in this borough with Eskimo blood in them. Standing now has Cosmos in front with seven and two, Knights next with five and two, then Uniteds having five and three, Outlaws slipping with two wins and six reverses, and Jewellers in the cellar with one in eight. Tilts there tomorrow: Outlaws vs. Jewellers, and Uniteds vs. Knights. Likely a twin bill on Saturday, also.

Tighter'n A Bank Safe

With the count 12-all going into the last of the ninth in the first fixture, one was out when Bill Lewis got a single. Bob Greenlaw sacrificed him and then Jack White homered and Uniteds were in. A tough one to lose and a dandy to take. Winners got more distance on their blows and Greenlaw did a nice job as relief twirler. Outlaws threatened hard to almost overtake Cosmos near the finish of the chilly nightcap, but Tom Parsons got out of the hole after throwing steady ball throughout. Haddy Eakins was wild and Hunter allowed but one unearned run in his slab sojourn. Smart fielding by Jack Mackness helped the Cosmos' cause, too.

Secretary Jim Crombie of the Lakeshore Baseball League—he does a lot of OHA reffing in the winter—sends up from Bowmanville the standing of the loop at present. Port Hope is atop the heap on points with Colborne and Cobourg tied for second, and Oshawa and Trenton tied in third spot. The others, Young Petes, Bowmanville, Newcastle, Whitby and Lindsay, are all tied then with two points apiece, each having won one game. So, it's starting out like a good race. Locals are listed for Newcastle tonight, and Whitby is slated for here Saturday if a diamond can be obtained.

United Victors In Ninth Over Jewellers

Uniteds crept closer to second place in the City Softball League last night when they pulled out a 14-12 win over Jewellers in the Bowl. White's homer after Lewis had singled in the ninth with two out did the trick to end a keen contest. Each side used two twirlers, with Greenlaw gaining the win. The losers went better in the field but Uniteds came through in the pinches, and their 14 hits included four homers, a triple and a double. Lewis led with four for four, as Harrison got a homer, triple and single. Spencer hit a homer and double, with George Sullivan and White also homering. Byrnes led the losers at bat with three for five, as Pagett hit a home run and two singles, and Fryia two doubles and a single.

That strong northwest wind that blew across the lawn bowling plantation Tuesday night made members think of an early fall. It was terrific. Instead of dressing in summer attire many had two and three sweaters on, shawls, overcoats, mittens and overshoes. It was cold.

On Friday night (weather permitting) at 7.30 o'clock we are having a tournament—men's trebles—draw from the board.

The ladies braved the breezes yesterday afternoon and held a little tournament all their own. They had nice crowd. The winning skips were Miss L. Allen, Mrs. F. Dawe and Mrs. H. Wilson.

Redbirds Whip Giants 3-0 As Musial Hits His Stride

By JOE REICHLER,
Associated Press Sports Writer.

"As Stan Musial goes, so goes the St. Louis Cardinals."

Never was a truer statement made.

Look at the record. Musial got off to a miserable start. So did the Cards. On May 24, just 15 days ago, St. Louis' three-time batting champ was hitting a puny .250. Accordingly, the Cardinals were mired in seventh place with a 12-17 won and lost record.

Since then, Stan the man has rapped out 22 hits in 58 times at bat for a .379 batting average. Conformably, the Redbirds went on a tear, winning 13 of the 15 games.

Today, as Musial is hitting a steadily progressive .301, and the surging Cardinals are in second place, only a half game away from the top.

Provides Punch

The Redbirds whipped the New York Giants 3-0, at the Polo Grounds Tuesday night and Musial provided the big punch. Stan clubbed two homers off Monte Kennedy, his 10th and 11th of the season, to drive in all the runs. Southpaw Harry Brecheen scattered five Giant blows.

Brooklyn Dodgers took over undisputed possession of first place by trouncing Chicago, 7-1. New York Giants dropped from a first place tie to fourth place, a half game behind the Boston Braves, who nipped the Cincinnati Reds 6-5. The Braves trail the Cards by three percentage points.

Tames Cubs

Southpaw Preacher Row tamed the Cubs on six hits. He lost his shutout in the seventh when Andy Pafko cracked a home run. The Dodgers collected 13 safeties off Dutch Leonard, Bob Chipman and Cal McLish. The most prodigious blow was Duke Snider's ninth homer.

The winning run in the Boston-Cincinnati game crossed the plate on a "prize boner" by Cincinnati outfielder Frank Baumholtz.

Boston already had tied the score when relief pitcher Jesse Dobernic walked Ed Stanky with the bases loaded. With one out, Al Dark sent a looping fly down the right field foul line, which Baumholtz caught in foul territory allowing Tommy Holmes to cross the plate with the winning run.

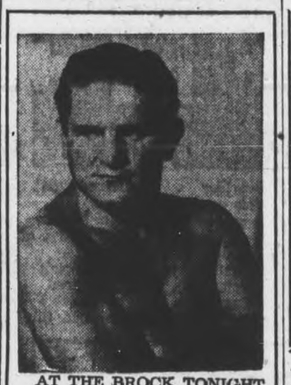
Edge Pirates

Philadelphia Phils scored two runs in the bottom half of the ninth to defeat Pittsburgh Pirates 6-5 after the Bucs had counted once in the top half of the inning. Four consecutive hits, climaxed by Andy Seminick's single off relief pitcher Murray Dickson, settled the issue.

Detroit defeated New York Yankees, 5-2, in the American League's only day contest, to cut the front-running Yankees' lead to 3½ games. Bob Swift's home run with a man on base highlighted a three-run fourth inning enabling Hal Newhouser to register his fifth victory. Ed Lopat was charged with the defeat, his first against five victories.

Larry Doby crashed two homers, and rookie shortstop Ray Boone banged out two triples and a pair of singles to lead Cleveland Indians to a 13-11 slugfest victory over Washington Senators.

Lou Brissie struck out 10 in pitching the Philadelphia Athletics to a 7-4 victory over the White Sox in Chicago.



Red Embree won his second game against seven defeats for the St. Louis Browns his season, outpitching Mel Parnell of Boston Red Sox, 5-2.

Morrissey Re-elected

TORONTO, June 8 (CP) — William F. Morrissey Tuesday was re-elected president of the Ontario Division of the Horsemen's Benevolent Protective Association. He was also nominated to head the Canadian body which will meet later this month to elect a president.

Members voted unanimously to form the Dominion-wide organization which will retain its affiliation with the parent body in the United States.

A resolution was also passed whereby all race tracks in Ontario will be asked to change the present rule regarding entries of Canadian-bred horses. The horsemen want a Canadian-foaled horse that is given a star on a preferred list of a race to be recognized in all races.

AT THE BROCK TONIGHT —Al Lovelock, pictured above, a highly-regarded newcomer, who will clash with Tug Carlsen in the semi-final bout at Brock Arena tonight. Chief interest is in the tag team main bout which brings together the team of Whipper Billy Watson and Pat Flanagan against Wee Willie Davis and Sandy O'Donnell. This should be one of the best, if not the roughest, team matches this season, for both Watson and Flanagan have been mapping out an attack to give the villainous pair a real pasting. The opener brings together Art Brady and Al Korman.

Cosmos Grab Close One Over Outlaws

Cosmos yanked out a 9-8 verdict over Outlaws at the Bowl last night to take a firmer grip on top spot in the City Softball League. A slim and chilly crowd saw a good game with Outlaws whittling down the count in the late innings and having the winning run aboard in ninth. They used two flingers, while Parsons went the route in fair style for the victors. Eakins walked eight and had five wild pitches, and his teammates were loose defensively. Carpenter led Cosmos at bat with two in four, Hawkes hitting a two-bagger. Foster, playing with a cracked rib, topped Outlaws to smack out a double and two singles in five. Doubles were also hit by Berwick, Anderson and McCarthy. The only homer was belted by Mackness, who pulled off a couple of nice catches, too.

OUTLAWS	AB	R	H	O	A	E

Leafs Capture Twin Bill From Newark

By The Associated Press

Clarence Podbielan, after a poor start, once again is being hailed as one of the most promsiing pitchers in the Brooklyn farm system.

Podbielan won 13 games and came up with the third-best earned-run average while pitching for Montreal in the International League last year.

The lanky hurler Tuesday night made up with his best performance of the year. He pitched the Royals to a 7-0, one-hit triumph over Syracuse and spoiled Podbielan's bid for a no-hitter. Podbielan walked two and fanned five.

The victory enabled the Royals to pull within 3½ games of the league-leading Jersey City Giants who dropped a twin bill to the runner-up Buffalo Bisons.

Rookie Luis Aloma pitched the Bisons to a 3-1, two-hit triumph in the opener and Saul Rogovin coasted to a 12-5 breeze in the night-cap. Ray Coleman drove home two runs in the first game and three in the nightcap to lead the Bisons' attack. The Bisons trail the Giants by two games.

The fourth-place Toronto Maple Leafs took a doubleheader from Newark Bears, 11-3 and 6-4, to move to within seven percentage points of the Royals.

Lou Possehl breezed to his third victory in the opener, allowing six hit, two of them homers by Bud Heslet and Hank Workman. Mike Goliat sparked Toronto's 13-hit barrage by driving home four runs on a homer, double and single.

Rookie Max Petersen's string of consecutive scoreless innings was snapped at 26 when the Bears knocked him out in the ninth inning of the finale with a four-run blast.

The Leafs sewed up the game in the fourth inning, scoring five runs on Johnny Blatnik's homer and four Newark errors.

Rochester's fifth - place Red Wings captured a pair of games from Baltimore Orioles, 4-3 and 8-5.

Erv Dusak went the route in the opener and won out as Ed Miercowiz blasted a two run homer in the fifth off Bryan Stephens.

In the nightcap, Frank Mancuso socked a three-run homer in the seventh and Red McQuillen a two-run circuit blast in the eighth.

Ulrich, Boes In Top Spots

WINNIPEG, June 8 (CP) — An American professional and a Canadian amateur held the two top spots today as play started in the second 18 holes of Winnipeg's $2,000 Jubilee Open Golf tournament over St. Charles Country Club layout.

Stocky Wally Ulrich, professional from Minneapolis took the lead when he broke the old course record of 69 with a sizzling six-under-par 67. Runner-up and only one stroke off the pace is Winnipeg's Allan Boes, Manitoba Open and Amateur titleholder.

Ulrich's performance never once was above par on any hole, turning in six birdies and 12 pars.

In third spot and four strokes back of the leader was stylish Stan Leonard of Vancouver, pre-tournament favorite. The West Coast pro toured the opening nine in one-under-par 35 and clipped a stroke off par 37 on the back nine for his 71. Despite Ulrich's four-stroke advantage, spectators still are calling Leonard "the man to beat."

BISONS BUY HARRY DICK

Buffalo Bisons of the American Hockey League said Tuesday night they have bought defenceman Harry Dick from Washington Lions of the same league. Dick is a resident of Port Colborne.

Soccer League Playoffs Set By The OFA

The Ontario Football Association Commission has informed the local soccer commission that they have been classified along with Chatham and district, Bay of Quinte (Belleville), Barrie and district, Kingston and district, Toronto Junior League, Sarnia and district and Owen Sound for the Intermediate Ontario Soccer championship. These districts shall declare their winner of the elimination series before August 6.

The Ontario executive will assist in the financial obligations, provide a suitable trophy and souvenirs for the winners and runner-ups.

James Buchan and Tom Foster Sr., were officially registered as local referees and under the DFA.

O'Halloran's were awarded two points from Lindsay owing to their non-appearance in the city game.

No further games will be permitted clubs that have not met financial obligations to the local association.

On Thursday evening, CGE vs. O'Hallorans. Referee James Buchan.

On Saturday, Petes vs. O'Hallorans. Referee T. Foster.

Revisers Scan Election Lists

Reminder that the Dominion election is not far off is contained in the fact that the three reviving officers for the riding of Peterborough West are holding their sittings this week, as provided under the Election Act. During the first three days of the week the revisers have been sitting to hear applications to have names stricken off the lists already circulated which are improperly entered thereon. The last three days of the week will be given over to hearing applications to have names placed on the lists which have been left off or to have corrections made.

Judge S. L. Smoke of the County Court is officiating in his chambers at the courthouse for Polling Division 1 to 11, north ward, and for Polling Divisions 12 to 29, east ward City solicitor W. F. MAN THE PUMPS—Her wounds hidden below the waterline, the 14,000-ton aircraft carrier Magnificent limped into Halifax after running onto a submerged and uncharted rock off Nova Scotia's south shore. Canada's only capital ship was aground four hours before she was pulled off by her destroyer escort. Some of her compartments were flooded and an officer aboard the carrier said she will be in drydock all the summer for repairs.

Westclox Winners

Westclox won 10-8 from Woollens last night in the first game of the Industrial Fastball League. It was an interesting tilt under new open rules with the winners showing more punch in the pinches to take the verdict. They scored two each in the third and eighth, three in the sixth and one apiece in the fourth, fifth and seventh. Woollens got two in the fifth and another in the seventh. Teams:

Westclox—McIlroy p, Hopcroft p, Heffernan 1b, McMasters lf, Casey 2b, Mortin cf, Guerin c, Murdoch ss, Ley rf, Watson 3b, Trennum rf, Quigley rf.

Woollens—Chester rf, McDougall 2b, Weichorek 1b, Armstrong p, Snow lf, Woods cf, Coughlin rf, Nokes c, Berry c, Revoy ss, McMillan 3b.

King George Wins

King George beat Queen Alex 17-3 at King Edward to take the north section of the junior Softball League and qualify to meet Prince of Wales southern winners. King George scored one each in the first two frames, two next time up, then 10 in the fourth and three more in the sixth. The losers got two in the fourth and one in the seventh. Homers were hit by Bell, Pollard and McIlmoyle as Ash and Pollard hit triples.

Queen Alex: Morris, Whitton, Stewart, Weir, Woods, Lang, McClennan, Macklin, Olmstead, Johnston.

King George—Dorrington, Rogers, Ash, Baptie, Pollard, McIlmoyle, Innes, McKenzie, Hale, Roote, Fairs Bell.

Umpires, Mr. Burns and Mr. Patterson.

Here and There In Sport

Some 80 entries have been filed for the 1949 Canadian Open Golf Tournament to be held at St. George's Golf and Country Club near Toronto June 22.

Latest of the United States professionals to enter is Lawson Little, who won the title at St. Andrew's here in 1936. Little will act as master of ceremonies at a two-hour golf clinic to be held June 21.

Although he will not take part in the open, with its first prize of $2,000, Frank Stranahan told officials this week he will be at Saint John, N. B., the week of July 23 to defend the Canadian amateur title he won in 1947 and successfully defended last year.

Brooklyn Tuesday cancelled its month-old deal with Pittsburgh for Johnny Hopp by mutual consent, and played Marv Rackley in left field against Chicago Cubs.

Rackley, said to be suffering with a sore arm during his Pittsburgh stay, rejoined his old mates just before the ball game. Hopp left to rejoin Pittsburgh. Rackley went hitless in three trips and was lifted for a pinch-hitter.

An informal meeting of the Canadian Olympic Association will be held at Toronto today to enable members and other Canadian sports officials connected with the Olympic games to meet J. N. Edstrom of Sweden, chairman of the International Olympic Committee. A dinner tonight will follow the meeting.

Apprentice jockey Lee Harris was kicked in the head as three horses went down and a fourth unseated his rider in a spectacular spill in the final race at New York's Belmont Park Tuesday. Harris was taken to hospital where X-rays were made. Attendants said he appeared only slightly injured. He was riding Jersey Day when the thoroughbred went down.

Crescents Whip Weston 10-5

OWEN SOUND, June 8 (CP) — Owen Sound Crescents took over sole possession of second place in the Ontario Lacrosse Association Senior Loop by defeating Weston Lions 10-5 here Tuesday night.

A five-goal splurge in the last quarter gave the Crescents their margin.

Russ Slater paced the winners with two goals. Bill Allum, Grant Gillespie, Don Campbell, Doug Gillespie, Don McWhirter, Bun White, Don Ashbee and Marlow Woods scored one each.

For Weston, Ted Downer, Jesse James, Side Lovelace, Hatton and Vince Reddy were the marksmen.

Lifer Being Punished

BOSTON, June 8 (AP)—A lifetermer Tuesday was clamped into solitary at Massachusetts State Prison after guards found under his ground-floor cell a tunnel which they said held about a hundred aids to escape. Warden John J O'Brien identified the lifer as Walter Perry, 43, convicted in 1927 of the murder of a Boston policeman.

"More of our friends have Telephones— and we all use the Telephone more!"

DAY AND NIGHT, seven days a week the telephone is at your service. Quickly and easily it keeps you in touch with everything and everybody everywhere. There are 400,000 more telephones and two million more calls a day than there were three years ago. And service is getting better all the time.

In three years, however, costs of important raw materials for telephone lines and cables have risen sharply. Copper prices have doubled, zinc and lead prices tripled. Yet, up to now, despite rising costs on all sides, there has been no increase in the basic telephone rates established 22 years ago. Few things give you so much real value at such low cost as your telephone.

We've broken all records but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever — to continue to provide more and better service at the lowest possible cost.

11 Rotarians To Attend International

Eleven members of the Peterborough Rotary Club will leave next weekend for New York City to attend the 40th annual convention of Rotary International, to be held in Madison Square Garden, June 12 to 16. The Peterborough delegation will stay at the Lincoln Hotel. A total of 14,000 are expected to attend from many countries of the world and the theme of the convention will be "Developing Good Will Among Men."

The two voting delegates attending from the Peterborough Club will be President-elect I. Harley Keefer and Secretary-elect Peter J. Labranche, who will be accompanied by their wives.

Others in the local party will be Dr. R. Smyth and Mrs. Smyth, Mr. and Mrs. John McColl, Dr. D. Aitken and Mrs. Aitken, Vice-President-elect and Mrs. E. C. Braund, retiring President and Mrs. W. J. Hamilton, Dr. R. Magee and Mrs. Magee, Ald. and Mrs. Grant Miller, Mr. and Mrs. J. E. Weir and daughter, and Mr and Mrs. Frank C. Paterson. In their capacity as voting delegates President Keefer and Secretary Labranche will have the exclusive privilege of being taken on a tour of United Nations headquarters at Lake Success.

Most outstanding speaker at the convention will be Trygve Lie, secretary-general of the UN. Other speakers include Dr. Elbert K. Fretwell, Chief Scout of the Boy Scouts of America, and Dr. Norman Vincent Peale, noted author and pastor of Marble Collegiate Church, New York. An address of welcome will be given by Mayor William O'Dwyer.

An ambitious program of entertainment will be put on for delegates and their wives, including a program of outstanding radio talent arranged by the famous columnist, Walter Winchell, and numbers by Fred Waring's orchestra and chorus on the opening night. Sightseeing tours of the city will also be provided, as well as a fashion show for the women.

Sessions will be presided over by Angus Mitchell, of Melbourne, Australia, international president.

HAMILTON, June 8 (CP) — Hamilton Tuesday became the first Ontario city to open a Red Cross Free Blood Transfusion Service. At the same time, a campaign was launched to obtain 20,000 voluntary blood donors.

Candidates Plan Rural Drive

As the federal election on June 27 looms nearer, candidates of the three major parties are planning to step up the tempo of their campaigns in the Peterborough West constituency.

Saturday night the CCF party will hold the first of a series of weekly farmer-labor rallies at its Water St. headquarters. Candidate Howard Miles and other speakers representing farmers and industrial workers will present the CCF program.

Mr. Miles will take to the road next week. His first out of town meeting will be at Young's Point June 14 with Jack Morton as guest speaker. At Douro on June 16, W. C. Grant will speak with Mr. Miles. Another meeting will be held June 21 in Lakefield.

Liberal candidate Dit Clapper began his out of town campaign Tuesday night in Keene. On June 9 he will be speaking at Buckhorn and on the 10th at Douro. Mr. Clapper will speak in Lakefield June 21 and in Kinmount June 23. Speaking on his behalf at the various meetings will be T. J. Carley, Dr. Ralph Honey, Wilmot "Pete" Gordon of Peterborough and Dr. A. R. Atkinson or Norwood with Vernon Campbell of Douro township.

Gordon K. Fraser, Progressive Conservative candidate, will hold off his outside campaign speeches until June 16 when he will speak at Buckhorn. The next night, June 17, he will be at Young's Point.

Mr. Fraser's next Peterborough meeting at the George St. headquarters will be June 11 when Joel Aldred, former CBC announcer, whose leaving the broadcasting company raised such a storm of controversy will be guest speaker. The Young Conservative Association has planned a meeting for June 15 at which Miss Mary Skeans, secretary of the Ontario Young Progressive Conservative Association and Robert Welsh, a graduating student of McMaster University both will be speakers.

James MacDonnell, president of the Dominion Progressive Conservative party will speak at a meeting June 18.

LIBERALISM MEANS PROGRESS AND SECURITY FOR EVERYONE

PROMISES are always plentiful during election campaigns. But *actions* speak louder than words. Before you vote on June 27, consider well the *past performances* of all parties.

Down through the years, the Liberal party has brought into effect *every worthwhile measure of social legislation now enjoyed by the people of Canada.*

Many of these Liberal triumphs of social justice were won for the people against bitter Tory opposition.

Every one was achieved without endangering the democratic rights and freedom of the individual. Liberalism has brought social progress — *without* Socialism.

Far-sighted Liberal leadership has, in fact, built and strengthened the free enterprise system. Gross national production . . . retail sales . . . exports . . . every index of Canada's national economic health . . has set new records. Employment in the past year passed even the peak of wartime levels. Wages are higher than ever before in history. Gross national income is three times what it was 10 years ago. Almost 2½ million more Canadians have bank accounts. Total savings of the people are over four billion dollars!

The record of the Liberal party is one of continuous progress. In the future, as in the past, Liberalism will bring you greater social security, prosperity and freedom than any other party.

NOTE — The C.C.F. is not included in the above chart because it has never been in power, and therefore *has* no record. And, because it *cannot* gain power in the present election, it has no hope of putting any "promises" into effect. Only the Liberals can and *will* continue and advance social justice.

Milk Bottle Thefts Of Money Increasing

Milk bottles have proved the greatest temptation to petty thieves durnig the past three months. In all parts of the city milk money has developed a vexing habit of disappearing over-night.

In several instances children's pranks have been responsible for the loss of small sums but there has been a good deal of milk money thieving for which no one offender is able to account.

After a temporary lull in these petty, but none-the-less annoying incidents Mr. and Mrs. C. B. Franks, 591 Sherbrooke St. lost $1 from a milk bottle Saturday morning.

Having painted the verandah Friday evening, they did not put the milk bottle out until late at night. When the milk man called in the morning the dollar had vanished.

Politician Retires

WINNIPEG, June 8 (CP) — G. S. Thorvaldson, Winnipeg member of the Manitoba Legislature for 10 years, Tuesday announced his retirement from Provincial politics. As Progressive Conservative candidate for Winnipeg South in the forthcoming federal election, Mr. Thorvaldson resigned in accordance with election act regulations which prevent him from holding the Provincial seat.

A NORWOOD MAN, Herbert G. Parkin, graduated in medicine at Queen's University convocation held Saturday. Mr. Parkin provided for his wife and children and put himself through university by keeping bees at his home just outside Norwood.

PRINCE ALY KHAN, wearing traditional Derby garb, and his bride, American actress Rita Hayworth, look over the field at Epsom Downs, England, as they attend the running of the great English classic. The entries of Prince Aly and his father, the Aga Khan, were far back among the also-rans in the 32-horse Derby field, led by Nimbus. Princess Rita created somewhat of a sensation when she strolled into the paddock. She was all smiles, but showed little interest in the horses, spending most of her time keeping her big white, polka-dot hat stuck on her red hair.

Presbyterian Church Budgets For Expenditures Of $750,000

KITCHENER, June 8—(CP)—The Presbyterian Church in Canada is budgeting for expenditures of $750,000 in 1950, That amount was approved Tuesday night by the Church's 75th General Assembly. It represents an increase of 79.9 per cent over the 1948 allocation and to meet it will require a contribution from each member of approximately $4.27.

Rev. G. D. Johnston of Brantford, chairman of the General Board of Missions, said the church needs more money to expand and improve its work. He was confident that the new budget can be met by increasing the interest of congregations in the church and winning their support in solving financial problems.

"Certain matters of deep relevance to the future of our church now lie before us," he said. "The present revenue is not sufficient to enable us to meet completely the challenge of our times."

Salary Increases

One of the financial matters under consideration by the Assembly is the possibility of raising minister's salaries. The annual minimum stipend now is $1,800.

Judge J. B. Moon of Parry Sound, linked low salaries with the shortage of ministers.

"What does $1,800 a year mean to a young minister?" he asked. "In these times it has the value of $1,200. When graduates of other branches of universities can get $3,000, is it any wonder that we are short of ministers? In my opinion, $2,400 a year minimum would be too little."

The Assembly approved $475,000 worth of 1949 expenditures, including $305,000 for mission work.

Criticize Psalm Book

The Presbyterian Book of Praise a Psalm book, came in for criticism from Rev. Frank Morley of Calgary. He described it as "the poorest book of hymns and psalms used by any denomination."

Rev. Wallace McLean of Victoria Harbor, objected to use of pictures of Christ in church literature. Holding up a printed leaflet, containing an order of service and illustrated with a picture of Christ, he said:

"We are a reformed church, out to extinguish paganism. Here is a picture which is supposed to represent the head of our Lord Christ. It is an admission that Christ was a man. Plays, paintings and modern movies contribute to this paganism today. We have no conception of what Jesus looked like."

"VEL MAKES SPRING HOUSECLEANING EASIER"

Says Mrs. A. Fleming, Victoria, British Columbia

"I have just finished my housecleaning and I'm really thrilled about the way VEL helped me wash windows, woodwork, venetian blinds—even upholstery. For years I have been trying everything for washing my venetian blinds, without much success. Then this year I tried VEL. What a surprise... the grease and dirt seemed to fall off ... and VEL is so easy to use ... I just wash with a cloth dampened in a VEL solution then wipe dry and the job is done, without rinsing and without leaving a mess all over the sill."

Politician Retires

WINNIPEG, June 8 (CP) — G. S. Thorvaldson, Winnipeg member of the Manitoba Legislature for 10 years, Tuesday announced his retirement from Provincial politics. As Progressive Conservative candidate for Winnipeg South in the forthcoming federal election, Mr. Thorvaldson resigned in accordance with election act regulations which prevent him from holding the Provincial seat.

A NORWOOD MAN, Herbert G. Parkin, graduated in medicine at Queen's University convocation held Saturday. Mr. Parkin provided for his wife and children and put himself through university by keeping bees at his home just outside Norwood.

PRINCE ALY KHAN, wearing traditional Derby garb, and his bride, American actress Rita Hayworth, look over the field at Epsom Downs, England, as they attend the running of the great English classic. The entries of Prince Aly and his father, the Aga Khan, were far back among the also-rans in the 32-horse Derby field, led by Nimbus. Princess Rita created somewhat of a sensation when she strolled into the paddock. She was all smiles, but showed little interest in the horses, spending most of her time keeping her big white, polka-dot hat stuck on her red hair.

Presbyterian Church Budgets For Expenditures Of $750,000

KITCHENER, June 8—(CP)—The Presbyterian Church in Canada is budgeting for expenditures of $750,000 in 1950. That amount was approved Tuesday night by the Church's 75th General Assembly. It represents an increase of 79.9 per cent over the 1948 allocation and to meet it will require a contribution from each member of approximately $4.27.

Rev. G. D. Johnston of Brantford, chairman of the General Board of Missions, said the church needs more money to expand and improve its work. He was confident that the new budget can be met by increasing the interest of congregations in the church and winning their support in solving financial problems.

"Certain matters of deep relevance to the future of our church now lie before us," he said. "The present revenue is not sufficient to enable us to meet completely the challenge of our times."

Salary Increases

One of the financial matters under consideration by the Assembly is the possibility of raising minister's salaries. The annual minimum stipend now is $1,800.

Judge J. B. Moon of Parry Sound, linked low salaries with the shortage of ministers.

"What does $1,800 a year mean to a young minister?" he asked. "In these times it has the value of $1,200. When graduates of other branches of universities can get $3,000, is it any wonder that we are short of ministers? In my opinion, $2,400 a year minimum would be too little."

The Assembly approved $475,000 worth of 1949 expenditures, including $305,000 for mission work.

Criticize Psalm Book

The Presbyterian Book of Praise a Psalm book, came in for criticism from Rev. Frank Morley of Calgary. He described it as "the poorest book of hymns and psalms used by any denomination."

Rev. Wallace McLean of Victoria Harbor, objected to use of pictures of Christ in church literature. Holding up a printed leaflet, containing an order of service and illustrated with a picture of Christ, he said:

"We are a reformed church, out to extinguish paganism. Here is a picture which is supposed to represent the head of our Lord Christ. It is an admission that Christ was a man. Plays, paintings and modern movies contribute to this paganism today. We have no conception of what Jesus looked like."

"VEL MAKES SPRING HOUSECLEANING EASIER"

Says Mrs. A. Fleming, Victoria, British Columbia

"I have just finished my housecleaning and I'm really thrilled about the way VEL helped me wash windows, woodwork, venetian blinds—even upholstery. For years I have been trying everything for washing my venetian blinds, without much success. Then this year I tried VEL. What a surprise... the grease and dirt seemed to fall off ... and VEL is so easy to use ... I just wash with a cloth dampened in a VEL solution then wipe dry and the job is done, without rinsing and without leaving a mess all over the sill."

Clapper Opens Speaking Tour At Keene Rally

Peterborough West needs a member of parliament who is a member of the party in power and that party will certainly be the Liberal party, said Liberal candidate Dit Clapper at his first public meeting as candidate, held Tuesday night in the Keene town hall.

Other speakers at the meeting were Vernon Campbell of Douro township and Dr. A. R. Atkinson, Norwood.

Mr. Clapper said he wanted to remind his listeners of the record of the Liberal government in the last few years. One hundred and thirty-nine thousand veterans of World War II had been given some form of education since the war to fit them for taking a more useful place in the post-war world Of these 54,000 had gone to university and 85,000 had taken training courses in one of the useful trades. Most of these men were from families which would not have been able to send their boys to trade schools or universities to finish their education. The Department of Veterans Affairs had made that schooling possible.

U.S. Copies Policies

Mr. Clapper told his audience that he had found in his winters in the United States while he was playing and coaching hockey that the American people were greatly impressed by the way the Canadian government had planned Canada's part in the war and the way it was taking care of its veterans and of the people's interests after the war. In fact, he said, the Americans had adopted many Canadian policies.

A great step in social legislation was enacted by the Liberal government when it introduced family allowances, Mr. Clapper declared. The 4,000,000 children who are now benefitting from the allowances are improved in health, education and many other ways. Canada would have better citizens as a result of the money paid to parents for their children. Since the family allowances were started $2,000,000 had been paid to mothers in Peterborough West. Not only did this money help the children, said Mr. Clapper, it stimulated business because more money was being spent. This was the legislation Mr. Drew as Ontario premier, had opposed bitterly, Mr. Clapper pointed out.

The old age pension, which was recently raised to $40 a month, was being paid to 252,000 elderly persons in Canada, Mr. Clapper declared.

Farm Prosperity

Mr. Campbell of Douro, pointed to the way in which farmers had prospered under Liberal government. Prices of basic farm products had jumped two and three times over the average 1939 to 1944 figure. The government had established 36 trade commissioners in countries which were potential buyers of Canadian farm products and manufactured goods.

The government had seen the need for high farm production in Canada, Mr. Campbell said, and had used $520,000,000 in subsidies to stimulate that production between 1938 and 1948. A large amount of this money had been paid in the form of freight subsidies which had the effect of equalizing prices of grain and farmers in Ontario were able to feed grain to cattle as cheaply as western farmers.

Labor Seeks Information About Special Assessments

Lorne Bebee of Local 293 (UPWA) Tuesday night was elected to the executive of the Allied Labor Council. He succeeds Robert Harvey of Local 1320 AASER and MC of America who was previously elected treasurer.

A request is to be made of the City Clerk regarding the assessment and taxation policy as it applies to Peterborough industries. The letter fulfills a recent motion of the ALC which asked "information on the exemptions and special assessment privileges, if any, awarded to industrial undertakings that have built or extended their plants in the Peterborough area."

Four specific points of information are asked for: one—any special tax or assessment privileges which industries may have been granted; two—the period over which these privileges have been in effect; three—industries affected, and four—rules laid down for the granting of such special assessments.

Council is forwarding a letter to the City Council setting forth its reasons for advocating the ward system in Peterborough. During the last civic election this method was proposed by one candidate and the ALC agreed in principle.

A letter to this effect was sent to the City Council which in turn wrote back asking a written submission to support this point of view. The ALC's second letter on the subject, dated June 7, is the result of a fact-finding committee report.

Need New System

The June letter states that the ALC feels the city has grown to the proportions which make area representation a necessity.

It says in part:

"This system will permit the election of locally prominent men and women who will champion the particular problems of the area, or ward from which they are elected."

". . . (It) will do much to prevent any one group who may reside predominently in any given area, or any one group with sectional or special group interests, from dominating the entire Council. Whereas the Mayor and Controllers are chosen by the electorate as a whole, the remainder of the Council represents the choice of each one of several different areas, thus ensuring a more representative cross-section."

"The ward system too would greatly end the present limitation on the intelligent exercise of the ballot in that the voting public would more readily identify those local candidates whose names appear for election to civic office. Further, the public would no longer be required to vote for two or three candidates unknown to them in order to place a ballot on behalf of a candidate whose character and record they know and support."

Closer Contact

"Apart from tht actual exercise of their franchise rights as electors, citizens would, at all times, have access to the car of the civic administration through their own representatives from the area in which they reside. This practice would. . . bring further order and stability into the civic administration and ensure a reasonably equitable distribution of responsibility among the elected representatives of the citizens of Peterborough."

". . . (It) would permit election a spokesman for a special area which may have a grievance because of local conditions which are not reflected in the other areas of the city. Under the present system it is more than possible that a Council elected by a majority of the voters might be returned year after year without including a single representative of the aggrieved group who may be in a minority of the electorate."

"The ward system in the larger cities, the riding system in the fields of provincial and federal politics, are established in Canada as the best means of assuring the ordinary citizen of proper representation and the means of redress of grievances. All that is proposed is that a body which has become too large to permit the effective administration of a group of representatives with general knowledge of the city of Peterborough give place to a more highly developed form of representation where each of the administrators makes his special field the problems of a given sub-division of the larger unit. Peterborough is large enough to demand that each of her separate component parts receive the specialized attention that only a ward system can give them."

At the conclusion of the letter the ALC urges Council to give Peterburians an opportunity to decide upon the Ward system on or before the next municipal election.

PORT HOPE AUDITOR

Edward Humpage, chartered accountant of Peterborough, has been engaged as town auditor of Port Hope. He will receive $800. a year. Mr. Humpage is also auditor for the city of Peterborough.

Deanery Diners Hear Bishop

More than 100 laymen and clergy were present at the biannual supper meeting of the Great Chapter of the Deanery of Peterborough, held in All Saints' Parish Hall Tuesday evening. Chairman of the meeting was Rural Dean Rev. W. J. Lennox, of Campbellford.

Speakers for the evening were the Rt. Rev. A. R. Beverley, Bishop of Toronto, who told of his visit to England last year to attend the Lambeth Conference, and the Ven. F. J. Sawers, Archdeacon of York, who spoke of extension and expansion of the church in this diocese. He stressed the need for appropriate sites for new churches, occasioned by the increase of population of the cities of the diocese.

Seated at the head table were Rev. W. E. Kibblewhite, Charles Lacheur, Ven. Archdeacon F. J. Sawyers, Rev. W. J. Lennox, Ven. Archdeacon W. P. Robertson, who introduced Bishop Beverley, Rt. Rev. A. R. Beverley, Dr. G. S. Gordon and Rev. W. J. Gilling.

Israeli Resident Visits Her Home After 14 Years

Peterborough has changed—changed for the better — thinks Mrs. Sylvia Menkes, who left her childhood home in Peterborough 14 years ago as Miss Sylvia Zacks.

Mrs. Menkes has returned from Israel, where she lives with her husband and two children, to spend the summer with her father and mother, Mr. and Mrs. M. S. Zacks of the George St. clothing store.

It is the growth of Peterborough during her 14 years absence that has most impressed Mrs. Menkes. In the days when she was a Central School and Collegiate pupil the city was a smaller place.

Sunday evening Mrs. Menkes met many of her old school friends at a party held in her honor at the home of her brother, Harry Zacks.

Married On Trip

It was not Mrs. Menkes' original intention to leave Canada permanently. After leaving school she made a tour of Europe and Palestine. In Palestine she met her husband whom she married there, and is now on her first visit to this country since she left as a high school graduate.

Born in Russia and spending her early life in Poland, Mrs. Menkes came to Canada with her parents as a young child after the First World War.

Life is much happier in Israel since it has been recognized as a Jewish state, says Mrs. Menkes. Any bitterness against the British has disappeared and the country is busy settling the vast numbers of refugees from Europe.

Recovery Rapid

Recovery from the Jewish-Arab war is progressing rapidly Mrs. Menkes says. Bomb damage is being repaired and new buildings are springing up. Although unaffected by the recent world war, except for trading difficulties, the country has since undergone hardships similar to most European countries.

Food is still rationed to ensure equal distribution of meat, butter, eggs and sugar.

Mrs. Menkes, who lives in Petach-Tikvah, finds life is much the same there as in Peterborough. The buildings are different, but people live similarly and have an equally high standard of living.

After being away from Peterborough for so long, Mrs. Menkes is impressed with the attention Canadian women give to their dress.

Norwood Drilling For Municipal Water

Drilling operations at the head of Bridge St. in Norwood for a source of water to supply the municipal system the village is planning to construct this year were expected to show definite results today.

The present exploring was being carried on in the hill to the north of the community cenotaph. In conversation with Rod Webb, The Examiner learned the drillers had reached the stage today at which they were expecting to find the quantity of water required. Norwood ratepayers decided at the January election to invest in a municipal water works, and one of the essential steps is to locate an ample source.

Prayed For Popgun Holster Lad Stumbles On Briefcase And Big Time Cash—$1500

Finding of $1500 in a brief case was the answer to a boy's prayer for a holster for his cap gun. Jack Parsons, 10 year old Dublin St., had been suggesting at home that a holster would be dandy to go with his cap gun, a handy rig for [illegible]ing the gun. Mrs. Parsons advised her son that after all one had to consider expense, and a holster was an extra piece of equipment that was not exactly necessary. She recommended that Jack might mention it in his prayers.

So, the other day, he remarked to his mother he had a feeling, a boy's hunch, that before the week was out he might come upon enough money to buy the coveted holster, his chief concern, even a need as boy's desires and treasures go.

Jack Parsons wasn't even thinking of the holster when he and his pal, Jackie Bolton of George St., found a brief case down at the corner of George and Dublin Streets. They had seen lots of brief cases, and just as they had expected, at first opening, it contained various papers and business books.

Naturally they were wondering who was the owner, so they could give it back to him, and as they looked for identification they turned up a stack of bills, $1,500, that looked to the boys like all the money in the world.

To Police Station

With excessive self-importance and responsibility, they quickly zippered the brief case, and took it down to the police station. And, soon it was returned to the owner who had reported his loss. He left a five dollar bill for each of the boys who had been told to call back at the station in the certain prospect that somebody would be enquiring hopefully about an honest person having found the case.

That is how Jack Parsons got the money to buy his holster. Five dollars would buy a lot of cap gun holsters, and only one of them took just a fraction of his five dollar bill.

So, the cap gun holster became the symbol of everybody's feeling of happiness. Major Watt of the Salvation Army may not have heard of the incident, and he would no doubt be delighted, too, because Jack Parsons is a junior of a Salvation Army family.

As boys at the corner discussed the big find, one of them wise in the lingo of movie gangsterism said: "You coulda buried the money till the heat was off."

Circus Scheduled For Civic Holiday

Dailey Brothers Circus, one of the largest touring circuses in North America, will be in Peterborough Monday, August 1st. Jackie Wilcox, contracting agent for the shows, was in Peterborough Tuesday making preparations for the run here. The circus will perform in the Exhibition Grounds.

Recently the troupe of 25 cars crossed the border into Canada where they did shows in Orillia, Sarnia, Kitchener, Guelph and Fort William. The circus begins today a three-day stand in Winnipeg. From there they will move further west to do shows in Regina, Calgary and other centres.

For The Rain It Raineth Narv A Dav

John Kitney tapped the Otonabee River today for the water that has been falling for some weeks to fall as rain on his expanse of market garden. Deferred hope in the weather finally bowed to a recognizable stage of emergency. That called for recourse to the power pump and the pipe line to the river.

A group of farmers over a cup of coffee in the Churchill last night summarized local crop conditions, estimating about one-third of the fall wheat yield gone with the glowing promise of early May; spring grains are holding steady and need only a warm saturating rain to keep them growing strong; and the hay crop has been at a standstill for several weeks.

Home gardeners in the city know that their soil is as dry as dust. Little gusts of wind snatch it up and blow it about. That drought is part of the worry that is abroad in the townships these days.

"We had such wonderful crops last year," said Art McIntyre, "that maybe we were a bit spoiled. Everything came through in grand shape."

Last week end was a big disappointment,—an approach of rain clouds Saturday afternoon, and forerunning drops that were not enough to lay the dust.

It is estimated that throughout the province the hay crop has already shrunk 25% of last year at this time. The acutely dry area was reported today to have extended easterly to the vicinity of Port Hope.

TWO CARS COLLIDE

A taxi and a car driven by Stanley L. Judge of Toronto were smashed when they collided Tuesday afternoon at the entrance to Curtis Brickyard, Parkhill Rd. There was approximately $250 damage to the car. Constable Louis Rodregue investigated.

Elaborate System Protects Ballots In Federal Election

OTTAWA, June 8 — (CP) — Elaborate safeguards make sure that the ballot you mark June 27 actually goes into the ballot box the way you mark it. They also make sure that you don't take you ballot and give it to somebody else.

It's an unbeatable system, designed to prevent election frauds by voters or by candidates and their supporters. The ballot itself is only one of the many precautions taken to ensure that when the Dominion's voters go to the polls next month, their political opinions are accurately recorded.

Each ballot is numbered and the number is printed on a removable counterfoil. When a voter receives a ballot, his name is written down with the number of his ballot beside his name

The ballot the voter brings back to the deputy returning officer must bear the same number — in other words, it must be the same ballot. The identifying counterfoil is ripped off before the ballot is put in the box, eliminating any possibility of identifying it again.

The system also prevents a supply of blank ballots from getting out of the polling booth into the hands of an unscrupulous campaign manager who might mark them for his candidate and bribe voters to put them in the box. Without the safeguard of the numbered counterfoil, a bribed voter could bring back a blank ballot and give it to the campaign manager who could use it to bribe another voter.

Ballots Initialled

Each ballot, too, must be initialled by the deputy returning officer in charge of the poll. He does this in the presence of witnesses, before the poll opens. And he must account for all unused ballots.

In each constituency, the returning officer is given a supply of special paper some four weeks before the election for printing ballots. It comes to him partially printed, with the ballots numbered.

Both he and the deputy returning officers must be able to account for all the ballots — how many were used, how many were spoiled and how many left over. And the whole procedure, from the initialling of the ballots to the counting of them, can be watched carefully by scrutineers for the candidates.

The scrutineers can challenge any potential voter and force him to prove his identity or make an oath that he is entitled to vote.

The Dominion Elections Act — which lays down all these regulations has one more clause to discourage electoral skulduggery.

It provides for a fine of up to $2,000 or two years in jail for "corrupt election practices."

Urges Direct Appeal

MONTREAL, June 8 (CP) — John T. Hackett, member of the East House of Commons for Standstead, Tuesday recommended that the Canadian National Institute for the Blind withdraw from Welfare Federation and henceforth make direct public appeals for help for the blind. He spoke to the annual meeting of the CNIB Quebec division here.

Gets Drugs Illegally

KINGSTON, June 8 (CP) — Constable Philip Isber of the RCMP testified Tuesday that he had bought drugs illegally on three occasions from Dr. G. W. Blenkinsop, standing trial on five charges of selling drugs illegally. This is the second trial for Dr. Blenkinsop on the charges. In his first, last January, the jury disagreed.

ENTERS CANADIAN SERVICE — Now well on her way to Canada, the Cunard liner Franconia is shown here leaving Liverpool for her maiden voyage to Quebec where she will berth June 10. Commanded by Capt. Charles S. Williams, the Franconia is the famous former world-cruise liner which, during a distinguished war career, served as Winston Churchill's headquarters for the Yalta Conference.

Tourist Camp License Refused By Council

City Clerk Outram was directed by the council not to issue a license for tourist camp to Gordon A. Hamblin, for cabins at 85 Lansdowne St.

The reason for this action was: "Since these cabins do not conform with the requirements of the city building bylaw for sleeping quarters, and that the Clerk inform the Department of Travel and Publicity of this directive."

This clause is quoted from the board of works report presented by Ald. H. Dodds.

It is understood that the Lansdowne St. cabins were built prior to the annexation of that area on the south side of that street and east of Lock St.

At that time it was part of North Monaghan. Successive council have frowned on the building of tourist cabins that were not provided for in the city's bylaw. Some time ago a representative of the provincial Travel Department called at the city hall and informed Mr. Outram that a license should be issued to Mr. Hamblin.

"We'll have to see what the council says about that," Mr. Outram replied, or words to that effect. And the council last Monday night refused to budge from its position. It has long been regarded that cabins might be used indefinitely as dwelling places, and as a result the building by-law would virtually lose its effect.

L. J. Hatherly Buried

The funeral of the late Lewis J. Hatherly was held on Friday from the home of his daughter, Mrs. Gordon Vilneff in Otonabee. The service was in charge of Rev. Geo. Murray of Keene, assisted by Rev. Wm. McDonald and Mr. Cleveland Robb of Peterborough, the latter a nephew of the deceased.

Pallbearers were Messrs. Harry Hatherly, Irwin Hatherly, Cleveland Robb, Elwood McAllister, George Chamberlain and Earl Robinson.

Burial was at St. Mark's Cemetery, Zion, Otonabee.

Sell Bonds Again

OTTAWA, June 8 (CP)—Canada Savings Bonds, the successors of Victory Bonds during the war, are expected to be on sale again next October, a government spokesman said Tuesday. Second issue of the Bonds was released last fall, and met with such favorable response, particularly from persons buying them on the payroll Savings plan, that they probably will be continued indefinitely.

Named To Attend District Annual

LAKEFIELD, June 8—(ENS)—Mrs. H. Kemp was hostess to the Women's Institute for the June meeting. Mrs. Roy Bullock, president, presided.

Mrs. F. Dixon, Mrs. H. Sanderson, Mrs. E. Dunford and Miss Clava Kidd were named to the visiting committee.

The following delegates were appointed to the annual District meeting to be held in Havelock on June 14, a bus leaving at 8:30 a.m. Mrs. C. Foster, Mrs. H. Bullock, Mrs. R. Bullock, Mrs. C. Bickell; alternates, Mrs .Ernie Waldon and Mrs. Albert Bullock.

Frank C. Paterson, Agricultural representative, Peterborough, gave an interesting address on the work of his department.

Mrs. H. Sanderson, convener of agriculture, introduced the speaker who was thanked by Mrs. Howard Bullock.

Lunch was served by Mrs. G. Charlton, Mrs. E. Waldon, Mrs. R. Bullock and Mrs. H. Bullock.

Drunken Driver Jailed For 7 Days

Pleading guilty to drunk driving and to driving without a license, Richard M. O'Brien, 512 Stewart St. was Tuesday sentenced to seven day in jail on the first charge and fined $10 with $2.50 costs on the second. He appeared before Magistrate W. R. Philp, K. C. at city police court.

Provincial Constable Archie Grayling said he saw O'Brien driving with a flat tire and glarinf headlights on highway 28 south of Young's Point. On stopping the car, he found O'Brien was in an intoxicated condition.

Set Strawberry Price

TORONTO, June 8 (CP) — A minimum price for strawberries bought in Ontario for processing was set Tuesday. It is 18 cents for a quart box containing 20 ounces of berries, with the processor returning boxes and crates to the grower or supplying the boxes himself. The price was announced by G. F. Perkin, chairman of the Farm Products Marketing Board, who said it was set for the season by an arbitration board. He said no minimum price will be established for raspberries.

IODE Chapter Offers Prizes For Exhibition

LAKEFIELD, June 8 (ENS)—Mrs. Arthur Ackerman addressed the Catharine Parr Traill Chapter, I.O.D.E., on Holland, her native country, Monday evening. "Life in Holland," said Mrs. Ackerman, "is a real home life, with not much social life."

The people of Holland do not live in a hurry. There is always time to do things, and they don't go rushing from one place to another, she said.

Grateful To Canada

The Dutch people think highly of Canada and Canadians, said Mrs. Ackerman. Never will they forget the day when the Canadians arrived to liberate the Netherlands from the Nazi bondage.

Mrs. J. Huddart introduced the speaker, who was thanked by Mrs. L. Leonard.

Mrs. J. McKerchar gave the treasurer's report. It was moved by Mrs. J. Huddart and Mrs. L. Leonard that 10 per cent of the chapter's earnings be sent to the National Endowment Fund.

It was decided to meet next on August 29.

Mrs. J. Arnott and Mrs. J. Huddart were named to organize the I.O.D.E. booth for the annual Fair.

Mrs. T. Chaplin read a paper on the Atlantic Treaty and Mrs. J. Arnott one on child welfare.

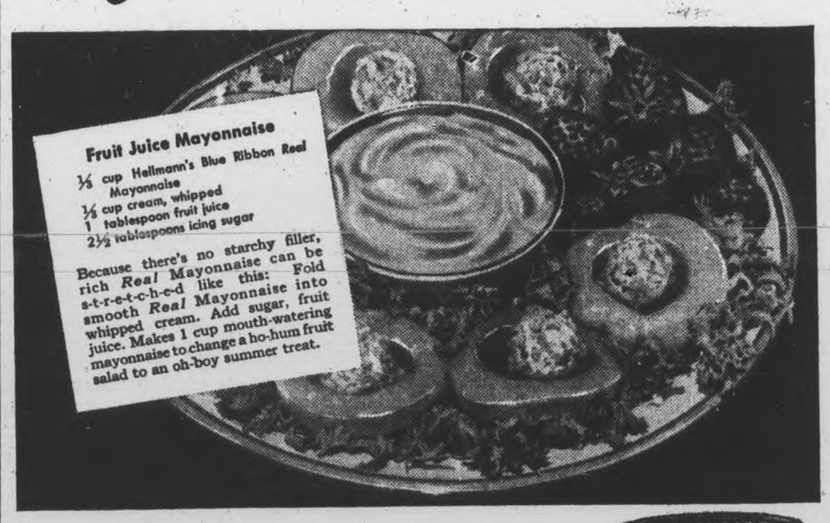
Vote Prize Money

The sum of $15. was voted to the Fair board for prize money in the Children's section.

Prizes will be given by the chapter for the highest marks of a boy and girl in the entrance class. This replaces the prizes to the highest five given in former years.

It was decided that the prize in High School section would be split, $25. each to be given the boy and girl winning highest marks.

Volcano Silent



MESSINA, Sicily, June 8 (Reuters)—The volcano of Stromboli relapsed Tuesday night into sullen silence after a day of terror during which it vomited streams of molten lava. Most of the island's 500 inhabitants began unpacking belongings they had hurriedly bundled together in preparation for flight. No lives were lost in the eruption, Stromboli's first for five years.

Historically Famous HURONIA

Three hundred years ago, an important outpost of Christian culture in the new world was wiped out when the savage Iroquois massacred the French Missionaries of Fort St. Marie. Today Huronia, as this part of Ontario is called, is visited by more people every year, both for its historic interest and because the 30,000 Islands on the east shore of Georgian Bay are as lovely a summer playground as any in the world. Whatever you look for in a vacation you will find there, with historical sites and interest thrown in. The famous 30,000 Islands cruise by lake steamer is a pleasant and relaxing way of seeing them. It leaves from Midland, whose Chamber of Commerce can give you full information on the whole area. You can drive to Midland in a day from Windsor or the Quebec border (Highways 2, 11 and 12), and in correspondingly less time from other points. There is good rail service from Toronto.

In Ontario we have a holiday paradise . . . let's do all we can to encourage visitors from across the border. Published in support of the tourist business by John Labatt Limited.

Mrs. F. M. Smyth, 270 Dublin St., entertained at a charmingly arranged shower in honor of Mrs. Truman Morton (nee Kay Hales).

The drawing room was adorned with a profusion of early summer flowers, including iris, narcissis, lemon lilies and blue delphinium.

Six tables of progressive euchre were played during the evening and prizes went to Mr. John Little, Mr. Ken Little, Mrs. Truman Morton and Mrs. W. Hales. Consolation prizes were given Harry Smith and Harvey Allison. Miss Cora Smyth, assisted by her mother, brought in a basket decorated in pink and white, laden with gifts, which they presented to Mrs. Morton.

Mrs. Gladys Armstrong was convener of tea arrangements. Mrs. Hugh Robertson and Mrs. Eric Pearse poured tea. Miss Eva Smyth, Mrs. Henry Smyth and Mrs. Dave Pogue assisted in sewing. More than 35 guests were present.

Mrs. Leslie M. Frost Opens Art Association Lawn Tea At Mr. and Mrs. Chas. Pilon's

By MARGARET LANCASTER

Members of the Peterborough Women's Art Association are original people and are continually being the first to make and do interesting things. So, it was fitting that Mrs. Leslie M. Frost, wife of Ontario's Premier, should make her maiden speech when she officially opened their 1949 Garden Party Tuesday afternoon.

To a large crowd already gathered around Mr. and Mrs. Chas. Pilon's home on Gilmour St. at the opening hour, Mrs. Frost spoke with a graciousness and charm that completely belied her confession of nervousness at making her first public address. She was wearing a navy crepe dress with Paris' inspired back panel, small white hat and navy accessories, a fur jacket and orchid corsage.

Mrs. N. D. Seaton, president of the Art Association, introduced Mrs. Frost. As a memento of the occasion she was given a pewter jewel box, made and engraved with the Frost family crest, by Mrs. J. G. Wharry. The presentation was made by Susan Jopling, young daughter of Mr. and Mrs. F. E. Jopling.

Mrs. Mackie Makes Draws

Second big moment of the afternoon came toward its close when Mrs. A. C. Mackie of Lakefield, a past president of the Toronto Women's Art Association, officiated with Mrs. Seaton in selecting winners of the three raffles.

Most coveted prize was a handsome beige leather purse that was entirely hand made and beautifully tooled with an all-over design. The supply of tickets was sold out, more were quickly made, and yet there were disappointed customers when the sale closed. Some of the guests were neglecting dinner preparations to wait for the draw—just in case Lady Luck would point a finger in their direction. The handbag, specially made for the Association by Mrs. R. H. Parker, was won by Miss Margaret Lancaster.

A very large hamper of groceries, won by Miss Gladys Watson of Lakefield, and Mrs. Leo Copp was winner of a delicious looking cake.

Weather cool and Windy

Though Mr. Weatherman had turned a deaf ear to beseeching little thoughts of all those interested in the garden party, its success was not impaired by the cool temperature. The ladies wore suits and coats rather than the gay summer dresses they had planned, and close-fitting hats instead of wide brims that would have been carried away by the wind. The tea table was under a large marquee which also gave shelter to guests while they enjoyed refreshments.

Water Wheel Attracts

A genuine water wheel isn't often seen in these modern days but the Pilon's have one at the edge of their rock-bound garden pool. Though very small the wheel revolving from force from a stream of water, and the mill building beside it, have a very business-like appearance. Darting streaks of color in the water were tiny goldfish seeking shelter among the lily pads from hundreds of eyes, also admiring the nearby rock garden and beautiful shrubs and flowers.

Everything Hand Made

Anything from left-over bits of wallpaper and fancy shaped boxes to sea shells are bait to the women of this Association to make pretty things. Samples of the ideas they evolve were offered for sale at the novelty table. Useful articles such as shell ash trays and decorated tally cards out of deceptively wrapped parcels in a painted bucket that was drawn up the rustic well shaft. Those who practice the culinary arts offered their wares to the guests at another table.

Festive Decorations

Colorfully decorated umbrellas hanging upside down from the verandah and garden trellis, and overflowing with branches of spirea, gave an air of festivity. Lids were tipped from hat boxes placed on the steps and the space filled with deep red peonies and other spring flowers. More of the gorgeous flowers filled boxes on the bazaar tables. The tea table was centred with a charming arrangement of early phlox, and huge baskets filled with mauve iris highlighted each corner of the tent. Gay paper covered ticket boxes for each of the three raffles that were on small tables at convenient spots around the lawn.

Those Who Did It

Success of this second annual garden party is largely due to the efforts of Mrs. J. G. Wharry who was in charge of all arrangements. Arts and Crafts Group and the Music Study Club were responsible for refreshments and serving. The Literary Study Club arranged and conducted the draws. Art Study Club had the home cooking table and the Home Arts Guild stocked and arranged the novelty table and wishing well.

Mrs. Seaton and Mrs. Pilon welcomed the guests. Mrs. J. E. R. Munro, Mrs. W. G. Ovens and Mrs. H. R. Scott, as hostesses, saw to their comfort and enjoyment.

The tea was poured by Mrs. S. L. Smoke, Mrs. G. K. Fraser, Mrs. M. J. Swanston and Mrs. Harold Scott. Mrs. H. V. Dodson and Mrs. C. S. Browne were in charge of serving arrangements, and Mrs. D. B. Gordon was making tea.

Serving was done by Mrs. G. A. Gillespie, Mrs. C. J. Weldon, Mrs. Edith Yelland, Miss E. Scott, Mrs. J. E. Baughn, Mrs. G. Barns, Mrs. G. Moncrief, Mrs. J. E. Weir, Mrs. F. Leslie, Mrs. R. J. Allen, Mrs. F. E. Hooper, Mrs. C. S. Thompson, Mrs. R. R. Baker, Mrs. Chas. Allen, Mrs. N. E. Crowe, Mrs. E. L. Sackville, Mrs. M. G. Hardill, Mrs. F. L. Buckland, Mrs. G. W. Craw, Mrs. W. R. Philp, Mrs. J. A. McKone, Mrs. W. Howell, Mrs. C. H. Saunders, Mrs. G. Miller, Mrs. H. Martin, Mrs. W. G. Ovens, Mrs. H. R. Sills. The plates were replenished by Mrs. G. H. Cutmore, Mrs. B. V. Moore, Mrs. W. Perry, Mrs. F. E. Anderson, Mrs. M. Comstock, Miss E. Anderson, Mrs. J. W. Kelly, Mrs. G. Reinhardt, Mrs. J. E. Middleton, Mrs. J. E. Foote, Mrs. Chas. Elliott and Mrs. W. G. McLaren.

The home cooking table was in charge of Mrs. E. R. Shirley assisted by Miss Linden Hall, Mrs. J. Low, Mrs. A. Scott, Mrs. C. M. Scott, Miss M. Lees, Mrs. V. Foster, Mrs. A. B. Gates and Mrs. C. B. Waite.

Mrs. H. A. Mitchell, in charge of novelties, had Mrs. C. L. Upper and Mrs. B. I. Burgess attending the wishing well, and Mrs. R. J. Bolton, Mrs. M. Hart, Mrs. O. Smith, Mrs. J. Frisken, Mrs. I. McRae, Mrs. W. Derry, Mrs. W. C. McCreery and Mrs. H. Powell at the table.

Draw tickets on the purse were sold by Mrs. W. R. Philp, Mrs. J. Allan and Mrs. L. Copp. Cake raffle tickets were sold by Mrs. H. L. Bamforth, Miss D. Waker, Miss J. Buck and Miss H. Staples, and grocery hamper tickets were handled by Miss Ruth Barns, Mrs. F. C. Paterson and Miss Lena Dewart.

Mrs. L. M. Brooks and Mrs. H. R. Sills were treasurers.

Mrs. Wharry was assisted in decorating by Mrs. B. I. Burgess and Mrs. F. E. Jopling. Mrs. G. Reinhardt did the tea table.

JEANETTE SCOTT CHAPTER

Members of the Jeanette Scott Chapter, IODE, joined at dinner at the South Beach Hotel Tuesday evening for the final meeting until fall.

Mrs. H. Northrop, Regent, presided for a short business meeting at which a successful report of the rummage sale held recently was presented by the treasurer, Mrs. Philip Turner and the convener, Mrs. Ross Matthews. Those making knitted and sewn articles were asked to hand them in by June 14.

It was reported that an oxygen tent and attachment has been purchased and placed in the children's ward at the Civic Hospital.

Mrs. John Davern was appointed assistant treasurer.

The evening ended with showing of the interesting films, "Ballot Boxes," "Klee Wyck, Story of Canada's Most Famous Artist, Emily Carr," "Toronto Symphony Orchestra conducted by Sir Ernest MacMillan," and pictures of Newfoundland. Mrs. R. Matthews and Miss Helen Watson of the Library staff showed the films.

Hudson-Morin

Madeline Viola Morin, daughter of Mrs. Minnie Morin of Peterborough and the late Frederick Lewis Morin, became the bride of William John Hudson, son of Mr. and Mrs. Lorne Hudson of Palmerston, Ontario, in a quiet ceremony solemnized in St. Paul's Anglican Church, Virginiatown, by the Rev. Grey.

The bride wore a blue street-length dress with blue picture hat, matching accessories and a corsage of pink carnations. Mrs. Fern Lalonde, matron of honor, wore a grey dress, matching hat and a corsage of pink carnations.

Mr. Gordon Lalonde was groomsman.

A reception was held at Hotel McGary, where Mr. and Mrs. John Elliott received the guests.

The bride and groom left for a motor trip to Palmerston and points south. The couple will live in Virginiatown.

DOROTHY DIX

Man Short on Sweet Talk Lacking in Gift of Gab

DEAR DOROTHY DIX — If a fellow is really in love with a girl, how often should he tell her about it? My boy friend, who is 26, rarely mentions his feelings to me, and I worry over it. We are engaged now and I have been thinking that if he doesn't tell me over and over again how much he loves me before we are married, probably he will never tell me so after we are married.

What can I do, and how shall I act to make him give me sweet talk often? I am the type of girl who needs a lot of affection. Please give me your anvice on the subject.

MARIAN.

Dorothy Dix

ANSWER—Evidently you are one of the sentimental maidens who crave to be perpetually babied and petted and made much of, and, such being the case, you will make a great mistake if you marry a man who is a dumb lover. He will make the sort of congealed husband who never mentions the state of his affections but once, and out of whom it takes atomic pressure to get even the ghost of a compliment.

That a man passes into the silence as soon as he has gotten through with the chore of courtship is no proof that he is not devotedly in love with his wife, and that he does not think her the most wonderful woman in the world. It is just because he feels silly pouring sweet nothings into Mary Jane's ears. He has told her once that he adores her and he feels that that is enough for a lifetime. She should remember it.

Wife Can't Forget

—Of course, as a matter of fact, she does remember it. No woman who loves a man ever forgets a syllable of what he said when he popped the question to her, she just wants to hear it over and over again. And that is why wives are forever asking their husbands: "Do you love me?" "Am I as dear to you now as I was when I was a bride?" "Do you think I am as beautiful as I used to be?" And if the husband has the gumption, God promised a fishing worm, he will say: "You are more beautiful and I love you more every day."

Unfortunately, however, there are many everloving husbands who haven't the gift of expressing their feelings and who only grunt when thir wives try to extract a little sweet talk from them. And that gives us the horde of pathetic wives who are starving for the love that their husbands never show them.

So the answer to the question of how much a man should tell his sweetie or his wife how much he loves her is, say it every day in every way. She will never get tired of hearing it.

✧ ✧ ✧

DEAR DOROTHY DIX — My mother-in-law started showing her dislike for me long before her son and I were married. We have been married for several years, but now something has happened that makes me feel that I must stop it before it goes farther. My mother-in-law is teaching our little son to disregard me. The other day when he came home from a visit to his grandmother I told him to do something and he replied: "I don't have to do that. Grandma told me to mind Daddy, but not to mind you."

Now the grandmother wants to have the child come to her for the week-ends, but I want to tell her "no." What shal I do?

ANXIOUS MOTHER.

✧ ✧ ✧

ANSWER—If your mother-in-law is so lacking in principle that she is trying to break down your authority with your child, it is you duty to separate him from her. A mother's infuence and teachings do more to form a child's character than anything else that ever happens to him, so you will be fully justified in keeping him away from anyone who is poisoning his mind against you.

✧ ✧ ✧

DEAR MISS DIX—We are a group of 17-year-old girls and we need your advice. The boys of our age do not date us because their parents baby them so. We don't expect to be taken out to expensive places of amusement. We just want to have fun with them. But they don't even come to our parties. The boys from a neighboring town date us very often and this makes the home boys furious.

Do you think we are wrong in dating out-of-town boys if our home-town boys won't date us?

THE GANG.

✧ ✧ ✧

ANSWER—If your home-town boys snoot you, you are certainly justified in stepping out with the visiting lads. A date is a date, wherever you find it in these times, and certainly the local boys can't expect you to sit around and suck your thumbs waiting for them to grow up.

In love, as in everything else, competition is the spur to success, so if you want to be popular with the home boys, be awfully nice to the visiting lads.

Maida Cross Weds J. Willis Dunn

In St. John's Anglican Church Saturday, Venerable Archdeacon W. P. Robertson officiated at the marriage of Maida Bertha Cross and Mr. James Willis Dunn. The bride is the eldest daughter of Mr. and Mrs. Arnold C. Cross, 179 Sherbroke St., and the groom is the eldest son of Mr. and Mrs. James W. Dunne of Udora.

Spring flowers decorated the church and Mr. Fred Mann played the wedding music.

Given in marriage by her father, the bride was gowned in ivory satin that was trimmed with panels of lace. She wore a veil of embroidered net, caught to her head with orange blossoms, and carried a cascade of red roses and sweet peas.

Attendants were Mrs. Wilbert Cross, aunt of the bride, wearing a dress of pink moire with matching jacket and pink picture hat. Miss Teresa Cross, sister of the bride, in mauve taffeta with matching halo hat, and Miss Reta Reed wearing yellow organdie and a bandeau of yellow roses. They carried bouquets of roses and sweet peas.

Groomsman was Kenneth Hook and ushers Harold and Gordon Fredenburg.

The reception was held at the bride's home where her mother received, wearing a light green dress, white hat, assisted by the groom's mother in pink taffeta with white hat. Each had a corsage of sweet peas.

For the wedding trip to Niagara Falls the bride wore a brown gabardine suit, matching accessories and fur neckpiece.

They will live in Peterborough.

6—In Memoriams

BELL—In loving memory of a dear husband, Percy Bell, who passed away June 8. 1947.
I have only our memory, dear husband,
To remember my whole life through
But the sweetness will linger forever,
As I treasure the image of you.
—Ever remembered by his wife, June and Alvin.

BELL—In loving memory of a dear father, Percy Bell, who died June 8, 1947.
Nothing can ever take away
The love a heart holds dear
Fond memories linger every day
Remembrance keeps him near.
—Always remembered by his daughter Mary, husband and children.

DRUMMOND—In loving memory of a dear brother Fred Drummond of the S. D. & G. Highlanders who gave his life June 7, 1944.
The depths of sorrow I cannot tell,
Of the loss of one I loved so well
And while he sleeps a peaceful sleep
His memory I shall always keep.
—Too dearly loved to be forgotten by brother Walter (Buster).

MILLBURN— In loving memory of Robert Cameron Mullburn who gave his life in battle, June 8, 1944.
—Lovingly remembered by father, mother and sister.

MUMFORD—In loving memory of our dear baby Clinton Arthur who passed away June 9, 1948.
He was only a little white rosebud
A sweet little flower from birth
God called him home to Heaven
Before he was soiled on earth
— Ever remembered by, mother dad, Gail and Gerald.

Clapper Opens

(Continued from Page 13)

During the 10 year period ending in 1948, the gross income of Canadian farmers had soared from $962,000,000 to $2,835,000,000 and mortgages had been greatly reduced in the same period.

Employment Record

Every way of measuring the conditions of Canadians indicated they were better off now than they had ever been. The Liberal government had carried out its 1945 pledge to create jobs, Mr. Campbell said. There had been a 12 per cent increase in the number of employed since 1945. Industries had been reconverted to peace time production and employment had not declined in the switch-over.

Mr. Campbell said he thought Dit Clapper was an ideal candidate because he was a young man with energy and the time to devote to government work. Canada was a young country and it needed young men like Mr. Clapper to work in its government.

Young Country

"We have a good chance of winning this riding," said Dr. Atkinson. With a vigorous young man like Mr Clapper who was able to stay at the top in professional hockey as player and coach the Liberal party was getting the sort of men it wanted to take the place of those who have left the government after hard years of service.

Canada has seen two examples of the statesmanship of Prime Minister St. Laurent in Newfoundland joining the dominion and the part Canada has played in the North Atlantic Security Pact, Dr. Atkinson said.

RULE OF THUMB

During the reigns of George 1 and George II, the wedding ring was often worn on the thumb.

LAND OF FORESTS

Forests cover about 15,000 sq. miles of the 42,700 square miles of Newfoundland.

FIVE GENERATIONS—Five generations are represented in the above picture, which was taken recently on the Hiawatha Reserve, Rice Lake. At LOWER RIGHT is James Jarvis, 90, who lives alone in the cabin shown in the picture; he has lived on this reserve all his life. At LOWER LEFT is his daughter, Mrs. Thomas Parker, of Beaverton. In the BACK ROW, at the RIGHT, is Mrs. Parker's daughter, Mrs. Dorothy Greer of Montreal. At the LEFT in BACK ROW is Mrs. Barbara Harris of Toronto, daughter of Mrs. Greer and granddaughter of Mrs. Parker. The little boy is Dennis, son of Mrs. Harris.

Resorters Found Fish Order For Big Fishers

Decision to set up the "Order of the Kawartha Muskie" in an effort to publicise more vigorously the tourist attractions of the Peterborough resort area was made at a meeting of some 40 resort operators held Tuesday night at the offices of the Chamber of Commerce. It was the first meeting of the newly organized Resort Operators' Section of the Chamber of Commerce and James M. Fraser, manager of the Chamber, presided.

To all tourists who catch a maskinonge weighing more than 15 pounds will be awarded a certificate suitable for framing, signed by the Chamber of Commerce president, together with a crest for wearing on a windbreaker or shirt. At the end of the fishing season the visitor who catches the largest "muskie" will receive a special certificate designating him as "Worshipful Grand Master" of the order.

The members also decided to study ways and means by which similar classifications could be set up for bass and pickerel.

New Tourist Booklet

Approval was given of the recent action of the Chamber of Commerce in embarking upon publication of a new tourist booklet for Peterborough and surrounding district, and several operators pledged themselves to take space in it.

A general discussion took place on various mutual problems such as guides and boats, and the prediction was made that this would be a good tourist year.

W. M. Gemmell, president of the Chamber, spoke briefly, expressing the executive's desire that the resort operators become an integral part of the Chamber, with representation on the executive.

The next meeting will be held in September.

Expel 4 Hungarians

BELGRADE, June 8 (AP) — Yugoslavia Tuesday night ordered four minor Hungarian diplomatic officials out of the country within 48 hours as the result of a spy trial in Novi Sad, Yugoslav city on Hungary's border. The action came on the heels of a similar move Monday night by Hungary, which demanded withdrawal of four Yugoslav officials from Budapest following the trial.

Handle Administration

NEW DELHI, June 8 (Reuters) —India Tuesday took over administration of the 2,818-square-mile northern border state of Sikkim "in the interests of law and order." The action followed a letter Monday from the local Maharaja to India's political officer in the state capital of Gnagtok, saying administration could not be carried on satisfactorily without Indian assistance.

Restricted Education

TORONTO, June 8 (CP)—The Calgary-born vice-chancellor of Oxford University thinks it "sheer nonsense" to talk about free University education for everyone. But Very Rev. John Lowe, 50, one of the youngest vice-chancellors in Oxford's 800-year history, said Tuesday in an interview that he believes free University education for qualified students would be a good national investment.

Keene Church Marks 116th Anniversary

KEENE, June 8.—(ENS).—The 116th anniversary of Keene United Church was marked on Sunday at both services. The guest minister was Rev. Verner McNeely, MA, of Oshawa, a former minister, and president of the Bay of Quinte Conference. Special music was provided by the choir and visiting soloist was Mrs. D. Jackman. David Potter was organist and choir leader. The floral decorations in the front of the church were very beautiful and showed much taste on the part of Mrs. Rennie, the convener.

Next Sunday, June 12, Rev. George Campbell will preach at Keene, Bethel and Zion. The sacrament of the Lord's Supper, which was to have been held next Sunday, will be observed on June 19.

Announces Four Safety Awards

MARMORA, June 8.—(ENS).—The June meeting of the Deloro Safety Committee was held in the Electric Shop Tuesday afternoon. C. H. Buskard, chairman, presided.

F. Gray reported for the Suggestions Committee, reading out seven suggestions received in May.

In the Competitive Committee, given by W. Regan, four awards were announced, the Star to be awarded the General Division.

C. T. Nicholson reported for the Inspection Committee, of which W. Burke will be floating member for June.

Others reporting were R. E. Neal, for the Publicity Committee and Plant Bulletin and T. Cousins for the Health and Investigation Committee.

Bailieboro WA Plans Strawberry Festival

BAILIEBORO, June 8—(ENS)—Mrs. Otis Burns was hostess to the Women's Association of Bensfort United Church recently. Plans were discussed for a strawberry festival to be held June 23.

Mrs. Arthur Beebe (nee Marie Armstrong), a recent bride, was presented with an electric table lamp, Mrs. Earl Wilson making the presentation.

Mrs. B. Heywood and Mrs. E. McCallister were in charge of the missionary program. Mrs. L. Harris gave a reading "Discovery" and Mrs. Roy Whittington read a paper "That Is Not Mine." Prayer was offered by Mrs. E. McCallister.

A report on the convention at Norwood was given by Mrs. Lorne Harris.

Personals

Mrs. Josie Barnard of Toronto is a guest of Mr. and Mrs. Arnold Barnard.

Mr. and Mrs. George McKnight and family of Millbrook were Sunday guests of Mr. and Mrs. W. C. Dawson.

Mr. and Mrs. Herb Patton and family of Millbrook were Sunday guests of Mr. and Mrs. W. C. Wood.

FRED J. WEIR

Fred J. Weir Joins Manitoba Civil Service

OMEMEE, June 8 — (ENS) — Fred J. Weir, B.S.A., who graduated from Ontario Agricultural College, Guelph, has accepted a post in Winnipeg, Manitoba, as Horticultural Extentionist for the Manitoba Government.

Mr. Weir received his public and high school education in Omemee, spent one year in Lindsay Collegiate and graduated from the Peterborough Normal School.

In August, 1940, he enlisted in the Royal Canadian Air Force. He served four years overseas as an observer in Egypt, Malta and Ireland, returning to Canada in September, 1945. In October, 1945 he enrolled in O.A.C., Guelph. In April of this year his appointment as Horticultural Extentionist was announced by the Manitoba Government. This was the first time in O.A.C. history that such an appointment was announced before the student had graduated.

Carrier Gets Repairs

HALIFAX, June 8 (CP)—The Navy's 14,000-ton aircraft carrier Magnificent, damaged when she grounded on a submerged rock off Nova Scotia's south shore Saturday, will go into drydock for repairs, it was announced Tuesday. No one was injured in the grounding.

100 Baptists To Attend Toronto Rally

Approximately 100 people from Peterborough district will attend the diamond jubilee convention of the Baptist church in Toronto June 9 to 15. It is expected that the mammoth rally will draw 5,000 Baptists from Ontario and Quebec. Thirteen official delegates will go from Peterborough, six from Murray St. Church, four from Park St. Church, and three from Gilmour Memorial Church (Chemong Rd.)

The convention is a combined affair, uniting the Baptist Young People's Union and the women's organizations of the church in a series of meetings, pageants and rallies.

Delegates and representatives will leave Thursday morning for the opening session, Rev. I. C. Morgan, Murray St. Rev. E. J. Whan of Park St., and Rev. L. S. Haverstock of Gilmour Memorial will attend.

Sixtieth Anniversary

The jubilee meetings are being held to celebrate the 60th anniversary of the unions of the Quebec and Ontario conventions in 1889.

Historical pageants will show the early work done by Baptist conventions in the two provinces and Baptist efforts in the missionary fields of India and Bolivia. Discussions will be held on the educations of ministers, temperance and D. P. immigration. Committees will discuss minimum salaries, pensions, and the possibility of launching a $300,000 church extension fund campaign.

About 20 young people from this district will attend the rally being held Sunday night in Varsity Arena, where the vice-president of the Baptist World Alliance, Dr. Townley Lord, will be the speaker. Music will be provided by a massed choir from the Toronto churches.

A special bus is going from Peterborough on Wednesday, June 15, for the last session of the convention, which also will be held in Varsity Arena. This will be the coronation service, and Dr. R. J. McCracken of Riverside Church, New York City, former president of the Baptist convention, will give the closing address.

344 YEARS OLD

Old Port Royal, Nova Scotia founded in 1605, was the first permanent settlement of white colonists north of the Gulf of Mexico.

BRIDGING THE GAP—A staff of eight interpreters help to get visitors and buyers together at the Canadian International Trade Fair. Edward Maubach, left, directs the corps of three men and five girls, capable of saying no in 12 languages. Mr. Maubach translates in German, French Spanish, Greek and Italian in the department of the Secretary of State at Ottawa. Ana Maria Brull, CENTRE, is the daughter of the Cuban minister to Canada and speaks French, Spanish and Italian. Georgette Lamoureux speaks French and Spanish. All, of course, are fluent in English.

Plan Control Of Automobile Wrecking Yards

In co-operation with the city's developing policy of control of automobile wrecking yards, Otonabee council passed a bylaw Monday providing for their regulation by the municipality.

The city council has its own problem of trying to prevent establishment of these places. It was suggested to the adjoining townships that they might be willing to take similar action to extend the curb on these unsightly tin heaps, particularly to keep them away from residential areas.

Charles Nelson and Robert Keitel asked the council for permission to cut down trees on township roadsides for lumber to be used in the building of the Otonabee Memorial Rink.

A motion by Richard Stewart, seconded by David McIntyre, that this request be granted on condition that the felling of any trees for this purpose be under the supervision of the road superintendent and the owner of adjoining property, and also subject to the consent of the Department of Highways.

Keene cemetery board was given permission to install a three-foot square culvert through the cemetery grounds, subject to the approval of the Department of Highways.

It was moved by Roy Spears and Mr. McIntyre that the clerk send to the Otonabee Municipal Telephone System an account for the Bell Telephone law suit settlement of $1,000 plus the legal costs amounting to $416.81.

John Cooney, Peterborough RR 10 (Warsaw Road) township assessor, discussed assessments and was appointed building inspector for the township. Mr. Thomas Weir has been acting inspector for the last year or more.

Mr. Weir, clerk and treasurer, and tax collector, for 6½ years gave his resignation to the council. He has been unwell for several months but has been able to attend to his work during that time. The council accepted the resignation after a lengthy discussion.

A motion by Mr. Stewart and Mr. Spears authorized the clerk to advertise for an official to succeed Mr. Weir, applications to be mailed to the reeve, according to custom.

Stress Human Rights

TORONTO, June 8 (CP) — A complaint that fundamental human rights are not being fully respected in Ontario is contained in a brief presented to Premier Frost Tuesday by the Toronto Association for civil liberties. The brief asked that legislation be enacted to ensure a person, regardless of race or religion, would have the right to obtain employment; purchase or rent housing and commercial property and use the facilities of any hospital, hotel, restaurant or other public place in the province.

WCTU Study Course Prizes Are Presented

SPRINGVILLE, June 8—(ENS) — At special service on Sunday evening, in the United Church the W.C.T.U. prizes for examinations in the scientific temperance study course were presented.

The following boys and girls received awards

Junior age 9 and under: Joy Seymour, Don Sargent, Claudette Chretien; junior age 9, 10 and 11, Lila Seymour, Lois Lord, Carolyn Whitfield; Intermediate, Doreen Bowles, Irma Shaw, Karl Dunford; Senior, Marilyn Bowles, Hazel McIntosh, Edna Davis.

Each of the senior girls also won county prizes and Marilyn Bowles won honourable mention in the province. On behalf of the W.C.T.U. the presentation of the seventeen books was made by Dr. C. S. Reddick and Mrs. Gordon McIntosh.

A choir of young people of the church sang two anthems. Mervin Rowan sang a solo "When Jesus Comes", Dianne Cullen also contributed a solo and Eleanor and Marilyn Bowles a duet.

Doreen Stevens was pianist for the evening and her sister, Betty, accompanied on the violin for the choir numbers.

During the receiving of the offering, the junior choir sang, with solo parts by Donnie Gibson, Joy Seymour Don Sargent and Jim Seymour.

Allan Stevens led the worship in song.

Gives Message

The message was brought by Everett Wicks of the Peterborough Christian Business Men's Association. Speaking on the text, "Ye must be born again". He said that many people today are trying pleasure and money-making in a search for happiness, but it is all in vain; for, only true happiness and satisfaction come to those whose lives are truly surrendered to the will of God.

Personals

Mrs. Thomas Chadsey of Toronto was the guest of her parents, Mr. and Mrs. S. S. Staples, over the week-end.

Miss Gertrude Hicks of Toronto is a guest of Mr. and Mrs. Walter Bowles.

Miss Viola Neals of Peterborough spent Sunday with her parents, Mr. and Mrs. Perry Neals.

SEARCH HEADQUARTERS — A truckload of searchers checks in at the isolated farm home of Michel Fontaine before resuming their hunt for the six-year-old youngster who disappeared May 31 in the densely-wooded uplands near Eastman in Quebec's Eastern Townships. To the LEFT is the loudspeaker-equipped truck which issues orders to the search parties scattered over the countryside.

ERA Official Quits

SWAMPSCOTT, Mass., June 8 (AP)—Peter W. Hoguet, New York lawyer, Tuesday night announced his resignation as chief of the United Kingdom-Ireland-Iceland Program Division of the European Recovery Program. In a speech before the Christocratic Club of Lynn, Hoguet said his resignation was effective May 31 and gave as his reason "difference of opinion with certain personnel" with whom he had to deal.

Ladies' Guild Holds Tea And Sale

LAKEFIELD, June 8—(ENS)—A successful tea, rummage sale, sale of homecooking and sewing was held by the Ladies' Guild of St. John the Baptist Anglican Church last week.

Guests were received by the rector's wife, Mrs. L. T. Delaney, with Miss Annie Atwood at the door.

The home cooking table was managed by Mrs. J. Twist and Mrs. J. Sanderson.

Mrs. L. Quackenbush, president of the Guild, and Mrs. O. A. Langley supervised the sale of articles at the knitting and sewing booth.

Mrs. R. Campbell and Mrs. C. Cherry were in charge of the rummage sale.

Mrs. B. Q. Dench was convener of the tea, assisted by Mrs. Grace Stuart, Mrs. R. Burgess, Mrs. Harry Jewell, Miss Ogilvie, Misses Patsy Nickels and Barbara Trude.

Gets Honorary Degree

TORONTO, June 8 (CP) — Arthur R. Ford, editor-in-chief of the London Free Press and former president of The Canadian Press, Tuesday night received an honorary degree of Doctor of Laws from the University of Toronto. He is Chancellor of the University of Western Ontario.

Beavers Moving To New Abode

GORE'S LANDING, June 8—(ENS)—Two busy little beavers are exploring the shore of Rice Lake just west of this village with a view to settling permanently if allowed to build their new homes. Nigel Drayton, naturalist, has been keeping a watch over them since they picked on his shore line as a possible location.

Hearing a noise at midnight around the boats at his dock, Mr. Drayton went down to investigate. Nothing was to be seen, so he returned to the house and once again the noise started. On his return his flashlight clearly showed the marks of the beaver's feet and tails as they were having a happy time hopping from the dock across the boat and back again.

Beaver were formerly in Goose Creek, some miles down Rice Lake, where they dammed the water back, flooding a considerable area of land. These newcomers may be the advance guard from Goose Creek, seeking a new home.

People Crowding To See Britain's Country Fairs

By DON GILBERT

LONDON, June 8 — (CP) — Britain's battle to produce more food has brought boom times to home agriculture — and a great popular life to country fairs.

All manner of people flocked to a show at Ashton Park near Bristol to see in the flesh the animals that hold promise of a bigger meat ration or more plentiful supplies of milk, butter and cheese.

There were land owners, farmers, market gardeners — the growing community of those who have acquired an acre or two and have gone into food production in a small way — and plain country dwellers who traditionally pay a call when the fair is on.

They watched herdsmen parade around the ring the thick-set beef animals, the 11 breeds of graceful dairy cattle and the scrubbed bacon hogs. They looked over the 15 breeds of sheep and plodded through the farm layout where the Agriculture Ministry is demonstrating how to grow better grass.

Plenty of Beef

They watched Stockman Sidney Downes groom his two-tone Hereford bull, Free Town Bystandard, prior to leading him into the judging ring.

Guernseys the "golden butter" breed, vied with Jerseys and Ayrshires in dairy cattle classes. The Guernsey supreme championship went to Sir Briam Mountain. Canadian-born Lord Beaverbrook copped a third prize with an Ayrshire heifer.

There were goats in the show too. Their milk is used for ice cream as well as for cheese and for medicinal purposes.

Young farmhands demonstrated a gasoline-operated sheep-shearing machine.

An old-time shepherd wagered one of the youngsters that with his hand shears he would do a better job than the mechanical clippers. Both had the fleece off in the same time—eight minutes.

450,000 Mine Workers Strike For Week, Blame Over-Production

Lewis Says Layoff Good Thing For All Some Owners Agree; Walkout Bolsters Bargaining Position

WASHINGTON, June 9—(AP)—The 450,000 members of the United Mine Workers start a week-long strike Monday to underscore John L. Lewis' lecture in economics to the United States coal industry. Lewis told the industry Wednesday it has over-produced badly and the shutdown will help eat into the huge, 52-day supply of coal already mined.

"This period of inaction," he said, "will emphasize a lack of general stability in the industry and the dangers which will accrue therefrom if current harmful practices are not remedied." And he added:

"The Mineworkers are required again to protect affirmatively the human and property values inherent in the coal-mining industry."

Lewis said the strike will be a good thing all around. Some mine owners agreed. An industry source at Pittsburgh said:

"Many coal producers will be glad to see a shutdown. It has been all outgo and little income recently because of supply backlogs.

But there were dissenting opinions.

President J. Atlee Schaefer of the American Retail Coal Association, said "Lewis is violating terms of the present contract by calling out miners prior to the expiration date."

As for the miners, their reaction was summed up by one UMW member who said: "John L. has always been right for us before, hasn't he?"

The strike comes on the eve of crucial negotiations for a new contract. By reducing the 65,000,000 tons of stocked coal above ground, the walkout will bolster Lewis' bargaining position.

Princess Rides In Colorful Guards Parade

LONDON, June 9 (CP)—In a ceremony which belongs to the ages—the trooping of the color in the Horse Guards' Parade—the King and Princess Elizabeth were central figures today at the biggest spectacle London has seen since the Royal wedding of 1947.

The parade, first full-dress trooping since before the war, was the official celebration of the King's 54th birthday. It seemed although half of London turned out to watch.

For the majority of the 1,500 Guardsmen executing the complicated movements and wheeling lines it was a new experience. Though they had known the smoke, confusion and discipline of battle, many had never before worn the traditional parade dress of scarlet, blue and bearskin.

Princess Elizabeth, in dark blue riding habit, brass buttons, and peaked cap, rode a chestnut police horse named Winston. Riding side-saddle, the Princess was acclaimed the heroine of the day as she replaced the King in her capacity of Colonel of the Grenadier Guards. His Majesty, due to recent ill-health, travelled in an open state coach drawn postillion fashion by two handsome greys.

The Queen and Princess Margaret drove onto the parade ground in an open car to watch the ceremony from a window over the Horse Guards' Arch. They were joined there by Queen Mary and other members of the Royal Family.

Once or twice during the hour-long ceremony, Elizabeth's horse gave trouble by prancing and sweetting.

When the massed bands began playing "Men of Harlech" for the slow march past, Winston ducked his head and backed out of line. The Princess, looking agitated, urged him forward into position.

Will Decontrol Steel Prices

OTTAWA, June 9 (CP)—Steel prices likely will be decontrolled in Canada before the end of the year, it was learned Wednesday.

The government is expected to review the steel situation shortly in conjunction with future prospects of United States steel and coal production. If the United States gives assurance that neither commodity will be in short supply, then decontrol likely will follow.

There have been indications that steel and coal will be in ample supply in the United States this winter. At the same time the supply of steel has improved in Canada during the last few months.

Kincardine Rejects Sale Of Beer, Liquor

KINCARDINE, June 9 (CP)—This Bruce County town Wednesday night rejected the sale of beer and liquor in a plebiscite that showed about 90 per cent of the eligible voting population going to the polls on the four issues.

The vote, second in the last three years for this municipality which has been "dry" for the past 33 years, was close on the liquor retail store and brewers' warehouse ballots. On the two ballots for men's and women's beverage rooms, however, the "drys" virtually swamped the "wet" forces.

Had Power To Sign

OTTAWA, June 9—(CP)—A government spokesman today said there was proof that Canadian negotiators did have the power to sign the new Canada - United States Bilateral Air Agreement last Saturday. He was commenting on a Washington report in which James E. Landis, a director of Colonial Air Lines, told members of the Senate Committee on Foreign Commerce that he has proof that the Canadian negotiators, headed by Transport Minister Chevrier, were without power to sign when the pact was concluded.

Howe Denies Any Truth In Drew Charge

ST. CATHARINES, June 9 —(CP)—Trade Minister Howe today described as "senseless and completely without foundation" charges that he arranged a "secret deal" under which the Canadair Limited plant near Montreal was sold to the Electric Boat Company of the United States for $4,000,000.

He said a statement Wednesday night by George Drew, Progressive Conservative leader, that there were 'irregularities" in the contract were "as senseless and completely without foundation as were Mr. Drew's attacks on the North Star aircraft and the Merlin engine."

Mr. Howe said the government had no knowledge of the arrangement under which Benjamin Franklin, Canadair's original director, and his associates transferred ownership of Canada's largest aircraft plant to its present owners.

He challenged Mr. Drew to name the Canadian manufacturers who, the opposition leader said, were prepared to pay more for the plant than the least-option arrangement of $200,000 annual rental or $4,000,000 option to buy which was actually concluded.

Wants To Study It

Mr. Howe, campaigning here for the June 27 federal election, issued a statement replying to Mr. Drew's statement.

Mr. Howe said: "Details of the lease-option agreement were worked out by War Assets Corporation, the government agency charged with the responsibility of disposal of all government war plants that were surplus to government requirements. Full details of the transaction were placed before parliament at the time and can be found in Hansard."

The charge came from George Drew, Progressive Conservative leader, who repeated in an address at Fort William the statements he made in the Commons during the last session of parliament.

He identified the purchasing firm as the Electric Boat Company of the United States and described it as a "notorious" member of a "sinister" international armament ring investigated by the United Kingdom and the United States before the Second World War.

3 Children Suffocate In Unused Ice Box

WALNUT RIDGE, Ark., June 9 (AP)—Arkansas State Police reported today a 10-year-old boy said he slammed shut the door of an unused ice box, causing deaths of three other children.

Police identified the boy as James (Buddy) Chesser, uncle of one of the victims.

Police quoted James as saying the children were playing "I spy," when all three climbed into the old-fashioned wooden box last Friday.

He shut the door of the box and was unable to get it open.

"My mother called me then to go to the store. I was scared. I ran home and went to the store. Then I forgot."

The victims were James Delbert Chastain, two, Joyce Ann Chastain, nine and Shirley Ann Ramsey, six.

Fear Murder As No Trace Of Small Boy

Police Now Believe Lad Never Lost In Woods At All

EASTMAN, Que., June 9 (CP)—A Provincial police spokesman said today he suspects "murder" in the disappearance 11 days ago of six-year-old Michel Fontaine.

Police, he said, were checking the possibilities of foul play as well as the theory that the boy had merely lost his way in the woods but "as for myself and many others, it seems impossible that this child, sick and scarcely able to walk, should disappear without leaving a trace."

Three members of the Provincial police homicide squad now are in the isolated Brome County area carrying on their investigation.

Recent information reaching police, the spokesman said, is gradually removing doubt that the boy had been lost in the woods. "There seems to be no doubt that it is a case of murder."

Little Michel was reported last seen Monday evening May 30 when directed by two older brothers, who sent to bring in the cows, to return to the farmhouse home.

His failure to arrive there set off what grew into a gigantic, well-organized search.

Police authorities in Montreal would make no statement.

Luscious Lucy Finds Her Man

COLORADO SPRINGS, Colo., June 9—(AP)—"Luscious Lucy" appears to have found her man.

Lucille Archibeque, a Los Angeles accounting clerk, is attending the current convention of the United States Chamber of Commerce for the admitted purpose of locating a husband.

The 23-year-old brunette, whose extravagent physical architecture has already earned her the name of "Luscious Lucy" among the Jaycee delegates, said Wednesday night that 24-year-old Sandy Crews of St. Catharines is "just what I'm looking for."

'He's got the most terrific manners," she said in an interview.

'And he speaks terrific French. I love his French."

Crews, an automobile salesman in St. Catharines, is a convention delegates. His unabashed opinion of Lucille is: "She's really got something."

Crews' only worry is that competition may become a little too crowded in this jammed resort town. 'I've got to figure a way to scrape off all the other guys hanging around," he said. "You know, this convention ends Sunday. I been thinking. A guy 24-year-old ought to be having thoughts about marriage."

Won't Cancel Blockade Monday

PARIS, June 9—(AP)—Russia was expected to reject today the request of Dean Acheson, United States secretary of state, that the "little blockade" of Berlin be lifted by Monday.

At the same time western authorities who have been conferring with the Russians in Berlin said that an East-West trade agreement—virtually concluded—could go into effect almost immediately were it not for the Berlin rail strike.

The western powers have told the Russians to order the Soviet-controlled railway management to meet the strikers' demands and end the walkout, or there would be no signatures on the trade agreement.

Informants in Berlin said the Russians actually desire a trade agreement with the west and are using the foreign ministers conference in Paris as a smoke-screen to hide their eagerness.

These Berlin sources believed that as soon as the trade pact is concluded the true Soviet position at Paris would be disclosed.

Transfer Grassland Day To Farm of F. W. Rowland

Adverse weather has compelled the committee in charge of the event to transfer the central Ontario Grassland Day, June 29, to the farm of Ferd W. Rowland, adjoining Central Smith cheese factory on the Peterborough-Lindsay highway. The weather's recent combination of prolonged drought and cold nights verging on frost has been causing the committee, headed by George A. Gillespie, increasing uneasiness as they observed the suspended growth of hay on the field of Cathcart Farms, Springville, which was selected several months ago.

The committee was reluctant to make the change. Advertising stickers had been printed, and arrangements were made generally for the Springville location, on the east side of No. 28 Highway, south of the C.P.R. at Kendry.

Some fertilizing had been done this year to quicken the growth for Grassland Day, and the big field had been laid out for parking, display of machinery, refreshment booths and so on. But, the Maytime promise of the weather gradually failed the committee. Conditions in many parts of the province have become even worse than the Peterborough district during an abnormally dry season, and with chilly nights that dipped to frost.

Had To Do Something

That was the dilemma of the committee, and towards the end of last week doubts were gradually resolving into a conviction that something had to be done, if possible, to obtain fields which as a result of some favoring circum-

Crops Needing Week Of Rain

TORONTO, June 9 (CP)—Ontario crops, parched by 14 days of drought and scourged by frost, may have suffered so severely that a week of steady rain would only partly revive them.

This opinion was expressed Wednesday night by Charles Hooper, president of the Canadian Federation of Agriculture.

"Wells are running dry," he said. "Spring grains and hay crops are getting no chance to grow. Some farmers will plow under their wheat crops. Some crops planted two months ago have not yet come up."

Weather forecasts promise no relief. Clear and a little warmer weather is forecast for most sections of Ontario.

Growers throughout Essex County's rich agricultural areas are concerned over the lack of rain but the situation is far from the proportions it has assumed in central Ontario.

Oficials at the Dominion Experimental Farm, Harrow say cold weather is having as much effect on the corn and soybean crops as the lack of moisture. No frost damage has been reported in Essex.

Get $1,000 At Carnival To Aid Fire Victims

COOKSVILLE, June 9—(CP)—A carnival held by the Business men of Cooksville, a Toronto suburb, to raise money for Mrs. William Belford, whose husband and two children were burned to death in a fire in their nearby Dixie home a week ago, netted a total of $1,000, officials announced today.

The money raised Wednesday brought the total raised by local residents for the family to $5,000, they said.

4 Reds Take On 200 Men With Fists Swinging Drive Out Rail Strikers

Looters Invade, Occupy Berlin Building Tear Down Stalin Pictures; U.S. Military Government Sends Guards

BERLIN, June 9—(AP)—Four fist-swinging Russian officers today beat back a looting mob of 200 railway strikers who invaded the American-sector headquarters of the Soviet-controlled Berlin railway. Later, on orders of the United States government, western police guarded the entrance of the five-storey building as a result of Soviet Commandant Alexander Kotikov's official complaint against the "hoodlum mob."

Meanwhile, rail strikers picketed the building, preventing most of the headquarters staff from reporting for work.

One Soviet officer, escorting a Russian woman, was assaulted this morning. Pickets stormed around his car when he stopped in front of the building. Another Russian officer rushed from the entrance to help. They pushed through the mob, holding the arm of the Russian woman. One of the Russians was kicked from the rear. He ignored it.

The West-German police guarding the buildings kept a hand-off policy, except to warn several pickets who seemed to be getting too threatening.

Occupy Building

The mob invaded and occupied the building late Wednesday night, but retreated shortly after midnight when the four Russian officers arrived.

The Russian, angered by the sight of the mob ripping pictures of Prime Minister Stalin off the walls, pitched into the strikers with their fists and drove them to the ground floor of the building.

The mob withdrew after the arrival of 100 American-sector German police, after the Russians had complained about the "hoodlum" invasion.

Some 14,000 employees of the Soviet-controlled Reichbahn have refused to work since May 21 unless demands for west-mark wages, union recognition and job security are granted.

Commando squads from a West-Berlin union overpowered several East-German guards and brandished a captured stock of pistols.

The strikers held the building for about an hour. Then the four Soviet officers arrived.

Before completing their withdrawal from the building the strikers looted a storeroom of Russian-canned food and liquor. They then drove off six Soviet-licensed automobiles from the basement garage.

Atlantic Pact Western Shield Bevin Declares

BLACKPOOL, England, June 9. —(CP).—Foreign Secretary Bevin today described the Atlantic Pact as a western shield against the biggest army in the world—Russia's.

"It is the largest army, the greatest power in the world that is mobilized today," Bevin told the annual Labor party conference, "and I want to see that brought to an end, not by war but by example — by remaining firm ourselves . . .

"There has never been a dictator in the history of this world who has not talked peace when he was preparing for war.

"Do not be misled."

Bevin told the conference he believes he has established "a basis upon which a real structure of peace can be raised."

He called the Atlantic Pact "the biggest step in collective security that has been taken in the history of the world."

The foregin secretary said he thinks it regrettable that Russia had refused Marshall plan aid.

Should Aid Starving

"Quarrel as we like about Communism or Democracy or anything else," he said, "when millions of people are starving and somebody offers to assist you, then I think it is regrettable that it is turned down."

Bevin said Britain would be ready to deal with whatever party gained supremacy in China—"if they will let us."

"The present British government never had and never would interfere in China's internal affairs, but he warned China's future government "not to ostracize their friends all over the world."

Wednesday the government launched its bid for a second five-year term with stern warnings to private enterprise to improve its operations and not be "anti-social."

Health Minister Bevan, a former miner who frequently is called of Britain, said that given another five-year term of office, the Labor party would establish a society of which Britons everywhere could be proud and which would be an example to the rest of mankind.

The response to Bevin's fiery speech was an ovation such as has been given by the delegates to no other leaders except Prime Minister Attlee himself.

Chinese Communists Watch Big 4 Paris Conference

By SEYMOUR TOPPING.

NANKING, June 9 (AP) — Chinese Communist leaders were reported today watching the big four Foreign Ministers conference as a guide for relations with the western powers.

Diplomatic observers here believe the outcome of the Paris meeting will be a strong influence on the pattern of Red relations with Britain, the United States and France.

The foreign-policy line of the Chinese Communists of late has followed closely the lead of Russia.

Failure of the big four ministers to ease tensions of the cold war is expected to further strain the Chinese Reds' relations with the west.

There is differing friction between the United States and the Reds.

This centres on the treatment of American Consulate General at Mukden in Red Manchuria. The United States State Department May 17 ordered the Consulate closed. For six months it had been isolated from all contact with the outside.

American officials have received no reply from the Reds to a request for facilities for withdrawal of Consular personnel and supplies. The Embassy feels anxiety for the welfare of Mukden Consulate General Angus Ward, his staff and nine of their dependents.

The most serious British trouble is trying to get the damaged sloop Amethyst out of the Yangtze River to a British port. The ship has been marooned between Nanking and Shanghai since April 19 when she was fired on by Red shore batteries.

French officials are viewing uneasily the Communist drive through south China toward the Indo-China border.

Hockey Pain In Neck Pastor Tells Flock

CALGARY, June 9 — (CP) — Brandon Wheat Kings, Western Canada junior hockey champions, are "a pain in the neck," Rev. Norman E. Todd of Brandon said Wednesday night.

In an address before the final session of the two-day annual meeting of the Calgary-Lethbridge Baptist Association, Mr. Todd denounced tendency of Wheat Kings' supporters to follow their favorites at the expense of church attendance.

The pastor of First Baptist Church in Brandon said his flock had deserted a church meeting to attend a playoff game. The desertion took place, he said, "although they knew a piece of rubber would be chased up and down the ice" by the same players who had chased it just hours before.

Mr. Todd said it would "be hard to find a single benefit to Brandon from the hockey club's success, except that retaurant and liquor businesses had enjoyed a boom."

Fredric March, Robinson 2 Film Stars Called Reds

WASHINGTON, June 9—(AP)—A secret report to the Federal Bureau of Investigation naming Fredric March and other Hollywood film workers as Communists held top billing today in Judith Coplon's espionage trial—and drew condemnation from the people listed.

The report, which March branded "the most absurd thing I ever heard of," was produced over the vigorous objection of the government. It said a confidential informant advised the FBI April 25, 1947, that "Fredric March was a member of the Communist party and has been co-operating for many years."

In the report, the same informant — identified only as ND402—told the FBI that:

"The subject (March), who is active in the Communist infiltration of the motion picture industry, is a Communist party member along with Edward G. Robinson, Paul Robeson, Dorothy Parker, Donald Ogden Stuart, Ruth McKinney, Alfred Maltz, Alvah Bessie, Dalton Trumbo, Millen Brand and Michael Blankfort."

There was nothing in the report to indicate who the informants were, beyond the symbols used. Nor was there anything to indicate how reliable they were or how much credence the FBI placed in what they said.

Actor Edward G. Robinson said he had never been "even remotely connected" with the Communist party and never played a role "that is so grand as that of an American citizen."

Paul Robeson, the Negro singer was in Moscow giving a concert.

Dorothy Parker, writer, said "I'm damn glad to be an American and always have been. I regret to say I know no Russians, but I wish I did. Maybe it would help understanding if we all knew some Russians."

Report Incident Aboard Frigate

HALIFAX, June 9 (CP)—The navy declined further comment on an after - dinner "incident" aboard the frigate Swansea here, the fourth such episode on a Canadian naval vessel this year.

Only official announcement of the affair was a one-paragraph statement issued Wednesday. It said: "After dinner hour today eight young seamen failed to resume work on H.M.C.S. Swansea when piped to do so. The matter was immediately investigated by the executive officer, following which the men resumed work."

The navy did not give any reason why the seamen failed to answer the pipe.

A navy spokesman today declined to confirm or deny reports that some of the men had barricaded themselves in their mess.

To Substitute Open Licence For Europe

Most Import Quotas To ERP Countries Will Be Removed

NEW YORK, June 9 —(CP)— The New York Times says today the British Government is prepared for the first time since the war to take a "significant" step away from strict bilateralism" in foreign trade.

In a dispatch from London, the Times says Britain would substitute "open general licences" applying to all countries participating in the European Recovery Program, in place of the quotas which now apply to each country separately.

Under the proposed system the Times says, "the British market would in effect become open to competition from other participating countries."

The Times says the proposals were put forward by the British delegation to the organization for European economic co-operation in Paris. The proposals, it adds, involves removing entirely among some or all E.R.P. countries, quantitative restrictions on imports of greed lists of items.

Liberalize Trade

LONDON, June 9 —(CP)—The Times of London says today proposals to "liberalize" European trade were discussed at a meeting last week of the organization for European economic co-operation in Paris.

Details of the proposals were unavailable but they were said to be concerned with removal of import quotas and other quantitative restrictions, the Times says in its financial columns.

stances provided the stand of hay that was needed for a Grassland success.

Nothing was actually decided until Wednesday night because the proposed change of location involved switch in planning that called for final consideration, particularly for the best field advantages for the full porposes of the show. The committee spent an hour or more reviewing their position, and in the end decision was unanimous.

The new site is the former Young farm which has been acquired by Mr. Rowland who had sold his place on the second line of Smith to the Hydro-Electric Commission.

Committee Members

The members present were: W. Sutton, Art McIntyre, W. W. Dawson, Art. Douglas, Melville Johnston, Jeremiah Mahoney, Robert Armstrong, Wilson Gemmell, Robert McAdam, Robert Armstrong, Vern Campbell, Cliff Curtis, Richard Stewart, W. Winslow and Mr. Gillespie.

The action of the committee is one of the effects of the abnormal weather in May, now extended into the second week of June.

Appreciation of the co-operation of both Mr. Cathcart and Mr. Rowland was expressed by the committee who found on the Central Smith farm an advanced growth of hay that is not duplicated on many farms of this district.

Coal Production Up

ESSEN, June 9.—(Reuters). — More than 41,000,000 tons of coal were produced in western Germany during the first five months of 1949, Henry Collins, chief of the joint coal control group, reported today. This was eight million tons more than in the corresponding period last year.

Declares Drew Gets Things Done

TWEED, June 9—Many of the problems hat confront Canadians will be solved quickly if George Drew is elected prime minister on June 27, Premier Frost declared here Wednesday. Among these were Dominion-provincial relations and housing, and it was Mr. Frost's belief that the latter, which is more urgent, would be settled by a stroke of the pen or at least in a matter of hours.

The Premier, making his debut in the federal campaign, spoke on behalf of R. B. Arnott, Belleville, the Progressive Conservative candidate in South Hastings, at the annual picnic of the Hastings East PC Association on the shores of Lake Stoco.

Mr. Drew's record as a premier of Ontario proved that he could get things done, Mr. Frost declared. He indicated many things which later were copied by the federal administration. Among these were capital grants for hospital construction.

"All Health Minister Martin did when he introduced his health scheme in 1948 was tear a page out of the book of Old Man Ontario. The Progressive Conservatives in this province showed the way and the Dominion just copies us."

Mortgage Scheme

It was Mr. Drew's government that embarked upon the scheme of lending money on second mortgages to persons buying their own homes. Now the Dominion is suggesting that other provinces should follow suit and that Ottawa would consider combining these loans with those granted under the National Housing Act so as to eliminate duplication in collections.

Left Too Long

"This should have been done months ago, not just three weeks prior to an election," Mr. Frost declared. "Mr. St. Laurent's speech before the Federation of Canadian Mayors was just a pious statement of certain principles that should have been put into effect long before this."

Dominion-Provincial relations can be solved by people of goodwill and commonsense who have confidence in those they are dealing with.

"In this matter there must be confidence between governments," Mr. Frost insisted. "But how can any one have confidence in an administration that broke faith with us in respect to corporation taxes?"

Surplus Too Big

Mr. Frost was critical of the Federal Government for showing a surplus of $100,000,000 in one month. He declared there should be some explanation as to why this exorbitant amount of money should have been extracted from the people.

"The basis of the Progressive Conservative Party is a belief in freedom, economic and political freedom." He continued: "We don't want a party in power that is going to push us around. We should be able to push the Government around at times. It might stir them into action."

The Progressive Conservative don't believe there should be a means test for old-age pension. They stand for giving $40 a month to everybody at 70 years of age or even 65.

"If some millionaires," he said, "get $40 which they don't need, we'll take it back in the form of taxes."

Motorists Fined

After city police accused Hector MacMillan, Campbellford, of driving 80 mph, MacMillan pleaded guilty to speeding and was fined $30 with $2.50 costs Wednesday at city police court. Five other motorists were today each fined $10 with $2.50 costs for speeding and six were fined $5 with $2.50 costs.

Three motorists who pleaded guilty to going through stop signs were each fined $3 with $2.50 costs. Two parking offenders each paid $3 and there was one fine of $3 for riding a bicycle on the sidewalk.

Progressive Conservative Elected In N. Cochrane CCF Trails By 2992 Votes

COCHRANE, June 9—(CP)—The Progressive Conservative party retained the far-northern constituency of Cochrane North in Provincial by-election voting Wednesday. Late returns covering 105 of the riding's 108 scattered polls showed 6,132 votes for Marcel Leger, Progressive Conservative candidate, against 3,140 for Roy Kenney, his lone C.C.F. opponent.

The Liberal party did not contest the seat, made vacant through the death of John Carrere, Progressive Conservative victor in the 1948 Provincial election. He was killed in a level-crossing accident last fall.

Party standings in the 90-seat Ontario Legislature now are:

Progressive Conservatives, 51; C.C.F., 21; Liberals, 13; Labor-Progressives, two; Liberal-Labor, one. There still is one vacancy remaining in the constituency of Leeds.

Easy Victory

Mr. Leger, former Hearst school teacher who resigned as district relief inspector to contest the by-election, won a comparatively easy victory. He stepped into the lead from the start, showing 304 votes against 181 for Mr. Kenney on 11 early polls, and never was headed.

He lengthened his lead as the vote-counting progressed to cement the victory.

Mr. Kenney is a 28-year-old war veteran and paper company employee from Kapuskasing.

There were 14,153 eligible voters in the far-flung riding, which takes in railway, mining and lumbering settlements to the south and west of James Bay. In the 1948 general election, 75 per cent of the eligible vote was cast.

Of the 1948 total, 3,838 votes went to Mr. Carrere, 2,585 to the C.C.F., 2,321 to the Liberal candidate and 1,659 to the Union of Electors.

The riding has Ontario's most northerly poll—at Albany. Election officers flew there before the by-election to conduct the vote. Other centres included Cochrane, Hearst, Moose Factory and Kapuskasing.

Liverpool Dockers Defy Attlee Appeal

LONDON, June 9 (AP)—Liverpool dockers today defied an appeal by Prime Minister Attlee to end a strike which has tied up perishable food cargoes in about 80 freighters.

At the same time, a spokesman for the National Railway executive—which runs the state-owned railroads — said negotiations to avert a fourth "Sunday only" strike of engineers and firemen have broken down.

Both walkouts are "unofficial," that is not supported by the leadership of the unions involved.

The west coast dock strike also has stopped work at Avonmouth, port of Bristol. It began three weeks ago when dockers refused to unload a Canadian grain ship involved in a Canadian Seamen's Union (T.L.C.) walkout.

Howe Denies

The Progressive Conservative leader said the sale of Canadair—a "disgraceful" transaction—was conducted by "secret" negotiation, with no hint to parliament or the people. The Canadair plant was a crown-owned property.

Not Good Record

He said, too, that evidence before a U.S. Congregational inquiry before the war disclosed that the Electric Boat Company "was one of a sinister group of international armament manufactures."

The Progressive Conservative leader said two of the three officials of the Electric Boat Company examined under oath by the Congressional committee in September, 1934, were Lawrence Y. Spear and Henry R. Sutphen.

"They were at that time vice-presidents of the Electric Boat Company. Both of them were shown as directors of Canadair Limited last year, as well as directors of the Electric Boat Company. Mr. Spear now is chairman of the board of Electric Boat Company."

Mr. Drew said negotiations leading to the sale of the Canadian plant were secret and that no tenders were called, even though Canada has "many experienced . . . aircraft manufacturers."

One of the devices by which the "real cost of the North Star Aircraft was hidden from the public" was the sale to the Electric Boat Company of the accumulated inventory of the aircraft plant "at a fraction of its original cost."

Badly Smashed Up In Dynamite Blast

OSHAWA, June 9—(CP)—Fred Phoenix of Greenbank, 20 miles north of here, is in hospital here today after narrowly escaping death Tuesday night when he was hurled to the ground by a dynamite explosion.

He is suffering two fractured arms and numerous cuts and bruises. It was first thought he would lose the sight of one eye but doctors now are confident they can save it.

Phoenix placed some dynamite to blast a large rock on his farm. When it didn't go off he approached the rock to examine what he thought was a defective fuse. As he approched the dynamite exploded, throwing him to the ground.

Mrs. J. W. Stuart Rites; Burial At Lakefield

Funeral service for the late Mrs. Caroline Amelia Stuart, 77, of 584 Division St., was held on Wednesday at the Kaye Funeral Home. The Rev. Dr. Bruce Gordon of Trinity United Church officiated and pall bearers were her five sons, Lieut. Col. Claire Stuart, Dr. L. J. Stuart, Jack, Alexander and Thomas, and George Kiff, son-in-law. Burial was at Lakefield Cemetery.

Mrs. Stuart died on Sunday at the home of her daughter, Mrs. George Kiff, following a lengthy illness. She was born in Altan, Hampshire, England, daughter of the late Mr. and Mrs. Richard Higgins, and previous to moving to the city 40 years ago, lived in Lakefield. Her husband, John Wesley Stuart, predeceased her.

Se was a member of the Charlotet Street Methodist Church choir and an ardent member of the congregation of its successor, Trinity United Church.

Denies Building Bases

ROME, June 9 (Reuters)—The Italian Ministry of Defence last night denied the Moscow radio reports that the United States was building military bases in Italy. The Ministry described as "completely devoid of foundation" Russian allegations that Italian workers were being used to construct bases and that there were large numbers of United States servicemen in Sicily.

still have the critical eye of an expert as they carefully watch each rider handle his horse or team. One twelve-year-old watched one of the men riding in the Saddle Horses class and said disgustedly to his chum, he can't even post, can he?

Anyone who thinks farmers have forsaken the horse in favor of the tractor would change his mind if he saw farmers at a horse show. Their eyes light up and their whole manner brightens as they talkabout the merits of one horse and the faults of another. But they are a little saddened to find many top prizes among the Percherons and the Clydesdales being taken not by farm horses, but show horses owned by brewing companies.

However, while there are such men as Roy Ferren of Cavan and S. S. Staples of Ida and others, continuing to breed horses and win prizes, they feel all has not been surrendered to the gas engine.

A love of horses and a desire to improve the breed must play a large part in the motive of these men who show their horses in competitions throughout the country.

Some, like G. C. Barrett of Pickering, Ont., combine horse trading with horse showing. Mr. Barrett won many prizes during the afternoon with his team of coal black 2,200-pound Percherons and his team of four and five year old Clydesdales, which were full sisters and almost perfectly matched in their markings. He has trained the Clydes since they were foals and has won five firsts with them.

The Clydesdale was the most popular horse among the exhibitors. There were more showing this breed than any other. Peterborough Fuel and Transfer had the team which was judged best on the grounds. O'Keefe brewery brought six Clydes to the show. Recently, in the Royal Winter Fair their driver, David Faulkner, was the winner in the best driving of six horses competition. His father was one of the original Clydesdale breeders of western Canada. Mr. Faulkner drives his teams with a whistle with a good deal of success.

Judging in all the classes said they were very pleased with the showing. In some of the sections there were not too many entries, but it was good quality stock throughout.

Roy Hardy, Melbourne, who judged the Percherons and some of the Clydes, said the Percherons were the best he had seen in any of the provincial shows in some years.

The youngsters were out in full force not only as spectators but as competitors. In the Saddle Horses and Ponies class, there was keen competition between the young riders.

Winning riders of the child's pony under saddle section were Allan Hoskin, Mary May Ruth, Don Largen, Jack Sargent, Don Fisher, Edgar Down and Jim Rider.

Pat Staples of Springville, won the best ladies' saddle horse competition with her beautiful big gray Trigger. Mrs. J. H. Hudson on Flaxine was second and Byrne Phillips of Oshawa was third on Skipper.

Two sons of Secretary Manager F. Bruce Sargent, Carl, 12, and Jack, were prominent in saddle horse contest. With "Watch Me" Carl won the combination horse competition.

Although horses held the centre of the stage a large part of the time, they did not have a monopoly on the spectators' interest. There were some excellent cattle competitions. There were Jerseys, Shorthorns, Aberdeen Angus and Herefords classes. Harry Gainer, Bailieboro, was top winner in the Jersey class with his 12 beautiful animals. Some of his calves were halter broken only a few days ago and he was well pleased with the way they behaved in the ring.

Mr. Gainer keeps a herd of 50 Jerseys. He has been breeding them since 1930. Like all the other competitors, Mr. Gainer had a busy time preparing for the show The cattle had to be clipped and cleaned and in many cases, broken to the halter.

Malcolm Bailey of Uxbridge won eight firsts with the 11 Aberdeen Angus he brought. His Black Cap of Elm Grove II was judged best beef animal and champion bull. Mr. Bailey has a herd of 60 head.

Top winner in the Shorthorn class was C. W. Lowes of Peterborough. His cattle took nine firsts. There was more close competition among the Herefords. John Stuart Jr. of Old Orchard Farms, had the champion male and female. Other winners were H. J. Hockey, Indian River, and J. Rosevear, Tyrone.

In the Purebred Yorkshire swine competition, Garnet Whitfield, Fraserville, dominated the class. He won 14 firsts in the 16 sections. He had the grand champion boar and sow among his winners. Judge W. R. Thurston of Bobcaygeon said although there few entries some of the swine were just as good and anything seen at the Royal Winter Fair in Toronto.

The Weather

Peterborough Temperatures:

Today:
Night low..37 Noon/...62
Yesterday:
Highest....63 Lowest..35
One Year Ago:
Highest....66 Lowest..44

This morning's temperatures are higher than Wednesday's by about five degrees at most places in the province, and, with this warming trend continuing, there is little risk of frost tonight. The weather map still gives no definite indication of rain, and, in fact, the forecast for today and Friday is mostly clear and warmer. A band of scattered showers across the midwest that had been moving slowly eastward appears now as though it will pass south of Ontario.

Lake Erie, Lake Huron, Lake Ontario, Niagara, Georgian Bay and Haliburton regions:

Clear today and Friday. Warmer. Winds light. Low tonight and high Friday at St. Thomas 47 and 72, Wingham 42 and 73, Trenton 45 and 68, St. Catharines 47 and 70, Muskoka 40 and 70, Killaloe 36 and 70.

Summary for Friday—clear and warmer.

Bylaw Of 1898 Invoked In City Case

For contravening a bylaw passed by Peterborough Town Council in 1898 before the city was incorporated, Bruce Burfield, 689 Lansdowne St. was fined $3 with $2.50 costs in city police court hearings today. The bylaw stipulates that firearms shall not be fired within the town limits and provides for a penalty of not less than $1 and not more than $50.

Edward Lynch, Wellington St., was sent to jail for a month by Magistrate W. R. Philp, K.C., for stealing a car rug from Leslie Bristow. A concurrent sentence of a month was imposed for having liquor in a place other than his home.

Charges By Humane Society

George Kelly, Burleigh Township, faced a charge of causing unnecessary suffering to a horse. He is charged by Humane Society Inspector Gerald Dunford with failing to provide proper nourishment and veterinary treatment to the horse. The case was adjourned by Magistrate W. R. Philp, K.C., to June 16.

Inspector Dunford also laid a charge against Douglas Ferguson, 302 Stewart St. for allowing his dog to run at large. The accused paid a fine of $3 and $2.50 costs.

Henry Darrel Allen, 620 Bolivar St., has laid a charge against Andrew Brotherstone, 652 Waterford St., for failing to stop at the stop sign on Parkhill Rd. before entering George St. A rear fender of Mr. Allen's new car was damaged when the two cars collided at the intersection.

Before the case was adjourned Brotherstone pleaded not guilty to the charge.

Approve US Plan For Stabilizing All Farm Prices

GUELPH, June 9—(CP)—The policy committee of the International Federation of Agriculture Producers has approved a program which includes creation of an international educational centre on agricultural co-operation.

The program, adopted Wednesday, is scheduled to be put before the conference for approval when it resumes plenary sessions at the Ontario Agricultural College here today or Friday.

Approval was also given Wednesday to an American plan to achieve stability in international trade and prices of agricultural products by means of commodity agreements.

The agreemnts, similar to the international wheat agreement would be administered by an international co-ordinating agency and the practicality of extending agreement to such commodities as wool, wood pulp and rice will be investigated.

Endorse Plan

Earlier, the Canadian Federation of Agriculture's plan for disposal of surplus food was endorsed by the committee.

The international educational centre on agricultural co-operation "should be in a position to function as soon as possible," the policy committee decided, "and should start gathering information on the best educational methods in those countries where co-operation has already developed extensively."

It was recommended that the centre, when established, should promote courses on agricultural co-operation within established colleges and universities."

In carying out this program of agricultural co-operation, the committee recommended that IFAP collaborate closely with the United Nations Food and Agriculture organization.

HOG PRICES

TORONTO, June 9 — (CP) — Hog prices were down 25 cents at Stratford today. Grade A were $33.85 from farmers and $34 from truckers.

At Hull dressed grade A hogs were $34.75 delivered.

Honor Inspector For Service Of Twenty Years

CAMPBELLFORD, June 9 — (ENS)—In honor of his 20th anniversary as Public school inspector for Northumberland County, A. A. Martin was the guest of 125 of his former and present teachers at a banquet in St. Andrew's Presbyterian Church Wednesday night.

Following an address read by Charles Haig, principal of Campbellford Public school, Miss Irene Nelson of Colborne presented the inspector with a gold watch and chain. Replying, Mr. Martin eulogized the teachers for their splendid work and said that he appreciated their loyal support.

Brief addresses were given by W. Carlton, Public school inspector for Hamilton Township and Durham County; Mrs. W. Montgomery, Fenella; and R. D. Frise, principal of Brighton Public school

Representing the Department of Education, Col. S. A. Watson, BA, assistant supervisor in elementary education, said that "It has taken 20 years of insight, sympathy and knowledge," he stated. "to have this outpouring of good feeling as we are witnessing here."

Music Developed

He said that music had grown under the supervision of Mr. Martin and that the rural child's lot had been made better by the high school bus being brought to his door.

At the head table were Mr. and Mrs. A. A. Martin, Brighton; Col. S. A. Watson, Toronto; Mrs. J. O. Ralston, C. S. Haig, Miss Hazel Atkinson, all of Campbellford; J. C. McKague, Castleton; Miss Irene Nelson, Colborne; R. D. Frise, Brighton; Mrs. W. Montgomery, Fenella; Mr. and Mrs. W. Carlton, Cobourg; and Mrs. Gorman Young, Grafton.

Mrs. J. Clark led in a sing-song with Miss M. Hardy at the piano. Francis De Carrol sang "The Floral Dance" and "Serenade" accompanied by Mrs. George Nichols.

Mrs. Young introduced Col. Watson and he was thanked by Mrs. Reddick. J. C. McKague presided.

Plan Polio Drive

OTTAWA, June 9 —(CP)—A fund drive next January to coincide with the March of Dimes anti-poliomylets campaign in the United States was decided upon today by the executive of the recently-organized Canadian fund for Poliomyelitis. Officials said there was no affiliation with the American organization despite the fact that campaigns will be held at the same time. Dr. D. L. C. Bingham of Kingston was among those named to a medical advisory committee.

Nine WI Branches Review Past Year's Achievements

ROSENEATH, June 9—(ENS)—One hundred delegates from nine branches attended the 49th District annual meeting of West Northumberland Women's Institute Tuesday in Bethesda (Harwood) United Church.

Mrs. Floyd S. Harnden, president and Mrs. Charlton Grigg, secretary-treasurer, were on the platform. Mrs. Harnden opened the meeting at 10 a.m., with the Institute Ode, with Mrs. Frank Down, Fenella, as organist.

Also present were Mrs. J. H. McCullough, Brampton, Federated secretary-treasurer; Mrs. J. H. Black, Campbellford, Provincial Board director; Mrs. W. J. Hayes, Carleton Place, department representative, and Miss Rourke from Kemptville Agricultural College.

The roll call, a two-minute talk on Our Most Outstanding Achievement of the Year, was answered by one member from each branch. The subjects of their talks were as follows;

Baltimore: Working toward a community hall; Fenella: Raising money for Institute use; Elmview: Girl's work club; Roseneath: Mass T.B. X-ray of township; Cobourg: Parcels sent overseas and adopting a European child; Wicklow and Vernonville: Compiling the village history; Grafton: Development of community park and adopting a European child; Harwood: Completing and furnishing the kitchen in the new community hall; Coldsprings: The rock garden in Coldsprings.

Present Reports

Mrs. C. Grigg presented the report of the previous annual meeting and the secretary-treasurer's report. Mrs. Bart Thackeray and Mrs. Frank Brown, auditors, confirmed the treasurer's report.

The president said she had visited most of the branches during the year and remarked on their progress. She had also attended Girls' Achievement Day in Brighton and presented gifts to girls who had achieved county honors. She had attended the Women's Institute Conference in Guelph in May as a delegate from this district.

Reports of standing committees were presented as follows:

McMann, (Coldsprings) Mrs. Carl Bowman, (Elmview) Mrs. Stanley Macklin, (Fenella) Mrs. Ambrose Fanning, (Grafton) Mrs. Harold Taylor, (Harwood) Mrs. Jack Robson, (Roseneath) Mrs. Frank Brown, (Wicklow and Vernonville) Mrs. C. H. Gillespie.

Chose Conveners

Conveners of standing committees: Agriculture and Canadian industries, Mrs. Mackenzie Rutherford, Colborne; historical research and current events, Mrs. Frank Brown, Roseneath; home economics, Mrs. Ambrose Fanning, Fenella; citizenship, Mrs. Richard Archer, RR 4, Cobourg; social welfare and publicity, Mrs. Neil Carruthers, Cobourg; girls' work, Mrs. James Deviney, Vernonville.

Hostesses Serve Dinner

After dinner, prepared by Harwood Institute, speakers at the afternoon session were the Rev. A. E. Larke, Mrs. Hilton Eagleson, Mrs. James Black of Campbellford, Provincial Board Director, who said 52 new Institutes organized during the past year. Mrs. Eagleson also spoke of the girls' scholarship in rural areas which were supported by the Women's Institutes.

Mrs. J. H. McCullough was another speaker and Mrs. Garnet Isaac of Fenella sang, accompanied by Mrs. Frank Down.

A service in memory of six members who died during the year was held.

The service was followed by talks by Miss Steele, a nurse at Cobourg Health Unit, who spoke about mass X-ray surveys; Mrs. J. Deviney, Vernonville; Miss Rourke, a member of the staff of Kemptville Agricultural College; Mrs. W. J. Hayes, home economist from Carlton Place; Mrs. George Page, Cobourg and Mrs. Keith Harper, Cold Springs who were re-elected members of Cobourg Hospital Auxiliary.

Vernonville Institute invited delegates to hold the next annual meeting in Vernonville.

Our Letters To The Editor

We publish today a letter from a correspondent who disagrees with two letters which we published, one on May 20 and the other on May 30. Mr. Brethen implies in his letter that by publishing these two statements of opinion *The Examiner* indicated its approval of the point of view which was expressed in them. It must be plain to anyone who reads the Letters to The Editor in this newspaper that we publish many opinions which are directly contrary to those which we have expressed in these columns. We regard our Letters To The Editor as a forum in which any matter of interest or concern may be discussed, so long as libel and direct and knowing misrepresentation are avoided. We did not consider either of the letters of which Mr. Brethen complains as incitements to misconduct, or as prejudicial to the public good, and our columns are open to other writers who disagree, or agree, with the opinions which were expressed.

* * *

Mr. Brethen's suggestion that all letters which we publish should be signed has much to commend it, but we do not intend to embrace the rule which he suggests to us. There are good reasons why a writer may choose to remain anonymous. Mr. Brethen and the late Mr. Gordon were fortunate in that they were beyond the reach of any man's malignity; not all people who have strong opinions are so fortunately placed and they must express themselves pseudonymously or not at all. We do not consider that a man who uses a pseudonym has behaved dishonourably if he does not take unfair advantage of his anonymity. The writer of the famous "Junius" letters is still unknown, though he laid down his pen in 1772; the great Jonathan Swift did not hesitate to use a pseudonym when he wrote the Drapier Letters; that great clergyman, Sidney Smith, took the pseudonym "Peter Plymley" when he fought for Catholic Emancipation. All that we ask of our correspondents is that they observe the reasonable rules of controversy, and that their true names be confided to the publishers of this newspaper. We are very glad to extend the use of our letter column to people of all opinions who know how to use it. Nothing but good can come from a free exchange of opinions.

Pass The Buck

A common trait of all societies, as limited as local sports organizations, as large as city councils and provincial governments, is to profess inability to pay for what they desire or consider desirable, and to ask an organization higher along the line to foot the bills. Youthful hockey players want sticks and uniforms, but do not feel that they should pay for them; let a Service Club or the Recreation Commission buy them. Residents along a street badly in need of paving want the street paved, but do not like to pay even a part of the cost. The city as a whole should provide the money, some say. A city needs a new bridge. Let the Government put it up, is the attitude. Mayor E. A. Bourque of Ottawa said on Tuesday at the annual meeting of the Canadian Federation of Mayors and Municipalities:

> "Municipalities contribute extensively towards roadways that link highways and in many other ways . . . and it seems reasonable that the province should pay a fair share."

Provincial governments say that they cannot afford this or that social service; that the Federal Government should contribute heavily.

We do not doubt that many of these demands are, in Mayor Bourque's words "reasonable". We merely point out the tendency. Where does it all end? With the Federal Government, it seems. And who, pray, provides the Federal Government with the money? The people who are parents of the young hockey players, who are street dwellers, who are mayors, who elect provincial legislatures. It is passing one kind of buck in the hope of getting the green kind.

The most insidious characteristic of the whole chain of begging demands is that, if magnified much further, it will lead to a very flabby kind of paternalism. Isn't it about time that people from the hockey youths to provincial cabinet ministers cut their demands to suit their purses, or practised a little more self-help?

In the long run people pay for what they get, even for a hand-out. It is rather a good thing to pay directly, oneself. Then there is more direct control over the amount spent and the methods of spending it. Spending other people's money is too easy, and the rub is that in the affairs mentioned above, it is really their own money they are spending.

Mass Honeymoon

The U.S.A. has no quintuplets but in almost every other way its genius for mass production is unrivalled. It began the manufacture of automobiles on assembly lines; it put a thousand offices into one sykscraper; it has staged multiple marriage ceremonies. Now it is to provide mass honeymoons. An enterprising fellow in Los Angeles, a travel agent called Wesley Oliver, has devised a "packaged" honeymoon for newly-married couples.

He has chartered a train and is selling a complete tour to June bridegrooms. The happy men with their happy brides will board the honeymoon special in California, and go of course to Niagara Falls. They will touch on other cities: Toronto on July 12th, Winnipeg on the 15th. There will be a two-day mooning at Banff, then on to Vancouver. The *recherche* fun it will be! Think of the tales the new brides will have to relate to each other, and the bridegroom's vaunts to the other bridegrooms as they have a night-cap in the smoker! Ingenius fellow, the travel agent.

Parking Meter Cash

There are now about 90 Canadian cities and towns with parking meter installations. Peterborough set up its meters in May 1947 and its experience with them has been happy. They have reduced our traffic problems. Incidentally they have made money. These two results have been the experience of most other places which have resorted to them. From the time the Peterborough meters were installed until the end of April the cash returns from them amounted to $51,574. Of this sum 75 per cent. has gone to the company which put them in. However, by August 1st the meters will have been paid for, and all the receipts will go to the city.

The influx of newly-found cash tends to make the meters seem like tax-raising instruments rather than traffic remedies. This conception of them was shown when the suggestion was made at a recent Council meeting that the Market Square be metered. It is even more noticeable when one considers where the cash collected from the meters goes. It goes into the general accounts of the city, as merely another kind of revenue, another tax. The time is coming (in August) when a decision should be made about this money. If parking pennies are to be considered another nuisance tax, let the Council say so. If not, let the Council and the City Treasury stop treating the meter money like tax gravy.

The revenue from the meters, used as a tax, is discriminatory and unfair. It is a special tax imposed on motorists who have to park down town. Taxes should be general and not imposed on one section of the populace alone. If parking meters are merely tax instruments, they are directed only against motorists and are therefore discriminatory.

The profits from the meters should be used explicitly for the benefit of the people who make them profitable. They should not go into general city funds. Vancouver, which has 919 meters, used the revenue from them suitably. Last year half the revenue of $97,000 was spent for traffic lights, the other half for streets. Nanaimo's surplus of $11,000 after expenses of maintaining its 157 meters were deducted from the revenue was used to provide traffic markers. Peterborough is obviously in need of free parking space. Why should not the profit from the meters be used to buy, equip and staff parking lots? If the revenue from parking meters is properly used, and not dumped into the general municipal funds, there would be few objections to downtown meters.

NOTE AND COMMENT

An economist says it is impossible to spend a dollar you haven't earned. Hasn't heard about charge accounts, obviously.

"Saskatchewan Man Slays Wife With Axe and Saw" says a headline. Must have been a clumsy fellow to need both for a simple job.

A London Letter

From
CONRAD FROST

NEVER for a moment taking his eye off the petrol pump indicator, my garage man said today: "You'll see—this time next year we'll all be begging you to buy a new car; trade your old one in, hire purchase and everything." I neither suggest nor myself accept my garage man as an economic prophet, but I report his words because that is the way people are thinking in England today. And if enough people believe in a thing then, whether it is true or not, it has a way of becoming fact.

* * *

THE same story and the same feeling is abroad everywhere. Hesitating about buying a plastic food container for my refrigerator in a big London store, I remarked to the assistant upon the cost. They wanted 17/6 for a lidded tray about three inches by three. I said it was dear and maybe I would wait until they reduced the price.

"I think you're wise," said the assistant cheerfully. "It can't be long now."

* * *

AND two London public house chains have this week started a price cutting war on the cost of Guiness. One brought the price down from 1/2 to 1/1d. The other retaliated by undercutting another halfpenny. My Goodness! Today, they are both selling at 1/- a bottle!

The gloomy men who inhabit newspaper offices in Fleet Street, and who live so close to events that in spite of being experts they are apt to get motes in their eyes, are coining the word "deflation." It sounds so much nicer than "slump".

But we are a long, long way off having a slump. There will be no slump whilst half the cars on our roads are fit only for the junk heap, whilst half the living rooms are badly in need of new carpets, and a thousand other similar consumer needs are unsatisfied.

* * *

MR. Oliver Lyttelton, former President of the Board of Trade, addressing the Advertising Association last week, told his listeners that the buyer's market was over, that a new phase had begun, that prices would tumble and advertisers again become the "stormtroops of industry."

Why, even Sir Stafford Cripps has had to agree to drop his Budget plan to raise telephone rentals, lest the normal growth of telecommunications shrivelled away. That little error of judgement will cost him £4 million lost revenue!

* * *

MEANWHILE there is labour trouble. Once it was the poor, but now it is the striker who is always with us. At Nine Elms, the biggest goods handling depot in the country, cars and machinery for South Africa, and vast quantities of other export goods are piling up as a result of a go-slow policy, a half-hearted strike measure that cuts out all overtime and piece work.

The token "Sundays only" strike is spreading, and Whitsuntide travel was chaotic, with half the country's rail network paralysed. The London Underground will shut down for twenty-four hours on June 13th. The railwaymen want 10/- a week more.

So much for a rather troubled political and industrial scene which is really no more than a rather dreary backcloth for June, the month of roses, sunshine, packed hotels and rather empty cinemas.

* * *

EVEN the Olympic Games of last year brought nothing like the rush of trade to London's hotels that they are experiencing this year. Most of the swankspots are booked solid until the end of August, and many have bookings made for as far ahead as mid-October. It will be the best summer since pre-war days.

The flesh and blood of the stage is holding its own. Four shows—Oklahoma, Annie Get Your Gun, Brigadoon and The Heiress—are playing to full houses.

And, maybe encouraged by a revival of "the real thing", owner-actor Lupino Lane has agreed that the new Gaiety Theatre, now rising from the wreck of the old, shall be the first to be wired and equipped for television relays.

* * *

THE very name of the Gaiety takes the mind back down the long lane of memory. Nostalgia, even for phases of living one cannot really remember but has only read of, is easily aroused in London.

Last week I went to Camden Town, north London, to the biggest and best known pet shop with the idea of buying a Siamese kitten. I didn't get one. Siamese cats, war casualties, are pretty scarce these days.

Coming back I passed the Crescent made notorious in 1910 by the Crippen Case. Out in Australia there is the current rumour that Ethel Le Neve, the woman in that case, died recently near Perth.

But the fact is that there is a little white haired old lady of 66 living in the South of England, who goes walks with her grandchildren, who takes her place weekly in the local butcher's shop queue, who is Ethel Le Neve. Not even her three children, the eldest a son of 30, suspect her secret. Only her husband knows.

* * *

LONDON'S highest view is now being reached by Europe's highest lift. A 30 second journey whips 10 passengers at a time 185 feet up the campanile of Westminster Roman Catholic Cathedral. Sixty-four more steps give the real bird's eye view from 274 feet.... Anniversary of last week went to Lady Megan Lloyd George, celebrating her twentieth year in the House of Commons. Since she is the only Liberal woman M.P. party politics are being forgotten and Labour and Tory women M.P.s are joining to give her a tea party.... Poster of the week is set by J. B. Priestley whose opera "The Olympians", to be produced at Covent Garden, calls for a Venus. She must be blonde and tall, says Priestly. She mustn't move, say the L.C.C. regulations. Fortunately it's a non-singing role.

YOUR TURN NEXT

An angry subscriber called to see "the scoundrel who wrote the libelous article" about him.

"You'll have to be patient," said the office boy. "He's out attending the funeral of the man who called to get satisfaction yesterday."

Canada's Quiet Social Revolution

(KINGSTON WHIG-STANDARD)

IN the course of an interesting adddress to the Kingston Community Council, Mayor C. A. Curtis remarked that during the war a social revolution had occurred in Canada. Mayor Curtis was summing up the findings of the Royal Commission appointed to investigate the rise of prices, of which he was the head, and he added that the social revolution had happened so quietly that the fact is even now hardly recognized.

It is not unusual that general recognition of the revolution is lacking, for we imagine that most people accept any betterment in their lives with gratitude but without too searching an investigation into basic causes. Furthermore, the very quietness of the revolution would be a factor in limiting recognition of it. The revolution did take place, nevertheless, and many of its products are readily discernible in Canada's national life today.

The revolution, we think, may be broadly described as a redistribution of national income, to the point where that income may be said to be more equitably distributed than at any time in the history of the nation. This was accomplished by large additions to the ranks of the employed, by a progressive system of taxation which places its heaviest imposts on the highest incomes, and by the creation of new social services, along with the expansion of some already in existence.

Among the beneficial results of this social revolution is a higher standard of living than that which prevailed prior to it—an altogether desirable development which, if education and intelligence keeps pace, should in time result in improvement in the health of Canadians generally. The more equitable distribution of national income has also produced a greater demand for almost all lines of consumer goods, which means that industrial, agricultural and other production has increased, or is still trying to increase, to meet the greater demand. And that, in turn, means the maintenance of a generally high level of employment.

* * *

THE revolution has not been an accomplished fact long enough, however, to judge whether its results will be entirely beneficial. While the redistribution of national income was admirable, it has undoubtedly had the effect of reducing the amount of "risk" capital available in the nation. Heavy income taxes in the higher brackets, and heavy corporation taxes, have made it extremely difficult for individuals and corporations to amass sums they are ready to put into a project in which a large element of risk exists. It is true that savings are at the highest national level ever reached, but the great bulk of these savings is not available for investment. Whether this feature of the social revolution will have an adverse effect upon future industrial, commercial and natural resources development remains to be seen.

Another undesirable product of the revolution, in the opinion of some, may be a growing tendency on the part of many people to expect even more paternalism in governments. The extreme of this attitude is described by the quip about people who not only think the world owes them a living, but also expect the government to collect it for them. How much this feeling may be fostered by conditions which have followed the social revolution will probably be revealed, with other effects, both good and bad, when those conditions have prevailed long enough to make appraisal possible.

On Keeping Mum

An important function of the press has always been its careful watch on the honesty and vigilance of public officials. The tradition and purpose of this function is to disclose, not conceal. Many newspaper men have risked their lives by courageously exposing graft, corruption, laxity and collusion in defiance of threats.

Yet there sometimes has to be some concealment in the process of exposure. It often happens that the sources, as well as the reporters, are potential targets of reprisals by criminals, or others whose misdeeds have been revealed.

Hence the general newspaper rule of refusing to disclose news sources when necessity or prudence dictates.

Bible Message

(From the Authorized Version)

Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increaseth strength.

Even the youths shall faint and be weary, and the young men shall utterly fall; but they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint. (Isa. 40: 28-31.)

Letter To The Editor

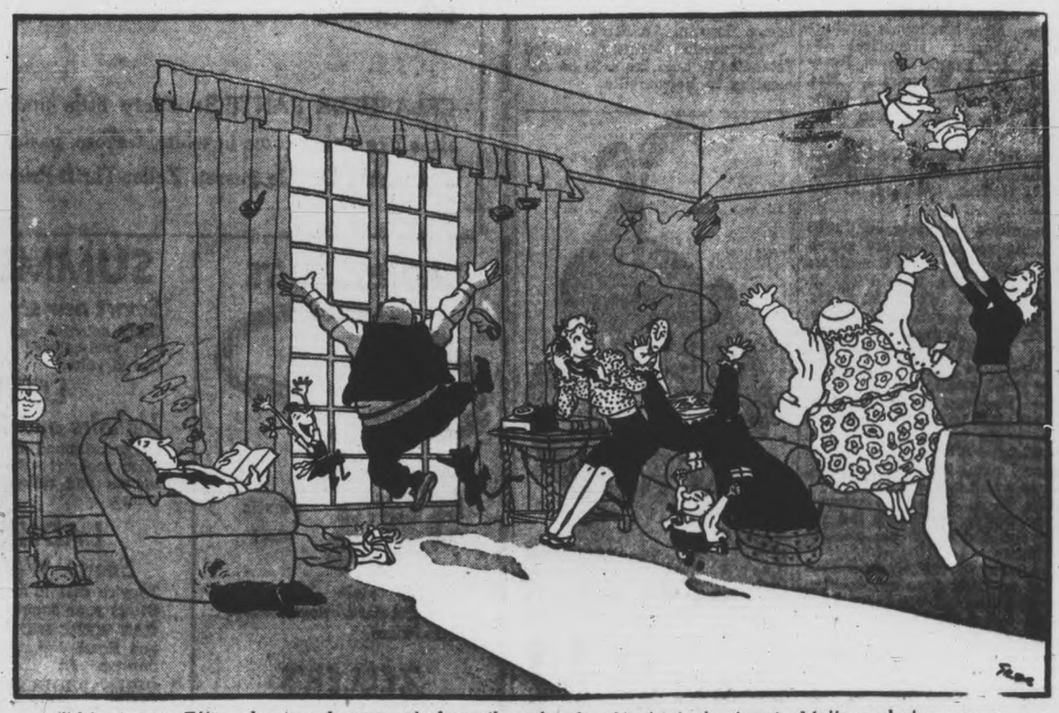
SAYS ILLEGITIMACY ADVOCATED

Sir: Many of your readers were amazed, yea, astounded, by the tenor of some recent letters, published uncensored, and with your approval, under "Letters to the Editor".

One signed 'Mary S." boldly advocated as a 'cure' for present day marital problems 'more intimate relations' between the participants, prior to their marriage. This was followed a little later by a supporting letter to above, in which the writer also under a fictitious name 'Oliver Twist', blantantly announces he was born out of wedlock, and vigorously attacked all and sundry who would dare to uphold the sanctity of marriage.

By way of constructive criticism we would ask you Mr. Editor, just how long the Peterborough Examiner, under the guise of liberty and free speech, intends to open its columns to anonymous advocates of whoredom and illegitimacy and still feel entitled to be classified among local papers as publishers of a 'clean' sheet.

To this end, Mr. Editor, would suggest that the time is ripe for the publishers of the Examiner to blaze a new trail in wholesome journalism by henceforth demanding that the bonafide name and address be attached to every letter when published in the editorial pages of your paper.



In above connection it is worth noting that the late G. N. Gordon who wrote frequently, and often on controversial local questions, in your columns, was never ashamed, or afraid, to sign his name to every letter he wrote.

Sincerely yours,
G. A. BRETHEN.

Norwood.

ED. NOTE: Mr. Brethen's letter is discussed in today leading editorial.

Honor Inspector For Service Of Twenty Years

CAMPBELLFORD, June 9 — (ENS)—In honor of his 20th anniversary as Public school inspector for Northumberland County, A. A. Martin was the guest of 125 of his former and present teachers at a banquet in St. Andrew's Presbyterian Church Wednesday night.

Following an address read by Charles Haig, principal of Campbellford Public school, Miss Irene Nelson of Colborne presented the inspector with a gold watch and chain. Replying, Mr. Martin eulogized the teachers for their splendid work and said that he appreciated their loyal support.

Brief addresses were given by W. Carlton, Public school inspector for Hamilton Township and Durham County; Mrs. W. Montgomery, Fenella; and R. D. Frise, principal of Brighton Public school

Representing the Department of Education, Col. S. A. Watson, BA, assistant supervisor in elementary education, said that "It has taken 20 years of insight, sympathy and knowledge," he stated, "to have this outpouring of good feeling as we are witnessing here."

Music Developed

He said that music had grown under the supervision of Mr. Martin and that the rural child's lot had been made better by the high school bus being brought to his door.

At the head table were Mr. and Mrs. A. A. Martin, Brighton; Col. S. A. Watson, Toronto; Mrs. J. O. Ralston, C. S. Haig, Miss Hazel Atkinson, all of Campbellford; J. C. McKague, Castleton; Miss Irene Nelson, Colborne; R. D. Frise, Brighton; Mrs. W. Montgomery, Fenella; Mr. and Mrs. W. Carlton, Cobourg; and Mrs. Gorman Young, Grafton.

Mrs. J. Clark led in a sing-song with Miss M. Hardy at the piano. Francis De Carrol sang "The Floral Dance" and "Serenade" accompanied by Mrs. George Nichols.

Mrs. Young introduced Col. Watson and he was thanked by Mrs. Reddick. J. C. McKague presided.

Plan Polio Drive

OTTAWA, June 9 —(CP)—A fund drive next January to coincide with the March of Dimes anti-poliomylets campaign in the United States was decided upon today by the executive of the recently-organized Canadian fund for Poliomyelitis. Officials said there was no affiliation with the American organization despite the fact that campaigns will be held at the same time. Dr. D. L. C. Bingham of Kingston was among those named to a medical advisory committee.

Nine WI Branches Review Past Year's Achievements

ROSENEATH, June 9—(ENS)—One hundred delegates from nine branches attended the 49th District annual meeting of West Northumberland Women's Institute Tuesday in Bethesda (Harwood) United Church.

Mrs. Floyd S. Harnden, president and Mrs. Charlton Grigg, secretary-treasurer, were on the platform. Mrs. Harnden opened the meeting at 10 a.m., with the Institute Ode, with Mrs. Frank Down, Fenella, as organist.

Also present were Mrs. J. H. McCullough, Brampton, Federated secretary-treasurer; Mrs. J. H. Black, Campbellford, Provincial Board director; Mrs. W. J. Hayes, Carleton Place, department representative, and Miss Rourke from Kemptville Agricultural College.

The roll call, a two-minute talk on Our Most Outstanding Achievement of the Year, was answered by one member from each branch. The subjects of their talks were as follows:

Baltimore: Working toward a community hall; Fenella: Raising money for Institute use; Elmview: Girl's work club; Roseneath: Mass T.B. X-ray of township; Cobourg: Parcels sent overseas and adopting a European child; Wicklow and Vernonville: Compiling the village history; Grafton: Development of community park and adopting a European child; Harwood: Completing and furnishing the kitchen in the new community hall; Coldsprings: The rock garden in Coldsprings.

Present Reports

Mrs. C. Grigg presented the report of the previous annual meeting and the secretary-treasurer's report. Mrs. Bart Thackeray and Mrs. Frank Brown, auditors, confirmed the treasurer's report.

The president said she had visited most of the branches during the year and remarked on their progress. She had also attended Girls' Achievement Day in Brighton and presented gifts to girls who had achieved county honors. She had attended the Women's Institute Conference in Guelph in May as a delegate from this district.

Reports of standing committees were presented as follows:

Agriculture and Canadian Industries, Mrs. Mackenzie Rutherford, Colborne; Historical Research, Mrs. Frank Brown, Roseneath; Home Economics, Mrs. Ambrose Fanning, Fenella; Citizenship, Mrs. Oscar Sightle, Elmview.

Mrs. Keith Harper, Coldsprings, led community singing, with Mrs. W. A. Hoskin, Cobourg, at the piano.

Committee reports continued with the social welfare report prepared by Mrs. Neil Carruthers and read by Mrs. Harold Taylor, Grafton; Girls' Work, Mrs. Jas. Deviney, Vernonville; Publicity, read by Mrs. Arthur Smith, Baltimore, in the absence of Mrs. Jack Ferguson, the convener.

Girls' Work Displayed

The Harwood girls (Zipping Scissors) had on display their pyjamas made by the junior girls. The Wicklow-Vernonville Nimble Fingers) displayed their sleeping garments and house-coats.

Mrs. W. J. Hayes, department representative, discussed the reports and conducted the election of officers.

The slate of officers was presented by Mrs. Stanley Macklin, convener of the nominating committee. Those elected were: Hon. president, Mrs. George Page, Cobourg; president, Mrs. F. S. Harnden, Grafton; 1st vice-president, Mrs. Hilton Eagleson, Cobourg; 2nd vice-president, Mrs. Gordon Jewell, Fenella; secretary-treasurer, Mrs. Charlton Grigg, Roseneath; federated representative, Mrs. George Page, Cobourg; alternate, Mrs. H. Eagleson, Cobourg; delegate to area convention in Belleville, Mrs. F. S. Harnden, Grafton; alternate, Mrs. Hilton Eagleson, Cobourg; auditors, Mrs. Frank Brown, Mrs. Bart Thackeray, Roseneath; directors, (Baltimore) Mrs. Arthur Smith, (Cobourg) Mrs. Wm. McMann, (Coldsprings) Mrs. Carl Bowman, (Elmview) Mrs. Stanley Macklin, (Fenella) Mrs. Ambrose Fanning, (Grafton) Mrs. Harold Taylor, (Harwood) Mrs. Jack Robson, (Roseneath) Mrs. Frank Brown, (Wicklow and Vernonville) Mrs. C. H. Gillespie.

Chose Conveners

Conveners of standing committees: Agriculture and Canadian industries, Mrs. Mackenzie Rutherford, Colborne; historical research and current events, Mrs. Frank Brown, Roseneath; home economics, Mrs. Ambrose Fanning, Fenella; citizenship, Mrs. Richard Archer, RR 4, Cobourg; social welfare and publicity, Mrs. Neil Carruthers, Cobourg; girls' work, Mrs. James Deviney, Vernonville.

Hostesses Serve Dinner

After dinner, prepared by Harwood Institute, speakers at the afternoon session were the Rev. A. E. Larke, Mrs. Hilton Eagleson, Mrs. James Black of Campbellford, Provincial Board Director, who said 52 new Institutes organized during the past year. Mrs. Eagleson also spoke of the girls' scholarship in rural areas which were supported by the Women's Institutes.

Mrs. J. H. McCullough was another speaker and Mrs. Garnet Isaac of Fenella sang, accompanied by Mrs. Frank Down.

A service in memory of six members who died during the year was held.

The service was followed by talks by Miss Steele, a nurse at Cobourg Health Unit, who spoke about mass X-ray surveys; Mrs. J. Deviney, Vernonville; Miss Rourke, a member of the staff of Kemptville Agricultural College; Mrs. W. J. Hayes, home economist from Carlton Place; Mrs. George Page, Cobourg and Mrs. Keith Harper, Cold Springs who were re-elected members of Cobourg Hospital Auxiliary.

Vernonville Institute invited delegates to hold the next annual meeting in Vernonville.

Our Letters To The Editor

We publish today a letter from a correspondent who disagrees with two letters which we published, one on May 20 and the other on May 30. Mr. Brethen implies in his letter that by publishing these two statements of opinion *The Examiner* indicated its approval of the point of view which was expressed in them. It must be plain to anyone who reads the Letters to The Editor in this newspaper that we publish many opinions which are directly contrary to those which we have expressed in these columns. We regard our Letters To The Editor as a forum in which any matter of interest or concern may be discussed, so long as libel and direct and knowing misrepresentation are avoided. We did not consider either of the letters of which Mr. Brethen complains as incitements to misconduct, or as prejudicial to the public good, and our columns are open to other writers who disagree, or agree, with the opinions which were expressed.

• • •

Mr. Brethen's suggestion that all letters which we publish should be signed has much to commend it, but we do not intend to embrace the rule which he suggests to us. There are good reasons why a writer may choose to remain anonymous. Mr. Brethen and the late Mr. Gordon were fortunate in that they were beyond the reach of any man's malignity; not all people who have strong opinions are so fortunately placed and they must express themselves pseudonymously or not at all. We do not consider that a man who uses a pseudonym has behaved dishonourably if he does not take unfair advantage of his anonymity. The writer of the famous "Junius" letters is still unknown, though he laid down his pen in 1772; the great Jonathan Swift did not hesitate to use a pseudonym when he wrote the Drapier Letters; that great clergyman, Sidney Smith, took the pseudonym "Peter Plymley" when he fought for Catholic Emancipation. All that we ask of our correspondents is that they observe the reasonable rules of controversy, and that their true names be confided to the publishers of this newspaper. We are very glad to extend the use of our letter column to people of all opinions who know how to use it. Nothing but good can come from a free exchange of opinions.

Pass The Buck

A common trait of all societies, as limited as local sports organizations, as large as city councils and provincial governments, is to profess inability to pay for what they desire or consider desirable, and to ask an organization higher along the line to foot the bills. Youthful hockey players want sticks and uniforms, but do not feel that they should pay for them; let a Service Club or the Recreation Commission buy them. Residents along a street badly in need of paving want the street paved, but do not like to pay even a part of the cost. The city as a whole should provide the money, some say. A city needs a new bridge. Let the Government put it up, is the attitude. Mayor E. A. Bourque of Ottawa said on Tuesday at the annual meeting of the Canadian Federation of Mayors and Municipalities:

> "Municipalities contribute extensively towards roadways that link highways and in many other ways . . . and it seems reasonable that the province should pay a fair share."

Provincial governments say that they cannot afford this or that social service; that the Federal Government should contribute heavily.

We do not doubt that many of these demands are, in Mayor Bourque's words "reasonable". We merely point out the tendency. Where does it all end? With the Federal Government, it seems. And who, pray, provides the Federal Government with the money? The people who are parents of the young hockey players, who are street dwellers, who are mayors, who elect provincial legislatures. It is passing one kind of buck in the hope of getting the green kind.

The most insidious characteristic of the whole chain of begging demands is that, if magnified much further, it will lead to a very flabby kind of paternalism. Isn't it about time that people from the hockey youths to provincial cabinet ministers cut their demands to suit their purses, or practised a little more self-help?

In the long run people pay for what they get, even for a hand-out. It is rather a good thing to pay directly, oneself. Then there is more direct control over the amount spent and the methods of spending it. Spending other people's money is too easy, and the rub is that in the affairs mentioned above, it is really their own money they are spending.

Mass Honeymoon

The U.S.A. has no quintuplets but in almost every other way its genius for mass production is unrivalled. It began the manufacture of automobiles on assembly lines; it put a thousand offices into one sykscraper; it has staged multiple marriage ceremonies. Now it is to provide mass honeymoons. An enterprising fellow in Los Angeles, a travel agent called Wesley Oliver, has devised a "packaged" honeymoon for newly-married couples.

He has chartered a train and is selling a complete tour to June bridegrooms. The happy men with their happy brides will board the honeymoon special in California, and go of course to Niagara Falls. They will touch on other cities: Toronto on July 12th, Winnipeg on the 15th. There will be a two-day mooning at Banff, then on to Vancouver. The *recherche* fun it will be! Think of the tales the new brides will have to relate to each other, and the bridegroom's vaunts to the other bridegrooms as they have a night-cap in the smoker! Ingenius fellow, the travel agent.

Parking Meter Cash

There are now about 90 Canadian cities and towns with parking meter installations. Peterborough set up its meters in May 1947 and its experience with them has been happy. They have reduced our traffic problems. Incidentally they have made money. These two results have been the experience of most other places which have resorted to them. From the time the Peterborough meters were installed until the end of April the cash returns from them amounted to $51,574. Of this sum 75 per cent. has gone to the company which put them in. However, by August 1st the meters will have been paid for, and all the receipts will go to the city.

The influx of newly-found cash tends to make the meters seem like tax-raising instruments rather than traffic remedies. This conception of them was shown when the suggestion was made at a recent Council meeting that the Market Square be metered. It is even more noticeable when one considers where the cash collected from the meters goes. It goes into the general accounts of the city, as merely another kind of revenue, another tax. The time is coming (in August) when a decision should be made about this money. If parking pennies are to be considered another nuisance tax, let the Council say so. If not, let the Council and the City Treasury stop treating the meter money like tax gravy.

The revenue from the meters, used as a tax, is discriminatory and unfair. It is a special tax imposed on motorists who have to park down town. Taxes should be general and not imposed on one section of the populace alone. If parking meters are merely tax instruments, they are directed only against motorists and are therefore discriminatory.

The profits from the meters should be used explicitly for the benefit of the people who make them profitable. They should not go into general city funds. Vancouver, which has 919 meters, used the revenue from them suitably. Last year half the revenue of $97,000 was spent for traffic lights, the other half for streets. Nanaimo's surplus of $11,000 after expenses of maintaining its 157 meters were deducted from the revenue was used to provide traffic markers. Peterborough is obviously in need of free parking space. Why should not the profit from the meters be used to buy, equip and staff parking lots? If the revenue from parking meters is properly used, and not dumped into the general municipal funds, there would be few objections to downtown meters.

NOTE AND COMMENT

An economist says it is impossible to spend a dollar you haven't earned. Hasn't heard about charge accounts, obviously.

"Saskatchewan Man Slays Wife With Axe and Saw" says a headline. Must have been a clumsy fellow to need both for a simple job.

A London Letter

From
CONRAD FROST

NEVER for a moment taking his eye off the petrol pump indicator, my garage man said today: "You'll see—this time next year we'll all be begging you to buy a new car; trade your old one in, hire purchase and everything." I neither suggest nor myself accept my garage man as an economic prophet, but I report his words because that is the way people are thinking in England today. And if enough people believe in a thing then, whether it is true or not, it has a way of becoming fact.

❖ ❖ ❖

THE same story and the same feeling is abroad everywhere. Hesitating about buying a plastic food container for my refrigerator in a big London store, I remarked to the assistant upon the cost. They wanted 17/6 for a lidded tray about three inches by three. I said it was dear and maybe I would wait until they reduced the price.

"I think you're wise," said the assistant cheerfully. "It can't be long now."

❖ ❖ ❖

AND two London public house chains have this week started a price cutting war on the cost of Guiness. One brought the price down from 1/2 to 1/1d. The other retaliated by undercutting another halfpenny. My Goodness! Today, they are both selling at 1/- a bottle!

The gloomy men who inhabit newspaper offices in Fleet Street, and who live so close to events that in spite of being experts they are apt to get motes in their eyes, are coining the word "deflation." It sounds so much nicer than "slump".

But we are a long, long way off having a slump. There will be no slump whilst half the cars on our roads are fit only for the junk heap, whilst half the living rooms are badly in need of new carpets, and a thousand other similar consumer needs are unsatisfied.

❖ ❖ ❖

MR. Oliver Lyttelton, former President of the Board of Trade, addressing the Advertising Association last week, told his listeners that the buyer's market was over, that a new phase had begun, that prices would tumble and advertisers again become the "stormtroops of industry."

Why, even Sir Stafford Cripps has had to agree to drop his Budget plan to raise telephone rentals, lest the normal growth of telecommunications shrivelled away. That little error of judgement will cost him £4 million lost revenue!

❖ ❖ ❖

MEANWHILE there is labour trouble. Once it was the poor, but now it is the striker who is always with us. At Nine Elms, the biggest goods handling depot in the country, cars and machinery for South Africa, and vast quantities of other export goods are piling up as a result of a go-slow policy, a half-hearted strike measure that cuts out all overtime and piece work.

The token "Sundays only" strike is spreading, and Whitsuntide travel was chaotic, with half the country's rail network paralysed. The London Underground will shut down for twenty-four hours on June 13th. The railwaymen want 10/- a week more.

So much for a rather troubled political and industrial scene which is really no more than a rather dreary backcloth for June, the month of roses, sunshine, packed hotels and rather empty cinemas.

❖ ❖ ❖

EVEN the Olympic Games of last year brought nothing like the rush of trade to London's hotels that they are experiencing this year. Most of the swankspots are booked solid until the end of August, and many have bookings made for as far ahead as mid-October. It will be the best summer since pre-war days.

The flesh and blood of the stage is holding its own. Four shows—Oklahoma, Annie Get Your Gun, Brigadoon and The Heiress—are playing to full houses.

And, maybe encouraged by a revival of "the real thing", owner-actor Lupino Lane has agreed that the new Gaiety Theatre, now rising from the wreck of the old, shall be the first to be wired and equipped for television relays.

❖ ❖ ❖

THE very name of the Gaiety takes the mind back down the long lane of memory. Nostalgia, even for phases of living one cannot really remember but has only read of, is easily aroused in London.

Last week I went to Camden Town, north London, to the biggest and best known pet shop with the idea of buying a Siamese kitten. I didn't get one. Siamese cats, war casualties, are pretty scarce these days.

Coming back I passed the Crescent made notorious in 1910 by the Crippen Case. Out in Australia there is the current rumour that Ethel Le Neve, the woman in that case, died recently near Perth.

But the fact is that there is a little white haired old lady of 66 living in the South of England, who goes walks with her grandchildren, who takes her place weekly in the local butcher's shop queue, who is Ethel Le Neve. Not even her three children, the eldest a son of 30, suspect her secret. Only her husband knows.

❖ ❖ ❖

LONDON'S highest view is now being reached by Europe's highest lift. A 30 second journey whips 10 passengers at a time 185 feet up the campanile of Westminster Roman Catholic Cathedral. Sixty-four more steps give the real bird's eye view from 274 feet....Anniversary of last week went to Lady Megan Lloyd George, celebrating her twentieth year in the House of Commons. Since she is the only Liberal woman M.P. party politics are being forgotten and Labour and Tory women M.P.s are joining to give her a tea party....Poster of the week is set by J. B. Priestley whose opera "The Olympians", to be produced at Covent Garden, calls for a Venus. She must be blonde and tall, says Priestly. She mustn't move, say the L.C.C. regulations. Fortunately it's a non-singing role.

YOUR TURN NEXT

An angry subscriber called to see "the scoundrel who wrote the libelous article" about him.

"You'll have to be patient," said the office boy. "He's out attending the funeral of the man who called to get satisfaction yesterday."

Canada's Quiet Social Revolution

(KINGSTON WHIG-STANDARD)

IN the course of an interesting adddress to the Kingston Community Council, Mayor C. A. Curtis remarked that during the war a social revolution had occurred in Canada. Mayor Curtis was summing up the findings of the Royal Commission appointed to investigate the rise of prices, of which he was the head, and he added that the social revolution had happened so quietly that the fact is even now hardly recognized.

It is not unusual that general recognition of the revolution is lacking, for we imagine that most people accept any betterment in their lives with gratitude but without too searching an investigation into basic causes. Furthermore, the very quietness of the revolution would be a factor in limiting recognition of it. The revolution did take place, nevertheless, and many of its products are readily discernible in Canada's national life today.

The revolution, we think, may be broadly described as a redistribution of national income, to the point where that income may be said to be more equitably distributed than at any time in the history of the nation. This was accomplished by large additions to the ranks of the employed, by a progressive system of taxation which places its heaviest imposts on the highest incomes, and by the creation of new social services, along with the expansion of some already in existence.

Among the beneficial results of this social revolution is a higher standard of living than that which prevailed prior to it—an altogether desirable development which, if education and intelligence keeps pace, should in time result in improvement in the health of Canadians generally. The more equitable distribution of national income has also produced a greater demand for almost all lines of consumer goods, which means that industrial, agricultural and other production has increased, or is still trying to increase, to meet the greater demand. And that, in turn, means the maintenance of a generally high level of employment.

❖ ❖ ❖

THE revolution has not been an accomplished fact long enough, however, to judge whether its results will be entirely beneficial. While the redistribution of national income was admirable, it has undoubtedly had the effect of reducing the amount of "risk" capital available in the nation. Heavy income taxes in the higher brackets, and heavy corporation taxes, have made it extremely difficult for individuals and corporations to amass sums they are ready to put into a project in which a large element of risk exists. It is true that savings are at the highest national level ever reached, but the great bulk of these savings is not available for investment. Whether this feature of the social revolution will have an adverse effect upon future industrial, commercial and natural resources development remains to be seen.

Another undesirable product of the revolution, in the opinion of some, may be a growing tendency on the part of many people to expect even more paternalism in governments. The extreme of this attitude is described by the quip about people who not only think the world owes them a living, but also expect the government to collect it for them. How much this feeling may be fostered by conditions which have followed the social revolution will probably be revealed, with other effects, both good and bad, when those conditions have prevailed long enough to make appraisal possible.

On Keeping Mum

An important function of the press has always been its careful watch on the honesty and vigilance of public officials. The tradition and purpose of this function is to disclose, not conceal. Many newspaper men have risked their lives by courageously exposing graft, corruption, laxity and collusion in defiance of threats.

Yet there sometimes has to be some concealment in the process of exposure. It often happens that the sources, as well as the reporters, are potential targets of reprisals by criminals, or others whose misdeeds have been revealed.

Hence the general newspaper rule of refusing to disclose news sources when necessity or prudence dictates.

Bible Message

(From the Authorized Version)

Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increaseth strength.

Even the youths shall faint and be weary, and the young men shall utterly fall; but they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint. (Isa. 40: 28-31.)

I had fainted, unless I had believed to see the goodnes of the Lord in the land of the living.

Wait on the Lord: be of good courage, and he shall strengthen thine heart; wait, I say, on the Lord. (Ps. 27: 13, 14.)

For thus saith the Lord God, the Holy One of Israel; In returning and rest shall be ye saved; in quietness and in confidence shall be your strength. (Isa. 30: 15.)

Letter To The Editor

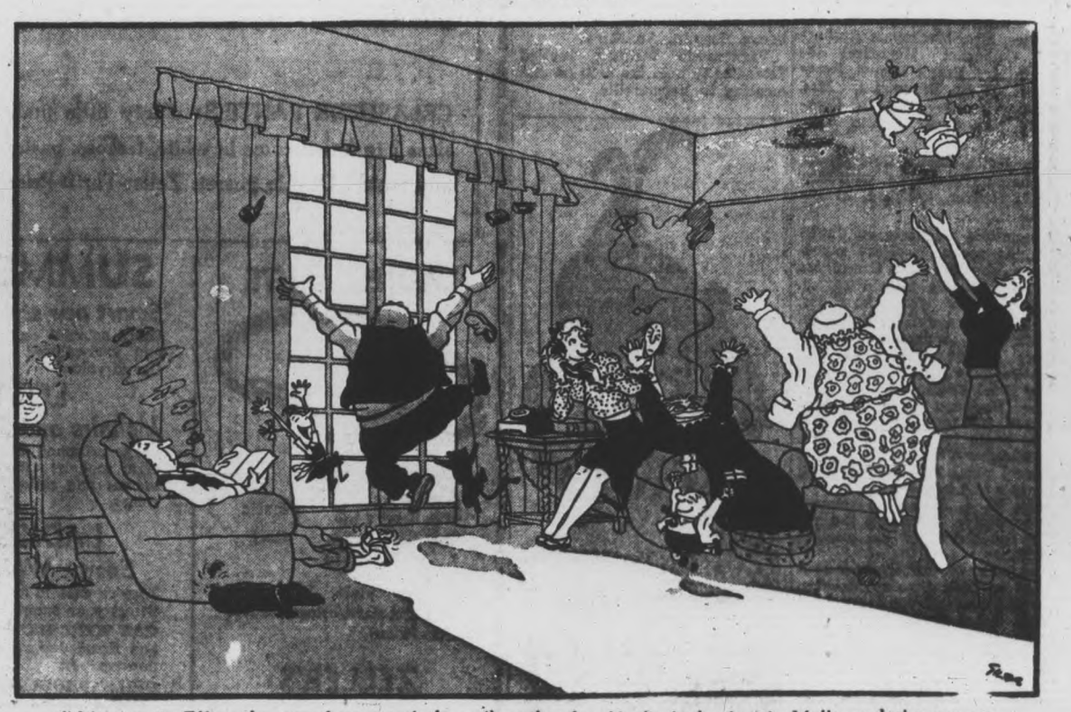
SAYS ILLEGITIMACY ADVOCATED

Sir: Many of your readers were amazed, yea, astounded, by the tenor of some recent letters, published uncensored, and with your approval, under "Letters to the Editor".

One signed 'Mary S." boldly advocated as a 'cure' for present day marital problems 'more intimate relations' between the participants, prior to their marriage. This was followed a little later by a supporting letter to above, in which the writer also under a fictitious name 'Oliver Twist', blantantly announces he was born out of wedlock, and vigorously attacked all and sundry who would dare to uphold the sanctity of marriage.

By way of constructive criticism we would ask you Mr. Editor, just how long the Peterborough Examiner, under the guise of liberty and free speech, intends to open its columns to anonymous advocates of whoredom and illegitimacy and still feel entitled to be classified among local papers as publishers of a 'clean' sheet.

To this end, Mr. Editor, would suggest that the time is ripe for the publishers of the Examiner to blaze a new trail in wholesome journalism by henceforth demanding that the bonafide name and address be attached to every letter when published in the editorial pages of your paper.



In above connection it is worth noting that the late G. N. Gordon who wrote frequently, and often on controversial local questions, in your columns, was never ashamed, or afraid, to sign his name to every letter he wrote.

Sincerely yours,
G. A. BRETHEN.

Norwood.

ED. NOTE: Mr. Brethen's letter is discussed in today leading editorial.

A BRITISH OPINION

"It's Auntie Effie—she says because of the rail strike she, Uncle Jack, Auntie Molly and the cousins can't come for Whitsun, after all."

Brampton Gets Fray Against Petes

Poor defensive play by Petes and expert goal-tending by Sammy Arthurs of Brampton defeated the Petes in Brampton Wednesday night 19-5. Arthurs repeatedly turned the Petes away scoreless after stopping their hard drives. Peterborough never took advantage of the loose balls which the Excelsiors grabbed to score. In an effort to stop the scoring of Brampton the Petes used three goalies. Bun Hill started with Bill Edgar, last year's intermediate goalie taking over for the second and third quarters. Bill Bignell, former Brampton Juniors' goalie, tended the nets in the last quarter.

In a slow first half the Brampton team rolled up a 9 to 1 score. Both teams missed passes. In the first 27 seconds Howse broke to drive home the first goal. From then on Brampton took over. Poor goal-tending and defensive work around the Petes' net allowed the Excelsiors to score from close in.

Beat Defence

In the second half the Petes started to hold their own. But the fast breaking Brampton team broke past the Petes defense six times to make the score 15 to 2 at third quarter time. Digby, a new player with the team scored the lone Petes' tally. With Bignell in the Petes' net the team came to life to outplay the Excelsiors in the last quarter. The stellar play of Bignell sparked the Petes who began to backcheck and break fast. But the play of Arthurs again stopped the Petes from making the score closer. Harry Graham, top scorer of the league, led the scorers with five goals for Brampton, with teammate Al Garbutt in on four. Nick Ferri and Jack Bryans fired three apiece.

Lineups:

Petes—Goal, Hill; defence, McGee, Carson; centre, Creighton; wings, Dugan, Howse; rover, Foote; alternates, Digby, Farley, L. Vitarelli, D. Vitarelli, Teatero, McNulty, Sinfield Edgar, Bignell.

Brampton—Goal, Arthurs; defence, Sheppard, Garbutt; centre, Ferri; wings, C. Madgett, Steele; rover, Graham; alternates, Raine, Evans, Hilson, Bryans, Crawford, Cruikshanks, Ashbee, Eatough.

First Quarter

(1) Petes—Howse, :27.
(2) Brampton—Bryans, 6.05.
(3) Brampton—Ferri (C. Madgett) 6.44.

Geo. Gimblett Captures Stratton Cup

By HERB MARTIN.

In receiving the Stratton Trophy, premier prize in the men's open tournament held on the greens here Wednesday, veteran skip Geo. Gimblett of the local club said "We have had a delightful day, had three hard games. It was a wonderful tournament."

In receiving second prize another veteran, B. Ward, Oshawa, said the same. G. Coleman of Peterborough, thanked all and promised to be back for the next tournament.

A. Black winner of the high two wins, gave all the credit to his rink for doing so well.

C. Palliser, Campbellford, remarked that if he had bowled a little better, his rink might have won the trophy.

The first open tournament held yesterday was a big success. The entry was gratifying to the committee in as much as is was the largest for this trophy for some time.

The afternoon weather was ideal.

All played three 15-end games and play was over before midnight.

Lindsay Takes Close One Over Electrics

Lindsay pulled out a 7-6 Girls Softball League victory over CGE last evening the Electrics having tough luck when Catcher A. Atkins broke an ankle in a collision in the second inning. Lindsay had more hits but also had two more miscues.

M. Owen pitched for the winners and fanned two while M. Perrin whiffed eight, both being stingy with walks but being nicked fairly hard at times. Good fielding in general held the score down, M. Owen, D. Woods, Marg Perrin and M. Batley going best defensively. Marg Perrin hit a triple, and D. Hunter belted a homer. P. Graham led Lindsay at bat with three hits, as M. Batley topped CGE with four.

The teams:

Lindsay—H. Deyell, 2b; P. Graham,1b; D. Wakelin, 3b; D. Hunter, c; M. Chase, ss; D. Woods, cf; P. Richards, lf; A. MacDonald, rf; M. Owen, p.

CGE—M. Batley, cf; Marg Perrin, rf; A. DeCarlo, 1b, c; E. Boyce, ss; M. Perrin, p; M. Todd, 3b; A. Atkins, c; D. Young, 1b; R. Boyce lf; J. Conners, 2b.

Actress Plans Film Vacation

By BOB THOMAS

HOLLYWOOD, June 9 (AP)—Katharine Hepburn plans to take a prolonged vacation from films.

She finishes her M. G. M. contract with her current film, "Adam's Rib." In October she begins rehearsals of "As You Like It," for the Theatre Guild. If its a hit, she'll be in the play most of the year, although she may return here for a picture next summer.

"I'm very excited about it," she told me. "It's the first classic I've ever done. And I love to tour with a show."

Comic Cutups

Jack Benny is responsible for getting Phil Harris his straight acting role in "Wabash Ave." Jack heard producer Bill Perlberg moan that he couldn't get Paul Douglas for the role, he replied, "Harris can do anything Douglas can do."

The comic talked Perlberg into testing Harris for the role and he got the job. "This is the first part I've had that wasn't all teeth and eyes," says the curly-topped bandleader.

Bonarlaw News

Garland McKeown of Ottawa is holidaying at his former home here.

Whip and Pat Get Main Go From Davis and O'Donnell

Whip Watson and Pat Flanagan teamed up in ideal fashion to take the deciding fall over the pair of Wee Willie Davis and Sandy O'Donnell in the main bout at the Brock Arena last night. The good-sized crowd cheered heartily when Pat, at 224, pinned 245-pound Sandy, aided in his corner by Whip, scaling 232, while Davis, 280, looked on helplessly from the opposite corner. It was a sizzling final round to a lively bout. It went 12 minutes.

Davis had dumped the Whipper in nine minutes to even the bout, while O'Donnell threw Flanagan out of the ring and kept him out. The pair had Whip cornered and gave him the business, using boots, knees and fists as well as throwing him into the turnbuckles. Referee Bert Maxwell couldn't keep up with the heated action as the villians threw the book at the popular Toronto pair. The fans kept up a continuous uproar and booed vigorously when Sandy and Davis, after the fall, kept kicking their prostrate opponents.

Whipper Wins

The first fall was taken by the Whip over O'Donnell after 18 hectic minutes. He used the whip hold and a sudden shoulder block after Pat had softened Sandy up with a series of mule kicks and a quick exchange with Watson. Willie and Sandy kept the referee busy as they pulled their usual ganging up and illegal tactics, but the Whip and Pat proved faster and generally held their own. Davis played it fairly canny and let Sandy take most of the rough stuff, and Maxwell missed a lot through prolonged warnings to non-participants.

Tug Carlsen, 228-pound blond, and Al Lovelock, 235, went to a torrid semi-final draw in 30 minutes. They started out like perfect gentlemen, but later Al began to rough it up and finally Tug, who was popular, followed suit. The latter was clever on his feet and both showed a lot of stuff, both scientific wrestling and wide-open exciting grappling. They kept the crowd roaring, especially when Al raced around behind the rotund referee once for protection. Another time, he yanked up the timer's chair and threatened his rival after being chased out of the ring. There was seldom a dull moment as they shot the works, each in turn being hung up in the ropes, and both lying stunned at the final gong.

Al Korman, a capable but rough 225-pounder, won the prelim in 22 minutes from 220-pound Art Brady, using a "neck-breaker" grip, something like a reverse nelson. They opened the bout fast with Korman dirty but taking plenty, too, from Brady. Later, they went to the mat for a time but finished up again in furious fashion, each in turn being tossed out of the ring. The fans liked the action but not the finish.

ONE AT A TIME — Third Baseman Grady Hatton slides into second, but not in time, as Jack Lohrke makes a putout on Frank Baumholtz' grounder to Sid Gordon in first inning at the Polo Grounds. The Giants' second baseman's off-balance throw to first came too late for the double play. Umpire Frank Dascoli calls the play in game won by Cincinnati, 4-3.

Yesterday's Stars

By The Associated Press.

Batting—Stan Hollmig, Phillies' hit two-run homer for only runs in Phils' 2-0 victory over Pittsburgh.

Pitching—Virgil Trucks, Tigers held New York Yankees to three hits in 11-inning, 3-2 victory.

Westclox Girls Take Win Against Ashby's

Westclox edged out Ashby's 5-3 in a swell Girls Softball League fixture last night at the Bowl before a good crowd. It was a snappy struggle with Westclox having a dozen hits but only able to shove across a run an inning five times. Ashby errors hurt their cause as Doris McFadden threw fine ball to fan six. Mary Downer hurled four-hit ball for the victors and struck out nine in a dandy showing, getting better support in this tussle. Her twirling made the difference.

The younger Ashby girls made an excellent showing against a smart squad. J. Dunk and D. Callan went best afield for them while B. Morrow and M. Hawthorne stood out for the Clockers. M. Hawthorne led her side with three hits, as J. Vass belted out a homer and single. D. McFadden got two bingles for Ashby's and R. Gilmour clouted a triple.

The teams:

Westclox—J. Vass, 3b; B. Morrow, ss; A: Anderson, cf; M. Hawthorne, c; M. Selkirk, 1b; J. Warne rf; J. Hardy, rf; I. Clarke, lf; M. Miles, 2b; M. Downer, p.

Ashby's—E. McFadden, 2b; J. Reynolds, c; J. Dunk, 3b; L. Jordan, ss; M. Freeman, 1b; D. Callan, cf; R. Gilmour, lf; R. Naylor, rf; B. Callan, rf; D. McFadden, p.

Central Triumphs

Central took a 6-1 senior Softball League semi-final playoff victory over Queen Mary at the Bowl, tallying two runs in the second, three next time up and another in the fifth. Queen Mary threatened in several frames of the fine fixture but could only count once in the fifth. Teams:

Central—Black, Rowley, Delahaye, Foster, Kelly, Lush Horte-Maxwell, Gardner, Noble, Brooks, Patterson.

Queen Mary — Brady, Drury, Dunn, Watson, Deck, Stave, Cullen, Burgess, Franks, Roberts, Merrett, Patterson.

Umpires—D. T. Crawford and E. Druery.

CEC. PERDUE, Sports Editor

If Lex Robson of Kawartha Club and Gord Harrison of the Peterborough Club enter the $10,000 Canadian Open in Toronto on June 22, they will be competing in exalted company. The high muckymucks of golfdom are expected in the Open as it follows Detroit's $15,000 tourney and just precedes the $10,000 play at Washington. The Detroit card is right after the all-important USA Open at Chicago, so the big golfing stars have a crack at two national crowns and a hunk of $45,000 in four tourneys within 23 days. Bobby Locke, Sam Snead, Lloyd Mangrum, Johnny Palmer, Vic Ghezzi, Cary Middlecoff, Dick Metz and Ellsworth Vines, are all considered probable entries in the Canadian Open.

Two COBL fixtures billed for Riverside Park this Saturday, at 2.30 in the aft and again at 6.30 in the eve. It's Brockville versus the Petes in both, and will be the only scheduled appearance of the Brockville bunch this semester. In their interlocking schedule, they apear for only two games in each town, and the Petes play just two in that centre. With Bill Edger not ready for action yet, the Petes haven't too much box strength but they hope Lefty Dadson and Gunner Whitehill will each go the distance so that relief roles won't be required. As the Brockville bunch split evenly with Oshawa earlier, they must be pretty fair, and two tidy tilts ought to result here.

Owen Sound And Petes

Owen Sound are in second spot now in the OLA senior "A" race, trailing Brampton by two games and just ahead of Mimico and Hamilton by half a game. St. Kitts and Weston are next but just a game ahead of the Petes. So, the clash betwixt Owen Sound and the locals at 8.45 tomorrow night in Miller Bowl is important to both squads. They'll be playing for keeps in this one, and it rates another big crowd if the weather is okay. Petes aren't expected to set the senior "A" loop afire in their first year up but heated lacrosse action is promised in this struggle and the Creighton crew will come out fighting.

* * * * * *

Brampton Excelsiors settled firmly into the top slot of the standing at home last p.m. with their 19-5 win o'er the Petes whilst Mimico won 16-10 from St. Kitts to drop the latter down to just a full game ahead of the Creighton crew. Harry Graham, league's leading sniper, fired home five for Excelsiors as Al Garbutt got four, Ferri and Bryans notching three apiece. Goalie Sammy Arthurs repeatedly robbed the Petes as the homesters piled up a safe lead the first half of the game. Our defence was shaky and three goalies failed to halt the Brampton drive. The Petes are continuing to build and promise they'll make a playoff spot yet when the bugs are shaken loose.

Those Mad Matadors

Sizzling mat action kept a goodly gallery yelling in the Brock Arena last night. A neat prelim, with Korman beating Brady, and a swell semi-final which saw Tug Carlsen and Al Lovelock go to a draw. But the main bout was a honey. A team match with Whipper Bill Watson and colorful Pat Flanagan teaming up better to beat Sandy O'Donnell and Wee Willie Davis, the villains of the piece. Referee Bert Maxwell had a busy evening and he took a lot of abuse after as Sandy and Willie accused the Canuck of siding with the Toronto pair. Sandy was the losing grapple gladiator in both falls and Davis wants another crack at Whip and Pat with a tougher team partner. One of the popular Sharpe brothers would be oke with Willie, but neither would be caught dead on his side.

Three dandy duels last e'en in the Girls' Softball League. Lindsay were at home to the CGE-ers and took a 7-6 win, the Electrics losing A. Atkins in the second with a broken ankle. At the Bowl, Ashby's gave Westclox a real fight ere bowing by a 5-3 count, while Lock Co. shoved over the winning run in the ninth 'gainst Marines to emerge victorious 10-9. Can't get a trio of tilts much closer than that, eh? Yeah, Bill Bennett's circuit is shaping up nicely so far with every tussle a keen one. And snappy, too, the three last night averaging an hour and five minutes each. Tomorrow at the Bowl, it's Westclox vs. Lock Co., and CGE vs. Ashby's.

Young Petes Hand Loss To Newcastle

By FRED MAYBEE.

Young Petes continued their winning ways last evening at Newcastle, 5-4, in a Lakeshore League baseball game. Wade twirled four innings, allowing but one run. Dadson took over with two aboard and none away in the fifth when the home team scored twice on two hits and a pair of errors. He turned in a neat relief chore. Sullivan and Richard led with three hits apiece. Floyd's fielding in centre also featured. A large crowd saw a smart game.

Only Six Horses In Belmont Race

NEW YORK, June 9 (AP) — Only six horses, smallest field since 1943, appear likely to face the starter Saturday in the 81st running of the $75,000 Belmont Stakes.

Calumet Farm's Ponder, the Kentucky Derby winner, appears certain to be established the favorite. After running fifth to Capot in the Preakness, Ponder came back last Saturday and took the Peter Pan handicap at Belmont.

Odds-makers were quoting the Calumet colt at 6 to 5, with Isidore Beiber's Palestinian probable second choice at 2 to 1, and Greentree stable's Capot next at 7 to 2.

Others expected to complete the field for the mile and one half grind are Mrs Eben H. Ellison, Jr.'s Sun Bahram, Clifford Moore's Old Rockport and J. Graham Brown's Saint Nicholas. All will carry 126 pounds

Westrum Clouts 14th Homer, But Giants Win

By The Associated Press.

Hey, Leo, looking for a catcher who can hit the ball? Wes Westrum of your Jersey City farm club has hit five home runs with the bases full to break his own International League record.

Westrum, who should be headed for a return trial with Leo Durocher's New York Giants, hit his 14th homer of the year Wednesday night but couldn't save the Little Giants from losing an 11-8 game to Buffalo Westrum's clout came with the bases loaded in the first inning.

Bob Hooper was credited with the victory and Ford Smith took the loss in the wild contest which saw eight hurlers dole out 23 bases on balls.

The defeat sliced Jersey City's first place lead to one game over Buffalo.

Toronto Maple Leafs made it five out of six over Newark Bears, winning the finale of their series 9-2. It was the 12th defeat in 15 starts for the slumping Bears.

Bubba Church went the distance for Leafs, scattering five hits in picking up his fifth triumph.

Mike Goliat homered for the Leafs in the fifth and Lou Novikoff smashed one for the losers in the eighth.

Rochester Red Wings unfurled a 14-hit barrage at three Baltimore hurlers to earn an 8-4 victory at Baltimore.

Cloyd Boyer was sharp, holding the Orioles to five hits and fanning 12. Frank Mancuso homered off Boyer in the third with the bases empty.

Takes Braves 15 Innings To Knock Out Cincinnati

By JACK HAND
Associated Press Sports Writer

Nels Potter, the pitcher Connie Mack "fired" a year ago, is keeping the Boston Braves in the National League pennant race.

Five important victories by the 37-year-old American league castoff put him out front of Johnny Sain in the win column.

It took the second-place Braves 15 innings to knock off the persistent Cincinnati Reds early this morning, 8-7, and Potter was the man who did the trick after taking over for Sain in the sixth.

In the 15th after Potter had struck out seven men, the Braves finally pushed over a score on Jim Russell's single with the bases loaded.

Brooklyn protected its half-game edge on St. Louis and Boston by topping Chicago, 3-1, behind Rex Barney's two-hit pitching. It was Barney's first route-going performance of the season.

Jackie Robinson led the attack on Bob Muncrief, making his first start as a Cub since he was acquired on waivers from Chicago. Jackie had a triple and single, knocking in two Brooklyn runs.

Continue Pressure

The St. Louis Cards continued to pressure the Brooks, sweeping their fifth straight and 14th out of 16 by shutting out New York, 2-0. Gerry Staley made his first complete game a fine three-hitter on the heels of Harry Brecheen's five-hit shutout of the Giants on Tuesday night.

Philadelphia Phillies' bonus players did the trick in a 2-0 whitewash of the lowly Pittsburgh Pirates. Stan Holimig, the former Texas Aggies football star, hit his second homer in two days after Del Ennis walked in the sixth. Obin Roberts, another former Collegian with a bonus contract, blanked the Bucs with six hits for his sixth win.

Detroit clipped New York Yankees' lead to 4½ games by winning an 11-inning, American League night game 3-2 on Tommy Byrne's wildness. Byrne, who gave up 13 bases on balls, walked three in a row in the 11th. Then Vic Wertz, after working the count to 3-2, singled to right field to give Virgil Trucks win No. 8. Trucks allowed only three hits. Byrne yielded only four singles.

Lemon Comes Back

Bob Lemon, knocked out in the fourth inning Tuesday night, came right back against Washington and pitched Cleveland to an 8-3 victory. Lemon helped boost the Tribe up to the .500 mark again with his first homer of the year.

Philadelphia's Athletics took over third place by drubbing the sliding Chicago White Sox 5-2. Alex Kellner earned his seventh win with a six-hitter after a wobbly start.

After losing 11 stright, the St. Louis Browns ran their win-string to three by dumping Boston Red Sox 5-2. It was Boston's sixth loss in nine starts on the western string.

BACKRIDERS with the famous Robbins Bros. circus are the Conley family of England. They do many daring and graceful feats and will be seen in Peterborough on Monday in two performances.

Here And There In Sports . . .

By The Canadian Press

Hockey will be reinstated on the winter Olympic games program when the Amateur Hockey Association of the United States and the Amateur Athletic Union "make their peace," J. S. Edstrom of Sweden, president of the International Olympic Committee, said Wednesday at Toronto.

That is the only obstacle in the way of a continuance of the sport in the Olympics, he told a round-table conference of Canadian Olympic and AAU leaders assembled here.

(First moves toward peace in the AHA-AAU dispute were made in New York last week when leaders of both organizations met behind closed doors. Settlement is expected later this summer and well-informed sources say the AHA will affiliate with the AAU and govern amateur hockey in the United States with the Union's blessing.)

Toronto's Royal Canadian Yacht Club, a male stronghold since its founding 97 years ago, had finally decided to admit women to membership. The decision is a double victory for the women. Until now women could take part in sailing races only as crew but henceforth they can skipper their own boats.

George Metkovich, one of the Pacific Coast League's leading hitters, has been purchased by Chicago White Sox. He will fly here to play against Boston in a night game Friday.

The Sox gave Oakland, Calif., an undisclosed amount of cash and optioned first baseman Gordon Goldsberry and outfielder Gerry Scala to the coast club in obtaining Metkovich. Metkovich's current batting average after 61 games this season is .357.

Chicago Cubs Wednesday optioned pitcher Calvin Coolidge McLish to Los Angeles of the Pacific Coast League. The Cubs said the move was made to open a spot on the roster for pitcher Warren Hacker. McLish, obtained by the Cubs from Pittsburgh in a winter trade, has won one and lost one this season.

Pitcher Bryan Stephens Wednesday left Baltimore Orioles of the International League to go home to Los Angeles. Stephens, who had a 4-5 record this season, decided to give up playing in the east to be with his wife on the west coast.

Manager Jack Dunn said he will try to work out a trade for Stephens with Cleveland so the pitcher can play with the Indians' farm team at San Diego.

Chicago White Sox Wednesday announced the purchase of first baseman Charles (Buck) Kress from Cincinnati Reds. The Sox declined to reveal the amount of money involved in the straight cash deal. Kress, used mainly as a pinch-hitter, has run up a .154 batting mark with the Reds this year.

At Fairmount Park, Ill., Golden Broom, four-year-old chestnut, paced an eight-horse field to win the sixth race by two lengths, then repeated to win the ninth race, taking both halves of a $1,500 divided purse in Grant Circuit harness racing Wednesday night.

Deported On Plane

NEW YORK, June 9 (AP) — A 22-year-old British Miss Wednesday headed for London, anticipating arrest of her attempt to stow away on a British tanker last month. The girl, Lavinia Ross of Southampton, was deported by plane on orders of the United States immigration and naturalization service which held her at Ellis Island for 2½ weeks.

Lock Co. Wins In Ninth Over Marines

Lock Co. broke through in the Girls' Softball League at the Bowl last night to cop a 10-9 win over Marines, scoring the big run with one away in the last of the ninth on hits by P. Williams and B. Ayotte. They played heads-up ball all the way, having but one error all evening, to earn the decision in a dandy game, lasting but an hour. E. Simmonds and B. McMahon went best for them in the field, while V. Mitchell and M. Walling stood out for the Marines. The latter were minus their regular catcher, who is out with an injury.

The hitting was even, but Marines were a little looser in the field. P. Williams of Lock Co. fanned two while E. Whittaker sent a pair down on strikes also in the rather free-hitting affair. R. Roberts led Lock Co. at bat with four hits as D. Westlake and M. Stewart pounded out homers. For Marines, M. Hill and M. Walling were best at bat with three hits each.

The teams:

Can't Find Nurse

REGINA, June 9 (CP) — The lives of premature twins born at Oxbow, Sask., may depend on the Red Cross finding a registered nurse to care for them, F. W. Miles, Provincial Commissioner of the Red Cross, said Wednesday. He added he was considering an emergency radio appeal for help. The society has canvassed all the larger centres of Southern Saskatchewan but no available nurse was found.

WHERE TREASURES REPOSE — In the basement vaults of this imposing stone structure, the Quebec Provincial Museum on the Plains of Abraham, are stored the famous Polish art treasures brought to Canada for safe-keeping during the war and subject of an international controversy since then. The treasures were moved to the museum on orders of Premier Maurice Duplessis after RCMP officials located their Hotel Dieu hiding place. The treasures are in two dozen blue metal boxes which were shown to newspaper men last September when it was rumored they had been shipped away. In addition to the treasures the museum contains stuffed animals, historical documents and models of early Quebec architecture. Although the building is open to visitors daily, a police guard prevents access to the section where the treasures are kept.

TEMPORARY RESTING PLACE — When Dr. Alfred Fiderkiewicz, Polish ambassador to Canada, disclosed the famed Polish art treasures were missing, he revealed they had been taken from the Central Experimental Farm building where they were originally stored and had been placed in two other Ottawa buildings, the busy Sparks Street branch of the Bank of Nova Scotia, shown here, and an Ottawa convent. This move was made when the Polish government changed in 1945.

TREASURE STOREHOUSE — Early in the war, the government of Poland decided its national art treasures would not be safe in that country and under the eyes of the German invaders they were secretly moved through Romania and France to Britain and finally to Canada for safe-keeping. As the war ended the regime which sent the treasures to Canada was replaced by another group with different political thought. On Nov. 6, 1946, Dr. Alfred Fiderkiewicz, Polish minister to Canada from the new government, announced a large portion of the treasures had disappeared. Since that day the treasures have been moved several times and have been a subject of international controversy which has reached even to the United Nations. Late in 1940 all the treasures were stored in a fourth floor room of the Records Building at the Central Experimental Farm, suburban Ottawa showplace, shown here.

CONVENT HIDING PLACE—Another Ottawa building which housed the Polish art treasures during their stay in that city was the Sacred Heart Convent in Ottawa South, shown here. A secret password given by a mysterious person to the nuns in the convent enabled removal of the treasures from the building before the Polish authorities would trace them.

Donate Clothes To Family Who Lost Home

LILY LAKE, June 9—(ENS)—The monthly meeting of Lily Lake WA was held at the home of Mrs. Ferdinand Rowland, with Mrs. Everett Tully as co-hostess.

The vice-president, Mrs. William Steinkrauss, presided. Scripture reading was read by Mrs. Arthur Hancock and prayer was offered by Mrs. M. Dunford. The report of the secretary was given by Mrs. Ackison and Mrs. J. A. Middleton presented the financial report.

Articles were handed in for the Blodgett family who lost their home through fire recently. Mrs. Ross Nicholls was appointed to buy other needed clothing.

The next meeting will be in the form of a picnic to be held at Riverside Park. Mrs. Clarence Hancock and Mrs. Everett Tully will look after prizes for the races.

Several men of the congregation were called in and the proposed community hall was discussed at some length. Owing to the present high cost of building materials, it was decided to leave the matter over until fall.

Answer to Previous Puzzle

Make Easy Plane Landings With Aid of 'Zero Reader'

By LLOYD MCDONALD

NEW YORK—(CP)—It's been more than two years since I touched a control column—and then on single-engined planes—but the other day I made four excellent blind-landing approaches in a twin-engined DC-3.

It's not boasting. The credit goes to a fascinating little gyro-electronic wonder-box known as the "Zero Reader."

"The device," says the Sperry Gyroscope Company, "will be of the greatest use in making manual approaches through the overcast."

As far as I'm concerned, that's the understatement of the week. The zero reader can revolutionize manual flying on instruments.

Cost Prohibitive

However, there's still some dispute as to whether it will be put on the market. Cost is a major consideration, and there are some who hold it is superfluous in commercial aviation, stacked up against the present combination of highly-skilled crews and excellent automatic - piloting equipment.

But that's for the experts. Let me tell you how it affected this former amateur pilot.

The Sperry company has the zero reader set up in an experimental DC-3, a plane which many Canadians knew during the war as the Dakota. It's been on tour for technical demonstrations and recently had a two-week stand in Montreal, at the International Air Transport Association's conference.

The other day Sperry invited a group of reporter to see it in action.

In Pilot's Seat

I suddenly found myself in the pilot's seat with Charlie Sharp, Sperry test pilot, riding the co-pilots seat.

I flew the plane normally for a few minutes and it was just what I expected. I was all over the sky. Then I was introduced to the zero reader.

An indicator the size of a silver dollar is mounted on the instrument panel. Two crossed, movable lines that look like radar blips are centred on the dot in the middle of the indicator. When they're centred, or "zeroed," the plane is being flown correctly for normal flight. Turn a selector switch to the blind-landing position and the zero reader makes the pilot fly correctly for an instrument approach.

The big thing about the zero reader is that the instant the plane starts to move—up or down, banked or level, left or right—in the correct direction, the lines go on zero. They'll creep off again but the succeeding corrections become finer and finer and the pilot is figuratively eased into a correct flying attitude. There's no "hunting, overshooting on climbs or turns, or mental calculations. That's all done by the zero reader's mechanical brain.

All the pilot has to do is "zero."

So I "zeroed." Then I cocked an eye at the regular blind-flying panel and every instrument indicated the plane was in a correctly-banked "rate one" turn.

"Thinks For Pilot

"That's the idea," said Charlie. "This thing co-ordinates the information from the five regular instruments and correlates it. It does the thinking — come on, keep zeroing."

I kept zeroing. If the nose started to drop, the line crept up. A little back pressure on the stick and it returned to zero. Same thing with the other—the horizontal—line. It kept the turns and banks just right, or made me keep the wings level and the nose from yawing.

"Keep you head in the cockpit and don't look out—just keep zeroing," said Charlie. "Ill watch everything else."

"Everything else," although I didn't notice at the time, turned out to be throttles, landing gear and flaps. I just kept zeroing, noting that downward corrections were becoming presistent.

"We're losing height," I said, glancing at the altimeter.

"Don't look at the instruments," said Charlie. "Just keep zeroing."

"kept zeroing. The corrections were coming more and more frequently, and progressively tighter. But it wasn't a strain because they were coming so gradually.

I did. There was the runway, dead in front and 10 feet underneath. The plane was lined up for the touchdown.

Sure, it's easy. All you need is a zero reader.

To Restore Import Duty

WASHINGTON, June 9 (CP) — A big slump in the United States copper mining business led to a concerted movement Wednesday to restore the import duty on copper. Canada is the United States' second largest source of supply. Chile is the largest. Democratic Senators Ernest W. McFarland and Carl Hayden, both of Arizona, and 10 other senators introduced a bill to place an import tax of two cents a pound on the metal. A similar bill was introduced in the House of Representatives.

Arrest Said Legal

LONDON, June 9 (AP)—Britain today told Poland the arrest of Communist Gerhart Eisler aboard a Polish ship in British waters was legal. At the same time, Britain protested against the refusal of Polish authorities aboard the ship, the Batory, to surrender Eisler voluntarily.

Coldwell On Toes

PRINCE ALBERT, Sask., June 9 (CP)—The dream hand of contract bridge—a perfect seven-no-trump spread—was held Wednesday by M. J. Coldwell, national leader of the CCF party. Mr. Coldwell was dealt the ace, king, and queen in hearts, diamonds and clubs and the ace, king, queen and jack of spades in a friendly bridge game with his secretary and two newspaper men.

What Motorists Asking

Q. What would cause the motor of my car to run so rough when hot? Idling is entirely normal when the engine is cold M. B. L.

A. This is likely a fuel condition, something on order of mild vapor lock. Try to get the operating temperature down, and also switch to another brand of gas. Another point to consider is the valve tappet clearance. One or two valves may be seating when the valves are heated and their stems expended.

Q. I have been told that I can check a leak in the radiator by putting some chipped soap or soap flakes into the cooling system. Ever hear of this? Wm. L. K.

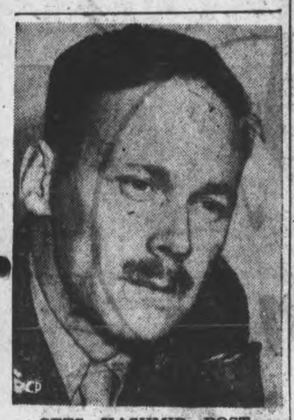
A. It's an old trick and not recommended because usually a cooling system so treated needs to be boiled out.

Q. My car rides very hard in spite of the fact that I have installed new tires and am riding with the pressures lower than normal. I have also had a man check the shock absorbers. There are no broken spring leaves. K. R. Jr.

A. But what about the condition of the springs themselves? You may find some rusted leaves. This may happen even where springs are covered for the reason that after many miles of service the covers actually hide neglect.

Q. There is excessive backlash in the drive line of my car. We have checked the universal joints themselves and find no appreciable wear. Is it possible for the pinion and ring gear mesh to be loose enough for such slack in the drive line? I might add that there is enough noise in rear end to indicate any such condition. T. McB.

A. One thing so many owners seem to forget is wear on the splines of the propellor shaft slip joint.



Q. There's a most disturbing squeak somewhere in the front of my car. Can't seem to locate it even though I have checked about everything in sight including the motor mounts. A friend of mine suggests that the noise may be telegraphed from the rear of the car somewhere, but where? S. M. G.

A. What do you want to bet that you have overlooked the hood lacing? This may simply be dry or it may be distintegrated You can lubricate the lacing with a grease stick.

Q. When my car is at rest with the motor running there is a peculiar noise. The owner of a similar car tells me that this is something in the fluid clutch, but he doesn't know just what is wrong. I should say that the noise is a combination of a grind and a whine. Can you make anything out of this? H. H. G.

A. Yes, this has all the earmarks of a defective runner hub roller bearing in the fluid unit.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of the Examiner and enclose stamped, self-addressed envelope for a personal reply. Please confine inquiries to one subject.

Recognizes All Rights

ROME, June 9 (AP)—The Roman Catholic newspaper Quotidiano said Wednesday the Vatican "recognizes all legitimate rights in Palestine—those of the Jews, Moslems, and, naturally, of the Christians."

An editorial denied a recent charge in Rome's Communist newspaper Unita that the Holy See has adopted a "reactionary aversion" toward the State of Israel.

Veteran Pilot Killed

EDMONTON, June 9 (CP) — A veteran fighter pilot of the Second World War was killed when his light plane crashed into the waters of the Peace River, 200 miles northwest of here. Reports reaching here Wednesday said Gordon Wonnacott, 34, of Edmonton, drowned when his light plane plunged into the river just after takeoff last Thursday.

Smith Farmer Acquitted On Theft Of Horse Charge

No man who takes possession of property in the honest belief that it is his own is guilty of theft, even if his belief is not one which a normal man might have. That was Magistrate W. R. Philp's judgement when he acsuitted Thomas Hetherington, a farmer of Smith Township, Wednesday, of stealing a mare from Albert White, 109 Bennett St. and John Heard, 102 Bennett St.

Although the charge of theft of the mare was dismissed, there is no reason why civil action to determine rightful ownership of the mare, should not be taken, the magistrate told White and Heard.

Heard and White said they had bought the mare from Hetherington, each having a half share, nearly three years ago. On May 15 she disappeared and Heard discovered a few days later that Hetherington had the mare on his farm.

Both men said that when they had gone to ask Hetherington for the mare he had asked them for another $200, saying he had sold the mare too cheaply. He refused to let them take the mare without further payment.

Hetherington said that when he sold the mare he had asked for $500. White, with whom he had made the deal, would give him only $225 which was paid in cash. Hetherington said that he accepted the $225 on the understanding that the horse should be trained for racing and that he would receive additional sums up to $500 if the horse made good.

There were several charges and counter charges from Hetherington on the one hand and White and Heard on the other concerning the ability of the various parties to train horses.

White and Heard denied having made any such arrangement with Hetherington and claimed that they were the rightful owners and owed nothing to Hetherington.

Hetherington said that when Heard visited his farm a second time for the mare, he told him he could drive it out but would not allow him to put her in his stables. The mare had foaled a day or two after going to Hetherington's farm.

Jacob Low was defence counsel.

Bandits Rob Jewelers

TORONTO, June 9 (CP)—Two bandits, one armed with a heavy black revolver, Wednesday held up Reid's Credit Jewelers in downtown Toronto and escaped with seven watches, several diamond rings and $56 cash. The watches and rings are valued at $550.

SAFE IN CRASH—Judy Hall, 24, of Binghamton, NY, survived the crash of an unscheduled plane which plunged into the barracuda-infested waters off San Juan, Puerto Rico. Miss Hall, the plane's stewardess, clung to a rock for five hours and suffered from shock and exposure. Fifty-three persons, out of 81 aboard the Miami-bound plane, were believed killed.

Urges Resources Strengthened To Fight Fires

By FORBES RHUDE

ST. ANDREWS-BY-THE-SEA, NB, June 9 (CP) — "We must strengthen our fire-fighting resources as quickly as possible," Commander E. E. Robertson told the Canadian Manufacturers' Association today, during a session devoted to the perils of fire in war and peace.

"This should be done," he said, "along the lines recommended by our fire-fighting authorities.

"It is unfortunately true that we are built to burn, and will burn in an emergency unless our fire-fighting capacity is greatly augmented"

Commander Robertson, member of the staff of Maj. Gen. F. F. Worthington, civil defence coordinator, civil service branch, Department of National Defence, added:

"It is essential that the training program for civil defence be instituted as soon as a practical scheme has been agreed upon by all the various authorities concerned.

Preparing Scheme

"We are in the process of preparing such a scheme for approval.

"The use of the term "self-protection services' has much to recommend it. The United States office of civil defence has stated that the fundamental principle of civil defence is 'self-help'.

"Every citizen must be given an opportunity of learning how to cope with probable emergencies. This implies that the citizen knows what form those emergencies will take; where he or she will fit into the team; the equipment required; where to get it; how to use it."

W. J. Scott, Ontario fire marshall, said that last year in Canada there were 1,564 fires in industry with a total loss of $13,923,216, quite apart from the further loss in disruption of business and of employees' wages.

"An excellent suggestion has been made that under the auspices of the CMA, groups of CMA members in industrial cities and towns across Canada should form local fire safety councils whose members would sit down with the municipal councils and the municipal fire chief and their own plant chief and his senior officers to consider the fire problems of both the municipality and the plant and how all available personnel should be trained."

Fine Councillor For Eviction Acts

TORONTO, June 9 (CP) — Councillor James Wallace of suburban Long Branch was fined $50 and costs Wednesday, when convicted of wilfully obstructing two sheriff's officers on May 27 during eviction proceedings at a Mimico home.

Three families were evicted from the home and furniture was being placed on the front lawn when Mr. Wallace and a number of citizens arrived.

John Gallagher, sheriff's officer, said "Councillor Wallace yelled to the citizens around him and picked up a piece of furniture and marched into the house."

SECRET BALLOTS

Secret voting was practised in Greece and Rome by means of balls, marked stones, shell and tickets.

RECEIVES DEGREE—Arthur R. Ford, RIGHT, chancellor of the University of Western Ontario, editor-in-chief of the London Free Press and former president of the Canadian Press, received congratulations from Rt. Hon. Vincent Massey, chancellor the University of Toronto which bestowed on him the honorary degree of Doctor of Laws at a convocation Tuesday night.

Hydro Workers Lose Vote In Two Ridings

OTTAWA, June 9 (CP)—The Justice Department has ruled that Hydro workers on projects in Algoma East and Sudbury constituencies who normally live outside those ridings will not be allowed to vote in the Federal election.

They were ruled ineligible under section 16 of the Dominion Elections Act which withdraws the franchise from temporary employees working on any "Federal or Provincial public work" outside their home ridings.

The Department ruled that the Pine Portage power developmen. in Port Arthur constituency was not a public work and that temporary employees there may vote.

It said the other two projec were being carried out by the Hydro Electric Power Commission of Ontario "in trust for the Provincial Government and are therefore considered provincial publi works."

The Pine Portage project was financed entirely by the Ontario Power Commission and "therefore, the Commission is not an agent of the provincial government... and... the project is not considered a provincial public work."

Some 4,000 men are employed on the three projects, but there was no indication of the number affected by the Department's ruling. Many of the men normally live in those ridings.

Rains Aid West

OTTAWA, June 9 (CP)—Widespread rains over the greater part of the Prairie Provinces have improved crop conditions in the west, the Bureau of Statistics reported Wednesday in the fourth of a series of 13 telegraphic crop reports. Rain, however, still was urgently needed in central Alberta and south central and southwestern sections of Sahkatchewan. Despite improvement during the last two weeks, said the Bureau, sub-soil moisture reserves still were inadequate in many areas.

Veteran Editor Dies Suddenly

BROCKVILLE, June 9 (CP)—Hamilton Richards (Dick) Morgan, 53, veteran editor of the Brockville Recorder and Times, died Wednesday night at his home following a heart attack. Death came after a full day at his desk, during which he wrote the editorials for today's paper.

His writings gained him a reputation as an authority on the history of eastern Ontario, particularly that of Leeds county. His editorials on political and historical subjects were widely quoted in Canada and in neighboring New York state.

He came naturally by his historical interests, for he was a descendant of William Buell, one of the original settlers of this eastern Ontario town on the St. Lawrence river.

Mr. Morgan was born in Ottawa. He received his early education in that city and was graduated from Ashbury College there. He later attended McGill University in Montreal and, following his graduation in arts in 1917, joined the Recorder Printing Company, then headed by the Senator George P. Graham.

He rose to become Vice-President and Managing Director of the firm, positions he held until his death.

During the Second World War he served as a field representative of the Prices Board. The eastern regional office of the board was in Brockville.

He was a Liberal, a charter member of the Rotary Club and a past president of that service organization, and was chairman of the Public Library Board. He served on the Executive of St. Peter's Anglican Church and as Secretary-Treasurer of St. Peter's Cemetery.

Reach Settlement

TORONTO, June 9 (CP) — Labor Minister Daley announced Wednesday a basis for settlement had been reached between the Consumers' Gas Company and Local 161 of the International Chemical Workers' Union (AFL) Workers had threatened to walk out if agreement was not reached. Terms of the settlement were not announced but the agreement will be submitted to a general membership meeting for ratification.

Swallows Quarter

TORONTO, June 9 (CP)—The baby son of Mr. and Mrs. Brian Verbonaca was rushed to Hospital here Wednesday from his home at Points au Baril, Ont., 200 miles north, after he swallowed a quarter Tuesday night and started to choke. Led by a Provincial police car, an ambulance brought the child to the Sick Children's Hospital where the coin was removed.

Plan Police School

TORONTO, June 9 (CP) — Clifford R. Magone, Deputy Attorney-General of Ontario, said Wednesday a police training school will be established in Ajax about 20 miles east of here, and may open in the fall. The school, to be located in buildings formerly used by the University of Toronto, it will offer recruit and refresher courses for members of the Provincial Police and be available for training of municipal officers.

Summer Season Supervisors For Playgrounds

Two experienced boys or girls are still wanted by the Recreation Commission for supervisors in the playgrounds of the city for this summer's program. The supervisors are wanted for Turner Park and Confederation School playground areas.

Bev. Goulding, boys' physical education instructor at PCVS will conduct the Riverside Park program. At a meeting of the Playground Committee of the Recreation Commission Monday the supervisors for some of the playgrounds were selected. With Mr. Goulding at the Riverside playground will be Joyce Wyatt, head of the girls' and tiny tots, and Byron Young, assistant supervisor.

Marney Hollingsworth and Mary Curtis were again chosen to guide the program at the Inverlea park and the totlot. Other supervisors are Patsy Martyn, Fleming Place playground; Amy Curtis, Hamilton Park playground; Mary Craw with Ann MacDonald assisting, King Edward Park playground; Teresa Houlihan, McKellar totlot.

Coaching Supervisors

This year the Recreation Commission is introducing its plan to teach inexperienced people how to supervise a playground. Two part-time supervisors have been hired. They will help the supervisors on the playgrounds. Combined with this there will be the regular supervisor training period during the last week of June. In two or three years these part-time supervisors will be qualified to act as head supervisors of playgrounds.

As last year the supervisors will conduct softball, volleyball, soccer, touch rugby and other games on the playgrounds. For the younger children there will be story hours. The supervisors will also conduct a program in handicraft work.

Besides the regular playground games supervisors will arrange inter-playground competition in the various sports. Picnics and playground carnivals will be conducted. At the end of the program there will be the annual inter-playground competitions held at Riverside Park playground.

Hyland Snack Bar Lost In Haliburton Fire

LINDSAY, June 9 (CP) — Newly-elected Reeve of Dysart Township, Bert Curry got into action Wednesday for the first time when he led his Councillors in fighting a fire which destroyed the Hyland Snack Bar at Haliburton. The fire brigade with the aid of their volunteers checked the blaze which caused on estimated $3,000 damage. Reeve Curry and his men then put on their coats and returned to the council chamber to finish another job.

Dr. Walter T. Brown Resigns Victoria University Post

TORONTO, June 9.—President of Victoria University since 1941, Dr. Walter T. Brown Wednesday announced his resignation due to ill health. No successor was named immediately.

Wilfred C. James, chairman of the university's board of regents, said the resignation would be effective June 30. Thereafter, Dr. Brown will be Victoria's president emeritus.

Native of Lakefield, the 66-year-old president was a university teacher for 37 years. All but five were spent in the service of Victoria where he became principal in 1932.

In 1912, he was appointed lecturer in Bowdoin College in Maine. In 1928 he was made head of the department of religious education at Yale University.

Active for years in work of the United Church, he went to Oxford and Edinburgh in 1937 for the world conference on life, work, faith and order. In 1947 he was a United Church delegate to the Methodist Ecumenical Conference in Springfield.

Dr. Brown was chairman for several years of the Church Board of Foreign Missions. Previously, he had been on the board of publications.

Successor to the late Chancellor E. W. Wallace, he was acting chancellor and president in 1933-34 and from 1939 to 1941 when Chancellor Wallace was ill.

Two Aldermen Living Members 1909 Council

Only two members of the city council of 1909, 40 years ago, are still living. They are G. A. Gillespie and A. A. McIntyre. A newspaper of January that year was found the other day with the names of aldermen. Mr. Harry Rush was in his second term as mayor. He was manager of the Confederation Life Insurance Co. And the Aldermen were: Wm. H. Bradburn, Wm. H. Buller, George T. Elliott, G. A. Gillespie, Wm. A. Johnston, A. A. McIntyre, Harry Morgan, Robert Neill, W. G. Morrow, Harry Phelan, George J. Tovey and J. J. Turner, Jr. There were twelve aldermen at that time. The number was later reduced to ten.

GRANT TO SCOUTS

City council has made a grant of $100 to the Boy Scouts special fund covering the expenses of their two Rovers who are going to the Rover moot in Norway this summer.

ON 100th ANNIVERSARY of the Millbrook Agricultural Society's Livestock show, a record 3,000 people crowded into the fair grounds. What they saw were examples of the best horses, cattle and swine in the district. In the top picture is shown Roy Ferren, Cavan, holding his gray Percheron brood mare and two month old foal which won first prize in their section. In the middle picture some of the fine Jersey calves which featured the cattle show, are held by Harry Gainer, Bailieboro, (left) Roger Hurbige, Ida, and Michael Lenihan, Cavan. Mr. Gainer won nine firsts with his Jerseys. Shown at the bottom is the plaque on the pylon commemorating the show's 100th year which was unveiled by provincial minister of public welfare, W. A. Goodfellow.

W. A. Goodfellow Unveils Pylon At Millbrook Fair

Just as they did 100 years ago horses and cattle stepped cautiously into judging rings and took the centre of the stage at the Millbrook Agricultural Society Live Stock Show. The eyes of thousands of farmers and interested townsfolk from Peterborough, Northumberland and Durham counties as well as visitors from other centres throughout Ontario were fastened on the animals as they marched and trotted around, judges watching critically for any flaws of build or gait. This year a record 3,000 crowded around the rings on Wednesday.

Provincial Minister of Public Welfare W. A. Goodfellow said in his address in the unveiling of the pylon commemorating the show's centennial, "It hardly seems possible in this mechanized age there could be such a great display of horses."

A plaque told visitors that the pylon had been presented to the Millbrook Agricultural Society by the Ontario Department of Agriculture in recognition of its 100 year history.

In all the small livestock fairs the minister has attended, he said only one show he has seen could compare with the Millbrook display and that was one put on in Teeswater. He told the audience their livestock society was the 13th to reach the 100 year mark.

In 1944 an act of the Provincial Legislature authorized a grant of $1,000 to help in the building of a pylon for any livestock organization which became 100 years old.

On display were tractors and other farm machinery, but most attention was centred on the horses. There were horses of all kinds, including spirited steeds which galloped around on the merry-go-round and gave many a youngster the thrill of his life. All the long afternoon children scrambled for a seat on the mechanical ponies.

A string of riding ponies, which could be ridden for a price, tempted the more adventurous. They clutched tightly to the reins and breathlessly rode their tranquil mounts around the enclosure. Apparently in this day of tractors, not every farm child has the chance to ride one of the farm horses as they did not so long ago.

But still the boys from the farm and the small towns have not forsaken the animals. They

Hope To Build 65 New Homes In Ashburnham

Sixty-five of the 100 houses for which the council made application to Central Mortgage and Housing Corporation several weeks ago will likely be built in Ashburnham.

City Clerk Outram has obtained an option on a property on the east side of that community, and it is to be considered this afternoon. That prospect of immediate coming to terms with Central Mortgage will be of special interest to the small deputation of home-owners on the east side of Ashburnham.

They recently said they had tried to get water service, but had not accomplished anything. Mayor Swanston said it was a responsibility of the Utilities Commission who should be interviewed. Rather diffidently the petitioners enquired about the possibility of getting sewer connection into their neighborhood.

Mayor Swanston greatly surprised them with the intimation that something might be accomplished in that direction much sooner than was expected, if it was decided to locate a block of the Central Mortgage houses for veterans in that neighborhood.

When Do We Get the Sewer?

A King George St. deputation took their turn Monday to ask the familiar question of recent years: when do we get the sewer. And that meant they wanted it this year. New houses are continuing to be built along that street, and owners object to spending money on septic tanks, if the city's sewer program will get around to them this season.

Tom Aitken said the King George St. folks had been pushed around long enough, and although City Engineer Chalmers had a pile of work on hand "he can step on it a bit more".

It transpired that there was a slight flaw in the King George St. argument. Their petition was not received and filed as early as some others. However, the council was willing to try to get some action as soon as possible, and Ald. H. Dodds suggested that Mr. Chalmers might have the answer to the King George people this week. Ald. Dodds since then told the Examiner the word went out Tuesday, and it is practically assured that a sewer will be laid this summer.

MAIN ST. TOPICS

INTRODUCE INSTRUCTOR

Gordon Minty, honorary swimming instructor at the YMCA, spoke to the Lions Club in Bancroft Monday. He also introduced Frank Wright, assistant swimming instructor at the YMCA. Mr. Wright will direct the swimming program at Bancroft this year. He was waterfront directors at Kawartha Camp last year.

REPORT FINDINGS

Canvassers for the Confederation School Neighborhood Council will give their reports of the neighborhood survey at a meeting Monday at 8 p.m. at Confederation School. Speakers from the other three community councils in the city will speak.

POSITIONS FOR CITIZENSHIP

Seven petitions for citizenship are being heard today at the current sitting of the Court of the General Sessions of the Peace. They are from Walter Dinesen, Theodore Joseph Gobin, Joseph Micollucci, George Hamilton Panter, Carmino Paterno, Gin You Kam, and Hum Yee.

SMALL FIRE REPORTED

Firemen were called out shortly before 11:30 a.m. Wednesday to cope with a combination fire of chimney and pipes at the residence of Francis Hoar, 238½ Rubidge St.

FLORAL NOTE

The summer is now complete in the Examiner's environs. The greens at St. John's are splendid, and the girls of B. D. Hall's staff have set out their annuals, apparently petunias, the nearest flowers to Hunter and George streets. Planting was late and it seemed doubtful whether that little patch of bloom would be restored for this season. The petunias will probably be in flower until the frost comes in September or early October.

Liquor Board Has Refused To Permit Vote Turns Down New License

Residents of the Township of Verulam in Victoria County are not entitled to have a plebiscite on the liquor question, even if they wanted to, under the terms of the Liquor License Act, according to a ruling just handed down by the Liquor License Board, which recently heard representations at a sitting in Peterborough. The board also has refused to grant a beverage license to the proprietor of the Bob Haven Inn at Bobcaygeon.

The following is the wording of the board's ruling on the proposed vote:

"It is not in order that the Township of Verulam could have a vote on the sale of beer and wine within the municipality as Section 70 of the Liquor License Act, which is the section used in order to bring on a vote making a municipality "dry", has the questions outlined thereunder worded in the following manner:—Are you in favour of the continuance of the sale of beer only under a public house license?—and, Are you in favour of the continuance of the sale of beer and wine only under a dining-room license? As at present there is no liquor being legally sold in the municipality, this question would not apply."

The Verulam Township Council has, in addition, been asked to inform Anthony Lozo, of Thurstonia Park, as to whether Thurstonia Park and Greenhurst are classed as "dry" or "wet". The board did not hand down any ruling on this point and now the councillors are wondering just where they do stand. They are at a loss to know whether the township's category is now "dry" or "wet".

No reason was given by the board for refusal of the license to the Bob Haven Inn, but at the time the application was made, the Verulam Township Council went on record as being strongly opposed to the opening of this nature in the district.

Municipal Officials Attend Dep't School

Local municipal officials took a day off from their administrative work Wednesday and went to school instead. It was a one-day school held in the County Council Chambers and sponsored by the Department of Municipal Affairs to better acquaint them with the province's views on municipal matters.

About 60 township clerks, tax collectors, treasurers, assessors as well as a few Reeves and city and county officials attended. Emphasis was on local government admininstration.

Max Sloan, Assessment Supervisor for Ontario, lectured on assessment principles and assessment procedure as well as latest amendments to the Municipal Act. Two other Department officials, Messrs. Carter and Palmer, spoke on the functions of the department, preparation and disposition of debenture by-laws, 1949 legislation, and road closing procedure. Mr. Palmer dealt with the subject of roads.

After each lecture questions were asked on that specific topic and discussion followed. At the end of the day general questions dealing with municipal affairs were taken from a question box and answered.

The meeting was declared to be a success and informative to those attending.

Bills On Post? Off With Them! Post No Bills

Liberal candidate Dit Clapper found out Wednesday he can tack posters on hydro poles only if they show official government information, not his smiling face.

When Public Utilities Commission manager R. L. Dobbin saw Dit's election posters on his hydro poles, he nearly exploded. He tore some of them down himself and phoned the Peterborough Liberal Association headquarters to tell them they had no business putting posters on the poles, and they would have to come down immediately.

Charlie Elliott of the Liberal Association was just as disturbed as Mr. Dobbin.

"When I was sending the chap out to put up the posters, I told him he couldn't tack them on hydro poles," said Mr. Elliott. "I ordered him to take them down before I got Mr. Dobbin's call. I knew we would get into trouble. The same thing happened in the 1943 election."

It's The Law

There is a city bylaw forbidding the posters being tacked up on posts. Now everyone knows it.

It has been promised that the posters will all be down by Friday noon. That satisfied Mr. Dobbin, but he still resents notices of revision defacing his posts. He would like to see them all torn down.

When the man who put up the Clapper posters saw voters' lists and proclamations on the poles, he thought it was safe to put up his posters. Now he is posting no bills on posts, in fact today he is busy unposting.

"We can put our notices anywhere we like," said Returning Officer Arthur J. McClellan. "Of course we try to use discretion." He cites as his authority section 144 of General Election Instructions, issued by the Chief Electoral Officer which reads in part:

"....notices and lists of electors required to be posted up may, notwithstanding any Dominion or provincial law or any municipal ordinance or bylaw, be affixed by means of tacks to any post or wooden fence...." However the day after polling, down they come too.

GAME WARDEN BUSY

Game Overseers Fred Walton of Lindsay has been a busy man of late, judging by the fact that he has charged 13 different fishermen and hunters with a variety of violations of the game laws. As the result of a recent drive by game wardens in the Lindsay district, a large quantity of sporting equipment will be forwarded to the Parliament buildings in Toronto to be sold at the next auction of seized hunting and fishing goods.

A WEEKLY INFORMATION SERVICE

MONTREAL, June 9th—Is the cost of many of the things you buy still giving you a headache? Do you wonder why so many of them cost so much more than they used to? Perhaps it's because of all that Government sales tax, especially when it comes to clothes and household furnishings. Wouldn't it be wonderful if you could buy for less because the tax had been reduced. That's just one of the good things the Progressive Conservative Party intend to do. They plan to reduce the sales tax which increases the price of many articles more than eight cents on each of your precious dollars. So help them to help you and your family by voting. The Progressive Conservative Party believe that women's opinions are important to good Government. They want women to play a more important part in planning the future. There will be an election 27th June. It will be a bright day if you and other women use your vote to help elect the Progressive Conservative Party. Every vote is important... please use yours. Believe me, these recipes will add laurels to your prestige as a good cook! They call for SWIFT'NING—the *new* kind of shortening. It's quick-mixing, digestible and nutritious and Martha Logan, Swift's Home Economist, tells me it makes the flakiest, most delicious pies imaginable! ***To get your free copy of "The Swift'ning Recipe Book"***, print your name, address and send with one Swift'ning carton top to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.!

It's Hard For the world to look bright when your eyes feel dull and weary. And how much better you feel yourself when your eyes feel rested! That's why it's such a good idea to make a habit of MURINE...just two drops in each eye daily bring welcome relief to eyes that work hard for you morning, noon and night! You see, Murine contains seven ingredients that blend perfectly with the natural fluids of the eyes ...soothes delicate tissues gently as a tear. So ask your druggist *today* for Murine...use regularly to soothe irritated feeling of summer's sun-'n-wind in your eyes!

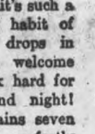
"I Married A Wonderful Woman" is what your hungry husband will think when you appeal to his appetite with this delicious BENSON'S CORN STARCH RECIPE . . . *Welsh Rarebit*—

1½ tbspns. Benson's Corn Starch
2 tbspns. butter or other fat, melted
1½ cups milk
1½ cups grated sharp cheese
½ tspn. salt
½ tspn. pepper
½ tspn. paprika
Dash cayenne
½ tspn. dry mustard
1 tbspn. chopped parsley

Blend Benson's Corn Starch with melted fat in top of double boiler over boiling water. Add milk gradually, stirring until sauce is thickened. Add grated cheese and stir until melted. Add seasonings and parsley (as stated, or to taste). Serve hot over lightly buttered, fresh hot toast cut into fingers or circles, or over heated, crisp soda crackers. Serve with crisp celery and carrot sticks, tossed green salad, or broiled tomatoes, dusted with salt and pepper. Serves 4 to 6.

All Yours...a set of standard-size recipe cards...each card featuring delicious ways to use LIBBY'S EVAPORATED MILK in your cooking To *cook with Libby's* is one of the surest ways I know to win praises galore for your good cooking! So—for really worthwhile cooking tips...simply ***write to me***—Barbara Brent, 1411 Crescent St., Montreal, P.Q.,—***for your free set of Libby Recipe Cards!*** And...

Remember to cash your Libby's Evaporated Milk coupon which ran in last week's paper! Take it to your grocer's and get a full-size tin of Libby's for only 1c when you buy 2 tins at the regular price! Better hurry! This offer expires June 11th!



If There Are Growing Youngsters in your family—you'll want an *extra* large supply of delicious HARVEST MARGARINE! You see, "Harvest" is not only a real taste treat (so *good* as a spread for bread and a sandwich filling) it's also nutritious. For it contains Vitamin "A"—the "body-building" vitamin. And your youngsters will love "Harvest" on their breakfast toast—and their bedtime crackers-with-milk! Ask your grocer for Harvest Margarine first thing tomorrow! It's wise to shop *early* for this daisy-fresh margarine—you see, it's so popular, it always goes first!

Tub 'N Scrub to your heart's content on these Summer days... but remember that a daily bath is *not* enough! Soap 'n water is fine for washing away stale perspiration — but you need NONSPI to guard against perspiration to come! Skin-safe, fabric-safe . . . wonderful Nonspi gives your daintiness and your clothes sure protection — for it *stops* perspiration! So very simple to apply—with Nonspi's convenient, exclusive applicator! For very best results, just follow the directions in the booklet that comes with every bottle! Nonspi has the Good Housekeeping Seal of Approval. And you'll more than approve of the way it protects your clothes — and your social assurance!

Look Your Very Loveliest Under The Summer Sun! Give your complexion the flattery of Tropic Tan in NEW WOODBURY POWDER. A beautiful, glowing bronze, Tropic Tan is that rarity among tan shades—it looks natural on your skin—not the least bit "powdery". You see Woodbury has developed a "super-blender" that whirls color into powder and powder into color with such terrific speed that shades are finer-blended than was ever before possible. As a result Tropic Tan and the six other Woodbury shades have a richness and warmth that will delight you. You'll find Woodbury Powder in three convenient sizes—including the "purse" size . . . 65c, 37c, 19c.

Avoid That Sinking Sensation of despair when you take your husband's suits from the cupboard next Fall...only to discover they've been damaged by moths! LARVEX his suits now! It's such a simple thing to do and it will save you so much money in the long run. It costs no more to "Larvex" a suit than to send it to the cleaner's! All you do —just spray Larvex on your woollens—suits—coats—dresses or rugs. One spraying actually mothproofs the cloth for a whole year. And garments are "ready-to-wear" right after a spraying, for there's no tell-tale "moth-ball" odour at all! Larvex is truly effective for it's a fact that moths will starve to death rather than touch Larvex-sprayed garments!

A Party Month Is This Month Of June...and be it a small, friendly gathering or something more pretentious, the wise hostess knows what a joy it is to entertain with JELL-O close at hand. For there's no end to the delicious varieties of desserts and salads that are possible with Jell-O Jelly Powders. And with Jell-O combining so beautifully with the summer's bounty of fruits and vegetables...the list of enticing favorites is almost endless! Serve quick, easy and wonderfully economical Jell-O desserts and salads *often*. There are *seven*, delicious, "locked-in" Jell-O flavours.

All Eyes at your dinner table are on that heaping plate of *hot biscuits!* Your family are so fond of your fluffy, oven-baked biscuits that you'd like to serve them *every* night. But...too much trouble? Not at all—not with TEA-BISK! It takes just a jiffy to make the most delicious biscuits you've ever tasted—with Tea-Bisk. Here's all you do:—Just add milk or water, then pop them in the oven! And do try *this* Tea-Bisk Treat for fun and variety... *Club Sandwich Biscuits.*

Following directions for making Tea-Bisk (on the package)...use tomato juice instead of milk or water, and roll dough ⅜-inch thick; put two biscuits together with a slice of soft cheese between. With a toothpick, secure a thin slice of side bacon around each biscuit "sandwich". Bake in a very hot oven, 475 deg. F. for 8 to 10 minutes.

Coax out the full flavour of your salads—this way! Make mouth-watering dressings with any one of the three delicious HEINZ VINEGARS...Heinz White, Malt or Cider Vinegar! You use the freshest, tastiest fruits and vegetables in your salads...Use Heinz Vinegars to do them *full* justice! You see, Heinz Vinegars are aged and mellowed in wood...and the result is flavour so rich in goodness that a little goes a *long* way! Heinz Malt Vinegar is brewed from grains—Cider Vinegar has a delicious, fruity flavour—White Vinegar has a lively bouquet of its own. Try them now that salad days are here again!

Believe It Or Not—(but *do* try it, anyway!)...a good, *hot* cup of tea is the most "cooling" thing you can drink on a hot June day! But to be truly refreshing...it must give you full flavour satisfaction...that's why I urge you to make TENDER LEAF TEA your hot weather "refresher". There's a world of Quick Comfort in a cup of *this* tea! It has a "sparkle" to its flavour that can only be explained by those *little top leaves*. So when you're "down and out" and weary of the Summer heat...give yourself the real flavour treat of Tender Leaf Tea...always rich—fragrant and grand-tasting!

Auto Wrecked On Bridge Driver Acquitted

Magistrate W. R. Philp, KC, gave Russell McCartney "the benefit of the doubt" at city police court Wednesday when he dismissed a charge of careless driving.

Melville McCartney, Fairburn Ave., who was a passenger in his brother's car when it crashed into the bridge on Bethune St. near Murray St., May 24, had a badly cut face as the impact thrust his head through the windshield.

Constable Bill Scott said a steel girder was embedded in a fender of the car when he arrived at the scene of the accident. Both brothers had left when he arrived and a wrecker had come to take the car away.

McCartney said he was driving across the narrow bridge when something seemed to pull his car over to the other side of the road and he crashed into the side of the bridge.

Crown Attorney John Bradshaw suggested that the brothers were taking the back streets to reach home because they had been drinking and McCartney "was not driving too well."

McCartney admitted he had been drinking but did not agree with Mr. Bradshaw's interpretation.

For failing to report the accident McCartney was fined $10 with $2.50 costs.

Pleading not guilty to this charge, McCartney said he thought it was necessary to report accidents only when another vehicle was involved.

The magistrate explained that all accidents where the damage appears to reach $50 must be reported to the police.

Constable Andy Dalton said McCartney had called at the police station the following day to enquire whether his car had been found by the police. It was only after he had been pressed to say why he was looking for the car, that he had admitted being involved in an accident.

Momentarily assuring the role of defence counsel, the Crown Attorney suggested that the call to the service sattion asking for the car to be removed might be accepted by the magistrate as reporting the incident to the police, because the service station operator had notified the police.

Mr. Philp did not accept that suggestion.

Suggest 3-Year Course To Train Mission Workers

KITCHENER, June 9 (CP) — A short course to train workers for mission fields in Canada is under consideration by the Presbyterian Church in Canada as a means of filling vacant pulpits.

The suggestion of a three-year course—theological studies usually run six or seven years—was put forward Wednesday at the Church's 75th General Assembly. It met objections and was referred to the Presbyteries, the church's regional councils, for their consideration.

Earlier the Assembly went on record as opposing appointment of a Canadian representative to the Vatican.

The shortage of trained workers for mission fields and for established congregations was described to the Assembly in a report by the committee on recruiting for full-time service. The report called the situation "a real emergency."

Need 100 Full-time Workers

The committee said upwards of 100 full-time workers are needed if every congregation which now has a vacancy is to have a settled pastorate. Fifty-six requests for ordained men have been made to the Board of Missions and another 50 self-supporting congregations have empty pulpits. In addition, the church has 23 active ministers who have reached retirement age.

The church this year as 10 graduate students in theology and six graduates of the missionary and deaconness training schools available for service. Last year 72 workers were appointed.

The committee said that upon completion of the proposed three-year course the status of Home Missionary would be awarded.

The Vatican representative resolution, read by Rev. Gordon A. Peddie of London, Ont., a committee chairman, said in part:

"Whereas, according to the standards of our church, there is no other head of the church but the Lord Jesus Christ, nor can the Pope of Rome in any sense be head thereof; therefore, for the glory of the Lord Jesus Christ and for the wellbeing of the nation, the General Assembly of the Presbyterian Church in Canada humbly and repectfully requests all political parties in our Dominion, and any government which may be in power, not to advocate or set up a Canadian Embassage to the Vatican."

PILOTED PLANE — Captain Lee Wakefield, of Stamford, Conn., was pilot of the Puerto Rico to Miami plane which crashed off San Juan, PR,. Wakefield was listed among the survivors.

Storage Bldg. Fire

TORONTO, June 9 (CP) — Fire believed caused by a cigaret butt broke out today in a storage building owned by the Toronto Daily Star in downtown Toronto. Damage was estimated at $1,000. Officials said the fire was caused by a cigaret dropped in the grass near the one-storey wooden structure.

David Buchanan Dies In Dummer

NORWOOD June 9 (ENS) — Funeral services for David Buchanan, who died at his home in Dummer Township Saturday morning, was held from his residence Monday afternoon, Rev. R. D. Duncanson, pastor of the Presbyterian Church, officiating. Interment was in Norwood cemetery.

Pall bearers were Walter Sloan, David Nixon, Ernest Baptie, William Ferguson, Frank Jenkins and Bert McNeely. Flower bearers included Clifford Sedgwicke, William Sedgwick, Harry Williamson, Ralph Cuthbertson, Samuel Buchanan and A. C. Buchanan.

The deceased had been in failing health for some time, but was only confined to his bed from Tuesday. Born in the Township of Belmont 85 years ago, he was the last of a family of eight.

Fifty years ago he married Minnie Sedgwick who predeceased him five years ago. When first married he lived at the Twelfth Concession of Dummer, where his nephew Samuel Buchanan now resides. Thirty-three years ago he moved to his late residence. Mr. Buchanan was the son of the late Andrew Buchanan and Margaret Ann Tarbott.

He leaves to mourn their loss three daughters and one son, Mrs. Roy Scott (Violet), Mrs. Roy Brown (Myrtle), Mrs. Stan McMillen (Jean), and Clayton, and one grandson Trevor Brown.

Having Their Troubles With Their Motor Cars

By F. C. RUSSELL

Q. One of the rear wheels of my car is wobbly. The axle shaft nut is tight enough and I do not believe that the axle is bent. The wheel rim is true. Wm. L. L.

A. This could be due to a loose differential bearing.

Q. The engine of my car seems to jump a bit when I drive slowly either in high or second. There is no sensation of bucking. I put some valve oil in the engine on the theory that there was a sticky valve, but the jumping continues. M. K. F.

A. I think it would be well to check the carburetor float mechanism which appears to be sticking.

Q. What would cause one of the brake drums of my car to heat excessively even though the brake shoe return springs are new and the drum itself hasn't as yet warped. Wheel bearings are not loose. They are also properly lubricated. W. J. H.

A. I think if you will check closely you will find that the brake shoes of that particular brake are binding against the backing plate.

Q. Why is it that the engine of my car will start easily when the car is pushed in gear, yet will refuse to fire when cranked? The battery seems to be all right, and I recently had a new starter-motor installed? H. G.

A. The engine doesn't crank fast enough. Better lean down the crankcase lube with some tune-up oil.

Q. The engine of my new car seems to load up at idling and if I run too far in high gear at very low speeds. Do you think this indicates a sticky valve? J. L. MoB.

A. No, this sounds like a fuel condition. Try adjusting the idling for a leaner mixture. If this doesn't help then check the carburetor float level which probably is too high.

Q. Even though I have changed points and condensers and have tightened all wiring connections the breaker points burn excessively. There is no oil mist inside the distributor, and I make sure to give the points the spacing called for by the instruction book. Have you any idea what's wrong? Parts are genuine. H. R. R.

A. I would check carefully for evidences of poor grounding. Try an extra ground for the distributor.

Q. The engine of my car runs perfectly when idling but it won't accelerate. Somehow it just won't take the gas. D. N., Jr.

A. This is pretty good evidence that there is a loose high speed jet in the carburetor. Better have this carburetor rebuilt.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of the Examiner and enclose stamped, self-dressed envelope for a personal reply. Please confine inquiries to one subject.

Eskimos, Indians Barred From Voting In Elections

OTTAWA, June 9 (CP)—Canadians 21 years of age and over will be able to vote in the federal general election June 27.

That is the voting age fixed by the Dominion Elections Act of 1938, a document far less restrictive than legislation in the early part of the country's life when age, sex and property qualifications were all part of election regulations.

The 1938 act, clarified by parliament in 1948, outlines the whole matter of voting qualifications. The vote may be exercised by a British subject (by birth or naturalization) who is 21 years old, was ordinarily resident in Canada for the 12 months preceding polling day and is voting in the electoral district in which he was a resident at the time the election was called.

Judges Also Barred

There are exceptions to this general rule. Among those who may not vote are chief election officials, returning officers, judges, Eskimos and persons who qualify as conscientious objectors in wartime. Indians on reservations have no franchise unless they served in the armed forces in the First or Second World Wars.

Persons confined in penal or mental institutions and persons disqualified for corrupt or illegal practices are not allowed to vote.

Even with these exceptions, the legislation is much less restrictive than that which governed elections in the years after Confederation.

Provincial electoral laws also governed all elections to the Commons from Confederation in 1867 to 1885, when parliament prescribed uniform land-ownership qualifications for all voters in Dominion elections. Provincial qualifications again were made applicable to Dominion voting in 1898 and continued until 1920 when a new Dominion Elections Act was passed.

Manhood suffrage—the granting of the vote to all men—was adopted first in Manitoba in 1888 and for the Northwest Territories in 1895. British Columbia fell into line next, in 1904. When Alberta and Saskatchewan became provinces in 1905 they continued the existing manhood suffrage in that area.

Ontario followed suit in 1907 and New Brunswick in 1916. In Quebec, Nova Scotia and Prince Edward Island some remaining qualifications for the provincial franchise applied to Dominion voting until the whole matter was overhauled in the Act of 1920.

Given Vote In 1916

Women voted for the first time in a Dominion election in 1916 during the First World War. They were given the vote first in the three prairie provinces. Ontario and British Columbia enfranchised women in 1917 and New Brunswick in 1919. Nova Scotia granted them the vote on the same property qualification as men in 1918.

All these provincial franchise qualifications ceased to apply to federal elections in 1920 when the new act established the present broad qualifications. The act gave the vote to all men and all women as British subjects, wiping out what property qualifications were left and extending the Dominion Franchise to women where the provinces had not already granted it.

Up to 1944, when Quebec adopted universal suffrage, women of that province voted in Dominion elections but not in provincial.

Ask Fire-Fighting Equipment Be Standardized

QUEBEC, June 9 (CP)—Allied standardization for defence should be extended to fire-fighting equipment, the Canadian Federation of Mayors and Municipalities was told today by a top civil defence planner.

He also suggested the Mayors undertake a double-barrelled study as a prelude to a general municipal plan for the protection of Canadian communities in the event of war.

Cmdr. J. H Arbick, director of Plans and Operations in the office of Civil Defence, warned against a duces local plans that can't be fitted into a general scheme.

In a speech prepared for delivery, he proposed that each community "conduct a survey of the over-all fire hazards present and potential, within its boundaries."

Another proposal was that "the most serious consideration be given to . . . standardization of all types of fire-fighting equipment." It was "almost impossible to overemphasize the importance of this.'

"It would be highly desirable if this standardization could be carried out on an international basis with those countries who will inevitably be our most important allies."

Nation-wide uniformity should be planned under Federal leadership and this was being done but "any plan must be carried out under municipal direction if the maximum effectiveness is to be achieved."

Possible Homicide

MONTREAL, June 9 (CP)—T. G. McManus, secretary-treasurer of the Canadian Seamen's Union, said Wednesday the body of his brother-in-law, Harvey Beauchesne, has been found in Los Angeles Bay and that a coroner's jury at Long Beach, Calif., returned a verdict of "possible homicide." Mr. McManus' statement said Beauchesne was a member of the crew of the Canadian ship Argobec.

Bensfort organization contributed to the enjoyment of the afternoon in the form of a duet by Mrs. J. Edgerton and Mrs. Arthur Beebe.

The meeting closed with Miss Seens leading in prayer, after which a bounteous luncheon was served to more than 50 guests.

Mrs. Keith Larmer of Fraserville conveyed thanks and appreciation of all those present to Mrs. Barnard.

Mrs. F. W. K. Harris Speaker at Knox

WA meeting of Knox Church was held Wednesday afternoon in the church parlors.

The meeting was opened by the theme song, and prayer by Miss S. Summers. Mrs. A. Sparks gave a report from the Centre Circle.

It was decided to have the next meeting September 15.

Mrs. J. Allen was in charge of the worship service. The topic, "How can the church promote home religion," Mrs. J. Lancashire read an article showing how the church might teach parents their responsibility. Mrs. H. Clegg introduced the guest speaker, Mrs. F. W. K. Harris Subject of her address was "Woman's Opportunities," stressing wonderful contributions women have made in the past. She spoke against race distinction. Mrs. Harris said: "It is in the home the foundation must be laid. Children must be taught to be loyal to all good causes."

Mrs. R. Hanscom move a vote of thanks.

8th Election That Women Have Had Vote

OTTAWA, June 9 (CP) — For better or for worse, Canada's June 27 vote will mark the eighth Federal election on a general scale for those otherwise rare specimens—women who admit they're more than 21.

They got their first vote generally in 1921, four years after the wives, mothers and sisters of servicemen were declared eligible for the wartime election of 1917. There will be between 3,500,000 and 4,000,000 of them eligible this time.

Electoral officials have no figures to indicate any specific impact they have had on Canadian democracy, whether they take their vote more seriously than men or whether they don't. But, broadly speaking, it appears that they have been just as divided as their menfolk these last 28 years. No issue has caused them to vote as a bloc chiefly on the basis of sex.

Wide Variety

Their divisions have been particularly pronounced among those who have succeeded in winning elections. In all, starting with Ontario's Miss Agnes Macphail in 1921, five women have reached the Commons, including Mrs. George Black, Mrs. Dorise Nielsen, Mrs. Cora Casselman and Mrs. Gladys Strum, all from the West. No two represented the same party.

True to the pattern, the Senate has its Mrs. Cairine Wilson, a Liberal, and Mrs. Iva Fallis, a Progressive Conservative. Senator Wilson was the first woman named to the Upper Chamber, entering it in 1930.

In their quarter-century and more of full voice, women have never wielded any great inner influence at Ottawa, have never sat in the cabinet and have never had more than two of their number holding seats at any one time. But they have spruced parliament's manners, its color and its variety and occasionally its debate. On the hustings recently, Prime Minister St. Laurent said he figures there should be more of them.

NEW WASHING DISCOVERY WITH SUPER-WETTING ACTION

washes everything FASTER, CLEANER, EASIER than any soap on earth!

FAB's *Super-Wetting Action* means that when you wash with FAB, the FAB-and-water solution *instantly* penetrates materials . . . soaks them more thoroughly. FAB—*with Super-Wetting Action*—gets *inside* materials; *pushes* dirt *out!*

FAB means *faster, cleaner, easier* washing of dirtiest overalls, towels, work and play clothes . . . FAB brings extra-dirt-removing power for extra-dirty wash! FAB—*with Super-Wetting Action*—does away with clinging soap scum! Brings you *whiter* shirts, towels, and sheets!

Don't miss *FAB*ulous FAB . . . the *only* thing you'll need for *everything* you wash!

New scientific washing preparation by Colgate-Palmolive-Peet is a FABulous work saver for the dirtiest overalls, work shirts, children's clothes, towels, shirts... everything that's extra dirty!

WHAT IS SUPER-WETTING ACTION?

See for yourself! Take a length of cotton sewing thread. Roll it into a ball. Drop it into a glass of water. It floats; does not become completely wet for a long time.

Now drop another little ball of thread into a glass of water and FAB. It sinks, becomes completely soaked *at once*. This simple test shows you how FAB makes water wetter . . . *instantly* penetrates *all* washable materials faster . . . *pushes* dirt *out!*

That's FAB's *FAB*ulous *Super-Wetting Action* . . . something no soap on earth can give you!

FAB WASHES DIRTIEST CLOTHES CLEANER THAN ANY SOAP

FAB—*with Super-Wetting Action*—instantly penetrates materials; *pushes* out dirt. Washes grimiest overalls *faster* than soap! Makes tough dirt like the "line" on shirt collars disappear like magic! FAB leaves *no* soap scum to "gray" or "yellow" white wash . . . Wash is *whiter, cleaner* when washed with FAB!

FAB BRIGHTENS SOAP-DULLED COLORS!

Soap-dulled washables look *FAB*ulously brighter, fresher, and newer after being washed with FAB. That's because anything you've washed with soap is made duller and grayer looking by soap scum . . . FAB—*with Super-Wetting Action*—removes that soap scum . . . leaves no film or scum of its own even in hardest water.

FAB WASHES CHEAPER... IN HARDEST WATER

Laboratory tests prove that cup for cup, in hard water, FAB washes up to twice as much family wash as soap. This economy is another *FAB*ulous miracle. Yes . . . FAB—*with Super-Wetting Action*—is up to twice as economical as soap in hard water. You'll notice that all of FAB washes . . . Nothing is wasted in soap scum!

Faster And Better for all family wash and Dishes

Fab is the trademark of Colgate-Palmolive-Peet Company Limited, for a household detergent.

Of Interest to Women

DOROTHY DIX

Sloppy Appearance Kills Love Women Warned

DEAR MISS DIX: We hear a lot about wives retaining their husbands' affections. Why isn't more said about husbands keeping their wives' love up to par?

Dorothy Dix

The general idea seems to be that women are so tickled at getting married that any kind of a husband looks good to them, so men don't have to be prettied up to keep their wives in love with them.

Never was there a greater mistake, for a husband may have all the major and minor virtues and be a good provider to boot, but if he is allergic to the bathtub and goes unshaven and unshorn, and if his clothes look as if they had just been fished out of the garbage can, his wife is going to lose her taste for him.

Many men do not think that they have to doll themselves up to be attractive to their wives. They are so dumb they don't even know that when a woman can't be proud of her husband's appearance it kills her love for him. I am telling you. I know

A DISGUSTED WIFE.

✧ ✧ ✧

ANSWER: Yes, sister. The most inexplicable thing in all the domestic relationship is that while men are attracted to pretty dainty, well-groomed women and are repulsed by dirty slovens, with uncombed hair and bedraggled clothes, they expect their women to stay in love with them, no matter how they look.

Just Don't Bother

All of us know many men who are so lazy, or so inert, or so absorbed in their occupations that they give no thought to their personal appearance. Their clothes are always spotted and wrinkled. Their hair needs cutting and their shoes cleaning and their shirts and collars to be disinfected. They may have wonderful minds and beautiful souls, but they look like something that was fished out of the gutter.

Yet these men can't understand why their wives get peevish and fretful and lose their affection for their husbands, but the answer is plain. It is because no woman stays in love with a husband she is ashamed of. And every wife resents her husband not thinking she is worth dressing up for. After all, to be kissed one has to be kissable, and if a husband wishes his wife to stay in love with him he must look like a date, and not like a tramp.

✧ ✧ ✧

DEAR DOROTHY DIX: What can you do to stop your husband from taking you for granted? Mine is kind, considerate, what you would call in ideal husband, remembering birthdays, anniversaries, etc., but between remembrances I am starved for affection, such as an unexpected kiss or an arm thrown about me. I know my husband loves me, but why does he keep so mum about it? What is the answer?

DISCOURAGED WIFE.

✧ ✧ ✧

ANSWER: In reality, for your husband to take you for granted is the highest compliment he can pay you. He does not feel that he has to tell you how much he loves you and how he admires and trusts you, because you are so much a part of him that he would feel that he was paying himself a compliment. If you think back on the people you know, you will realize that it is only the husbands and wives who are particularly devoted to each other who ever tease each other, and make jokes about each other's little weaknesses and peculiarities.

But few women are ever big enough to take their husbands' love for granted. They want to be told over and over again how much their husbands love them, how beautiful they think they are and how they would die if anything happened to them. And a smart man senses this and keeps his wife happy by feeding her on the flattery she craves.

✧ ✧ ✧

DEAR DOROTHY DIX: Do you think it is possible for a mother to give up her child at birth if she knows it can be reared better than she can do it? We have three small children whom we cannot afford to rear the way they should be. If I gave these children away, would I be sorry after I had given them to strangers? WONDERING.

✧ ✧ ✧

ANSWER: The one thing we cannot be philosophical about is the children who are bone of our bone, flesh of our flesh, and heart of our hearts. It may be quite true that you may give your children for adoption to people who will be able to give them the advantages that you can never give them, but no mother can be unselfish enough to be willing to part with her own children.

Put your children in a home where they will be taken care of until your circumstances are better, but don't tear your heart out by giving hem away.

✧ ✧ ✧

Dorothy Dix cannot reply personally to readers, but will answer problems of general interest through her column.

Strawberry Time Approaching

By MARY MOORE

The time has come when all conscientious food writers who value their jobs should bow to the strawberry season.

I feel I am somewhat of an authority, for haven't I a strawberry patch in my own garden? Everybody else says it is only the size of a pocket handkerchief — but I ought to know for I have to weed it — and my knees and back say it is at least an acre!

One reader wants me to repeat my recipe for open-faced glazed strawberry pie. Another wants a "recommended" recipe for a biscuit-type shortcake, and from last February I have been saving Strawberry Sunshine Preserves a "memo to print a recipe for Strawberry Sunshine Preserves for 'Tom's Girl'."

Isn't Tom lucky that she will go to all this bother.)

Open-Face Strawberry Pie

I will apologize first for repeating this to readers who have been following this column over the years.

Of course, it is best made with puff paste, but there will not be more than one in ten of us that will take the time, — and I am not that one either!

Make your best plain pastry crust and bake it in deep pie plate.

Fill with 1 quart choice strawberries cut in halves. Sprinkle with 2 to 4 tablespoons berry sugar.

Mix together well 2/3 cup sugar, 5 tablespoons arrowroot flour or cornstarch and ¼ teaspoon salt. Add ¾ cup water and 1 cup crushed not-so-choice strawberries. Stir until thick over the heat, then cook over boiling water for 15 minutes, strirring occasionally. Strain. Pour over the berries in the pie while sauce is hot, being sure it covers all of the berries. Chill. Serve with piping of whipped cream OR if you still have any money left, serve ice cream with it.

There are merely 350 calories to each serving of this pie — so dieters beware!

Strawberry Shortcake (Biscuit type).

Two cups cake flour, 5 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, ¼ cup margarine, 2/3 cup milk. Mix and sift baking powder, flour and salt and sugar. Cut in with knives or pastry blender or rub in with finger tips the shortening. Gradually stir in the milk to make a soft dough. Roll out to ¾-inch thickeness. If to be served from one large serving dish at table, bake in shallow cake pan in shape of cake; OR if to be baked in individual shortcakes cut out with large cookie cutter, floured. Bake at 450 deg. Fahr. for about 13 to 16 minutes. Cut into 2 layers whether the cakes are large or small, butter bottom half, cover with crushed sweetened berries, put on top, cover with crushed sweetened berries, cover with whipped cream, top with large berry.

Strawberry Sunshine Preserves.

Crush very slightly the very large berries, but do not crush medium and small ones. Use 6 quarts, washing and draining off excess water. But these and 3½ to 4 lbs. sugar in alternate layers in preserving kettle, and let stand overnight. Bring slowly to a boil, and let simmer 10 minutes. Spread on platters and put in sunshine for 3 successive days, till thick enough to put into sterlizer jars and seal. While berries are "sunning" they should be covered with double thickness of muslin or cheesecloth.

A word to doubters is that these keep very well — and the flavor is superior to "boiled-down" strawberry jam — but you have to order the weather properly—3 days of sunshine in succession!

"Just a touch of indigestion — but she'll go through anything to be televised!"

Brandon Police Tackle Problem Of Delinquency

BRANDON, June 9 — (CP) — The work of the Brandon City Police Prisoners' Rehabilitation Committee is summed up by Chief Constable Harry Collister in the words: "A man needs help when he gets out of jail, and we try to give it to him."

Chief Collister organized the committee last fall. Its work since has drawn praise from the police authorities and penologists across the continent. In the few months since the committee's formation, seven men have found jobs waiting for them when they completed sentences in the provincial jail here.

In every case the job has been one suited to the abilities of the man concerned; in every case the men have continued to work as responsible, law-abiding citizens.

In addition, more than 20 transients, men headed for the life of the vagrant—the social misfit who drifts from city to city, leaving each one with a warrant hanging over his head — have been placed in suitable employment or helped on their way with a meal and an encouraging word.

The need for such a committee was brought to Chief Collister's attention last summer when a young Brandon man returned to the city after serving a penitentiary term.

He said that after his release he had tried to get a job in another city, but could find no one who would hire an ex-convict. He had then applied for jobs without telling his employer about his record, but these had lasted only until his employer found him out. Very often the employer found out when police came to see him every time certain types of crimes were committed in the city.

"He told me he had to make a living for his family, and if he could not make it honestly he would make it the other way," Chief Collister said.

Basic Interview

The committee consists of the Chief, Detective M. McLean, and Detective Constable J. Forbes. When a man near the end of his sentence, one of the committee interviews him at the jail.

The committee man decides first whether or not the prisoner can be rehabilitated; then whether he intends to stay in Brandon. So far no attempt has been made to find jobs for men in other centres.

With the first two questions answered satisfactorily, the man's abilities, experience and interests are surveyed. Then local employers are canvassed. In every case the employer is told that the man has "done time," but he is asked not to make this fact known to other workers.

Much of the credit for the success of our experiment should go to the employers, Chief Collister says. "We have had wonderful co-operation and without their help there is little we could do."

Behind the work of this committee and other activities which Chief Collister has started in the two years he has headed the Brandon Force is his conviction that a police force can accomplish much more through education than it can through coercion.

Recently he has visited every school in the city. He has stressed the fact in talking to pupils that the policeman's job is to help people. He urges the children to come to the police with their problems and to make friends with the man on the beat.

FIGHTIN' FACTIONS — Two rival factions of the International Longshoremen's Association mix it up in a battle royal in the street in front of the union's New York headquarters, with police trying to quell the riot. A Brooklyn local had been picketing the building, charging ILA president Joseph P. Ryan had fostered discrimination against Negroes. Soon after Ryan's "loyal" anti-pickets assembled, the fight started.

Marmora Plans New S... For R...ion

MARMORA, June 9 (ENS) — Under the sponsorship of the Athletic committee of the Marmora and District Memorial Centre Commission, a meeting was held in the Memorial Hall Tuesday evening under chairmanship of Rev. G. D. Young to discuss a complete summer program of recreation. The chairman called upon Earl Webster, district representative in charge of community programs for the Ontario Department of Education, who outlined the development of recreation programs in Ontario. The speaker, who had made a tour of the village previous to the meeting, spoke of its natural advantages. He said that his department did not insist on standards, but it aided the people in each community to work on a local level.

Form Committee

The plan was to set up a local committee, supported by a by-law, to be responsible to the village council.

The department does not supervise the programs that have been set up.

He explained that the word "recreation" meant a full range of leisure time activities. The department attempted to set up leadership training and stimulation courses.

A motion was carried appointing Reeve V. M. Lynch, A. F. Fraser and Rev. G. D. Young as a committee to look into the possibilities of forming a program committee on the lines established by the Department of Education.

Martha Logan's Helping Hand Recipe points your way to sure success. Helping Hands warn where there's a chance of mistake. Swift'ning ensures light, moist, tender perfection. **Preparation:** *Have all ingredients at room temperature.* Preheat oven at 375°F. Line bottoms of two 9-inch square layer pans with waxed paper.

Ingredients:

½ cup Swift'ning
2½ cups sifted cake flour
Be sure to sift before measuring. Spoon lightly into cup.
3¼ tsps. single-acting baking powder (4 tsps. double-acting †baking powder)
1 tsp. salt
1½ cups sugar
1 cup milk
1 tsp. vanilla
4 egg whites
2 sq. unsweetened chocolate, melted

Step 1: Put Swift'ning in bowl. Sift in flour, baking powder, salt and sugar. Add ⅓ cup of the milk, and vanilla. Beat 2 minutes on medium speed of electric mixer, or by hand using 150 strokes per minute. *Throughout mixing time keep batter scraped from sides and bottom of bowl with rubber scraper.* Scrape bowl and beaters.

Step 2: Add unbeaten egg whites and remaining ⅓ cup milk. Beat for 2 additional minutes. Scrape bowl and beaters. Pour half of batter into one 9" square pan lined with 2 layers of waxed paper; add melted chocolate to remaining batter. Fold in melted chocolate with rubber scraper. Pour into other 9" square lined pan. Bake about 28 minutes or until done. *When cake is done it will spring back quickly when pressed by the finger.* Cool. Fill and frost with chocolate frosting, placing dark layer at the bottom. Mark top into squares and cover alternate squares with coconut.

Second Anniversary Tea And Open House Held Apsley Red Cross Hospital

Second aniversary of the opening of a fine Red Cross Outpost Hospital at Apsley was celebrated on Wednesday. The house was thrown open to public inspection and the guests were entertained at an anniversary tea.

Ladies of Apsley branch of the Canadian Red Cross Society were charming hostesses for this occasion. About 100 took advantage of this opportunity to view the furnishings and equipment of the hospital, more than 30 of whom went from Peterborough.

The immaculately fresh and clean appearance combined with comfortable furnishings and tasteful decoration of the wards led many visitors to exclaim that they would like to be a patient there. However, they were not encouraged by nurse-in-charge, Mrs. Ruth Labarge, who also covers a 50-mile radius as district public health nurse and school nurse.

The hospital is mostly used for maternity cases, but is equipped to handle fractures and small operations when necessary. Accident victims can be given preliminary attention and X-rayed to establish the extent of their injuries. Such care given during the night and until they can be moved to a larger hospital very often saves lives.

Women's and men's wards each have three hospital beds equipped with movable springs, and each room is large enough to accommodate a fourth bed if necessary. Shadow-proof curtains on ceiling attachments can be pulled to give the patient in each bed complete privacy. There is also a nursery with four tiny beds where furnishings include a bath and table designed for easy care of the infant.

The operating and case room equipment includes a spotlight for which auxiliary battery power is kept available at all times, requiring only transfer of the plug if hydro lighting fails at any time. Cupboards are well stocked with necessities of such a hospital and they have a splendid sterilizer. The X-ray machine is adequate for all except very complex cases and the hospital has a dark room in which to develop plates at once.

Only non-modern equipment in this hospital, since it was renovated, remodelled and refurnished two years ago by the Peterborough branch of the Red Cross Society, is the municipal telephone. This is the only thing about which Mrs. Labarge complains, for she is often unable to get a call through on it, especially during the night. A police radio car in the village gives her invaluable assistance on such occasions.

The tea was served in a nicely appointed waiting room. The table was charmingly arranged with a hand-made lace cloth centred with a reflector and large silver bowl which held mauve and purple iris, with highbush cranberry and coral bells for color touches. This was highlighted by burning tapers in silver candlesticks.

Mrs. Gordon K. Fraser poured the tea and the guests were served by Mrs. Herbert Tucker and Mrs. Stewart Brown.

Those preparing the refreshments in the splendidly equipped kitchen were Mrs. Norman Wilson whose husband is president of Apsley branch, Mrs. Rollie Tucker, Miss Isabel Gibson and Mrs. Wm. Church.

Receiving were Mrs. Labarge and Mrs. T. R. Lean, who gives her nursing assistance when needed, and Mrs. Mac Tucker. Also Mrs. Chas. Ray, president of Peterborough branch, who was showing guests through the building.

Mrs. Wellington Lean was selling home-made candy and also conducting a raffle on a three-layer cake, iced in white with candies forming a red cross on the top. Winner of this drew was Miss Mary Elliott of Peterborough.

Proceeds of more than $40 from the tea will go to the Canadian Red Cross Society.

Woman May Boss UK Labor Party

BLACKPOOL, England, June 9 (AP)—A miner's daughter may head the Labor party during next year's general elections.

Miss Alice Bacon, a school teacher who became a member of parliament in Labor's victorious sweep in 1945, Wednesday was elected vice-chairman of the Labor party at its annual conference.

Sam Watson, 61-year-old former miner, was elected chairman, succeeding James Griffiths.

But officers hold office a year and the vice-chairman usually is moved up to the top post.

If general elections are held in the summer of 1950 Miss Bacon likely will be boss of the party. She has been a member of the party's national executive for eight years.

BRIDGENORTH SCHOOL

A large crowd attended the meeting of Bridgenorth Home and School Association Wednesday evening to hear Mr. K. O. Birkin, school inspector of Peterborough East. Subject of his address was "The three R's—responsibility, respect and restraint."

Two comic readings were given by Mrs. J. Johnson entitled, "Little Albert and the Lion" and "Return of Albert."

Mrs. G. Ray led in repeating the Home and School Creed.

Refreshments were served at the close by Mrs. E. Whitehill and her committee.

Gold Producers Show Quite Rise On Market

TORONTO, June 9 — (CP) — Gold producers provided the only active spot here today, rising quietly on moderate gains. Industrials opened easier but tended to recover in mid-session and base metals were about balanced.

Senior, junior gold producers came into demand early in the session and lifted steadily. Dome was up ½ at 18, Kerr Addison ⅛ at 15 and Lake Shore ¼ at 13. Gains ranged up to about 10 cents in key juniors. Eldona attracted attention at the half-way mark for a moderate advance.

Early fractional declines in industrials were wiped out at the session progressed. A heavy ex-dividend list held the market at a comparative standstill. Canadian Breweries lifted ¼ at 19⅜ following the six-month report that showed increased sales and earnings.

Hudson Bay slid ½ to a new at 30½ in base metals. Waite Amulet, International Nickel, Noranda and Silanco gained.

Free Port Hope Ex-Police Chief Of Theft Charges

COBOURG, June 9 (ENS) — A County Court jury Wednesday brought in a verdict of not guilty on two counts of theft against ex-chief of police Ernest Purdy of Port Hope. The jury retired at 5.35 p.m. and came in again at 6.15 with the verdict.

Purdy had been charged with theft of $25.00 from the Town of Port Hope on June 21, 1948, and theft of $12.50 on June 4, 1948. These amounts were alleged to represent fines collected on liquor charges which had been settled out of court. Harry Deyman acted for the Crown and Malcolm Robb of Belleville for the accused. Judge M. Miller presided.

Magistrate R. B. Baxter and the court clerk, Mrs. Ola Devereau, testified that when fines on liquor cases were paid out of court, the informations and the money were brought up in an envelope to the magistrate's office. The chief, Sergeant Warren or others on the force would bring the money in, it was testified.

Sent Money Order

Constable Robert Smith said that on June 19 last year he went to the CNR station with Purdy to pick up two men, LaVictoire and Caddigan, on drunk charges. LaVictoire paid his fine, but Caddigan, who lives in Peterborough, sent in a money order a day or two later to pay his fine. Constable Smith said that one day he looked up in the police record book at the end of June, to see what had happened to them but could find no entry nor did he find any on succeeding examinations of the book until August 11. However, he found a slip of paper in the safe which contained an authorization for the chief to plead guilty for LaVictoire and Caddigan. There was no corresponding entry at that time in the record book, he said.

Chief C. W. Graham said the police court book contained a record of each conviction showing the date, name and nature of the charge as well as the amount of the penalty. To Mr. Robb he said that Purdy had warned him against Warren and also to watch Smith, Terbenche and Coughlin. "He told me that if he had continued as chief he would have got rid of them all," Chief Graham recalled.

The chief also said that he had arrested Warren, then sergeant of police, on a charge of theft of gasoline, on which he had been convicted. Chief Purdy also had the combination on the safe changed.

Testify to Character

A number of witnesses gave character evidence on behalf of Purdy, after which Purdy took the stand. He said that he had no specific memory of LaVictoire and Caddigan but any money orders for fines from out of town were cashed by him and the money turned in. Fines in settlement out of court for liquor offenses were put in an envelope and sent up with the sergeant, the other constables or himself. He said that he had received a complaint about Warren and told the police committee about it but heard nothing further. He found things disturbed in the safe, so had the combination changed last July.

Warren always seemed well supplied with money, he recalled.

Cross-examined by Mr. Deyman witness said that the entries for La Victoire and Caddigan in the police office book were made later as sometimes he didn't have time but entered convictions when he made up his monthly report. Asked where he would get his notes from, if the monthly report was based on the record book and there were no entries at that time witness said that the information was jotted down on a slip of paper.

DESPERADO AT BAY—Allen Hartman, 20, of St. Paul, Minn., one of two desperadoes who were captured in Morrowville, Kans., rests in his bed at Maryville, Kans., hospital. After kidnapping at least seven persons and commandeering about a dozen cars during a 72-hour chase through five states, Hartman and companion Carl Bistrom were seized by four farmers when they wrecked their car in a ditch. The chase began with the killing of a policeman in Richfield, Minn.

"Has Helped Me," This Woman Says of Syntona

Had Sharp Pain In Back and Hip. Suffered From Nervousness, Stomach Trouble, Couldn't Sleep. Tells Her Experience.

MRS. NELLIE CHURCH

"Yes, I've been using Syntona and I must say it has helped me very much," said Mrs. Nellie Church, 396 Barton street east, Hamilton, Ontario, when interviewed recently regarding her experience with this medicine. Like so many others, Mrs. Church has found that Syntona is really helpful for people suffering from common disorders of the stomach, kidneys, liver and bowels, nervousness, rheumatic pain, or general, overtired, rundown condition. Here is her experience:

"I was very miserable with stomach disorders suffering from heartburn, gas, and sour acid risings after my meals. I had become nervous and my sleep was so poor I continually felt fatigued and rundown. In addition I had a very severe pain in my back and hips that made it difficult for me even to do my work.

"I tried a great many things without benefit, but Syntona has really helped me. It cleared away the gas, sourness, and heartburn, so I feel more like eating my meals once more. The pain in my back and hip is improved so much it scarcely bothers me, I sleep much better and I am not nervous and tired as I was before. I am very pleased to recommend Syntona."

Syntona is sold and recommended in Peterborough at Elliott's Drug Store. Find out how this pure herbal compound can help you, too.—(Advt.)

Mr. and Mrs. W. Davidson, Marmora, 50 Years Wed

MARMORA, June 9—(ENS)—Relatives and friends of Mr. and Mrs. William Davidson of the 8th Concession of Marmora Township visited them on Tuesday evening to join with them in their golden wedding celebration.

Mr. and Mrs. Davidson were married in the old Methodist parsonage in Marmora on June 7, 1899, by Rev. Robert McCulloch. The witnesses were Mary Green, now Mrs. Mary Brownson, and John Phillips, now deceased.

Mr. Davidson is a son of the late George Davidson, who came to this country from Newcastle, England, and after a short stay in Paris, Ontario, went to work in the Williams Gold Mine, operating at that time near Deloro. He later worked at the Malone Gold Mine, a few miles distant, and finished his mining career with the Deloro Mining and Reduction Company.

Farmer Most of Life

The greater part of Mr. Davidson's life has been spent as an agriculturist, but for some years he did a little mining in Northern Ontario. Forty years ago he added threshing to his farm duties and had quite a large clientele in the township.

His wife, Martha, is a daughter of the late Mr. and Mrs. George Lee of Madoc Township, who came to Canada from West Bromwich, England, where Mrs. Davidson was born.

For a number of years Mr. Davidson was a trustee of Marmora S.S. No. 1. He has also been a member of Marmora lodge, A F and A M, No. 222, for many years. Both are members of St. Andrew's United Church.

The children of Mr. and Mrs. Davidson are: George, who is a member of Marmora and Lake Township Council; William, who operates a service station on No. 7 Highway at the eastern end of Marmora Township; Mrs. Henry Willman (Martha), Rawdon Township, and John, who with his wife and young son William resides with his parents.

Norwood Pupils Heard In Recital

NORWOOD, June 9—(ENS)—A recital of pupils of Mrs. J. H. Caskey and Mrs. L. Burtt, was held in the United Church Hall Friday evening. Betty Chamberlain played an organ solo and Mrs. R. H. Gardner sang "Jesu, Joy of Man's Desiring".

Organ, violin and piano numbers were played by John Weir, Eileen Steele, and Mrs. Caskey.

A solo "Green Pastures" was sung by Mrs. Wm. A. Garden, accompanied by the three instruments.

Proceeds For Recreation

The proceeds of the silver collection were given to the Norwood Board of Trade to be used for recreation for the boys and girls of Norwood.

Piano solos were rendered by Gail Baker, Ruth Andrews, Eleanor Kavanagh, Margaret Duncanson, Anne LaBrash, Sharon Puffer, Anna Lee Hannon, Nona Scott, Harold McConnell, Allan Muir Patton, Earl Jenkins, Mary Lou Atkinson, Ronnie Scott, Paul English, Marie Peoples, Gayle Kennedy, Jean Lang, Esther Edmunds, Iva Miles, Lois Scott, Patsy Atkinson, Freddie Morgan, Muriel Rusaw, Ross Stewart, Lorraine Girven, Ruth Metcalfe, Barbara Brown, Doris Brown, Gerald B. LeBrash, John Scott, Betty Ann Baskin, Ruth Cuthbertson, Elfrieda Jenkins, Dorothy Stinson, Shirley Brown, Madge Jones, Arthur LeBrash. Piano trios — Audrey, Geraldine and Harold McConnell, and Betty Ann Baskin, Gail Baker and Esther Edmunds.

Duets were given by Bernice and Lorraine Gardner, Freddie Morgan and Ross Stewart, Ruth Davey and Janet Burtt; Ruth Cuthbertson and Betty Chamberlain, and Geraldine and Audrey McConnell.

Rev. P. A. Rickard of Christ Church, Norwood, was chairman.

WHO GETS PINCHED

Are policemen driving their own cars exempt from the hungry parking meters? This was the question one man on George St. had written all over his face Tuesday as he watched one of the local force pull up on George St. in his own car, step out and walk into a dairy bar. He stayed only three minutes and drove away with another of his buddies, also in uniform. And all the while the little red flag on the meter was sitting up there bright as could be. Who gets pinched this time?

Liberals Win N.S. Election Get 27 Seats

P.C.'s New Opposition As Entire Cabinet Re-Elected To Office

By The Canadian Press.

HALIFAX, June 10 (CP) — Premier Angus L. Macdonald's Liberal government is back in power in Nova Scotia today with a substantial majority despite Progressive Conservative inroads.

The Progressive Conservatives will assume the roll of official opposition in the next Legislature, taking over from the CCF.

Standings:

	1949	1945
Liberal	27	28
P. C.	8	0
CCF	2	2
Total	37	30

Thursday's provincial election was the fifth win in a row for the Liberals since 1933. Four times they were led by 59-year-old Mr. Macdonald. At the time of the other contest—during the war—he was Federal Navy Minister.

Mr. Macdonald won personal victory in Halifax South with a majority of 2,885 over his Progressive Conservative opponent.

Progressive Conservative leader Robert L. Stanfield, 35-year-old lawyer making his first stab at politics, was elected with his running-mate in the two-member seat of Colchester. He had a majority of 1,247 over his Liberal rival.

CCF leader Russell Cunningham was returned in Cape Breton East with a majority of 714, about one third of his margin in the last election.

New Opposition

The Progressive Conservatives rose from no representation in the last House to eight members in the new one by taking five seats from the Liberals and picking up three of the seven new seats—created by redistribution. The Liberals got four of the new seats and the CCF strength remained the same.

Mystery Plane Over Shanghai

SHANGHAI, June 10 (AP) — A lone plane appeared in the vicinity of Lunghwa Airport today, and residents heard sharp explosions that may have been small bombs.

Airport officials were unable to identify the plane. They said the field was not damaged. There were reports it was a Nationalist plane.

The incident occurred as Shanghai buckled down to a tie-up of foreign shipping by reported mines in the Yangtze estuary. The closing of the lower river to shipping caused apprehension over Shanghai's power situation. Power producers are running short of fuel oil, which is en route.

The mines, real or phantom, have locked two foreign vessels in port. They are the American-owned China Victory and the British-owned Shenking. All other foreign shipping has been diverted while Communist officials investigated reports that a Nationalist ship yesterday laid the mines.

Shoots Hopelessly Crippled Daughter

Gentle Musician Couldn't Face Thought of Girls' Better Future

DETROIT, June 10 —(AP)— The State of Michigan today was prepared to bring Eugene Braunsdorf to the bar of justice on a charge of murder despite the story of sorrow and tears that lies behind the stern court formalities.

Last May 31, the warrant alleges Braunsdorf deliberately shot his daughter, Virgina, 25, to death.

The background, as police recited it:

Bransdorf, 51, has played the bass viol in the Detroit Symphony Orchestra for 20 years. Friends knew him as a gentle-mannered man.

For all of her 25 years Virginia had been a cripple. It was hopeless, doctors said.

Recently, there have been financial problems for the symphony.

Braunsdorf brooded.

"I was getting old and the future did not look bright," he said. "I couldn't bear the thought of dying and leaving Virginia alone, helpless and without money."

On the morning of May 21 police found the musician critically wounded in his parked car and Virginia dead beside him.

They said he shot Virginia and turned the gun on himself.

When Braunsdorf recovers, possibly within a fortnight, he'll be brought to court.

Prosecutor Gerald K. O'Brien got the formal warrant against Braunsdorf Thursday. He said he had no other course.

The case, he said, is "one of those real tragedies.

"But it is not up to the individual to decide who is supposed to live and who is to die."

U.S. Tells Howe Firm Cleared Of Complicity

ST. CATHARINES, June 10 — (CP)—Trade Minister Howe said Thursday night in an election campaign address that he has received assurances from Washington that the Electric Boat Company of the United States had been absolved of any complicity in an international armament ring.

This is the company which George Drew, Progressive Conservative leader, said Wednesday night at Fort William had been allowed to purchase the $22,000,000 government-operated Canadair aircraft plant at Montreal at a fraction of its cost.

Mr. Drew charged that the firm, which manufacturers submarines, had been investigated by a U.S. Congressional committee in 1934 as a member of an "international armament ring."

Mr. Howe said he had received telephone calls Thursday from a high United States naval official and a member of a Senate investigation committee denying Mr. Drew's charges.

Unfounded Attacks

MONTREAL, June 10 (CP) — H. O. West, president of Canadair Limited, said in a statement on Thursday night the company and its products "have been made the objects of the most virulent and unfounded attacks by Mr. George Drew in soliciting the support of the electorate of Canada."

Simultaneously, four company directors issued statements denying the charge made by Drew.

The statements were made by Senator Peter Campbell, J. P. E. Collette, Vice-Marshal Frank S. McGill, and Senator Adelard Raymond.

In his statement, Mr. West said: "It is not a part of the business of this company to enter into a political controversy, and it has made every effort to refrain from doing so. However, certain state-

Nobel Prize Winner Sigrid Undset Dies

OSLO, Norway, June 10—(AP) —Sigrid Undstet, Nobel prize winning author, died today at Lillehammer, Norway.

Miss Undset, author of the "Kristen Lavrandsdatter" triology, was 67 years old. She won the Nobel prize for literature in 1928. The citation spoke of the remarkable picture she drew of life in the Middle Ages.

Her writings aroused the anger of Hitler's Nazis long before the war, and in 1940 when the Germans invaded Norway, Miss Undset threw herself into work for her government. Her eldest son, Anders, was killed in action, and her youngest son was in an ambulance unit.

Hong Kong Situation Better

Alexander Less Anxious After Making Visit

SINGAPORE, June 10.—(Reuters).— Defence Minister A. V. Alexander of Britain, calling here on his way home after a rapid tour though Southeast Asia to Hong Kong, said today he was "no less cheerful about the position" than when he arrived.

He added: "I am probably more cheerful."

Declining to amplify these remarks he said he would be reporting his "own ideas" to the government.

Asked whether he thought Hong Kong could be defended against frontal attack, Alexander said: "Hong Kong is not in the position it was in 1941. Circumstances are entirely different."

"We will resolutely guard this territory for which we are responsible," he added.

Alexander said he now is less anxious about Hong Kong's internal security but he added: "No defence minister ever will be satisfied that internal security does not require improvement."

At Canberra, Prime Minister Joseph Chifley announced today Australia has agreed to release the 27,268-ton liner Georgic, now being used for carrying immigrants, to transport troops from Britain to Hong Kong.

Dr. Herbert Hannam Heads International Farm Group

GUELPH, June 10—(CP)—Dr. Herbert H. Hannam was today elected President of the International Federation of Agricultural Producers. Dr. Hannam, president of the Canadian Federation of Agriculture, received the unanimous vote of delegates to I.F.A.P.'s third annual conference which concludes at the Ontario Agricultural College today.

He succeeds Sir James Turner, president of the National Farmers' Union of Great Britain and President of the International Federation since its formation in 1946.

H. D. Louwes of the Netherlands, Pierre Martin of France States were elected first, second and A. S. Goss of the United and third vice presidents respectively.

Elected to the executive committee were: G. J. Rossouw, South Africa; K. F. Svaerdstroem, Sweden; N. V. Naidu, India; W. N. Perry, New Zealand, and Alan B. Kline, United States.

Heads 25 Nations

As president of the IFAP, Dr. Hannam will head farmers' organizations in 25 member nations having a total membership of several million. The Canadian Federation of Agriculture has more than 400,000 farmers as members.

Dr. Hannam was born on a farm at Swinton Park, Grey County. He attended the Ontario Agricultural College and after graduation became livestock representative for the farm journal "Canadian Countryman."

Later he served as educational secretary for the United Farmers' Co-operative Company Limited, and as editor of the Rural Co-operator. He is a past president of the Ontario Federation of Agriculture.

The new IFAP president lives on a farm near Ottawa.

Driver Pulled Out As Car In Flames

COLDWATER, June 10.—(CP). —Kenneth Mundy, 36, of Waubaushene, was rescued from his blazing car and taken to hospital in Orillia Thursday night after he struck the side of a Canadian Pacific Railways freight at a level crossing on Highway 12, three miles east of here.

Mr. Mundy, who is manager of a Coldwater plumbing and contracting firm, was feared to be in serious condition, suffering from fractured skull, concussion, a broken right arm, and back injuries.

His heavy, late model car, caught fire in the crash. Stunned or unconscious from his injuries, he was pulled from the blazing vehcile by Harvey Etherington, of Victoria Harbour, and Wilfred Holt, of Orillia, whose cars arrived on the scene shortly after the accident.

Flames licked uncontrolled through the Mundy car until only the twisted metal remained.

Egypt Orders Planes From Canadian Plant

TORONTO, June 10 (CP) — Negotiations between DeHavilland Aircraft Company, in England, and the Royal Egyptian Air Force for the sale of 24 Chipmunk training planes, have been completed it was announced today. The planes, costing $500,000 will be built at the DeHavilland plant at Downsview, near Toronto, under a sub-contract. Engines and propellors will come from Britain.

The order is the second largest ever received by the company for the modern trainer.

Strawberry Crop Washed Out, Hay Cut 50%

HAMILTON, June 10—(CP)— Young fruit trees are dying, the strawberry crop is almost "washed out," hay crops are cut to well under 50 per cent of normal, tomatoes, peas, potatoes and all other crops are seriously affected, and many district wells are going dry as a result of long-continued lack of rain in this area.

With no immediate relief in sight, and the weatherman forecasting clear and warmer weather for the Lower Lakes area, fruit growers and farmers are worried. Municipal water systems throughout the affected areas are pumping at full capacity and water demand is becoming greater every day.

The sweet cherry crop is now not expected to exceed 50 per cent of normal although early predictions were for a bumper crop. Young peach and cherry trees, not yet deeply rooted, are dying out, and even some of the older trees are beginning to be affected.

The dry spell is making its effects felt in other ways. Applications for extra farm labor are being cancelled in the Kitchener area, where farmer say their hay crop may be so scant that it will hardly be worthwhile cutting.

By the calendar, this is strawberry shortcake season. But growers say the berries on sale in Toronto and other cities this week may be the last for this year unless rain comes soon.

Australia Expects De Facto Recognition

CANBERRA, June 10 (Reuters) —Official recognition of the Chinese Communist regime is unlikely but "Australia expects there will be de facto recognition," an Australian government spokesman said today.

The spokesman, who said Australia was participating in discussions on recognition of the regime, added that "powerful commercial interests in the United States and Britain with extensive holdings in China are pressing their governments to accord de facto recognition."

Convict 'Girl' Fire-Eater For Deserting Air Force

BURTONWOOD, England, June 10 (AP)—A United States Air Force court martial today convicted Delbert E. Hill of desertion for his four-year absence as "Donna Delbert," girl fire-eater on the English music hall stage.

Hill, who told the court he left the air force just after being assigned to duty as a latrine orderly following Japan's surrender in 1945, was sentenced to serve two years at hard labor. He also was ordered given a bad conduct discharge. The airman, a 35-year-old Philadelphian, denied he was a deserter.

He said he always intended to come back to the air force, was merely absent without leave, and pleaded innocent to a charge of deserting in 1945 "to avoid hazardous duty."

The prosecutor, Captain George E. Koontz, opened his case by introducing in evidence the clothes he said Hill was wearing when he was arrested at Newcastle last April 6. They were women's slacks, a light blouse and a pair of pink cotton panties.

Hill, in a shoulder length hairdo and plucked eyebrows, had been appearing in a Newcastle theatre as "Donna Delbert, demon fire-eater."

Hill told reporters he planned eventually to return to the stage in the United States, where he performed as a magician and fire-eater with the Hagenback Wallace Circus beginning in 1935 He said he often appeared in the circus as a female impersonator.

Hill said he was arrested because "a woman turned me in."

"She was a girl from London who had taken a fancy to me," he said. "When I took a fancy to someone else she went to the police."

Blame Wiring In Stable, Loss $7,500

Hay Flames Fiercely As Firemen Battle Blaze At Fairgrounds

KINGSTON, June 10—(CP)— Flames swiftly sweeping through the racing stable at the Kingston fairgrounds about 8.30 Thursday night trapped seven harness racing horses, said to be worth at least $5,000.

The stable itself, owner by the Corporation of the city of Kingston, and about $2,500 worth of racing equipment were also destroyed. Horses and racing equipment were not insured. Some insurance was carried on the stable. Two horses on the track when the fire broke out and four others were saved.

Firemen battled the blaze in the hay and straw filled building for an hour and a half before it was brought under control. Last fire truck left the scene at 3.17 this morning. Hundreds of citizens watched the fire for hours.

Blame Wiring

The blaze was thought to have begun in the overhead wiring in the loft. An eyewitness account describes a "ball of flame about two feet in diameter" shooting through the loft, quickly igniting the hay stored there and the dry timbers of the barn.

Horses which perished were Oxford Ladd and Dena Reaper, owned by Burns McKane, Kingston; Capt. Lee, owned by George Murphy, Kingston; Admiral Lee, owned by Johnson Holmes, Kingston; Alfie Lee, owned by Stedman Craig, Kingston; Gay Regent, owned by Edward Birtch, Smiths Falls and Prince All Strange, owned by Cecil Hutchison, Kingston.

Gem Baldwin and Mike Dolan, owned by Albert Watts, Kingston, were led to safety by their trainer E. Steen. Harvester Express was saved by his owner, Cecil Carleton. Ross Dupre led his chestnut mare, Belle All Strange to safety. Arion Strange and a colt, property of Lloyd Hess, were on the track when the blaze started. All owners lost most of their racing equipment.

Nova Scotia Victory Preview–St. Laurent

QUEBEC, June 10 (CP)—Prime Minister St. Laurent said Thursday night he thought the Liberal election victory in Nova Scotia, following a Liberal victory in Newfoundland provincial elections, indicated "what may be expected in the federal election, June 27."

Mr. St. Laurent issued the following statement from his home here:

"As leader of the Liberal party I have naturally been greatly pleased by the election results in Nova Scotia. They are in line with the advance information our friends had given me when I was there three weeks ago.

"Following the similar results in Newfoundland they can, I think, be taken as an indication of what may be expected in the federal election, June 27."

PREMIER ANGUS MACDONALD was returned to office as the Liberal party rolled to power in Nova Scotia for the fifth straight time. They won 27 seats, a smaller majority than in the last election.

Three Companies Consider Strikers' Plan

QUEBEC, June 10 (CP) — Three Thetford Mines, Que., asbestos companies today are considering strike-settlement proposals submitted by 2,000 striking employees following a mass meeting at Thetford Mines Wednesday.

Gerard Picard, president of the Canadian Catholic Confederation of Labor, announced Thursday night that talks are "proceeding" between the companies and union, but he added that there probably would be no developments until Monday.

The companies negotiating are the Asbestos Corporation, Johnson Mines and Flintkote Limited which employ about 2,000 of a total of 5,000 workers on strike since Feb. 13.

The workers walked out for a 15 cents an hour wage increase, raising the basic pay to $1.

Picard said the workers now are willing to return to work for a 10 cents an hour increase. This is contained in the union counter proposal now in the hands of the companies.

He also said the non-discrimination clause proposed by the union in all settlement proposals to date "does not aim to force withdraw its charges against the Provincial government to strikers."

Rob Secretary Leaving Bank

TORONTO, June 10.—(CP). — Ida Pichineik, 24-year-old secretary of the Beaver Shirt Company, was knocked to the sidewalk, struck across the face and robbed of $1,458 while returning from the bank with the weekly payroll at noon hour today.

The girl, although dazed from the beating, noted the license number of the car in which the bandit escaped with an accomplice.

She said she believes the two bandits followed her to the bank in downtown Toronto and waited until she came out. They trailed her for about 50 yards and then jumped out and grabbed the envelope in which she had the money. She held on to the envelope and the man knocked her to the ground and punched her.

The bandits abandoned the car, owned by a car rental company, and got into another automobile.

Two Navy Squadrons Sent To Manitoba

OTTAWA, June 10 (CP)—Two squadrons of Royal Canadian Navy Seafuries will fly from Dartmouth, N. S., to Rivers, Man., next week for eight weeks of army co-operation exercises, naval headquarters announced today.

The 17 fighter planes comprise the 19th carrier air group, part of the group's ground crew will be flown to Rivers in RCAF transport aircraft while the rest of the crewmen will make the trip by train.

At Rivers, home of the joint air training school, the navy pilots will receive advanced training in air coverage of troops during landing operations and other phases of air support of ground troops.

Foreign Ministers Trying To Salvage Agreement From Berlin Differences

Given 48-Hour Deadline To Make Good On Solving Blockade; Austrian Treaty Talks Left Up In Air

PARIS, June 10—(AP)—The Foreign Ministers of the east and west sought today to salvage some accords from the debris of differences accumulated over discussion of Germany's future. Foreign Minister Andrei Vishinsky of Russia Thursday accepted an American request that the east-west trade and traffic talks in Berlin be ended by Monday.

The Western powers previously had told Russia they were tired of jockeying in the Foreign Ministers' Council and wanted to get results. If the Berlin talks do not produce an agreement by Monday the Big Four Foreign Ministers will step in.

PARIS—(AP).— Russia today called for a new Big Four conference within three months to draft a German peace treaty, French sources said today.

The current Berlin negotiations for an East-West trade and traffic agreement are being stymied by the rail strike. Britain, the United States and France have told Russia that no accord is possible as long as the Berlin rail strike continues.

Unless the strikers return to work within the next 24 or 48 hours, the Berlin negotiators will have to report to the foreign ministers Monday that they have failed to agree.

Meanwhile, the problem of concluding peace treaties with Germany and Austria is up in the air.

Western officials have said the ministers may propose the formation of a four-power commission to continue studying German peace treaty prospects if the present Paris conference breaks up without any positive agreements.

It is believed that Russia and the west are not far apart on the issues holding up an Austrian independence treaty. But neither side is keen on concluding an Austrian treaty and withdrawing occupation troops while neighboring Germany is so unsettled.

Involve Barber In Spy Trial

WASHINGTON, June 10 (AP) —Reports from the Coplon espionage trial that the Federal Bureau of Investigation checked on the Russian Embassy, a barber at a rocket-testing range and a Russian language newspaper today produced protests from the barber and the paper's editor, and since from the Embassy.

Already parts of the 12 reports have stirred up sensations aside from the question of whether Judith Coplon pilfered government secrets while working in the Justice Department.

One report quoted a "reliable informer as saying a barber at the White Sands proving ground in New Mexico, where guided missiles are tested, was expected to be able "to get photographs and other information" for transmission to the Russian Embassy in Mexico. The barber was identified as Eugenio Chavez.

In El Paso, Chavez said that "I never spied on anybody or tried to be a spy." He said he has Left-Wing sympathies and subscribes to the Communist newspaper, the Daily Worker.

Cheese Surplus In U.S. Hits Canada's Exports

By GEORGE RONALD.

WASHINGTON, June 10 (CP) —A temporary surplus of cheese in the United States is causing an unexpected drain on Britain's slim dollar resources.

Because of the surplus, the Economic Co-operation Administration — which runs the Marshal plan—will not permit the use of Marshal-plan funds to buy cheese outside the United States.

Until now, Britain has been able to use dollars obtained from ECA to finance her $15,000,0000 contract to buy 50,000,000 pounds of cheese from Canada. In future she will have to pay for the Canadian cheese from her own dwindling supply of dollars.

A Canadian spokesman in Ottawa said the United States action may not affect Canada seriously. It is not expected that Britain will dishonor her contract with Canada because of the ECA decision. Likely, she will use her own scarce dollar supply to pay for the cheese.)

Under the ECA law, no commodity declared surplus in the United States may be bought from any other country with ECA money. The most recent product affected by this provision was fresh pork.

There has been no formal declaration of a cheese surplus, but the result of the ECA decision is the same. It parellels action taken in regard to wheat several weeks ago.

2,000 Searchers Abandon Hunt

EASTMAN, Que., June 10— (CP)—Two thousand tired, disappointed volunteer searchers Thursday night ended the official hunt for six-year-old Michel Fontaine and Provincial Police took over, following reports the frail lad may have been murdered.

After hundreds of searchers had combed the Brome County uplands for 11 days, the 200-acre Fntaine farm was practically deserted today but Police Chief Edmond Rioux said the search would be resumed "strictly as a local affair."

"As far as I'm concerned," Chief Rioux said, "we are prepared to continue the search until the boy's body is found. We are not giving up."

The chief said a party of 25 or 30 men will go out today, starting from the spot where the boy disappeared.

Hears 4th Death Sentence

Jake Bird Doomed Often, But Never Hanged

TACOMA, Wash., June 10 (AP) —Noose-cheating Jake Bird, often doomed but never hanged, heard his death sentence pronounced for the fourth time on Thursday.

In a brief court session, the talkative Negro was cut short by Superior Court Judge Hugh Rosellini before he could start his customary courtroom oration. He was sentenced to be hanged July 15.

Since his conviction for slaying Mrs. Bertha Kludt, Oct. 30, 1947, the 48-year-old transient has heard his death sentence pronounced three times, but each time won a stay of execution.

Bird's various appeals and drawn-out legal manoeuvres have taken him into 14 courtrooms and sent his case twice to the United States Supreme Court.

He has admitted complicity in 44 killings throughout the country.

Bird brought out his famous "hex" again Thursday in a brief verbal exchange with James Faber, Tacoma News Tribune Reporter. Angered by a remark of Faber's, Bird told the reporter he was not long for this world.

Six persons on whom Bird has pronounced the "hex" have died.

Fuel Oil Supply Plentiful, No '49 Shortage

OTTAWA, June 10 — (CP) — The heat will be on in Canada's oilburning homes this winter.

A trade department spokesman says the fuel-oil shortage which hit its peak in the winter of 1947-48 is definitely finished.

Only with a war or such other national emergency, said the spokesman, could the Dominion's plentiful supply of fuel oil turn into a scarcity.

Change in fuel-oil supply has been gradual. It has come about not so much because of the discovery of new oil fields in Alberta, but because of a two-year steel storage tank program started back in 1946 when both steel and oil were in short supply.

Because of a lack of storage tanks, a sufficient supply of oil couldn't be brought into the large urban areas by ship and rail during the shipping season to meet the needs of the forthcoming winter.

Gradually as more steel was allocated for storage tank production, the fuel-oil supply became easier. But even in February last year the department was juggling supplies, pushing them around to different parts of the country to meet demands.

By the end of the year, however, storage capacity was beginning to meet the production rate —and that, too, was increasing.

Passenger Suffers Broken Shoulder

BANCROFT, June 10 (ENS)— A car driven by George Imbach, of 13 Grove Street, Belleville, swerved into a five-foot ditch on Highway 62, 3 miles south of the village of Steenburg, at noon on Thursday. A blowout in the right rear tire caused the accident and the car to overturn. Two of the four passengers, Mr. and Mrs. William Mattis of Belleville, were taken to the Bancroft Hospital, where the former was treated by Dr. O. W. Anderson for broken shoulder and his wife for bruises and shock.

Neither the driver nor the other two passengers, Mrs. Nellie Ruckstubal of Trenton and Harry Butcher of Belleville, were injured. The occupants were on their way to attend a funeral in Bancroft. Mr. Mattis was sent to Belleville General Hospital for further treatment there by Dr. E. G. Kennedy. The accident was investigated by Provincial Constables W. Fitzsimmons and John Hawkins of the Bancroft detachment.

In the seats they won, the Liberals had lower majorities in 15 compared to 1945 figures and higher in eight. The remaining four victories were in new seats and therefore there were no comparative figures.

The race for several seats was extremely close. Six were settled by majorities of less than 100 votes.

Cabinet Re-elected

Mr. Macdonald's entire cabinet was returned with him.

The Progressive Conservatives scored all their victories in ridings bordering the Bay of Fundy —for the most part the province's apple belt. The Liberals counted best in the fishing areas—the south, east and north shores — and swept all five Halifax seats. The CCF strength was confined to the coal and steel centres of Cape Breton.

Returns were complete for all but five ridings.

A total of 21 candidates—16 CCF, four Progressive Conservatives and one Independent-Liberal—lost their $100 deposits for failing to poll half the winning candidate's total.

Premier Macdonald said he was "very gratified' over the results and that he hoped they indicated the strength of the Liberal party in the Dominion election.

"We stood on our record and the people have approved of our record," the Premier said.

Camillien Houde Decides To Run In June Election

By THE CANADIAN PRESS

Camillion Houde is in the general election campaign. The fiery, bouncy mayor of Montreal, who in his 59 years has been "down" many times only to stage repeated comebacks, announced Thursday night that he will contest Montreal Papineau as an independent candate in the June 27 election.

The Mayor, who has been compared in temperament and political fortunates to the late Fiorello LaGuardia of New York city, made his surprise announcement early in a night which saw a general pick-up in campaign activity and the Liberals sweep back into power in the Nova Scotia provincial election.

Prime Minister St. Laurent continued to rest at his Quebec home, recovering from an attack of laryngitis, while George Drew, Progressive Conservative leader, carried his campaign into northern Ontario and M. J. Coldwell, C.C.F. leader, opened a swing through British Columbia.

Mayor Houde said he will explain during the campaign the "impelling reasons" bringing him into the election.

He won his greatest political triumph in 1944 when he was elected to his fifth term as mayor after spending four years in wartime internment for urging the people of Montreal not to register under national selective service regulations. A colorful orator, he has served several terms in the Quebec Legislature and in the early 1930's was Quebec Conservative leader.

He contested Montreal St. Mary in the 1945 Federal election and was defeated.

Sinister Alliance

At Kelowna, B.C., Mr. Coldwell charged the Progressive Conservative and Union Nationale parties are conspiring in a "sinister and menacing" alliance to gain power in Canada at any cost.

In predicting that the Progressive Conservative party would win fewer than five seats in Quebec in the Federal election June 27, Mr. Coldwell said there "has never been a more sinister and more menacing conspiracy to gain control of the Canadian people than the alliance between Premier Duplessis (of Quebec) and Progressive Conservative Leader George Drew."

Mr. Coldwell accused Mr. Duplessis of sending provincial police into the asbestos mines in an attempt to break the strike of the workers fighting for better conditions.

The C.C.F. leader charged Mr. Duplessis "is being discredited at the present time" and because of this the Progressive Conservatives would not win five seats in Quebec.

In addition, Mr. Coldwell predicted, the Conservatives would have fewer seats in the next Parliament than the 69 they held in the last House.

Equal Opportunity

Equality of opportunity in education for all Canadian children was proposed by Mr. Drew as a means of consolidating national duty.

Addressing an election campaign rally at Sudbury, he said he believes it is "the duty of the national government to provide, no matter where people live, equality of education for all children in this country."

Earlier, in a broadcast over a CBC national network, Mr. Drew repeated his charges that the $22,000,000 government - operated Canadair aircraft plant at Montreal had been sold to the Electric Boat Company of the United States, submarine manufacturers, for an insignificant sum.

A government under his leadership, he said, would place the plant "under management which has as its purpose the best interests of Canada."

He also again described the American firm as a one-time member of an "international armament ring."

Note Easier Trend On Toronto Exchange

TORONTO, June 10—(CP)—A easier trend developed as the session progressed here today. A wide list of industrials slipped quietly from early firmness and base metals sagged. Gold issues that were well up Thursday had trouble holding their gains as slight selling pressure entered.

Activity was generally centred in the industrial list where a wide list of issues showed losses ranging up to more than a full point. Several issues sold down to new lows. International Paper led a weak paper list lower and early advances in refining oils and utilities were pared. Steels slipped downwards.

Base Metals opened stronger but began to fade in mid-session. Consolidated Smelters was ahead $1 at the opening but soon lost the advantage. Quemont, International Nickel, East Sullivan and Normetal were among the losers.

McIntyre and Kerr Addison eased fractions in senior golds while junior producers showed losses ranging up to 25 cents. The group was strong yesterday but realizing sales cut into the better gainers.

HOG PRICES

TORONTO, June 10—(CP)— Hog prices at Stratford today were: grade A $33.60 from farmers and $33.75 from truckers.

At Hul dressed grade A hogs were $34.75 delivered.

232-Page Edition For Anniversary

LONDON, Ont., June 9—(CP) —The London Free Press celebrates its 100th birthday Saturday.

In recognition of the anniversary, the Free Press Saturday will publish the largest single edition ever put out by a Canadian newspaper. A paper of some 228 pages, in 12 sections, will be distributed to its 74,000 subscribers.

The Canadian Daily Newspaper Association said it has no record of so large a single edition of standard-sized pages ever being published in Canada.

As a second recognition of the anniversary, the Free Press commissioned Orlo Miller to write a book, "A Century of Western Ontario"—a history not only of the company but also of London and of western Ontario.

A dinner attended by the company staff and associates will highlight the day's activities.

The Free Press centennial edition took more than a year in preparation and is a careful review of human endeavor in western Ontario, of which the newspaper has been an integral part throughout its 100 years. Development of the communities of the southern peninsula of Ontario —industrially, commercially, politically, educationally and socially—is illustrated in its pages by word and picture.

Cheese, Produce And Livestock

CHEESE BOARDS

CAMPBELLFORD, June 10 — (CP) — Boarded, 1,904 boxes white. All sold, 30 cents fob factory.

TORONTO FRUIT

TORONTO, June 10 —(CP)— Wholesale fruit and vegetable prices were unchanged here today with the following exceptions: strawberries, qt., 30-45; strawberries, pints, crate, $7.50-$8.50; cauliflower, $1.-$1.25, depending on size and quality; spinach, 75-85; cabbage, $1,75-$2; head lettuce, $75-$1.25, depending on size and quality.

CHICAGO GRAIN

CHICAGO, June 10 —(AP)— Wheat advanced more than a cent on the Board of Trade today in moderately active dealings. Act on of the bread cereal had little influence on other grains, corn slumping a bit while oats held no better than steady.

Wheat near the end of the first hour was 7/8-1¼ cents higher, July $1.95⅛; corn was unchanged to ¼ lower, July $1.32⅛, and oats were unchanged to ¼ higher, July 59 7/8. Soybeans were one to two cents higher, July $2.23.

TORONTO PRODUCE

TORONTO, June 10 — (CP) — Produce prices quoted on the spot market here today follow: Churning cream, No. 1, 58 cents fob, 62 delivered.

Butter prints unquoted.

The egg market was firm today on good demand at advanced prices. Country shipper's quoted graded eggs, cases free: grade A large 54, A medium 52, A pullet 45; grade B 41-42, grade C 37-38. Wholesale to retail: grade A large 57-58, A medium 55-56, A pullet grade B 47, grade C 42.

Butter solids: first grade tenderable solids 58; other first grades 56¼.

WINNIPEG GRAIN

WINNIPEG, June 10 —(CP) — Coarse grains were moving narrowly in moderately active trade in the early stages today on the Winnipeg Grain Exchange. Buying orders in both oats and barley were stimulated by the lack of moisture and by the high temperatures across the prairies. Offerings were light.

Local and commission house demand, also reflecting the high temperatures and lack of rain, contributed to a firm trend in rye prices. Flax was not open.

Prices:

Oats—July unchanged at 74; Oct. ⅛ lower at 70½ A; Dec. not open.

Barley—July ¼ lower at $1.15; Oct. unchanged at $1.01⅝ A; Dec. Not open.

Rye—July 7/8 higher at $1.32-¼; Oct. ⅝ higher at $1.33½ B; Dec. ⅜ higer at $1.34.

Flax—not open.

Inspections: Wheat this year 432; last year 313; of contract 350; oats 48/31; barley 25/19; Flax 14/7; rye 13/1; other grains 4/1; Total 536/372.

Princess Gives $5,200

LONDON, June 10—(Reuters) —Princess Elizabeth has given £1,300 ($5,200)—part of her wedding present from the government and people of the Bahamas—to Canada House, a maternity home at Gillingham, near London, for the wives of men of the Royal Navy and Royal Marines. The house, damaged by enemy action, has just been rebuilt. A Canadian contribution of £2,500 during the First World War was used to inaugurate Canada House.

Clapper Extols Liberal Policy At Buckhorn

Liberal candidate in Peterborough West, Dit Clapper, keynoted the speeches at the Liberal meeting in Buckhorn Thursday night by saying Canada had avoided a depression, such as followed World War I, by planning for the reconversion of industry and the return of ex-servicemen and women to civilian life.

He said Canada, with 5,000,000 men and women employed, and total savings increased two and one half times over their 1939 bank accounts, was prospering to a large extent through the efforts of the Liberal government.

Charles Elliott Speaks

Last year's provincial Liberal candidate, Charles Elliott, told the audience the Progressive Conservative party was trying to spread a feeling of despair about Canada's future trade. This view has no relation to the facts said Mr. Elliott. Canada's position was by no means one of despair.

He said The Financial Post had printed a story this week telling the facts about Canada's trade situation at present. In the first four months of 1949 the dollar value of Canada's exports had increased. At the same time the volume of goods exported had gone down a little. The reason for the shift was that the price of Canadian wheat had increased. However, said Mr. Elliott, there was no cause for despair or pretense of despair.

Questions Conservative Criticism

Dr. Ralph Honey next took up the cause of the Liberal party. He questioned George Drew's interest in the welfare of the people. He said the Dominion Government had passed a bill in 1943 setting aside $235,000 each year for the development of children's playgrounds and helping with community centres. Ontario's share was to be $74,000. Mr. Drew, said Dr. Honey, completely ignored the gift. The first time the money was accepted by the Ontario Government was last April.

Dr. Honey said in Mr. Drew's great hunt for weaknesses in the Liberal Government administration, he had not touched on its conduct of the war. The only exception was the Hong Kong affair when all Mr. Drew had to say was he did not believe the findings of the Royal Commission.

Many millionaires and even multi-millionaires had been made during World War I., Dr. Honey said. It hadn't happened between 1939 and 1945. The only thing Mr. Drew had been able to complain about was the North Star affair four years after the war, in which Mr. Drew said he thought the aircraft should substitute Pratt-Whitney engines for Merlin engines.

The return of veterans to civilian life had been remarkably smooth, owing to good Government planning, Dr. Honey said. For a year after their discharge, ex-service men had been entitled to medical and dental care and hospitalization. About 957,000 men and women had been given war service grants. These grants had been a great help to the ex-service people. Many had gone on farms and many more had taken advantage of the Veterans' Land Act. This year 8,000 men and women veterans were graduating from university.

Public Works Needed

W. B. Gordon said there was a backlog of public works Peterborough West needs which it will not likely get unless it has a member in the House who is a member of the party in power. Tnere was no question, said Mr. Gordon, that the Liberals will form the next Government. Electing Mr. Clapper, said Mr. Gordon, was how Peterborough West voters could get those public projects attended to.

Mr. Drew's campaigning had been a series of appeals to certain groups and localities. As a provincial leader and later as a national leader, Mr. Drew had complained the Federal Government had tried to lessen provincial independence. Yet in the first provincial election since Mr. Drew became national Progressive Conservative leader, he had gone to Newfoundland and become entangled in the election.

Now he is anxious to go even further than the Liberal Government's original plan in giving family allowances.

Mr. Drew's record in the Bren gun affair early in the war was even more revealing, Mr. Gordon said. Mr. Drew had stopped the production of Bren guns for a time through his criticisms of their manufacture. But the Bren gun was used by Allied infantry throughout the war and was one of the best weapons they had.

St. Laurent Group Unequalled

The Liberal Government has at its head a group of men unequalled by anything Drew can muster. Mr. Gordon told his audience. Prime Minister Louis St. Laurent was, he thought, "one of the finest types of men we could have at the head of the country."

Instead of trying to divide Canada as Mr. Drew is doing, Mr. St. Laurent is working to unite the Dominion.

All the speakers said Peterborough West was fortunate in having a young man like Mr. Clapper with youth and vitality to work for them and promote their interests.

Trade Fair Has Successful Show

TORONTO, June 10 (CP) — The 1949 Canadian International Trade Fair closes today after a successful 10-day stand, and officials are already making preliminry plans for next year's venture.

A. P. Timms, United Kingdom Trade Commissioner to Canada, said the Trade Fair has been productive of "useful business" to the British Isles. Several exhibitors, however, found sales of textile products "a bit difficult."

Glenn Bannerman, chairman of the Dominion Government Exhibition Commission, said he is "satisfied more business was done this year" than during the 1948 fair, only one of its kind in North America.

The fair attracted 1,700 exhibitors, 30,000 business visitors and 80,000 members of the general public.

Buyers from 54 countries were registered up to last Tuesday, seventh day of the Fair, but the final figure is expected to be much higher. Last year, between 70 and 80 countries sent business representatives.

New Utilities

(Continued from Page 15)

with new housing developments on all sides of the city is now being switched, and, it is understood, only the most necessary exceptions will be considered in the six weeks period until the 24-inch main is completed.

The Utilities Commission had taken a long view of water requirements of Peterborough early in the war. They undertook the laying of the 24-inch main on Bethune St., down as far as Dalhousie Street. The war intervened with demands on the county's composite manufacturing establishment that cut off iron pipes and other equipment. Men were needed in the armed services and also in the production of war materials.

The result was that the 24-inch main project had to be abandoned until the war was over. Since then the work on the main has been resumed, but the Commission has been distracted more or less from that job to supply the hundreds of new houses that have been built in the last few years.

In other words, the Commission acceded to the demands of the community for accommodation of the housing developments, and has thereby been prevented from proceeding with the 24-inch main job with the speed that was desired. The Commission has now decided, according to the statement from Mr. Dobbin, that these housing conections will have to be pushed aside until the big main is projected across the old Hilliard Farm property is finished.

Six-Week Delay

This decision is likely to cause disappointment here and there where the erection of houses is under way, but the delay should not be more than six weeks. The Commission expects that its general plans for this season will be completed as intended, as soon as the 24-inch job is ended.

It is recalled from meetings of the Commission that the needs and even the rights of the people as a whole have been considered and anticipated by the Commission in the major works which it has planned. But, a demand arose for other works including the new housing developments for ex-service men and their families. It has been said that Peterborough has been bursting at its realty seams, and both the city council and the Utilities Commission's departments have been hard pressed to meet the demands arising from new housing.

The Dobbin announcement means that for the next six weeks, the Commission is going to focus its efforts on the 24-inch main, as a planned means of increasing water pressures, particularly in the western and southern sections of the city. The improvement of pressures in Ashburnham will have to wait until the river-crossing main is laid.

Fire-Gutted Town Hall Is Being Rebuilt

WARKWORTH, June 10. — (ENS). — After tearing the recently burned portion of the roof off the Town Hall, the Council has decided to rebuild it nearly the same as before, with the exception of the top, which will be lowered about a foot.

Joe Wilson, local contractor, has the contract and now has a gang of men employed at rebuilding the roof. He will start on the interior as soon as the roof is finished.

It is planned to construct a false ceiling. A cistern to supply water for new toilets will be installed, and a modern kitchen will also be built in the basement. There will be a complete redecorating of the interior of the building.

Kingston Doctor Wins Acquittal

KINGSTON, June 10—Dr. G. W. Blenkinsop, of Kingston, was acquitted Thursday on three charges of illegally selling narcotics, after a jury deliberated nearly two hours. On two other similar counts, the jury could not reach any agreement and the charges were put over for retrial until December.

Dr. Blenkinsop was given bail of $6,000.

Trial of a second Kingston physician, Dr. R. J. Livesay, on two charges of illegally selling narcotics on May 15 and 20, 1948, were started Thursday afternoon.

Royal Canadian Mounted Police who laid the charges, alleged that on three occasions, May 22, May 28, and June 4, 1948, Dr. Blenkinsop had sold narcotic drugs to Constable Philip Isber.

Repaying Kindness?

TORONTO, June 10—(CP)— The office of Rev. Gordon Domm of Bathurst St. United Church, who befriended the notorious Beanery boys gang and set up a recreational club for them, was broken into and ransacked early today after a club meeting. Police said they could find no evidence of forcible entry and believe that a Beanery boy ransacked both the minister's and superintendent's office. It was not known what was stolen as Church officials are away on a Sunday School picnic.

Slack Interest In Name List For Memorial

"An enormous lack of public interest" was the expression used by W. Harold Yelland, president of the Canadian Legion, in a letter to the council regarding the listing of names of wartime service men and women for recording in the Memorial Community Centre.

City council contributed $500 to the Legion to help meet the expense of this compilation. Garfield Torrance was secretary at that time. Avertisements were published appealing to people to send in the names of their relatives and friends who had been in the several wars. The result was a list of 2,000 names.

Most of the council's money was spent in advertising and Legion officers were disappointed with the general response. Their opinion is that a larger volume of names would be forthcoming as soon as the building of the Centre was begun.

"Our crowd changed to Pepsi-Cola because Pepsi is bigger and better," says Margot Rudland, Toronto student. Right, Margot. Pepsi-Cola gives you more in flavour, more in value, too. Delicious Pepsi is so refreshing, so satisfying. And there's twice as much in the big 12-ounce bottle. Why take less when Pepsi's best?

Basil Kearney, men's wear salesman in Kingston, Ont., changed to Pepsi-Cola because, he says, "Pepsi really satisfies my thirst, doesn't just tease it." That's important. When you take time out for refreshment, you want something that hits the spot, something that sends you back fresh and ready to go. That's Pepsi-Cola. Drink one today. See for yourself.

Miss Ashton told police she suspected Yeager of the crime, and he threatened her and kept her prisoner.

WA To Purchase New Tables

ROSENEATH, June 10 (ENS) —The WA of Centenary United Church held their June meeting Thursday with the president, Miss Hilda Arthur, presiding and Miss Lois Arthur as organist. The president was assisted in the worship service by Mrs. Ernest Burrison and Mrs. Neil Sherwin.

A letter was read from a used clothing depot in Toronto acknowledging receipt of a large bale of used clothing received from the WA.

The financial statement presented by the treasurer, Mrs. Reginald Timlin, showed a balance on hand of $31.47.

A report was given on the refrosting of the church windows, financed from WA funds.

To Clean Interior

Plans were made to clean the interior of the church at an early date.

After a discussion regarding the purchasing of small tables for the church, the following committee was appointed to buy them: Miss Emma Sherwin Miss Hilda Arthur and Mrs. Reg. Timlin. Mrs. Arnold Elder, program convener, prepared a program in keeping with "Father's Day." Readings were given by Miss Linda Arthur, Mrs. Reg. Timlin and Miss Emma Sherwin.

Lunch was served by Mrs. Newman Lean, Mrs. Roly Thackeray and Emma Sherwin.

Acquit Kingston Doctor

KINGSTON, June 10 (CP). — Dr. G. W. Blenkinsop Thursday was acquitted on three of five charges of illegally selling narcotics after a jury deliberated for nearly two hours. On two other counts the jury could not reach any agreement. The five charges were laid against Dr. Blenkinsop by Royal Canadian Mounted Police officers. A previous jury disagreed on the charges and a new trial was ordered.

Louis Jean Malvy Dies

PARIS, June 10 (AP) — Louis Jean Malvy, 74, former French Interior Minister, died Thursday after a heart attack. Reeve Reopens Marmora's Community Hall

MARMORA, June 10 (ENS)— The newly renovated and redecorated Community Hall was officially reopened by Reeve V. M. Lynch on Wednesday evening prior to the presentation of "The Kitchen Band" by a cast of twenty members of Marmora Women's Institute. Introduced by the president, Miss Eugene Brady, who thanked the community for their support of the project, the reeve also expressed his appreciation. He referred to the new heating system installed in 1946, then the completion of the stage decoration and the furnishing of new equipment by the Institute, with the final decoration of the hall and rewiring undertaken by the Council. Due to the retirement of old debentures this year, the latter work would not entail extra taxation.

Take Part in Play

Narration of the story of the play was given by Miss Grace Warren. Mrs. Harold Nayler acted as the conductor of the band and Mrs. Alex Fraser was accompanist. Vocal duets were rendered by Mrs. P. Gray and Mrs. F. R. Wells. Mrs. T. Hannah and Mrs. L. R. Green. An instrumental duet was given by Mrs. E. C. Prentice and Mrs. A. Crossen. Vocal solos were given by Mrs. L. R. Rundle, Mrs. Percy Gray, Mrs. E. Belanger, Miss Jennie Gray and Mrs. H. Brady. As the members of the band sang "Cruising Down the River" a small canoe passed along the stage in which David Bedore and his sister Anne Marie, were seated. Guy Belanger and Donna Osborne appeared as bride and groom.

The proceeds go to the Institute's hall renovation fund.

Twilight Of The Human Spirit

Arriving in England a few days ago, Field Marshal Jan Smuts made some interesting observations on the world situation. He said that we are all, at present, drifting, frustrated, in a twilight of the human spirit.

• • •

This is, to us at least, an observation of the deepest interest. If Smuts had said something about U.N., of Russia, or the new powers and responsibilities of the U.S.A., it would no doubt have been interesting and significant. But Smuts is a philosopher, and he knows that there are moods and trends which affect millions of people, irrespective of race, and which are of the deepest significance in history. He considers the present "twilight of the human spirit" to be such a mood.

• • •

The world is still weary from the war. Yet there is no time to indulge that weariness, or for nations to seek distraction from it. Every week new problems or new aspects of old problems demand attention and solution. The struggle between East and West in Europe engages the attention of more than half the world; the Cold War involves the whole world in its struggle between two irreconcilable attitudes toward life; in Asia and Africa the supremacy of the white nations is being seriously questioned for the first time in two thousand years. These are gigantic problems from which there is no escape, and yet how eager we are to escape them, and to withdraw once again into a comparatively happy and uneventful nationalism!

• • •

Twilight must be succeeded by dawn or darkness. In this case the choice lies with the world itself. Will a brighter day come, or are we heading toward a new Dark Age? No one can say with certainty, but it is good for us to have our attention drawn to this great matter by a man who is not only one of the world's great leaders, but one of the world's philosophers.

Civil War In Britain?

We like a politician to be colourful. We like a politician to have a ready tongue. We do not, however, like a politician to be out of his mind with spite and fanaticism, and that is what appears to be wrong with Aneurin Bevan, Minister of Health in Britain's present Government. At a mass meeting held at Blackpool recently he said: "If there is a Tory majority in the next election, (Britain) will have said the road to progress by means of democratic government is closed . . . . All the roads are closed except the roads to tyranny and oppression . . . except the roads to civil war."

That is nonsense. If Mr. Bevan knows it is nonsense he should not have said such a mischievous thing; if he does not know it is nonsense he should be certified at once and treated for his mental unbalance. When speaking of the Tories Mr. Bevan seems quite unable to keep within the very wide bounds of decent political speech. It was he who, not so long ago, denounced all Tories, without exception, as rats, and at that time we said that it was only a very unwise parliamentarian who says anything which will make it impossible to meet his opponents on reasonable terms afterward. What are we to say of a man who suggests that the only alternative to the political faith he represents is civil war?

For civil war is the most horrible of all kinds of war. Britain and the U.S.A. have both experienced that horror once in their histories, and any Anglo-Saxon who suggests it as a solution to any difficulty should know the horror which he invokes. Mr. Churchill, as leader of the Opposition has formally requested the Prime Minister and the Lord President of the Council to repudiate what he calls "an assault upon democratic government".

Perhaps Mr. Bevan senses that a change of government is likely to come at the next election, and seeks to frighten the people of Britain. He has chosen the most dreadful of all threats, and he must surely know that his threat is an empty one.

Sir Stafford Wins His Points

The British Labour Party has held its fortieth annual convention, and Prime Minister Attlee and his Cabinet seem to have silenced the rumblings of the faithful and the balky which have been loud of late. The Convention approved the expulsion of Mr. Zilliacus and other prominent obstreperously left-wing members. The Convention nodded agreement—undoubtedly after some wrangles in committee—when Sir Stafford Cripps explained the necessity for his last onerous budget, and when he demanded more efficient production and no increase in wages. The Party seems now united firmly behind Mr. Attlee and the "Iron Chancellor" who administers the Exchequer and the country's economy. Officials of the Trades Union Congress will rally at its party's call.

Sir Stafford has won his points with the Party and Congress officers. How thoroughly has he the support of the eight million members of the Trades Union Congress, who are the Party's election mainstay? There have been "wild-cat" strikes, without the approval of union officials. More and large strikes of this kind can wreck Sir Stafford's plans and disrupt his policies. Sir Stafford said at the Convention: "We are the most virile democracy in the world". People in a virile democracy are not submissive. They can revolt, as did the strikers against their leaders. Voters in a virile democracy can be fickle and less logical than Sir Stafford. Has he won his points with the people?

A Family Man As Prime Minister

Whatever happens in the General Election, the next Prime Minister of Canada will be a family man. Mr. Coldwell has a son and a daughter; so has Mr. Drew; Mr. St. Laurent has two sons and three daughters and twelve grandchildren as well.

Let no one suppose that this is a trivial matter. Mr. King and Lord Bennett were bachelors and it is by no means fanciful to say that they imparted a bachelor character—a dryness, a fussiness, a pernicketiness— to the governments which they formed, to the administrative staffs of those governments and thus indirectly to the country as a whole. It has often been questioned, informally, what the effect on Canada would have been if Mr. King had possessed a wife and several children; we suggest that this question would still make an admirable subject for a debating society or an Empire Day essay.

We shall shortly find out what difference marriage makes to a Prime Minister. When an elderly bachelor has taken counsel with his advisors and has made up his own mind, it may be assumed that a matter of importance is settled. But a married man knows that the greatest of all cabinet meetings still lies before him—that solemn conclave of husband and wife while preparing to retire for the night. Many a man's mind has been changed, gently, or firmly, or indirectly, or by the merest hint, in that innermost council chamber.

A bachelor, too, if he occupies a great position in the land, must come to look upon himself as a man who has no character but his public character. He has plenty of public adulation, but he is starved for affection. A married Prime Minister, on the contrary, has a private character utterly unlike his public one. Awesome to his Cabinet, he may be putty in the hands of his daughters; a martinet to his secretaries, he may be unable to impose ordinary discipline upon his sons; his public life is surrounded with every circumstance of dignity, but his grandchildren butt him in the stomach and chew his watch as freely as if he were Santa Claus—in which character he may sometimes appear. His public dignity may vanish now and then in his family circle, but this loss is balanced by the family affection which can do so much to soothe a wound received in public life.

And as for orderliness, or pernicketiness a man who has even one daughter knows that these are but words.

The experiment of a married Prime Minister will be an interesting one and, in our opinion, something that Canada needs.

Notes And Queries

By ALPHA

Questions are solicited for this column, particularly those relating to local lore and tradition.

DEAR ALPHA: Being confined to bed I cannot go about town and see for myself what goes on. So I read the local news and am pleased to have your Friday column to augment it. . . .Can you tell me if all those people fined for speeding, parking offences and the rest really do appear in police court and plead guilty? It amuses me that some of our Best People have their names in the paper for such offences. Police Court must be quite interesting if they all appear.

ANSWER: As a matter of fact, very few of the people charged with violating traffic regulations appear. They get a Summons through the mail, and then send the magistrate a cheque. Here is the system:

The postman brings a "Serve Summons". This sheet is appropriately coloured yellow. At the top is printed a Coat of Arms. It is a very old-fashioned looking crest; perhaps the city has been using the same die for fifty years. Not only is it old-fashioned. It is a British coat-of-arms; not the Canadian one at all. Below the lion and the unicorn is the legend:

"Canada
Province of Ontario
City of Peterborough
County of Peterborough
To wit."

Opposite this quaint legend is the name of the person to whom the Summons is being given. Then: "Whereas you have this day been charged before the undersigned, for that you, on the ...." Then the alleged offence, time and by-law or Act it contravenes are stated. Then. "These are Therefore to command you, in His Majesty's name, to appear before the Presiding Magistrate on...." And so on. This epistle is signed by a Justice of the Peace.

This is the first Summons. If the receiver does not heed (so he is informed) a further summons will be served by personal service. This will involve additional cost.

The court officials of Peterborough have great consideration for the folk they are about to fine for minor offences. Attached to the yellow summons is a little sticker, printed in red which reads: "If you wish to plead guilty sign a written plea of guilty upon the attached summons and return it to the Magistrate and also send $.... (the sum is stated) to cover the fine and costs which may be imposed. If the fine is less the difference will be returned to you".

So that is the way the majority of Peterborough drivers appear in court. That is, they do not. A summonsed person sends the magistrate the money and pleads guilty, and when the case is called, somebody in the court makes the plea of guilty on his behalf, the fine is levied, and he is out of pocket say $7.50 if he has been speeding on George Street and has been caught, for the first time.

ALPHA: An "L.C.M." went through the Lift Lock last week and the Examiner said it was a small landing craft. It explained "L.C.T.", as "Landing Craft, Tanks" but not the M in "L.C.M. What is it?

ANSWER: The picture of the L.C.M. on the page which carried the story about it showed very well what an L.C.M. is. The M stands for Machines, I think. Numerous types of landing craft were used during the war. Men invading a coast were carried in L.C.I.'s (Landing Craft Infantry).

✧ ✧ ✧

SIR: Why on earth do they call the New York skyscraper the Empire State Building. Whose State—the financiers', Wall Street's? Whose Empire—the American dollar's? Isn't the U.S.A. a republic?

ANSWER: It has that name I suppose partly because the towering building seems to need an impressive name, but chiefly because it is in New York, and New York state is referred to as the "Empire State".

This is not pomposity, but piety for posterity, since the name was used by George Washington in replying to an address presented him by the Council of New York City in 1784. Washington said in part: "I pray that Heaven bestow its choicest blessings on your city; that a well-regulated and beneficial commerce may enrich your citizens, and that your State (at present the seat of Empire) may set such an example of wisdom and liberality as shall have a tendency to strengthen and give a permanency to the Union at home, and credit and respectability abroad". How well New York has fulfilled Washington's prayer! Certainly commerce has enriched its citizens, and its credit abroad is topnotch, in dollars as in other ways. Shelley said "See Naples and die". Most Europeans would much prefer to see New York. They dream about it as a starving man might dream of a king's banquet, a peasant of the Kingdom of God.

✧ ✧ ✧

ALPHA: Is the Peterborough Examiner the only "Examiner" in Canada? No sly dig intended!

ANSWER: One other newspaper in this country has the perspicacity to call itself by that distinguished, even historic, name. That is the Barrie Examiner, a weekly with a circulation of 7,543—a very good circulation for a town weekly. Alberta has two special Examiners, which are below the Peterborough Examiner's view unless somebody on its staff is in the Street or oil. They are the Market Examiner, and the Western Oil Examiner, both weekly sheets, published in the Examiner Building, Calgary, and both with undisclosed circulations.

I describe the name Examiner as distinguished and historic. I say so because of Viscount Bolingbroke's "Examiner", the first that I know of. He founded it in the autumn of 1710. It was conducted by Jonathan Swift. Matthew Prior was a contributor. It engaged in controversy with Steele's "Guardian", and Addison's "Whig Examiner".

There are fewer than a hundred daily papers in Canada, but all sorts of other sheets are published. For instance, in Toronto alone 196 newspapers and periodicals are published, from the Acta Victoria (six times during the college year) to the "Zwiazkowiec", published weekly in Polish. Of the Toronto publications 59 of their names begin with the word "Canadian"—like the "Canadian Funeral Service", a monthly trade journal with a circulation of 1,600. Montreal is the publishing centre for 130 journals and magazines, 73 of them French, 50 English. Only seven (which are professional or trade journals) are bilingual.

Letters To The Editor

NO PEANUTS, MANY LOTTERIES

Sir: I cannot help but comment on our City Fathers refusing the peanut vendor his license, and still not stopping the traffic of lotteries on our mainstreet. It reminds one of a market day in Arabia. The children like the popcorn man and so do I. He seems a very friendly person in a crowded street. It is to be hoped the council sanctions it before the tourists come.

FRIEND OF THE CHILDREN.

MILITARISM?

Sir: I hope I may be given a short space in your paper on a subject that surely requires looking into. Last week at P.C.I. two pupils of my knowledge were sent home in the morning because they forgot their uniforms.

Now, I would like to know if we are raising a band of storm troopers or are we having another army?

Both of these boys lost the whole morning, now when the exams are on. One lived in Keene and one in Ida. Now there likely were others. It is high time our children were learned something in high school except sports and military training. Both these boys paid bus fare and then dine in the city which is a big item for a man that cares. Earning his way by the sweat of his brow.

A SUBSCRIBER.

FAREWELL TO THE PEANUT MAN

Sir: I feel a big downright disgust about it all. First it is that you cannot spit on the street. Now it is that the Peanut man he cannot make a living no more. Maybe next year you cannot yell at baseball games. Is this what you call the Democracy? The peanut man he no pays no business tax but he don't get rich neither. He gives you good peanuts, rich in vitamins,—not sticky sugary good for nothings drug store candy for the kids. He gives you lots else too. He gives good smell to night air, not all wrapped up in little sanitary bags like the grocery man's. He gives free a gay little whistle to remember you of warm circus nights. Not much no more to take you back to small boyhood. Chief he say it an impediment. Maybe his job to help people hurry. More people sit still and eat peanuts maybe not so much trouble for chief. Someone say obsolete like cigar store Indian. What the matter with the cigar store Indian? He lend dignity and what you call stability. Make good Alderman maybe. Peanut man he say he think it pressure from the sanitary department not to have peanut shells over nice clean streets. Me, I think maybe early closing Lobby got him. Peanuts 9-5 good enough for us public. Anyway now it is one more fellow trying to make an independent living and maybe give a service he gets slapped down. So long peanut man. I have the wish you were staying.

FATHER OF FOUR.

WRATHFUL AT RIVER POLLUTION

Sir: May I too protest, nay denounce vehemently, the condition of Little Lake as it has been, will be this summer, and will ever be unless somebody takes all the city officials and "puts them in the scuppers with the hose-pipe on 'em"—a hose-pipe taking water out of Little Lake and pouring its bilge all over them. The filth of the waters of the lake and the river below it is not only a private nuisance to people with boats there, to residents along the embankments; it is a public disgrace and a civic menace.

Is the condition nothing to Peterborough? Where are our lusty and righteous forbears' progeny that they do not raise a row? Did the men who founded this city, county and country leave naught behind them but a generation of complacent nincompoops, who piously say "What a lovely, nice city we have", yet do nothing about the raw sewage being dumped into the waters?

Is it for this that English folk left pleasant villages a hundred years ago, where at least human excretion was dropped into holes in the ground and not poured out to the surface of open lake water to pollute it? Is it for this that poor Irish immigrants left hovels of Cork to seek a more salubrious life? Did the hardy men and women in search of a better life come to Peterborough a century ago that their great grandchildren should vomit because of the sight and stench of the waters around which their habitations are?

Our forbears' ghosts must now be rising from the rancid vapour of Little Lake and the Otonabee and saying to the present generation: "Go back, go back from whence we came. Suffer no more the corruption. Go back to England, Scotland, Ireland; and you of newer migration, to Italy, Poland and Slovakia. Here it is unclean; there you will have more decency."

Has the present generation become so indecent that it can smell only the dollars it clutches? Is it so insensitive that the offal of tomatoes, pumpkins, pigs, bullocks, sheep and humans which floats like grease on Little Lake, and the soiled toilet paper which looks like what it is, passes by the city nose, without rebellion?

What can be done? Officials say, "We have had estimates from sanitary engineers. It will cost so many hundreds of thousands of dollars." Perhaps it will, for a really complete overhaul of all the city's sewage system. Need that defer action, some action? No.

Sanitary engineers, being engineers and being desirous of large business and a complete job, will quote big prices on a complete job. Surely there are temporary, plugging measures? What do farmers do on farms? Could there be a big septic tank, a thousand times bigger than a farmer's? Could the principle of the cheap sanitary, non-flush toilets be used?

If the people of this city rise up in wrath and do not fold hands as if pollution were God-inspired, some immediate, if temporary, remedial action could be taken. And even if Canada Packers dump only tomato pulp into the river, is not tomato pulp garbage, incipiently putrid?

Action would come if some high health official said, "This MUST stop." And if he ordered, "Within two weeks no more sewage must go into Little Lake. All indoor toilets in East City must be declared out-of-bounds. Within two weeks have an outhouse in your back yard or use the public lavatories on the Market Square. That is an order." That would bring action.

Yours wrathfully,
CATO.

Bible Message

(From the Authorized Version)

And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them, ready to depart on the morrow; and continued his speech until midnight. And there were many lights in the upper chamber, where they were gathered together.

And there sat in a window a certain young man named Eutychus, being fallen into a deep sleep: and as Paul was long preaching, he sunk down with sleep, and fell down from the third loft, and was taken up dead. And Paul went down, and fell on him, and embracing him said, Trouble not yourselves; for his life is in him.

When he therefore was come up again, and had broken bread, and eaten, and talked a long while, even till break of day, so he departed. And they brought the young man alive, and were not a little comforted. (Acts 20: 7-12.)

Leafs Trounce Orioles In 14-9 Triumph

By The Associated Press.

Alex Garbowski, young shortstop of the surging Toronto Maple Leafs, is beginning to sock International League pitching in the style that made him a standout in lower classifications the last three seasons.

Garbowski has been hitting a .406 gait for the last nine games. The lanky infielder's over-all mark is only .247 but he has picked up 35 points during the last week and has failed to hit in only one of his last nine games.

Thursday night he drove home six runs to lead the Leafs to a 14-9 triumph over Baltimore Orioles.

Garbowski pounded a home run triple and two singles.

Billy Glynn and Johnny Blatnik also homered for the Leafs who now have won nine out of their last 10 starts. Ed Wright, with help from Jocko Thompson picked up his seventh triumph.

The victory enabled the third-place Leafs to move to within a game of the runner-up Buffalo Bisons and to within two of the league-leading Jersey City Giants. Both Buffalo and Jersey City divided doubleheaders.

Split Pair

The Giants split a pair with the fourth-place Montreal Royals, winning the second game 5-3 after the Royals grabbed the first 11-6.

Montreal started and finished with a bang, in the opener, scoring five runs in the first inning and six in the final. Oscar Grimes belted a two-run homer for the Royals and Fred Gerken clouted a three-run homer off winning pitcher Clyde King for the Giants.

West Westrum's 15th homer of the season with a man on in the seventh inning enabled George Bamberger to attain his seventh victory as against one setback in the finale.

The Bisons crushed the last-place Syracuse Chiefs 9-3 in the first game but bowed 3-1 to the two-hit pitching of Hank Perkowski, towering lefthander, in the nightcap.

George Byam drove home four runs on his fifth homer and a pair of singles to feature Buffalo's first game 12-hit attack.

Newark Bears edged Rochester Red Wings 5-4 to halt their three-game losing streak and snap a three-game Rochester winning skein.

But Heslet's sixth home run of the year in the seventh inning proved to be the decisive run. Russ Derry poled his 14th homer for Rochester in the eighth inning in a pinch-hit role.

Here and There In Sport

By The Canadian Press

The American League agrees today that baseball's Connie Mack is "the luckiest guy in the business."

He may have bad luck, they admit, but he has good luck too. The latest exhibit is rookie pitcher Alex Kellner, hottest mound asset of the 1949 campaign.

The 24-year-old Kellner has won seven times for Philadelphia Athletics, three from the league-leading New York Yankees. He's lost three and has appeared in a total of 12 contests.

At the season's start, Kellner didn't figure to stick long with Philadelphia. Then Dick Fowler, Phil Marchildon, and Bill McCahan turned up with sore arms. Mack took a chance, pulled Kellner off his relief chores and converted him into a starter.

Tommy Henrich, hard-hitting mainstay of New York Yankees, was out of the line-up in the New York-Detroit game Thursday, with a knee injury. Manager Casey Stengel of the Yankees said at Detroit the outfielder hurt his left knee during a slide in Wednesday night's Yankee-Tiger game.

Stengel he said will probably bench Henrich Friday to give the knee a chance to get back in shape.

Fifteen countries have accepted invitations to take part in the Empire games at Auckland, N. Z., in February. The games are expected to be the biggest festival since their inauguration in Canada at Hamilton, in 1930.

Accepting are Canada, Australia British Guiana, Ceylon, England, Hong Kong, India, Jamaica, Pakistan, Rhodesia, Scotland, Singapore, South Africa, Trinidad and Wales.

At Fairmount Park, Ill., Pete Watermolen, 68-year-old harness racing driver, had a narrow escape from serious injury Thursday night when his horse fell and threw him heavily to the track. Driving Doctor Clardy in the conditioned 25-class race, the veteran reinsman saw his horse stumble and fall about 20 yards after the field broke. Watermolen was knocked unconscious and was rushed to hospital where he was pronounced in fair condition.

Spud Worthy, handled by Bob Lamb, went on to win the race and returned his backers a $12. mutuel.

At Montreal, the touring Scottish international football team scored their second victory in as many nights by defeating Eastern Canada All-stars 5-2 Thursday night before a crowd of about 10,000. The Scots blanked the Ontario all-stars 2-0 Wednesday night in Toronto.

Tigers Subdue Yanks 9-5 Brooklyn Dumps Chicago

By JACK HAND,
Associated Press Sports Writer.

Credit Detroit Tigers with stopping New York Yankees' cakewalk in the American League.

Casey Stengel's Yanks took a six-game lead into Detroit Monday. Now the margin is 3½ and sinking fast. Red Rolfe's Tigers have won eight of their last 10 games.

Art Houtteman, a young man who nearly lost his life in a serious auto crash at Lakeland, Fla., in spring training time, did the latest job on the Yanks, a six-hit 9-5 Tiger triumph Thursday. It was the Yanks' fourth straight loss, three to Detroit.

With Houteman taking a regular turn now Virgil Trucks (8-3) Hal Newhouser (6-5) and Freddie Hutchison (3-2) taking a regular turn, the Tigers rate as real penant contenders.

Hoot Evers was a one-man team Thursday. Evers banged out a triple, double and three singles for five hits. He scored three runs and drove in two more.

Gain Third Place

Connie Mack's Philadelphia A's also closed in on the Yanks, gaining third place, five games out of first, by edging Chicago White Sox 1-0 in 12 innings. Dick Fowler, the Toronto tight-hander, won a tight duel with Bill Wight on a walk, Luke Appling's two-base error and an infield grounder.

What happened to St. Louis Browns? After losing 11 in a row, they finally copped a win over the Yanks in the second game Sunday and now have knocked off Boston three in a row. The total of four is their longest win string.

Dick Starr, a non-winner who had lost seven, finally made the win column with an 11-0 shutout over the Sox. It was the Red Sox's seventh defeat in their last nine games.

Subdue Chicago

Brooklyn clung to that half game lead in the National by subduing Chicago 9-5 while both St. Louis and Boston won to remain right on their heels.

Ralph Branca was unable to stand the prosperity of a 9-0 lead. He was knocked out in the eighth when the Cubs scored five times in a futile effort to pull it out of the fire. The Dodgers wrapped it up early with a six-run blast in the second that routed their old jinx, lefty Johnny Schmitz.

Howie Pollet, back in his 1946 form, stopped the slumping New York Giants with six hits, 4-1, as the Cardinals made it six straight wins and 15 out of 17.

Bob Hall turned back Cincinnati with seven hits as Boston romped home with a 10-2 decision. Southworth benched his "big" hitter, Bob Elliott, who has gone 0 for 20 in recent games. Tommy Holmes, returning to the lineup after a three-week stay on the bench, celebrated with two doubles and a triple.

Philadelphia Phillies squeaked past Pittsburgh, 4-3, in 18 innings, the longest game in the majors since 1946. Del Ennis' single, a double by Andy Seminick and Jack Mayo's fly ball broke it up in the 18th after Murry Dickson had hurled 11 scoreless innings.

LAWN BOWLING

By HERB MARTIN

It will be men's "Irish Trebles" this evening. Draw from the board at 7.30 o'clock.

We understand that the bowlers of Western Canada who are making an extensive tour this summer are scheduled to play in Peterborough on August 19.

Another important event to take place on the local greens is the provincial playoff games for Districts 13, 14, 15, 16. We believe it is about August 10.

It is not generally known but our lawn bowling club is the largest club in the Ontario Lawn Bowling Association.

It was much better bowling last evening—for women.

The boys are gradually hitting their stride; as has been the case almost every night this summer, there have been extra end games, and last night was no exception. Bill Jeffries won from Reg. Dyer in the extra end as did Tom Ryan from S. Shields.

Saturday night the Family Hour tournament is set for 7.30 o'clock.

FLYING OUT—Dutch Leonard walks from the Ebbets Field pitcher's box with a butterfly that fluttered about the mound while the Cub's veteran was getting the Dodgers out. The right-hander missed the pretty insect's help in the sixth, when the Brooklyn club belted him out of there, going on to win, 7-1.

P of W In Finals

Prince of Wales took a 4-1 senior School Softball League win over Confederation yesterday to earn the right to meet Central in the finals. It was a neat tussle at the East City Bowl, with Buott pitching three-hit ball and getting timely clouting by his teammates as they counted a run each in the second and fourth, and two in the sixth. The losers scored one in the fifth. Teams:

Confederation—Holden, Bryan, Daniels, Outwater, Simmons, Crouter, Tyndall, Holland, Dunstan, Martin Brooks.

Prince of Wales — Holbrook, Evans, Buott, Downer, Armstrong, Faiers, Deck, Lockie, Williams, Mongraw, Speirs.

Umpires—D. Crawford and J. Lawless.

Frankford Victors

CAMPBELLFORD, June 10. — (ENS).—The home team tasted their first defeat this season in the Trent Valley Softball League when they bowed to Frankford 14-10 on the local diamond Thursday night. Two homers by G. Holmes and fast pitching by Brusselle failed to stop the hard hitting visitors from running up a substantial lead.

Teams:

Frankford— Darke, 3b; Boyle, p; Gilmour, ss; Chase, lf; H. Rasskin, 1b; W. Rasskin, 2b; E. Gilmour, cf; Murphy, c; Rogers, rf.

Campbellford —D. Holmes, 1b; Herrington, cf; D. Robertson, ss; Bibby, 3b; Saunders, rf; G. Holmes, c; B. Robinson, 2b; Brunelle, p; Blake, lf.

Bob Greenlaw Pitches Uniteds To Win

Bob Greenlaw's two-hit pitching job at the Bowl last night gave Uniteds an 8-4 victory over K of C in a nifty City Softball League tussle. Greenlaw was in good form to allow but one earned run as he whiffed 12 and issued three walks in the nine frames. Ken Guilfoyle was in fair form, too, but his backing slipped a bit at times, and Knights couldn't quite make the grade against two-hit hurling. George Sullivan led at bat for the victors with a homer, two doubles and a single in five tries, as White, Greenlaw and Leether hit doubles none of the losers getting more than one safety. The win put Uniteds in second place, half a game up on Knights.

THE OLD FIGHT— Umpire Johnny Stevens restrains Al Evans as the Washington catcher tries to join a free-for-all argument precipitated at Cleveland's Municipal Stadium when Joe Gordon was hit in the back by a pitch thrown by Walt Masterson. The second baseman started for the pitcher's box. Players streamed from the dugouts. No one was hurt, but near riot so stirred the Indians that they manufactured 15 hits in thrice coming from behind to beat the Senators 13-11.

Archworth and about $12,000 in the bets were left at the post in the running of the $5,000 added Orpen Memorial Handicap at Toronto's Long Branch track 10 years ago today. The 1939 King's plate winner slipped far behind in a race that saw the runner-up in the 1936 plate race, Mona Bell, head the field.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Loyal lacrosse fans here who watched the Petes build up from indifferent intermediate calibre to the point where they twice in the past two years swept through to provincial senior "B" titles won't give up quickly on the locals now that they're in stiff senior "A" competition. The Creighton crew will keep fighting and building with the definite aim to catch a playoff spot this season, and they deserve support. Tackling Owen Sound here tonight at 8.45 in Miller Bowl, our gutted-stick guys will be hustling every minute, win, lose or draw, and the customers can bank on a lively lacrosse game from start to finish. Senior "A" is the best there is.

* * * * * *

City Baseball League opens its season tonight on two fronts, a juvenile joust at 6.15 in Riverside—East City vs. northenders—and games on two Ex. diamonds at the same hour. North and south bantams go in one and the north and southend midgets are in the other. Saturday morn at 9.30 in the Ashburnham Bowl sees the four peewees swing into action. Other scheduled games should be announced by Al Watkins any day now. These young ballsters dish up a snappy brand of the diamond sport and we'd like to see goodly galleries in attendance at every tilt. Today's minors are the senior stars of tomorrow. Loop has 17 teams this season.

Brockville And Petes

Running in second place now in the COBL, the senior Petes can get right up there this week-end by taking both ends of a twin bill o'er Brockville in Riverside. Games tomorrow are 2.30 and 6.30, both loop fixtures and the only scheduled appearance here of the Brockville baseballers this semester. As the B's broke even in a doubleheader earlier with Oshawa, they must have something. Ed Murphy has Gunner Whitehill, Lefty Dadson, Brian Wade and possibly Doug Loucks—if he is available from Lindsay that day—for mound choices, and the Petes will battle hard in an attempt to grab off a pair of victories. With decent weather, the stands should be packed for both jousts. Kokomo Clowns play here Monday e'en.

Shorty Barrett had the heat turned on last eve at the Bowl d'Ashburnham and 'twas more comfortable sitting there for the men's melees. Too cold entirely the previous night and we asked for more fire there. Outlaws came up with a neat 7-6 win o'er Jewellers, the latter coming closer-thanthis lately but lacking luck for the odd run. Hunter hurled well, with Eakins taking over in the ninth when it got too close for comfort and Stew Richardson was biting his nails off at the knuckles. Yeah, it was quite a ball game, each side putting two pitchers in there as Outlaws wanted to get well out of the cellar spot and Jewellers hoped to hop higher, too.

Uniteds Move Ahead

The nightcap saw Uniteds hurdle Knights into second place in the standing with their 8-4 victory. Bob Greenlaw did the trick mainly with a two-hit hurling chore, fanning an even dozen. That and George Sullivan's power at the plate—a homer, two doubles and a single—proved to much for the K. of C.-ers, though they battled right down to the finish. Ken Guilfoyle didn't do too badly on the mound, either, but this tricky veteran will be even tougher as the weather warms up. It looks like Greenlaw now is starting to hit his form. Anyway a good tilt. Another twin bill Saturday.

Two fastball fixtures were run off last evening and resulted in close counts. Raybestos just nosed out Woollens by a 4-3 count at Brinton, whilst Westclox won 4-2 from Quakers on the latter's diamond. These games are proving right interesting as they go in for different rules from baseball and softball. Especially interesting is the 10th man used on each team, guys with roving commissions — and they're doing okay, to. Just a few kinks to work out soon and the Industrial League officials will be happy about the whole thing. We haven't next week's schedule yet.

5 Sentenced To Die

PRAGUE, June 10 (AP)—Five of 15 men charged with plotting to overthrow Czechoslovakia's Communist government and install Gen. Alois Liska as a dictator, Thursday were sentenced to death. Eight others drew life terms and two were sentenced to 25 years in prison following an eight-day trial.

Outlaws Gain Tight One In City Loop

Outlaws edged out a 7-6 win over Jewellers at the Bowl last night in a neat City Softball League encounter before a fair-sized crowd. The winners had an early lead but the Credit crew came on toward the last to make it real close. The fielding was good in this game and the pitching fair. Hunter turned in a nice chore till he was relieved in the ninth frame, and Peters kept his opponents well in check during his short sojourn. McCarthy and Foster led the winners at bat, as Sanderson, O'Brien and Peters each hit .500 for the other side.

Westclox Captures 4-2 Fastball Game

Westclox edged Quakers 4-2 last night in a fine fastball game which lasted just an hour. The work of the rovers was worth seeing with Quigley of Clockers covering much territory. The gloves made a difference, cutting down on hits and errors. Casey and Quigley shone afield for the winners, with the former also getting three hits in three tries. Land of Quakers turned in some sound fielding and McConkey led at bat with two for three. The pitching was good throughout. The teams:

St. George's Win

St. George's beat George St. midgets of the Church Softball League 22-14 last night in a six-inning game. Both sides were weak in the field. The Saints got six runs in the second inning, one in the third, seven in the fifth and eight in the sixth. The losers counted seven in their first, four in the fourth, then one, and two in the sixth. Teams:

RUN-DOWN PLAY—Red Schoendienst of the Cardinals was trapped between third and home in the ninth inning at Braves Field when Eddie Kazak hit a ground ball to Bob Elliott, middle. The catcher is Phil Masi. Schoendienst succeded in scrambling back to third, but Stan Musial, shown with his foot on the bag, had come on from second, and was out because there was no place for him. Alvin Dark of the Boston club stands beside Musial. The umpire is Lee Ballanfant. Despite the mixup, the St. Louis Nationals scored three runs in the inning as insurance, and swept the three-game series.

Electrics Hand 5-1 Reverse To O'Halloran's

CGE gained two points at O'Halloran's expense in the soccer game last evening in King Edward Park tby a 5-1 count before a good attendance. Gourlay led the attack with two goals, while Goodhew, Cotton, Pyle, Langley and Smith went well. The losers appeared to lack practice.

Craig counted first with a low grounder and Gourlay added one later on a solo effort. After the interval, Gourlay on the run sent an oblique shot well up into the rigging to beat the goal custodian. O'Halloran's showed little combination. CGE mad it 4-0 on Goodhew's counter and Cotton scored another after 10 minutes of play. Just before the finish, Scott headed one into goal for the losers. The teams:

O'Halloran's — J. Hutchinson, goal; T. Scott and A. B. Smart, full-backs; D. Gray, J. Dunn and A. E. Smith, half-backs; K. Langley, F. Dyer, J. McGarvey, H. Lathem and Act Downer, forwards. Subs, H. Carr, A. Duncan, H. Pyle.

CGE—F. Titshell, goal; S. Murduff and C. Murduff, full-backs; H. Steel, J. Craig and J. Chamberlain, half-backs; R. Strong, E. Cotton, F. Attard, D. Gourlay and T. McCauley, forwards. Subs, J. Goodhew, S. Ward.

Hamilton Tigers Whip Weston Yorks 14-6

HAMILTON, June 10 (CP) — Hamilton Tigers trounced Weston West Yorks 14-6 in a Senior Ontario Lacrosse Association fixture here Thursday night.

Masters and McDonald were Bengal's scorers with four and three goals respectively. Edmond picked up two goals while Doyle, Black, McKenzie, Capula and Dorney each got one.

H. Downer was the only West man with two goals while L. Gair, Hill and T. Downers tagged one goal apiece.

Les Kennedy Paces US Golf Championship

CHICAGO, June 10 (AP) — The United States Open Golf championship looks like a Tom, Dick and Harry tournament after the first round with Les Kennedy, one of the lesser-known professionals, pacing the field with a two-under par 69.

Kennedy, 31-year-old Pawtucket, RI, shooter, competing in his first Open, posted his top ranking score Thursday afternoon after touring Medinuah's treacherous No. 3 course, a par 36-35—71 layout.

Kennedy goes to the post for today's second 18-hole round with a one stroke lead.

Back in 1942, Kennedy was rated with Lew Worsham and Johnny Palmer as the three brightest prospects in golf. The last two went on to grab their share of honors, but Kennedy was banged up in an auto accident in which his wife was killed.

Kennedy, winner of the New England PGA crown for three years in a row, had eight one-putt greens and chipped in from 20 feet in another to fashion his 69.

WELCOMED HOME with his unit to Cornwall is Lieut. Col. Neil M. Gemmell, DSO, Croix de Guerre who commanded the SD & G Highlanders in the last days of the struggle and returned with the battalion to Canada. Shaking his hand is Lt.-Col. R. T. E. Hicks-Lyne, MC, the second OC of the unit, who took it to England in 1941. The third one in the picture is Major James Gillespie, OBE, and now an alderman in Peterborough.

Regiment's Glorious History Dates Back To 1784 After US Revolutionary War

Although the name Peterborough is missing from the regimental crest of the Stormont, Dundas ond Glengarry Highlanders, it is still looked upon as symbolic of the home unit by many active service army veterans and civilians as well.

This special affection stems from the fact that the Peterborough men of the Prince of Wales Rangers formed the H.Q. Company when the first battalion was mobilized for overseas service June 18, 1940.

Throughout the European campaign local men proudly wore the cap badge, "Glengarry Fencibles," with the MacDonell of Glengarry crest, "The Raven on the Rock." In doing so they had accepted as their own a regiment whose history goes back to the American Revolutionary War and to the bitter years of the 18th Century when Scots were forced to leave their land to make way for flocks of sheep.

Regimental history begins in 1784 when disbanded officers and other ranks of the 84th (Royal Highland Emigrant Regiment), 1st Bn. (King's Royal) Regiment of New York, Sir John Johnson's Greens, and a corps of Butler's Rangers settled in the United Counties of Stormont, Dundas and Glengarry.

These ideal soldier-settlers fought as Loyalist troops in the American Revolution and knew the hardships of campaigning and of having to leave their homes because of their political allegiance.

A permanent militia regiment of these Loyalists was formed in 1796 under Lt.-Col. John MacDonell and was known as the 2nd Bn. Royal Canadian Volunteer Regiment of Foot. The 1st Bn., raised farther west, did not come into existence until a couple of years later.

Crofters Dispossessed

The strong Scots element in the regiment has its roots in the economic dislocation that hit Scotland toward the close of the 18th Century. With the growth of the woollen industry in England creating a demand for sheep wool, Scottish landowners pressed every available moor and common into sheep walks. Thousands of crofters and poor farmers were dispossessed of not only their livelihood but their homes.

A militant parish priest, the Rev. Alexander Macdonell, persuaded the government to form the men of Glengarry into a home defence unit, called a fencible regiment.

Not content with home defence work, they volunteered for service against France and campaigned in Guernsey and helped put down a rebellion in Ireland. Then the Glengarry Fencibles were disbanded, and the six-foot-four priest, later first R.C. bishop in Upper Canada, brought his flock of 600 officers and men with their wives and families to the United Counties in 1804.

Previous Scottish immigration to the area had been in 1786 when a party of 500 Highlanders arrived, led by the Rev. Alexander Macdonnel (Scotus). Other detachments arrived in 1792.

Military service in those days was practically compulsory to all able-bodied men from 16 to 50 years of age. Activity waxed or waned in direct ratio to the wars in Europe and relations with the United States.

The settlers formed into militia units and a regiment was set up in each of the three counties. Although records are imperfect, some military appointments are known. In 1786 Col. Alastair Ronaldson Macdonnel, chief, commanded the Glengarry Fencibles; in 1803 three regiments were commanded by Col. Archibald Macdonnell of Stormont, Col. J. Alan Macdonell of Dundas and Col. John Macdonell of Glengarry.

Col. John Macdonell of Akerchalder was originally of the 84th and later became MLA for Glengarry and first speaker of the House.

Six additional regiments were raised during the war of 1812, making a total of nine from the three counties. An interesting sidelight on the campaign was that in the spring of 1813 half of at least one of the battalions was given leave to do the ploughing and seeding for the whole battalion. Another leave was granted in the fall to the other half to deal with the harvesting.

Rebellion of 1837

The next major mobilization was in the troubled times of 1837 when two battalions were put on active service in Lower Canada. Apart from the danger of rebellion there was a fear of invasion from the United States.

Sir John Colborne in 1837 wrote asking the two regiments of Glengarry Militia to report for from five to eight months service in Lower Canada. During the winter the 1st was stationed at St. Philippe, and the 2nd at Napierville.

A chronicler of the regimental history tells that later the same year, Sir John Colborne was "much impressed" when inspecting the 1st regiment of Glen Militia to see six-foot-seven Lewis Grant carrying a brass, three-pound field gun on his shoulder.

Two rifle corps were called out in the United Counties in 1862—No. 1 under Capt. Darby Bergin, and No. 2 under Capt. Donald A. Macdonald. They were the beginnings of the 59th Stormont and Glengarry Battalion. In the same year the Department of Militia was formed and a third Cornwall Infantry Coy. was raised with Capt. A. F. McIntyre commanding. The troops were armed and equipped with supplies at first loaned and then given outright by the British Government.

Fenian Raid

More than 10,000 militia were called up in 1866 due to the threatened raiding by the Fenians. Both companies were called up and did canal guard duty as well as guard strategic points.

Then as now the officers had all the edge when it came to pay. Pay ranged from 25 cents a day for a private to $4.87 for a lieutenant-colonel, with the subsistence allowance from 50 cents to $1.00 a day.

Thirty years after the event the Militia Department got around to issuing a general service medal for those who had guarded the Canadian borders from the Fenians and were alive to prove it. There were 210 recipients.

Later Became Premier

One of them was Sgt. James Pliny Whitney of the Cornwall Infantry Co. Later he became premier of Ontario.

One of the immortals in the story of the regiment is Lt.-Col. Darby Bergin, MD. He commanded the regiment from 1866 to 1886 and after the Northwest Rebellion broke out organized a medical department, looked upon now as the forerunner to the RCAMC. He eventually became MP for the constituency.

Lt.-Col. R. Smith, later a Supreme Court justice of Canada, took over the command in 1907 and maintained the unit's efficiency. He was succeeded by Lt.-Col. A. G. F. Macdonald.

In both the Northwest Rebellion and the South African War

AS A RESULT OF their three-year training period in England and Scotland the Glengarrians were formed into a crack offensive unit, part of the 3rd Canadian Division used in the attack on Hitler's Europe. Shown above is Defence Minister Ralston inspecting the unit "somewhere in England" in 1942. Behind him is the commander of the Canadian forces, Lt.-Gen. served with the 15th Bn., 48th Highlanders, in the First World War, and with the Toronto Scottish and Prince of Wales Rangers in peacetime, took command when Lt.-Col. Franklin was unable to meet the medical tests for active service.

Lt.-Col. Franklin was wounded in the First World War. After leaving the 1st Bn. he was transferred to the 2nd Reserve Bn.

The battalion on September 4, 1940, moved to Kingston for training, and the first inspection was held a month later by Brigadier F. Logie Armstrong, OBE district officer commanding. A crowd of 3,000, including municipal dignitaries, clergy and MP's, MPP's and cabinet ministers, attended.

As of Oct. 12, 1940, battalion officers were: Lt.-Col. Hicks-Lyne, MC; Majors J. Turnbull ED, E. Cockburn, D. E. Lewis, A. R. Macnab, H. G. Mason; Captain and Adjutant J. G. Held In Shooting

PICKERING, June 10 (CP) — A 12-year-old boy was held here for questioning in connection with the reported attempted shooting of Mrs. Nettie Mouseuck near her home Thursday. Mrs. Mouseuk said she was working in a field near her home when three boys, brothers, came up behind her. She said one of them took a shot at her with a .22 rifle. The boys had been pestering her for several months, she added.

Killed By Chimney

TORONTO, June 10 (CP)—One man was killed and two others injured Thursday when a brick chimney being torn down from an old firehall in mid-Toronto collapsed on top of them. The chimney and one wall was all that was left of the firehall when the chimney collapsed, killing Harry Cope, 65, of Toronto. The building was being demolished to make room for a new cocktail bar.

The diamond got its name from the Greek "Adamas," meaning the unconquerable.

Regiment's Glorious History

(Continued from Page 8)

the regiment did not participate as a unit, but had provided details for both campaigns.

Three days before the First World War broke out in August, 1914, the unit had finished its summer camp training at Petawawa with 20 officers and 308 other ranks attending.

The regiment was called out Sept. 1, on St. Lawrence Canal patrol duty with a strength of 250 men of all ranks under Col. Macdonald. Locks from Morrisburg to Cornwall, and railway bridges at Cornwall leading to the U.S.A. were guarded.

Many of the men, impatient for action, joined the CEF for service abroad, and the patrol was considered no longer necessary when the U.S.A. entered the war in 1917.

Joined 21st Battalion

A company of the 59th under Capt. J. M. Gray in Nov., 1914, went to Kingston and joined the 21st Bn., CEF, 2nd Div.

In December, 1915, the 154th Bn. was mobilized under Lt.-Col. Macdonald. The battalion went to Barriefield camp with 1,258 of all ranks.

The battalion went overseas as a unit and was stationed at Bramshott, Sandeling, Seaford and Whitley camps, but like many others it never went into action, being broken up for reinforcements in 1917. Those who had not already been drafted to France went into the 156th Bn., which was also broken up later.

In 1920 the regiment was reorganized as the Stormont, Dundas and Glengarry Highlanders, and they adopted the famous Macdonnel Glengarry tartan for their kilts.

A rural unit, the regiment carried on without armouries and on a consequently restricted scale. From 1927 to 1939 it went annually to summer camp—the men often receiving no pay—and were considered an efficient unit, maintaining one of the best fighting traditions in Ontario. On the 18th of June, 1940, it was called upon once again to show the quality of its steel.

Immediately, on August 26, 1939, the unit, under Lt.-Col. G. D. Gillie, MC, was called on to perform its traditional task of guarding the St. Lawrence Canal system. Guards were also placed on the new Cornwall Armouries and the one at Alexandria.

Nearly a month later the detachment strength stood at 275 with personnel also supplied from the Hastings and Prince Edward Regiment, Canadian Signal Training Centre and the Royal Canadian Ordnance Corps. Shortly afterwards it was disbanded.

The 1st Battalion on June 18, 1940, was ordered to mobilize a battalion for service overseas as a unit of the 9th Canadian Infantry Brigade, 3rd Canadian Division. The commanding officer was Lt.-Col. W. J. Franklin, MC, VD, now sergeant-at-arms in the House of Commons, and second-in-command, Major R. T. E. Hicks-Lyne, MC, of Peterborough.

Residents of Peterborough feel they have a special claim on the battalion because it was in this city that the headquarters was established. The H.Q. Company was composed of the Prince of Wales Rangers, a local regiment, and they were presented with wrist watches by the city before leaving for Kingston early in September.

Composition of the battalion was as follows: H.Q. Company, Prince of Wales Rangers; No. 1 Company, Princess of Wales' Own Regiment (MG), mobilized at Kingston; No. 2 Company, Brockville Rifles, mobilized at Brockville; No. 3 and No. 4 Companies, Stormont, Dundas and Glengarry Highlanders, mobilized at Cornwall.

Lt.-Col. Hicks-Lyne, who had

MAJOR ROBERTS ALLIN, RNCR of Peterborough. He was Captain in the Rangers and reverted to Lieutenant in order to go overseas with the Glengarians. While with the unit overseas he regained the rank of Captain. He is in charge of refreshments at the present reunion.

MAJOR GORDON ARMSTRONG, DSO, is another member of the executive which helped plan the re-union. Major Armstrong was one of the first officers of the Prince of Wales Rangers to join the S.D. & G. Highlanders when the unit was called.

F. Peterson, both of Peterborough, joined the unit in Kingston and qualified as lieutenants at battalion school.

From Kingston the battalion moved to Ottawa on Nov. 6, and took up quarters at Lansdowne Park.

Two important inspections followed: one on Nov. 21 by Major-General E. W. Sansom, DSO, GOC, 3rd Canadian Division; the other the following day by His Excellency the Earl of Athlone, Governor-General of Canada.

Tradition was re-introduced into the battalion on Jan. 16, 1941, when the design of a new cap badge was decided upon. The legend "Glengarry Fencibles" was inscribed on the badge which also bore a crown, cross of St. Andrew, the MacDonell of Glengarry crest, "The Raven on the Rock," and regimental motto in Gaelic, "Dileas Gu Bas," or "Faithful Unto Death."

Moved to Debert

The next training camp was Debert where units of the 3rd Canadian Division were to be concentrated. Two trains left Ottawa and those on the first were piped into the new camp by the SD and G pipe band, while those on the second were piped in by the Canadian Scottish.

On May 17 the regimental team took 4th place in the Maritime inter-services track and field championships held at Mount Allison University. His Excellency the Governor-General, accompanied by Her Royal Highness Princess Alice, inspected the brigade on June 26. A guard of honor, consisting of three officers and 100 other ranks, turned out at a retreat in the evening, which was attended by Their Excellencies, Capt. R. F. Gray commanding the guard.

The pipe band on July 16 took first place in the pipe band open competition at the Antigonish Highland games. Piper Wishart and Cpl. Marshall came first and second, respectively, for best individual pipers. Among other competitors were the Irish Regiment of Canada and the Cape Breton Highlanders.

Shortly after midnight on July 19, 1941, the regiment boarded the troop train from Debert to Halifax for the last Canadian lap en route to the fighting zone. On board the SS Orion they joined the H.Q., Ath Capadian Infantry Brigade; North Nova Scotia Highlanders and 22nd Field Ambulance, RCAMC. HQP, 3rd Division. RCCS.

At noon on July 21, 1941, the transport slipped out of Halifax harbor and the Glengarrians — some forever—saw their native land fade out of sight. The ship docked at Avonmouth, England, nine days later, and after a welcome from the lord mayor, they entrained for Barossa barracks, Aldershot, for what was to be a long intensive training.

IN THE PRESENCE of nearly 5,000 spectators the Highlanders held their first inspection at Kingston on Oct. 4, 1940, before Brigadier F. Logie Armstrong, OBE, District Officer Commanding. Among the notables present were the mayors of Cornwall, Peterborough, Kingston and Brockville, the Archbishop of Kingston, the Bishop of Ontario, A. C. Casselman, MP, G. K. Fraser, MP, Geo. T. Fulford, MP, Lionel Chevrier, MP, W. D. MacDiarmid, MP, W. B. Reynolds, MPP, and the Hon. George Challies, MPP.

ON EXECUTIVE planning the re-union is Major Archie Hamilton, who rose to be second-in-command of the S.D. & G. Highlanders when he was wounded in action in France.

ONE OF THE HARDEST workers on the executive which planned the S.D. & G. re-union is Major Ken Kingston, OBE, who joined the unit on mobilization.

CSM W. T. WESTRAN is also one of the special re-union executive. He is in charge of entertainment.

MAJOR JOHN PETERSON, former reporter and photographer with the Examiner, who joined the S.D. & G. Highlanders shortly after the mobilization order was given. He was awarded the D.S.O. and captured a German General Lieutenant Menny.

LT.-COL. JAMES TURNBULL was second-in-command of the S.D. & G. Highlanders when the unit went overseas. Later he returned to Canada and took command of the Peterborough Training Centre. Col. Turnbull is also a veteran of the First Great War.

MAJOR R. T. F. BRAIN was the padre of the Stormont, Dundas and Glengarry Highlanders. He was awarded the Military Cross during the campaign in France.

THE SD AND G HIGHLANDERS were ordered in June 1940 to mobilize a battalion for service overseas as a unit of the 9th Canadian Infantry Brigade. It was composed of five companies—the HQ Company was provided by the Prince of Wales Rangers, Peterborough. Above is the scene of the HQ Company leaving the city to join the others of the composite battalion in Kingston. Before the local company left each soldier was presented with a wrist watch by the City of Peterborough.

Landing In France On D-Day Glens In Thick of Drive Until Cease Fire Ordered

A month and a half after arriving at Aldershot the S. D. and G. Highlanders were inspected by the King and Queen along with other units of the 9th Canadian Infantry Brigade. And a few days later Cpl. T. Marshall and Piper Wishart of the Pipe Band, who won the open competition for pipers at the Antigonish Highland Games, were given the privilege of playing before Her Majesty at the opening of the Queen Elizabeth Club.

On Oct. 22, 1941 the unit left Barossa Barracks for their new station near Camberley. From there they were assigned to field positions in the Middleton area.

First Fatal Casualty

When he accidentally stepped on a beach mine March 5, 1942, Pte. Maracle of "A" Co. was killed. He had been with the Glens since mobilization and was the first fatal casualty. That same Spring Capt. W. O. Vrooman, Canadian Dental Corps, died.

Lt.-Col. W. S. Rutherford, formerly GSO, 1, 3rd Canadian Division succeeded Lt.-Col. Hicks- Lyne who was made officer in charge of records.

In the process of waiting the troops were put through several rigorous training exercises, the acquaintanceship with latest weapons and military techniques was made, and generally the Bn. was forged into a first-class fighting unit.

Some of the highlights in the three-year wait were Exercises Tiger, Harold and Spartan—all of them endurance contests designed to fit the troops for actual fighting conditions. On the 4th of August the Regiment moved to Rustington and "C" Company under Major Archie MacDonald won the Brigade Endurance Contest which was a competition involving cliff scaling, river crossing tactical scheme, and other obstacles.

New Commander

In August, 1942, Lt.-Col. W. S. Rutherford was transferred from command of the S D & G Highlanders and his place was taken by Lt.-Col. M. S. Dunn with Major G. H. Christiansen second-in-command. Then in December Lt.-Col. Christiansen succeeded to the command.

After leaving West Chiltington in April 1943, the Glengarrians Cameron mountains and glens in Scotland. Later they were made moved into the Macdonald and responsible for the stretch of coast line from Goring to Angmering-on-Sea. Routine patrols and guard duty then began in earnest.

Shortly afterward came news of the death of Captain Graeme Falkner of "C" Company, killed in action in North Africa while training under actual operations.

Later in May the British took over the coastal areas and operational roles so the Canadians could concentrate n training for the offence. The Glens moved from Angmering to Findon in Sussex.

The autumn of 1943 and early spring of 1944 saw the Glens being shuttled from camp to camp. In January 1944 the Battalion went on a three-day scheme "Co-operation with Tanks" during which time the troops bivouced in the open.

General Montgomery inspected the 3rd Division—chosen as the "attack division" for Europe—which had come under command of the 21st Army Group, the Invasion Force. Visits in rapid succession by the King and Gen. Eisenhower, together with a general tightening of security measures were the tip-off that the assault against German-held Europe was not far off.

As part of the vast invasion fleet the Highlanders embarked while around them lay craft of every size and shape. At 1500 hours on June 5 they were informed in messages from General Eisenhower and the Canadian Army Commander General Crerar that the invasion was on.

The Battalion watched the swarms of planes shuttling back and forth overhead as they crossed the channel, and also observed the fires burning in the Bernieres-su-Mer sector where they were briefed to land.

Supported by destroyers that lay down dense smoke clouds the Bn. hit White Beach at 1220 hours. The troops took up a position near Beny-sur-Mer and came into contact with enemy patrols both on foot and with armor. There was no enemy air activity.

The North Nova Scotia Highlanders felt the initial weight of the enemy counter attack and the Glengarrians on their flank helped relieve the pressure by opening up a heavy fire on the Germans. The initial bridgehead had been established.

The battle-cry "Up the Glens" was first heard in action on July 7 when Lt.-Col. Christiansen seeing the badly-mauled North Nova Scotians reeling back gave the battle order "We will consolidate here" at Les Buisson. Slit trenches hastily dug helped protect the troops from the enemy shell fire and the unit managed to resist successfuly the first attempt to drive them back into the channel.

On the 8th there was more heavy shellfire, sniper activity, an attempt by the enemy to infiltrate their positions and finally a frontal attack with flank support. The Glens held firm and their morale remained high fatigue.

Casualties in the first three days of fighting were, 12 killed, including Lt. Utman and 11 other ranks; Capt. C. Thom, Lt. R. Grant, Capt. (Padre) Brain and 59 other ranks wounded.

After capturing Vieux Cairon the Regiment remained there until July 8. The evening before they watched the Air Forces pound Caen and the next day they were fighting in the outer defences of that city.

The defences of the city itself were not particularly strong but the nearby villages and heights were skilfuly laid and stoutly defended. The Bn. objective was the village of Gruchy and Hitler Youth Division resisted to the last in what amounted to trench warfare of the 1914-18 pattern.

Included in the casualties was Major A. M. Hamilton, second-in-command (wounded); and he was succeeded by Major Neil Gemmel (later Lt.Col., DSO).

First Canadians In Caen

The S D & G Highlanders were the first Canadians in the wrecked city of Caen. A few days later Lt.-Col. Christiansen became temporary commander of the 9th Canadian Infantry Brigade, and Major Gemmell, second-in-command, for the first time CO of the Glens.

(Continued on Page 13)

TECHNICAL SGT. VERNON A. READ, a member of the reunion executive, was wounded by shrapnel while taking part in the invasion. He was attached to Stores and looked after the maintenance of technical transport.

LIEUTENANT JOHN CAMPBELL joined the S. D. and G. Highlanders and went overseas with them in 1941. He returned to Canada for his commission and went overseas again with the Royal Hamilton Light Infantry. He was captured with that unit and was a POW from Oct. 17, 1944, till April 27, 1945.

WHEN THE BATTALION was given its first inspection at Kingston in 1940 by Brigadier F. Logie Armstrong, OBE, District Officer Commanding, it was a long and thorough one. Two members of the batalion are shown demonstrating infantry tactics in the face of an imaginary enemy.

Landing In France On D-Day

(Continued from Page 12)

Captured during July after the unit crossed the River Orne were Collembelles, Faubourg de Vaucelles and Huber Folie. At the last-named objective the Glens held their positions for 10 days against bombs, shells, strafing and rockets.

On the third anniversary of the Bn's landing in England, July 31, the Highlanders came out of the line for a rest near Bouanville. Constantly in action since D-Day, they had never been less than 1,000 yards from the enemy.

Lt-Col. Christiansen was transferred on August 4 for duty elsewhere and he was replaced by Lt.-Col. Roger Rowley of Ottawa.

In the Battle of the Falaise Gap, undertaken to surround and decimate the enemy, the Glens played an important part. They were largely instrumental in breaking the strong anti-tank screen the Germans had placed across the River Le Laison.

Used Flame Throwers

It was part of the first rolling armoured charge made by the Canadian Army. Crammed into armoured vehicles the troops attacked over open ground and broke through the enemy line. It was the first time flame throwers were successfully used in action by them, but not the last.

In the sweep across the northern section of France, Louvigny, Trun, Rouen and Eu were all scenes of engagements. Major J. H. Peterson's Company captured General Lieutenant Menny and many hundreds of prisoners at Trun when they attempted a breakout from a trap.

Several soldiers had the novel experience of being captured by the enemy and then being able to lead in large quotas of prisoners when the unit caught up with themselves and their captors.

The Glens seemed to become a mounted unit for several days in the pursuit across France. Tanks, artillery pieces—any motorized vehicle became a troop carrier. Using Lifebuoy Flamethrowers Kangaroos and under an artillery barrage the troops made their next assault on the well-defended fortress at Boulogne where the 69th Infantry Division was holding out.

After one night of defence the enemy commander agreed to surrender, and about 200 prisoners, including a Lt.-Col. were taken by Major Stothart and a platoon from "B" Company.

In successive days Cap Gris Nez, location of the long-range German guns, and Calais fell to the Highlanders; and then they had a short rest. On Oct. 2 they had as their objective Saffelaere, Belgium, as a preliminary to cleaning out the Germans from the approaches to Antwerp.

They attacked in Buffaloes and surprised the Germans by landing near Hoofplatt. Units of the Canadian Army had already crossed the Leopold Canal near Ecloo and that was the expected point of attack. In the Scheldt campaigns the Glens fought in flooded country that required skill in amphibious operations if military progress was to be made.

By this time some of the men who had been wounded in the initial landing at D-Day were beginning to filter back to the unit. On Oct. 11 "D" Company stated they had only seven other ranks who had landed on D-Day.

A Major Victory

Capture of Breskens, which could dominate the sea approaches to Antwerp, was one of the major victories of the Glens. Preliminary operations before the Breskens battle were undertaken at Hooge Wag, Roodenhoek, Nommer Een and Sasput.

One quick case of "turn about" was experienced by Major Braden. He was captured by some Germans and escorted back to their pillbox; but when the enemy party reached it they found it had been occupied by the Highlanders. After a short skirmish Major Breskens took the Germans prisoner.

Turning west the unit, fighting without the aid of armored vehicles and in open country with the additional hazards of mud and water, pushed on to capture Fort Hazegras, Oosthoek and Knacke.

After receiving the hospitality of the city of Ghent at the close of the Scheldt fighting on August 4, the Highlanders had a rest. The following day Field Marshal Montgomery decorated Captain (Padre) Brain with the Military Cross and RSM F. A. Lockhart, CSM D. K. MacDonald and L.-Sgt. Menzies with Military Medals.

Amid bitter cold weather on November 9 the Glens relieved the 2nd Bn. 505 Para. Infantry Regt., USA, and thus posting themselves in the Nijmegen area about 2,500 yards from the German border.

From November 1944 to January 1945 the front was quiet with the general run of soldiering consisting of patrol and outpost duty.

Battled A Submarine

One of the most bizzare episodes in the unit history occurred on January 13, 1945; on that date it battled a submarine. Several midget subs were reported by "C" Company to be in the River Waal. One had been destroyed the previous night by a combination of anti-tank and artillery fire. On the 13th one was sighted in the river and all available fire power of the Company was turnde on it, but the midget undersea craft escaped.

For their work in clearing the enemy from the west bank of the Rhine as well as the Scheldt operations the 3rd Canadian Infantry Division became known as "The Water Rats". Its objective was to secure the low country on the left flank of the First Canadian Army between the Rhine and the Nijmegen-Cleve road, and amphibious operations similar to those on the Scheldt were necessary.

Riding in Buffaloes the Glens struck out from Nijmegen for the norther tip of the line. Weather and terrain made use of armor impossible and the battles were fought on infantry lines with surprise landings being made in Buffaloes and boats.

In the period from February 26 to March 7 the Division tried to break the Schlieffen Line. Heavy fighting resulted in the capture of Keppeln, Udem, Tuschen Wald, Balberger Wald, Sonsbeck and the clearing of the Hammerbruch feature.

A large number of attacks on isolated strong points, villages and heights were made by the Highlanders in the Hochwald Forest, east of the Reichwald. One of the major captures was Udem which fell after an attack was launched under the cover of darkness. Complete surprise was affected. A bridge over an anti-tank ditch was captured before it could be destroyed and enemy guns covering the ditch were taken before they fired a shot.

Gemmell In Command

Lt.-Col. N. M. Gemmell of Peterborough took over command from Lt.-Col. Rowley while the unit was still at Udem and shortly afterwards Major J. G. Stothart, DSO, succeeded to the office of second-in-command.

During February and March the Germans put up a strong defence but there was a period of quiet in the Reichwald area. The men spent much of their time in constructing elaborate dug outs.

Next action date was March 24 when the unit, using amphibious vehicles, reached the east bank of the Rhine. They obtained a bridgehead and moved north parallel to the Rhine in the direction of Emmerich. After some fighting the Highlanders left German territory, advanced north into Holland and met strong opposition at Zutphen.

The defence although stoutly manned by candidates of a disbanded German NCO's school, cracked and Zutphen fell to the victors. Veenwouden and Leeuwarden, two northeast Dutch towns, were next entered.

Handing over this area to the 5th Canadian Armored Division the 3rd Canadian Infantry Division moved about 75 miles eastward into Germany to relieve Polish troops west of the Ems. After crossing the Ems and Leda, the Division captured Leer and was about to attack Aurich when it was announced on May 4 that the German forces in North-West Germany and the Netherlands had surrendered.

Cease Fire Order

The Highlanders had engaged the enemy up until the evening of May 4 and were just five miles south of Emden. On the evening came the welcome signal "The war on the 21 Army Group front will cease as of 0800 hours 5th May 45."

The fighting was over for the Stormont, Dundas and Glengarry Highlanders.

After disarming the Emden garrison the Glengarrians stayed only a short while in Germany and returned to Holland to concentrate in the Hilversum area. They arrived back in England Nov. 10, 1945, and after a brief billeting in Aldershot sailed for Canada on the SS Queen Elizabeth, Dec. 22.

A civic welcome was tendered them when they reached Cornwall on Dec. 29, and then the men returned to their homes.

In the words of the official history "With the dispersal of members of the Unit, the final chapter in the colorful history of one of the finest Canadian Bns. that ever went into battle was recorded.

RSM FRED A. LOCKHART, MM, was one of the originals of the Prince of Wales Rangers and was with that unit until it became part of the S. D. and G. Highlanders in 1940. His MM was earned for getting ammunition to his regiment when it was under heavy fire, and saved part of an ammo dump when it was struck by an enemy mortar. He will be in charge of the parade on Sunday.

CAPTAIN HARRY WILLIS served overseas five years with the S. D. and G. Highlanders. He was with HQ Company, transferred briefly to a rifle company and then was made commanding officer of headquarters company. He went right through the European campaign to VE Day and returned home July, 1945.

Cattle Prices Up 50 Cents During Week

TORONTO, June 10 (CP). — Cattle prices gained 25-50 cents a hundredweight on early sales, but weakened by the close, reports the Dominion Marketing Service. Lambs and sheep were steady while hogs gained $1.25 a hundredweight.

The cattle run of 7,848 head for sale was the heaviest so far this year and 2,437 more than for the same week a year ago. Motor trucks delivered 4,900 head. Export buying was the heaviest of the current year, totalling 1,400 head. Trade slowed down considerably on Wednesday with several hundred weighty steers among the unsold cattle.

Sales on good to choice weighty steers were at $22.50-$23.50, with a top load at $24. Medium to good light steers were $21.50-$22.50 and good heifers sold at $21.50-$22. Medium to good cows sold for $17.50-$19, with canners and cutters mostly $12-$14.50. Good bulls sold at $20-$21 with plain downward to $18 a hundredweight. Fed yearlings were $20-$23.50.

Calves were steady on a moderate run of 2,122 head. Good to choice vealers sold at $23-$26 a hundredweight with plain to medium kinds from $17-$22. Thin grassers sold for slaughter at $12-$16 a hundredweight.

Hog receipts totalled 2,196 head. Prices rose $1.25 to $34 for Grade A and $33.60 for Grade B1. Sows were $1 higher at $24 dressed.

Sheep and lambs totalled 1,028. Good spring lambs sold steady at $30-$32 a hundredweight. Good light sheep were $11-$14 with culls and heavies from $5-$10 a hundredweight.

Continue To Improve Jackson Park Creek

Kesco store on the east side of Jackson Park creek, north side of Hunter St., is to be enclosed with an ornamental fence similar to the Lock Company's fence on the south side. Peterborough Lock set up a stout and graceful fence along the edge of the sidewalk over the creek. Kesco's rights do not reach across the creek on the north side. They suggested that the council do that piece of fencing, and the idea was accepted. It will cost the city $110.

TURNING THE PAGES OF
"CANADA UNLIMITED"

"The cod was so thicke by the shoar that we hardlie have been able to row a boat through them." With these words, in 1498, John Mason described fishing on the Grand Banks. By 1504, hundreds of European fishermen were sailing to the east coast of Canada.

Early English fishermen dried their cod on racks in the sun. This meant bases along the coast, and many settlements were founded. French, Basque, Portuguese and Spanish fishermen followed.

For 300 years, French and English fishermen maintained a rich industry. They jealously guarded the Grand Banks, the greatest fishing area in the world. And Canada's inland waters abounded in fresh-water fish, opening up new opportunities in this age-old trade.

In 1886, fishing on the Pacific Coast became important. Today, British Columbia provides half of Canada's yearly catch.

A large part of our 238 million-pound catch in 1948 was sent to many countries. Fishing and its allied industries—canning, processing, extracting meal and oils—play an important part in our lives. Yes, there's room to grow in Canada Unlimited.

Fenelon Falls Instals Diesel Plant

FENELON FALLS, June 10 — (ENS)—Citizens of this community are not worrying very much now about the possibility of a power cut-off next fall, as a new Diesel generating unit started operating on Tuesday to supplement the village's available power supply. The new plant is capable of generating 150 horsepower of electrical energy, and the building housing it has been made large enough to accommodate several more booster plants of a similar size.

Descision to instal the additional generator was made by the local power commission several months ago. With oil prices now somewhat lower than they have been, equipment of this type becomes increasingly attractive, especially in view of depletion of water supplies for water powered generating plants brought about by the present prolonged drought.

Two Children Hurt

Two youngsters were knocked down by the same car Wednesday noon hour at Hunter and Reid St., but the driver, Ronald McMurdo of Cobourg told city police neither child was hurt.

On this street corner, which is close to three Separate Schools, a girl came off her bicycle and was taken home by the motorist. When Mr. McMurdo returned to the corner another child, a small boy this time, fell in front of his car and was taken home by the driver.

OAC Meets June 18

Greetings from Canadian universities will be brought by Chancellor George P. Gilmor of McMaster University, Hamilton, and from the United States universities by F. B. Hutt of Cornell University, Utica, N.Y.

1 New Building For Exhibition

Exhibition directors met Thursday on the Fair Grounds deciding the location of a building which Fred Robson is asked to complete in time for this year's show.

The dimensions are 50 ft. by 100 ft., on the east side of the road extending south from the main gate. Previously the length was considered at 150 feet, but the directors decided to clip off fifty feet to conform with the old Manufacturers Building. The new one is to be used for a dining hall and display purposes, and will probably have a concrete floor permitting other uses, but it will not be constructed to keep out the cold weather and permit meetings in winter.

Reduction in the length of the building was partly prompted by hopes of the directors to erect next year a permanent structure accommodating many community affairs in addition to several departments of the exhibition.

Crop Value Trebled

TORONTO, June 10 — (CP) — Value of all Ontario field crops marketed in 1948 has more than trebled since 1939, G. F. Perkin, commissioner of marketing, Ontario Department of Agriculture, reported this week. Total value of field crops was $369,349,000 while fruits, vegetables, potatoes, and turnips were valued at $79,960,000.

Intruder Raids House While Occupants Sleep

On returning home today after working through the night, William Titshall, 409 Walton St., found that an intruder had opened a window at the back of the house and had taken several packages of cigarettes from the kitchen.

Sleeping in the house were Mrs. Titshall and three other people, none of whom heard the uninvited visitor. On the kitchen table was Mrs. Titshall's purse which had been opened, but the intruder found no money.

A window was broken at the side of a vacant house, 295 Stewart St., recently and was discovered by the owner, R. Jobe, 34 Aberdeen Ave., Thursday. Twelve panes of glass were smashed when the house was apparently broken into.

New owners of the house plan to move in Saturday.

Keene Stirred By Road Dust

Residents of Keene are reported to be so aroused by the dust from the county road through the village that they are going to petition the County Council. Two weeks ago workers started to repair the Keene road and the Sixth Line. The partially hard surface of the roads had been raised by the frost potted with holes.

At present the road has a coating of fresh crushed gravel. It is claimed that dust raised by the traffic becomes so thick that it is difficult to see across the road after a car has passed.

One resident told The Examiner today that "a coating of dust is over everything." He added that no effort has been made to keep the dust down. Doors and windows of houses have to be kept closed, he continued, to keep it out. Residents painting their homes find dust collecting on the fresh paint.

CORRECTION

It was stated in the A & P advertisement that the store would be closed on Monday and open all day Wednesday. In Peterborough the usual hours will be in effect—i.e., **Open Monday, closed Wednesday afternoon.**

John Naples Named Deputy-Chief

City Police Sergeant John Naples was promoted to the rank of deputy chief of police by the Police Commission Thursday, and Constable Leo Murphy was promoted to sergeant.

The rank of deputy chief is new to the city force. Inspector James F. Reid, who retired from the force in May, was the senior officer under Chief John Thompson and in appointing a successor, the Commission decided to create the new rank of deputy chief in place of an inspector.

John Naples and Leo Murphy were recommended to the Commission for promotion by Chief Thompson and were accepted unanimously.

They will hold the new ranks for a three months probationary period before salary adjustments are made.

Constable Dennis Traynor, who has been with the city police for three years, was promoted to a first class constable.

The new deputy chief has served with the city force for 28 years and Sergeant Murphy joined the force nearly 12 years ago.

Traffic Squad

When the Commission discussed the city's traffic problems City Clerk E. A. Outram said that Chief Thompson had suggested the formation of a police traffic squad of three men and a corporal. The Chief pointed out that at present there were only two traffic officers and their duties were not confined only to controlling traffic. They were often busy delivering summonses and were engaged in devoting all their time to traffic.

The commission decided to consider this proposal in greater detail at the next meeting planned for the end of June. If the proposal were adopted it would necessitate the appointment of two additional constables Mr. Outram said.

Eleven applications in answer to an advertisement for a recruit were considered by the commission but no appointment was made. An extra man is required following Inspector Reid's retirement.

Three men had already been interviewed by the Chief and three more are to be interviewed before the commission makes a decision.

Judge S. L. Smoke felt there ought to be a greater Roman Catholic representation on the force, there being five out of 30 at the present time. He also felt that the commission should appoint a man with a "reasonably" high standard of education.

Sergeant Gordon Puffer, who has been on sick leave for the past two months, was granted extended leave of absence until the end of June.

Armat Butcher, superintendent of city parks, was appointed constable of parks. The appointment carries no remuneration.

An Ex-Canadian Among 7 Named For Citizenship

Seven applicants for Canadian citizenship on Thursday afternoon were recommended for certificates by Judge S. L. Smoke at the current sittings of the General Sessions of the Peace. There are no civil or criminal cases at these sittings, and no appeals from convictions in Magistrate's Court.

Recommended were Walter Dinesen, Carlisle Ave., a Dane; Theodore Joseph Gobin, Hagersville, United States citizen, now a member of the RCEME; Joseph Micolucci, Charlotte St., and Carmino Paterno, Park St. S., both Italian citizens; George Panter, Frank St., who was born in Canada but later took out United States ctiizenship and now wishes to regain his status as a Canadian.

Two Chinese

Two members of Peterborough's Chinese community were also recommended. They were Gin You Kam who works at the Star Laundry, Hunter St., and Hum Yee, a chef in the De Luxe Cafe. Mr. Gin came to Canada in 1921 and went back to China in 1941; he was unable to return until 1947. Married and with three children he hopes to bring his family to Canada.

Mr. Hum left China in 1918 and has returned twice in that time for visits. He also has a wife in China and one child, both of whom he hopes to bring to Canada as soon as possible.

Judge Smoke questioned all applicants on some of the elementary facts of Canadian government and their rights and duties as citizens. None were refused recommendation.

New Utilities Work Halted Till 24-in. Main Completed Due Drought, Low Pressue

New records this week in Peterborough's consumption of water have forced the Utilities Commission "to drop all work on extensions to the street mains and water services for the present," Ross L. Dobbin, manager, informed the Examiner, today. The staff has been instructed to concentrate on the new force mains which are under way. "Owing to the extremely dry weather of the last few weeks," said Mr. Dobbin, 'the consumption of water has increased to an alarming extent. On Friday of last week the total pumpage was 6¼ million gallons, an all-time record. But, on Thursday of this week, the pumpage soared to 6¾ million gallons.

The quantity of water pumped is almost double what it was prior to the war, and, as a consequence, water pressures all over the city are lower than usual, and complaints of low pressure are many. There is ample capacity in pumping equipment and in filtration, but in spite of the increased pressures at the pumping station, the pressures out in the distribution system continue to be low."

Pressures have been lightest in the last two weeks on the city's rim. The high spots include those areas nearer the sky, Armour's Hill in Ashburnham; Normal School heights, and also the ridge of Morrow's Hill, extended from Sherbrooke St. along the west side to Park Hill Road.

To Restrict Hosing

"Many Ontario cities have prohibited entirely, or placed restrictions on lawn and gardening watering during the drought, some of them for the entire summer. Peterborough has so far been free of such limiting action, but if present weather conditions continue, similar regulation of consumption will have to be applied here."

As a matter of imperative fact, the Commission is announcing Saturday certain periods when lawn and garden watering must be suspended.

"The Commission has under construction a 24-inch cast iron main from the pump house to the corner of Bethune St. and Park Hill Road. One-quarter of the work has yet to be done, a distance of 4,000 feet.

"Also, the Commission has decided to lay a 12-inch main under the river from Burnham's Point to McDonald's Point, at Rink St., to improve the supply and pressure of water in Ashburnham. This work has been delayed because a contractor has not been found who has the necessary equipment to undertake the work. However, it is expected that negotiations now in progress will result in an early start on this project."

Other betterments have been designed in various parts of the city, but the construction of mains and services to serve new housing has taken all the available labor, and the force main work has been delayed as a consequence.

Mr. Dobbin expected that the 24-inch main will be completed in six weeks, after which some of the staff will be returned to the work on extensions. "In the meantime it is hoped that the applicants for new water services will be patient, in the knowledge that they will ultimately be connected into the system."

Major Projects Postponed

That is the announcement Mr. Dobbin gave to the Examiner this afternoon. The fact which is known to the citizens generally, is that new housing projects and all the private building have imposed on the resources of the Commission such a demand for new water mains and connections that the major projects to increase pressures around the city have had to be relegated to a secondary place in the Commission's program.

That policy of keeping pace

If you want to see the devastation that Nature can create, a trip to some sections of the Kawarthas, where tent caterpillars are ravishing the green bush, is an eye opener. In areas large and small around Buckhorn, Burleigh, Mount Julian, McCracken's and Gilchrist Bay, White Lake I surveyed damage from the air last Friday, reported to be 10,000 acres. The bush where the pests were feeding was as bare as November and they dropped day and night from the trees to the dry forest floor below with the sound of a light shower. According to experts, caterpillars reach epidemic stages every 10 to 15 years and can be controlled by parasites and possibly other natural factors, such as cold wet Springs and late frosts.

District Forrester A. B. Wheatly announces a new appointment to his staff, Fish and Wild Life Specialist Gordon E. Buie. He comes from the Simcoe District with 12 to 15 years experience in this branch of law enforcement of the Game and Fisheries Act. Mr. Buie fills the gap left by A. M. Hodgson, who formerly stationed at Lindsay, was moved to the Sudbury area several months ago.

Someone is going to be the lucky winner of a new outboard motor at the regular monthly meeting of the Peterborough Fish and Game Protective Association, June 27, at the K of C Hall. In the drive for new members, numbered stubs on new membership cards show the way. They may be purchased from any member of the Association or at Dit Clapper's, Ashby's, Millard's or Kingan's. Collections are being handled by Doug MacPhail, secretary, 53 Alfred St. To sportsmen, this is a membership booster prize that they cannot afford to miss.

CANOE CORNER. Fine weather and fair winds to Nick Power and Sid Picker of the Bronx, N. Y. C. They arrived in Peterborough last Friday at noon, picked up two new canoes from the factory and set off to paddle home, except for the 60 miles across Lake Ontario from Cobourg to Rochester. By way of being intrepid, they portaged from Bewdley to the North branch of the Ganarska came out at Port Hope and followed the coast east to Cobourg. Both are members of the American Canoe Association. THAT is a long - distance paddle but we in Peterborough who are trying to talk up the proposed Kawartha Canoe derby find little, if any enthusiasm, about a mere 40-mile affair. Oh, well, we can dream about it some more and study the literature that came to-day giving particulars of the 75-mile grind down the St. Maurice River at Shawinigan Falls. Their prize list is $2,500. Nothing stops them up Minneapolis way on the eve of their big canoe derby. To get around low water channels on the 450-mile course, U. S. Army engineers say they will help by releasing water from some of the dams to help the effort along. They will stage their event, low water or not. There is no lack of water in the Kawarthas, only public enthusiasm.

The big fish story this week comes from the Truckee River in Nevada where Bill Foster of Reno landed a 20 pound, nine ounce German Brown trout. It measured 34½ inches in length and 20½ inches in diameter. This one we will be waiting to top the list this year, in its class, in the Forest and Stream Contest. In Canadian waters, mouth of Hay Bay, Prince Edward County, Elizabeth Roblin of Buffalo landed an 8¾-pound pickerel. Surely the Kawarthas can produce something as large, or larger. Down Port Hope way three miles up the Ganaraska River, Gerald Gardner recently landed two specimens that were not in his books or anyone else's. One was tentatively recognized as an Atlantic Salmon in the four-pound class and the other was believed to have been a brown trout. Local fishing conditions are improving, but slowly. Reports indicate that fish are still feeding on fly larvae which are found in water bottoms. With fish feeding deep and eating well, fishermen's lures are of no special interest to them at the present time.

Three hundred outdoor editors attending a convention of the Outdoor Writers of America met at North Bay early in the week. Outdoor columnists Pete McGillen and Bob Turnbull were both elected Class A Directors, the first time two Canadians had been elected in the 12-year history of the Association. The occasion was long past due, first to these two able men and, secondly, the stuff that their outdoor writing is composed of is, of things Canadian. It looks like the Hare and Tortoise race shaping up, slow but steady wins recognition.

A practice that is illegal and very unsportsmanlike is using artificial light for getting fish. I remember seeing several boats equipped with storage batteries and lights on Loon Lake, down in the Land o' Lakes area two years ago, in August, too, and wonder if Game overseers had their eyes on them. Such sports (?) are in the same class as those trolling for pickerel these days.

Anyone who thinks he can sneak onto Crown Lands and help himself to firewood or logs will be guided by some sentences imposed on six men in the Sudbury district. The greatest offender took 553 logs and 51 cords of wood and at least took only four cords of fuelwood. Standing or fallen timber in the Eel's Creek Reserve look mightly tempting to some, especially that blowdown timber left at the side of Highway 28 after the Coe Hill twister, a year ago last Labour Day. Don't touch it without securing a permit from the Forest Ranger and the means to pay current prices for wood.

An old Strickland home in Lakefield has been turned into a unique resort by Stanley Burger. He calls it Dyancourt Manor and he had the good taste to retain all the original furnishings including dark expensive wood trims in all the rooms. The part that interested me was an old barn, that Stan has recovered, both inside and out, which gives some large bedrooms, an antique shop and some utility rooms. His cabins are octagonal buildings finished on the outside with cedar bark, all modern conveniences inside, however. You will find everything from spinning wheels and candle moulds to good living at Dyancourt Manor.

To ocntinue my snide remarks about solunar tables and such, the peak has been reached by an Ottawa writer that uses a picture chart and temperature graph. I was surprised and pleased to hear from several local fishermen, who were of my opinion, that this sort of thing would take a lot of fun out of fishing for them. As I look out the window just now the weather is bright and fine, but it may not last. This opinion is confirmed by a quick look at my Tall Friend's Almanac that has this to say about fine weather of short duration; "If a bloodsucker be kept in a glass jar, about three parts filled with water, and placed in a northern aspect, its motions will denote changes in the weather. Thus if the bloodsucker lies curled up at the bottom of the jar, the weather will be fine or frosty; if it be agitated, and rises to the surface of the water, there will be rain, wind, or snow; if it be much agitated, and creep entirely out of the water, expect thunder. During heavy storms, leaches often die in great numbers." At an old swimming hole I used to frequent in Otonabee, a swimmer could collect about twenty bloodsuckers in as many minutes. Must go swimming there soon to gather specimens for making a weather guage.

SIX FIREMEN were overcome aboard the Canadian National Steamship Lady Nelson when fire broke out in one of the after holds while the liner's sugar cargo was being discharged. Damage to the ship was slight but the heavy smoke that poured out of the hold kept firemen away from the blaze for more than an hour. The firefighters were forced to pour tons of water down the deck ventilator to keep the flames under control.

Reaches Big League

SUDBURY, June 10 (CP) — Mrs. George Drew, wife of the Progressive Conservative leader, achieved "big league" status on Thursday night. She was booed in an election speech. As she began to speak French during an election campaign address here, someone in the audience booed. Her comeback was fast. "At last I am in the big league," she smiled.

Face Drinking Problem

KITCHENER, Jupe 10 (CP)—Dr. Joslyn Rogers, Ontario Provincial Analyst, says two of the gravest problems facing authorities in Canada are raised by the drunken drivers and drunken pedestrians. He told the North Waterloo Medical Association on Wednesday that in a recent week nine deaths in Ontario alone were directly due to use of alcohol.

7 Miles Of Pipe 46 Hydrants Put In Since '45

Since 1945 when the first area south of Lansdowne was annexed the city has laid in that area more than seven-and-a-third miles of water pipes, including 46 hydrants, City Clerk E. A. Out-Labor Council.

Some time ago the ALC wrote to the City Council asking specific informatio n on fire protection services in the city, and particularly that part of the city south of Lansdowne St.

Recent investment in improving fire equipment and purchasing the latest fire fighting apparatus "has raised the city Fire Department to what is acknowledged by experts to be a peak of efficiency beyond that reached by most departments of cities in Ontario of similar size," stated Mr. Outram in his letter of reply.

Test Runs

As a result of tests which the Fire Department made Mr. Outram claimed fire trucks can reach south of Lansdowne St. as quickly as they can Auburn and a large part of Ashburnham.

Here are a list of test runs from the Aylmer St. Station to specified locations and the time and distance are included: Box 22, Monaghan and Arndon, six minutes, 2.4 miles; Box 33, Howden and St. Catharine, six-and-half mins., 2.2 miles; Box 83, Morrow and Sherbourne, four mins., 1.7 miles; Grove School, Erskine, eight mins, 3.2 miles. And in comparison: Box 212, Auburn, six-and-a-half mins., 2.4 miles; Box 62, Anson St., four mins., 1.9 miles; Box 25, Wellington west, four mins., 2.4 miles; Box 59, River Rd., and Moir, six mins, 2.2 miles.

New Pipes

In the area south of Lansdowne since 1945 there have been laid 315 ft. of four-inch pipe, 26,798 ft. of six-inch, 11,396 ft. of eight-inch, and 615 ft. of 10-inch.

In recent years the city has annexed seven urban areas from neighboring townships, Mr. Outram said, and each of these annex has resulted immediately in a strain being placed on municipal services. Residents immediately began to demand services not available when they were part of the township.

Shortages of cement, sewer pipe, poles, wire, labor and equipment generally have hindered operations.

No Sub-Stations Yet

Mr. Outram said he thought the city had done "a reasonably good job in extending municipal services into the area south of Lansdowne St. and particularly in assuring the home in this area of fire protection."

In the near future it is hoped a municipal building, serving as sub-fire and police stations, community hall, and library will be erected south of Lansdowne St., stated the city Clerk. But it will have to wait as other civic projects have priority.

Parliament Looking For Phrase To Mean Have Under Surveillance

By ALAN HARVEY

LONDON, June 9 (CP)—Parliament is looking for a simple, straightforward word which means the same as "have under surveillance."

Henry Strauss, one of the most spirited back-benchers in the House of Commons, set the search in motion. In a committee debate on the National Parks Bill, he moved an amendment to substitute the word "watch."

He said the phrase it would replace was "incurably woolly."

Lewis Silkin, Minister of Town and Country Planning, replied he didn't like either the original or the substitute. He said he will try to find a suitable verb to make the meaning more exact.

Passion for Precision

Strauss, a tall, dark-haired man with a passion for precision in language, withdrew his amendment. But first he rose and smote his fellow members with a lecture on English.

"It is difficult to find a sentence which breaks every rule laid down by the authorities for the writing of good English," said the Conservative member for the English universities, "but here the draughtsman has succeeded in doing so."

He quoted five rules for writing good English:

"Prefer the familiar to the farfetched, the concrete to the abstract, the single word to the circumlocution, the short word to the long and the Saxon to the renaissance."

The phrase "have under surveillance" broke all these rules.

Strauss, 57, is a tireless scholar —he obtained high honors at Rugby and Christ Church, Oxford—and a tireless crusader for better English.

In an election pledge, he said: "I will try by lectures and writing to encourage the use of decent, simple and straightforward English, and to arrest the corruption and debasement of our language."

He carried out the pledge. A constant critic of official "jargon" and gobbledygook, he was quick to point out that when the government spoke of export targets being in danger, it should have said the targets were not in danger themselves, but in danger of not being hit.

He also objected to the phrase "over-all target." It would be pretty difficult for anybody to miss if they really had an overall target, he said.

Buckhorn To Welcome US Tourists July 4

The entire community of Buckhorn will give U.S. tourists an overwhelming welcome July 4. The Community Club made plans Wednesday for a day of sports, contests, races, horseshoe pitching, log-sawing, pie-eating, nail-driving, fly castings, card games and dancing.

Although the event is to be staged as a gesture of goodwill and friendship for American visitors to the district, it will also be a major celebration for the people of Buckhorn.

ATTEND MEETING

Members of the Kawartha Motorcycle Club will attend the meeting of the American Motorcycle Club in Toronto Sunday. Clubs from all over Ontario will attend the meeting.

Present Playlet On New Citizens

NORWOOD, June 10—(ENS)—The June meeting of Norwood United church Women's Missionary Society was held in the church hall with Mrs. Ed Scott, president, in charge.

The treasurer, Mrs. A. E. Hogg, reported Mrs. Sam Buck had been made life member.

Plans were made to entertain the Mission Band at its July meeting.

Final arrangements were completed to celebrate the 60th anniversary of the WMS of Trinity United church, Hastings, on June 9.

Mrs. A. A. McRoberts then took charge of the program. Mrs. M. D. Macpherson led in prayer and Mrs. R. H. Gardner sang a solo, accompanied by Mrs. J. H. Caskey.

Members of Cast

The Evening Auxiliary presented a playlet entitled "Newcomers to Canada." Those taking part were: Mrs. A. M. Weir Mrs. K. Pakenham, Miss Pauline Weir, Mrs. G. R. Baker, Mrs. A. R. Atkinson, Mrs. LaBrash, Mrs. John McConnell, who gave a picture of the people who come to Canada as immigrants and displaced persons. She told what can be done for them by a neighborly approach in each community.

At a special meeting on Monday evening, Group 3 of the WA of Norwood United church made final arrangements for the play, "The Little Clodhopper," to be presented in the town hall Monday, June 13, by the Young People of Roseneath United church.

Flower Lovers Visit Hamilton

OMEMEE, June 10 (ENS) — The Omemee District Horticultural Society went on a sight seeing trip to Toronto and Hamilton on Monday.

They made their first stop at the scenic "James Gardens," West Toronto. The Gardens are entered by descending a winding stairway of rock. In a setting of white birch and blue spruce numerous varieties of flowers and shrubs grow in artistic arrangement; and here and there are arbours and pools with water lilies and marsh marigolds. On the slopes yellow blooms hang on the Golden Rain tree. Primula Japonica was at its best and iris, pansies, poppies, columbine, etc. were everywhere, bordered with forget-me-nots, armaria, cotoneaster and others. Plants, rare in these parts, were there, such as holly, Oregon grape and the corkbark tree.

Golden juniper and Siberian wallflower were among the rock garden blooms.

Visit Park

In Hamilton they went to the Gage Memorial Park where the peonies and poppies were at their best. The famous Rock Gardens was the next place visited, the chief attraction being the hanging beauty bushes in full bloom. From there they went to Dundurn Park, chief interests there being the museum and the birds.

Judge Dismisses Appeal Against Resort Race Ban

TORONTO, June 10 (CP)—An appeal against a judgment handed down last year upholding a discriminatory clause in a deed banning Jews, negroes or members of colored races from Beach O' Pines summer resort near Grand Bend, Ont., was dismissed Thursday in the Ontario Appeal Court in written judgments.

The case arose out of the sale by Mrs. A. M. Noble to Bernard Wolf, London business man. The clause is effective until Aug. 1, 1962.

Mrs. Noble applied for a ruling that the restriction against Jews was illegal.

Mr. Justice W. F. Schroeder upheld the clause as both "legal" and "enforceable" on June 11, 1948.

The property Mrs. Noble attempted to sell was part of an area which has been restricted since 1932.

Sums Up Issues

Chief Justice Robertson summed up the issues involved in the appeal thus: "The question to be determined in this appeal is not whether a certain person is such a person as comes within the description contained in the restrictive covenant is so uncertain of the appellants is that the restrictive covenant is so uncertain in its meaning that it must be regarded as unintelligible and therefore void. The covenant should be declared void only if it is impossible reasonably to give it any meaning. I concur in Mr. Justice Schroeder's judgment on this point."

As to whether the restrictive clause was contrary to public policy, his Lordship said: "the purpose of the restrictive clause is obviously to assure in some degree that the residents are of a class who will get along together. To magnify this innocent and modest effort to establish and maintain a place suitable for a pleasant summer residence into an enterprise that offends against some public policy requires a stronger imagiation than I possess.

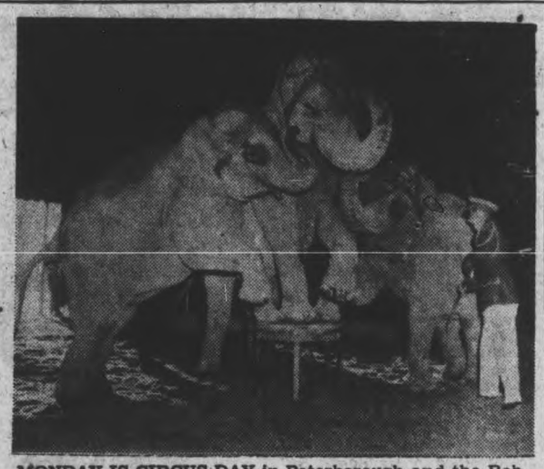
Margarine Drop Due Cheaper Oil

Harassed housewives who have had work balancing their food budgets in recent months due to continuing high food prices were afforded some relief this week when the price of most types of margarine sold in Peterborough dropped three cents per pound. The lower price is due to reduced cost of vegetable oils, mostly cottonseed oil, imported from the United States from which most of the margarine now being sold in Canada is made.

The butter substitute is now selling generally at the rate of 35 cents per pound. One retail food outlet reported that the three-cent price reduction affected four different brands of margarine, while the price of one other type dropped one cent to 37 cents per pound.



The price reduction brings oleomargarnie down to the lowest level it has been since it first went on sale in January, following validation of its manufacture and sale by a Supreme Court of Canada ruling.

Soongs Visit U.S.

NEW YORK, June 10 (AP) — T. V. Soong, former premier of China and brother-in-law of Generalissimo Chiang Kai-shek, arrived by plane from Paris Thursday, accompanied by his wife. He said he planned to stay in the United States "a few months" and to see Madame Chiang who has been residing here.

Liquor Under Fire

TORONTO, June 10 (CP). — Ontario's liquor laws will probably come under fire at the week-long diamond jubilee session of the Baptist Convention of Ontario and Quebec, which opened here on Thursday. Dr. James W. Brien of Windsor, convention president, said in an interview it was "virtually certain" resolutions rapping the government for extension of its cocktail-lounge policy would be adopted.

Dishonorable Discharge

GRAFENWOHR, Germany, June 10 (Reuters)—A 23-year-old, United States soldier, who served a six-month sentence imposed by a Czech court for illegally crossing the border, was given a dishonorable discharge Thursday as a deserter and sentenced to one year's hard labor. The United States court-martial proceedings were the first indication that any soldier under American jurisdiction, other than two freed in May, had been held by the Czechs.

Patterson, G Kennedy, Misses Violet Scott, Jean Kennedy, Essie McQuigge, Maude Sexsmith, Shirley Bennett, Jacqueline Sanders, Beverley Bennett.

Both marriages will take place in Knox Presbyterian church. That of Miss Patterson to Ronald William Henry, son of Mr. and Mrs. Arthur Henry, RR 1, Whitby, will be on June 18, and that of Miss Copp to James Hoy, son of Mr. and Mrs. Harold Hoy, of Spencerport, N.Y., will be on July 2.

Ellis-Agnew Nuptials Held

HAVELOCK, June 10 (ENS)—Iris and spirea formed a beautiful setting at the parsonage of Havelock United Church on Thursday afternoon for the marriage of Joyce Elizabeth, eldest daughter of Mr. and Mrs. Harold Agnew to Thompson Charles Ellis, son of Mr. and Mrs. Wellington Ellis, R.R. 1, Havelock. The Rev. F. R. Vanderburgh performed the ceremony.

The bride wore a gown of light blue moire silk with white accessories. Her sister Miss Kae Agnew was bridesmaid wearing wine taffeta with white accessories. They carried bouquets of iris and peonies. Mr. German Ellis, eldest brother of the groom was groomsman.

Following the ceremony a reception was held at the home of the groom's parents in Belmont Township. His mother received wearing a gown of blue crepe, with white accessories and corsage of lily of the valley. Owing to illness the bride's mother was unable to be present.

Leaving later for a trip to Eagle Lake the bride was wearing a gold crepe dress with white accessories. They will reside in Belmont Township.

DOROTHY DIX

Man Leaves Slovenly Wife Prefers Loneliness to Dirt

Dorothy Dix

DEAR MISS DIX: The reason my marriage went on the rocks was because my wife was such a slovenly housekeeper. I would come home at night to find the beds unmade, the floors cluttered my wife slopping around in the kitchen in her gown, preparing a dinner that wasn't fit to eat.

I begged her to try to be more tidy, but she just laughed and said if I didn't like it, I knew what I could do. She was a perfectly healthy woman and there was no reason why we had to live in such positive filth. Finally I got so disgusted I just couldn't take it any more, so I left. Now I live in one room, but it is CLEAN. At times I may be lonely, but I prefer loneliness to DIRT.

GEORGE H.

✧ ✧ ✧

ANSWER: I hope every bride who reads this letter will take its warning to heart, for of all faults that a wife can have, the worst, from her husband's point of view, is for her to be a slovenly housekeeper. Without doubt an untidy home has sent more men to roaming and driven more men to drink than all other causes combined, for no man can take any pleasure in looking at a wife who looks as if she needed to be run through a washing machine, nor can he yearn to come back at night to a home that looks as if it had just been struck by a cyclone. To keep a man sitting by his own hearth and make him a fireside companion, you have to make your home attractive.

Not Real Home

A slovenly-kept house is no home. It is a place from which husbands and children flee as fast as they can go. A real home, the kind of a home in which there is love and harmony and in which children grow up into being fine men and women, is always one in which there is cleanliness and order and good cooking. And this is true whether the house be a cheap cottage or a palace.

Certainly cleanliness is next to godliness in marriage. Soap and water will do more to hold a husband's love than French perfume, and the best weapon that a woman can use in defending her home is a mop. As long as she can keep busy with that she can keep the other woman out.

✧ ✧ ✧

DEAR MISS DIX: Do you think a man should keep old love letters? I have broken off my engagement with my fiancee but I don't know whether to return her letters or burn them. What is your advice?

MR. X.

✧ ✧ ✧

ANSWER: Old love letters are just about as safe to have around the house as an unexploded bomb. If you should get married and your wife came across a lot of old love letters you will find yourself in a pretty mess and you will have some tall explaining to do.

Besides, to keep a girl's letters is most unfair to her. Every woman when she dips her pen in ink takes leave of prudence and writes things that she would never dream of saying to a man, merely because it makes her feel poetic and romantic. A real gentleman, when an engagement is broken, always sends a girl's love letters back to her so that she can destroy the evidence of her folly.

✧ ✧ ✧

DEAR DOROTHY DIX: My mother died three years ago and since that time I have kept house for my father. All was well for two years, but this past year nothing I do seems to please him, although I have tried in every way to make our home happy and comfortable. He has gotten so that he gives me hardly any money to run the house on and he is grouchy if I ask him if I can buy a new hat or dress once in a while.

I have an idea that he is thinking about getting married again. He has been going steadily with a neighbor for the last six months. Do you think this could be the reason for the change in his attitude towards me? What shall I do?

A DAUGHTER.

✧ ✧ ✧

ANSWER: Evidently your father is trying to freeze you out so that he can marry your neighbor, who probably objects to having you in the house. Why don't you ask him if he will give you enough money to fit yourself to become self-supporting? Then get a job and be on your own.

Don't try to persuade your father not to marry. He will do it anyway, and you will really be far better off and happier earning your own living and being independent. Now is the time to secure your future. Don't wait until you get too old to learn a new trade and make a fresh start in life.

Of Interest to Women

Crawford U.E. Hall Wed in Toronto

St. James Cathedral, Toronto, was the setting for the wedding Saturday of Edna Anne Miller, daughter of Mr. and Mrs. G. W. Miller of Glasgow, Scotland, to Mr. Crawford Uin Hazlett Hall, son of Mrs. Hall of Peterborough and the late Mr. S. Dickson Hall. The ceremony was conducted by Ven. Archdeacon F. J. Sawers.

The bride, given in marriage by Major H. J. Price, was in a gown of fluorescent blush satin with imported net lace. A tulle illusion veil was caught to her headdress of satin, embroidered with pearls and she carried a bouquet of Johanna Hill roses and lily of the valley. Miss Mary Devereux, her only attendant was in powder blue marquisette over taffeta and wore a floral headdress matching a nosegay of lily of the valley.

Mr. A. H. Heideman of Peterborough was groomsman. Ushers were Eric H. Hall, A. N. Kearns, R. G. Grant and J. E. McEachern.

After a reception in the library of the Royal York Hotel, at which the groom's mother received, the destination of the honeymooners was Lake of Bays.

GroomGivesBride 120 Pound Cake

LONDON, Ont. June 10 (CP)—Lucky is the bride whose groom whips up a 120-pound wedding cake.

British-born Mary Hebb today marries garageman Fred J. Putt—and the monster cake is one of the groom's presents to her.

Cooking became his hobby when he had small jobs in a bakehouse in England at the age of 10.

The six-tiered cake has a bottom layer of 14 inches square and five inches deep. Preciously perched on slender legs, the other tiers are piled in mammoth concoction which has absorbed eight dozen eggs, five pounds of butter, five pounds of flour and unknown quantities of fruits and nuts.

He estimates that if he worked without ceasing day or night the masterpiece would have taken him a week to make the cake, 48 hours to bake it and three days to execute the intricate icing operations.

"Finest wedding cake ever given any bride," he says proudly.

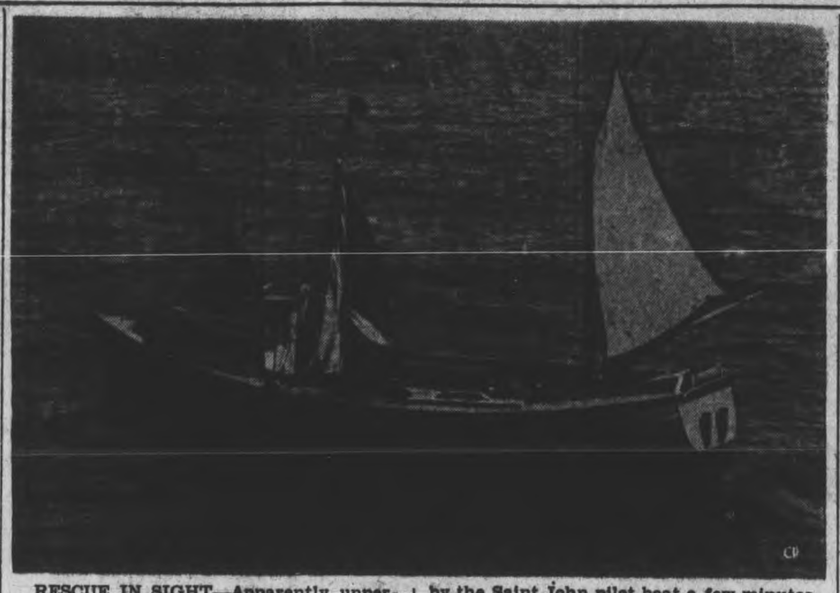
Reichwald Rolls, Zutphen Pie For Vet Diners

When members of the Stormont, Dundas and Glengarry Highlanders, 1st Battalion Association, sit down to their banquet on Saturday night they'll find the menu combines a list of both food and memories.



Here is the complete menu: Camberley Cocktail, "Tiger" Tenderloin, "Hell's Corners" Salad, Cap Griz Nez Salad, Trum Tomatoes, Knocke Lettuce, Breskens Radishes, Saffelaar Celery, Reichwald Rolls, Zutphen Pie, Leer Cheese, and Emden Coffee.

To the ordinary diner this would sound like a slice of garbled nonsense, but it has plenty of significance for vets of the 1st Battalion. All of the names recall training schemes or battles fought in the re-conquest of Europe.

Here is the key to the pecuñar menu. Camberley is where the battalion was stationed in 1941 after training at Aldershot. Tiger refers to one of the most gruelling training exercises that the unit undertook; the men marched 165 miles in six days; one day covered 35 miles in a downpour of rain. Hell's Corners was a scene of heavy fighting and casualties before the unit got to Caen. Cap Griz Nez was the location of the long-range guns that bombarded the south coast of England; a hard battle was fought there to knock out the guns.

The name Trun recalls memories of heavy fighting with a large number of casualties shortly before the unit reached Falaise. Knocke and Bresken are names associated with the fighting on the Scheldt estuary undertaken to secure the port of Antwerp. At Saffelaar the unit trained in secret for its part in the Scheldt operation. Muddy fighting and capturing objectives in boats were the usual run of operations in the Reichwald Forest.

The Bn. cleared the city of Zutphen of the enemy in the second big operation after forcing the Rhine. Assault landing craft were used in the battle for Leer, the second last large battle before VE day. The name of Emden is associated with the unit's last major fight: clearing the German port of Emden.

RESCUE IN SIGHT—Apparently unperturbed by two days of drifting helplessly when the engine of his fishing vessel went dead, Walter Wilson, 70, of Lorneville, near Saint John, N.B., was finally towed home by the Saint John pilot boat a few minutes after this photo was taken. Well fed on the three days' provisions he had on hand, the elderly fisherman was rescued after a passing steamship radioed his plight to Saint John.

Church Honors Loyal Members

KITCHENER, June 10—(CP)—The 75th General Assembly of the Presbyterian Church in Canada today paid tribute to members who stayed with the church 24 years ago Thursday when a church union move split the Presbyterian church.

Union of a Presbyterian group with the Methodist Church the Presbyterian Church then convened. At midnight, June 9, 1925, members of the Presbyterian Church who dissented from union met in Toronto to sign a protest. At one minute after midnight the Presbyterian Church was continued.

Under provisions of the union, the original Presbyterian Assembly had assented to end the church at midnight.

A motion honoring those who remained with the church was carried unanimously today. Eight assembly delegates who signed the midnight protest rose today on request. They included Rev. A. H. Reid, Montreal; James Dutton, Peterborough; Clarence Pitts Ottawa; F. A. McDiarmid, Ottawa; E. W. McNeill, Toronto; Rev. C. L. Cowan, Hamilton; W. P. Cone, Red Deer, Alta.; and Rev. T. W. Taylor, Toronto.

Candidates To Speak At YW Open Meeting

Candidates seeking election to the Peterborough West seat in the Federal Parliament will square off on the same platform in the YWCA Recreation Room Tuesday night.

The meeting has been arranged by the YWCA Public Affairs Committee under the chairmanship of Miss Margaret McIntosh to give girls of the YWCA some political education before they go to the polls on June 27.

The meeting will be open to the public. CCF candidate Howard Miles will not be able to attend, but his campaign manager Clayton Fee, Omemee, will substitute.

Both Gordon K. Fraser and Dit Clapper have promised to attend. Probably the order in which the men will speak will be decided by draw.

If there is time, the educational film, Ballot Boxes, will be shown.

Murderer Hanged

MONTREAL, June 10 (CP) — Roland Asselin, 37, was hanged at 12.31 a.m. today for the murder in 1946 of a garage owner. Asselin was found guilty June 15, 1948, of the fatal shooting of Ulric Gauther, well-to-do garage owner at St. Telesphore, Que. Jail officials said Asselin showed no emotion as he was led to the scaffold, accompanied by the chaplain.

Forward Request For Lights To Commission

BETHANY, June 9—(ENS)—Several petitions for new street lights in Bethany and Pontypool were received at a meeting of the Manvers Township Council held on Tuesday. On motion of Councillors Wright and Beer, the requests will be forwarded to the Hydro Electric Power Commission for approval.

On motion of Deputy Reeve McGill, seconded by Councillor Beer, the sum of $27.72 was struck of the 1948 tax roll as uncollectable.

It was moved by Deputy Reeve McGill and seconded by Councillor Wright that the council forward the usual grant to the Millbrook Agricultural Society.

On motion of Councillors Beer and Miller, the clerk was instructed to advertise for tenders in the Daily Commercial News for a crawler tractor, fully equipped with cab, dozer, snowplow and dual wings.

The following accounts were passed for payment:—

S. S. No. 4, school money, $300.; S. S. No. 5, school money, 250; S. S. No. 6, school money, 500; S. S. No. 7, school money, 300; S. S. No. 13, school money, 200; E. Humpage, auditing, 190; J. C. Cummiskey, on acc. salary, 90; J. C. Cummisek, postage and excise, 10.06; Twp. Treas., road voucher no. 6, 928.74; Geo. Smith, repairing hall steps, 3; W. H. Rowan, material for hall steps, 3.35; relief, 15; Fred Fallis, roofinf township hall, 113.35; Harvey Millbrook Agri. Society, grant, 15.

Council adjourned to meet or Tuesday, July 5 at one o'clock. p.m. D.S.T.

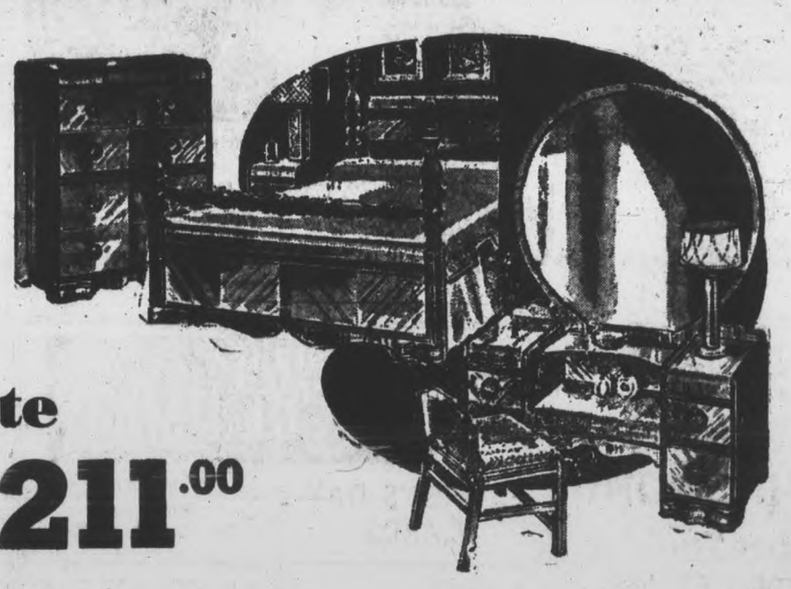
Ask No Recognition

NANKING, June 10 (AP) — Chinese Communists are asking Western Powers to withdraw their recognition of the Nationalist government of China, it was reported authoritatively Thursday. Communist officials have urged such action in informal talks with foreigners here.



Loyalty Check-Up

MANILLA, June 10—(AP)—The Secretary of Interior, Sotero Balyut, today ordered a loyalty check to prevent members of the Communist-led Hukbalahap guerrillas from getting government jobs. He said the guerrillas' purpose was to paralyze the armed forces and transportation services by sabotage "when the opportunity comes."

Bethany Woman 89, Honored On Birthday

BETHANY, June 10.—(ENS).—Mr. and Mrs William Hannah of Bethany held a family gathering on June 5 to celebrate the 89th birthday of her mother, Mrs. Stephen Sisson. Mrs. Sisson, whose maiden name was Adelaide Devitt, though a great grandmother, is remarkably active despite her advancing years, helping with the daily household tasks in the home of her daughter, with whom she has lived since the death of her husband.

Mr. and Mrs. Sisson were widely known in the township of Manvers, of which the late Mr. Sisson was Reeve for many years. He was a farmer and machinery agent and also pioneered in the telephone system of the village, having the first telephone line built at his own expense from the old Grand Trunk Railway station to his home and having to pay the railway company for this privilege. Later he built a continuing line to the store of Mr. Naismith at Lotus and installed a "switch" in his home, and Mrs. Sisson is well remembered for her faithful service in relaying messages for neighbors.

Family Re-union

With the exception of two grandchildren, J. M. Sisson, who is with the Trans-Canada Airlines in Victoria, B.C., and Miss Dianne Copping of Peterborough, a student at Hatfield Hall, Cobourg, all of the immediate family, joined in the celebration.

Those present were Mr. and Mrs. Karl D. Sisson, Donald Sisson, Mr. and Mrs. Max Rishor, Mr. and Mrs. Marvin Baker, all of Peterborough; Dr. and Mrs. Elmo Sisson, Miss Kathleen Sisson, Miss Betty Sisson and Stephen Sisson, Jr., of Bowmanville; Mr. and Mrs. Gordon Staples, Cavan; Dr. and Mrs. G. Devitt, Mrs. Andrew Devitt, Miss Helen Devitt, all of Bowmanville; Dr. and Mrs. Archie Bowles, Mr. and Mrs. W. G. Bowles and Richard Bowles of Nestleton; Miss Annie Sisson and Arthur Flack, Bethany; and the three great grandchildren, John and Richard Staples of Cavan, and Sue Ellen Baker of Peterborough. John Hannah of Bethany, died several years ago.

Marmora News

John Fox has been accepted as a member of the Ontario provincial police and joined the force last week.

Tom Brady of the RCAF, Trenton, is spending a week's leave at his home here.

Mr. and Mrs. Frederick Clarke of Chicago, are spending two weeks with the latter's parents, Mr. and Mrs. Marshall McCoy.

Clare Campion has sold his farm in Marmora township to William Doyle, son of Mr. and Mrs. John Doyle.

Joseph Hulsman has purchased the brick residence on Burstall St., now occupied by Mr. and Mrs. James Black and family, from the Thompson estate.

Mr. and Mrs. E. D. O'Connor were in Toronto on Thursday attending the graduation of their son Michael at Toronto University. He received his Bachelor of Arts degree.

Mrs. John C. Neill and son John of Ajax, recently visited relatives here.

Mrs. William Smith and Mr. and Mrs. Thomas Smith and son Ronnie spent Thursday in Peterborough.

Mrs. Fred Johnston attended the diocesan convention of the Catholic Women's League in Tweed on Tuesday.

BROUGHT TO PORT — Pounding seas break over the disabled tanker Sinco, handicaped by a broken pump line 120 miles off the coast of Jacksonville, Fla. A tiny sea-going tug accomplished the herculean task of rescuing the crippled tanker and its crew of 43 and brought the ship 190 miles into Charleston, S. Car.

Two Men Pay Fines On Liquor Act Counts

CAMPBELLFORD, June 10 — (ENS)—Andrew Dugan, 39, of Warkworth, was fined $50 and $2.50 costs by Magistrate R. B. Baxter in Police Court Thursday on charges of being intoxicated in a public place. Provincial Constable Arthur Kellogg of Hastings laid the charges.

Charged with unlawfully having liquor in a public place, Clayton Akey, 40, of Campbellford paid a fine of $10 and $4.50 costs. The charge was laid by Chief Constable George Hardy.

Second Offender Fined $50 And Costs

Arrested Thursday evening on Charlotte St., where Constable Louis Rodregue found him in an intoxicated condition, Joseph Goley, 163 Princess St., was convicted today for the second time this year of being drunk. Pleading guilty in city police court, Goley was fined $50 with $2.50 costs.

Alfred Rose, Peterborough, was fined $10 with $2.50 costs when he pleaded guilty to drinking while on the interdicted list.

Erecting Tower For Television

CAMPBELLFORD, June 10 — (ENS)—Campbellford is about to have a television system of its own. Frank DeCarrol has started to instal television equipment in his store and he expects to tune in to television by June 20.

Workmen are busy on the construction of a steel tower on the Linton Block which will receive television beams from Rochester and other United States' centres.

It will be ninety feet from the top of the tower to the ground. Mr. DeCarrol says that a tower of this height will clear all obstructions between here and the sources of television broadcasting stations.

Acquit Field Marshal

MUNICH, Germany, June 10—(AP)—Former Field Marshal Hugo Pserrle, who directed the Nazi Air Blitz of London, was acquitted Thursday of being a Nazi. Sperrle also was acquitted last fall of war crimes after a trial by a United States Court at Nuereberg.

INVISIBLE AID

Ammonia, the household cleaner, has probably never been seen by a housewife—it is invisible gas.

Salary Schedule Studied By Presbyterians

KITCHENER, June 10.—(CP).—Presbyterians across Canada will decide within the next few months whether salaries of their ministers are to be increased.

A new salary schedule was put before the church's general assembly Thursday in closing stages of its 1949 meeting. But the assembly left the decision to the Presbyteries, the regional councils of the church. If two-thirds of the Presbyteries favor it, the plan will go into effect by next Feb. 1 to the extent that money is available to meet the pay raises.

The present minimum salary is $1,800 a year. Several delegates expressed the view during the nine-day assembly session which ended Thursday night that low salaries are discouraging young men from entering the ministry.

Under the new plan, the basic minimum would remain at $1,800, plus use of a manse or provision of a rent allowance. In addition, up to $300 a year would be paid to enable a minister to operate an automobile and there would be other supplements depending on length of pastorate, length of service in the church and pension fund payments. Special grants would be made to married ministers, with extra allowances for dependent children.

The church's board of administration would supervise the plan.

Dancer Dies At 103

LONG BEACH, Calif., June 10—(AP)—A spry great-great-grandmother who sang and danced on the New York stage before the Civil War, died Thursday. She was Mrs. Clarissa M. Noxon, 103. She became her father's dancing partner at the age of 10. They performed in New York theatres for several years.

TWO BROTHERS DIE IN LAKESHORE FIRE

Shots Fired At Police In CSU Fight

40 Policemen Hold Strikers At Bay As SIU Boards Ship

By The Canadian Press.

Gunfire marked a fresh outbreak of violence in Vancouver Friday as the Canadian Seamen's Union strike against the Shipping Federation of Canada entered its 11th week.

The West-Coast action, during which two rifle bullets just missed a squad of police, brought the strike back into the headlines almost a week after the Communist-led CSU was suspended by its parent body, the Trades and Labor Congress.

Forty officers held a CSU force at bay while a crew from the rival Seaferers' International Union (AFL) boarded the freighter Rockside. A policeman was knocked off his feet and several seamen were bruised and bloodied during the skirmish.

Interim Agreements

Also from Vancouver came a report that the CSU had offered to settle the strike in that port on the basis of interim agreemens reached with the captains of two vessels, the Triport and Lakeside.

Meanwhile, there were reports of shipping operators' troubles abroad being cleared up, except in the United Kingdom where 10,000 dock workers are out at Liverpool, Avonmouth and Bristol.

Unloading of ships at these three ports, many with perishable goods, is at a virtual standstill. The dockworkers' stoppage was called in sympathy with the CSU strike.

The CSU ordered the strike on March 31 when Canada's East-Coast operators signed a working agreement with the SIU.

In Georgetown, British Guiana, on Friday, 22 former crew members of the Canadian freighter Sunavis, all CSU men, were sentenced to one day in jail and logged two days' pay on charges of disobedience of a lawful command. Eight members of the catering staff were dismissed on similar charges.

PROMOTIONS AT CITY POLICE HEADQUARTERS on Friday advanced Constable Leo Murphy (Left) to Sergeant and Sgt. John Naples to Deputy-Chief of Police. They are shown in the desk room from which Deputy-Chief Naples will move to quarters upstairs.

Lombardo Delays Boat Trials

LAKE PLACID, N.Y., June 11—(AP)—Guy Lombardo today postponed until Sunday his attempt to smash the world speedboat record.

The band leader-sportsman was forced to put off his trials because of a defective propeller shaft on the boat, Aluminum First, built by industrialist Henry J. Kaiser.

After a new shaft arrives from Detroit, Lombardo, a native of London, Ontario, who started his musical career while at the University of Western Ontario, will attempt to break the record of 141.74 miles an hour set 10 years ago by the late Sir Malcolm Campbell in Blue Bird II.

Lombardo will also attempt to break the United States record of 124.915 miles an hour set by Gar Wood in Miss America, 17 years ago. Trials will be made over a measured mile course on Lake Placid.

Machine Shop Furnace Explodes, Two Hurt

WOODSTOCK, June 11.—(CP)—Two men were injured, one seriously, when a cupola furnace exploded here late Friday in a machine shop.

Suffering from extensive burns about the face, arms and shoulders is Zan Narvel, smelter, who was cleaning the furnace when the explosion, believed to be caused from gas fumes, occurred Struck with flying bricks, as he was charging the furnace above, John Vitkuaskas suffered superficial injuries and was released from hospital after treatment. The explosion demolished the base of the furnace and sent bricks and metal scraps flying to the roof of the building.

Hold 2 U.S. Men As Flames Sweep 35 Acres

SAULT STE. MARIE, Ont., June 11—Provincial police Friday night laid charges against two American prospectors in connection with the 35-acre forest fire which broke out in Rand township, 85 miles north of the Soo.

The Americans are being held in the Soo and will appear before Magistrate James McEwen in magistrate's court this morning. The Americans claimed that they doused their fires at their camp and were not responsible for the fire. Police will charge that their carelessness led to the blaze.

It was learned that the visitors lost their camp and equipment, valued at close to $1,000, in the fire. One of the accused reportedly lost a sum of cash as well. Chief Fire Ranger Harold Green, accompanied provincial police to the scene of the fire and assisted in the investigation. The investigators flew to Rand Township from the Soo today.

Meanwhile, three more fires broke out suddenly, late Friday, one a 25-acre blaze in Township 4-D.

A five-acre fire was gaining headway Friday at Mobert and a seven-acre fire was being fought near Wawa. Fire-fighting crews were rushed to the three new trouble spots by air. The forest fire hazard was described as "dangerously high," by forestry officials.

Railway Strikers Defy Order To End Stoppages

LONDON, June 11—(CP)—Railway strikers today defied a government demand to end their "Sunday only" work stoppages on Britain's nationalized rail lines. Engineers and firemen, demanding revised schedules which will not keep them away from home at night, went ahead with plans to halt their trains on north-south lines at midnight tonight for the fourth week-end in a row.

Meanwhile 49,000 London trainmen were called to a mass meeting Monday to decide whether to bring all London's surface and underground lines to a standstill. Railway union officials said any action taken would be unofficial and without union sanction.

In addition to the schedule changes demanded by engineers and firemen, the country's railwaymen seek a general wage increase of 10 shillings ($2) a week.

Labor Minister George Isaacs Friday night rejected a request by the Railwaymen's Union for government intervention in the strikes. He drafted a reply to the union calling for its immediate withdrawal of support of the Sunday strikes.

Isaacs was scheduled to make a country-wide broadcast on the situation later today.

After a hurriedly-called cabinet meeting Friday night, attended by Prime Minister Attlee, a brief communique was issued which said that "a report on the railway situation was received," and that "the position at the Liverpool and Avonmouth docks was under consideration."

Britain May Ship Arms To Arabs

LAKE SUCCESS, June 11. —(CP).—Britain is considering resumption of small arms shipments to Arab states, informed sources here and in London said Friday.

United Nations officials said British representative Sir Alexander Cadogan called on the UN's Palestine mediator, Ralph J Bunche to ask his opinion. Cadogan is understood to have told Bunche his government feels the recent armistices Israel signed with Trans-Jordan and Iraq opened the way for the lifting of the U.N. arms embargo.

These informants said Bunche answered that, in his opinion, the arms bargo is still in effect.

Cadigan is said to have pointed out that Britain has contracts to supply arms to some of the Arab countries and that the countries involved are pressing for delivery

A British spokesman said "a decision has been reached or will be reached shortly to send a limited quantity of small arms" to Iran and Trans-Jordan "for internal use only." This, he said, would follow the precedent set by France recently in sending small arms to Syria.

The spokesman said Britain felt such action would not violate the U.N. cease-fire since neither the type of arms nor quantity would be of a nature to jeopardize peace in the Middle East.

Goethe's Writings To Be Reviewed

NEW YORK, June 11.—(CP).—More than a score of the keenest minds of the 20th century will assemble soon in Colorado resort to study the philosophy and writings of Johann Wolfgang Von Goethe.

The occasion is the 200th anniversary of his birth. The place is Aspen, 7,800 feet high in the Rocky Mountains. The purpose is to discuss and evaluate the relation of the work of German's greatest writer to the problems of the modern world.

Goethe, born in 1749 and died in 1832, has been described by Robert Hutchins, Chancellor of the University of Chicago, as "the world's last truly universal man." He is best known for his drama "Faust," on the theme of man's striving, failure and eventual redemption.

The International Goethe Bicentennial Convocation and Music Festival opens June 27 and continues until July 16. It is sponsored by the Goethe Bicentennial Foundation, of which Hutchins is chairman.

Attlee Party Preparing To Extend State Ownership

BLACKPOOL, England, June 11. (CP)—Britain's ruling Labor party Friday wound up its annual conference with approval of a platform calling for further government ownership.

Party leaders prepared for a battle on two fronts — against the Conservatives in the next general election and against the party's own tendency to split up.

The labor platform proposals call for state ownership of most life insurance, cement making, sugar refining, water supplies, meat wholesaling and minerals.

During the last four years of labor rule the government has taken over many industries, including coal, railways, electricity, gas, the world-wide communications of the Cable and Wireless Company, and airlines. A proposal to take over the steel industry is pending.

Herbert Morrison, deputy prime minister, said the party's platform might be modified "in the light of economic conditions that may obtain" at election time.

The only date Morrison gave for the election was "sometime before August, 1950". The labor government's five-year term expires July 26, 1950.

The party may not have a smooth road in attaining its nationalization program. Several trade unions — which form the most powerful segment of the party — want more worker participation in state-owned industries and the majority of workers want pay increases, despite the government's polisy of wage and price stabilization.

Three Escape House In Belleville

Two Youths Run Down Back Stairs, Trapped In Kitchen

BELLEVILLE, June 11 (CP)—Two brothers, John and Glen Maxwell, were burned to death when fire destroyed their home on the outskirts of this city early today.

Their parents, Mr. and Mrs. Stanley Maxwell, and another brother, Ron, escaped by fleeing down the front stairs of the two-storey brick house.

John, 19, and Glen, 12, attempted to escape by coming down the back stairs into the kitchen. Mr. Maxwell said he met them in the kitchen but somehow got separated from them.

The boys' bodies were found in the kitchen burned beyond recognition.

The blaze broke out shortly before 3 a.m. on the back porch of the house.

The Belleville fire department answered the call but were unable to check the flames. Only the walls of the house were left standing.

Falls 50 Feet Youth Survives

TORONTO, June 11—(CP)—Jarred from his seat in a roller-coaster, Norman Murray, 17, plunged 50 feet to the ground Friday night and survived. Officials at the west-end Sunnyside amusement park said Murray and three companions had been riding the roller-coaster for nearly an hour before the mishap.

Doctors said the youth suffered a broken jaw, deep cuts and the loss of five teeth.

One of his companions, Stanley Rame, said Murray had been sitting in a seat with a friend, Myrtle Atwell. Murray reached over to put his arm around the girl and fell over the side, Rame said.

"I was talking to Norm one minute, then he was gone," Rame related. "It felt as if the roller-coaster was going 90 miles an hour.

"I heard Myrtle scream. But none of us knew what happened. Maybe Norm stood up a little and lost his balance. One minute he was there. The next minute he wasn't."

No Relief Seen From Dry Spell

TORONTO, June 11 (CP)—Another rainless week-end is forecast for the dried-out farmlands of southern Ontario.

Temperatures are expected to reach the mid-eighties in several section, 10 to 15 degrees higher than the normal maximum for this time of year.

The heat would have been welcomed if spring rains had come on schedule. Cool weather during the last three weeks has held back growth of crops — and the dry spell has parched the seedlings.

Early in the drought, the Ontario Agricultural Department predicted that the lack of rain would cost farmers an estimated $5,000,000 a day. That was nearly two weeks ago. By now the effects of the drought reach far beyond those of the usual rainless stretch of only a few days.

Adam Brown boasted for years that a creek on his farm at Buttonville, a few miles north of here, never went dry. But it's dry now; Brown's hogs root in the dust covering the gravel of the creek-bed.

140 Car Caravan

BRANDON, Man., June 11 — (CP)—Car caravan rolled into Brandon Friday bringing 650 United States Boy Scouts to join 130 Canadian Scouts in an international camporee which will continue at the Provincial Exhibition Grounds until June 13. The American Scouts come from Minnesota, North and South Dakota and Montana and the Canadians from Winnipeg, Brandon and other Manitoba points.

Dies From Burns

TORONTO, June 11 (CP) —Mrs. Mary Horton, 72, died Friday night of burns suffered when a match she used to see what time it was set fire to her clothing. John Walsh, a roomer in the house, heard the woman scream. He rushed into the room and smothered the flames with a blanket. Mrs. Horton was taken to hospital.

West Expects Russians Make New Move

PARIS, June 11 (AP)—Western officials look for a new move by Russia when the Council of Foreign Ministers reconvenes Monday.

Foreign Minister Andrei Vishinsky of Russia asked before adjournment Friday that no meeting be held today. His western colleagues agreed to the Russian diplomat's request.

A Russian press officer was asked why Vishinsky wanted an adjournment until Sunday afternoon.

"He wanted the day off, that is all," was the answer.

Western officials speculated that Vishinsky, after consulting with the Kremlin, might make a move that could change the course of the Paris conference.

They noted these aspects of Vishinsky's call for a one-day cecess:

It came soon after State Secretary Dean Acheson of the United States warned that the days of the conference were numbered unless Russia gives ground.

Made After Deadlock

Secondly, Vishinsky's request was made immediately after the conference reached a dear-deadlock on three German issues before the council. These were four-power control in a politically-and economically- reunited Germany; Berlin and the currency question, and preparation of a German peace treaty.

Vishinsky explained his request merely by saying he was going to be "busy."

The United States has insisted that the foreign ministers adjourn at the end of next week.

A senior east-European diplomat, however, told a reporter: "I don't think the conference will end next week."

There is not much hope among western officials that Vishinsky's request will lead to some positive action.

Thrown Out Of Truck Kitchener Girl Killed

KITCHENER, June 11 (CP) — Catharine Brohman, 16, of West Montrose was instantly killed at 2 a.m. today when thrown from a light panel truck. She suffered a broken neck.

Miss Brohman was a passenger in the truck driven by Mrs. Laurie Spies. The accident occurred three miles east of West Montrose. The truck went out of control and rolled over twice.

A charge of dangerous driving has been laid against Mrs. Spies and the case will be heard in police court Friday.

Mentioned In Spy Trial For Helping Reds State Dept. Aide Suicides

Goes Canoeing Near Islands, Then Found With Throat Slashed; Fourth Suspect To Die Within A Year

WASHINGTON, June 11—(AP)—Police said today that one of the men mentioned in the Judith Coplon trial Friday had committed suicide here last week. He was Morton E. Kent, 48, Chevy Chase, Md., whose throat-slashed body was found floating in the Potomac River last Saturday. District Coroner Macdonald pronounced the case a suicide.

Kent was a Russian-born former State Department aide. Top-secret documents of the F.B.I. read at the Coplon espionage trial Friday said he had been in contact with Russian Secret Police.

Kent was a Harvard graduate and spoke nine languages. He joined a private firm here five years ago after working for both the State and Labor departments and for the Board of Economic Warfare.

Detectives who investigated his case said they were positive his death was a suicide. He had rented a boat, and several persons saw him canoeing near the Three Sisters Islands.

The FBI data listed George Dimitrov Sotirov, a Bulgarian now employed as a clerk by the United Nations Secretariat, as the agent for the Russian intelligence service Kent contacted.

At the time of Kent's death, his wife said he was depressed over loss of his job. A company official said Kent was discharged because "we were merging our export division."

He said Kent had been checked on by the FBI on several occasions "because of his contacts with foreign embassies."

The Kent death was the fourth in a year of men whose names had been mentioned in official espionage inquiries.

Laurence Duggan, former State Department aide, died in a 16-storey plunge from a New York office building. Shortly afterward Representative Karl Mundt (Rep, SD) then a member of the Un-American Activities Committee of the House of Representatives and now a Senator, disclosed that Whittaker Chambers, acknowledged former courier for a wartime Red spy ring, had listed Duggan among his information sources.

Harry Dexter White, former Assistant Secretary of the Treasury, died of a heart attack last August a few days after denying testimony by Elizabeth Bentley that he was one of her sources of wartime secret information. Miss Bentley said she was an agent of the Soviets at the time.

W. Marvin Smith, Justice Department employee, plunged to death down a Justice Building stairwell after he was named as the notary who witnessed papers in the sale of an automobile that has figured in Chambers' accusations against Alger Hiss, former State Department official. Justice Department officials attributed Smith's death to personal affairs and said it had no connection with his routine action as a notary.

A second paper read in court Friday told of a fantastic Red spy ring which indulged in nudist sprees, the report said this ring had two agents working inside the United States Army's intelligence section at the Pentagon in 1946.

Use Stupor-Producing Drug To Help Bad Alcoholics

ATLANTIC CITY, N.J., June 11 — (AP)—A stupor-producing drug is aiding in the treatment of alcoholism, the American Medical Association was told Friday.

The idea, said two Seattle physicians at the closing session of the A.M.A.'s 98th annual meeting, is this:

In the trance-like state produced, the patient can still talk, and he is interviewed by a doctor seeking to learn the real reasons why the patient began hitting the bottle in big-league style.

Then, after learning "salient points in his alcoholic history" the doctor gives the entranced patient "strong suggestions against alcohol and toward correction of faulty habits of thinking."

Work with the drug — called "pentothal" — was described by doctors Frederick Lemere and Paul O'Hollaren of the Shadel Sanitarium for the treatment of alcoholism at Seattle.

They said it was an effective aid in the treatment of heavy drinking associated with nervous tension.

Their report was based on a three-year follow-up study of 479 patients treated with pentothal alone or in combination with a "conditioned reflex" treatment.

The researchers said that 58 per cent of the patients followed were still on the wagon after three years.

The doctors said some patients can not stand the drug at all, and some others develop an abnormal desire for it—akin to their craving for alcoho'

World Farmers Use 2 Plans For Surpluses

GUELPH, June 11 (CP) — A double-barrelled program to help satisfy food needs and stabilize the world's agricultural industry was approved by the third annual conference of the International Federation of Agricultural Producers, which ended here Friday.

The program is based on two plans, one an American, the other introduced by the Canadian Federation of Agriculture.

The American plan, long-range, requires establishment of intergovernment commodity agreements. The Canadian plan calls for a special action program to move already-existing agricultural surpluses through an International agency.

While the measures to stabilize prices of agricultural products and dispose of surpluses were of foremost importance, the conference also considered other problems.

Among other things it recommended: investigation into subsidies paid the margarine industry; a survey of distribution costs of farm machinery with a view to possible approval of co-operative manufacture and handling; a study of farm labor conditions and a regrouping to consolidate scattered farm holdings.

If international commodity agreements can be negotiated they will form the nucleus for operation of the plan and an international agency will be set up to co-ordinate them.

The agreements would provide minimum and maximum prices for food within a flexible range; adaptation price stabilization programs such as are now in use in the producer countries of New Zealand and Australia where money is saved during periods of high prices to supplement farm incomes during lean years; and storage of unperishable commodities to protect consumers in importing countries from high prices by maintaining continuity of exports in short crop years.

Five Dead Or Missing As Vessel Capsizes

SEATTLE, June 11.—(AP). Three men died, two are missing and four survived when the fishing vessel Sunset capsized Friday night in the frigid waters of the North Pacific, coast guard headquarters reported today.

First word of the tragedy was radioed to coast guard and navy headquarters at Kodiak, Alaska, by another fishing boat, the Johnnie B. It was in the area and picked up the survivors.

The Sunset met disaster in False Pass, which separates the Alaska peninsula from Unimak island, first of the Aleutian chain.

Cause of the sunset's capsizing is not known. Only moderately heavy seas were running and the wind was light. Names of the nine crew members were withheld.

Jaguar Roams Ship Terrorizes Passengers

LAS PALMAS, Canary Islands, June 11.—(Reuters).—Marine authorities boarded the Belgian steamship Christian Sheid on her arrival here today from South America and shot a jaguar which had escaped from its cage and terrorized passengers.

The jaguar was one of a collection of wild animals for Northern Europe the Christian Sheid was carrying.

The captain had radioed advance warning to Las Palmas Friday saying the jaguar was at large on the ship.

CCF Promises Health Insurance Plan

By The Canadian Press.

The CCF promises a working health insurance scheme for all Canadians within three years.

This election campaign pledge came Friday night from M. J. Coldwell, the party's national leader, in a speech at Kamloops, B. C. He said a CCF government, if elected to power June 27, would pass a national health insurance bill within a year after the election and have the plan in operation within three years.

The CCF, he said, wouldn't let the shortage of hospital beds delay the plan. It would go ahead with the bill and thus stimulate a demand for hospital construction which, he said, would bring the shortage to a quick end.

He said "final proof" that the Liberal government does not now plan to provide health insurance at an early date might be found in an address by Prime Minister St. Laurent in Hamilton last Saturday, in which Mr. St. Laurent said it would be dishonest to institute any health insurance plan under present conditions.

Makes Points

In a campaign address in this interior British Columbia city, Mr. Coldwell made these points:

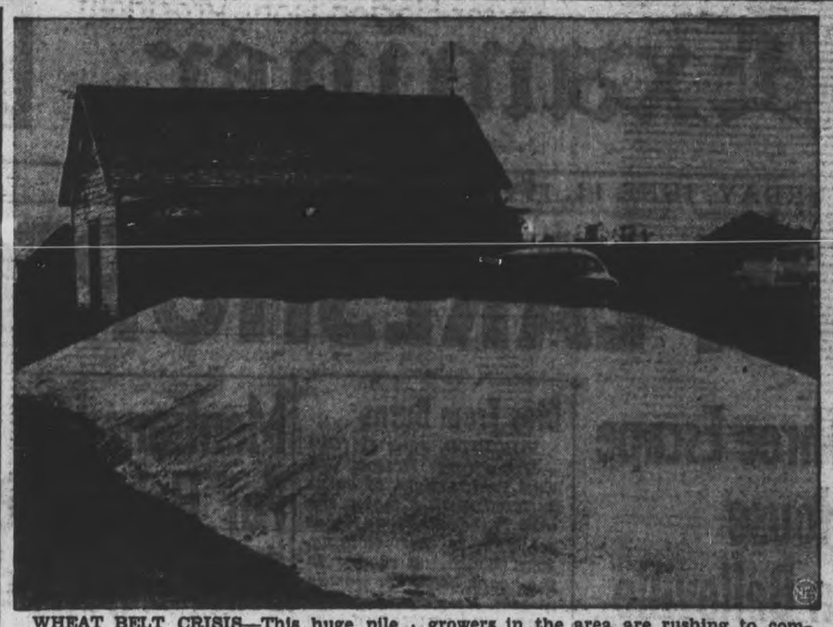
1. The CCF, would draft health insurance legislation so the plan would come into effect within three years of election to power. It would not let Canada's shortage of hospital beds delay the introduction of the plan.

2. "Definite Federal proposals" would be laid before a conference with the provinces called soon after the CCF's election, and "if two or three seemed intent on blocking the success of the conference, as Quebec and Ontario were in 1945, then the (CCF) federal government would take full responsibility and go ahead on its own."

He said a government drawn from his party would legislate for financial aid to any provinces wishing to embark on health insurance.

George Drew, Progressive Conservative leader, moving through Northern Ontario, spoke at Espanola and hammered again at the sale of the giant Canadair aircraft plant at Montreal to the Electric Boat Company of the United States.

Wants Details



He called upon Trade Minister Howe, the minister responsible for the plant, to make public the details of the sale and quoted from an order-in-council passed by the Cabinet in 1947 which he said made it clear Mr. Howe personally was authorized to handle the transaction.

Mr. Drew quoted from the order in repeating his charges that the $22,000,000 aircraft plant, which was operated by the government, had been sold to the Electric Boat Company of the United States for a fraction of its actual value.

(In a political address at Hamilton Friday night, Mr. Howe denied Mr. Drews statement that the sale was secret and that no tenders were called. He said the government asked Canadair's original director to form a corporation strong enough to survive. This was done through Electric Boat on a lease-option arrangement).

Mr. Drew again asked "why were no Canadian aircraft manufacturers given a chance to buy the plant and carry out the construction of aircraft required for the Royal Canadian Airforce and Trans-Canada Air Lines."

He also wanted to know why Mr. Howe chose "to deal with the Electric Boat Company, which specialized in the construction of submarines."

WHEAT BELT CRISIS—This huge pile of wheat was dumped on the ground in Vernon, Tex., by farmers faced with a severe shortage of storage space. Wheat growers in the area are rushing to complete makeshift granaries to store the precious grain in hopes prices on this year's bumper crop of winter wheat will not drop any further.

WINNIPEG GRAIN

WINNIPEG, June 11 (CP). — A steady trend was shown in the coarse grain futures market on the Winnipeg Grain Exchange on Friday with narrow movement in a dull session. Local and shipper buying was stimulated somewhat by continued dry weather on the Prairies, with offerings being light. Rye was taken in small quantities by local interests and others, with some recession noted from high levels which were scored early in trade.

Price of Class 2 wheat, for export to countries other than the United Kingdom, meanwhile, was allocated 500,000 bushels of wheat under the Anglo-Canadian agreement.

A very warm week-end is forecast for most of Ontario. Warmer air reaching the province from the southwest will bring increasing humidities today and Sunday.

Scattered thunder storms occurred Friday night through Ohio and Southern Indiana but it is unlikely that the activity will spread north of the Lower Lakes. A few showers and thunder storms moved across northern regions early today. Thunder storm activity as expected over Northern Ontario again Sunday evening but for the remainder of the province the end of the dry spell appears remote.

Liberal candidate Dit Clapper's campaign in the rural areas of Peterborough West focussed Friday night on a well-attended meeting in Douro.

Speakers at the meeting were: Mr. Clapper, T. J. Carley, KC, and Vernon Campbell of Douro township. Chairman of the meeting was Frank D. Leahy of Douro.

Mormon Quartet Will Give Concert

Masters of harmony, the Mormon quartet, who were here last year, will present a program of spiritual selections Wednesday night in the Union Hall, 450 George St. A year and a half ago Floyd G. Eyre, president of the Canadian Mission of the Church of Jesus Christ of Latter-Day Saints, picked four missionaries from the Ontario and Quebec area to form a quartet.

At present the quartet is touring in Northern Ontario. They will move to Eastern Ontario after their one night's program here. In the quartet are Elders Joseph R. Brown, Douglas W. Stott, Jack E. Call and H. G. Evans. The pianist for the program will be Donald Riplinger. All the men are from Utah, United States. In July the missionaries in the quartet will return to their homes with their term as missionaries complete.

Petrillo Re-Elected

SAN FRANCISCO, June 11 (AP)—James C. Petrillo Friday was re-elected President of the American Federation of Musicians (AFL). Unofficial returns were 1,401 votes to 83 for Edward Henne. It was the first time Petrillo had been opposed for the $20,000 a year office since he was first elected in 1940.

Mr. Fraser's election slogan is "Vote for Fraser and Play Safe." All right. Vote for him if you're a play-safer. But my guess is that there are more sports than play-safers in Peterborough, and if they will all turn out and vote for me, Peterborough will have a man on the winning side of the House of Commons for the first time in nine years.

That's worth a vote, isn't it? A Liberal vote is a vote for Peterborough — not the little Tory Peterborough, but the city that you and I belong to.

Eager Beavers Often Ruin Their Vacation

Warm weather vacation season is here so now is the time for considering a few do's and don'ts which may help you to get the best out of the holiday you have been looking forward to for the past year. Good advice comes from Dr. R. A. Kelly, Peterborough's Medical Officer of Health who says "don't run yourself ragged. Remember that vacation is the time to relax and take it easy. Don't try to catch up on exercises, lost meals or cocktails."

Eager beavers often find their vacation ruined by assortment of lumbago, charleyhorse, indigestion and too much sun while middle-age folk may shorten life by trying to squeeze a year's exercise and fun into two weeks.

Lots of relaxation, that's for me, says Dr. Kelly who regards change and rest as the most beneficial factors of a successful summer holiday.

The doctor does not suggest, however, that hibernation is necessary or even desirable to get yourself rejuvenated for another year's hard work. Motoring, canoe trips, swimming and golf along with a number of other enjoyable activities all go to make up the ideal vacation he says.

What would you say to a man staying at home to do some chores he's been wanting to do for a long time Dr. Kelly was asked. Well, it all depends whether it is he who wants to do them, or whether it is his wife's idea!

Hooked by the Nose

Reminiscing over the days when he lived at home with his father, a country general practitioner, Dr. Kelly recalls that hooking a nearby friend with the fish plug instead of catching a fish was one of the most common forms of holiday mishaps.

On one occasion a woman hooked her husband instead of the fish and the couple walked side by side to his father's house, the lady holding the fish line with her husband hooked on the end. He was hooked by the nose, painful, but even more embarrassing experience.

So ladies, remember, when you are supposed to be casting for fish keep your minds on the matter on hand.

The member of the family most likely to get a raw deal on almost any family holiday is mother. It can be great fun at a summer cottage or on a long tour, but it is no great change for mother if she still has to keep the children clean and do the cooking.

If you are planning to take the family away for the summer holiday, try to fit in a few days holiday for mother without the rest of the family so that she can enjoy a brief spell with no responsibilities.

If you are going miles away from civilization on a canoe trip remember the elementary rules of safety, one of the most important being to make sure you do not drink or cook with untested water. All camping out holidaymakers should make sure they have a water testing outfit before they leave, which can be obtained at the Medical Officer of Health.

For those going for a trip by car, plan the tour carefully before starting so as to avoid those five and six hundred mile stretches in one day, so often recounted.

CDS Picnic Held At South Beach

With weather conditions at their best the Canadian Department Store held on Wednesday afternoon its Annual Staff Picnic at South Beach.

The afternoon's sports started with a soft bal lgame and then teams were chosen to compete in group games under the direction of Mr. Jack Dane.

At six o'clock about 75 happy people enjoyed a fine chicken dinner. During the course of the meal Jack Dane lead in a singsong accompanied at the piano by Mrs. T. L. McKenna. Miss Doris Furphy rendered a couple of delightful solos, accompanied by Miss Marjorie Brennan and Mrs. Mrs. McKenna. More entertainment and novelty skits were provided by Hal Webb, Roy Wilson, Eddie Walker, John Burkholder and "Tony" Welbourn.

Mr. J. H. Jamison presented the prizes to the winners of the afternoon sports, which were Phyllis Adamson, Mary McTeague, Doris Lillicrop, Catherine McTeague, Mrs. E. Welbourn, Mr. Jack Cooke, Mr. Bert Finley, Miss Patsy Sammon, Mr. Eddie Walker, Miss Donna Stemp and Mr. M. D. Smith.

A prize of a lawn chair was won in a lucky draw by Miss Rose Miller.

Mr. Jamison presented Miss Shirley Patterson with a gift from the Employees in view of her forthcoming marriage to Mr. Elwood Doxsee, a former C.D.S. employee.

For the remainder of the evening dancing was enjoyed.

ELECTED PRESIDENT of the Ministers' Conference of the Baptist Convention of Ontario and Quebec, the Rev. C. C. Boyter of Brantford Calvary Baptist Church, was formerly pastor of Park Street Baptist Church in Peterborough.

Wm. Simmons Instructor Of Swimming

William McNeil Simons, former swimming director in Oshawa, has been chosen by the Playgrounds and Swimming committee of the Recreation Commission to be swimming director this summer. He will assume his duties June 27.

The Recreation Commission plans to have a director of swimming, two assistants for full time employment and two part-time assistants to teach swimming. They will wear uniforms which the Commission will purchase and the instructors buy. Each instructor must have two uniforms.

Mr. Simons is a graduate of Oshawa High School and the University of Toronto. At university he obtained his Bachelor of Physical and Health Education. This year he attended the Ontario College of Education. For four summers he has worked on playground work, mainly as a swimming instructor. Last year he organized and administered the swimming program for the Oshawa Community Recreation Association. He is a swimming examiner for the Canadian Red Cross Society and a swimming instructor with the Royal Life Saving Society. He was an Assistant Scout Master with the Boy Scouts before joining the RCNVR with which he served two and a half years.

While at Oshawa Collegiate Mr. Simons received the outstanding Athletic Shield and the honor medal for student participation. He is a member of the Toronto Musical Association and is experienced in symphony, dance, military and brass band music.

While in High School and University he has participated in football, track and field, basketball, skiing, gymnastics, hockey, volleyball, boxing, water polo, lacrosse and wrestling. Some of these sports he has had instructing experience also.

Baptist Ministers To Get $1,800 Minimum Salary

TORONTO, June 11 (CP).— Baptist ministers in Ontario and Quebec have been trying to get along on a minimum annual salary of $1,600 will receive at least $1,800 a year from now on.

The boost in the minimum was approved Friday during second-day sessions of the week-long Jubilee Conference of the Baptist Convention of Ontario and Quebec. And the 4,000 delegates were told that further efforts will be made to improve pastors' salaries.

G. C. McEwen, chairman of a special committee on minimum salary for ministers, was asked whether the committee had com plete its work. He replied:

"No minister is well paid. We are not satisfied that we are any where near what it should be."

His report said that when the committee was established in 1947 90 churches were paying less than the $1,600 minimum then introduced.

But now, every home mission pastor receives at least $1,600, many $1,600-$1,800, plus $200 transportation allowance for the two-point and three-point fields (rural areas where one minister serves more than one church).

Pass Motion

The gathering passed the salary-increase motion introduced by Dr. Chester New of McMaster University, Hamilton. It provides that in all two-point and three-point fields, the minimum shall be $1,800 plus parsonage, and $200 for transportation. In city churches and rural fields where no parsonage is provided, the minimum is to be $1,800 plus an adequate rent allowance. Increases in the cost of living are to be taken into account.

Delegates said many churches already pay more than $1,800 a year.

A shortage of ministers was reported by Rev. L. O. Bristol, chairman of an advisory committee concerned with filling the pulpits. It is a problem common to many denominations, he said.

"We are short of men— about a dozen in this Convention. The situation is not serious, but it does affect the three-point charges and those paying smaller salaries than some others."

Call Off Picketing

BERLIN, June 11 (AP)—Anti-Communist rail strikers Friday suddenly called off their picketing at the Russian-run city railway headquarters in Western Berlin. They said it was useless. Their leaders said German police of the western sector first ordered them from in front of the building and then ordered their ranks cut to 15 persons. Less than six stayed, shivering in a drizzling rain. They had numbered up to 200 since their abortive attempt to seize the building Wednesday night.

Keller Family Holds Annual Reunion

HAVELOCK, June 11 (ENS)— Mrs. William Youmans and Mrs. Harry Tinney, attended the annual re-union of the Keller family at Healey Falls recently, which comprised five generations of the family. The gathering had a two-fold purpose, the decorating of the graves and clean-up day in the family cemetery on the hill overlooking the Falls, and a get-together of all the relatives. Mr. Healey, after whom the Falls was named, is buried in this cemetery, although he is no relation to the Keller family.

Mrs. Youmans has only missed once in 21 years at this annual event. She and Mrs. Tinney belong to the fourth generation of the family. Their mothers were Grace and Rebecca Keller respectively, daughters of Christopher Keller. They do not know their great-grandfather's Christian name, but from sources in the pioneer days of Healey Falls the site of the cemetery was willed to him and his descendants.

Mrs. Youmans said that bones believed to be the remains of Indians were found some time ago on the side of the hill at the entrance to the cemetery, which led them to believe that these original natives of this coundtry ha used this spot as a portage section.

Members of the family numbering 25 were present from Madoc, Trenton, Ottawa, Campbellford, Hoard's Station, Healey Falls, and Havelock.

Baby Bandits Settled

VANCOUVER, June 11 (CP) — Vancouver's "baby bandits" case ended Friday in Assize Court when Donald A. Symington, 16, convicted bank robber, was placed on probation for three months. He is one of three youths accused of staging a $1,600 holdup at a Royal Bank branch last December. Donald was baby-sitting when arrested a few days after the robbery. George Wiles, 17, is serving a two-year term for his part in the holdup while a 15-year-old Toronto youth was acquitted.

Noel Coward To Present New Comedy

By PAT USSHER,

NEW YORK, June 11 (CP)— Gertrude Lawrence and Noel Coward, a sparkling theatrical team, may jointly provide Broadway play-goers with a treat in the autumn.

Coward's new comedy, "South Sea Bubble," is scheduled for fall presentation here by John C. Wilson. The British wit and dramatist returned recently from Jamaica, where he is believed to have written most of the play.

Miss Lawrence, now playing in London in "September Tide," may head the cast. She has long been anxious to appear in another Coward script. With the playwright in or due to arrive in England any day, the drama probably will soon be in Miss Lawrence's hands.

"South Sea Bubble" is the first comedy Coward has written since "Blithe Spirit."

Stage Marco Polo

Donn Byrne's novel, "Messer Marco Polo," is another dramatic project slated for Broadway in the coming season. It is planned as a musical, to be produced jointly by Stanley Gilkey and Donal Ooenslager. The latter a scenic designer, would be making his managerial debut. Robert Nathan, author of the novels "One Mo Spring" and "Portrait of Jenny has been charged with writing t script. "Messer Marco Polo" is have lyrics by Johnny Mercer a music by Robert Emmett Dol

Devalued University Degrees

It is almost as dangerous for a country to devalue its university degrees as to devalue its money, and there are unmistakeable signs that Canada is making that mistake. It has been forcibly drawn to the attention of the public during the past week by two notable educators. Dr. John Lowe, a Canadian who is now Dean of Christ Church and Vice Chancellor of Oxford University said, in Toronto: "To say everybody is entitled to a university education is sheer nonsense". Dr. Malcolm Wallace, now retired from his post as principal of University College, Toronto, said: "We're trying to send everyone to college; as a result we've thrown our standards to the winds; we're making factories out of our educational institutions." These gentlemen are experts. They should know what they are talking about. The devaluation of university degrees proceeds apace.

* * *

Not all degrees have suffered. A Canadian medical degree, it is safe to say, is as good as ever. A Canadian degree in mining and in many branches of science may still be taken as indication that a man knows his job. But what of the many Arts degrees, and the degrees given in that academic nonesuch, Commerce and Finance? How much are they worth? Thousands of employers can give the answer; as guarantees of higher learning, higher intelligence or plain common sense they are of extremely variable value.

* * *

Dr. Wallace has told us why. So many people now want university educations that the universities have had to lower their standards so that enough degrees can be given to satisfy public demand. For if a university insisted on standards so high that two-thirds of the student body could not meet them there would be a howl of dismay. The result is that many a pass degree in Arts today is hardly the equivalent of a good secondary school education in, for instance, Scotland. Young men and women are getting degrees who have not learned to think, or to read, or to do anything well. They go to the universities without earnestness or any real desire to learn, and they are spoiled for work which suits their essentially mediocre capacities.

* * *

This is a serious situation. If we do not get our university degrees back on the gold standard our universities will soon be as big a laughing stock as were those of the U.S.A. in the 'twenties, before the better American educators saw what was happening. What Canada needs now is a higher standard of secondary school education, and a university standard which is an effective bar to triflers and second-raters.

Vigorous Trade With Latin America

The term "Latin America" is used to apply inclusively to the twenty republics south of the Rio Grande, from Mexico to Chile. Like most general terms it is not accurate. The populations of many of the republics of Latin America are not predominantly "Latin", that is, descended from Europeans whose native tongues are based on Latin (Spain, France, Italy, Portugal); they are predominantly indigenous and Indo- American. Nor are the countries of Latin America homogeneous. This is shown by their rivalry, their border wars, their varied terrains and climates, and the tongues spoken. Haiti is a small tropical island of French-speaking coloured people. Argentina, a very large republic of Spanish-speaking people of European origin, lies almost completely within the temperate zone. Brazil's 44 million people of mixed racial origins speak Portuguese. This great agglomeration of countries which we call Latin America has become especially important to Canada in the last decade, and close diplomatic and trade relations exist between Canada and the twenty republics.

With the beginning of war and the fall of France, European markets were closed to Canadian importers and exporters. When the war struck the Pacific still other markets were closed. Latin America suffered similarly. It was then discovered that Latin America had many materials for export which Canada needed and had formerly bought in Europe and Asia, and Canadian exporters found that there were good Latin American markets for supplies formerly sold to Axis-dominated countries. Further, the trade routes could fairly easily be kept open. Trade immediately expanded. Since the war, owing to the dislocation of Europe and the already good knowledge of trade possibilities between Latin America and Canada, the trade continued to expand. Enterprising businessmen and many government officials have continually been seeking and finding more and bigger markets.

In 1939 Canada's trade with Latin America amounted to only about two per cent. of her total world trade. In 1948 it was six per cent. In 1939 imports from Latin America amounted to $16,000,000, and our exports to Latin America were a little less than $20,000,000. In 1948 total imports were $221,000,000 and exports $124,000,000—a tenfold increase. In 1939 the comparatively small commerce with Latin America resulted in a favourable balance of trade. Now it is unfavourable to the extent of almost $100,000,000. This is owing chiefly to our very heavy imports of crude petroleum from Venezuela. However, such an large adverse balance of trade indicates the desirability of increasing Canadian exports to Latin America.

At present our chief exports are newsprint, ships, wheat and sewing machines; other important ones are aluminum, fish, machinery, farm implements and malt. In addition to petroleum Canada imports principally sugar, raw cotton, coffee and bananas, as well as considerable quantities of hides, fibres and molasses.

The trade is so thriving that the unfavourable balance is not alarming. Further, Canada has substantial investments in Latin America, in insurance, banking, public utilities and petroleum. They have a total approximate value of $850,000,000. Of the 107 branches of Canadian chartered banks located outside Canada, 53 are in Latin America.

A Strengthened Opposition

The return to power of Premier Angus Macdonald and his Government by a very substantial majority again gives Nova Scotia political stability through a party strong enough to carry legislation. The Liberals have not the virtual monopoly of the Nova Scotia legislature which they had after the 1945 elections. Then but two opposition candidates were elected, both of them C.C.F. On Thursday the Conservatives secured eight seats; they had held none in the last House. The C.C.F. held their own. It is well to have a stronger Opposition than Nova Scotia had during the last four years, for parliamentary government thrives best if the Opposition is sufficiently strong to criticize Government legislation as it passes through the various readings of the House.

The Liberal capture of three times as many seats as the Opposition is proof that Premier Macdonald's policies have the approval of the people. He campaigned on his Government's record. Most of the Conservative seats were secured in the apple-growing district, which has recently suffered from the lack of the wartime British market. It was therefore localized dissatisfaction because of a particular condition. Generally throughout the Province, the Liberal policies have found favour. Mr. Macdonald, gratified over the results, expects that they indicate the strength of the Liberal party in the Dominion elections.

A Century Of The Free Press

That admirable paper the London *Free Press* celebrates its first centenary today, and *The Examiner* (which will know no such glory until 1956) offers its warmest congratulations to its elder, wealthier, stouter sister in Western Ontario. In order to mark the occasion the *Free Press* will publish a special edition of 232 pages—the largest single paper ever to be published in this country.

It is not this jumbo edition, however, which calls forth our tribute. It is the daily *Free Press* which has for so long given fine service to its readers and which will continue to do so, we hope, for many a century to come. Radio, television, facsimile papers and what-not are said to threaten the newspapers as spreaders of news and opinion. Perhaps when these gadgets develop some character and individuality they will do so. Until then, we shall need good newspapers like the London *Free Press*.

A Tale Of Flintheart and Crumb

By RICHARD J. NEEDHAM in The Calgary Herald

NO matter how experienced a newspaperman may be, it still disturbs him to hear that his publisher is going to address a meeting, and that he is expected to write a report of it. Should he "play up" the speech, thus appearing to flatter his employer? Or should he "play down" the speech, thus appearing to slight him? Most reporters, in this predicament, try to steer a course between Scylla and Charybdis: they try, in brief, to give the speech exactly the same treatment as they would any other. Most publishers wish it so.

* * *

BUT that is not always the case. It was not the case last week, when George Bain, staff reporter for the Globe and Mail, Toronto, covered a speech made in Montreal by George McCullagh, publisher of the same paper. Wittingly or unwittingly, under suasion or of his own free will, Mr. Bain wrote an account of Mr. McCullagh's speech that has, we suspect, caused amusement in newspaper offices throughout Canada. We quote the leading paragraph:

"Clapping as they came to their feet, the 400 men in the long oak-beamed room remained standing for some moments as they made their appreciation noisily known to the speaker. Turning toward him, half smiling, President Louis F. Vauthier, who was to extend the formal thanks of the audience, silently indicated it already was being given."

* * *

MR. McCULLAGH was addressing members of the Kiwanis Club, and other Montreal service clubs, at the Mount Royal Hotel. The audience, Mr. Bain assures us, filled every corner of the large hall: it represented "a broad sampling of Montreal's business and professional life, Protestant and Catholic, French and English-speaking alike". (Agnostics, Koreans, and street car conductors were, as usual, excluded.) Mr. Bain goes on to inform us that reporters from the Montreal newspapers, plus those from radio stations, filled three press tables. Three whole tables! Imagine!

* * *

"THROUGHOUT", says the report, "the publisher commanded a rapt attention, broken frequently by the sharp clatter of applause, occasional calls of 'Hear, hear', and ripples of appreciative laughter. Mr. McCullagh concluded his remarks in French, which brought a reaction of surprise and noisy applause."

Reading the report, we find that at one point, the publisher was greeted with "applause and the nodding of heads". (Not to be confused with another type of head-nodding we have observed at service club luncheons.) At another, "a burst of applause interspersed with chuckles" greeted Mr. McCullagh's remarks. And President Vauthier, expressing his thanks "when the hall had stilled", said: "Those who have heard Mr. McCullagh today have gained in knowledge. We have a better understanding, a better feeling of co-operation, with the peoples of the world."

* * *

WELL, that is one way of covering a speech given by your publisher. But there are others. In the roaring days of the Cheadle Cowbell, it frequently fell to the newspaper's ace (and, incidentally, only) reporter, Ichabod Crumb, to cover speeches made by his employer, Jasper Flintheart. Crumb's reports invariably reflected his detestation of all speeches in general, and of speeches by Flintheart in particular. Having eaten celery at the beginning of the speech, booed in the middle, and snored at the end, Crumb would turn in a report that began:

* * *

"FISH-BONES and chicken wings sailed through the air, waitresses spat contemptuously, and men fought to get to the exits, as Jasper Flintheart, publisher of the Cheadle Cowbell, spoke to a bored, hostile audience that had assembled in the expectation of seeing Lalla Palooza and her Exotic Cuban Dancers. Flintheart only drew applause at one point: that was when he announced that owing to the jeers and catcalls he would not attempt to proceed any further."

Crumb never gave an idea of what Flintheart had said, or tried to say—firstly (as he explained) because it was too much trouble taking notes and secondly, because in any event the old goat hadn't anything worth saying. Sometimes, he would cover Flintheart's speeches with cutting brevity: "Jasper Flintheart spoke to the Backslappers' Club last night. Why?" At other times, he would subtly convey the impression that his publisher was a man of irregular habits:

"Scheduled to address the Dandelion Growers' Association at noon yesterday, Jasper Flintheart was finally located in an East End beer parlour at 12.45. It took four gallons of black coffee, forcibly administered by officials of the organization, to bring the publisher out of his comatose state. When the time came for his speech, Flintheart appeared to be under the impression that he was in a railway smoking car, and told a number of stories that caused lady delegates to swoon. The meeting ended abruptly when Flintheart got into a fist-fight with the chairman, and police were called to remove him."

* * *

FLINTHEART often felt that Crumb's reports were rather on the unfair side, but being a man of high principles, he did not feel he had any right to intervene. All he did, after each such report appeared, was to cut Crumb's salary, and since it was not a very large one, the point was soon reached where Crumb was paying money to Flintheart for the privilege of being employed by him. It was around that time that Crumb began illustrating his reports of Flintheart's speeches with pictures of an unflattering nature—sometimes of Nero, sometimes of Dracula, sometimes of Simon Legree. And sometimes, when he was in a particularly malevolent mood, of Flintheart.

* * *

ALL this, of course, was in the good old days. Things are different now, and the reporter who covers a speech made by his publisher must be neutral. Or, as in some cases, flattering. What was the speaker greeted with? Tumultuous and long-lasting applause. What did the listeners cry? "Hear, hear" and "Hallelujah" and "Amen, brother". What was the condition of the hall? Filled, jammed, packed like a tin of sardines, like a rush-hour trolley, like the Black Hole of Calcutta. And what did the reporter know?

The reporter knew on which side his bread was buttered.

A TIP FOR JUNE GRADUATES

Letters To The Editor

FIREARMS BYLAW

Sir: On page 2 of the Examiner of Thursday, June 9th I read: "Bylaw of 1898 invoked in City Case. For contravening a bylaw passed by Peterborough Town Council in 1898 before the city was incorporated, Bruce Burfield, 689 Lansdowne St. was fined $3.00 with $2.50 costs in city police court hearings today".

The bylaw stipulates that firearms shall not be fired within the town limits and provides for a penalty of not less than $1.00 and not more than $50.00.

Mr. Editor is this the full extent of this bylaw?

If it is, then the question arises why a few months ago two strangers dressed in hunter's garb should with a police escort early one morning take the easy way out for a hunting trip and fire several salvos at pigeons on Dewart's Mill on Simcoe St., bag the pigeons, and follow up with the same tactics at the birds taking refuge on the building opposite the City Hall.

The wounded pigeons were finished off by having their necks wrung on Simcoe Street.

It will interest many who saw the slaughter to have the exact wording of this bylaw published, if it has not previously been done.

MAURICE E. KETCHESON.

SAY GARBAGE POORLY HANDLED

Sir: In regard to controversy in your editorial on the method of garbage pick-up, I think your idea of having the men pick it up at the rear of the residence and then lug it out to the trucks is too expensive. They would need three times as many men and in view of the fact it costs four times as much to do this under City Council muddling as it did when it was done by contract system and in those days the garbage was burned, not just picked up and dumped on Rink St., Roger St., or Erskine Ave.

You don't like the look of the garbage cans twice a week: now that is just too bad, but how about the people who live on the streets I just mentioned. They have to look at it and stand the stink of it seven days a week and have their children play in this filth. So don't blame the people for the riot that happened on Rink Street yesterday and don't blame Ald. Gillespie, he is just the goat, for those who are responsible.

So you see how far out of touch you are with what is really happening. This thing of picking the garbage up on one street and dumping it on another street, without first burning it, don't make sense. It should be taken to the incinerator and burned, there has been tons of unburned garbage dumped all over the city.

Does Engineer Chalmers understand the proper method of handling the incinerator, and does his staff know there is something radically wrong? These are facts to ratepayers are of interest to all. We know the taxes are too high.

Hoping to hear from you, Mr. Editor.

Sincerely yours,
RINK ST.

Answers to Rhetorical Questions

QUESTION: How many times have I got to tell you to hang up your coat and leggings in the closet instead of throwing them on the floor?

ANSWER: 218.

Q: Do you want a good smack in the eye?
A: No.
Q: Where did you ever get that idea?
A: Harvard University, Cambridge 38, Mass.
Q: What do you think I am, a moron?
A: True.
Q: Since when has a guy had to ask his wife what he can wear?
A: 7834 B.C.
Q: Will it ever stop raining?
A: Yes.
Q: Where do you think you're going?
A: Grant's Tomb, Riverside Drive, New York City.
Q: When did you ever see me lose my temper?
A: 365 days per annum.
Q: Now why do things like that have to happen?
A: 1. Defective visions 2. Improper brake adjustment. 3. Gross negligence.
Q: Who do you think you are, anyhow?
A: PARK CUMMINGS.

Bible Message

(From the Authorized Version)

I will lift up mine eyes unto the hills, from whence cometh my help.

My help cometh from the Lord, which made heaven and earth.

He will not suffer thy foot to be moved: he that keepeth thee will not slumber.

Behold, he that keepeth Israel shall neither slumber nor sleep.

The Lord is thy keeper: the Lord is thy shade upon thy right hand. The sun shall not smite thee by day, nor the moon by night.

The Lord shall preserve thee from all evil: he shall preserve thy soul.

The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore. (Ps. 121: 1-8.)

For the Lord, God is a sun and shield: the Lord will give grace and glory: no good thing will he withhold from them that walk uprightly. (Ps. 84: 11.)

Wandering Irish Railway

In Ireland they tell you stories of the Clogher Valley Railway and the County Down Railway, and many another leprechaun line. You may hear, also, of the exasperated Irishman who exclaimed: "Bless me sowl! A corpse could go quicker paddling his coffin against the current with a broken oar".

Railways have often been funny or fearful or fantastic in Ireland. But none is more paradoxical than one of the largest and most up to date of them all—the Great Northern Railway of Northern and Southern Ireland, which operates over 540 miles of line.

This is the only privately-owned railway in the two islands in which all the other railways have been nationalized. In the United Kingdom—of which Northern Ireland forms part—and in Eire, also, the railways are controlled by the state. But the GNR continues to go its own way. The reason is that neither the North nor the South can agree on terms for taking it over.

The GNR is a bit fey in other ways. It crosses the border at 11 places. One branch line wanders between the two countries several times in one short journey—and each time there is a double halt for customs examinations.

The bar prices go down when the train crosses from North to South, and go up in the other direction. No traveller who knows the ropes, therefore, does his drinking under the British flag.

Though the porters, signalmen, stationmasters all work for the same company, they get different rates of pay at each end of the line. The board of directors is divided between representatives of Ulster and Eire. But because the company is registered in the South, shareholders, though they may live in the North, pay an income tax of 7 shillings in the pound—the Eireann standard rate.

Officialdom being what it is, however, the Northern shareholders who has already had the Eireann tax deducted from his dividend has to return the gross amount to the British tax authorities, who take their 9 shillings in the pound—making 16 shillings in all—and then return the 7 shillings.

BETHANY FOOTBALL TEAM OF 1908 looks as if it were determined to win. And win it did as the trophies indicate. They won in the Midland series. The stalwart back row is Charles Morton, Dr. J. J. Hamilton, Heber Sisson, Walter Price (Captain), George Lackner and William L. Hannah. The formidable front row is Elmo Sisson, Earl Sisson, Charles Brereton, William Price and Anson Delong, Herbert Price and T. J. Jackson were members of the team, but were not present when this picture was taken inside the old Bethany Town Hall in 1908. The Hall was destroyed by fire in 1911.

Names, Fame, Community Spirit Recalled With Bethany Athletic Club's 40 Years

By MRS. ROSS CARR

Once again Bethany has an organized baseball team and local fans are looking forward to a good season. The team have entered the North Durham League comprised of teams from the neighboring villages of Millbrook, Pontypool, Bailieboro, Janetville, Blackstock, Port Perry and Yelverton.

In earlier days there was no organized baseball, but Bethany did have a crack football team. With Walter Price as their Captain they entered the Midland League and Bethany team became quite famous.

Forty years ago in 1909 Bethany really became sports minded. The year previous to this, Dr. J. J. Hamilton came home to his native village to practice medicine and it was largely due to his interest in sports that an open meeting of the villagers was called on March 24 of that year and as a result the Bethany Athletic Association was founded.

Mr. Levi Sisson who kept a store on the property now owned by Reg. Edmunds conducted the first meeting and the charter members were: J. J. Preston, MP, Hon. President; Harry H. Ryley, President; Rev. Mr. Adams, 1st Vice-Pres.; Rev. Mr. Poston, 2nd Vice-Pres.; Dr. J. J. Hamilton, Secretary; R. Roberts, Treasurer; and a Field Committee which included Dr. Hamilton, Herbert Fallis, William Hannah, Charles Morton and Walter Price. It is interesting to note that in this small village, 104 people paid their membership fee of 50c in that year.

The first duty of the Field Committee was to procure suitable grounds for practice and the old "Show Grounds" where in earlier days fall fairs were held seemed to be the most suitable property. The land was purchased from the owner, Mrs. C. H. Brereton, for the sum of $335.00 and the drill shed site adjoining was rented from the government for $1.00 per year. Dr. Hamilton recalls that it took a lot of "digging" to get that first $335.00. While everyone wanted an Athletic Park, all considered it a risky money venture. Finally, his father, Frank Hamilton, Sr., advanced the amount on a note signed by ten sport-minded citizens of the community.

The Constitution of the Association was drawn up in a very legal manner by Lawyer A. Smith of Millbrook and contained the interesting proviso that if the Association at any time have ceased to exist for a period of three years its Athletic Park was to revert to the Trustees of Bethany School Section No. 15 of the Township of Manvers, to be held as an Athletic Park for the use of the residents of that school section forever free of charge. The first Trustees appointed were Dr. J. J. Hamilton, for a period of three years, H. H. Ryley for two years, and Walter Price for one year.

At this first meeting it was decided to hold a "Field Day" on May 24th and through the years this came to be known as Bethany's Big Day. People from miles around attended the "doings," always being assured of a good time. Admission charged on that first day in 1909 was 15c and 10c. Field day always included at that time a football game, baseball, one mile race, pipe race, boys' and girls' races, potato race and such. A concert would be given in the evening and a dance held afterwards.

The whole community always helped to make the day a real success. Meals were served at the Park on the 24th by the ladies of the Presbyterian Church, which at that time had the largest congregation. (The Presbyterian Church was closed in 1925 for lack of members). Two tents were erected to accommodate the people. And in this day and age it sounds strange to read in the minutes of this first meeting that the Cairns Bros. and Charles Morton were appointed to make arrangements to accommodate horses.

The grounds at this time were in a very rough condition and on June 6 of that year a voluntary bee was held to level the field. Over sixty men came and gave their voluntary services for the day. Each year some improvements were made. In 1914 shade trees were planted to make the surroundings more attractive.

In 1917 a real innovation occurred when on the motion of Walter Price and George McCartney it was decided that ladies be admitted as members of the Association and due to their being the weaker sex, their fee to be only 25c instead of the 50c paid by the men. In this year we had our first girls' ball team the members being: Effie Blake, Ada Rowan, Olive Rowan, May Ward, Alice Ryley, Neta Coulter, Alice Cairns and Lillian Westlake. Walter Price was their manager.

In 1919 the football team played their first official game.

In 1920 hardball and baseball became more prominent and the Bethany Baseball Team was organized with M. F. Panton as manager; Karl Sisson, Captain; Thomas Staples, catcher; Charles Staples, A. B. Ryley, pitchers; M. F. Panton, first base; T. G. McCartney, second base; Nelson Brown, 3rd base; Ray Staples, right field; R. W. Price, centre field; Harry Johnston, left field.

In 1923 an additional acre of ground was purchased from Walter Jakeman and once more the Athletic Association went to work to improve their field. Dr. Hamilton was appointed head of the committee to look after this work and again he tells it was simply amazing how everyone turned out and helped.

On one day in particular, twenty three busy farmers came with their teams to do their share; others worked with graders, shovels, rakes and rollers. Hector Hamilton (the doctor's brother) who was a surveyor and engineer home on holidays surveyed the grounds and had them levelled until the result was almost as smooth as a table top. All this work was done voluntarily and the results, in the opinion of Alex Kay, well known baseball umpire, was "the best baseball diamond between Belleville and Toronto."

In 1924 players' booths and benches were erected and in this year also, Bethany Baseball Team won the finals in the East Peterborough League and a reception and banquet were given by the citizens in their honor. Bethany was very proud of their ball team and this year in particular, everyone both young and old followed the games. It was always a source of wonder to the town folk that a baseball team such as that year could be got together in such a small place. Many who had never heard of Bethany came to know the village through the baseball team. That old battery of Staples brothers, Charles pitching and Thomas catching was hard to beat, and Bruce Ryley's long distance batting is still talked about.

A grand stand was erected in 1927. In 1931 an effort was made to further interest in the Athletic Association as a whole and Walter Price was appointed to organize and manage a girls' softball team; Bob Rumney also built up a men's sofeball group; Bert Monk and P. C. Brown organized a junior ball team known as "The Wildcats." In 1937 the old drill shed property was finally purchased from the government.

During the war years of 1939-1945 interest in Athletics was diminished as everyone was busily engaged in war work. However, in the years of 1946-1949 a new crop of young people have sprung up and once again we have a junior and senior hardball team, junior and senior girls' softball team; a hockey team and badminton club.

It is almost amazing to note, as one goes over the old records, the number of names of citizens who were active in the work of the Athletic Association, depriving no personal benefit, except in the satisfaction of a good community spirit. To the late Mr. P. C. Brown, one time Grand Trunk Railway Agent goes a great deal of credit for his work with "The Wildcats." Bob Rumney made the same investment of time. The late Mr. Harry H. Ryley, the first president was always active in furthering the interests of the community at large. Mr. Herb Fallis, who died last year, was a member of the original Field Committee, later becoming President of the Association.

Special mention must be made of Walter Price, for years one of the leading merchants, still interested in sports and young people and this year again assisting with the girls' softball team. William Hannah, another charter member, although still a busy farmer has never lost his interest in sports either.

This story had its beginning with the efforts of Dr. J. J. Hamilton and it seems only fitting that this last paragraph should acknowledge the work he has done for the good of Bethany and community. Being a doctor in the country meant many long bu hours and many sleepless nights. He says he has lost track of how many hundred babies he ha sisted into the community, but he does boast of twelve sets of twins and thinks he holds a record in the fact that he has doctore five generations of one family, which the four generations are still living in the village. Yet spite of his busy life as a doc he held each of the offices in t in the Athletic Associatio

Old Gas Plant House Was Once Gunsmith's Shop

By GEORGE COFFIN

How many residents of Peterborough know that No. 75 Hunter St. West, now the residence of Stanley Cummings, superintendent of the Utilities Commission's gas plant, was at one time the site of a gunsmith's establishment? A few of the city's elderly citizens may know of it, most Peterburians will not.

Recently an Examiner reporter was shown the location of the gunshop in the basement of the house, which is situated on the south side of Hunter St., just west of the Otonabee River bridge. Nearly 100 years ago, in 1852 to be exact, the land on which the house stand was acquired by one George Allen, who carried on the business of repairing and selling rifles, shotguns, revolvers, etc. The racks in which the guns were stacked are still to be seen in the cellar, together with the stone base for a grindstone, which then was a necessary implement.

A search of records concerning the property on file in the Registry of Deeds at the County Courthouse revealed that the land was first "patented" in 1844 to one Frederick Bray of Hamilton. This area was at that time called the District of Colborne. Mr. Bray sold it in 1849 to George Frederick Order for 75 pounds, who in turn sold it to Mr. Allen in 1852 for 100 pounds. Mr. Allen died on December 26, 1893, and by the terms of his will, which was dated June 16, 1887, it was deeded in 1901 to his two daughters, Phillipa Eugenie Allen and Amelia Victoria Allen. They in turn deeded it to the Hydro Electric Power Commission of Ontario on December 17, 1918, which body deeded it to the City of Peterborough in 1929.

Mr. Cummings has lived in the house for the past 30 years, ever since the Utilities Commission took over the property. The house is now heated from the gas production plant located behind it on Simcoe St. There is only one chimney remaining in the building, the one for the living room fireplace. Another chimney was taken down some years ago, rather than give it needed repairs, because it was no longer needed after gas pipes were laid to the house.

Harry Beal, former superintendent of the gas plant, who lives at 317 Frederick Ave., is of the opinion that the house was built around the year 1840. He recalled having reshingled it 20 years ago at which time he found a local newspaper in the attic dated 1848.

CREATIVE WORK—Thomas H. Raddall of Liverpool, N.S., whose history of the city of Halifax entitled "Warden of the North," has won for him the Governor-General's Award for the best creative non-fiction work in 1948.

BEST JUVENILE WORK—Roderick L. Haig-Brown, magistrate and juvenile court judge at Campbell River, B.C., who has been awarded a citation for "Saltwater Summer," his second effort in writing for children. This is the first year such an award has been made by the Governor-General's Literary Awards' committee.

THE FACES OF A NOVELIST, A POET AND A HISTORIAN, who this week have been announced as winners of Governor-General's awards for writing in 1948: Left, Hugh Maclennan; centre, A. M. Klein, and Right, C. P. Stacey. Hugh MacLennan of Montreal won the Award for Fiction with his third novel "The Precipice". He also won the award in 1945 with his 'Two Solitudes". A. M. Klein, also of Montreal, author of "The Rocking Horse and Other Poems" received the Poetry Award for the most distinguished volume of verse by a Canadian published in 1948. Col. C. P. Stacey is director of the Historical Section, of the General Staff of the Canadian Army. His official account 'The Canadian Army 1939-45" brought him the Governor-General's Academic Non-fiction Medal for the year 1948. (MacLennan photo by Nakash, Klein photo by Garcia Studio).

Governor-General's Literary Awards '48; Go To Well-Known Writers and 2 Others

Hugh MacLennan, A. M. Klein, Col. C. P. Stacey and Thomas H. Raddall won the four Governor-General's Literary Awards for 1948, it has been announced by William A. Deacon, chairman of the awards board of the Canadian Authors Association.

Angeline Hango is 1948 winner of the Leacock Medal for Humor and Roderick L. Haig-Brown will receive a special citation as author of the year's best juvenile book.

Hugh MacLennan of Montreal wins his second Governor-General's medal for Canada's best fiction last year with his third novel, "The Precipice." He won the 1945 fiction award for "Two Solitudes." The new prize - winning novel was reviewed by the Examiner, Editorial page last summer.

Mr. Klein, also of Montreal, wrote what was judged the most distinguished volume of Canadian verse in "The Rocking Horse and Other Poems."

The Academic Non-Fiction medal goes to Col. Stacey, director of the historical section of the Army General Staff, for "The Canadian Army 1939-45." This important record and interpretation of the Army's Exploits was reviewed in the Examiner's book columns at the time of its publication.

A history of Halifax—"Halifax Warden of the North"—won for Mr. Raddall, of Liverpool, N.S., the Creative Non-Fiction award. He had previously won the Governor-General's fiction medal for his collected short stories. Mr. Raddall's story of Halifax was discussed in The Examiner's weekly book review columns shortly after it was published at the end of the year.

Mrs. Hango, third Montreal winner, takes the Leacock Medal with her first book, "Truthfully Yours," a humorous narrative of French-Canadian family life. The award was established three years ago by the Stephen Leacock Memorial committee.

Mr. Haig-Brown, a magistrate and juvenile judge at Campbell River, B.C., is the first writer of books for junior readers to be named in the awards panel. The winning book is "Saltwater Summer." He is famed as an authority on fishing and is best known for his book "The Western Angler."

Cape Breton-born Hugh MacLennan has devoted all his time to writing since the success of "Two Solitudes." Educated at Dalhousie, Oxford and Princeton universities, he was teaching at Lower Canada College in 1941 when he wrote his first novel, "Barometer Rising," a story dealing with the Halifax explosion in 1916. The importance and artistry of Hugh MacLennan's writing is now realized not only in his native Canada but in the United States and Britain, where editions of his three major novels have been published. Translations have also been made into foreign languages.

A. M. Klein has not written a great deal of poetry, but his work has attracted increasing attention in the last decade and much of it has appeared in the newer anthologies.

The sea-going spirit of the Maritimes has inspired much of Mr. Raddall's writings, although the prize-winning history of Halifax is his first important departure from fiction. He is best known for his novels "Roger Sudden" and "Pride's Fancy."

Col. Stacey's narrative of the Canadian Army in the Second World War will eventually be followed by a longer official history of the army. Toronto-born, he graduated from the Universities of Toronto and Oxford and taught history at Princeton University. He was author of two military books before the outbreak of war, and was appointed historical officer at Canadian Military Headquarters in London in 1940.

Presentation of the four Governor-General's medals and the citation to Mr. Haig-Brown will be made July 8 at Halifax during the annual meeting of the Canadian Authors Association. Mrs. Hango will receive her award Sept. 10 at Orillia, Ont.

The contest judges for each section were as follows: Fiction—Roderick Stuart Kennedy, editor-in-chief, Family Herald and Weekly Star, Montreal; Dr. Marguerite Roberts, dean of women, Westhampton College, University of Richmond, Va., and Charles Jennings, Toronto, CBC executive.

Poetry — Prof. Earle Birney, University of British Columbia; Arthur S. Bourinot, Ottawa, editor of The Canadian Poetry Magazine, and E. K. Brown, professor of English, University of Chicago.

Academic non-fiction — N.A.M. MacKenzie, president, University of British Columbia; A. W. Trueman, president, University of New Brunswick, and M. M. MacOdrum, principal, Carleton College, Ottawa.

Creative non-fiction — Sandham Graves, editor, Victoria Colonist; Richard Crouch, chief librarian, London Public Library, and John K. Eliott, editorial writer, London Free Press.

Humor — Marjorie Willkins Campbell, Toronto, author; Franklin Davey McDowell, Toronto, author, and Paul G. Hiebert, Winnipeg, previous winner of the Leacock Medal.

Juveniles — John F. Hayes, Toronto, general manager, Southam Press; Mrs. May Jacobson, Montreal, expert in juvenile literature, and R. A. Farquharson, Toronto, managing editor, The Globe and Mail.

GETS LEACOCK MEDAL—Mrs. Angeline Hango of Montreal has been awarded the Leacock Medal for her first book entitled "Truthfully Yours", which is a life-with-mother type of story. The award will be presented at the Leacock Memorial Committee annual dinner in Orillia on Sept. 10.

Owen Sound Defeats Petes In Keen Senior OLA Game

Owen Sound Crescents took a firmer grip on second place in the OLA senior "B" standing here last night as they captured a 19-13 victory over the Armstrong-sponsored Petes. Nearly 1,500 fans in Miller Bowl saw the best game of the season as the Creighton crew turned on the heat to make it a real battle all the way. They were only down 6-5 in the first quarter and tied at 9-all at the half, but the huskier visitors had a little edge the last half.

Play was generally fast and quite clean throughout. The Crescents were big and smart, but they had their hands full most of the way to keep in front of the scrappy locals, who were bolstered by Goalie Bill Bignell of Brampton and Bill Fairly and Les Digby of Scarboro. Two St. Kitt's players, Don Frick and Ralph Speck, were on hand but hadn't their releases and so could not play.

While the Crescents have the reputation of playing the kitty-bar-the-door style away from home, they didn't show it last night. Possibly the crowding-in tactics employed from the start by the battling homesters forced them to open it up. In any case, it was a keen contest all the way and for a time it looked like the Petes would pull a real upset and cop a win. They were right in the hunt till late in the third quarter when Crescents went ahead and then stalled cagily.

Lee Teatero led the local attack with four goals as Arn Dugan and Jack Foote had three each. Jack Howse, Mick Magee and Lou Vitarelli each notching one. Doug Gillespie led the way for Crescents with five as Russ Slater and Don Ashbee each had four, Harry Kazarian got three, and Bill Allen, Bun White and Norm Shortridge beat the goalie once apiece. The game was well-handled.

The teams:
Owen Sound—Goal, Wootton, defence, Allen and Smith; centre, Davis; wings, Campbell and Slater; rover, Kazarian; alternates, Markle, Ashbee, Shortridge, White and Gillespie.
Petes—Goal, Bignell; defence, Magee and Digby; centre, E. Creighton; wings, L. Vitarelli and Foote; rover, D. Vitarelli; alternates, J. Breakenridge, Warren, Teatero, McNulty, Howse, Dugan, Farley and Hill.

Referees—J. Murphy and L. Vipond

YESTERDAY'S STARS
By The Associated Press.

Pitching, Vic Raschi, Yankees—Became major league's first nine-game winner with 3-2 victory over Cleveland, allowing only five hits.

Batting, Gran Hamner, Phillies—Led Phils to 3-2 win over St. Louis with double and three singles.

TEAMED WITH DAVIS—Hi Lee, pictured above, who has agreed to team up with Wee Willie Davis as a team against Whipper Billy Watson and Pat Flanagan at the Brock Arena next Wednesday night. Dissatisfied with Sandy O'Donnell's showing here this week, Davis claimed with a new partner he could easily take the Whip and Pat. They agreed to anyone Davis selected and he came up with the gigantic Lee. Wee Willie and Hi Lee are just about the two biggest men in wrestling and the popular Canuck duo will have to be at their best to score a win. It should be a terrific struggle even better than this week's which pleased the crowd to no end. Two other outstanding bouts are being arranged.

Ashby's Trim Electrics In Girls' Fray

Ashby's trounced CGE 18-5 in a Girls' Softball League fray at the Bowl last night, playing their old time peppy style to dominate it all the way, though the score didn't mount too high till the eighth inning. It was one of those bad nights for the Electrics, who couldn't do anything right, and they missed their injured catcher too. Ashby's rolled up 17 hits while fielding perfectly behind good pitching by Doris McFadden. R. Boyce went the distance for CGE.

R. Boyce, Mary Perrin for CGE and D. Callan and Eleanor McFadden went best in the field during this joust. D. Callan and L. Jordan led the victors at bat with four singles each, R. Gilmour and D. McFadden clouting three-baggers. R. Boyce topped the losing hitters with a double and two singles in four appearances.

The teams:

Northend Win Seasons' First

Led by steady pitching of Nicholls, the Northend Juveniles opened the City Baseball League play Friday night by defeating the Ashburnham crew 12-7 at Riverside. Nicholls held the Murphy-coached boys to 8 scattered hits with his floating ball. Meanwhile the Northenders pounded two Ashburnham pitchers, Murdock and McGrath, for 12 safeties.

Alderman Hurrell Dodds and Dr. Herbert Young, with Cy Whatley, officially opened the season. With Dodds catching Dr Young knocked Whatley's second pitch into short for a hit.

Taking advantage of 12 hits with nine walks and seven miscues by the East City boys, the Northenders got four runs in the second, one in the third, two in the fourth, one in the fifth and four in the seventh. The Northenders fumbled the ball four times while pitcher Nicholls was holding the boys from the east bank of the river to a hit in the second, fifth and sixth, three in the eighth and two in the ninth.

McGrath relieved Murdock in the fourth when he had loaded the bases on a hit and two walks McGrath was the catcher for Murdock. In the fifth Murdock made a running catch with one hand deep in centre field.

Tom Morgan of the Northend crew led the hitters with three for five, one being a double. Team-mate O. Killian had two for four. For the Ashburnhamites Bacon slugged a 330-foot triple into centre field in one of his two times at bat. D. Casey had two for four and P. Fergson two for five

Line-ups:
Northend Juveniles— Goodfellow, ss; Wall, ss; Morgan, 2nd; Buckton, 1st; D. Killian, lf; Yelland, rf; Hanwell, rf; Wilson, 3rd; E. Killan, cf; Carveth, c; Nicholls, p.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

William (Scotty) Rickard tells us that the CGE football club—and Scotty insists it's football, not soccer—is bringing some outstanding teams here to entertain local fans. Next Saturday aft in King Edward Park, the CGE Davenport team plays the local Electrics. This is the first of a home-and-home cup competition for the inter-shop trophy, goals to count. Davenports were senior champs last year of Toronto and district, and they know all the soccer—oops, football—answers. The CGE-ers here are mighty handy fitba' fellows, too. Willyum is hoping for a big turnout of fans. The CGE Pipe Band will be doing its stuff throughout.

There's gold in them thar spills, podner—meaning the mat tumbles the pro wrestlers dish up. Recently, Wee Willie Davis, who is no stranger in local rings, gave out the info that he cleared $35,000 last year, about one-third of that being for playing bit parts in Hollywood pictures. But the big take was from wrestling up and down the continent two or three times a week. Not too many of our readers, one imagines, can go to work on their income tax forms on that basis. Wee Willie is six-six and bumps the beam at nigh onto 280 pounds. He's been wrestling since 1931 and owns a small ranch in California where he'll retire eventually.

Clowns Of Kokomo

Besides the Brockville-Petes' senior ball twin bill this aft and eve in Riverside, the men o' Murphy have a Monday night date in that park with the touring Kokomo Clowns. This is being sponsored by the B'nai B'rith Club with proceeds being used on Turner Park. A half hour clowning show precedes the twilight tilt, and there will be 15 gate prizes. The Clowns are reported to be quite good with several ex-pros aboard and some promising talent heading toward money ranks. And 'tis said they're funnier than the fashions of two decades ago now look. Their names? Moko, Haha, Stretcho, Loco, Joko, Elmer, Socko, Lulu, Shorty and Biffo.

A lot of the senior "A" lacrosse clubs this season are going in for the Owen Sound style of play, we hear. It's a kitty-bar-the-door method which has a team laying back and checking closely, waiting for the breaks. None of the dash which should be dished up in sustained style for which lacrosse fans pay. St. Kitts' club were burned to a crisp recently when the Crescents tied them in knots with canny checking which slowed play down to a walk. Scribe there says the odd part is that up north "Crescents run like scared jackrabbits, but put them on foreign soil and they almost kill the game".

* * * * * *

They Opened It Up

You couldn't prove that kitty-bar business by some 1,500 cash customers at Miller Bowl last eve. Owen Sound opened it up plenty to gain the 19-13 win, but then maybe the pressure the rejuvenated Petes put on in the first half forced 'em to do so. Locals began to look more like the scrappers who fought through to two senior "B" titles, and they hustled the big Crescents all the way, though the latter finished a bit stronger to earn the nod. A good game, and fans will back the Petes plenty if they keep up that hustle. They'll win their share of games, also, don't worry. A busy week coming up for the Creighton crew with two home tilts and two on the road. Wurra, wurra, wurra.

Over at the Bowl which dips off the east end of the Hunter St. bridge yester gloaming, Westclox won 12-5 from Lock Co. as Ashby's took CGE 18-5 in girls' softball. A goodly gallery on deck and some fair action, but the tilts weren't quite as keen as some of the contests recently in the lasses' lop. Westclox looked as solid as usual in their victory whilst those young Ashby colleens dished up their old hurry-up brand of ball to win handily. Two more fixtures billed for there Monday, Lindsay vs. Westclox and Woollens vs. CGE.

Westclox Girls Take Win From Lock Co.

Westclox lasses continued their winning ways at the Bowl last night before a good-sized crowd when they earned a 12-5 victory over Lock Co, in a Girls' Sortball League fixture. It was a fair fray though slow, and M. Stewart, starting hurler for Lock Co. had tough luck on errors. However, the Clockers turned in a better effort to deserve the verdict. Both sides hit the ball hard and the fielding generally was pretty good. M. Downer went the route in steady fashion for Westclox.

J. Vass, A. Anderson, R. Roberts and M. Stewart were probably the pick of the two teams in a defensive way. J. Vass and A. Anderson each hit a homer and two other singles, with M. Selkirk and M. Downer also having three safeties for the victors. Three safe blows were hit by J. McIntyre, M. Stewart and E. Simmonds of Lock Co.

Brampton Edges Mounties 13-11

By The Canadian Press

Brampton Excelsiors marked their eighth victory in nine starts Friday night, defeating Mimico Mounties 13-11 in a close senior Ontario Lacrosse Association tilt at Mimico.

Harry Graham scored five goals for Brampton with Browning and Garbutt each netting two. Ferri, H. Madgett and Steele and Ashbee each got one. McPhail was the only three-goal man for Mounties. Milne, Williams and K. Dixon got two apiece while McKay and McDonald each scored once.

There were three high scorers for Owen Sound with Gillespie getting five goals and Ashbee and Slater each scoring four. Kazarian got three with Allen, White and Shortridge each chalking up one.

It was a tough game to lose for Mimico. The Mounties pushed in five fast goals in the final frame, trying to catch the classy Excelsiors, but Ashbee popped in Brampton's final counter with 30 seconds remaining in the game to kill Mimico's chances of tying it up.

MARRIAGE OR CAREER?—Gregg Sherwood, who has been tagged "the world's most beautiful showgirl," said in New York she is planning to divorce her husband, Walter Sherwin, because he insisted she give up her career. The blonde beauty, from Beloit, Wis., said Sherwin "nagged" her about continuing her stage work.

Here and There In Sport

By The Canadian Press

Development of Canadian Junior tennis talent, long conducted on a regional basis, became a national movement Friday with announcement at Montreal of a program by the Canadian Lawn Tennis Association.

The plan calls for a series of district elimination meets followed by provincial meets, and a final Dominion championship tournament in Ottawa. Sectional winners qualifying for the national title must be declared by July 25.

Drafted by the CLTA's junior training committee under Harold Marpole, the plan will be supervised across the Dominion by Laird Watt, former Davis Cup star.

The Ontario Cricket Association will hold trials at Armour Heights Toronto suburb, July 1-3 to help pick the team that will meet Quebec at Toronto July 16-17 in the annual interprovincial match. The team chosen also will represent Ontario in the Canadian championships at Edmonton and Calgary starting July 23. Players will be invited from many Ontario cities including Ottawa, London, Peterborough, Brantford, St. Catharines, Windsor and Hamilton.

Canada's 1949 Bisley team left Montreal Friday by train for Quebec City to embark on the liner Samaria for England. The Bisley meet held annually by the National Rifle Association, starts the second week of July at Bisley and lasts for two weeks.

From Hamilton comes word that Joe Pal, halfback with Lew Haymen's Montreal Alouettes in 1948, will move into the Hamilton Tigers backfield this year. Pal Thursday signed a contract to play with the fast-moving gridmen as Merele Hapes, late of the New York Giants, and Jack Stewart.

At Arcadia, Calif., Ralph Neves, one of the United States' top jockeys, Friday was suspended pending an inquiry by the California Horse Racing Board into touting charges. The Hollywood Park Board of Stewards announced "for activities detrimental to racing, Neves is suspended." It quoted from a report by the Thoroughbred Racing Protective Bureau that an investigator for the bureau, masquerading as a business man, had been driven to Neves home to pay off a tip on the eighth race June 3, won by Alfa.

A daily double payoff of $1, 380.40 occurred at Narragansett Park, Pawtucket, R.I., Friday when R. C. Adams' Whim Wise, a $347.40 for $2 longshot, captured the second race. H. M. Stack's Micmac won the first race and returned $7.20 for $2.

Faith, Vision And Courage Essentials Of Eternal Life

By WILLIAM E. GILROY, D. D.

"This is a faithful saying, and worthy of all acceptation," wrote Paul to Timothy (1 Timothy 1:15) "that Christ Jesus came into the world to save sinners; of whom I am chief."

When Paul called himself the chief of sinners he was probably remembering his days as a persecutor, when he had stood by and held the garments of those who stoned Stephen to death. He remembered, too, how he had gone from that tragic scene on his way to Damascus, breathing out threatening and slaughter against those of the new-found faith, of which he himself was so soon to become the chief disciple.

No such dark blot of violence and persecuting zeal may be upon you and me. We can claim no distinction in our sin, but if we say we have no sin, as John reminds us (I John 1:8), we deceive ourselves, and the truth is not in us. So Jesus came into the world to save us.

It was in accomplishing our salvation that Jesus went the way of death and the cross. As Paul states it (Romans 5:8), "God commendeth His love toward us, in that, while we were yet sinners Christ died for us."

In what spirit, then, do we approach those last sad scenes in the life of our Lord, His death and burial? Are they to us only tragic events in a far-off past, evoking a measure of sympathy, and of compassionate interest as we read of the women at the tomb, of the failure and repentance of Peter, of the devotion of Joseph of Arimathea?

All that is well, but it is not enough. Are we mere observers or are we participants? A Negro spiritual asks pointedly and plaintively, "Were you there when they crucified my Lord? Were you there when they nailed Him to the tree?" And there is more than plaintive melody in those challenging questions.

We know how Paul would have answered those questions. The experiences of Jesus as He moved toward Calvary, was crucified, and buried, and rose again were so real to the Apostle that he wrote: "I am crucified with Christ nevertheless I live, yet not I, but Christ liveth in me, and the life which now live in this flesh. I live by the faith of the Son of God, who loved me, and gave himself for me." (Galatians 2:20).

That is the perfection of faith and of Christian experience, to which, possibly, few of us attain. We are so content to follow the Master afar off, and too often we lack the courage of the faith that we profess. But the experience of Paul is the true and possible experience of every Christian who would receive all the power and blessing that the Master came to bestow.

Let us pray for faith, and vision, and courage that we may apprehend (again to quote Paul's language) all for which Christ has apprehended us. And "apprehend" is a long word that means "to take hold." Does not the New Testament admonish us to "lay hold on eternal life?" (I Timothy 6:12).

Lord's Training Of Apostles In Sympathy, Faith, Energy

By REV. E. R. JAMES

When Jesus saw the multitudes He saith unto his Apostles, Give ye them to eat.—St. Mark 6:37.

Have you noticed these words: "Jesus ordained 12 that they should be with Him." St. Mark 3:14. Why did St. Mark add these heart moving words. Now in this miracle of the feeding of the 5,000 Christ tests them. Had they grasped His ideals?

SYMPATHY. St. Mark in this gospel for the Romans uses a strange word—Sympathy; a word practically unknown to The Roman. Sympathy means "moving toward with the outstretched hand." The Master was moved with compassion when He saw the hungry multitude. Have His Apostles caught His Spirit at the sight of the distressed people. In this terrible age when multitudes are war worn, hungry and distressed, do you think of them. You may not be able to do much, but at any rate you can pray for them. God needs your sympathy for them.

FAITH. The Apostles have probably been with the Master for about 18 months. They knew that He lived on a spiritual plane. Its first law is faith. They know that He puts His whole trust and confidence in the Father. Have they caught some of His faith? They bring the loaves and fishes to Him, wondering what He would do with so little. "What are they among so many?" is their spoken thought. Nevertheless they bring them—a mark of their faith. Will you bring your one or two talents to Him for Him to do with them as seems best in His Eyes. It is a simple proof of your faith.

ENERGY. The Carpenter knows the value of energy. "Seek and ye shall find" is His teaching. They are not to sit around and do nothing. They seek for the lad with his five barley loaves and two small fishes—relish for his dry bread. The boy hands his little lunch into the Hands of the Prophet and watches with wondering eyes. Even so Charles Wesley, Gen. Booth and others with small talents brought them to the same Lord, Who multiplied their offerings. What are your gifts and will you exert your energy to bring them to Him for the sake of the multitude of needy people. "Go and do thou likewise."

REVERENCE. The Teacher commands: "Gather up the fragments that remain, that nothing be lost". The Lord has blessed those barley loaves and two small fishes". They are in the truest sense separated. Perhaps some of you may remember this proverb: "Waste not; want not". That generation found plain bread very precious. There must be no waste. What a lesson for this generation and its wastefulness.

There is a deeper truth to this command: "Gather up the fragments which remain." There are broken lives in our midst men and women, through no fault of theirs, are in misery, poverty and unemployment. "Broken fragments" through the industrial generation and high speed of machinery. They are broken members of God's Family. Keep them upon your mind in your private prayers.

JESUS SAID UNTO THEM: I AM THE BREAD OF LIFE; HE THAT COMETH TO ME SHALL NEVER HUNGER; AND HE THAT BELIEVETH ON ME SHALL NEVER THIRST.

Confirmation Services

Golden iris and dark red peony added beauty to the church of St. Aidan, Young's Point for the Confirmation service on Wednesday, when seven young persons were confirmed by the Right Reverend A. R. Beverly, Bishop of the Diocese of Toronto.

The ladies provided a reception in the hall for the Bishop and Mrs. Beverley, under the leadership of Mrs. J. Townsend and Mrs. L. Nicholson. Tea was poured by Mrs. H. McIlmoyl and Mrs. W. Miller.

Observing Sabbath Talk

COTTESLOE, June 11—(ENS)—The June meeting of the United Church Women's Missionary Society was held Wednesday at the home of Mrs. John Gallaher. In the absence of the secretary, Mrs. Earl Ireland read the minutes. Congratulations were sent to the Hastings WMS of Trinity United Church on their 60th anniversary. The program leaflet "Keeping the Lord's Day" was used. Parts were taken by Miss Helen Tedford, Mrs. Russel Tedford, Mrs. Charles McMillan and Mrs. Howard Harnden. Mrs. George Elliott sang "In the Beautiful Garden of Prayer." Mrs. John Gallaher read an article on "The Use of Our Talents." Mrs. Forsythe gave a temperance talk, stressing the increased sales of strong drink when other more important things are left undone.

Peterborough Examiner

VOL. XCVIII, No. 135 SATURDAY, JUNE 11, 1949

Friday Pumpage Exceeds 7 Million Gals.

Water consumption in Peterborough was 7,000,000 gallons, the greatest in the records of the Utilities Commission. From the figures quoted by Mr. R. L. Dobbin, manager, the pumpage totals moved this week through three new high levels 6¼ million, and on Thursday 6¾ million gallons and on Friday 7 million.

The demand confirms the necessity of the action of the Utilities Commission in regulating the hours of water use on lawns and gardens. The hours have not yet been fixed, but they will probably be in the evening.

Man Found Dead In His Automobile

Norman Watkins of Otonabee township was found dead in a car on a side road leading into the farm of Mark Burnham on No. 7 highway by his son-in-law Frank McHattie, at about 7.00 p.m. last night. Mr. McHattie reported the death to Provincial Police and Provincial Constable W. K. O'Shaughnessy launched an investigation. Dr. Herbert Young, coroner, was called and he ruled no inquest was necessary, ordering the body released to the Mather undertaking rooms at Keene.

He is survived by his wife and one daughter, Evelyn, Mrs. Frank McHattie.

AILING ANIMALS AND PETS are made well, or boarded out, at a clinic on Aylmer St., opened a month ago by Drs. R. W. Ford, MRCVS, DVM, and H. H. Hamilton, DVM. It is believed to be the best-equipped clinic of its kind between Toronto and Ottawa. In the Left Photo, Dr. Ford bandages Patsy who implores him "not to hurt." At Right, a part-Persian puss, being treated for an infection, peers from her kennel.

Summer Brings Big Rush To Remove Tonsils

The annual trek of school children to Peterborough hospitals for pre-vacation tonsillectomies has begun. Officials of both the Civic Hospital and St. Joseph's Hospital told the Examiner yesterday that such operations have averaged one or two a day since the beginning of the month. The number is expected to continue at this pace until the end of the month when the present school term ends.

After June 30 there is expected to be a considerable jump in the number of operations which will continue for a week or ten days. Many patients like to have them done before the swimming season starts and before the family heads for a vacation resort. The doctor's like to have the operations performed before the hot weather begins.

The present daily average of tonsillectomies is above the usual monthly average. Sixteen operations were performed at the Civic Hospital between June 1 and 8, an average of two per day. About ten were performed during the same period at St. Joseph's Hospital.

Figures obtained from St. Joseph's Hospital on the number of tonsil and adenoid operations carried out last year give a good indication of the upward trend which this time of year brings. In June last year there were 38, in July 52. The high figure for August reflects the number of operations performed just previous to re-opening of school in the fall, as many wait until after the summer vacation is over. A total of 351 tonsillectomies were performed at St. Joseph's in 1948.

The rate of operations performed so far this year is about on a par with last year at both hospitals.

Summer Is Dangerous Time For Dogs, Cats, Other Pets

The only animal clinic, outfitted as such, between Toronto and Ottawa opened about a month ago in spacious quarters on Aylmer St., opposite the Fire Hall. It is staffed and operated by Drs. R. W. Ford, MRCVS, DVM, and H. H. Hamilton, DVM. Margaret Dainton acts in a general capacity as assistant, nurse, bookkeeper and receptionist.

The building, though narrow, has spacious length in which there are waiting and consultation rooms, surgery, dispensary, a kennel room and exercise runs now being built in the back yard.

All manner of pets, birds and small animals go through its departments to be treated for accidents, infections, and to board while owners are out of town. The varieties of patients so far have included dogs, cats, a pet fox, ranch mink, canaries, chickens, budgies rabbits and young pigs. On Friday there was only one patient, a white part-Persian cat and a boarder mongrel dog that answered to the name of Pat.

Due to over-domestication, Dr. Ford said, dogs have gradually contracted all sorts of ailments similar to humans and have to be treated for them by the same means. However, country dogs that run miles every day as an ordinary part of their work and lives, are more healthy.

Summer is a more dangerous time for pets for they are then the victims of motor accidents, chiefly broken limbs. Dogs which go summering with their owners invariably get their noses full of porcupine quills. The extraction is done under ether.

This is not a city for prize cats, was the veterinarian's opinion. He estimated that 99 per cent of them, although cherished pets, were just cats.

Man Gets Four Months For Indecent Assault

A sentence of four months' imprisonment, plus $35 court costs, was imposed on Stewart Wendell, 29, of Toronto, by Magistrate E. A. Gee in Lindsay on Friday. Wendell was charged with the indecent assault of an eight-year-old girl in a hotel room.

The child had come to no physical harm, according to medical evidence submitted, but had suffered great emotional shock. It was the opinion of the Crown Counsel that the maximum sentence should be imposed. The accused had a previous criminal record, but no record of offences of a similar nature.

TOO WELL KNOWN

Even a political candidate can be too well known. The fact that every one knows the Liberal candidate as "Dit" Clapper may cost him his vote in the coming election.

Dit and Mrs. Clapper are on the voters' list as Mr. and Mrs. Dit Clapper. His name is Aubrey Victor Clapper. It could be enough to bar him from voting unless he attends revision court today and has the correction made.

Rumors that it is a trick to save Dit from having to vote for one of his rivals and so cancelling one of their votes for him have been hotly denied by Liberal Association members.

Auto Overturns Driver Arrested

John Herlihey, 44 George St., landed in the ditch with his car lying on one side late Friday evening at the intersection of No. 7 highway and Wolsley St.

Constable Reg McMillan, who was walking along Stewart St. when the car passed him shortly before the crash, said Herlihey was travelling at around 60 mph. The driver and his passenger, Stafford Genereaux, who gave the same address as Herlihey, were both taken to city police station uninjured.

Genereaux was allowed to continue his way home but Herlihey was held overnight on charges of careless driving and having liquor in a place other than his home. A bottle of whiskey which had been opened, was found in the glove compartment of the car.

Constables Claire McGillen and Grant Gillespie, who investigated the accident, report skid marks of 73 ft. 5 ins. before the car hit the barricade and another skid mark of 59 ft 6 ins. after the impact.

One rear fender of the car was crumpled and the lenses in both headlights were broken.

Former Pastor Of George St. Dies In Brantford

A former minister of George St. United Church, Rev. Howard L. Roberts, M.A., B.D., died at his home in Brantford Friday in his 67th year.

Mr. Roberts spent the last five years of his ministerial career as pastor of George St. United from 1939 until June 1944. At that time he retired and moved to Brantford.

His pastorates were chiefly in the Hamilton conference where he was one of its most prominent ministers. He came to Peterborough from Galt. Other churches of which he had charge were in St. Catharines, Niagara Falls, and Brantford.

Mr. Roberts was born in Fullerton in 1882 but moved to Jarvis, in Haldimand County during his childhood. He attended public and high schools and taught school for two years, after which he entered the Methodist ministry as a probationer and served on the Oxford Centre and Cainsville circuits. Subsequently, he attended Victoria University and graduated with the M.A. and B.D. degrees.

He is survived by his wife, Muriel, and his children Margaret (Mrs. Harold Johnson), Jarvis; Eleanor, (Mrs. O. A. Bradt), Vineland, and Evelyn and Richard, at home.

A private service will be held Monday at the Thorpe Bros. Funeral Home, Brantford. Public service will be held at 2 p.m. in Colborne St. United Church at that city where he once ached. Interment will take place in the family plot at Wesley United Church Cemetery, Jarvis.

It is understood that Warden Wm. Darling is taking members of the conty council Wednesday to see Peterborough County's forest between Norwood and Havelock.

Local Paraplegic Veteran Walks To Dais For BA

There's more than a story of hard study and academic achievement behind the graduation Friday from the University of Toronto of Douglas Quirt, son of Mrs. Evelyn Quirt, 425 Sheridan St. When Douglas Quirt advanced with the aid of a walking cane, to receive his Bachelor of Arts degree at the graduation exercises, he brought a sharp reminder to the crowd of more than a thousand, of the bitter personal cost of the war to many Canadian servicemen.

Quirt was one of three graduates who have studied for their degrees with severe paraplegic handicaps, the result of injuries received on active service with the Canadian forces during the war. Now he is headed for the Civil Service in Ottawa.

It was while Quirt was serving in Scotland as a Pilot Officer with Bomber Command of the R.C.A.F. that his plane crashed in a take-off for a bombing raid over Germany. He fractured vertebrae and was nursed for a year in hospital before he was able to leave Scotland.

Trinity College Student

When he returned to Canada, Quirt was in hospital at Christie St. and Lynnhurst Lodge and is now one of the more fortunate paraplegic war victims, in so far as he is able to walk with the aid of a cane.

Of the three paraplegics, all Trinity College men, who received their degrees Friday, one, also an R.C.A.F. veteran, wheeled his wheelchair to the platform when his turn came and an Army veteran stepped forward on crutches.

DOUGLAS QUIRT

Douglas Quirt is one of five brothers all of whom joined the Canadian armed services. His brother Jack, failed to return from an operational flight over Germany.

The eldest brother, Allan, joined the services but was released shortly afterwards. Reginald served overseas with an anti-tank unit and Robert, the youngest, was in the Navy.

MAIN ST. TOPICS

FROST KILLS POTATOES

Wayne Snider, a Kitchener farmer, had seven acres of potatoes ruined by frost Tuesday night. His 84 bags of registered seed cost him $252. His father, Jacob B. Snider, says this is the dryest season in his 40 years of farming.

TOURISTS CONVERGING

Indication that the 1949 tourist season in the Kawarthas is now beginning to get into full stride is reflected in the fact that one large cabin resort near the city is booked up solid for the weekend. The current prolonged stretch of fine weather has caused a noticeable increase in the number of American cars seen on the streets of Peterborough this week.

A MEMORIAL PROBLEM

Kitchener is clinging to its plans for a memorial auditorium and arena that is now estimated to cost $650,000, with seating for hockey 7,074 and for concerts 8,398. An assembly room will accommodate 500 for small concerts, meetings, luncheons. The building as drawn by architects will be 202 ft. by 320 ft.

BIG PAINT JOB

A squad of workmen is now engaged in sprucing up the appearance of the storage bins of the Quaker Oats Company at the rear of their factory on Hunter St. West. The bins are being given a coat of white paint. The work is now half completed.

LANDED PICKEREL

Emmett F. Sheehy, better known for his prowess as a lawyer than as a fisherman, Friday night made a major contribution to the latter career. At the Lock's bridge he caught a 6-pound pickerel—his first fish of the season.

DONORS RECOGNIZED

Les Calladine and Elmer Connors, employees of the Armature department, CGE, received buttons from the Peterborough Branch of the Canadian Red Cross Society. They had each given their 20th blood donation for life-saving emergency transfusions.

DOCTOR EXAMINES PUPILS

During May 467 examinations were made of children in city schools. These were: complete physical with parent present 16; complete physical with written consent 228; special 36; and examinations for swimming certificates 185. A total of 10 defects was recorded: one case each of deafness and malnutrition; two for cardiac; and six for abnormal tonsils. Diphtheria Toxoid administered 29; emergency calls, eight; and vaccination, one.

BUS SERVICE DELAYED

Mayor Moore of Lindsay has announced that it will be several weeks yet before the town's new bus services go into operation. It was originally hoped to have the service underway by July 1, but due to difficulty experienced by Carter Brothers, the operators, in obtaining delivery of equipment, it is not expected to begin before the middle of July.

BOOKS STOLEN

Newfoundland confederation has resulted in keen interest in the new Canadian province—a desirable trend if enthusiasm is not carried too far. Deyell's book shop, from where three books were stolen Friday, is perhaps beginning to regret the interest which recent history has aroused. One of the three books which were discovered missing from the book counter of the store Friday is "Inis is Newfoundland" and the other two are copies of "She Skated into our Hearts," the popular book featuring Barbara Ann Scott.

S D AND Gs ARRIVE

At noon today members of the Stormont, Dundas and Glengarry Highlanders (First Battalion Association) began to arrive in town for their two-day second annual re-union. There will be a reception in the Armouries from 5-6 p.m. and a banquet will follow in the evening with 500 Highlanders attending. The re-union executive is under Capt. W. J. Curtis, president of the Peterborough Association of the S D and G Highlanders. He was Regimental Quarter Master during operations. A memorial service followed by a March Past will be held at 2 p.m. Sunday at the War Memorial.

44 Assault Charges Heard In Family Court Fewer Cases of Wife Beating

Peterborough City and County Family Court dealt with 44 cases of assaults, mostly involving incidents between man and wife, during 1948, the second year of the court's activities. In his report on the work of the court during 1948, Magistrate W. R. Philp, K.C., Judge of Family Court, comments on an increase in the number of assault cases coming before the court.

While there were fewer charges of actual wife beating in 1948 than the previous year the number of assaults—mostly common assaults as differentiated from wife beating—have increased noticeably, the magistrate reports.

"The number may be somewhat surprising to those not conversant with all classes and conditions of our community", the magistrate comments. The tota' represents nearly one case a week.

One hundred and five children appeared before the Family Court Judge and 93 came before him for settlement of family matters.

41 Cases of Non-Support

Offences for which adults appeared are listed in the report as follows: Non-support, 41; deserting or neglecting child, 6; contributing to juvenile delinquency, 1; wife beating, 13; assaults, 31; vagrancy, causing disturbance, etc. 2; default in payment under order following non-support, 10; intoxication and drinking while on interdicted list, 3; employing adolescent illegally, 1.

Five men were committed to jail and other sentences included fines and orders of payment in support of families, with jail sentences in default of payment.

The amount of money paid through court by men in support of their wives and families during 1948 was $2,175 and it is estimated that $875 was paid direct to the women after court proceedings.

55 Children Neglected

Fifty-five children were found neglected within the meaning of the Children's Protection Act. Two were returned to their parents and the others were made wards either of the Children's Aid Society or surrounding municipalities.

While the number of serious offences by juveniles has decreased, more children appeared before the Family Court Judge in 1948 than the previous year.

"The Dominion Bureau of Statistics, in its report for the year ending September 1948, shows a gradual decline in the number of juvenile court cases since 1943. In view of the fact that the number of court cases is the only way of measuring child delinquency, comparisons must bear in mind the different degrees of seriousness with which authorities in other places will view a particular case and decide whether or not to take it to court." This comment follows Mr. Philp's report of apparent increase in de-

5 DP's Arrive For Farm Work

Years of living in concentration camps, displaced persons' camps and wandering homeless through Europe ended this week for five displaced persons when they stepped from the train at the CPR station in Peterborough.

Met by Wm. Mellis, manager of the National Employment Service and James Sharp, all five were ready to go to work immediately on farms near Peterborough.

Three of them arrived in the city Wednesday night. A man and his wife, Martyn and Aniela Gadzalo came to the city Friday and met their new employer, Dr. M. J. Moher, Lakefield.

Neither the man or his wife could speak English, but they could make themselves understood a little in German. Dr. Moher, said he knew a little German and he thought they would soon understand each other. The doctor intends to help them with the aid of a Basic English book.

The three Latvian men who were met Wednesday night could make themselves better understood. One, Valdemars Galvins who went to work for James Healy, RR 3, Hastings, could speak quite good English. His two companions were Peteris Broks who will work for Pat Butter, RR 1, Campbellford, and Arvido Tirums who is employed by Wallace Brailey, RR 3, Indian River. All three were in their twenties.

PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT

Decorate Home With Books Not Sacrilege to Decorator

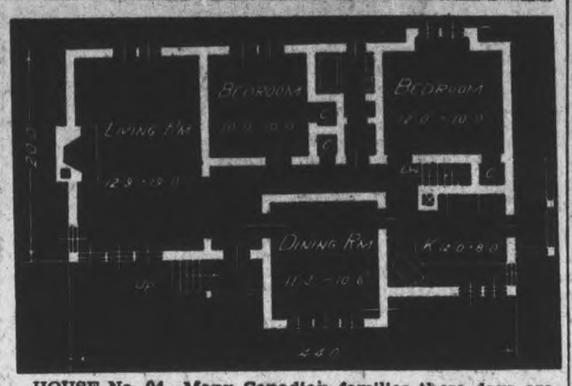
A young lady who had planned her home with more optimism than foresight found she had ample book space but no books with which to fill it. To the bookstore she made a request for books, many books. "Well," asked the clerk, "what kind of books do you want?" "Oh, lots of red ones," she giggled.

Now, to a bibliophile this is sacrilege but to a modern decorator it's a perfectly logical and lucid request. He, the decorator, is increasingly aware of the effects of books and their housing on the spirit as well as the physical charm of a room. This for two reasons. Not only do books lend a feeling of culture, repose and contentment but their use in shelves of various sizes is an inexpensive means of enlarging the apparent size or developing the tone of any room in the house. Books will be found with growing frequency on a hanging shelf in the kitchen, a built-in space in the basement playroom or in the nursery as well as in their usual places in the library or bookroom, the living room and the bedrooms.

Their possibilities in decoration are unlimited. Book nooks look especially well near a fireplace. Firelight and reading, somehow, complement each other. A nook near the fireplace makes books ask to be read.

A tall, narrow shelf may be placed at either side of a window with a comfortable window seat between them.

Built-in book nooks are as beautiful as they are simple. They can be placed almost anywhere in the house. Of course one must use discretion, but odd corners or small spaces extending into the room can be converted into shelves inexpensively. Rounding the upper port of recessed shelf gives a picturesque, neat effect.



Book nooks are a convenient way of introducing color. For example a playroom shelf lacquered in orange on a tan wall, or a living room nook in antique-white on a blue or gray panelling will go a long way in relieving an otherwise monotonous wall space.

If you're planning your house and your book space, figure ten books to the foot and do not allow too much depth. Seven or eight inches is usually adequate. Allow plenty of room for expansion, however, as you naturally will add to your library later on. Do not have the shelves too high or too low. If you think the books will be hard to reach up near the ceiling plan to put a small vase or piece of statuary on the top shelf. If they are too low convert the bottom shelves into cupboard space for the children's toys or for storing magazines.

If at all possible do not enclose books in glass. Books are to be read, not to be preserved.

Old books add flavour to the decorative scheme but if too badly worn they should be rebound, either by your bookstore or yourself. Whichever way you decide on, get a variety of bindings. Have some done in leather, some in buckram, some gaily patterned paper and in shades of red or blue or gold.

HOUSE No. 94—Many Canadian families these days are looking for a little house with attractive lines, and we think this home, in West Vancouver, British Columbia, fits the bill very well. It has five compact rooms designed for convenient living, with an exterior that is sure to please. Outside walls are of white cement stucco combined with rough cedar siding stained a pastel blue-green. Due to its hillside site, the basement area can be used to good advantage, if desired. Notice how the sunlight reaches the windows beneath the dining room. House contains approximately 19,000 cubic feet. For further information write 372 Bay St., Toronto.

Luscious Lucy, Husband Huntress Elopes Jilts 5,000 Chamber Of Commerce Delegates

COLORADO SPRINGS, Colo., June 11 (AP)—"Luscious Lucy," the Husband Huntress," eloped Friday with a boy friend and Art Linkletter of radio show screamed: "We was robbed!"

Sandy Crewes, St. Catharines automobile salesman who was her choice Thursday, was not immediately available for comment.

Linkletter sent Lucille Archibeque, 23, from Los Angeles to the National Junior Chamber of Commerce convention here, promising to finance a honeymoon if she found a husband among the 5,000 delegates.

But Lucy got a telegraphic proposal from J. Kinzer, 23, a student at Los Angeles City College and they eloped.

Later, it was learned Lucy and Kinzer had announced their engagement last Feb. 2 in the Albuquerque, N. M., Tribune.

"No honeymoon for her," Linkletter declared in a statement in Los Angeles. "She not only hoaxed us but she jilted 5,000 from the Junior Chamber of Commerce."

Crewes, 24, was favored by Lucy Thursday when he said: "I've got to figure a way to scrape off all the other guys hanging around."

Later Lucy said she had stopped hunting and was waiting for Kinzer.

Burnt-Outs Helped

WARKWORTH, June 11 — (ENS). — Mr. and Mrs. Harold Stillman and family, who lost their garage, restaurant, apartment and all contents in a recent fire, have been given much help by various organizations and friends. They wish to express their sincere thanks to the local branch of the Red Cross, teachers and pupils of the Warkworth Continuation School, Salvation Army, Presbyterian Young People's Union, Ben Buchanan, W. Mowat, Dr. R. F. Jolliffe, Mr. and Mrs. Wm. Allen and son Jack, and all friends and neighbors who have assisted in any way in giving or collecting the generous gifts of money and household articles.

Phillies Whip Cardinals In Sizzling 3-2 Decision

By JACK HAND,
Associated Press Sports Writer.

Tab the fighting Philadelphia Phillies as the dark horse in the National League race.

Coming strong after a faltering start, Eddie Sawyer's young men have passed the fading New York Giants to move into the first division. They're only three games back of Brooklyn.

Kenny Heintzelman's 3-2 decision over the sizzling St. Louis Cardinals Friday night was the Phils' fourth straight victory and their seventh in the last eight games.

Heintzelman ended the Card surge after six successive victories, dropping the birds a game and a half back of leading Brooklyn. The Dodgers protected their half-game edge on Boston by whipping Cincinnati 10-5 while the Braves were dropping Chicago into the cellar 6-2.

Gran Hamner, brilliant shortstop prospect of the Phils, hammered Al Brazle and his successors for four hits to pace the Phils' attack.

Break Loose

The Dodgers broke loose with a six-run seventh inning climaxed by Carl Furillo's two-run homer, to give Joe Hatten his fifth victory. Despite two homers by Himmy Bloodworth, the International League's all-star second-sacker with Montreal last season, Hatten went all the way. Bloodworth knocked in four runs in all.

Warren Spahn nudged the Cubs into last place with a sixhitter.

The Cubs, playing their last series under manager Charlie Grimm who moves into the front office Monday when Frankie Frisch takes over broke Spahn's shutout bid in the seventh. It was Spahn's seventh victory.

Southpaw Bill Werle helped Pittsburgh escape from the basement when he spun a neat three-hitter against the New York Giants 6-1. The loss was the Giants' fifth straight. They now have dropped all the way from first to fifth in five days.

Wally Westlake hit a homer with Ralph Kiner on base in the second to get the Bucs off to an early lead over Larry Jansen. Pete Castiglione helped retire Jansen for the afternoon with his sixth loss when he opened the eighth with a home run.

Vic Raschi put the New York Yankees back on the win path, snapping a four-game losing string with a 3-2 edge over Cleveland and pitcher Gene Bearden. It was the ninth win for Raschi and his fifth in a row.

Raschi almost blew the game in the ninth when the tribe rallied before 67,031, the largest Cleveland crowd of the season. A walk to Thurman Tucker, Larry Doby's triple and Joe Gordon's single gave the Indians two runs. Raschi ended the game by making manager Lou Boudreau ground to Jerry Coleman.

Joe McCarthy's woes continued as his Boston Red Sox blew another one, 4-2 to Chicago. After losing three straight at St. Louis the Sox were beaten on a four-run third inning.

Rain washed out a scheduled night game between Philadelphia Athletics and St. Louis Browns. Washington and Detroit were not scheduled.

Montreal Edges Jersey City

By The Associated Press.

The wails of woe expressed by International League managers when Montreal Royals received pitchers Johnny Van Cuyk, Clarence Podbielan and Pat McGlothin from Brooklyn are being heard again.

Unimpressive in their first few outings, the trio is starting to click and the Royals to move.

McGlothin, a big righthander, came up with a 1-0, one-hit shutout over the league-leading Jersey City Giants Friday night.

Bill Gardner spoiled McGlothin's bid for a no-hitter with a sharp single to left in the eighth inning. McGlothin fanned four and walked seven in hanging up his third victory.

Andy Tomasic had no one to blame but himself for the loss. He walked pitcher McGlothin to start the third inning. McGlothin moved around on two infield outs and scored on Bob Morgan's single to left.

The triumph moved the fourth place Royals to within two games of the Giants who hold a one game edge on the second place Buffalo Bisons and third place Toronto Maple Leafs.

Whip Bisons

Ken Burkhart pitched the Syracuse Chiefs to a 2-0 three-hit victory over the Bisons.

The Chiefs clipped Ernie Silverman and relief ace Bob Hooper for 12 hits.

Al Porto, with help in the ninth from Nick Strincevich, pitched the Leafs to a 6-3 decision over Baltimore Orioles. The Leafs scored a run in the second on a passed ball and four more in a third-inning uprising.

Porto blanked the Orioles until the eighth inning when Frank Mancuso belted a two-run, pinch-hit homer, his eighth of the season.

Rochester Red Wings scored twice in the ninth after two out to beat Newark Bears 6-5. Russ Derry started the rally with his 15th homer.

SWING YOUR PARTNER—This gondola-type, swing-yourself swing comes in for plenty of action on Sundays at a London amusement park. Young men swing high and whip up a skirt-lifting breeze over the shrieked protests of their girl friends.

Southend Bantams Win 41 to 3

Southend bantams combined 32 hits with 10 miscues by the Northends to run up a 41 to 3 score Friday night in the Bantam City League Baseball at the Exhibition grounds. The game started out evenly but six runs in the second and seven in the fourth for the southern boys sunk the hopes of the northend crew. In the seventh inning they allowed the southend bantams to run in 21 runs.

Frizzelle for the Southenders pitched three-hit ball, striking out 12. Pollard relieving McFadden for the Northend struck out three.

Northend—McFee, lf; McIlwain, 2b; Morgan, c; Wood, cf; Starr, 3b; Smith, rf; Pollard, p, 1b; Lipsett ss, and McFadden, p.

Southend — Kearns, Holden, Strickland, Ball, Corbett, Frizzelle, Batley, Turner, Cain.

Best Golfers Have Bad Times

CHICAGO, June 11—(AP)—Cheer up, you duffers—it can happen to anyone!

You think it's tough when you swing at a ball and miss it completely? So does Byron (Lord) Nelson, former United States open, PGA and Masters champion—one of the finest stylists ever to grace a course.

Lord Byron whiffed his way out of the National Open race Friday with a complete miss. And it was that whiff which ushered him to the sidelines as the survivors started down today's final 36-hole stretch in golfdom's biggest show.

A two-round total of 150 strokes was necessary to qualify for today's play. Nelson had 151—the extra one being the "whiff."

It came on the 12th hole, a par four, where he blazed his tee shot into the deep woods. The ball was at the base of a big bush, and as Nelson tried to stroke it back to the fairway his club caught a branch and slipped out of line, missing the ball completely. Nelson got a six on the hole, just one too many.

Remember When—

By The Canadian Press

New York Yankees invaded Colubia University 26 years ago today to sign Lou Gehrig, pitcher and first - baseman. Joining the American Baseball League team after the college season, "Columbia Lou" started making baseball history. He was the circuit's most valuable player in 1927, 1931, 1934 and 1936. In 14 years after 1925 Lou played 2,130 consecutive games for the Yankees.

LAWN BOWLING

By HERB MARTIN

Notices have been sent out for the Lift Lock Gold Trophy tournament to be held on Wednesday, July 13. It's men's doubles.

Special mention in the notice was — please make your entry now and avoid disappointment.

Last year we had 96 pairs from clubs all over Ontario — and at that some were left out. That's all we have to say just now about this tournament. Act accordingly.

There was only a fair crowd out last night for the Irish Trebles tournament. It was somewhat disappointing to the committee.

We are looking forward to 16 mixed rinks out for tonight's Family Hour Tourney — 7.30 o'clock is the hour. Bob Hendry and George Soulby will be at the blackboard. Phone early.

Friday night's winners:

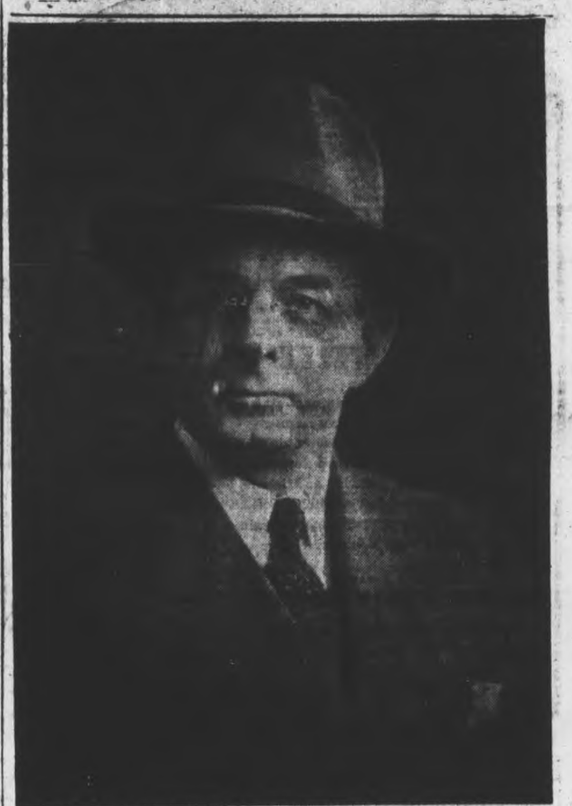
First: W. Jones, N. Killingbeck, R. Dyer, skip.

Second: T. Parker, W. Perks, C. Renaud, skip.

Third: V. Skitch, R. Whalan, B. Jeffries, skip.

Northend Midgets Win 14-5 Victory

Hitting two southend pitchers for 14 runs the northend Midgets rolled to an easy 14 to 5 victory for the Northend Midgets in the first of the City Midget Baseball games at Exhibition Park Friday night. Never in too serious trouble Ray Seabrook held the southenders to five scattered hits.



Bill Stewart and Bob Craw led the batters with three hits each. Umpire Harold Legrow handled the game alone.

Wants Resignation

WASHINGTON, June 11 (AP)—Senator Kenneth McKellar (Dec. Tenn.) got his dander up against Paul Hoffman Friday, bluntly telling the Marshall Plan boss: "The sooner you resign, the better it will be for the United States." Then as Hoffman vainly tried to break in, McKellar shouted that the ECA chief was using resignation "threats" in an effort to keep the Senate appropriations committee from cutting European recovery funds.

YWCA Swimmers Rival Fish In "School's" Water Pageant

A crowd of parents gained assurance that their children can swim—in fact take to the water like ducks—at the YWCA water pageant Friday evening. Mrs. Jessie Powell, swimming instructress, dressed as Professor Bullfrog, had her "school" demonstrate what they have learned in the past year.

Juniors showed various ways of diving from the spring board, all going into the deep water without the slightest hesitation. They also swam alone and in teams showing what a few months coaching has done. Phyllis Fuller, Nancy McNabb and Frances Cooper did solo work.

The Senior club has been doing a bit of ornamental work for variation and they used the tricks they have mastered in portrayng parts of the pageant.

Water lilies decorated the pool's edge and Ken Butler as a truant schoolboy dangled a bamboo pole and string in the water throughout the revue. In a very effective number the senior swimmers wore water lilies on their caps and swam beneath arches garlanded with flowers.

Two groups of junior gym girls entertained with ballet at the side of the pool, representing water birds. Characters in the water included tadpoles, star fish, frogs, flying fish, lucky bugs, sword fish, dragon flies, seals, whale, water lily sprites, lizards, eels, coral naiades and fireflies who commenced their number with sparklers attached to their caps.

Presentation of awards was held in the recreation room, Mrs. Jessie Powell presiding.

Mrs. H. C. Sootheran convener of the swim committee presented silver cups to those having the highest number of accumulated points. Mrs. Wilma Dinesen, first, and Mrs. Audrey Watkins, second, in the senior club; Nancy Butler, first, Doreen Churchill, second, for juniors.

Mrs. T. J. Carley, president of the YWCA, gave out progress trophies, donated by Mrs. Powell, to Mrs. Eileen Garlepy, senior, and Frances Cooper, junior.

Life Saving Awards, presented by Miss Caroline Littlefield, went to Daphne Hayward, silver medal, and bronze medals to Mrs. Olive Churchill, Mrs. Barbara Matthews Marie Foley, Keitha McElroy and Lois Adamson. An instructor's certificate was given Mrs. Velma Wilson of Keene.

Red Cross awards presented by Mrs. Jas. Forbes went to: Carol Howe, Nancy Armstrong, Evamary Redout, Nancy Butler, Doreen Churchill, Barbara Malsch and Phyllis Fuller.

Elementary swimming certificates were presented by Mrs. P. Butler, leader of the Junior Swim Club Auxiliary, and Mrs. H. Pomery, leader of the Senior Swim Club presented Intermediate certificates.

Gifts and a large basket of flowers were presented to Mrs. Powell, who extended thanks to all who had helped the swimming department during her year as instructor.

Visiting Norway After 39 Years

Mr. George Sorenson, florist at 39 Argyle St., and Mrs. Sorenson will leave the city Tuesday on the first lap of a trip to Norway. Mr. Sorenson has not returned to his homeland since he came to Canada 38 years ago.

Sailing from Montreal Wednesday on the Lesmoira they will make their first visit with Mrs. Sorenson's sisters and brothers in Glasgow, Scotland, whom she has not seen in 21 years. About July 6 they will fly to Arendal, Norway and visit with his sisters and brothers until August 4, when they will fly to Copenhagen and later go to Holland where they will be entertained by people in the bulb exporting business with whom Mr. Sorenson has been dealing for some years.

The couple will end their holiday in the northern part of Scotland, leaving about September 2 on the return voyage.

St. Paul's WMS Studies Missions

St. Paul's Auxiliary WMS met in the Guild Room Friday afternoon, with the president, Mrs. D. J. Diplock, in the chair.

Following the reading of reports and certain matters of business, Mrs. N. S. Courtney conducted the devotional period based on the "Beatitudes."

Mrs. W. C. Steinkrauss and Miss Mina Ross were responsible for the mission study portion of the program which dealt with mission in Formosa. Mrs. Steinkraus depicted conditions as they were upon the return of missionaries following the war. Japan had stripped the county of most that was of value; hospitals, schools and industries had been seized and utilized for their own purposes. Since the return of the Chinese, restoration and rebuilding has advanced. However, much help is urgently needed and from the Presbyterian church in North Formosa to the mother church in Canada there has come a most earnest petition for many more workers.

Miss Ross spoke on the medical and educational work. The Mackay Memorial Hospital and the Happy Mount Leprosy Colony have been re-opened. Throughout the years education has been an important part of the church's work in North Formosa and schools are again under the church. The Formosan Christians are ready to put forward every effort to take the gospel to their own people. They are asking for help.

Tea was served at the close, hostesses being Mrs. Diplock, Mrs. McMeekin and Miss M. Lees.

Of Interest to Women

DOROTHY DIX

Husband Fears Working Wife Will Neglect Family

DEAR MISS DIX: What do you think of wives working outside of their homes? Will a married woman, who has a good position and who makes a good salary, be likely to become so independent that she feels that she can get along without her husband, and be more interested in her work than she is in her home and family?

Dorothy Dix

I think it is all right for a wife to work for a short time after marriage to help her husband get a good start in life, but I believe that primarily a wife's real job is to make a cheerful home for her husband and children. What is your opinion about this?

WONDERING HUSBAND.

◇ ◇ ◇

ANSWER: Whether a wife should be a career woman or a homebody depends on so many different things. On how much money the young couple have. On the natural aptitude and training of the wife. On the wife's temperament and disposition. And particularly on whether the husband is a domestic and home-loving man or not.

If, for instance, a young couple marry without a penny to bless themselves with, it is obvious that the wife must keep on with her job after marriage. For, after all, even the most enamored can not live on bread and cheese and kisses, so it is not love's young dream, but cold, hard necessity that makes thousands of women stay nailed to their desks after marriage.

Some Shouldn't Marry

We speak of a girl getting married as passing into a haven of the blessed, but there are millions of women who should never marry because they have no talent for it. They are the women who succeed in business, but who never learn to cook; who are keen on a trade, but never know what their children are doing.

It is a sad and curious thing that so many fine and noble women have gifts for being everything else in the world that is desirable, except being good wives and mothers. No woman should marry unless her highest ambition is to make a happy home.

◇ ◇ ◇

DEAR DOROTHY DIX: I am 19 and engaged to be married very soon. My mother has planned a large wedding for me and the announcements have been sent out. But I do not love the man to whom I am engaged and I feel as if I simply cannot go through with it. My family says I can't renege now because they have spent too much money on it, and my mother threatens to move away if I don't get married.

I haven't any love for my fiancee and I have told him so and begged him to reconsider the marriage, but he refuses to do so. He says that after marriage I will learn to love him. I pleaded with him to postpone the date and wait, but he said "no," and my mother will not let him back out. I am so desperate I can't sleep or eat. What can I do?

MISERABLE.

◇ ◇ ◇

ANSWER: In the olden times when daughters were just chattels to be hawked about like other merchandise it was not uncommon for parents to force their daughters into marriage with men they loathed, but it is a rare thing now for a modern girl to submit to being led like a lamb to the slaughter.

Also, it is an unheard-of thing in these days for a man to insist upon a girl marrying him when she tells him frankly that she does not love him and begs him not to force her into a marriage that is abhorrent to her. Certainly between a tyrannical and overbearing mother and a selfish suitor you have a small chance of any happiness if you let them shanghai you into this marriage that you dread so much.

You are 19 years old. You are free. So why don't you summon up your courage and refuse to be sold like a slave on the block?

◇ ◇ ◇

DEAR DOROTHY DIX: Comparing my wife with the great majority of women, she is not running true to form. Although she is in her sixties, she still seems to love me and shows it in a hundred different ways. It is her delight to surprise me with something she knows I especially like to eat. And get a load of this: She trusts me so implicitly that she allows me to kiss one of her best friends.

I am very much in love with her, and although we have been married for 40 years it requires no effort on my part to be faithful to her. Now here is the $64 question: Is my wife the normal woman, or is she some sort of a glorious freak?

PUZZLED HUSBAND.

◇ ◇ ◇

ANSWER: Without doubt your wife is a rara avis and you are lucky indeed to possess such a treasure. But perhaps your conduct towards her has developed the qualities that make her so attractive. Lots of women would be devoed wives if their husbands were worth the trouble.

Coulter-Raper

MILLBROOK, Jnue 11 (ENS) —Under an archway of evergreen and orange blossoms, at the home of her parents, Mary, daughter of Mr. and Mrs. George Raper was united in marriage with John Coulter, son of Mr. and Mrs. Alfred Coulter. Rev. C. M. McLean officiated and Miss M. Collins played the wedding music. Mrs. G. A. Spicer sang "I'll Walk Beside You" and "Because."

Given in marriage by her father, the bride wore a gown of sheer white crepe with a full-length embroidered net veil falling from a halo of matching net. She wore a pearl necklace which the groom's mother had also worn on her wedding day, and carried a bouquet of red roses and white carnations. Her attendant was her sister Miss Maud Raper, who wore a delphinium blue crepe gown with a matching floral headdress and carried a nosegay of red roses and white carnations.

The groomsman was Mr. Lawrence Coulter, brother of the groom and the bride's brother, Mr. J. H. Raper acted as usher.

The bride's mother chose a dress of grey figured silk jersey with white accessories and a corsage of white carnations. The groom's mother wore a dress of powder blue faconne crepe, navy blue accessories, and a corsage of white carnations.

At the reception Mrs. Lawrence Coulter and Mrs. Joseph Crocker poured tea. Helping to serve the guests were Miss R. Richards, Miss Jessie Murney, Miss Betty Lunn, and Mrs. Alfred Brooks.

For her going away outfit the bride wore a wine gabardine suit with navy accessories and a corsage of red roses. After a motor trip to the USA, the couple will reside in Millbrook.

Tripp-Wilkinson

In a ceremony at All Saints' Church on Wednesday June Mary, daughter of Mr. and Mrs. Boyd Wilkinson, became the bride of Ray Edwin Tripp, son of Mr. and Mrs. Albert Tripp of Hastings. The Rev. W. E. Kibblewhite officiate and Mrs. A. Logan played wedding music.

The bride, given in marriage by her father, was in a gown of white satin with long train. She wore a veil of tulle illusion that fell in a wide circular train and carried American Beauty roses. Miss Anne Williams, her attendant, was in blue taffeta with net, a pink headdress and mittens, and carried pink roses.

Groomsman was Vern Tripp, brother of the groom.

At the reception held in the YMCA the bride's mother received in a navy sheer dress, with navy accessories and the groom's mother was a in grey figured jersey with black accessories. Each wore a corsage of red roses.

Leaving later for Toronto and points west, the bride was wearing a mustard yellow gabardine suit and black accessories. The couple will live at 411 Dobbin Ave.

Hospital Sets Precedent Lets Men On Staff

NEW YORK, June 11—(CP)—The New York infirmary will break a century-old policy when it admits men to its staff of physicians in the near future.

The infirmary, staffed by women and treating almost only women patients, is constructing a $2,800,000 community-hospital addition for men and women alike. When it is completed, male doctors will be permitted to join the hospital staff.

The infirmary has an historic past in the annals of women's fight to practise medicine on an equal basis with men.

During most of its existence since 1853 it has been the sole hospital in the United States with only women at attending physicians. Today it still is one of only three such hospitals.

The infirmary was founded by Dr. Elizabeth Blackwell, first woman doctor in North America. She opened a one-room dispensary for indigent women. The all-women staff has continually attracted attention to the hospital but it has also won professional recognition for other reasons. It set up both the first visiting-nurse service and hospital school for nurses in the United States.

Cancer Control Drive

It has also spearheaded the drive for cancer control through preventive measures and early diagnosis.

The women doctors at the infirmary have always been interested in children. Their work with mothers and newborn babies led to the establishment more than 20 years ago of a child-guidance clinic. Still going strong, it has done notable work with handicapped youngsters and has been among the first to experiment in paychiatric care for mentally-disturbed children.

But the tenor of the infirmary's work will change when the new building is completed. The doctors who once were pioneers in fighting for the rights of women to practise equally with men will relax their restrictions and allow men to practise in their ranks

LIFE can Begin AFTER 40, IF..

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pains, Lassitude, Loss of Sleep and Energy which so often attack those around 40. For over half a century Dodd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, for the sake of your health and a happier future use Dodd's Kidney Pills today! 125

44 Assault

(Continued from Page 9)

linquency in the city and county.

Sixty-seven juvenile cases were heard in Family Court during 1948 compared with 47 the previous year. Only one of the young offenders was a girl.

32 Cases Theft

Theft heads the list of juvenile offences, there being 32 cases during the year and damage to property was the subject of 17 ca...

Statistics available show conclusively that in all jurisdictions the most common offence bringing delinquents into court is theft, the report states. Next most frequent offence, according to the statistics for all of Canada is burglary and breaking and entering.

In Peterborough, however, it appears that wilful damage to property is the second most serious offence with no cases of breaking and entering in 1947 and six reported in 1948. Actually there were only three juveniles charged with this offence, one being charged with four individual cases of breaking and entering. Thus the proportion of both charges, and individuals involved in breaking and entering compared to those for Canada generally are much less. This very serious offence would appear to be not as common in this jurisdiction as in others.

Commenting on the small number of girls appearing in the court—there were two in 1947 and one in 1948, Mr. Philp states the percentage of girls is unusually small when compared with the figures of the Dominion Bureau of Statistics. They show that 10.9 per cent of those appearing in Canadian courts were girls.

An important inference may be drawn from this, the report states, in that immorality is usually one of the most frequent causes of bringing girls before the court.

Fewer Repeaters

Over a 10-year period approximately one child in four brought before juvenile court throughout the Dominion for major offences returned at least once for subsequent offences the report states. Statistics for Peterborough show that the number of repeaters is approximately one-half the usual number.

This fact is of major importance, states the magistrate, since this is one of the criterions by which the work of the Family Court might well be judged. He gives considerable credit for these results to the probation officers.

"Having in mind the number of delinquency offences, their nature, the circumstances surrounding many of them, the number of repeaters and the manner in which a large percentage of these children placed on probation have responded to the influence of the probation officer, the city and county are to be congratulated that this problem is not more severe than it is," the magistrate states.

Children's offences which resulted in 6 Family Court hearings, are classified in the report as follows: theft, 33; damage to property, 17; truancy, 1; receiving stolen goods, 2; breaking and entering, 6; not observing terms of probation, 3; intoxication, 1; trespass, 2; shooting air rifle, 1, and one child is classified as incorrigible.

Nineteen boys and one girl brought before the court were 15 years of age, 13 were 12, ten were ten, eight were 14, six were 11, five were nine, two were eight years of age and one child was under seven.

During 1948, 34 children were dealt with by the probation officer in cases where no court action was taken which was an increase of 10 on the previous year's figure.

47 On Probation

At the end of 1948 there were 47 children on probation, 19 more than 12 months previously. Six children completed their probation periods during the year and three were sent to training school.

The report emphasizes the fact that Family Court jurisdiction covers children under 16 only.

"In this jurisdiction we are pleased to note the increasing intelligent interest taken by many local clubs, societies and groups in the problems of delinquency," the magistrate comments. "A number of local church organizations, service clubs, home and school associations have evinced a genuine appreciation of its causes and the efforts being made for its control."

"The costs to the community and State," the report continues, "not to mention the unfortunate position of the individual concerned in cases which have not responded to remedial action are of general concern."

To much regard to the home, school, church and recreational activities of children cannot be given, the magistrate declares.

Clinical methods of treatment for constant offenders is advocated by the magistrate, who also re-iterates a previous plea for a mental health clinic.

The report is presented by Mr. Philp to the Mayor, the Warden and members of the County and City Councils.

CITY PUBLICIZED

Peterborough has received some good publicity in the June number of "Industrial Canada", official publication of the Canadian Manufacturers' Association, published in Toronto. Given considerable space in a story telling about the first Kiwanis Trade Fair held in April in which appreciation is expressed by C.M.A. officials at being invited to the dinner tendered exhibitors by the city.

DOUSE ISLAND FIRE

The Fire Department's portable pump again came in handy on Friday afternoon when a small blaze was reported on an island in Chemong Lake, north of Fowler's Corners. In some manner the underbrush caught fire on the island, owned by Hugh Stewart, Weller St. W., and there was danger of it spreading to the nearby house and the thick bush. The outbreak was quelled after a battle lasting nearly three hours.

CHILDREN LIGHT FIRES

Twice within less than two hours firemen were called out on Friday night because of small fires started by children. The first was at 7.52 p.m. at the home of Lloyd Magahey, 931 Donegal St. Children playing beside the house were said to have been responsible for setting afire a wooden stoop used when hanging out clothes on the clothes line. At 9.52 p.m. another small fire was started under the side porch of R. Cornell, 214 Geraldine Ave. Some papers and other rubbish were burned but there was no other damage.

BODY STILL BUSY

A human, sitting or reclining, uses up energy at about the same rate as a 100-watt light bulb.

County Farm Notes

By HARRY THEOBALD

Kawartha Medical Services Report First Hospital Patient — John Stuart Jr. Decides To Disperse His O.O.F. Herefords — Cliff Lowes' Shorthorns Dominate Brooklin Spring Fair — Junior Champion Holstein Here In 1948 Sold To Ecuador.

Although farmers this week probably more concerned about ailing crops than ailing people, it is worth noting that Kawartha Medical Services has issued its first cheque against its co-operative fund. The patient was a woman last week who was in hospital only one day for examination. So, it may be said, KMS is now actively in business.

John Edmison reports the membership at 155. Various groups here and there in the county are moving towards membership. Directors Friday night decided to limit the period of paid hospitalization to 31 days, following the practice that has been adopted by almost all the other counties in which the co-operative community service has been organized.

York county has a longer period, but conditions there are substantially different from the other counties who have realized from the outset that they are engaged in a new venture for the good of themselves and their neighbors, and that it is prudent to move cautiously in the first stage of experience. That is the common practice in business, and it has been considered advisable in this establishing of medical services throughout the counties. For the first few years the period of hospital care for which payments are made will be continued at 31 days without an automatic increase of ten days for each year.

Directors have also decided for the incoming groups no age limit will be set, providing 40 per cent of the group membership joins KMS. It is also intended that persons of more than 65 years should not be more than 10% of the joining membership.

It should be obvious to the farmers who are thinking of taking advantage of this hospital services plan that it needs the most membership and support in its initial stage; that its successful establishment requires the many not the few. The possibilities of the group co-operative plan have been already amply demonstrated in urban communities. In Peterborough county the Federation of Agriculture devoted a great deal of time to sponsoring the organization of KMS.

Mr. Edmison is available to groups who are planning to join, and directors are hoping that many farmers will not needlessly delay the forming of their groups.

GRASSLAND DAY LOCATION

Grassland Day committee is indebted to James Young for the hay field they have chosen for their district event of June 29. Mr. James Young added the thirteen acres several years ago to timothy and alfalfa, part of the farm he sold last August to Ferd W. Rowland. The front of it is occupied by Central Smith dairy on the Peterborough - Lindsay highway.

The highway location was a factor in the committee's reluctant switch from the Cathcart field south of the CPR at Kendry. The alfalfa is coming into bloom and the timothy in head, and is just about ready for cutting, according to F. C. Paterson who says he saw probably 1,000 acres of hay cut between here and Guelph Thursday.

G. A. Gillespie, Cliff Curtis, Art McIntyre, Mr. Paterson, and his assistant, Robert Bell, visited the field Friday afternoon, as a preliminary to the detail of laying out the field for the Grassland Day program. Some of the hay is almost waist high, but there are also some patches light in growth. Mr. Curtis remarked that those spots seemed to indicate a little deterioration in the last week.

Mr. Young has reached the retirement time of life in which he misses the elders like himself of the 4th line of Smith section whom he is now surviving.

+ + +

WITH FARM DELEGATES

While at OAC this week for the conference of agricultural representatives, Frank C. Paterson had breakfast several days with delegates to the international meeting of farm organizations which concluded its sessions yesterday. Those at his table one morning were two delegates from India a woman from France who was one of the interpreting or rather translating staff for the sessions, and a breezy American from California.

"I dropped into their meetings several times," Mr. Paterson said, "and also heard a little about how they are getting along. Difficulties are bound to arise in forming an organization on a world scale which would probably not be imagined by the average Ontario farmer.

For example, there is the important detail of the definition of terms in the drafting of a constitution. There has to be a common basis of understanding. A simple illustration is the word "dwelling" as it might be applied to the house provided for hired helper. An Iowa farmer is bound to have a different idea of the word dwelling from its meaning to a farmer in India or in some of the other countries represented in the organization. That might not occur to us at home wondering about the progress of the conference, but a second thought will convince us that this matter of basic definitions is very important, and yet it is only incidental to necessary working foundation."

+ + +

ODDS AND ENDS

Junior farmers apparently have assurance of a full complement for their bus trip to Cornell University next week end . . . Mr. J. A. Dewart estimates corn seeding at 20% more than last year with enquiries recently for hybrid corn and Soudan Grass . . . A Smith farmer is regretting that he did not have enough fertilizer for his entire field of alfalfa and red clover. He used a remnant quantity on the last four rounds, and told R. M. Peirson that those rows were recently nearly a foot higher than the rest of the field. He said it was an object lesson that he is going to remember . . . Halton hay crop is the poorest in 15 years, and appears to be about a 25 percenter . . . Yorkshire bred sows averaged $129 at a recent Perth county sale . . . Weanling pigs are quoted in Wellington county around $15 to $20 each . . Victoria says the milk flow is falling off. The flood of milk that was mentioned three weeks ago as a prospect for the middle of June is one of the memories of the bright promises of early May.

+ + +

SELLING HIS HEREFORDS

The friends of Mr. John Stuart Jr. of Old Orchard Farms will regret to learn that he has decided to disperse his Hereford herd by auction Sept. 7. Circumstances require him to return to the United States, at least temporarily, he informed the Examiner yesterday. He is keeping possession of Old Orchard Farms, but the OOF Herefords have to be disposed of.

"We are hoping to be back here from time to time," Mr. Stuart said, "and that is why we are retaining our place, and it may be that at some time in the future we may be able to get back into Herefords again. For the present, however, we have to let them go."

Old Orchard Farms Herefords have already become established as one of the outstanding herds of that breed in Canada. The OOF story has been told before, and farmers of the district appreciate the quality of the blood lines that Mr. Stuart chose from the WHR (Wyoming Hereford Ranch) stock for his own foundation.

Some of the progeny have been bought by breeders in this district, but the dissemination of the OOF quality has not been as extensive in this part of Ontario as might have been expected.

However, that has nothing to do with the Stuart necessity of announcing the dispersal sale in September. There will probably be 150 head offered, and announcements of details will be made later.

Mr. Stuart sold his Holsteins and farm implements at his farm south of No. 7 Highway about five miles from the city this week. The purebred stock brought between $300 and $400 each, J. H. Miles, auctioneer, reported from the sale this week. Prices were firm, and the sale was largely attended.

CORN KING'S METHODS

Production records are rarely accidental. They are almost invariably the result of planning and extraordinary effort. That comment relates at the moment to the program of preparation that won for Carroll L. Brown, 35, of Mahaska county, Iowa, the unofficial title of world's Corn King.

His ten acre field in the "Golden Acre Adventure" project last year sponsored by the U.S. Farm Journal, in which 250 farmers competed last year, averaged 224.2 bushels to the acre. The field was originally blue grass sod, pastured for 55 years. In May last year it was plowed 10 to 12 inches, and 200 lbs. of 45 per cent phosphate were applied after disking once. The soil was disked twice more, harrowed with a spike tooth, planted and harrowed again.

The corn was planted May 25 and 26, on the contour with rows 36 inches apart, and hills every 28 inches. Oversize planter plates put in an average of 3½ kernels per hill. This gave a plant population of about 17,000 stalks to the acre. When the corn was three inches high, Mr. Brown went over it with a rotary hoe and cultivated it twice later with sweeps. When it was a foot high, he sprayed it with DDT. He used two varieties of Pfistre hybrids.

Mr. Brown is a member of the Iowa state legislature.

DISTRICT CHAMPION SOLD

The junior champion Holstein at the central Ontario Black and White show here last October has been sold down the ocean to Cesar Pena Ponce of Quito, Ecuador.

He was shown here by Orvan Chambers of Wilfrid, in Ontario county and went on to be All-Canadian and Reserve All-American senior yearling for 1948.

A year ago Senor Ponce imported 32 Canadian purebred Holstein heifers. He was so pleased with these animals that he has decided to disperse the rest of his herd, and as replacements has bought a further group of 25 Canadian Holsteins. They are being transported in two airplanes, the first of which has left Malton, and probably have arrived at their new home below the equator.

Some of these animals will likely be shown at the Quito Fair. Three of the 23 heifers were from Elmcroft Farms, Oshawa.

ATTENDED CONFERENCE

It is 42 years since the first six Agricultural Representatives were appointed in Ontario. Supported by public demand, the service has now expanded to 54 Representatives and 30 Assistant Representatives. Their annual conference was held at OAC. Frank C. Paterson and his assistant, Robert Bell, of this county attended.

Gordon K. McLeod of Alexandria has been appointed assistant agricultural representative in Hasting county.

WON AT BROOKLIN

Clifford W. Lowes of North Monaghan brought home six first prizes in the Shorthorn section of the Brooklin spring fair a week ago. His firsts included awards for bull calf; two-year heifer; one year heifer; heifer calf; and bull one year and under two, also the herd prize and get of sire. He also took two seconds.

In the specials he won top honors for the best two females under two years, bred and owned by exhibitor; and also for the best two Shorthorns, any age, male or female. Briefly, Mr. Lowes swept the Shorthorn section.

Other prize winners at Brooklin were Peterborough Fuel and Transfer Company in light draught horses; and S. S. Staples and Bruce Sargent; and Grant Henry of Millbrook in carriage, pony and saddle classes.

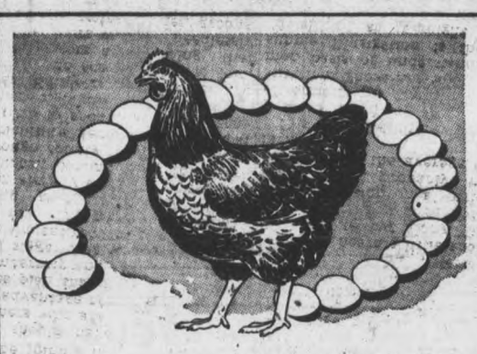
VISITOR FROM SCOTLAND

Renting is preferable to owning a farm in Great Britain, William Young of Ayrshire, Scotland, told 500 Holstein breeders of six western Ontario counties at their annual field day June 3 at Ontario Agricultural College.

Mr. Young is president of the Farm Union of Scotland, and is a noted breeder of Ayrshire cattle and sheep. When allowance is made for upkeep, income tax and other charges, the farm tenant appeared to have an advantage. He said the responsibility of the dairyman, in his opinion, did not cease when milk is delivered to the distributor. The producer should retain an interest in his milk until it is placed on the consumers table. + + +



MORE CATTLE PRICES

At the recent spring sale of Grey-Bruce Hereford breeders, nine females averaged $365, and 14 males $315. Total for the sale was $7,695. Grey County Shorthorn breeders, at their sale last week, averaged $306 for 14 males and 19 females. Total was $9,010.

Call Emergency Session Of Attlee Cabinet To Consider Rail Strike

Believe Government Planning To Uphold Authority Of Railways; Liverpool Stevedores Decide to End Walkout

By DON GILBERT

LONDON, June 13—(CP)—Prime Minister Attlee and his cabinet today met to consider the threat of a strike of 50,000 London train men which would cripple all surface and underground railways in the capital. London area members of the National Union of Railwaymen are meeting tonight to decide whether to call the walkout.

The Cabinet also had before it a petition from 1,000 railway men at Paddington Station asking the government to dismiss the railway executive, which operates the nationalized rail system.

The railway employees demand immediate resumption of negotiations on their request for a pay increase of 10 shillings ($2) a week. The railway executive has refused to conduct talks on a general raise for all railway men while "Sunday only" strikes continue.

Another problem the cabinet faced was the strike of dock workers at British ports which has tied up shipping. This situation eased somewhat when stevedores at Liverpool voted to resume work after being idle 17 days.

No statement was issued after the cabinet meeting, which lasted only 35 minutes. But it was believed action was planned to uphold the authority of the railways against unofficial strike action.

Heeding a broadcast warning by Labor Minister George Isaacs, 8,000 Liverpool stevedores went back to work along that busy port's seven-mile waterfront, where 70 deep-sea ships have been held up by the strike.

One of the ships they began to Dromore, whose isolation the men work was the Canadian -- vessel, had been demanding after she was brought from Avonmouth, because of a strike of her crew which belongs to the C.S.U.

At Bristol and Avonmouth, some 2,000 stevedores voted in a mass meeting to continue their stoppage. They refused to go back to work until the Canadian grain ship, the Montreal City, is removed from Avonmouth harbor.

Troops are unloading the Montreal City.

For the fourth successive Sunday engineers and firemen, protesting schedules which keep them away from home overnight at times, succeeded in dislocating rail traffic in the Northeastern, Eastern and Scottish regions. But yesterday's stoppage was less severe than on previous Sundays. Some crews answered their union's appeal to stay on the job.

Vishinsky Agrees To Seek Limited Pact

PARIS, June 13 (AP)—A qualified western diplomat said today Foreign Minister Andrei Y. Vishinsky of Russia agreed in a private weekend talk with Foreign Secretary Ernest Bevin of Britain to seek limited agreement on a way of life for Germany.

The same source said the west would put on pressure to adjourn this session of the big four foreign ministers council by Thursday, perhaps with a provision for a new session in the near future.

Vishinsky agreed in his talk with Bevin, this informant said, to try to reach agreement on Berlin currency, trade between east and west Germany, and road and rail traffic.

Vishinsky saw Bevin Saturday for more than two hours at the Soviet Embassy. Apparently he later filled in State Secretary Dean Acheson of the United States and Foreign Minister Robert Schuman of France on the talk, before Sunday night's surprise secret session of the four-power council.

Vishinsky Stubborn

Vishinsky still insists on adoption of Soviet-sponsored currency for all Berlin, under four power control, and resumption of east-west German trade on a broad basis. Bevin, replying, told Vishinsky the west insists on a written pledge assuring the right of free access to western sectors of Berlin, the informant said.

The west is not going along with Vishinsky's single currency bid, this source said, but is ready to fix up some kind of an arrangement which might embody pegging the two Berlin currencies, east and west, at some exchange rate. The western mark now is worth about four times as much as the east mark.

War Lord Premier

CANTON, June 13—(AP)—Marshal Yen Hsi-shan, a warlord from Shansi Province, today took over as Nationalist China's premier. He succeeded Gen. Ho Ying-chin, who resigned. Ho declined to take any post in the cabinet upon surrendering his deal of office. He had been Defence Minister in addition to Premier. Most Chinese Nationalists feel that if Yen fails to halt the Reds the Nationalists will have lost their last chance.

Say Amnesty May Be Granted Collaborators

PARIS, June 13 (AP)—A move to heal some of the old wounds of the German occupation by granting a partial amnesty to minor "colloborators" is being studied by Justice Minister Robert Lecourt.

Reports say a total of 56,000 dossiers of the "Petits Collabos" is being reviewed by the ministry.

No general amnesty need be expected at this time. Any such move would come under hot fire from both left and right.

Some indulgence is likely only for those who, misled by the personal prestige of Marshal Petain, fell into a mild form of collaboration of a non-criminal nature. Such an amnesty will probably be accompanied by five years or more of probation.

While the trials of more important collaborators still clog the machinery of French justice, it is perhaps significant that lately more and more authentic resistors have found themselves before the courts.

Families of Frenchmen who were shot by Maquis supporters during the war now are daring to claim damages through the courts for the alleged wrongful execution of their relatives.

In a few cases the families have been able to prove that their dead relatives were not really collaborators. Most of the accused resistors have been acquitted.

450,000 Miners Out

PITTSBURGH, June 13 (AP)—John L. Lewis' 400,000 coal diggers today began a week-long walkout—but the United Mine Workers' chief kept working to get them more benefits.

His plans may include a "share-the-work" system to give all miners about the same amount of work, and pay, when demand for coal is slack.

"If we are going to starve in this industry at any time, we will just all starve together," he said at a union convention last fall. He declared the available work would have to be shared.

Not Striking Taking Rest UnionReports

1100 Men Walk Out In Kingston Strong Picket Line

KINGSTON, June 13 — (CP)—The United Steelworkers of America (C.I.O.) today maintained a strong picket line at the Aluminum Company of Canada Ltd. plant here where 1,100 production workers are "taking a rest cure."

Don Montgomery, union organizer, said the action followed a strike vote Sunday by 600 union members. The result was four to one in favor of a strike, he added.

"We're not calling it a strike," Montgomery said. "The workers nerves have been on edge so much by negotiations that the negotiations that they feel they need a rest."

The union is seeking a 15-cent hourly wage increase in all production departments "to bring wages at the Kingston plant more in line with those of Canadian steel workers." The company has offered a 10-cent boost.

Other union demands include eight statutory holidays instead of four a shift bonus of 7½ cents an hour in place of five cents, and compulsory checkoff of union dues.

The union spokesman said a few maintenance workers passed the closely-grouped picket line Sunday night "for security reasons." He also said he expects 250 craft workers will refuse to cross the production workers' picket line. The rest of the 2,100 plant employees, foremen and office staff, are not directly concerned in the walkout.

M. N. Hay, works manager of the plant, said the company felt "very sorry for the majority group who would like to come to work. We will endeavor to straighten matters out as soon as possible.

4 Friends See FishermanDrown

ORILLIA, June 13 — (CP — Thomas Philpot, Toronto contractor drowned before the eyes of four companions here Sunday when he fell out of a boat as he tried to free a snagged fishing line.

He was in a boat with a friend and nearby there were three men in another boat. None of the men could swim. Police said the man drowned in 15 feet of water.

120 Tons of Garbage Litter Streets

Hamilton Collectors Pull Wildcat Strike, Considering Offer

HAMILTON, June 13 (CP)—A wildcat strike of 110 garbage men at 7 a.m. today left an estimated 120 tons of uncollected garbage in the hot sun on city streets.

At a heated Board of Control session shortly before noon, William Patterson, president of the Hamilton Civic Employees' Union, Local 5 (CCL), said: "I will plead with the men to accept the offer, and I think I can assure you that the garbage will be collected."

The offer was one proposed by Controller S. Leslie Parker, by which all civic employees would receive retroactive pay based on the adjustments agreed to in negotiations with the various civic groups.

In the case of the garbage men, this would mean that their negotiated raise from 94.36 cents an hour—which they are now receiving—would be increased to $1.01, and the arrangement would be retroactive to Jan. 1.

The laboring rate would be increased immediately from the present 88¼ cents to the offered 96 cents on a similar basis with the increases already negotiated for other categories in all branches of the civic employ would similarly be effective.

It was agreed that this would be done "without prejudice" to further increases which may be negotiated, or which would be recommended by boards of conciliation or established by boards of arbitration.

At noon today, after being out half a day, the garbage collectors voted, but not unanimously, to accept the Board of Control's offer and return to work immediately.

Expect Showers To Relieve 3-Week Drought

TORONTO, June 13 (CP) — Scattered showers and thunderstorms tonight will bring some relief to drought-stricken Southern Ontario, it was forecast today by the Dominion public weather office here.

Forecasters said a disturbance extending across Northern Ontario and Wisconsin today is moving eastward, and should break the drought spell, now in its third week. Cooler air behind the disturbance should cover the province by tomorrow morning, ending the current heat wave.

Tomorrow should be sunny and cooler in most Ontario regions. By tomorrow afternoon the cool air should begin to recede from Northwestern Ontario in advance of another disturbance moving across the northern Prairies.

Rain will probably be most welcome in the St. Thomas region where Tobacco farmers are flying in seedlings from Quebec to replace plants lost by last week's heavy frost. Rain at planting time would almost assure the tobacco growers a good crop.

Even a heavy fall of rain will not be of any use to the strawberry crops in most districts. Fruit growers say that the strawberry crop is virtually ended, literally burned out by the dry weather. However, wet weather will greatly increase the chances of a good raspberry crop maturing later in the season.

Ask Premier's Arrest

ST. JOHN'S, Nfld., June 13 (CP)—Magistrate Hugh O'Neill today adjourned without decision hearings of four applications for arrest of Premier Joseph Smallwood on charges of alleged threats to voters in campaign speeches here last week. W. J. Browne, who resigned as district court judge to contest the Federal riding of St. John's West, asked for the warrants of arrest on behalf of four citizens in the south coast region of Ferryland.

Belgian Troops Ordered To Occupy Essen Works

DUESSELDORF, Germany, June 13—(Reuters)—The British military government today ordered Belgian troops to occupy the Essen Coal Company's synthetic gasoline works at Bergkamen. Dismantling squads at the works withdrew today after Germans had over-turned carts and automobiles to block the entrance.

One hundred troops with tanks and armored cars occupied the works without incident.

Dismantling squads withdrew when the "defenders" seized lumps of coal from the dumps threatening to use them as missiles.

Their action was a challenge to Maj.-Gen. W. H. A. Bishop, British regional commissioner for North Rhine Westphalia, who warned the Germans over the week-end he would close the works completely if interference with the dismantling of four plants continued at the Dortmund Kerosene Works.

Dismantling of the other two plants due to start today — the Krupp synthetic gas plant and the Gewerkschaft Viktor Works—was reported to have started.

Democrats Grab Lead in Trieste

TRIESTE, June 13 — (AP) — Christian Democrats, who demand Trieste's return to Italy, grabbed a lead today in first meagre, unofficial returns from yesterday's municipal election.

The Astra agency's compilation of 2,019 of an estimated 167,500 votes cast, showed that Christian Democrats polled 912 votes.

Astra, an Italian news service, said 1,414 of the 2,019 votes counted were cast for pro-Italian, anti-Communist candidates.

The pro-Tito "Italo-Slavo Popular Front" got only 43 votes.

Anti-Tito Communists, who follow the cominform line, polled 342.

Guns Guarding Europe's Borders

PRAGUE, Czechoslovakia, June 13 (Reuters)—Four years after the end of the Second World War, sub-machine guns and rifles cover some 800 miles of the frontier between east and west, from the Adriatic to the Baltic.

Through the long land barrier, built by the wartime allies, there are only three passages.

One from Helmstedt to Berlin, has been reopened although some think only tentatively by the Russians. Another, itself the scene of a "little blockade," leads from Bavaria into Czechoslovakia. The third, hampered by many restrictions, goes through occupied Vienna towards the closely-watched borders of Hungary and Slovakia.

Trade, restricted as it is, follows other routes. But in the main only these three gaps exist for the passage of people atempting to go about their normal business in an abnormal Europe.

Trades Royal Castle

LANGEN, Germany, June 13—(AP)—A Royal Princess of Prussia will soon be at home "Deep in the Heart of Texas."

Princess Cecilie, 31, granddaughter of Germany's late Kaiser Wilhelm, will trade her family medieval castle for an apartment in Amarillo when she marries Texan Clyde Harris, 31.

The Princess numbers among her ancestors Queen Victoria of England, the Emperors of Germany and innumerable reigning princes, grand dukes and margraves. Her father is the former Crown Prince Wilhelm.

The wedding plans, secret until yesterday, call for a marriage in the bleak Hohenzollern Castle at Hechingen, in the Bavarian Alps.

Quebec Police On Way To Parents

Backwoods Searched For Two Weeks Without Any Trace

MONTREAL, June 13 (CP)—Hilaire Beauregard, assistant director of the Quebec Provincial Police, left Montreal today for Eastman, Que., following a report that the body of six-year-old Michel Fontaine had been found buried under the house of his farmer father, Charles Fontaine.

This news was given out by Noel Dorion, special crown prosecutor, after he had left the office of Mr. Beauregard.

Mr. Dorion said there were few details but that the report seemed so well-founded that there was nothing to do but investigate on the spot.

Dr. Jean-Marie Roussel, the province's medico-legal expert, accompanied assistant director Beauregard.

(In Eastman, an official at town hall said that Mayor Jean Fortin and Police Chief Edmond Rioux had already left for the isolated farm house. The official said that Fortin and Rioux had left town hall after receiving a telephone call from Montreal but he was unable to confirm whether the body actually had been found.)

This development came after a week of unsubstantiated rumors that the body of the farm boy who has been missing since May 30 had been found.

Until today, police said they had uncovered nothing concrete in the hunt for the boy.

Eastman is some 70 miles east of Montreal and the Fontaine farm is about four miles off the main Montreal-Sherbrooke highway, deep in the backwoods mountain country where the high hills of Vermont extend over the Canadian border.

The boy last was seen when, on the night of May 30, he went to a back pasture to fetch the cows with his two brothers.

Shotgun Fired At Union Official

MARION, O., June 13—(AP)—Police today worked with only a few clues—buckshot and wadding from a shotgun shell—in an effort to learn who shot Sunday at union organizer Thomas S. Mitchell.

Mitchell, 30, is director of the 67-day-old strike against the Ohio Associated Telephone Company here.

THE BATTLE CRY "UP THE GLENS" resounded through Peterborough streets during the weekend as 500 members of the Stormont, Dundas and Glengarry Highlanders (First Battalion Association) held their second annual re-union. Leading the parade on Sunday was a composite band consisting of pipers and drummers from Cornwall, Peterborough Pipe Band, and the CGE Pipe Band. Top shows the Band coming south on George St. past the Saluting Base. On extreme left is Pipe Major Robert Webbdale of the Peterborough Pipe Band who played the Lament during the laying of the wreath. A large crowd of Peterborough residents joined in the Memorial Service held in Confederation Square before the War Memorial. A color party advanced to the foot of the Memorial and the veterans formed a semi-circle around it with the civilians falling in behind. R.S.M. Fred Lockhart, MM, is laying the wreath on behalf of the Bn. Taking the salute on George St. during the March Past is Brigadier E. W. Haldenby, MC, ED, of Toronto. With him are three former CO's—Col. R. T. E. Hicks-Lyne, MC, ED, extreme left, and Lt.-Col. W. J. Franklin, MC, VD, of Ottawa, and Lt.-Col. W. S. Rutherford of Toronto. Among others at the Saluting Base not shown are Lt.-Col. N. M. Gemmell, DSO, Croix de Guerre, Mayor Swanston, N. J. Page, of the Cornwall Legion, and Harold Yelland, Peterborough Legion. —Parks Studio Photos

Soviet Offer On Germany Full Of Propaganda As Dog Of Fleas—Acheson

Vishinsky Offers Same Old Russian Plan For Withdrawal of Troops, Charges Allies Not Anxious For Peace

PARIS, June 13—(AP)—Dropping the silken language of diplomacy at least momentarily, State Secretary Dean Acheson of the United States Sunday used homely talk to describe a Russian proposal for a German peace treaty. It is, Acheson said, "as full of propaganda as a dog is of fleas."

"In fact," he added, "I think it is all fleas and no dog."

That was the way Acheson told off Andrei Y. Vishinsky, Russian Foreign Minister, at the close of a session of the council of Foreign Ministers. Western officials said almost the whole session was devoted to Russian propaganda appeals to the Germans.

The ministers later went into a secret session which American sources said was devoted largely to discussing the future course of the conference. The conferees decided not to meet today and to hold the next session tomorrow.

Old Argument

Vishinsky had proposed Friday that each of the four powers should submit drafts of a peace treaty to the Foreign Ministers Council within three months. The draft would provide for withdrawal of occupation forces from Germany within a year after conclusion of the treaty. The proposal was the same as those made by the Russians at conferences in Moscow and London.

Vishinsky accused the West of not wanting a peace treaty and stressed the part of his proposal calling for withdrawal of troops from Germany.

He declared the western powers have 400,000 troops in Germany as against 200,000 Soviet troops.

Acheson had said Friday the West had 240,000 men in Germany as compared with 340,000 Russians.

Say B.C. Election Testing Point

OTTAWA, June 13—(CP)—A third and final provincial election will throw its shadow on Canada's federal campaign this week.

As leaders of the two old parties square away in Ontario and Quebec for the climactic two weeks of struggle for the rule at Ottawa, British Columbia will vote Wednesday in a provincial election whose implications will be watched and studied well beyond the Rockies.

While the federal campaigning raged, Newfoundland and Nova Scotia gave the Liberals substantial provincial approvals. But British Columbia not only is larger than either of them, it also is more of a question mark in prophesying about June 27.

The provincial ballots of its people may do more than decide the fate of the coalition government. They may show whether the CCF can anticipate making any further inroads at Ottawa through the riding of the coastal province. If the Socialists are to enlarge their Commons strength, B.C. and Ontario are generally looked on as the provinces where they have the best chance to do it.

WASHINGTON, June 13.—(AP).—Attorney-General Tom Clark said Sunday night that alien Communists "are fleeing the country" and the number of Reds in the United States is about one-third smaller than the total three years ago.

Lawn Watering Cut Off For Five Hours

Utilities Commission is appealing to the citizens to suspend the watering of lawns and gardens from 4 p.m. to 9 p.m. to reduce the peak of consumption,—particularly until long overdue rains bring reinforcement of moisture from the sky.

The idea of compulsion has not entered the thinking of the Commission because they believe the people will co-operate with them in this emergency of the weather as they have done in the past.

"If the people could see the evening bulge in the chart of water demand they would have a graphic picture of the necessity of reducing use of water during that daily period," R. L. Dobbin, Utilities manager, said today.

A main consideration in this regulation of the water supply is to relieve the demand and thereby raise the water pressure throughout the city.

The peak of seven million gallons consumption last Thursday represents an average per capita consumption of 200 gallons, for every man, woman and child in the city. That means five 40-gallon barrels used by each person, even the babes in arms.

Need Citizens To Work-Frost

PORT HOPE, June 13 (CP)—Premier Frost said Saturday that Canada needs men and women who are prepared to work.

Addressing a Trinity College gathering at the school's 84th annual speech day, he said Canada is a land which offers great material opportunities to young men.

"But it is not only the material things which count," he continued. "Other countries, too, have had similar material opportunities and failed. The spiritual and moral character of our people has been the thing which counted down through the years.

"The days ahead won't always be easy. But if there is anything Canada needs, it is men and women who are prepared to work."

Milk Surplus Cut by Drought

Three weeks of dry weather and cool nights have absorbed the excess volume of milk that was developing at the middle of May, dairy farmers report.

It was expected then that the usual peak flow of milk by the middle of June would be overflowing the capacity of the city's dairy plants.

"If other farmers are having our experience," said Norman W. McConkey today, "I don't think there will be any problem in the industry this month. What has been happening is just this: when cattle grazed over a field, there was no moisture to restore growth of grass. The drought has been increasing from day to day, not only in this county but generally throughout the province."

One of Fatally Burnt Was City Student

John and Glenn Maxwell of Belleville, brothers who were burned to death in the fire that destroyed their home early Saturday morning, were nephews of Mrs. Arnold Deyell of Peterborough. The elder brother, John, 19, died in an effort to save his brother.

John Maxwell was recently graduated from Collegiate, and had arranged to take the Normal School course in forestry at Peterborough in the fall. He had obtained a temporary summer job in forestry work in preparation for his studies which he had planned to continue for a university degree. The boys were sons of Mrs. Deyell's older sister.

17,000 Acres Burned In 1949 Bush Fires

TORONTO, June 13 (CP) — Forest fires in Ontario this year have destroyed 17,000 acres of bushland, Lands Minister Scott announced to day.

Careless smokers are blamed for 29 per cent of the fires, settlers 23 per cent and railways 18 per cent.

The Kenora district led the list with 72 fires and 6,167 acres of timber destroyed. In the Sudbury district 61 fires were reported to have burned 809 acres of bushland. There were 47 fires in the Sault Ste. Marie area, 31 near Fort Francis, 37 around Port Arthur and 40 near Parry Sound.

Officials said grass fires accounted for the greater proportion of the burned area this year.

Scattered showers and thunderstorms tonight will bring some relief to drought stricken areas of Southern Ontario. A disturbance extending across Northern Ontario and Wisconsin this morning is moving southeastward accompanied by showers and thunderstorms. Cooler air behind this disturbance will cover the entire province by Tuesday morning bringing an end to the current heat wave. Tuesday will be sunny and cooler in most regions of the province. By Tuesday afternoon the cool air will begin to recede from Northwestern Ontario in advance of another disturbance moving eastward across the northern prairies.

Lake Erie, Southern Lake Huron, Lake Ontario, Niagara and Southeastern Haliburton regions clear and continuing hot today. Cloudy with scattered showers and thunderstorms this evening and tonight. Mostly clear and cooler Tuesday. Winds southwest 15 shifting to north 15 about midnight tonight and becoming light Tuesday evening. Low tonight and high Tuesday at St. Thomas 62, 73; Trenton 64, 75; St. Catharines 64, 72 and Kilmaloe 62, 70.

Summary for Tuesday: Mostly clear and cooler.

Short Circuit Kills OAC Staff Member

GUELPH, June 13. — Death struck through the earphones of a short-wave radio set Sunday night. An assistant professor of botany at Ontario Agricultural College was the victim.

The body of William M. Gammon, amateur radio fan, was found sitting before his "ham" set, the earphones still on his head.

According to provincial police who investigated, a short circuit in the set sent a death-dealing shock through the earphones, killing Mr. Gammon instantly.

The body was discovered late Sunday afternoon by Mr. Gammon's landlord, Roy Hammond, of College Heights. Time of death was set at about 4:45 p.m.

The victim of the freak electrocution had suffered burns of the head and chest. PC. Clayton Haines, investigating officer, said.

Mr. Gammon was graduated from Ontario Agricultural College in 1930. He joined the staff in 1931. During the war he served with the RCAF, returning to the college staff on termination of hostilities. He was a native of Forest, Ont., and unmarried.

Prices Dip Steadily Hit New Low for Year

TORONTO, June 13 (CP) — Prices dipped steadily to new lows for the year or longer in dull trading here today. A wide list of industrial issues showed losses ranging to more than a point and base metals were pushed lower by slightly increased selling pressure. Golds and western oils were quietly easier.

Volume for the first three hours was 361,000 shares.

The industrial group dropped to the lowest since mid-March 1948 as several issues sold at new lows for the year. Papers led the downward trend with early firmness in utilities, liquors and refining oils disappearing as the session progressed. Losses began to increase in mid-session as activity picked up slightly.

Noranda led base metals lower, losing a full point at 49¾. The group dipped to the lowest price level since October 1946. Smelters, International Nickel, Hudson Bay and Waite Amulet were among the losers.

Western Oils were down to the lowest since October 1948 as losses ranged up to 15 cents in key issues and Calgary and Edmonton was down to a new low.

Gold producers were quiet but moving on a softer trend.

Two Firemen Hurt

MONTREAL, June 13.—(CP).—Two firemen were injued in a stubborn two-alarm fire here Sunday night in a two-storey building on Van Horne Ave., in Montreal's north end. Damage was unofficially estimated at $50,000. The two injured men, Lieut. Lucien Matte, 47, and Fireman Renald Lefreniere, 22, suffered cut fingers from broken glass.

Drew Behind Atlantic Union Meeting Told

(By The Canadian Press)

The quickening campaign for Canada's biggest political battle of the year—the June 27 general election—moved into its final two-week stretch today.

Across the country, candidates for the 262 Commons seats at stake in the voting will file their official nomination papers this afternoon and make their deposits of $200 each. Unofficial estimates showed 800 in the running before nominations closed.

George Drew, Progressive Conservative leader, in a Saturday night speech at North Bay defended his party's stand on collective security and said their never had been any question that it was behind an Atlantic union.

M. J. Coldwell, CCF leader, touring British Columbia, told a rally in Vancouver that a CCF government would plug the gaps in the government's unemployment insurance legislation.

"We shall see," he said, "that out-of-work benefits are available to all who are out of a job through no fault of their own — whether they be sick, permanently unemployed or seasonally unemployed."

Criticizes Pearson

Mr. Drew made a personal attack on External Affairs Minister Pearson.

He said Mr. Pearson, former under-secretary of state for external affairs, had been a "good civil servant" but he was a "complete failure as a minister of the crown." He added:

"He has followed the bad habits and is taking his pattern from those whom he might have avoided."

Mr. Drew told a federal election campaign meeting in this Northern Ontario railway city that Mr. Pearson had stated in public speeches that the stand of the Progressive Conservative party on collective security was unclear.

If Mr. Pearson had greater political experience, he would have recalled that a year ago Mr. Drew stated that the only way to stem Communism was through an association of the democracies. The Progressive Conservative convention last October and the party's members in the Commons unanimously went on record in favor of a collective security pact.

"There was never any doubt of our positions," Mr. Drew said.

Has No Plan

"The Liberal government has no plan to cope with even the degree of jobless we have seen this year, let alone any larger number of idle, if the trend should continue," Mr. Coldwell said.

Mr. Coldwell predicted that if the present trend continues, "there will be 1,000,000 unemployed in Canada within five years." He said "the government's failure to provide jobs is equalled by its failure to improve the unemployment insurance legislation which is so completely inadequate."

The C.C.F leader said there are many weaknesses in the present unemployment legislation. He listed these as being major ones which, he said, a C.C.F. government would tackle first:

1. Only a fraction of the working people are covered by present legislation, and seasonal and many other workers are deprived of any coverage.

2. The legislation does not cover a man sick and unemployed at the same time. Workers often paid into the fund for years but received nothing back because they fell ill and could not qualify for unemployment insurance.

3. For many unemployed Canadians the benefits already had run out and they would run out for many more shortly. In cases of long-term employment, the system would break down.

WORKED ALL NIGHT

Citizens of one northend block are out for the scalp of one of their neighbors today. While everyone else was tossing and turning, trying to get some sleep in the heat, this gentleman decided to stay up all night knocking together some sort of building. All night long his hammer blows rang, all night long his light burned.

VOLUNTEER FIREFIGHTERS

Neighbors came to the rescue of the Gerald Airey family Sunday afternoon when a coal bin at the rear of the house was set on fire. The neighbors quickly attached a garden hose and doused the flames before anything but minor damage was caused. The outbreak started when Mr. Airey's three-year-old son began playing with matches and the bin ignited.

4 Powers End Trade Talks No Agreement

BERLIN, June 13—(AP)—The four occupation powers today ended all-Germany trade and transport talks with no indication of an agreement.

Representatives immediately sent separate reports to the council of foreign ministers in Paris. There was every indication the Russians had refused to yield on several major points.

As a result, the question of reviving east-west trade in Germany and reuniting the divided city of Berlin fell back into the laps of the Big Four at Paris.

There was hope that the rail strike which started 24 days ago might come to an end soon, perhaps Wednesday, despite the fact that top German union leaders rebuffed an American appeal for an immediate end to the transport-jamming stoppage.

The issue will be put before the rank and file of the union in a referendum tomorrow. Seventy-five per cent of the membership must vote to continue the walkout or it will be called off automatically.

The settlement terms were worked out by the United States, in consultation with Britain and France, and agreed to by Russia.

The Germans, left to the membership for decision by the 600 lower-level leaders, called for payment of 75 per cent of wages in West marks, worth four times as much as the East marks previously used to pay wages, and no reprisals by the Soviet-controlled railway management against the anti-Red union leaders.

The management would pay 60 per cent of the wages in West marks and the West Berlin city government would exchange an additional 15 per cent of the men's salaries into the more valuable Western currency.

The strike, marked by violence which caused two deaths, has blocked rail delivery of supplies to Berlin and prevented an East-West accord on German trade.

American spokesmen have declared bluntly, however, that no agreement could be signed until the railway strike is settled.

WHY I WANT TO BE ELECTED

Aubrey (Dit) Clapper

For the first half of my life I've been a hockey player and a sportsman. I'm 42 now, and my playing days are over. But my interest in young people isn't over, and never will be until Little Lake is my permanent address.

That's why I'm in politics. I want to get into Parliament to support the first-class work that the Department of Health and Welfare has done for the young people of Canada, under Liberal administration. I want to do everything I can to increase and extend that work. I'm in politics to get a square deal for every boy and girl in Canada. And I can claim to know young people as very few politicians do.

If you are young in years or young in spirit, vote for me on June 27. I'm in politics for the young people of this country.

"A Free Press, A Free Nation"

That is the motto lettered on the front window of *The Sentinel*, a newspaper with a circulation of 2,500, published twice a week at Flora, Illinois. Its editor, Charles Allen Crowder, believes in the motto and does his best to live up to it. During the past six months he has lived up to it successfully and spectacularly, with some timely assistance from organized labour.

* * *

The affair began in January, when utilities employees of the city joined a union and asked the city council to recognize it as a bargaining agency. Council refused, and the employees went on strike. Mr. Crowder announced that *The Sentinel* would be neutral editorially, and report both sides of the case in its news columns. Presenting both sides, however, angered a group of the town's business men, who apparently felt this standard practice made *The Sentinel* pro-labour.

* * *

A campaign against Mr. Crowder began. He was threatened over the telephone, warned in the street. One hundred subscriptions were cancelled, and advertisers organized a boycott. *The Sentinel* then dropped its editorial neutrality and attacked the City Council, and union workers signed up for 300 subscriptions to help make up his losses. This infuriated Flora's business men, and a syndicate was formed to buy up the mortgage on *The Sentinel*. When Mr. Crowder went to make a payment, he discovered his enemies held this club.

* * *

They tried to use it; Mr. Crowder defied them and protested editorially against suppression. He needed $8,000. Members of unions and other citizens raised $3,000. Last week he had more than he needed—President Dan W. Tracy of the Electrical Workers Union wired from Washington, offering Mr. Crowder a loan of $8,000, adding "There are no strings attached to this offer .... Truthful and undistorted coverage is all that we ask and (all) we are entitled to."

* * *

We wish everyone who has ever made or believed the charge that newspapers are ruled by their advertisers would clip this story and paste it up where it could be read daily. It describes very plainly what the great majority of all publishers would do if advertisers attempted to dictate to them. Aside from the question of principle, a publisher confronted with an untimatum on policy or news coverage from advertisers knows very well that his best chance of staying in business is to defy the advertisers, for a newspaper known to be the creature of its advertisers doesn't last long. The public can put a newspaper out of business more effectively than any other agency.

Policemen Buying Dope

A Kingston doctor has been acquitted of illegally selling narcotics; the case of another doctor in the same city, charged with a similar offence, has yet to be heard. And who were the buyers of the alleged illegal stuff? Policemen, R.C.M.P. men. They bought it not to satisfy a personal craving for drugs, but in the line of duty. It is an R.C.M.P. method of detecting dope-pedlars and of trying to reduce the traffic in drugs.

There is a saying "Send a thief to catch a thief". When a person is suspected of selling drugs illegally, a policeman is instructed to pose as a drug addict and to attempt to buy narcotics from the suspected vendor. It is a method which we cannot wholeheartedly approve; it smacks of the Gestapo. However, if the drug traffic is to be controlled, and such R.C.M.P. tactics aid in the control, perhaps we must not condemn the practice. We note that in one case the R.C.M.P. failed to prove their case to the satisfaction of judge and jury. Is the method so successful that it is worth the ethical sacrifice demanded of the constables?

Weather Chatter

The only time it is right and sensible to talk about the weather is when it is good or bad; and the only right and sensible reason for talking about it is when it personally delights or disgusts. The only way to talk about it is subjectively. All else is foolish and futile, because weather is as old as the hills and beyond human control. If a person does not want to talk about the effect of the weather on his feelings he should let it alone.

Dollar and cent weather chatter is revolting. It is the hokum of nitwits to say, as agronomists, statisticians, quacks and, Lord save us, journalists, have been saying about the dry spell during the last ten days: "This, another rainless day, is costing the province a million, ten million dollars". The same people say when there are ten days of rain: "This, another rainy day, is costing the province a million, ten million dollars". The same people say after ten days of zero weather: "This, another zeroa day, is costing . . ." etc. They prattle the same silliness about ten days of heat, ten days of fog, ten days of thaw. Ten days do not shake the world. Add up the weather over ten years, ten decades, ten thousand years, and all the alarums and excursions into daily shock reports flatten out into nothingness. What is lost in the turn is made up on the round.

Weather is not dollars and cents; it is not of itself history. It is *is*, like the eternal hills. So it may be damned daily or praised daily, but not assessed, not counted like turnips in a field by mean little creatures whom the gods must despise. It is to be ranted at on street-corners, bussed in garden bowers, or whistled at in barns; but not added up. It is the first person singular, not third person general.

What a fine day! Yes, a grand day
What a foul day! Yes, a frightful day.

That is all that should be said about the weather. That we have said a little more merely reveals our human frailty, a slight deviation from principle.

Oil For The Fires Of Canada

The heat will be on. That is a guarantee, but not of election heat, or summer heat, but of winter warmth in houses and other buildings heated by oil furnaces. The Department of Trade has announced that there will be ample supplies of oil and of tanks in which to store the oil. A chief reason for the alarming shortage in the winter of 1947-48 was the lack of tanks; there had not been enough available steel from which to make them.

It is interesting to recall the adventures of oil for heating during the last twenty years. In 1929 oil furnaces were rarities, and whether there would be oil or not in any one winter bothered nobody. It was the coal and wood supplies that concerned people—and the costs. By 1939 many of our home furnaces were oil-burning. It was thought that the war with its armies on wheels and its oil-burning ships would put an end to supplies for domestic, school and office purposes. Some users of oil went back to coal, and stored their oil burners "for the duration". But regulations and the oil supplies permitted their use all through the war. In 1945 people began to instal oil furnaces as fast as they could get them. One incentive was coal-miners' strikes and the shortage of railway carriers for coal; oil requires little manual labour to produce, and most of it is carried by ship or piped from sources to depots. However, in 1947-48 oil became scarce. Places which had gone back to coal in 1939, then to oil in 1944-45, wished again that they had coal-burning furnaces in 1947-48. This winter oil-users at least will have heat.

It is a comment on modern living conditions that thousands of Canadians can become alarmed because small tanks buried in their gardens or set up in their basements are empty of oil from Venezuela.

NOTE AND COMMENT

The American Museum of Natural History sent a man to the Honduras to take the temperature of 1,000 snakes. From a snake's hiss we would judge that he was usually pretty warm.

One Liberal candidate on June 27 is described as "a shapely blonde of 25". Let's hope she wins, if only to give the Press Gallery something to look at during the vast aridities of the Debate on the Speech From the Throne.

Of Cabbages And Kings

By PETER ELIOT

SIR Hugh Allen was a dominating figure in the musical world of his day. As Heather Professor of Music at Oxford and Director of the Royal College of Music, he had a unique position and deeply influenced musical taste and performance. Dr. Cyril Bailey, who was a close friend of his at Oxford, has woven together his life story in Hugh Percy Allen. Allen was born at Reading and the first story takes place there in his boyhood.

"He went with his sister to decorate the city church and in a moment of excitement threw up his 'tam-o'-shanter' which fell inside one of the organ pipes. He did not dare confess; it was Saturday evening and on Sunday he showed an unexpected reluctance to go to church, and indeed refused to enter it till he heard the organ playing. He never recovered his hat," writes Bailey, "but was so amazed that anyone could play the organ so splendidly with a hat inside the pipes that he resolved that, if ever the chance came, he would learn from Dr. Read."

❖ ❖ ❖

HE did learn from Dr. Read and became outstanding in the world of music. A characteristic story of his kindness and sympathy is told. When Douglas Fox lost his right arm in 1917, he wrote in despair to Hugh Allen, feeling that his career was shattered. Allen at once wrote a letter of sympathy and encouragement: "You'll come out on the right side of this disaster," and for some time took the services in New College, Oxford, with his right hand in his trouser pocket and then let Fox know that it made little difference. No mere words could have had the same effect; Fox has now for many years been Director of Music at Clifton College.

❖ ❖ ❖

THE English Historian, David Ogg, tells the following story about Allen as a yachtsman. "Dick Allen (12-year-old son of Sir Hugh) met me with a dinghy at Bosham pier and rowed me out to the ketch. Through inexpert handling on the part of both of us, I suddenly found myself holding the stern gunwale of the 'Little Florence' with my hands, while my feet were wedged firmly in the bows of the dinghy, and a strong tide held me taut and suspended in this helpless and apparently unchangeable position. Alarmed for my safety, Dick shouted for help, and this brought his father on deck. After a leisurely survey of the scene at the stern of his ketch, Allen reassured his son with these words:

"'Don't worry: he's a Scotchman — he'll stick on.'"

❖ ❖ ❖

STUDENTS of Allen's never forget his odd and exacting methods of teaching. In rehearsing Parry's Job, he once said:

"Now remember that through all this chorus it is the Almighty speaking, so mind you sing like the very devil."

He always had a "down" on the sopranos, probably because he wanted them to shine pre-eminently: "God first made the basses, then He made the tenors, then He made the altos—and then He said, 'I suppose all the rest have got to be sopranos.'"

❖ ❖ ❖

ONCE walking with a friend down St. Giles' in Oxford he saw an organ-grinder. "I must play that organ," he said. Giving the man a coin and telling him to go and get a drink, he pulled his hat over his eyes and seized the handle. As he tootled away a benevolent gentleman approached and gave him sixpence.

"Thank you, sir," said Allen, "I was once Director of the Royal College of Music, but now I have come to this."

"Oh my man," said the benefactor, "stick to the truth; it will serve you better."

❖ ❖ ❖

THIS anecdote recalls a story about Mascagni, the composer of Cavalleria Rusticana. He once heard an organ-grinder playing excerpts from his opera beneath his window. The composer, angered by the slow tempo of the playing, rushed into the street.

"Here, here," he cried to the street musician, "I am Mascagni—I will show you how to play this music correctly." Thereupon, he gave the crank-handle of the barrel-organ a few rapid turns.

The next day Mascagni, hearing the barrel-organist again, put his head out the window and read the following sign over the hurdy-gurdy: "Pupil of Mascagni."

MAURICE Healy's The Old Munster Circuit—a collection of fun in the Irish Courts—has recently been reprinted. Lord Justice Holmes could be harsh, particularly in regard to agrarian crimes.

One elderly prisoner staggered when he heard himself sentenced to fifteen years' penal servitude.

"Ah, my Lord," he cried, "I'm a very old man, and I'll never do that sentence!"

"Well," replied the judge, the only one in court unmoved, "try and do as much of it as you can!"

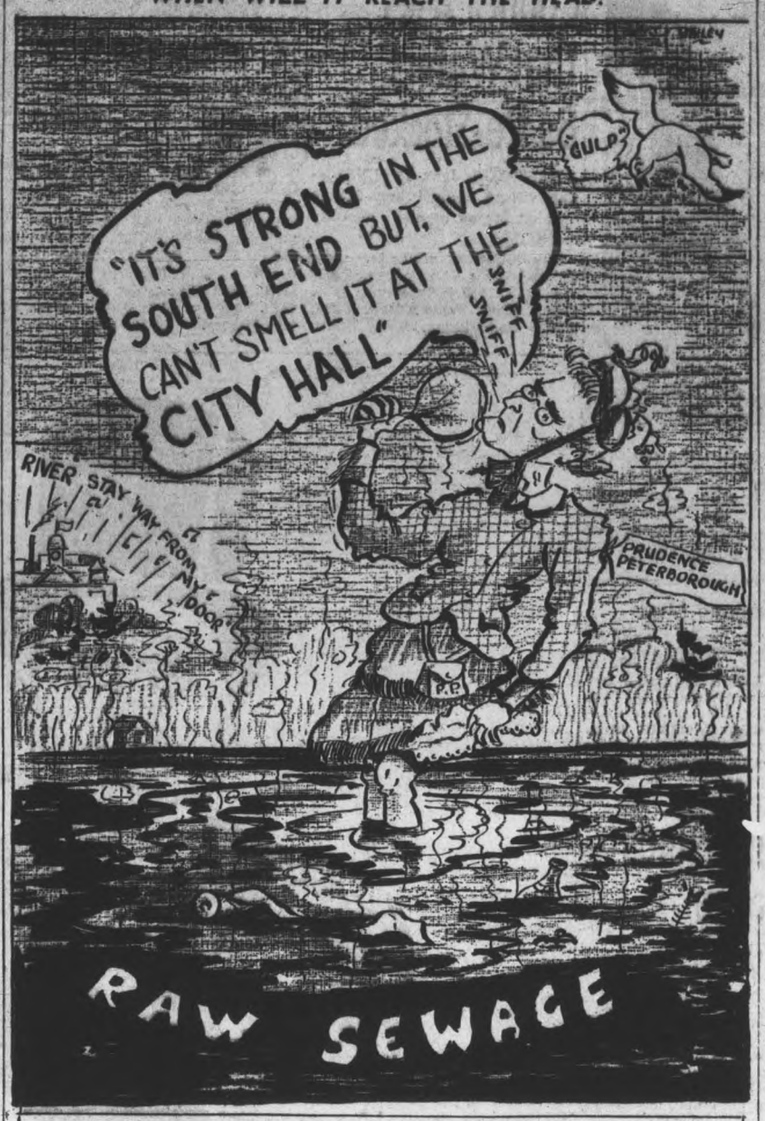
OLD Pether O'Brien, another Lord Chief Justice, liked the people to think that he was a gay Lothario. In one case, an enterprising lawyer tried to bolster up a poor brief by reading the more salacious parts of the correspondence. After a while old Pether lifted a deprecating hand.

"Mithter Kelly," he lisped with a melancholy smile. "Mithter Kelly, it won't do; it won't do at all. There wath a time when thuch thingth interethed me: but I regret to say that I am an exthinct volcano!"

Paddy was not in the least put out.



"Begor, me Lord," he grinned, "I think there's a r-rumble in the ould crathur yet!"

Pether sat back, delighted: Paddy got his order.

Letter To The Editor

URGES FOUNTAIN BE PRESERVED

Sir: I have written on two or three occasions recently with reference to the present condition of the fountain in Victoria Park but even with your editorial help have found little aid from the public at large. The matter seems so urgent at the present moment that I am constrained once more to use my pen against the mooted project of pulling the structure down and leaving no trace of it whatever, which I have heard is now being discussed.

The City Council seems to have forgotten the fact altogether that the fountain was a gift to the town quite sixty years ago by two eminent citizens who gave it as an adornment both for the Park and for the County Council's splendid Court House. I have never heard anything but praise for the excellent choice of the site that was chosen for its erection. Before it was silenced it was considered a wonderful addition to the park's natural beauty.

Great bodies move slowly, and that certainly seems true in the present instance, for it has taken at least fifty years for successive councils to debate the matter and they are still not quite sure what to do. A glacier on a mountain side shows more speedy movement than our worthy fathers have shown. A glacier would have moved at least a foot in that time and our thoughtful deliberators have not stirred on inch!

It is hinted that the fountain may in all likelihood be torn to pieces because its metal parts are decaying with rust. Such an excuse for getting rid of the structure is foolish. It would cost quite as much to clear the whole hulk away as it would to put in new metal parts and get it running in a seemly and orderly fashion. With coloured lights, it would prove an enjoyment to thousands of visitors and residents and a distinct asset in the city's adornment.

We are told that the successive City Councils and County Councillors that have ruled the destinies of their respective realms do not see eye to eye occasionally where financial matters are concerned. When, as in this special case Providence has placed us so close together that we cannot do without each other's co-operation, finance should be a secondary consideration and the good of the city and county should be considered first. We want the district and every part of it to look as presentable as possible and in this case especially surely the County Council can see that a little more help towards making the park presentable accrues to the benefit of their fine Court House as much as to the city's property.

Theatre In The Straw

Hardly a day goes by now without news of another summer theatre unveiling its schedule for the hot-weather season. Who knows how many there are? Equity estimates 125 union companies in the East, but there are dozens and dozens whose art is unblessed by formal labour relations. But if informality goes hand in buskin with a high mortality rate, this latter class of straw hat theatre assures its members of an all-round stage experience.

The star of one week is the scene shifter of the next. You may write a play or poster a forest of telephone poles. Early season scenes are rehearsed on the hillside "pending renovations to the playhouse" — summer stock talk for refurbishing the barn. In summer theatre actors must not only imitate nature but beware of it.

The uncontestable quality about straw hat theatre is the enthusiasm of the audience. No other audience struggles so hard just to get to the theatre. The drive is liable to be anywhere from the breadth to the length of Long Island. On arrival there is a snarl of stalled or parked cars along country lanes suitable for one wagon and one horse to pass abreast. Broadway theatres can never equal the shock of confronting an actress in full war paint between dress-house and playhouse. You sit behind a pillar or aft of a beam on benches straight from the Puritans. Backstage noises can be brusque with dialogue. And why do thunder and lightning come to the play so often?

Yet, this audience is a loyal and sentimental one, recalling older stars in famous vehicles regardless of vintage. Here springtime for Henry is forever summer. You get an exclusive fillip also when the company joins the audience in the one soda shop around. Then there is always the thrill of catching next year's Broadway hit being tried out as a straw in the summer whim. It makes wonderful between-the-acts conversation in Manhattan to be able to say "She did this much better up on the Cape!"

Pastor Denies Criticism Of Hockey Team

BRANDON, Man., June 13. — (CP).—Rev. Norman E. Todd of the First Baptist Church here said Saturday he had been misinterpreted in an address in Calgary last Wednesday in which he made reference to Brandon Wheat Kings, Western Canada junior hockey champions.

"Apparently the impression got around that I was opposed to the hockey, team and critical of the players," he said. "Such is not the case. Wheat Kings have been paid high tribute for the hockey honors they brought to Brandon and rightly so. I know many of the players personally and have found them to be excellent boys."

Mr. Todd said the keynote of his Calgary speech had been that sometimes people became obsessed with minor things and forgot about their more important responsibilities.

In this connection, he said in an interview Saturday, he had drawn a comparison into which the Wheat Kings entered. On the one hand there was the church, on the other hand sporting organizations.

"It would be hard to point to a single benefit that accrued to the community because of the Memorial Cup hockey series other than an increased volume of business and a certain kind of publicity. Such publicity would be to the advantage of certain lines of business."

Mr. Todd said his point had been that the first things should be put first. "But in saying this I was not critical of Wheat Kings."

He added that, as quoted at Calgary, he had said that "sometimes Wheat Kings were a pain in the neck." But "I said it with a smile and the audience laughed with me."

A SUPERB EXAMPLE of canine discipline is provided in this picture of gun dogs in training. One of the most vital lessons in the training program is implicit obedience to the sportsman. Towards the end of their course, the dogs are placed in an enclosure and a number of rabbits are released in front of them. Good training teaches them not to make a move until the word is given by the sportsman. During a shoot in the field a dog must remain rooted to the ground until he is sent to retrieve.

Plant Breeders Designing Streamlined Beets, Corn

By ROBERT E. GEIGER

WASHINGTON, June 13. — (AP).—Plant breeders are designing new farm plants almost like automobile designers create new-style cars.

They're doing this to build up resistance to disease and hardiness against bad weather — but also so the plants will fit new and super-efficient harvesting machinery.

The scientists have produced a cotton with "bald" leaves that won't tangle in a picking machine, a bound sugar beet that can be scooped up with a shallow-digging machine, oats with shorter and stiffer straws that will stand up to a reaper.

certain characteristics, like tallness or resistance to disease, from parent to offspring.

Tailor-Made Beet

Plant scientists virtually have built a sugar beet that is tailor-made for the North American climate. It has been made resistant to half a dozen diseases that would have prevented establishment of the United States sugar

Much of this work is being carried on at the United States Government's huge experimental farm at Beltsville, Md., near here.

The plant builders work with some materials they can't even see or identify, like genes.

Genes are units of inheritance in the life cell. They pass along beet industry.

Long roots make the plant difficult to harvest with machines. vesting.

If the long root is broken off a great deal of sugar is lost. Clumps mean that the plants have to be thinned. Much of this is hand work.

The plant breeders have succeeded in crossing a red garden beet, which is almost round, with the sugar beet. The result is an almost round-shaped sugar beet, streamlined for mechanical har-

Spectacular things have been done with corn.

Farmers like to boast they live "where the tall corn grows," but tallness in corn can be costly. Scientists grew some varieties so tall that seed growers had to get up on stilts to reach the tassels.

You can't work with tassels that high, so the scientists obligingly brought the corn down to a proper and uniform height—not too tall and not too low.

Fifty years ago the horse-drawn dray was the vehicle used to transport freight and heavy merchandise along the streets. Today trucks of all types and sizes move goods along our streets and highways. Speeds and loads have been steadily increased through better engineering and better materials used in truck construction. Strong, tough, shock-resisting Nickel alloys are almost universally used for gears, crankshafts, frames and many other parts.

Nickel Brings Dollars to Canada

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year.

These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

Petes Take Over Top Spot Beating Brockville In Two

The Petes beat Brockville Memos twice here Saturday to move into top spot in the COBL, dropping the visitors into the cellar. The locals won 8-7 in the afternoon game, when Howie Dalton stole home with the winning run in the last of the ninth, and they took the nightcap 7-4 before a fair-sized crowd. Dalton's first-game effort of stealing home twice was a feature. The winning run came after he was caught in a rundown with two out. He went under McDonald's intended tag to slide safely over the plate on his stomach.

Gunner Whitehill went the route in the first fray for the Murphyites, though weakening in the seventh. Rowe and McDonald flung for Memos. The Petes gave their hurler some poor infield support but made up for it at bat when they came from well behind the last two heats to grab the duke. Dalton not only showed his speed on the paths but led the hitters with three for two, along with Al Menzies. Lowery got two in four. Doran, Fodey and Rowe each had two safeties in four tries for the Brockville bunch. Wilson of Petes as a pinch-hitter tripled.

The second game saw Lefty Bill Dadson throw nine-hit ball and fan eight as the Petes dominated play throughout. Their fielding wasn't too good but they built up an early lead against Spellman and also got enough bingles off McDonald to earn the victory. Each side reeled off two double plays in the snappy encounter. Dalton again shone at bat with three for five, though Menzies had a better average with two for two, walking twice. Dadson and Garvey each clicked for two in four attempts. Muldoon got two in four for Brockville. Doran shone at short with a dozen perfect chances.

Uniteds Take 11-7 Win Over Outlaws

Uniteds hit better to outscore Outlaws 11-7 in Saturday's men's softball twin bill opener. Five home runs, two by Harrison and one each by Douglas, Scriver and Foster featured a free hitting game in which Lefty Reid went the route, to outlast Gordon and Hunter, despite seven errors. Walton caught a fine game and had three for five at bat, while Foster, Cournyea and Castle each got two for Outlaws. A double play by the Sullivan brothers and Harrison featured.

Cosmos Beaten By K of C In Close Game

Knights of Columbus came from behind late to beat Cosmos 8-7 in the nightcap of the softball twin bill Saturday, after trailing 5-1 for six innings. A tired Dalton in the box and his boys looked reasonably safe till that point. Knights, paced by Legrow with a homer, triple and single, the Griffins and Leether, were not to be denied, knotting the count before Dalton yielded to Parsons in the eighth. Hits by Leether, D. Griffin and Legrow's fielder's choice, a stolen base and a passed ball won the game. Hinton went the route for K of C.

Here And There In Sports . . .

By The Canadian Press

Delegates at the semi-annual meeting of the Interprovincial Football Union in Toronto on Saturday decided to adopt the "shovel-pass" on a one-year trial basis in an effort to open up the end run. The shovel-pass must be thrown underhand or flipped like a basketball pass. It can only be thrown in a 10-yard zone behind the line of scrimmage.

Any such pass thrown more than 10 yards behind the line of scrimmage will be classed as a forward. A fumbled shovel-pass will become a free ball. W. C. Foulds of Toronto, chairman of the Canadian Rugby Union Rules Committee, said the shovel-pass, new in Canadian football, will allow a trapped ball carrier to pass forward to another player in the clear. The rule is expected to open up the end run as the trapped man receives a greater advantage over defending players.

At Lake Placid, NY, band leader Guy Lombardo and industrialist Henry J. Kaiser Sunday abandoned attempts to crack the world's speed boat record on Lake Placid when Kaiser's high-powered "Aluminum First" ran into mechanical trouble again. Norman Lauterbach of Newport News, Va., attempted a trial spin in the 32-foot craft. A universal joint broke and the test was called off. Lombardo, a native of London, Ont., was to have piloted the speedboat in a shot at the late Sir Malcolm Campbell's world mark of 141.74 miles an hour if the Aluminum First had behaved.

Italy Sunday advanced to the semi-final round of the European zone's Davis Cup play by eliminating Chile 4-1. In the two other matches, Czechoslovakia rallied to defeat France's doubles team to remain in the running, and Yugoslavia took a one-match lead over Sweden. Italy will meet the winner of the Yugoslavia-Sweden series. The winner of the French-Czech series will meet Hungary in the semi-finals.

Boswell, one of England's outstanding classic winners in horse racing's golden year of 1936, died Sunday at Trafalgar Farm near Toronto. The 16-year-old horse, which had just completed his fourth season at stud in Canada, took ill on Saturday. Boswell won more than $105,000 in purses in England. He won the St. Leger with the mighty Mahmoud in third place.

At Hamilton, Harry Kretschman of Hamilton, Lou Hartman of St. Thomas, and Johnny Stinson of Bradford, Pa., won Ontario championsships at the Hamilton Gun Club as the two-day provincial championship shoot ended yesterday. Kretschman won the 16-yard crown when he broke 197 birds out of 200. Hartman was high man in the 100-bird event and Stinson made a strong finish to register 90 in the doubles event.

At Fairmont Park, Ill., Rodney five-year-old bay stallion voted "the harness horse of 1948," on Saturday night lived up to expectations by winning both heats of the Grand Circuit Trotting Derby. He set a track record of 2:02 in winning the 1⅛ mile eights race and came within 1 3-5 seconds of equalling the record in winning the mile-long fifth race.

One more pro mat card at the Brock, anyway, and we think this Wednesday night will wind it up till late next fall. It's another team match and ought to be a honey. Rough Willie Davis has another huge partner in Hi Lee to team up against the good guys, Whipper Bill Watson and Pat Flanagan. The 280-pound Davis claimed that Sandy O'Donnell let him down in their last team match so he has another big bchunk in the tall Texan as a pocner. Large and handsome Ben Sharpe is slated to tackle Al Lovelock in the semi-windup, whilst Bill Stack meets Irish Tom Collins in the prelim. Sounds like a sizzling card, eh?

* * * * * *

When we get time and space—mayhap tomorrow—we'll run the City Baseball League schedules. Anyway, we can now announce a few of the tilts coming up right away. Tomorrow eve sees the east and west bantams going at Bonnerworth whilst the west and south juves tee off at 6.15 in Riverside—not at the Ex. this time. Midgets go on Wednesday with East City playing the westenders at Morrow Park. Peewees opened Saturday and southend walloped the boys from up north. Other games are listed later in the week but the schedules may appear in Tuesday's gazette. And managers should arrange to have reports sent in on time.

Clowns Are Coming

Kokomo Clowns play the Petes at 6.30 tonight in Riverside, an exhibition ball game sponsored by B'nai B'rith, and it ought to be a hefty hunk of all-around entertainment. Lots of laughs included. It's the only home joust for the men o' Murphy this week-end. They had a twin bill Saturday here and did okay for themselves as they took both ends, winning 8-7 and 7-4 to vault into top spot in the COBL and drop Brockville into the cellar. A cool spot at that this weather. Crowd only so-so in the aft as those open bleachers are hotter than certain hinges early afternoon, but 'twas much better in the gloaming.

* * * * * *

Howie Dalton stole the show in the first fray as he twice stole home, the last time with the winning run as he ducked under the tag. Good stuff and Howie wasn't doing it to show off but because the run was needed desperately. A smart ballster. He also had a big day at bat, being only shaded by Al Menzies, who is doing a fine job with the club, too. Gunner Whitehill pitched good ball most of the opener and Bill Dadson looked fine in the nightcap. The Petes are keeping right up there in the hunt and making lots of switches as an experiment to field the best possible COBL club. They've got a college chap from Connecticut here now—a shortstop—waiting an OBA permit.

Race Warming Up, Eh?

Over at the Bowl in the eve, a goodly gallery saw two tidy tilts. Uniteds won 11-7 from Outlaws to go into a top-place tie with Cosmos, each having seven and three, as Outlaws moved into reverse and backed towards the cellar-place Jewellers somewhat. Knights nosed out the Cosmos to come to within half a game of the leading two teams, so it looks like a real dogfight from here on in among those three teams. Whilst the Outlaws and Jewellers aren't too far behind and could catch up in a couple of weeks with some victories. Two more men's tussles over at ye olde Bowle on the morrow after supper.

Senior "A" lacrossers of this city have a busy week coming up. They're off tonight for Mimico, play St. Kitts here Wednesday, tackle Mimico in Miller Bowl on Friday, and go right back to St. Catharines on Saturday. They're allowed a well-earned rest Sunday ere travelling to Weston next Monday. This grind should shed some poundage, what? Brampton took Weston the other eve by a 7-5 count to take a firm grip on first place with nine and one. Hamilton are next with Owen Sound, each having five and three, as Mimico won four in eight. St. Kitts aren't far ahead of us, having but three wins in eight starts, and Weston leads the locals by but a few points, winning two and tying one in nine. Petes have a win and six reverses so far.

Goebbels Brother Dies

DARMSTADT, Germany, June 13—(AP)—Konrad Goebbells, 57, brother of Nazi Germany's propaganda minister, was found dead yesterday in a forest near Nuettental. Police said he apparently died a few hours after being released from Darmstadt labor camp on completion of a three-year sentence under the denazification laws.

AL LOVELOCK

MIKE SHARPE

IN SEMI-FINAL — Mike Sharpe and Al Lovelock, pictured above, who meet in the semi-final of this week's star-studded mat card at the Brock Arena Wednesday night. Lovelock made a good impression here last week. He hails from Windsor and is a former rugby star. Mike Sharpe needs no introduction to local fans. The opening bout will bring together two well-matched matmen, Bill Stack of Bowmanville and Tom Collins of Hamilton. The main match probably hold chief interest for it presents wrestling's perfect team, Whipper Billy Watson and Pat Flanagan versus Wee Willie Davis and Hi Lee, two gigantic men. Davis figures with Hi Lee as a partner he can take the Canadian duo. Said Davis: "O'Donnell was the weak member last week. Get me a guy like Hi Lee and we'll show that pair of dandies". Wednesday night will show whether he can make that statement stand up.

Petes Deliver A Reverse To O'Hallorans

Petes in the local soccer league annexed two more points Saturday afternoon, when they defeated O'Halloran's 7-3 before a good attendance in a sweltering heat on King Edward Park. This gives the winners a good lead in the league.

Right from the kick-off Larry Payne scored from close in. O'Halloran's were minus two men through injuries in the early stages and had no subs at that time but Foster and D. Buchan arrived later to fill the gap. Duffus at the other end rattled the goal posts, then Hennesey made it 3-0 in two smart efforts. A break-away by F. Dyer reduced the count but the best goal of the game was by Duffus as he beat two men in a row and sent an angle shot into the rigging. Hennesey nullified another raid to run to the other end to score just at the interval.

On resuming, O'Halloran's introduced B. Buchan and H. Foster into their 11 with Art O'Halloran in goal. George Downer scored from a penalty shot given away by Dunn. Harold Payne scored then for Petes with a smashing drive while D. Buchan scored towards the finish.

Petes—G. Foster, goal; T. Foster Jr., and D. Downer, full backs; K. Downer, E. Downer and N. Lane, half backs; R. Payne, H. Payne, W. Cribbis, G. Downer and E. Lane, forwards. Subs—J. Hennessey, A. Downer, N. Downer.

O'Halloran's — J. Hutchinson, goal; J. Dunn and A. Downer, full backs; D. Gray, T. Scott and A. E. Smith, half backs; J. Garaghty, F. Dyer, J. McGarvey and H. Lathem, forwards. Subs — H. Foster, D. Buchan.

Referee—T. Foster. Linesmen—J. Craig and J. Smith.

Southenders Win

Southend peewees had no trouble with the northenders on Saturday morning in the Bowl to open their City Baseball League schedule, beating them 18-1 in five frames. The victors rammed home no less than 11 runs in a loose third heat, after scoring three in the first, one next time up and later getting three in the fourth. Northenders notched one in the first, but nine of them went down on strikes by McDougall. Teams:

Northend—Havelin, Watt, McClennan, Montgomery, Silvester, Hewitt, Peacock, Hilliar, Davis, Rowatt.

Southend—Cairns, Floyd, Girard, Hunt, Johnson, Smith, Dugan, McDougall, Coit.

FRISCH GETS GRIMM JOB—Horace Stoneham (left), owner of the New York Giants, congratulates Frankie Frisch, named to manage the slumping seventh-place Chicago Cubs. Frankie, the veteran "Gordham Flash" who was coach of the Giants, will succeed Charlie Grimm, who will move up to the vice-presidency of the Cubs.

Homer Punch Aids Brooks Pulverises Cincinnati 20-7

By RALPH RODEN,
Associated Press Sports Writer.

Something new has been added to Brooklyn Dodgers' stock in trade—a home-run punch.

So far this year the Dodgers have belted 55 homers in 52 games.

Brooklyn's new found medium of winning games has played havoc with Cincinnati and the league leaders exploded four in a pulverising 20-1 route. The 20 runs were the most scored in one game by a major league team this season.

Gil Hodges and Billy Cox were the chief noisemakers. Each slammed a pair of homers, Hodges drove home eight runs and Cox six in the 13-hit rampage against seven Red pitchers. Hodges highlighted a 10-run fifth inning with a single and three-run homer. He clubbed his second homer in the seventh with the bases loaded.

The second-place St. Louis Cardinals split with Philadelphia Phillies, winning the opener 7-3 and dropping the nightcap, 8-3. The third-place Boston Braves divided with Chicago Cubs, copping the second game, 2-0 after losing the first 6-2.

Brecheen On Toes

Harry (The Cat) Brecheen stopped the Phils in the first game on five hits and would have had a shutout but for Andy Seminick who tagged a threerun first inning homer. Curt Simmons was the losing pitcher.

Seminick carried his home run bat into the finale, blasting two into the seats and driving home four runs to make Robin Roberts' seventh victory a breeze.

The Cubs bossed for the last time by Charley Grimm, combined a five-run first inning against Johnny Sain and brilliant pitching by rookie Warren Hacker to upset the Braves in the first game. Hacker allowed only one hit after taking over from Johnny Schmitz in the first inning with none out.

Johnny Antonelli outpitched Dutch Leonard in the second game. Antonelli permitted only four singles.

Ralph Kiner, the loop's top home run hitter smashed his 14th of the season in the seventh to give Pittsburgh Pirates a 6-5 nod over New York Giants. The blow gave Rip Sewell, third of four Buc pitchers, his third victory of an untarnished season.

Crimp on Yankees

Cleveland Indians put a crimp in the pennant ambitions of New York Yankees, taking both ends of a twin bill from the American League pace-setters, 6-0 and 3-1. Detroit Tigers swept a bargain bill from the Washington Senators 9-0 and 6-5.

Bob Lemon shut out the Yanks on six blows and walloped a two-run homer in besting Lefty Ed Lopat in the opener. The whitewash was the first suffered by the Yanks in 113 games.

Rookie Mike Garcia came up with a three-hitter in the nightcap, called in the eighth because of rain. Lou Boudreau homered for one of the four hits allowed by Tommy Byrne.

Hal Newhouser let the Senators down with four hits in turning in his first shutout and seventh victory of the year in the opener at Detroit. The Tigers led a four-run first inning, included a two-run homer by Hoot Evers.

The Tigers won the second game in the ninth when rookie Johnny Groth slammed a bases-loaded double off Paul Calvert.

In 4th Place Tie

Boston's Red Sox pulled into a fourth-place tie with the Nats one-half game back of third-place Philadelphia Athletics by downing Chicago White Sox twice, 15-3 and 7-5.

Home runs by Birdie Tebbetts, Vern Stephens and Bobby Doerr permitted lefty Hal Parnell to coast to his eighth triumph in the first game. The Sox won the second for pitcher Ellis Kinder with a three-run blast in the ninth.

Philadelphia split with the last place St. Louis Browns, taking the second game, 13-10 after losing the first 6-4. The Browns staged a four-run eighth inning rally to grab the opener. Sherm Lollar blasted a two-run double to highlight the uprising.

The Athletics hammered six Brownie pitchers for 19 hits in the finale. Pete Suder led the way, driving home five runs on a homer, double and three singles.

Oshawa Whips Batawa 12-8

BELLEVILLE, June 13 (CP) — Oshawa Merchants consolidated their hold on first place in the Central Ontario Bareball League here Saturday when they defeated the last place Batawa shoemen 12-8 in a free-wheeling wide open game.

Thirty safeties were made as batters of both teams went into a hitting orgy. Oshawa had 17 with Kitchen and Tyconny getting four each while Batawa's 13 hit attack paced by Solmes with three.

Doug Sutton, starting Oshawa hurler, was nicked for nine hits yielding four runs in six innings. Knight replaced him but was touched for four safeties for as many runs.

Gordy Muffitt, Batawa ace hurler lasted just three innings. Oshawa got to him for seven hits and for eight runs. Bill Smith took over and gave up 10 safeties for four runs in six innings.

Map Of 1890's Shows City Proudly Busy

Spring cleaning hit Peterborough quite a few weeks ago, but it took a man, not a housewife, to uncover a map and a couple of pictures that help to fill in the history of the city at the turn of the century.

Mr. Edward Westall recently moved into the house at 61 Robinson St. that was formerly occupied by H. W. Morgan, a member of city council for several years. Mr. Westall was cleaning out the attic when he came across a pictorial map of the city printed sometime in the 1890's and pictures of the city councils in 1909 and 1912. He brought them into the Examiner which, as its name implies, likes to examine such things.

The map is a coloured pictorial with a border of advertisements of various firms. George Matthews' packing house, predecessor of Canada Packers, is shown on the Otonabee; the present Kresge Building was the site of A. Mercer & Co., Tailors and Furnishers; Auburn Flour Mills are shown at the corner of Simcoe and Bethune; B. F. Ackerman's at its present site. Unfortunately this border cuts off portions of the city that could have been used for more positive identification. In the actual city, Sherbrooke was spelled without a second "e", and Park St. is not named at all.

Of the 1890's

The map can be dated from F. L. Dobbin's Historical Index of Peterborough as being between 1893 and 1897. The Index says that the first street cars on the Peterborough-Ashburnham Railway ran in 1883, and several trams are shown on the map. B. F. Ackerman's was established in 1892, a two-storey building, and in 1897 it was converted to three storeys. On the map the building has only two.

The names on the pictures of the 1909 and 1912 councils will revive many a memory for some of the older residents of the city. The mayor in 1909 was H. Rush, in 1912 W. H. Bradburn, names like Turner, Phelan, Gordon and Graham are sprinkled throughout the lineup. They wear a remarkable array of moustaches, waxed, bushy or sprawling.

Gives Strong Speech

SOREL, Que., June 13.—(CP).—Less than 400 persons turned out Sunday to hear Adrien Arcand, pre-war Quebec Fascist leader, open his campaign for election to Parliament. Arcand, interned for five years during the war, lashed out at Jews, the Liberal Government, the Labor Progressive party and the St. Lawrence seaway in a three-hour speech unmarked by incidents. He is running as National Unity candidate in Richelieu-Vercheres constituency in the June 27 general election.

Upsetting Japan

TOKYO, June 13. — (AP). — Gen. Douglas MacArthur today accused Russia of playing a "role as an inciter of disorder and violence in an otherwise-orderly Japanese society." The Allied occupation commander's statement was in reply to a Soviet charge that labor is being suppressed in Japan. This charge, the general called "a shocking demonstration of inconsistent demagoguery" to cover up Russia's failure to return Japanese prisoners-of-war.

Plane Makes Deadline

PRESTWICK, Scotland, June 13.—(AP).—Two stateless women coming from Germany Sunday became mothers a few minutes after being taken from a New York-bound plane. Vastly relieved was the captain of the aircraft, Walter Kyse, who for a tense hour on the plane's approach to Prestwick thought he would be obliged to take over the role of midwife in mid-air.

Troops Walk Out

SOUTHAMPTON, Eng., June 13.—(CP).—One hundred Argyll and Sutherland Highlanders Sunday walked off the transport Empire Trooper for half an hour, shortly before the ship sailed for Hong Kong with 1,500 members of the Highland regiment. The men who walked off were protesting conditions aboard. Some said a sergeant-major swore at a private in the presence of the private's wife.

"If you asks ME, them's export rejects!"

Rev. V.G. Perdue Ordained In St. Peter's

The Rev. Vernon G. Perdue of this city was ordained to the priesthood of the Roman Catholic Church in St. Peter's Cathedral on Saturday. The sacrament of Holy Orders was conferred by His Excellency the Most Rev. Gerald Berry, D.D., Bishop of Peterborough. He was assisted by the Revs. G. F. Gaughan and G. Sullivan. Also taking part in the ceremony were the Revs. P. P. Butler, F. K. Malane, G. Kay and J. G. Coughlan.

Other priests in the sanctuary were the Rt. Rev. Monsignor F. J. O'Sullivan, Rev. Dean J. V. McAuley and the Revs. S. F. Grant, J. Killen, J. Walsh, C. Kay, V. Corkery, F. Marrocco, J. Greenan, S. Perdue, J. McFadden, R. Garvey, C. O'Donoghue and J. Houlihan.

The newly-ordained priest is the son of Mrs. W. E. Perdue, 269 Rubidge St. and the late Mr. Perdue. He was born in Peterborough and received his education at the Immaculate Conception School and St. Peter's High School before entering St. Augustine's Seminary, Toronto, seven years ago. He was active in baseball and softball circles till recently. After a short vacation he will be assigned to the Church of the Immaculate Conception in East City.

On Sunday, Father Perdue offered his first solemn mass in the Cathedral. He was assisted by the Revs. S. Perdue (a cousin), R. J. Garvey and C. O'Donoghue. The Rev. P. P. Butler preached.

The Rev. L. Leahy and Rev. T. Coughlan of the Seminary acted as servers.

Father Perdue joined his immediate family at dinner after the ordination Saturday. Relatives and friends attended dinner Sunday in St. Mary's Hall. A reception was held Sunday afternoon and evening at the home of his mother.

TO ADDRESS RALLY

Gordon K. Fraser, Progressive Conservative candidate for Peterborough West in the coming dominion election, announced at a party rally Saturday night that a further rally wiuld be held in the party's committee rooms on George St. next Saturday night, June 18, when the speaker would be J. M. MacDonnell, president of the Dominion Progressive Conservative Association. Mr. MacDonnell will speak on trade and finance. He was Opposition financial critic in the last House.

MRS. FRANCIS McGEE, 240 Carlisle Ave., who celebrated her 91st birthday on Saturday, was a six months old child when her mother and father, Mr. and Mrs. James Buckley, cut the first trail from Bobcaygeon to Kinmount, Galway Township in 1858. The Buckleys pioneered in Galway before Kinmount village was cleared of thick bush. For the past 26 years, Mrs. McGee has been living with her daughter, Mrs. J. Brady on Carlisle Ave.

Pioneer of Galway Township Observes 91st Birthday

When Mrs. Frances McGee returned to her pioneer home in Kinmount, Galway Township, Saturday, in celebration of her 91st birthday she felt an overwhelming pride in the achievements which her family and a small band of other early settlers made possible. Today the country is dotted with farms and lumbering projects which have transformed this backwood country into a productive township.

Mrs. McGee, who has been living with her daughter, Mrs. J. Brady at 240 Carlisle Ave., Peterborough, for the past 26 years, was a six months old infant when her parents cut the trail from Bobcaygeon to Kinmount.

With seven children, Mrs. McGee's parents Mr. and Mrs. Jas. Buckley, emigrants from County Mayo, Ireland, set out on foot, to cut their way through the bush from Bobcaygeon to Galway. With the aid of an axe they made their way 15 miles, marking the trees as they went, which were to guide them on subsequent journeys to and from their old home

There was no village of Kinmount in 1858 and after the 15 mile journey a clearing had to be cut before the log shanty, which was to be their home for more than half a century, was built.

"Those were hard days," says Mrs. McGee, "and those who are living there now are benefitting from the strenuous lives we lived. We could not even take a cow with us first, because there was no pasture." Her father, with the elder children, had to trek the 15 miles to Bobcaygeon for every morsel of food the family ate.

By the time Mrs. McGee was married, the family had cleared two lots side by side, and she took over the lot next to her parents' home as a bride.

When the family first settled in Kinmount there were no neighbours but before long, other families began to settle. It was a great day when the school opened two and a half miles from Mrs. McGee's home. Some of her older brothers and sisters had grown up before the school was built, but she was one of the first youngsters to attend the school, which she re-visited Saturday.

"I remember the day the first train came to Kinmount," said Mrs. McGee when reminiscing on her birthday. "I was 13 and I went for a ride to Fenelon Falls"

As Mrs. McGee grew old enough to use a spinning wheel, she took her turn at making the family clothes. There were no ready made dresses in those days, nor ready spun cloth.

"It was a very hard life, but we had our fun too," says Mrs. Mc Gee. We used to have a great time getting up parties when we played games and danced."

THANK YOU
The S. D. & G. Highlanders reunion committee wishes to thank all who helped to make their second post war reunion such a huge success. Thanks is especially due to the Peterborough Chamber of Commerce and the Peterborough Business Men's Association for their efforts.

Would Abolish Radio License Fee

The $2.50 per set annual radio license fee does not produce nearly enough revenue to operate the CBC in the way it should be operated. Progressive-Conservative Leader George Drew has the right idea in advocating its abolition in favor of complete, instead of only partial government subsidization. Further financial improvement could also be brought about by allowing private stations to operate their own networks.

This was the chief criticism of many directed at the policy and practice of the Canadian Broadcasting Corporation by Joel Aldred, D.F.C., Toronto, former CBC announcer, at a rally held at Progressive - Conservative headquarters Saturday night in support of the candidature of Gordon K. Fraser in the June 27 Dominion election.

Mr. Aldred opened his address by saying "'You are looking at a fired man, as of April 30." He told his audience that he was dismissed by the CBC "'ostensibly" because he had spoken out too strongly against the corporation's practice of deducting from announcers' pay cheques 20 per cent of the amount of money they earned on commercially-sponsored programs. "Some of us," said the speaker, "were subsidizing the CBC in this way at the rate of $1,000 a year. The practice is still being continued, in spite of vigorous opposition to it right across the country, he said. The CBC's explanation is that "we need the money," Mr. Aldred added.

Too Aggressive.

Mr. Aldred said that he believed another factor contributing to his dismissal was his criticism of the CBC's "indifference to promotion of its own programs." Shortly after he had spoken thus, the speaker said "'I was tipped off by someone who said to me 'watch it, Aldred, you are being too aggressive.'"

Other criticisms of CBC management offered by the ex-announcer included: "the CBC is run along socialistic lines"; their "public relations have been very bad"; the Board of Governors' action in holding up television because of technical difficulties is a "ridiculous attitude"; the "basic fault of CBC is that its program purse is too lean, resulting in playing of more and more records"; there is too much catering to the highbrow tastes of the select few and the "CBC needs a bit more corn, as it has lost touch with the common people."

Mr. Aldred declared that another fault of CBC operations was its insistence on constructing more new network outlets across the country at a time when much of its existing equipment was becoming obsolete.

Need More Money

The corporation's technical operations engineer had recently stated, said the speaker, that the CBC receives annually only one-third the money it needs to properly operate its stations and networks. As evidence of "the third rate way" in which the CBC is being operated from a technical standpoint, Mr. Aldred cited the continual shortage of microphones and transcription turntables which exists in its Toronto studios. H said that an operator frequently has to hide a microphone a day ahead of a scheduled program to make sure that he will have one by the time the program goes on the air. "The CBC is short of equipment right down the line."

Staff turnover averages 30% every year because of "low take-home pay" and the corporation's low operating budget, the audience was told.

Mr. Aldred, in support of his contention that "the $2.50 license fee did not produce enough revenue to operate the CBC," quoted the chairman of the Board of Governors as having said that if the financial set-up is continued on a license fee basis, the fee should be $7.50 instead of $2.50. And this would only cover adequate maintenanceof the existing facilities, without anything left over for increased service or for television.

The speaker strongly supported Drew's demand that the administrative and operational functions of the CBC be separated, with a "separate regulatory body" set up to end the present anomalous situation of the the controlling body of Canadian radio also competing with the private stations over which it has jurisdiction.

Lagged Badly

Mr. Aldred was introduced by Frank Foster, war veteran members of the Young Progressive-Conservative Association, who recalled that it was following publication of an article in the Montreal Standard that the speaker "was charged by the government with breaking his oath of secrecy and promptly fired." He was thanked by Mrs. J. Cridland, president of the P-C women's organization.

The speaker declared that Canada had lagged far behind the United States in the development of television because "a group of theorists in the CBC had adopted a dog-in-the-manger attitude. "Under the present operating policy of the CBC, "it is impossible for Canada to keep pace with new developments in television. The CBC talks of public service on the one hand and holds back television with the other."

Mr. Fraser, in a brief address, devoted most of his time to criticizing the Liberal government's aid to veterans. He claimed that the present veterans' charter was passed largely at the insistence of Progressive-Conservative members of the House of Commons Veterans' Affairs committee. "I defy anyone to deny that if it hadn't been for the Progressive-Conservatives at Ottawa the veterans would not have had half what they have now," declared Mr. Fraser. The candidate asserted that the government "evidently thought" former Veterans Affairs' Minister Ian Mackenzie was too generous, so they kicked him upstairs to the Senate."

Great Pressure

After pressure was exerted by members of his party, said Mr. Fraser, the government increased veterans' pensions, but called thousands of them back for medical examinations, with the result that many of them had their disability lowered. These men thus lost out on the pension increase, he charged. "The government has been Liberal in name only; it has not been liberal to the veterans," Mr. Fraser claimed. "George Drew will see that the veterans get a square deal," when he forms a government.

Mr. Fraser declared that the Liberals have "resorted to fiction writing" in their campaign literature an indication that they "feel they are in desperate shape right across the country. "In most cases what they are saying "is so far from the truth as to be really laughable to one in the know."

Leonard Ireland, another war veteran member of the Young Progressive-Conservatives, also spoke briefly. He, too, strongly criticized the Liberal government's veterans' legislation, charging that there was "too much red tape" in getting the benefits provided by the act and that "the results obtained are negligible considering the large amount of money spent."

The rally was presided over by James Juby president of the riding's party organization.

FLORAL NOTE

The local pageant of the roses has begun with the blooming of the briars, red and yellow, single and double. The hybrids, perpetuals and teas, will soon follow. One of the most attractive of the whole family is the single pink briar that grows wild along the railway tracks and elsewhere in the country adjoining some of the splitrail fences.

GO SWIMMING

Several hundred people took to the water at Inverlea Beach Sunday afternoon to escape from the intense heat. All day the eyes of lifeguard Edwin Nicholis were on the watch for someone in need of help. With the water still quite chilly there is the possibility of cramps and the blocks have not been put in to separate the wading beach from the deeper swimming places.

19 Million Gal. Dousing Heat In Three Days

With consistent heat shoving the mercury up to a steady 86 over Saturday and Sunday, and the mercury at 70 degrees at noon today, citizens are raising the mischief by the excessive use of city water. For the past three days they have used 19 million gallons of water in taking cold baths and sprinkling parched lawns. These figures from the Public Utilities pumping station show a 50 per cent increase over any other recorded period.

The Commission is clamping down on this excessive use starting today by warning users that they must not water lawns and gardens between 4 and 9 p.m. Most people in Canadian cities and towns use an yearly average of 80 to 90 gallons of water per day, but in Peterborough the average is 120. Citizens will complain that the Utilities should shut off the colored fountain at Filtration Park but according to Jim Harrison, it used a mere 250 gallons per hour, for a little more than two hours per night.

Picnic Weekend.

The unprecedented use of water by home owners indicates that a great many people stayed at home over the weekend. However, every picinc ground within a 30-mile radius was jammed with carloads of gasping citizens seeking surcease from the heat. Most took their first dip in the water, adults with less abandon than their children.

Picnic lunches appeared to be a lackadaisical effort for most and people were more contented to loll in the shade sipping cold drinks. Some soft drink manufacturers showed a sales increase of 50 per cent and judging from the great number of calls for replenishing made today on pop bottling firms by this evening Peterborough may be a dry town.

A group of boys swimming from ore barges in Lakefield summed up the weather tritely, whether or not their elders would approve of their description, by saying that it was a "stinker." On that everyone was in agreement.

Band Concert Draws Crowds

Seeking Sunday night entertainment and relief from the high temperature, hundreds of people stretched out under the trees before the bandstand in Nicholls Oval Sunday night. The Salvation Army band was presenting its first Sunday night musical program for this year. Under the direction of R. G. Routly the band gave selections such as Armee du Salute Heroes of the Combat and The Little Ship. A cornet solo by Len Slaughter, and a trombone solo by W. Lowell, were appreciated by the large crowd.

At the midway point in the program the Peterborough Ministerial Association conducted a short devotional service under the leadership of Major Charles Watt, Salvation Army, and the Rev. W. E. Kibblewhite, All Saints' Anglican Church. A male voice group of the Salvation Army sang, to the band's accompaniment. Major Watt ended the service by leading the crowd in the hymn At Evening Ere the Sun was set.

Solemn Memorial Tributes Festive Dinner, Frolics As S D and G Vets Reunited

To the accompaniment of pipes and drums the First Battalion S. D. and G. Highlanders marched into Peterborough for a weekend occupation. About 500 members attended the second annual re-union, highlights of which were the banquet on Saturday night and the Memorial Service and March Past on Sunday afternoon.

Largest detachments, apart from Peterborough, were from Kingston, Brockville and Cornwall.

The solemn moment of the re-union was the Memorial Service held Sunday at the War Memorial. Under a blazing sun the Highlanders listened to the reading of the names of their fallen comrades by the last C.O. Lt.-Col. N. M. Gemmell, DSO, Croix de Guerre, and stood steadily to attention during the placing of the wreath by RSM F. A. Lockhart.

This was followed by the Last Post, a minute of silence, and Reveille.

March Past

After a blessing by the unit's padre, the Rev. R. T. F. Brain, MC, the Highlanders moved off to the Armouries. Brigadier E. W. Haldenby, MC, ED, 1st Company of the 9th Highland Brigade taking the salute. With him at the Saluting Base (George St. directly in front of the War Memorial) were Lt.-Col. R. T. E. Hicks-Lyne, MC, ED, Lt.-Col. W. S. Rutherford of Toronto and Lt.-Col. W. J. Franklin, MC, VD, of Ottawa, former C.O.s, as well as N. J. Page of the Cornwall Legion, Harold Yelland, president of the Peterborough branch of the Legion, and Mayor M. J. Swanston.

A composite Pipe Band consisting of about 25 drummers and 25 pipers was made up of 16 bandsmen from Cornwall under Pipe Major Albert Sutherland, as well as the CGE Pipe Band and the Peterborough Pipe Band.

For the March Past the unit was divided into four companies —three wearing Glengarries, Balmorals, or other headgear, and the final one hatless. As each company approached the Saluting Base there came the order "Eyes Right" and the large crowd applauded the military precision with which the veterans obeyed.

Several of the officers later remarked on the enthusiasm with which Peterborough citizens greeted the marching columns, with the comment that too often at such re-unions this was lacking.

The route of the March Past was from the War Memorial to Murray St., Murray to Water, Water to London, London to George, George to Brock, Brock to Aylmer, Aylmer to Murray, and Murray to the Armouries. The length of the march was sufficient to allow even the smallest child a chance to see the famous Glens swing along the streets of Peterborough once again.

400 At Banquet

After registering, members of the unit on Saturday attended a reception at the Armouries where the banquet was later served. More than 400 sat down to hear a welcome from the Mayor M. S. Swanston, drink the various military toasts, and hear short addresses from Bn. members.

The Armouries were specially decorated for the occasion with shields hung high on the walls naming the various battles in which the unit had fought during the campaigns in Normandy, the Low Countries, and Germany.

Lt.-Col. Gemmell, now in the PF and attending Staff College in Fort Frontenac, greeted the old members of his unit again, and paid tribute to them for never losing a foot of ground in their many battles.

"You have a record second to none in the Canadian Army," he stated. "You are a Bn. that never lost a foot of ground and accomplished the job you set out to do."

Other speakers included Padre Brain, Brigadier D. C. Cunningham, CBE, DSO, former OC of the 9th Canadian Infantry Brigade, Brigadier Haldenby Lt.-Cols. Hicks-Lyne, Rutherford, Franklin and D. C. Cameron, and Majors Charles Beattie, ED, president of Brockville Association; Major Ken Kingston, OBE, Lt.-Col. M. C. Clarke, ED; Lt. W. C. Meiklejohn of Kingston, and Capt. W. J. Curtis, president of the local Association.

Mayor's Tribute

"We are proud of the S. G. and D.'s" said Mayor Swanston, "and we are also proud of the fact that a local boy, Lt.-Col. Gemmell took you over and brought you back."

"We are also proud of the work which they have done to establish themselves in civilian life."

The D-Day commander of the Bn., Lt.-Col. G. N. Christiansen, was called by long distance phone in London, Eng., by a group of about 25 of the unit, and he sent his warmest greetings. Another former commander, Lt.-Col. Roger Rowley, DSO and Bar, was contacted by phone and he too congratulated the unit on holding its second annual re-union.

Padre Brain proposed the toast to Fallen Comrades, followed by a minute of silence and a Lament on the pipes.

Lt.-Col. Max Clarke, ED, DSO, of the 50th Heavy AA Regt., host to the Highlanders, proposed the toast to the First Battalion and also the Highland Honors.

When the banquet was over the men had a social evening. Some of the good-natured revellers kept up the celebration with Pipes and Drums, in the down town area, until the sun rose. After a quick nap and clean up they were ready for the Sunday afternoon parade.

Dentist Wins U.S. Open Golfing Crown

CHICAGO, June 13 (AP) It will be some time before Dr. Cary Middlecoff of Memphis, Tenn., goes back to yanking teeth.

The United States open golf champion, Middlecoff was the second highest money-winner in the professional circuit. He has a 1949 take of nearly $12,000—which probably is close to financial par for any successful dentist.

Middlecoff's open triumph over Medinah's No. 3 "Jungle" course Saturday, with a two over par 286, settled any indecision on the part of the 28-year-old to swap his drills and extractors for woods and irons.

He let Sammy Snead knock him the coveted open with a traditionally treacherous putter.

Snead, still the year's top money winner with $13,860, could have squelched Middlecoff's open conquest with a little sensible approaching on the home stretch.

Gets Hoo Frisky

The White Sulphur Springs, W. Va., golfer needed only two closing pars to tie Cary. But Sambo who was trying to tack the nebulous open crown to his masters' and National PGA sweeps this year, got frisky on the deceptive 17th lake hole.

Snead tried his erstwhile reliable goose-necked putter from the stubby 17th fringe. He floated six feet past the hole, and then rimmed his comeback, in and out of the cup. A chip from the fringe might have done it.

That actually determined the championship, forcing Snead to try for a high pressured birdie on the par four, 395 yard last hole.

Sam couldn't do any better than a par and Middlecoff was the new open champion, succeeding injured Ben Hogan.

W.M.S. MARKS JUBILEE — Hastings Trinity United Church Women's Missionary Society observed its Diamond Jubilee at a special meeting and reception on Thursday. At left above, the church is shown as it looked at the time of the society's founding and at right as it looks today. The lower picture shows Mrs. A. E. Metcalfe, the present president, and Mrs. P. Newell of Fenelon Falls, the only two living who have held the office of president. Mrs. Metcalfe has been president for the past 23 years.

Hastings WMS Observes Its Sixtieth Anniversary

HASTINGS, June 13 (ENS)—Hastings Trinity United Church and WMS observed its 60th anniversary on Thursday in the church with about 200 present from Roseneath, Keene, Peterborough, Westwood, Campbellford and other points. Welcoming the guests were Mrs. A. Watters Mrs. G. Humphries, Mrs. P. Beares, and Mrs. E. Fleming.

The history of the WMS was related by Mrs. A. E. Metcalfe, Trinity WMS was organized in 1889 in the former Methodist Church by Mrs. L. Massey of Toronto with a membership of 14.

First Members

Among the first members were: Mrs. David Anderson, Mrs. Isaac Thompson, Mrs. J. H. Scriver, Mrs. George Brooks, Miss Lottie Brooks, Miss Ella Brooks, Miss Ella Beares, Mrs. Wm. Clapper, Mrs. Adam Beares, Mrs. Parsons, Mrs. Hugh Collins, Mrs. R. C. Doxie, Mrs. B. F. Doxie, and Mrs. Wm. McConnell.

In 1898 Mrs. Nelson Beares was elected president, serving in that office until 1921 when Mrs. B. F. Doxie became president. Mrs. Doxie served until 1926 when Mrs. A. E. Metcalfe was elected and carried on the work until 1938. In that year, Mrs. (Rev.) Newell was elected, but only served for six months, leaving Hastings in 1939. Mrs. Metcalfe then took up the work again, this year being her 23rd in office.

Trinity United WMS has contributed four missionaries, Miss Lottie Brooks, who served 40 years in China, Mrs. Redner who spent several years in British Columbia, Mrs. D. E. Scriver and Miss Ella Beares, who served at Port Simpson.

Six white candles were lit, with Mrs. R. Collins lighting a candle for the past presidents; Mrs A. E. Metcalfe for the present president; Mrs. G. Fox for the deceased members; Mrs. H. E. Oliver for the past members; Mrs. W Way for the present members and Mrs. A. Poole for future members.

Mrs. H. Rehill, president, Peterborough Presbyterial, brought greetings.

Guest Speaker

Mrs. F. W. K. Harris of Peterborough, President of the Bay of Quinte Conference Branch, was guest speaker, introduced by Mrs. A. E. Metcalfe.

Mrs. W. Way presented Mrs. A. E Metcalfe with a bouquet of flowers and Mrs R. Collins read an address of appreciation.

The members of the WMS and Evening Auxiliary waited on the tables at the reception held in the church basement.

Mrs. M. Baker, president of the Evening Auxiliary, and Mrs Cecil Oliver, president of the WA, poured tea.

Capot Captures Belmont Classic

NEW YORK, June 13 (AP) — Ponder prepared to depart today for Chicago, leaving behind him Capot and Palestinian and a mild controversy over the Belmont Stakes.

It will go down in the records as a sweet $60,900 victory for Capot, the Greentree Stable's three-year-old ace. But many in the crowd of 40,421 at Belmont Park Saturday especially those who established the Calumet colt the 4 to 5 favorite—thought Ponder should have taken it, as he did the Kentucky Derby.

They say jockey Steve Brooks waited too long this time to make his move. As it was, Ponder was coming like an express at the finish, only to be beaten off a half-length by Capot—with Jockey Ted Atkinson of Toronto up—who returned $13.20 for $2.

Ponder flew past the tiring Palestinian in the final few jumps to grab second place by a half length over Isidor Bieber's ace, second choice in the betting. Capot was third choice.

These three, who have been slugging it out all spring in the triple crown classics, were the only ones in the Belmont as far as a horse race was concerned.

LAWN BOWLING

By HERB MARTIN

Another heavy week of lawn bowling coming up. Monday, Tuesday and Thursday, regular schedule games. Wednesday afternoon and evening the ladies held their big open tournament for the J. J. Duffus Trophy. On Friday night, men's doubles. Choose your own partners.

And on Saturday we are expecting about 40 members from a Toronto Club here to take part in the "Family Hour" tournament. More information about this later.

We notice that the first round in club singles is to be played on Monday, June 20th.

Playing in Toronto on Saturday at the St. Lawrence Park Bowling Club, Mr. and Mrs. J. Cullen and Mr. and Mrs. H Wilson came home with the prize for high two wins. They just missed winning the trophy by two points, in the last game.

Today's thought—the good you do is not lost, though you forget it.

Bisons Take Twin Bill From Syracuse

By The Associated Press

Coaker Triplett and Chet Laabs are beginning to show signs of living up to expectations for the surprising Buffalo Bisons.

Triplett, the defending International League batting champion, and Laabs, who was in the running for the home run crown last year until sidelined for a long spell with an injury, batted the Bisons into first place Sunday.

Triplett collected six hits, and Laabs five in the Bisons' 11-3 and 7-2 triumphs over the Syracuse Chiefs.

Saul Rogovin posted his fourth victory as against one loss in the first game with Luis Aloma, with help from workhorse Ernie Silverman hung up his fifth triumph in the second game.

The Bisons wrested the lead from Jersey City Giants by four percentage points. The Giants divided a pair with the third-place Toronto Maple Leafs who are only 10 percentage points away from the top.

After Wes Bailey tamed the Leafs 7-2 for his eighth victory, Nick Strincevich hurled the Leafs to a 3-2 triumph. The Leafs got only four hits off Bob Hansen but combined two along with two walks and an error for all of their runs in the sixth inning.

Lose Twin Bill

The defending champion Montreal Royals toppled two games off the pace, losing a twin bill to Baltimore Orioles 8-5 and 4-3. Home runs by Bingo Binks, Hank Arft, Al Cihocki and Bob Young, permitted Irv Medlinger to pick up his first victory of the season in the opener. Medlinger was rapped for homers by Al Gionfriddo and Sam Jethro.

Al Widmar, in a relief role, gained credit for his eighth victory in the aftermath when Red McQuillen blasted his 12th homer.

Rochester Red Wings moved to within three games of the fourth-place Royals by sweeping two games from Newark Bears 6-3 and 4-3. The defeats dumped the Bears into the cellar.

Five Plaques Put Up In Ball Hall of Fame

COPERSTOWN, NY, June 13 —(AP). — Five plaques were to be put in place to-day at the National Baseball Hall of Fame commemorating two heroes of olden days and three modern greats.

Honored were Mordecai Peter Brown and Charles A. (Kid) Nichols, pitchers from baseball's misty past, and Herbert J. Pennock, Charles L. Gehringer, and Harold J. (Pie) Traynor of more recent times.

Nichols and Brown were selected by the Old Timers' Committee, Pennock and Traynor were voted in last year and Gehringer this year, by the baseball writers.

Unveiling of the five plaques brings to 58 the number on display in the Hall of Fame.

Goalie's Penalty Costs St. Kitts Tiger Victory

By The Canadian Press

A major penalty to Athletic's goalie Bill Whitaker meant a 14-10 victory for Hamilton Tigers over the St. Catharines club in an Ontario Senior Lacrosse Association game at St. Catharines Saturday night with Whitaker off for fighting. Tigers fired five goals in as many minutes past Whitaker's substitute to give the Athletics a jolt from which they couldn't recover.

In a second game at Brampton, the Excelsiors defeated Weston Yorks 7-5 in a gruelling ball-ragging contest.

Doug Davidson came through with four goals for Tigers with Gair and McDonald each getting two. Grainer, Jamieson, Doyle, Capula, McKenzie and Dorney got one each while Hildebrand and Croft picked up one apiece.

Couldn't Make Up Loss

St. Catharines were leading Bengals 3-1 when Whitaker took a lunge at Merv McKenzie for boarding a smaller team-mate. Davidson and Gair each rapped in two goals while Whitaker was off and Athletics were never quite able to make up the loss.

Weston took a one-goal lead in the first quarter against Excelsiors but Brampton swung back with two goals in the second frame while keeping Weston scoreless. Weston roared back with three fast goals early in the third frame, and then their scoring was finished for the night with Brampton making up the deficit and slapping in two for good measure by the game's end.

Coldwell Sure CCF To Be Next Opposition

VANCOUVER, June 13.—(CP).—M. J. Coldwell, national CCF leader, said Saturday he believes his party will be at least official opposition in the next Parliament.

The CCF leader made his prediction at a press conference here after arriving from the British Columbia interior where he has been campaigning for the last few days both for the June 15 provincial election and the June 27 federal vote.

The chances of the CCF in Canada, he said, appear to be "extraordinarily good" from the Quebec border west. The industrial centres of Ontario offered encouragement and the CCF was likely to take at least 20 seats in Ontario.

"I think there is also a very good chance of the CCF forming a government in British Columbia," Mr. Coldwell said. CCF stock was going up generally and receptions all across the country had been "enthusiastic."

He said he is convinced that the Progressive Conservatives have lost "a great deal of ground, particularly in Quebec."

The CCF leader said the real fight in the federal election seems to be between the Tories and the CCF for the position of official opposition in the next Parliament.

"I think Col. Drew may run third and will have fewer seats than he has now. I have said that from the beginning and I am more convinced now, after traveling across the Dominion, than ever."

Omemee Branch Of Canadian Legion Given Charter

OMEMEE, June 13 (ENS) — Recently organized Branch 497 of the Canadian Legion at Omemee held a banquet in Coronation Hall Thursday evening with President R. Widdis as master of ceremonies. At this dinner the branch received its charter. Approximately 135 veterans of the two world wars and their friends were present. Out-of-town guests were: Provincial president E. S. Evans, Toronto; District commander T. Lakefield; and Comrades Corrie Threadgold, Whitby; Colonel R. I. Moore, Lindsay; Major E. Jones, Lindsay, commander of Zone 4; Comrades Chapple and Baldwin, and Walton of the Sir Sam Hughes Branch, Lindsay.

Premier Sends Message

Greetings from Premier Leslie Frost were conveyed by Colonel Moore.

The toast to the ladies, proposed by Padre V. E. R. Zufelt, was replied to by Mrs. Wm. N. Earle.

Addresses were given by District Commander Threadgold, by Zone Commander Major Jones and Provincial President Evans. Mr. Threadgold spoke on the organization of the British Empire Service League and Canadian Legion, citing benefits reaped from them by returned men of the Second Great War.

Mr. Evans presented the charter after the president had introduced the charter members.

Two quartet numbers were sung by four Bethel boys: Clifford Faulkner, Charlie Wellman, Sherman Harrison and John Lewis, Mrs. O. Ruth accompanying them.

Comrade Edward Lowes moved a vote of thanks to the Women's Association of Trinity United Church who catered for the banquet.

23 Fatalities In Ontario In Weekend Heat Wave

By The Canadian Press.

An Ontario radio ham was talking to a fellow operator during the week-end when he slumped over the transmitter, killed by a short circuit in his set. His death was one of 23 fatalities in Ontario compiled during the week-end by the Canadian Press.

Throughout Eastern Canada 29 persons died violent or accidental deaths as a heat wave drove thousands to beaches and resorts.

A plane crash near London, Ont., killed John Pocock, 18-year-old student pilot from Lambeth.

Bothwell-Clark Wedding

The marriage took place Saturday in Knox United Church of Audrey Luella, daughter fo Mr. and Mrs. Earl S. Clark, to Mr. Robert Cameron Bothwell, son of Mr. and Mrs. Harry F. Bothwell of Cavan. The Rev. H. G. Douglas officiated.

Peonies, iris and ferns decorated the church. Music was by Mr. Wm. R. Potter, organist. During the ceremony Mr. Irwin Luther of Woodstock, sang "Because" and "I'll walk beside you."

The bride was given in marriage by her father and wore a gown of white slipper satin with Brussels lace forming the shoulder yoke and a pointed overskirt which was edged with seed pearls. The satin sleeves tapered to lily points at the wrist and the full skirt fell into a long train. Her Queen Anne headdress of white silk net was edged with seed pearls and orange blossoms and she carried a cascade of American Beauty roses.

Miss Marjorie Clark was her sister's maid of honor in a gown of buttercup yellow embossed marquisette over taffeta with matching bertha collar edging a yoke of nylon net. She wore mittens of marquisette and a halo of yellow and white flowers and was carrying a nosegay of mixed summer flowers.

Miss Beth Harrison of Toronto and Miss Doris Mann of Detroit were junior bridesmaids in pretty frocks of sky blue eyelet organdy over powder blue taffeta, the full scalloped skirts caught up with ribbon bows. They wore matching scalloped halos trimmed with pink and blue flowers and large bows with streamers, and organdy mittens. The dainty flower girl, Dorothy Sherry of Huntingdon, Quebec, who in buttercup yellow embossed marquisette over taffeta, styled similarly, and she wore a halo of summer flowers. Each carried a pretty nosegay of mixed blooms.

Mr. Glen Bothwell attended his brother. Ushers were Milton Clark and Noble Bothwell, brothers of the bride and groom.

The bride's mother was attired in grey printed silk with navy accessories and wore a corsage of red roses. The groom's mother wore black figured silk with black accessories and had deep pink roses. Both received at the reception held in the Empress Hotel. Mr. Irwin Luther played "Through the years" at the closing.

The bride and groom left for a wedding trip through Northern Ontario. The bride travelled in a suit of turquoise gabardine. Her hat was of white straw and ribbons caught with forget-me-nots and she had white accessories and corsage of red roses.

Mr. and Mrs. Bothwell will live on the Chemong Road.

Hastings Fire Chief Weds

St. John's Anglican Church, Warkworth, was the scene of a pretty wedding Saturday afternoon when the Rev. W. J. Lennox, Campbellford, united in marriage Helen Louise Shea of Hastings, daughter of Mr. and Mrs. Roy Shea, Warkworth, and Mr. Iden J. Bonds Jr., son of Mr. and Mrs. Iden Bonds of Hastings.

Given in marriage by her father, the bride wore an original portrait gown of traditional satin fashioned with a fitted bodice and the bouffant skirt sweeping into a full circular train. Her full-length veil was caught to a coronet of orange blossoms and she carried a white prayer book and a bouquet of red roses.

The bride's small sister, Elsie Shea, was flower girl dressed in green taffeta with matching hat and elbow-length gloves. She carried a nosegay of pink rosebuds.

Miss Doris Killingbeck, maid of honor, was gowned in blue taffeta fashioned with an off-the-shoulder neckline, fitted bodice and full skirt with bustle back. She wore a matching hat and long gloves and carried a bouquet of pink and white carnations.

The bridesmaids, similarly attired, were Miss Zella Gummer in mauve, carrying yellow carnations, and Miss Jean Ferguson in pink, carrying pink and white carnations.

Mr. Harold Shea, soloist, sang "I Walk Beside You" and during the signing of the register sang "Because".

Jack Peterson was organist. Bruce Elmhrust was groomsman and ushers were the bride's brothers, Pte. Roy Shea of P.P.C.L.I., Calgary and Donald Shea.

At the reception held in the Masonic Temple the bride's mother received wearing a heaven blue crepe dress with navy accessories and corsage of pink and white carnations, assisted by the groom's mother in grey crepe with navy accessories and a similar corsage.

For their honeymoon trip to the States, the bride changed to a grey gabardine suit and navy accessories.

On return the couple will live in Hastings where the groom is the Fire Chief.

Mr. J. Knapp, record librarian of the CBC, Toronto, was in the city Saturday to attend the wedding of Miss Dorothy Ballard, a staff member, to Mr. George Paul of Toronto.

The friends of Mrs. Wm. O'Brien (Buddy) of Lakefield will regret to learn she is a patient in St. Joseph's Hospital.

Girls of the CBC record library where she worked presented a pewter tray. Miss Joan Gardiner of Peterborough was hostess for a linen and china shower held at the home of Mrs. Doug MacPherson, Water St. The groom received a tri-light floor lamp from associates at Photo-Engravers where he is employed as a commercial artist.

Lovely Garden Tea Held By St. Peter's CWL

St. Peter's Catholic Women's League held their annual garden tea on the grounds at the Stone School, Hunter St., and entertained an unusually large crowd. Mrs. S. J. Houlihan, president and general convener, received many congratulations on the success of the first event since she took office.

Guests were greeted by Mrs. Houlihan and ushered to small flower-decked tables under the trees by Mrs. F. J. Lynch, Miss Lillian Hurley and Mrs E. Quinlan.

A long tea table arranged against a background of spirea shrubbery in full bloom was much admired. It was covered with a natural linen cloth, beautifully embroidered in a darker shade, and centred with a basket of peonies in shades from pale pink to deep rose, white lilacs and purple iris. Early summer flowers in matching colors were in low crystal bowls placed down the centre.

Mrs. John Begley and Mrs. John Emory were in charge of table arrangements. Taking turns pouring tea were Mrs. T. Carroll, Miss Anna Murray, Mrs. D. Sullivan, Mrs. J. O'Donnell, Miss Teresa McNamara and Miss Rose Brennan. Assisting to serve were Mrs. J. J. Crowley, Mrs. Cupoli, Mrs. W. Richardson, Mrs. Chimenti, Mrs. H. Beresford, Mrs. K. Poole and Miss M. Grady.

Dorothy Ballard Is Bride Of George Paul, Toronto

In George St. United Church on Saturday afternoon the marriage was solemnized of Dorothy Jean, only daughter of Mr. and Mrs. Horace W. Ballard, 812 Water St. N., and Mr. George Alexander Paul of Toronto, son of the late Mr. and Mrs. G. Paul, the Rev. Dr. James Semple officiating.

Candlelight brought out the beauty of the floral setting at the altar, mauve iris in tall standards and pink peonie with white sweet brocket in baskets, with banking of ferns and palms.

Wedding music was by Mr. Chas. Allen, organist, and Miss Deltra Eamon of Toronto was soloist. Before the ceremony she sang "O Perfect Love" and while the register was signed "I Love Thee."

The bride was lovely in an original gown of ivory satin with yoke and sleeves of beautiful ivory lace. A peplum front on the front on the slim skirt feel into soft deep folds at the back and formed a cathedral train. She wore a halo hat of satin, covered with lace and edged with ruching, which held tulle veiling that fell to fingertip length, and she carried a ring of dark red roses showered with lily of the valley. Mr. Ballard gave his daughter in marriage.

Maid of honor Miss Joan Gardiner and bridesmaid Miss Joyce Morrow, Toronto, were in bouffant frocks of pale yellow and turquoise taffeta with shoulder berthas edging sheer yokes. They wore halo hats of the material of their dresses with miniature veils in the same shades and matching gloves and shoes. Each carried a ring of pastel shaded sweet peas and Bettertime roses. Small Linda Morgan, flower girl, was in peach pink taffeta. She wore a halo of flowers in her hair and carried a nosegay of pink sweet peas centred with a yellow rose.

The groom was attended by Mr. Roy Reading of Toronto. Ushers were Walter Dunford of Peterborough and Bill Morrow of Toronto.

For the reception guests passed under an arch of locust branches and flowers into the church parlor. The receiving line stood before the mantel on which were miniature wagons filled with flowers, surrounded with clouds of filmy net in pastel shades. Mrs Ballard, gowned in dusty rose crepe with watching gloves, navy hat and accessories, and wearing a corsage of deep pink roses, received with the bridal party.

Leaving later for a honeymoon in the Kawartha lake district, the bride was smart in a pale blue linen suit with hat and accessories of navy and white polka dot.

Mr. and Mrs. Paul will reside at 9 Martin Road, Toronto.

It's so different today

PIRACY on the High Seas was, no doubt, exciting until it came to breakfasting on salt pork and ship's biscuit. Nowadays that delicious cereal, Post's Grape-Nuts Flakes, is eaten joyfully on both sea and land. It's made from not one but TWO grains — sun-ripened wheat and malted barley.

Bold buccaneers of today come aboard with zest when Grape-Nuts Flakes are in the offing. And a good thing too, because these honey-golden flakes provide nourishment they need . . . useful quantities of carbohydrates, protein, phosphorous, iron and other food essentials. Barbed Tongue Scares Men Win Friends With Praise

DEAR MISS DIX: Every time I go out with a boy I say some mean, insulting thing to him that makes him cool to me for the rest of the evening and he never takes me out again. I try hard to hold my tongue, but I never can. I have been out with many boys, but only for once, because I can never keep form saying sarcastic things to them. What can I do to be nice to them and attract them?

Dorothy Dix

LONESOME JANE

✧ ✧ ✧

ANSWER: Put honey on your tongue instead of vinegar. You certainly can't be foolish enough to expect any man to spend his time and his money on you giving you a good time when you reward his efforts by insulting him.

None of us is built that way. we do not yearn to haveour faults and weaknesses called to our attention. Nor do we lap up criticism and ask for more. What we have a yen for is to be pollied along. We seek the society of people who tell us how charming and agreeable and good-looking we are. Especially do men like to have their fur rubbed the right way, and only the girls who are adept at doing this ever have many dates.

Greatest Misfortune

The greatest misfortune that can happen to any woman is to be endowed with the gift of sarcasm and have a talent for saying witty and cutting things, for not one woman in 10,000 has the self-control to refrain from using them. I have known women who, for the sake of getting a laugh, would alienate their best friends and who would stab those who loved them to the heart with an epigram.

Make your tongue your servant instead of your master. Force it to say kindly things instead of mean ones. It will make you happy and men will flock around you instead of running away from you, for there is nothing on earth that men so dread and fear as a wisecracking woman. And the bravest man on earth turns coward in the face of a virago.

✧ ✧ ✧

DEAR MISS DIX: I am 20 years old. Fourteen years ago my father died, but my mother did not remarry until four years ago. She married a man seven years her junior. She is now 37 and he 30. Recently I returned from school abroad and met my stepfather for the first time. We were immediately attracted to each other and for several months have known that we are really in love. Both of us love my mother and do not wish to hurt her, but we can no longer disregard our love for each other. My mother knows nothing of our feelings. I am so unhappy. What shall I do?

FLAME S.

✧ ✧ ✧

ANSWER: What a tragedy! Surely Fate can weave no situation more full of dark complications than yours, nor one from which there is no escape save one that is filled with suffering for some one. It is bad enough for a woman when her husband ceases to love her and falls in love with another woman, but it is worse when that other woman is her own daughter. That makes it seem almost as great a crime as matricide. It is a terrible misfortune when a young girl falls in love with a married man, but when that man is her mother's husband and it is her mother's home and happiness that she is endangering, it is a catastrophe.

And it is no solution of the problem that neither the man nor the woman are really guilty of any disloyalty to the woman they both love. We cannot control our affections and their unfortunate love is just one of the things that happened. Youth calling to youth.

Under the circumstances, my advice to you is to go away from home for a year at least and see if absence will not cure your love for your stepfather and his for you. You are young and your mother is middle-aged. Give her the breaks. But, if you cannot do this, go to her and tell her the truth and let her decide what to do. You owe her that much at least.

✧ ✧ ✧

DEAR DOROTHY DIX: I am engaged to marry a banker whose secretary I am. If I marry him he will hire a new secretary in my place and I am afraid he may fall in love with her as he has with me. Shall I keep my position or marry him?

GRETA

✧ ✧ ✧

ANSWER: I'll say that the riddle of the lady or the tiger was easy to solve compared to whether a secretary shall marry her boss or continue to boss him as his secretary. But perhaps all secretaries are not so fasinating as you are or perhaps your fiance many not be such an easy mark for the arts and wiles of a secretary as you think he is. At any rate if I were you I would marry him and pick out his next secretary. Something old and sour and crabbed with stringy hair and a snub nose and false teeth.

That, with knowing that you are wise to the ways of employers and secretaries, should keep your husband walking the strait and narrow path.

Question: Would you have space to print a recipe for rhubarb and and strawberry jam before the season is over? PAT.

✧ ✧ ✧

Answer:

Strawberry and Rhubarb Jam

Wash and cut up enough rhubarb to fill 2 cups, well packed. Mix with 3 cups strawberries and 3 cups sugar. Bring to boiling point and boil hard 1 minute. Add ½ cup bottled pectin, mix well, remove from heat, let stand 1 minute, then pour into sterile glasses and cover with hot paraffin — adding a second coating when cold.

Question: What is Russian dressing that hotel dining-rooms serve on head lettuce salad. We had some but for the life of me I couldn't tell what it was made of. SUSAN.

✧ ✧ ✧

Answer:

Russian Dressing

Mix 4 tablespoons genuine oil mayonnaise with 2 tablespoons chili sauce and 1 tablespoon extremely finely cut celery stalks. Mix very well and chill.

Question: Cherry season is at hand and I want you to repeat that cherry pudding with a batter you printed one Spring. You suggested that we use the juice for a sauce. It is a glorious pudding. ANNA K.

✧ ✧ ✧

Answer: I think this must be the one you are thinking of:

Grandma's Cherry Pudding

One egg, 1 cup sugar, ½ cup milk, 1½ cups flour, 2 teaspoons baking powder, 1 pint stoned cherries (if using canned cherries in the winter time reduce amount of sugar to 2-3 cup). Cream egg and sugar together, then add the milk, and sift in the baking powder and flour which have been sifted together. Heat stoned Montmorency cherries with ½ cup sugar in a buttered baking dish, then pour batter over them and bake at 350 deg. Fahr. for about 20 minutes. May be served with cream; but if cherry juice is used thicken 1 cup of it with 2 tablespoons cornstarch stirred to a paste in water.

✧ ✧ ✧

Question: You said you liked that pineapple icebox cake to make ahead of time when you were having a crowd and I have lost the recipe. I think the recipe you gave us served 16. Would you mind repeating it? I have canned some pineapple too, but not in cans like you did. Could you use fresh pineapple?

Pineapple Icebox Cake
(Serves 16 people)

One cup sugar, 1 20-oz. tin crushed pineapple (OR 2 cups fresh crushed pineapple and 1 cup water and ½ cup sugar—the water and sugar are extra to the other ingredients in this recipe), 1 tablespoon cornstarch, ½ cup butter, 2 cups icing sugar, 2 dozen lady fingers (OR equivalent in sponge cake or vanilla wafers), ½ pint whipping cream, 1¼ cup cold water and—if desired—extra cream, whipped, for serving over cake and nuts and cherries for garnishing.

Cook together the sugar, pineapple and cornstarch until thick, stirring. Arrange the halved lady fingers, or slices of sponge cake or cookies on bottom and sides of mould, and cover with a layer of butter and icing sugar which have been very well creamed together. Add a layer of the pineapple mixture; repeat these three layers. Whip the cream, sweeten and flavour it, add the gelatin which should be soaked in the ¼ cup cold water and dissolved by stirring over hot water. Spread the cream and gelatine mixture over ingredients in layers in mould. Chill overnight or 24 hours. Cut in thin slices to serve. It is lovely garnished with alternate pieces of pecans or almonds and red and green cherries cut in slices. For special occasions use little slivers of candied pineapple too, and shredded Brazil nuts.

INTERNATIONAL GATHERING— Attending a tea held in conjunction with the British Commonwealth Medical Conference in Saskatoon during the week, were these three visitors from empire countries across the seas. Mrs. J. F. C. Anderson, standing, wife of the president-elect of the Canadian Medical Association, was hostess to Miss S. Sen, daughter of Dr. S. C. Sen of India, left; Mrs. N. Ahmed, wife of Dr. Ahmed of Pakistan; and Mrs. Guy Dain, wife of Dr. Dain of London, Eng.

Menus For Special Purposes

By MARY MOORE

Low-Calorie Dinner
Broiled Split wieners (2.15 cal.)
Mustard (1 tea. 5 cal.)
Chopped Spinach (with lemon, salt and nutmeg) 6 oz. 25 cal.)
Kernel Corn (4 oz. 84 cal. no butter)
Fruit Cup of Sliced Strawberries and Bananas (6 oz. 90 cal.) Clear Coffee (0 cal.)

High-Calorie Low-Cost Dinner
Chilled Tomato and Lemon Juice Cocktail
Mock Duck (see notes)
Pan Roasted Potatoes and Carrots
Cabbage and Chive Slaw
Cottage Pudding with Crushed Berries Coffee—Hot or Iced

One-Burner Dinner
Variety Cold Meat Plate:
Headcheese, Bologna, Smoked Salmon or Whitefish
New Potatoes in Parsley and Chive Cream Sauce
Shredded Tomato and Lettuce Salad
Strawberry Shortcake using Bakers' cake) Coffee

Directions:

Mock Duck is made from flank steaks usually and must be baked with care to retain its moisture: (Use same method if you use round steak.) On a large flank steak place about 3 cups dressing made with 3 cups soft bread-crumbs, moistened with 3 tablespoons melted butter in which 1 small onion and 1 stalk celery have been sauteed until tender—vegetables should be chopped very finely. Flavour stuffing with 2 tablespoons parsley, 1½ teaspoons salt, ¼ teaspoon pepper and a little poultry dressing or sage if desired. Place over stuffing another large flank steak and bring edges of bottom steak up to overlap edges of top. Fasten with toothpicks. Place in baking dish with cover. Add ¾ cup boiling water, cover and bake at 325 deg. Fahr. for 3¼ hours. Remove lid, baste, and brown top. For a medium-sized family this is enough for 1 hot and 1 cold meal. It slices nicely cold, and is good with chutney.

Barracks Life Not So Bad CWAC Vets Say

By MARILYN LAMBORN.

TORONTO, June 13 — (CP — Barracks life with its many queues, full-dress parades, medicals and rigid discipline wasn't so bad after all. So decided many former members of the Canadian Women's Army Corps at their first large peace time reunion here during the weekend.

Some 1,100 former army women gathered from across the Dominion and a large number of them said their days in uniform were the happinest of their lives

There was a lot of nostalgia.

Mrs. Herbert Dales was old enough to be a grandmother, but that didn't stop her from leaving her hometown of Guelph, to join the army. The 53-year-old woman wanted to be an army cook, but the age limit of 45 deterred her for a time. There was only one solution— "I lied about my age," she said.

Foote Speaker.

Many of the girls wore their khaki uniforms to the re-union, but others admitted the only parts of their uniform which still fitted were hat and gloves. Those woh couldn't squeeze into the narrow skirts were issued brown berets bearing the C.W.A.C. crest.

At a downtown theatre where church services were held, Major John Foote, V. C., a wartime padre and now member of the Ontario Legistature for Durham, said he knew veterans often longed for the comradeship of the services.

"But you should try to bring that virtue of comradeship into your homes, communities and businesses," he said.

Praise for the work of the C. W.A.C. units came from Defense Minister Claxton who spoke at a banquet Saturday night.

Retiring Principal And Teachers Honored at Tea

Prince of Wales kindergarten room was setting for a pleasant get-together Friday afternoon, when the teaching staff and executive members of the Home and School Association met to honor Mr. P. D. Windrim, retiring principal, also Mrs. Brisbin, Mrs. Parcington and Mr. H. Wilson.

Mrs. H. Kearns, hospitality convener, arranged an attractive table with lace cloth and centrepiece of iris, which lent a festive air to the proceedings, and tea was served.

Mrs. H. Parnell read an address to Mr. Windrim and the retiring teachers, and Mrs. F. Gray, president of Home and School Association presented a pen set to Mr. Windrim, and small gifts of remembrance to the teachers.

Miss M. Bonnycastle, on behalf of the teaching staff, addressed Mr. Windrim, and presented a brief case. M. Faulkner and Mr. H. Currie made short farewell addresses to the other teachers, and they presented gifts.

Mr. Windrim reviewed in brief his 12 years as principal of the school, and remarked on the growth and improvement during that time. He said it was most gratifying to see a close co-operation between the teaching staff and pupils, and as a tangible proof of this bond, a considerable amount of equipment had been purchased for the school without the assistance of the Board of Education. Growth of membership in Home and School, was mentioned, for Mr. Windrim had watched that organization grow from 43 members to well over 400.

Mr. R. Rutherford was thanked by Mrs. G. Samson, on behalf of the teachers for the splendid way he has carried on as acting principal since the beginning of the year.

Stress Power of Faith At Baptist Jubilee

TORONTO, June 13 (CP) — More than 7,000 persons attending a rally of the Diamond Jubilee convention of the Baptist Churches of Ontario and Quebec Sunday night heard Rev. M. F. McCutcheon, vice-president of the Baptist World Alliance, preach on the power of faith.

Rev. Townley Lord of Bloomsbury Central Baptist Church in London, Eng., who also spoke, singled out the elderly married couples who have had years of serenity together because they believed and trusted in each other. He said life without conviction is "dull and dying."

World Business Discussed At Conference

By FORBES RHUDE
Canadian Press Business Editor

What is the International Chamber of Commerce which is meeting in Quebec this week, and what is it about?

Let the ICC speak for itself. This is what it says:

"The ICC is the business man's international body. It is his spokesman on world affairs, his forum for international discussion and contact.

"Financed by the voluntary contributions of its members, it is politically independent and receives neither instructions nor subsidies from governmenst.

"It has held the confidence of world business since it was first set up at a meeting in Atlantic City of business leaders from Belgium, France, Italy, the United Kingdom and the United States. In 1948 its membership covered 54 countries and in 32 of these a national committee grouped the economic forces of the country as a whole. . .

Two Injured Near Lindsay

LINDSAY, June 13—(ENS)—Two people were injured Friday afternoon as the result of an accident on Highway 35, near Trotter's Corners. John V. Bouch, RR 1, Reaboro, pulled out to the highway and failed to see a car being driven south by R. W. Hamilton, 680 Hillsdale Ave. E., Toronto. The Hamilton car struck the Bouch car broadside, driving both cars into the south ditch.

John Bouch, 3, passenger in his father's car, was thrown out the right door and suffered severe skin abrasions to the face and arms. The steering wheel of the other car was broken and driven against the chest of Hamilton, giving him three cracked ribs and a cracked breast bone.

Bouch and Hamilton were released after treatment by Dr. W. C. Blackwell.

5 Remaining Wickets Lost by England

LEEDS, Yorkshire, England, June 13—(Reuters)—England today lost her five remaining wickets for 65 runs, scoring a first-innings total of 372 runs in the cricket test match against New Zealand.

The English bowlers then rattled the visitors by taking two of their innings wickets before lunch. At the lunch interval on this second-day of the three-day match, New Zealand had 64 runs for two wickets.

At the close of play Saturday England had 307 for five wickets.

Denis Compton quickly raised his overnight score of 103 not out to 114. Then he was stumped when he advanced along the pitch and his flashing bat missed a ball from Burtt.

Burtt took four wickets this morning in less than seven overs at a cost of 41 runs.

Three Speakers Urge CCF Record, Plans

"Labor legislation today is a pitiable farce". These were the words of Alfred Barber, president of the Peterborough local of the United Packinghouse Workers of America, at the CCF Farmer-Labor rally Saturday night. Mr. Barber said that although he and his friends in the labor movement had tried to stay out of politics, they found themselves forced into the field when they realized that without government support of some sort they could not better the worker's lot.

Mr. Barber was one of three speakers who addressed a meeting at the CCF committee rooms. He emphasized that the problems of labor at the present time, namely, housing, high cost of living, old age pensions, inadequate labor legislation, health benefits, and unemployment insurance, were also problems that the government was finding itself trying to solve, and thus men in the labor field were being drawn into the political battle.

Need Labor Code

Mr. Barber said there was an urgent need for a National Labor Code. "The present situation whereby the provincial administration can hogtie and strangle the labor movement cannot be allowed to continue". He cited the cases of Prince Edward Island, British Columbia and Ontario where the laborer is the victim of poor legislation. He stated that it was clear that labor must support the "only party which has gone on record with a clearly defined policy of supporting price control, rent control and low cost housing on a national scale—the CCF party." Mr. Barber also said that it is no longer possible to believe in a government that has had years to filfil promises made, and that it is time to support the CCF which has pledged the type of labor legislation that is needed.

Mr. Barber ended by urging the people to examine the questions of health and social security. The only party which has signified itself ready to recognize the obligation it has in providing for the workers is emergency illnesses is the CCF, the speaker said, and as such, its platform is tailor-made to labor's needs.

Discusses Farm Problems

The second speaker of the evening was Clayton Fee, who told of the problems of the Canadian farmer and the reasons he is leaving the farm. Mr. Fee said that he is not getting the money that is properly due him. Mr. Fee gave milk marketing as an instance; the farmer gets only 6½ cents out of the 18c the consumer pays for a quart. Secondly, the farmer is not getting the security he should have, Mr. Fee said, warning that the days of the '30s's, when the farmer received very low prices for his wheat, were coming back. "If the present policy of the Canadian government is not changed, we shall have a depression."

Mr. Fee said that in 1945 the government of Canada had trade agreements for the purchase of 450 million lbs. of bacon by Great Britain, and 1949, the agreement is for only 160 million lbs. So far, he said, with the year six months gone, only 13 million lbs. have been sent overseas. Mr. Fee claimed that the reason that Canada is not meeting the contract is that hog production does not pay, because the subsidies have been taken off coarse grains. Thus, the farmer is not willing to raise hogs at a loss. In all, Canada had 143 trade agreements with Great Britain in 1945, and now she has only four.

The cure for this, according to Mr. Fee, is the CCF-sponsored National Marketing Act, which would make contracts with Great Britain and other foreign markets, and would take the obvious steps, such as the subsidization of coarse grains, to encourage the farmer to produce more, and to give him a bigger share of the profits accruing from the sales.

Saskatchewan Example

The last speaker was Dr. W. H. Ford of Keene, who lived for nine years in Saskatchewan, some of them under the Douglas Government. Dr. Ford said that he would not say that the CCF was going to do in the future, but would confine his remarks to what the CCF has done in the past. In this line, he said that he felt that the CCF Government under T. C. Douglas in Saskatchewan was the only one in the British Empire that did or tried to live up to its platform promises.

Dr. Ford told of the Government health scheme in Saskatchewan, where each person is charged $5 per year, with a maximum of $30 per family, for health insurance, and in turn had all his medical bills paid when he was ill. He compared it with the plans in vogue in Ontario today where the person pays $53.75 per year, and then receives only $3 a day from the company, during his illness.

In addition, the Douglas Government gives complete medical service to old age pensioners.

This plan worked out so well, Dr. Ford claimed, that the Liberal leader in Saskatchewan promised the people that if the Liberals were elected they would continue the CCF policies. "I felt sorry for a man who could only prsise the work of the opposition," he said.

The speaker urged anyone who was afraid that the CCF might take their land or their homes from them to join the party and go to the conventions where the policies of the party are formulated. He said that thus anyone who had a fear of any CCF action could see that the proposed action was thrown out.

An open session was held at the conclusion of the speeches. Questions of pensions, rising prices, Communists in the labor movement, taxes, and "the feeding of Canada's youth to the cannons of capitalism." The chairman criticized the other political parties for not holding open sessions at the end of their rallies, as he had been told is the case, and impressed on the audience that "here you have a perfect right to state your opinions."

Chairman of the rally was Walter Dinesen, president of the CCF in Peterborough. A welcome was extended by J. H. Miles, local CCF candidate, who stated that "we're heading downhill again for those old '30's. I think we can stop it if we get the CCF in at Ottawa." A motion of adjournment and a vote of thanks were moved by William Whibbs, and the meeting closed with God Save the King.

Church Softball

Church Softball League playoffs are now in full swing. The peewees have sudden-death semi-finals with All Saints playing St. Andrew's tomorrow night at Central, and St. George's meeting Keene the same evening at King Edward School.

The bantams have three out of five finals, St. James being one game up. Second game is at Central tonight as they play All Saints, third game being there Wednesday and fourth if necessary at the Oval on Thursday.

Keene plays George St. on Thursday at Central in a sudden-death semi-final, winner to meet St. George's.

In junior, three of five finals—the first one ending in a 13-all tie—Keene is at home tomorrow to St. George's, while they have another tilt Thursday at King Edward School.

Cricketers Win From Dovercourt

By C. H. IRESON

The Peterborough - Whittaker cricketers took a clean-cut victory, 126 to 47, over the Dovercourt club Saturday in a council match in Toronto. Batting first, the visitors took the score to 54 for the first wicket with W. Wright getting 28 and F. Booth 20. H. Pyle came in and ran up the day's high score, 32 including five fours. B. Roberts (18) and F. Dyer (10) helped take it to 115 for five. Dovercourt tried five bowlers, the most successful being H. Rae, five for 44, and F. Budge three for 38.

The Dovercourt batsmen made a poor showing against the bowling of H. Pyle, six for 29, and F. Booth, four for 15, and the score was only 18 for five wickets. J. Robertson then made the side's high score of 14 but the innings closed for 47. The locals fielded well with B. Roberts' catch a feature. Pyle and Booth had a big day to score 48 runs, taking all the Dovercourt wickets. The score.

Double Fracture Suffered By Small Boy

Results of four accidents on city streets during the weekend are a leg fractured in two places for six-year-old Bill Armstrong, son of Mr. and Mrs. W. A. Armstrong, 170 Dublin St., and close on $2,000 damage to six cars.

Young Armstrong was knocked down by a half-ton truck Saturday morning as he ran across the intersection of Water and McDonnel Streets. He was driven to St. Joseph's Hospital by his parents and Dr. Bob Young diagnosed two fractures betwen the knee and ankle of one leg.

Mrs. Armstrong told the Examiner today that her son is progressing as well as can be expected and she is hoping to have him home either today or tomorrow.

Driver of the truck was Morgan Bigelow of Bethany, who told Constables E. Beatty and W. S. Fife that the boy ran out into the intersection in front of his truck. Cars driven by James Telford, 658 Armour Rd., and Robert A. Meyer of Toronto, were wrecked Saturday evening as they crashed at the intersection of Sherbrooke and Stewart Sts.

With no stop sign at this intersection, Mr. Telford approached the crossing as he proceeded north on Stewart St. and Mr. Meyer was travelling across the intersection west on Sherbrooke and Constable Dalton said there was no evidence when he inspected the scene after the accident, of excessive speed.

Roy Sanderson of Sandy's Cigar Store had his new Chrysler smashed badly with damage estimated at between $400 and $500, when he was involved in an accident Sunday where Reid St. joins the Chemong Highway.

Constables Vern O'Donoghue and Don Mackay, who investigated the scene after the accident, found that the two cars collided as Mr. Sanderson turned into the Highway and Mr. Robert Bird of Bowmanville Beach turned off the highway onto Stewart St.

Earlier Sunday there was a collision between cars driven by William Rickard, 558 McCannan Ave. and Adrian Devlin, 474 Park St. at Park and Elm Sts., resulting in damage to both cars.

Constables Claire McGillen and Grant Gillespie, who investigated, found that as Mr. Devlin had been driving north on Park St. and Rickard had been travelling south, sides of the two vehicles had brushed, ripping off the handle and denting the left door of Mr. Rickard's car, crumpling the left fender and tearing the running board.

The front left fender of Mr. Devlin's car was crumpled, the front bumper broken and the steering damaged.

Robbins Bros. Circus Moves In

Scores of youngsters are pulling long grass out by the roots last night for the pygmy elephants that came in with Robbins Bros. circus Sunday morning. The circus rolled into Exhibition Park from Lindsay with a battery of trucks containing everything from wild animals to a generating unit.

Robbins Bros. are giving Peterborough a one-day, two-performance stand today, featuring a Wild West Show and a musical extravaganza. Performances are at 2 and 8 p.m., with doors opening at 1 and 7 p.m.

Early last evening workers had come of the tents and side-shows set up, and some of the animals staked out for a meal. When that was done, they came uptown to swelter with the rest of Peterborough on George Street.

Announce Winners Of Kinsmen Draws

Following are the winners of the Kinsmen draws Friday and Saturday nights. On Friday the ground prize was won by Mr. A. T. Andrew, 753 Water St., and the electric range was taken by Mr. George Kemp, 49 Ridout St., Lindsay. The Saturday night ground prize went to Mrs. George Cunningham, 680 Frank St., city, and the phono-radio combination was won by Mr. Arthur Smitheral, Cameron, Ont.

The holder of ticket 932 is requested to contact Mr. Blain Till at the Conger Coal Co., for his prize of three tons of coal.

Swimmer Finds Trousers Stolen

It is aa poor type of joke to take a man's trousers while one is bathing, thinks Edward Smith, 193 Reid Street. Smith left his clothes on the canal bank when he took a dip in the water Saturday. When it came time to go home, the trousers were nowhere to be found.

Sunday Smith returned to the canal bank, near the C.P.R. bridge in search of his trousers but all he found were some papers from the pockets strewn along the canal banks by the lift-locks.

Laton-Peters

HAVELOCK, June 13 — St. John's Anglican Church was the scene of a quiet wedding recently when Rev. P. A. Rickard united in marriage Helen Elizabeth Peters daughter of Mr. and Mrs. Sanford Peters and Levi J. Laton, son of Mr. and Mrs. Levi Laton of Havelock.

The bride, given in marriage by her father, wore a gown of pink moire taffeta, with navy accessories, and a corsage of pink rosebuds, and lily of the valley. Miss Muriel Forsyth as bridesmaid wore an egg-blue suit, with black accessories and corsage of pink and white carnations. Paul Laton was groomsman for his brother.

Following the ceremony a buffet lunch was served at the home of the bride's parents to the immediate members of the families.

Later the couple left on a trip to Toronto and points west. They will reside in Madoc.

Bishop Holds Confirmation At Lakefield

LAKEFIELD, June 11 (ENS)—Rt. Rev. G. A. Wells, DD, CMG, assistant Bishop of Toronto and Chaplain (Protestant) of the Canadian Armed Forces, in the Second World War, officiated at two confirmation services on Friday afternoon and evening. The first, in the afternoon, was at the Lakefield Preparatory School where 16 students were confirmed in the school chapel. Candidates were: Blare Whittemore, Bill Rashleigh, Henry Scott, Peter and Michael Roell, Hugh Hand, Hugh Macdonald, Alick Ryder, Gordon Fenny, Chris. Colin-Smith Gregory Rogers, Donald Cameron, Paul Fowler, Jack King, David Houston and Robert Labatt.

In the evening six candidates were presented to Bishop Wells by Rev. L. J. Delaney, rector of St. John's Anglican Church. There were Nancy Graham, Pearl Wilson, Esther Philips, Patricia Nickels, Stanley Hampton and Fred Wilson.

Following the service at the church, members of the congregation gathered at the rectory for a social period with the Bishop and rector Rev. Mr. Delaney, who is a master at Grove School, as well as chaplain, prepared the Grove students for the ceremony and assisted Bishop Wells at the school service as well as at the church.

800 Expected To File Papers For Candidature

By The Canadian Press.

This is nomination day for Canada's June 27 general election. As many as 800 persons—perhaps many more —are expected to make their candidature official.

Nominations close at 2 p.m. local standard time in 254 of the country's 260 constituencies — six remote ridings closed nominations May 30— and those who intend to remain in the running must have their official papers and deposits of $200 each in the hands of returning officers by that time.

Up to Sunday night, compilation by The Canadian Press showed that 801 candidates had been announced.

These were 258 Liberals, 247 Progressive Conservatives, 171 C. C. F., 51 Union of Electors, 24 Social Credits, 19 Labor-Progressive, 17 Independents and 14 representing minor groups.

Last- Minute Entries.

These totals likely will be swelled by last-minute entries or candidates not previously announced.

There will be 262 commons seats at stake in this election. Two of the 250 constituencies — Halifax and Queens, in Prince Edward Island— elect two members each, bringing the seat total to 262.

The number of seats open for election in the 1945 General Election was 245. The total has been increased by 17 through the addition of seven for the New Province of Newfoundland and 10 for new ridings created since 1945.

The total of candidates officially nominated in 1945 was 954. The largest field in Canadian political history. There were 672 in 1940 and 892 in 1935.

Declares PC's Will Raise Living Standard

CAMPBELLFORD, June 13 — (ENS)—Instead of a bureaucratic cabinet running this country the supremacy of parliament must be reestablished," Frederick G. Gardiner, KC, reeve of Forest Hill Village, Toronto, told a Progressive-Conservative rally in the Masonic Temple Friday night. He was speaking in support of Major R. Earle Drope, the party's candidate in the Northumberland riding in the Dominion election.

Mr. Gardiner spoke highly of Major Drope, whose advice was sought and respected by parliamentary committees on agricultural and veterans' affairs.

He said that Ontario was the first province to step up Old Age Pensions to $40 a month and that generous financial support had been given to children's aid societies, school, hospitals and municipalities.

"Drew's able administration of the affairs of Ontario entitles him to move into the broader field of national politics," he said.

"When the Progressive Conservatives are elected to office on June 27, the first thing they will do is to call a Dominion-Provincial conference to deal with taxation and other differences. The provinces that are not as favored as Ontario and Quebec will be given financial assistance to develop their natural resources and to secure a higher standard of living for their people," he said.

Criticises Minister

Mr. Drope in a brief address said that the Minister of Agriculture had sold wheat at one dollar a bushel less than the world price and that when the farmers had a chance to make money during the war the government pegged farm prices.

The agriculture committee, made up of all parties, never met because the minister was afraid that delegations of farmers would appear before it to air ther grievances, he said. It was the same with the committee of veterans' affairs. "We need in parliament," he stated, "members who will be servants of the people, not masters."

Mrs. W. B. Horkins of Toronto, said that Liberals had diverged from constitutional government. She stated that budgeting by radio was something new in Canadian politics. It was not constitutional, she declared, to annex Newfoundland without the consent of the provinces. She declared that the Liberal government ruled by orders-in-council, having passed 90,000 during the war and at the rate of 1,000 per month since hostilities ceased.

Hon. T. G. Murphy, Toronto, ex-minister of the Interior in the Bennett government, spoke briefly. Mrs. W. C. Tatham introduced Mrs. Horkins and Mr. Gardiner was introduced by Chairman Ralph J. Locke.

Last of Trio Dies

VANCOUVER, June 13.—(CP). —The last survivor of a Vancouver trio which fruitlessly sought cancer cures in Australia last year died here Saturday. Harold A. Evans, 40, was one of three from Vancouver to seek a cure from John Braund of Sydney, Australia. Braund subsequently was declared a fake by a body of Australian doctors.

Six Die In Blaze

FIRTHCLIFFE, N.Y., June 13. —(AP).—Six children died Sunday in a flash fire that gutted their home while their parents were away. The children of Mr. and Mrs. Alex Zagorski, they were: Bertha, 10; Albert, six; Patricia, five; Toni, four; Jeanette, 2½; and Catherine, six months.

Yes . . . that's her and trust a nurse to know what's good for you! Whenever you feel dull, dragged down and dopey because of common constipation, it pays to know about the great *aperient*—gently laxative KRUSCHEN.

The natural aperient action of Kruschen is due to its unique blend of saline minerals, the same as are found in the natural waters of famous medicinal springs. Kruschen offers you these four advantages:

EASY TO TAKE—Dissolves quickly in water, or your morning coffee, tea or fruit juice. Most folks find the small morning dose is best.

WORKS FAST—Usually within the hour. Does not spoil your day.

GENTLE ACTION—Its formula is balanced to act gently, without discomfort.

Won't Call Strike

MONTREAL, June 13.—(CP).—The Canadian Catholic Confederation of Labor announced in a statement here Sunday night that "it will not resort to a general strike" to back up the demands of striking asbestos workers in the eastern townships. The statement said the decision was reached at a closed plenary meeting here Saturday by more than 500 delegates of Catholic syndicates.

Caught In Two Hours

TORONTO, June 13 (CP) — Police Friday night charged Reginald Harvey, 32, and Allan Donnelly, 45, with theft of a $1,500 payroll from a girl office clerk in a downtown street. They were arrested less than two hours after the robbery. Ida Pichenik, 24, secretary of the Beaver Shirt Company, was knocked down on the street about noon and robbed of the money as she returned from a bank.

BIRDS ARE BENEFICIAL

The birds are among man's best friends. With few exceptions (which any naturalist can name) they act as guardians of Canada's food supply—by destroying untold millions of harmful insects—by eating the seeds of nuisance weeds. So, teach the children not to harm birds or collect their eggs. Protect the birds and encourage others to do the same. Any personal contribution to the national good is truly "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

Heavy Overnight Rainfall Ends 19-day Drought In Many Ontario Sections

Showers Help Potato And Tomato Crops
Too Late For Strawberries
Emergency Pasture Instructions Released

TORONTO, June 14—(CP)—A heavy overnight rainfall, ranging from .05 inches at Windsor to 1.40 inches at Trenton, has ended the 19-day drought in many sections of southern and central Ontario. But the Toronto district is still bone dry. Further relief was in prospect for most southern areas today. Rain started to fall in London this morning and scattered showers or thunderstorms were in prospect for Toronto. Where temperatures were generally 10 degrees cooler.

The overnight showers, however, brought only patchy relief. It helped the potato and tomato crops but was too late to revive the heat-striken strawberry crop. It is believed raspberry crops will fare better.

From Brantford came reports that the drought has seriously lowered the level of the Grand River. The Grand valley dam near Fergus is discharging water at the rate of only 280 feet a second, less than half the usual flow from storage which authorities believe necessary.

The first cut hay crop in Brant county has resulted in a reduced yield of 75 per cent due to the drought.

Seriousness of the feed and pasture situation is reflected in the emergency growth instructions issued to farmers by the agriculture department. It suggests immediate planting of Sudan grass, oats, peas, sweet clover and millet as replacement crops which can be sown in late-June and will thrive in "well-warmed" soil.

Agriculture department officials said many crops still are "stunted beyond recovery," and estimated losses to date at well over $100,000,000.

Some Rain

Rain fell in the Brantford, Orangeville and Shelburne districts. But the moisture was only in scattered sections of the wide belt of rich farmland that has been withering.

In a number of counties, milk production is reported falling off.

In Perth milk flow has dropped considerably since June 1 and growth of hay is at a standstill. Elgin County, bordering Lake Erie, reported milk production down 15 to 20 per cent.

In Lambton, recent frost has resulted in the heaviest losses of tomatoes and apples in years. In Middlesex county more than 75 per cent of tobacco, beans and tender garden crops appear to be ruined.

In Norfolk, Oxford and Welland counties, tomato crops have been 25 per cent destroyed by heavy frost.

Among the hardest hit is Wellington county, in the vicinity of Guelph, where it has not rained for 40 days. During that time, 10 nights of frost occurred.

Plan Mediation Of UE Demands At Queen's Park

With 13 days left before the expiration of their old contract with the company about 350 impatient CGE workers held a rally and parade outside the main gate at noon today.

Another 600 from the plant cheered and applauded as Jack Morton, president of Local 524 UE-CIO, urged them to give their united support to the Negotiating committee. Applause was strongest when he said the committee intended to get a 40-hour work week with the same take-home pay.

Two other members of the negotiating committee — Joseph Murphy and Cy O'Donnell—also reported briefly on the present contract talks.

Negotiations move into a showdown phase on Thursday after a week of inactivity when the joint negotiating committee representing Peterborough and Cobourg as well as the five Toronto works sits down with the company at Queen's Park.

Acting on a union suggestion, both it and the company on June 6 applied for mediation with Louis Fine, chief conciliator for Ontario, presiding. Mr. Fine has won the respect of both principals with his adept handling of negotiations leading to the signing of the last three contracts.

Pickets Patrol Coal Fields

PITTSBURGH, June 14 (AP)—Pickets today patrolled coal fields throughout the United States, forcing some non-union mines to close as the "stabilization holiday" entered the second day.

Meantime, Lewis, with one contract session over, headed for another. His lieutenants are slated to resume negotiations today with southern bituminous mine operators at Bluefield, W. Va.

The chieftain of the powerful United Mine Workers Union met briefly yesterday in Philadelphia with United States Steel Corporation representatives.

Britain, U.S. Ready To Press Charges

WASHINGTON, June 14 (AP)—Britain and the United States are preparing to press charges of treaty violations against three Soviet satellite countries, despite Russia's refusal to take part.

The two Western countries had asked Russia to join in investigation accusations that Communist-run Hungary, Bulgaria and Romania are flouting a 1947 peace treaty pledge to give their people such basic human rights as free speech and fair trial.

The next Western step is provided in the treaties themselves: creation of three-member conciliation committees to settle disputes, with one member named by the secretary of the United Nations, and one each named by the Western complainants and by the accused satellites.

Says Free Press Only Safeguard For Democracy

LONDON, June 14—(CP) — A free press is essential if the people of the world are to escape "complete spiritual isolation and subjection," Col. J. J. Astor said today in his presidential address to the Empire Press Union.

He told the annual meeting of the organization which represents the press throughout the Commonwealth and Empire that the subject is one of intense concern in the present-day world.

"We see the countries of the world steadily dividing into those where newspapers are politically free and those where they have no freedom at all," said Col. Astor, chairman of the Times Publishing Company.

Mass Persuasion

In this age the resources and techniques of mass persuasion "can blind whole populations to the truth, can utterly destroy their judgment and can maintain an overwhelming power those who are able to control newspapers, radio and other vehicles of information and of ideas.'

"The only safeguard is a free press—newspapers which are allowed to publish news without bias and to question policy without fear of the consequence.

"Every type of newspapers is justified if it helps to preserve this principle of press freedom."

Discussing news distribution, Col. Astor said: "We have been authoritatively told that there is at present no proposal to withdraw the vitally penny-a-word empire press telegraph rate" by which news may be transmitted between points within the Commonwealth at two cents a word.

Col. Astor was re-elected president of the E.P.U. for the 20th consecutive year.

Senator Rupert Davies, chairman of the Canadian section of the E.P.U., was among those attending the meeting. He reported on the progress of plans for the Imperial Press Conference to be held in Canada next year.

Public Shut Out In Citizenship Debate

CAPETOWN, June 14 (CP) — Large numbers of would-be onlookers were turned away Monday night from the public galleries of the House of Assembly when debate was resumed on second reading of the South African Citizenship Bill.

Police stationed an extra guard at the House when it was reported there would be demonstrations against the Bill but these later were cancelled. More than 2,000 persons, however, crowded Capetown City Hall in a protest meeting.

The Bill, sponsored by the Nationalist government headed by Prime Minister Daniel Malan, provides that British subjects must live in the Union for five years before they become eligible for South African citizenship. The present residence requirement is two years.

Roosevelt, beamed proudly in the gallery as the 34-year-old third son of the former president took the oath of office from Democratic Leader John W. McCormack of Massachusetts, acting speaker.

Gambling By Service Clubs Denounced By Baptists

TORONTO, June 14 (CP)—Objection to gambling by service clubs, even for charitable purposes, was made in a resolution today by delegates to the diamond jubilee convention of Ontario and Quebec Baptists.

Churches were included in the resolution when Rev. Harold Lewis of Toronto said he "recently was asked to buy a raffle ticket on an article raffled in a Toronto church."

Rev. Will Baxter of Verdun, Que., presenting the resolution, told delegates that the committee deplored the use of gambling as a widespread means of raising money.

"We are convinced that any kind of gambling is morally and ethically wrong," he said.

Rev. C. W. Duncan of Stratford said he feared such a resolution would do little good. He said that a great number of men "in our churches belong to service clubs which glory in gambling to raise funds to help the underprivileged."

Any appointment of a Canadian envoy to the Vatican came under fire from delegates. They unanimously passed a resolution protesting any such appointment.

The convention also passed a resolution protesting liquor legislation and the current violations of the Lord's Day Act.

Vote 6 to 1 To Continue Berlin Strike

Won't Take Chance Of Knuckling Under To Communist Threat

BERLIN, June 14 — (AP). — Western Berlin railway workers to-day voted six to one to continue their strike rather than knuckle under to a Communist threat of reprisals.

The plan voted down was worked out by the United States and had the approval of the other three occupying powers—Britain, France and Russia. The workers voted after Soviet-licensed newspapers renewed threats of reprisals against the strikers.

The strike is directed against the Russian-controlled railway system. The compromise plan on which the anti-Communist strikers balloted was sponsored by all four occupying powers.

Despite predictions by union leaders of a favorable vote, there was concerted resistance. Placards were installed at polling places urging workmen to turn down the compromise and vote to continue the strike.

Today's vote brings to a climax the strike, which has caused two deaths, blockaded rail delivery of supplies to Berlin and helped prevent an East-West accord on German trade.

The walkout also has halted all elevated train service in the Western sectors.

By causing a stoppage of freight trains in and out of the Berlin area, the strike has affected the lives of several million West Berliners who are thrown back on supplies the air lift can bring into the city.

Some 40 trains are stranded at the gates of Berlin and 2,000 cars are stuck in the marshalling yards. The strikers control the switches and man the signal towers. They have torn up strategic rails and cut telegraph wires.

The West-Berlin railway men, numbering about 14,000, walked out May 21 with demands that the Russian-controlled railway management pay them in West marks instead of the East marks used previously to pay wages. The East marks are worth about one fourth the West variety.

Flash Storm Floods Dallas

DALLAS, June 14 (AP) — Wind and driving rain swept northern Dallas County Monday night, flooding towns and causing a freight-train wreck.

At least two persons died during the storm.

A 40-car freight train at Farmer's Branch, Tex., was derailed and wrecked after rain washed out the tracks. A search was being made among the flooded, smashed-up cars for two crew members.

In Dallas, a pedestrian was fatally injured by an automobile during the heavy rain. A baby suffocated in her crib while most of the city was blacked out by lightning hits on transmitters.

All roads leading north from Dallas were blocked by high water the State Highway Patrol said. Many Dallas streets were flooded.

W. H. Lindsay, manager of a Dallas service station, said the storm caught about 25 cars under a railroad underpass and drowned them out. A bus had water up to its windows. All occupants escaped.

New Zealand Scores 341 Runs In Test Match

LEEDS, Yorkshire, England, June 14—(Reuters)—New Zealand's first innings in the test cricket match against England ended today with 341 runs.

The visitors added 29 runs to their overnight score of 312 for nine wickets before losing their final wicket.

By the lunch interval on this final day of the season's first test match, England had scored 114 runs for one wicket in the second innings. England's first innings total was 372.

A THREE-WAY FIGHT was assured in the Peterborough West riding June 27 when nominations were filed Monday for the election. Veteran campaigner Gordon G. K. Fraser, Progressive Conservative candidate (CENTRE) seeks re-election to the House of Commons. Two others are making their debut in politics. Aubrey (Dit) Clapper (LEFT) is the Liberal standard bearer. J. Howard Miles (RIGHT) has entered the ring on behalf of the C.C.F. in this riding.

Big Four Accepts Partial Truce For Berlin

PARIS, June 14 (AP)—The Foreign Ministers Council, reported nearing the end of its Paris session, today sought a conclusive decision on east-west trade in Germany and an Austrian independence treaty.

Economic experts of the four occupying powers in Berlin yesterday handed to the Foreign Ministers the east-west deadlock in the German capital. A western expert in Berlin said the report to Paris showed about 90 per cent agreement on small matters and 100 per cent disagreement on the important issues.

BERLIN, (AP). — The Western Powers to-day proposed to Russia the formation of a four-power commission for Germany with strictly defined functions of supervision.

Today's meeting was recessed after an hour, British officials said.

Foreign Minister Andrei Y. Vishinsky of Russia and his aides left the pink palace, but the western ministers and their advisers stayed on, presumably to discuss among themselves Russia's various proposals.

The Foreign Ministers themselves were reported in partial agreement on a truce in the Berlin difficulties. This appeared to have grown out of big four negotiations at closed sessions here.

Discuss Two Items

The Foreign Ministers Council is scheduled today to take up two items discussed in a closed session Sunday night. According to well-informed circles, these items were:

1. Limited commercial accord for Germany which would promote east-west trade, fix an exchange rate for the west mark and the Soviet-zone mark, and assure western powers of transportation access to the city.

2. A treaty for Austria which would mean evacuation of occupation troops in the near future.

Well-informed sources said the Soviets virtually were agreed on an Austrian settlement whereby they will obtain $150,000,000 in former German property within Austria. This would be marked as part of Russia's reparations from Germany.

Communists Strike Wheat Harvest Blow

ROME, June 14 — (AP). — Communists have called for a 24-hour countrywide farm strike tomorrow and urged Italian peasants to town for big demonstrations. The strike will deliver another blow at Italy's 1949 wheat harvest, already damaged in the north by a riotous 27-day strike. The strike started May 18 in the scattered sections of the rich Po River Valley, near Rome, and in the barren Apulia area of the south. Five persons have been killed, scores injured, and hundreds arrested for acts of violence.

To-morrow's strike will sharpen wage demands of the Communist-led Farm Workers' Federation.

2,000 Bristol Dockers Vote To Return To Their Jobs

BRISTOL, June 14—(Reuters)—The 2,000 Bristol and Avonmouth dockers, who stopped all work in these two ports for the last month in support of Canadian Seamen's Union strikers, decided today to go back tomorrow. The men voted for a general return to work as 1,200 troops continued to discharge cargoes from about half of the 30 vessels held up in port.

The dockers decision followed a Ministry of Transport announcement that it would not permit troops to be used to load a Canadian ship, he Montreal City, with export cargoes. The dockers earlier had expressed hope that the troops would do this work and the ship would sail.

As the whole dispute has centred on this ship—because it is manned by a crew of Seafarers' International Union (AFL) members—the dockers would then have been able to return to work without changing their stand.

The Canadian Seamen's Union called its strike March 31 after Canadian ship owners signed a contract with rival SIU.

Strike chairman Joe Doody told today's mass meeting of dockers:

"The government have refused to allow troops to load the Montreal City and the owners have said she will remain idle until we return. They have a bigger pocket than we have and if you leave it too late we will be out for ever."

Doody was given an almost unanimous vote of confidence.

Canada House was picketed today by striking members of the Canadian Seamen's Union.

The pickets bore placards which said in bold lettering: "Mourn murdered Canadian Seamen" and "More Canadian Martyrs for Unionism." They distributed pamphlets to passers-by.

The demonstration was orderly and police did not interfere.

Railman Killed

BELLEVILLE, June 14 (CP)—Yard foreman with the Canadian National Railways, Ged. Storms, 42, was killed early today while switching railway cars in the yards. He was riding in a car out of a siding when, it is believed, his head struck another car on the next siding.

Child's Body Still Missing

EASTMAN, Que., June 14—(CP)—Rumors that the body of six-year-old Michel Fontaine, missing since May 30, had been found were quelled Monday night when provincial police announced that they are "still searching for the boy."

Monday, amid the rumors circulating in this eastern township district, provincial police dispatched a four-man squad to the area.

The boy's father, Charles Fontaine, and five other members of the family of 12, were taken to the nearby resort centre of Mount Orford for questioning. After more than three hours, the family was returned to their farm house.

Police declined to reveal the exact nature of the questioning, saying that it is "only a routine check in cases of this kind."

Fuel For Rumors

The presence of Dr. Rosario Fontaine, provincial medico-legal expert, in the area added strength to the rumor the boy's body had been discovered and hundreds of residents in the district jammed roads leading to the resort centre.

The questioning of the family appeared to be finished by police as they left for Montreal early today, saying they would continue their "routine search."

The search for the frail little boy reached its peak a week ago when 3,000 volunteers combed the heavy forest and matted swampland in this area 70 miles from Montreal. A few woodsmen and guides are still carrying on the search.

Chinese Reds Waging War To Break Graft In Cities

By SPENCER MOOSY.

PUSAN, Korea, June 14 (AP)—Up to the time I left Peiping last week the Chinese Communists had shown no signs of lifting the ban against foreign correspondents.

The ban was imposed Feb. 27. On that day 17 persons listed as foreign correspondents received a formal order forbidding them to gather or file news. It was signed by Gen. Yeh Chien, head of the Communist military committee.

Correspondents' only channel of communication was the alien affairs office at police headquarters. Manned apparently by junior clerks, this office was the only point of contact in Peiping between the Communists and foreigners.

My dealings with it were concerned with efforts to get a permit for my car and finally permission to leave North China. A permit for my car was denied but my application for approval to leave North China was obtained quickly.

The Communists came into the great cities of Peiping and Tientsin not as "carpetbaggers" but with determined plans to break the graft and corruption of the past.

Even foreigners opposed to Communism concede Red leaders have displayed none of the get rich tendencies of previous conquerors. They are convinced, too, that these leaders would take stern action against any of their own number who might be found succumbing to the lure of easy wealth.

It generally was agreed that the day of high officials' openly amassing immense private fortunes by graft are over. Foreigners who have had business dealings with the Communist bureaux report the question of "squeeze" never has entered. Official receipts are given and no secret rebates are demanded.

Faces Charge Of Vote Intimidation

Ex-Judge, 4 Others Pressing Case, Liable To 2-year Term

ST. JOHN'S, Nfld., June 14—(CP) — Four summonses today were issued against Premier Joseph Smallwood of Newfoundland ordering him to appear in court Thursday on charges of intimidation of voters.

Magistrate Hugh O'Neill issued the summonses at the request of W. J. Browne, Progressive Conservative candidate in the federal riding of St. John's West on behalf of four residents of the area.

The magistrate refused to issue warrants for Mr. Smallwood's arrest, asked for by Mr. Browne when he made his submission Monday following campaign speeches by the premier in the Ferryland district of the riding.

Magistrate ONeill said his decision was made under the summary jurisdiction Act of 1930-31. The Act allows summonses to be issued in a case without the magistrate going into its merits.

Mr. Browne resigned as a district court judge to enter the federal election campaign.

Some Argument

There was some argument between magistrate and ex-magistrate just as the hearing opened but then Mr. Browne acceded to Mr. O'Neill's plea that he remain silent.

Magistrate O'Neill said the applications had required careful study on his part because of possible implications of the Canadian Criminal Code as well as the Dominion Elections Act.

The summonses call on Mr. Smallwood to appear in court "to answer the same complaint that you, the said defendant at Ferryland, in the federal riding of St. John's West on the 9th day of June, 1949, did by himself directly commit the corrupt practice of undue influence by practising intimidation" on voters.

There was no immediate statement from Premier Smallwood. He earlier discounted the charges of vote intimidation. He said his remarks at Ferryland were made in a bantering manner and had

Refused Bail In Murder Case

TORONTO, June 14 (CP) — Jean Ange, charged with murdering her husband, Thomas, at Port Lambton May 8, was refused bail by Chief Justice J. C. McRuer of the Ontario High Court in a written judgment today.

She was committed for trial at Sarnia May 27.

Chief Justice McRuer wrote "it is clear that the magistrate was justified in committing accused for trial." He referred to evidence that Thomas Ange died from three bullet wounds in the chest and that "immediately following the shooting accused ran from the room crying 'I shot him. I shot him.'"

Demand Trieste Back Party Wins Election

TRIESTE, June 14 (AP) — Parties favoring the return of Trieste to Italy have swept the free city's first municipal election.

Official returns early today from Sunday's voting gave the pro-Italian candidates 40 of the 60 City Council seats.

The six pro-Italian parties received a total of 106,973 votes to 61,136 for six parties wanting to keep Trieste independent or place it under Yugoslavia.

The breakdown of seats, including those won by smaller parties:

Pro-Italian: Christian Democrats, 25; Socialists 4; Italian Social Movement 4; Italian Bloc (mostly monarchists) 3; Republicans 3; Liberals (Conservatives) 1. Total 40.

Parties favoring independent or Yugoslav Trieste: Communists 13; Independent Front 4; Italo-Slav Popuplar Front 1; Slovene Democratic Union 1; Trieste Bloc 1. Total 20.

International Wheat Pact Virtually Assured As U.S. Senate Approves

No Importing Countries Have Ratified It But Likely Sign Before July 1, Russia And Argentina Not In On Deal

WASHINGTON, June 14—(CP)—The International Wheat Agreement today was virtually assured of becoming effective following United States approval of the four-year plan designed to stabilize world wheat prices. The pact, signed here in March by five exporting and 36 importing countries, was ratified yesterday by the Senate without opposition on a voice vote.

The United States is the second signatory to ratify the accord which provides for exchange of 456,283,389 bushels of wheat annually at a top price of $1.80 a bushel.

Canada, the chief exporting country, in April approved the treaty which also provides for the minimum price to drop 10 cents a year from $1.50 in the first year to $1.20 in the fourth.

Together, the quotas of the Dominion and the United States make up more than 80 per cent of the total quantity.

More Signatures

Although no importing countries have yet ratified the agreement, enough are expected to give approval before the June 1 deadline to make the importing side effective.

As the largest exporter, Canada will provide 203,069,635 bushels a year. Other exporting countries and their quotas: the United States 168,069,635; Australia, 80,000,000; France, 3,306,394 and Uruguay, 1,837,185.

Russia and Argentina, both large wheat-producing countries and exporters, are not parties to the agreement.

Britain has the largest quota of the importing group, contracting for 177,067,948 bushels annually. The pact, with its maximum price of $1.80, will not affect the Anglo-Canadian agreement, under which the Dominion will ship Britain 140,000,000 bushels at $2 a bushel.

WINNIPEG GRAIN

WINNIPEG, June 14 (CP) — Coarse grain prices firmed up in early trade today on the Winnipeg Grain Exchange following opening declines. The upturn came in sympathy with rising tendencies on American grain markets. Buying showed a modest expansion while offerings dried up. Shippers were on the buying side in both oats and barley.

Rye followed the same pattern, firming up after early losses. However, prices still were lower than yesterday's close. Local buying was in evidence. Flax was not open.

Prices:

Oats, July ½ higher at 74⅞; Oct. ½ higher at 71¼; Dec. not open.

Barley—July ⅜ higher at $1.-14⅝; Oct. ⅝ higher at $1.03⅞; Dec. ½ higher at $1.00⅞B.

Rye—July ¼ lower at $1.29B; Oct. ¼ lower at $1.30½B; Dec. ¼ higher at $1.30½.

Move Totlot At Inverlea

"Just write the Kinsmen we're going to move the totlot out of there," was the substance of a peremptory motion by Ald. J. E. Gillespie in finance committee Monday night.

Mayor Swanston seconded it, and unanimous support was evidence that the Council did not wish to tolerate the play spot of children at Inverlea Park.

"I didn't want it there in the first place," said Ald. Herbert Young. "It was Jack Dane's recommendation. It was paid for out of the funds of the Kinsmen Club on Dane's recommendation."

Ald. Gillespie's demand for action followed a latest report from a local plumbing firm, Goodfellow and Dougherty, that their truck had just missed hitting a child who ran from the Inverlea totlot into Parkhill road. The playground is too near the street line, according to the objections of the parks committee, and also to the criticisms of many citizens.

Ald. Young, chairman of the parks committee, said that parks supervision is provided only for July and August, but the children are already playing in all the parks, and have been for weeks. "That totlot may be in use six months in the year," Ald. Young said. "If it is ill-advised, we have the responsibility. I thought we could plant a box hedge around the fence the Kinsmen put up and gradually replace it."

One of the effects of this experience was a regulation that all park changes must pass through the hands of the parks committee. That action was taken in full appreciation of the desire of service clubs to make helpful contributions ot the community. But, it was recognized that responsibility finally rests on the Council both as to changes, improvements and expenditure.

OBITUARIES

MRS. VERG CARR

Mrs. Verg Carr, 45, of 583 Gilchrist St., died in hospital on Monday following a short illness. She was born in Douro township, Helen Agnes, daughter of the late Joseph Moher and Julia Dwyer, and has lived in the city for the past 29 years.

Besides her husband, who is second assistant chief of the Peterborough Fire Department, she leaves three brothers, Harold, Harry and Joseph Moher, and two sisters, the Misses Bessie and Beatrice Moher, all of the city. Mrs. Carr was an adherent of the United Church.

Funeral service will be held on Wednesday at the Belleghem Funeral Home at 3 p.m. The Rev. John L. Hodgson of Ottawa will officiate and burial will be at Little Lake Cemetery.

MRS. MARY FARRELLY.

Political Threat In Newfoundland Rapped By Drew

By The Canadian Press.

While official nominations were closing yesterday, Federal party leaders continued their campaigning for the general election June 27.

Progressive Conservative leader George Drew at Ottawa challenged Prime Minister St. Laurent to assure Newfoundland that no one has the right to threaten any voter.

Mr. Drew read a report by the St. John's Sunday Herald of speeches by Liberal Premier Joseph Smallwood of Newfoundland in which Mr. Smallwood was quoted as telling various meetings: "You have turned me down three times. Ferryland has voted against me in two referendums and in the provincial election, but I won in spite of you. Now I don't need you. I've been elected. But you need me. I'm sitting on top of the public chest and not one red cent will come out of it for Ferryland district unless (Liberal) Greg Power is elected."

Worst Threat

Mr. Drew said that "for cold calculated threats by a little man in a big job this is the worst I have ever seen. . . I challenge the Prime Minister to give assurances to the people of Newfoundland that no one has the right to threaten any voter in Canada no matter what his position may be."

At his nomination meeting earlier in Richmond, Ont., the Progressive Conservative leader was booed when he said that the Liberals hadn't a hope of winning an over-all majority in the election. Mr. Drew answered with a denunciation of public opinion polls.

Makes 3 Speeches

Prime Minister St. Laurent, recovered from an attack of laryngitis, resumed his campaign with addresses in towns on Montreal's outskirts. His three speeches were brief. In the evening at Farnham, he asked for a vote for "official Liberal candidates," observing that divisions had occurred in neighboring ridings.

Mr. St. Laurent said that when the election is over he must have the conviction that he has the confidence of the majority of the population. Without support of a majority in Parliament, it would be impossible to carry out the responsibilities of office.

The Prime Minister said the Progressive Conservatives had made "rather fantastic" accusations. But their only real policy is devaluation of the dollar, which would increase the price of Canadian imports making up an important share of the commodities used by Canadian consumers.

Fears Depression

M. J. Coldwell, CCF leader, said last night that capitalism failed Canada in the 1930s and only a combination of democracy and socialism can avert another depression in the Dominion.

Addressing a political meeting, he said the CCF believing in democratic socialism and opposing totalitarian communism, is in line with "several other nations of the Commonwealth — Britain, New Zealand and Australia."

"These three countries all have governments which are fully committed to democratic socialism, and they are. . . giving vigorous leadership to the world in its effort to find an economic system which is just, and to combine such a system with real political freedom."

Mr. Coldwell said that under a CCF government Canada would "get in step" politically with other nations of the Commonwealth and 'bring a better day for all Canadians." He spoke on behalf of CCF candidates in both the June 15 British Columbia election and the June 27 Federal vote.

Wages Up Slightly

OTTAWA, June 14.—(CP). — Average weekly wages of workers rated by the hour in leading Canadian manufactures was $42.08 at April 1 compared with $41.97 a month before and $37.02 at April 1 last year, the Bureau of Statistics reported Monday. Average hourly earnings rose to 98.1 cents, a gain of a half-cent over March and 9.1 cents higher than April last year.

TORONTO LIVESTOCK

TORONTO, June 14 (CP) — Cattle moved slowly on the local livestock market today at prices $1.25-$1.50 lower on steers and yearlings and $2 lower on cows and bulls. Receipts reported by the Dominion Marketing Service were: cattle, 520; calves, 400; hogs, 410; sheep and lambs, 270. The holdover from Monday was 6,200 head.

Good choice steers were $21-$22 and medium to good light steers $20-$21. Good heifers brought $20-$20.50. Medium to good cows sold for $15-$16.50. Canners and cutters were $10-$13. Good bulls sold for $18-$18.75 with plain bringing down to $16.

The calf market was weak with choice vealers selling at $22-$2! with a few tops at $26. Plain to medium vealers sold for $17-$22. Grassers for slaughter were $13-$15.

Hog prices were still unsettled today with bids lower.

Spring lambs sold $1 lower at $28-$29 for choice. Good light weight sheep were $11-$13.

Plan Mediation

Continued from Page 1

Ontario Labor Relations Board, mediation under Mr. Fine could not proceed until Thursday. In the meantime there has been more than a week of delay.

C. R. Sullivan, UE representative, told the Examiner that on June 10 the joint negotiating committee went in a body to interview H. M. Turner, president of CGE, and in his absence left a message asking the company to enter again into direct negotiations so there would be no waste of time.

The company answer, he said, was unless the union had something new to contribute to the conversations it would be advisable to wait until the Queen's Park hearing. If there was something new it would meet the union on Wednesday to make some extra progress toward final agreement.

In the belief the company was "stalling" the union members have already held two large demonstrations outside the main gate, calling on their committee to stand firm in its demands and denouncing the company for its alleged delaying tactics.

Rejects Conference

MOSCOW, June 14 — (AP)— Tass news agency said Monday night the Soviet government has rejected proposals of Britain and the United States to call three-power conferences to consider alleged peace-treaty violations by Romania, Bulgaria and Hungary.

The Russian answer charged that Britain and the United States are attempting to interfere in the internal affairs of the three countries and in influence their foreign policies.

been received in the same way b. his audience, who cheered him lustily after each meeting.

Undue Influence

Mr. Smallwood will appear in court Thursday.

In court Monday Mr. Browne said the Premier exerted "undue influence" in campaign speeches in the south coast region of Ferryland.

Mr. Browne charged the Premier had said no public money would be spent in the area during the next four years unless the people voted for the Liberal candidate.

This was contrary, said Mr. Browne, to the provisions of the Dominions Election Act.

Monday's court action followed charges by Mr. Browne that he had "lost my job" because he opposed Mr. Smallwood's policies. To this, Mr. Smallwood said Mr. Browne had resigned just in time to save him from dismissal because he was "unfit to fulfil the judicial functions of the bench."

A charge of intimidation of Canadian voters—would if upheld in the courts, lay the accused open to a maximum penalty of $2,000 fine and two years in prison with or without hard labor.

Industrials Continue To Decline Slowly

TORONTO, June 14 — (CP) — Industrials continued Monday's declines but at a considerable slower pace in dull dealings today. Golds were lower. Base metals staged a mild recovery to climb into the gain column. Western oils were at a standstill.

At the opening in the industrial list some support entered and a few issues tended to tighten. Some early losses were wiped out in the fractionally moving list. Minnesota and Ontario paper was the widest loser dipping two points at 12½. The industrial group continued to sell at the lowest price level since March 1948.

In base metals, early prices pulled the group to the lowest level since October 1946 but gains began to appear in Consolidated Smelters, Sherritt Gordon, International Nickel and Noranda as the session progressed.

Junior gold producers weakened slightly as activity slackened.

Calgary and Edmonton dipped 15 cents at $3.85 in western oils while Royalite added five cents at $6.15.

851 Candidates In Canada File Nominations

By The Canadian Press

A total of 851 persons — 15 of them women—is gunning for 262 seats awaiting occupancy in the House of Commons.

That is the total number of candidates who took out official papers and backed up their faith with deposits of $200 each yesterday when nominations closed for Canada's June 27 federal election.

The total is far short of the record of 954 who ran in the 1945 general election, when there were only 245 Commons seats at stake. The seat total has been swelled by 17 in this election—seven for Newfoundland and 10 for new constituencies created since 1945.

The Liberals, 14 years in power, put up the largest number of candidates—260. They lack candidates only in two ridings in British Columbia.

The Progressive Conservatives, staging an all-out fight to regain the parliamentary majority they lost in 1935, entered 249 candidates. They have a full slate in every province except Quebec, Manitoba, Alberta and British Columbia.

Make Third Bid

The third major bid came from the C.C.F. They nominated 180 candidates, with their main showing in British Columbia, Saskatchewan and Ontario.

The Union of Electors party, a group which advocates Social Credit monetary reform, nominated 55 candidates and concentrated 50 of them in Quebec. It has four in Ontario and one in New Brunswick.

The Social Credit party itself has 27 candidates in the running. Seventeen are in Alberta, with four each in Ontario and Saskatchewan and two in British Columbia.

The Communist Labor-Progressive party spread its 19 candidates thinly across the country, with the largest number—seven—in Ontario.

The remaining 61 candidates were divided among minor groups. Forty of them are seeking victory in Quebec constituencies.

Ontario Has Most

A country-wide compilation by the Canadian Press showed Ontario with the largest number of candidates — 267 — taking from Quebec its traditional lead in the number of candidates in the field. Ontario has 83 seats, Quebec 73.

Ontario's total included 83 Liberals, 83 Progressive Conservatives, 76 C.C.F., seven Labor-Progressives, four Social Credit, four Union of Electors and 10 others. Six of the Ontario contestants were women.

All members of the federal cabinet were nominated.

Former Prime Minister Mackenzie King, who has been in every election for more than a quarter-century, also was missing from the line-up. He made it clear when he gave up the prime ministership last November that he would not contest another election.

International Wheat Pact Virtually Assured As U.S. Senate Approves

No Importing Countries Have Ratified It But Likely Sign Before July 1, Russia And Argentina Not In On Deal

WASHINGTON, June 14—(CP)—The International Wheat Agreement today was virtually assured of becoming effective following United States approval of the four-year plan designed to stabilize world wheat prices. The pact, signed here in March by five exporting and 36 importing countries, was ratified yesterday by the Senate without opposition on a voice vote.

The United States is the second signatory to ratify the accord which provides for exchange of 456,283,389 bushels of wheat annually at a top price of $1.80 a bushel.

Canada, the chief exporting country, in April approved the treaty which also provides for the minimum price to drop 10 cents a year from $1.50 in the first year to $1.20 in the fourth.

Together, the quotas of the Dominion and the United States make up more than 80 per cent of the total quantity.

More Signatures

Although no importing countries have yet ratified the agreement, enough are expected to give approval before the June 1 deadline to make the importing side effective.

As the largest exporter, Canada will provide 203,069,635 bushels a year. Other exporting countries and their quotas: the United States 168,069,635; Australia, 80,000,000; France, 3,306,394 and Uruguay, 1,837,185.

Russia and Argentina, both large wheat-producing countries and exporters, are not parties to the agreement.

Britain has the largest quota of the importing group, contracting for 177,067,948 bushels annually. The pact, with its maximum price of $1.80, will not affect the Anglo-Canadian agreement, under which the Dominion will ship Britain 140,000,000 bushels at $2 a bushel.

The Weather

Peterborough Temperatures:

Today:

Scattered thunderstorms over Southern Ontario Monday night resulted in rainfalls varying from nearly an inch and a half at Trenton to more than half an inch at Wiarton but many localities were missed completely. Further relief to drought stricken areas of Southern Ontario is in prospect with scattered showers and thunderstorms forecast again for today and Wednesday.

In contrast to the warm thundery weather over Southern Ontario temperatures will remain cool in northern regions. Showery weather will continue along the boundary between the warm and cool air which is now nearly stationary through the northern Georgian Bay region.

Forecasts:

Lake Erie, Lake Huron, Lake Ontario, Niagara, Southern Georgian Bay and Southern Haliburton regions: Variable cloudiness with scattered showers and thunderstorms today, tonight and Wednesday. Not quite so warm. Winds south 15 today and Wednesday, light tonight. Low tonight and high Wednesday at St. Thomas 68, 81; Wingham 66, 77; Trenton 65, 79; St. Catharines 67, 80; Muskoka 65, 78; Killaloe 66,78.

Summary for Wednesday: Scattered thunderstorms.

Move Totlot At Inverlea

"Just write the Kinsmen we're going to move the totlot out of there," was the substance of a peremptory motion by Ald. J. E. Gillespie in finance committee Monday night.

Mayor Swanston seconded it, and unanimous support was evidence that the Council did not wish to tolerate the play spot of children at Inverlea Park.

"I didn't want it there in the first place," said Ald. Herbert Young. "It was Jack Dane's recommendation. It was paid for out of the funds of the Kinsmen Club on Dane's recommendation."

Ald. Gillespie's demand for action followed a latest report from a local plumbing firm, Goodfellow and Dougherty, that their truck had just missed hitting a child who ran from the Inverlea totlot into Parkhill road. The playground is too near the street line, according to the objections of the parks committee, and also to the criticisms of many citizens.

Ald. Young, chairman of the parks committee, said that parks supervision is provided only for July and August, but the children are already playing in all the parks, and have been for weeks. "That totlot may be in use six months in the year," Ald. Young said. "If it is ill-advised, we have the responsibility. I thought we could plant a box hedge around the fence the Kinsmen put up and gradually replace it."

One of the effects of this experience was a regulation that all park changes must pass through the hands of the parks committee. That action was taken in full appreciation of the desire of service clubs to make helpful contributions ot the community. But, it was recognized that responsibility finally rests on the Council both as to changes, improvements and expenditure.

OBITUARIES

MRS. VERG CARR

Mrs. Verg Carr, 45, of 583 Gilchrist St., died in hospital on Monday following a short illness. She was born in Douro township, Helen Agnes, daughter of the late Joseph Moher and Julia Dwyer, and has lived in the city for the past 29 years.

Besides her husband, who is second assistant chief of the Peterborough Fire Department, she leaves three brothers, Harold, Harry and Joseph Moher, and two sisters, the Misses Bessie and Beatrice Moher, all of the city. Mrs. Carr was an adherent of the United Church.

Funeral service will be held on Wednesday at the Belleghem Funeral Home at 3 p.m. The Rev. John L. Hodgson of Ottawa will officiate and burial will be at Little Lake Cemetery.

MRS. MARY FARRELLY.

Resident of Ops township for more than half a century, Mrs. Mary Farrelly, of Lot 20, Concession 8, died in Peterborough hospital on Monday following a short illness. She was born in Lindsay, daughter of the late John Hogan and Mary McKanna. Her husband, Joseph Farrelly, predeceased her.

She leaves two daughters, Mrs. Fred McEnery of Lindsay and Mrs. Lorne Prentiss of New Liskeard. There are three sisters, Mrs. Margaret Tangney, the Misses Johanna and Nellie Hogan and a brother Daniel Hogan, all of Lindsay. Mrs. Farrelly was a lifelong member of St. Mary's Church and a very active worker.

Funeral will be from the family residence on Thursday to St. Mary's Church where Requiem Mass will be said at 10 a.m. Burial will be at St. Mary's Cemetery.

Police Hold Doctor

NEW YORK, June 14——(AP —Police Monday raided a sixroom doctor's suite and arrested a doctor said to have made $200,000 a year on criminal abortions. The doctor was identified by authorities as Nathan Rappaport.

Political Threat In Newfoundland Rapped By Drew

By The Canadian Press.

While official nominations were closing yesterday, Federal party leaders continued their campaigning for the general election June 27.

Progressive Conservative leader George Drew at Ottawa challenged Prime Minister St. Laurent to assure Newfoundland that no one has the right to threaten any voter.

Mr. Drew read a report by the St. John's Sunday Herald of speeches by Liberal Premier Joseph Smallwood of Newfoundland in which Mr. Smallwood was quoted as telling various meetings: "You have turned me down three times. Ferryland has voted against me in two referendums and in the provincial election, but I won in spite of you. Now I don't need you. I've been elected. But you need me. I'm sitting on top of the public chest and not one red cent will come out of it for Ferryland district unless (Liberal) Greg Power is elected."

Worst Threat

Mr. Drew said that "for cold calculated threats by a little man in a big job this is the worst I have ever seen. . . I challenge the Prime Minister to give assurances to the people of Newfoundland that no one has the right to threaten any voter in Canada no matter what his position may be."

At his nomination meeting earlier in Richmond, Ont., the Progressive Conservative leader was booed when he said that the Liberals hadn't a hope of winning an over-all majority in the election. Mr. Drew answered with a denunciation of public opinion polls.

Makes 3 Speeches

Prime Minister St. Laurent, recovered from an attack of laryngitis, resumed his campaign with addresses in towns on Montreal's outskirts. His three speeches were brief. In the evening at Farnham, he asked for a vote for "official Liberal candidates," observing that divisions had occurred in neighboring ridings.

Mr. St. Laurent said that when the election is over he must have the conviction that he has the confidence of the majority of the population. Without support of a majority in Parliament, it would be impossible to carry out the responsibilities of office.

The Prime Minister said the Progressive Conservatives had made "rather fantastic" accusations. But their only real policy is devaluation of the dollar, which would increase the price of Canadian imports making up an important share of the commodities used by Canadian consumers.

Fears Depression

M. J. Coldwell, CCF leader, said last night that capitalism failed Canada in the 1930s and only a combination of democracy and socialism can avert another depression in the Dominion.

Addressing a political meeting, he said the CCF, believing in democratic socialism and opposing totalitarian communism, is in line with "several other nations of the Commonwealth — Britain, New Zealand and Australia."

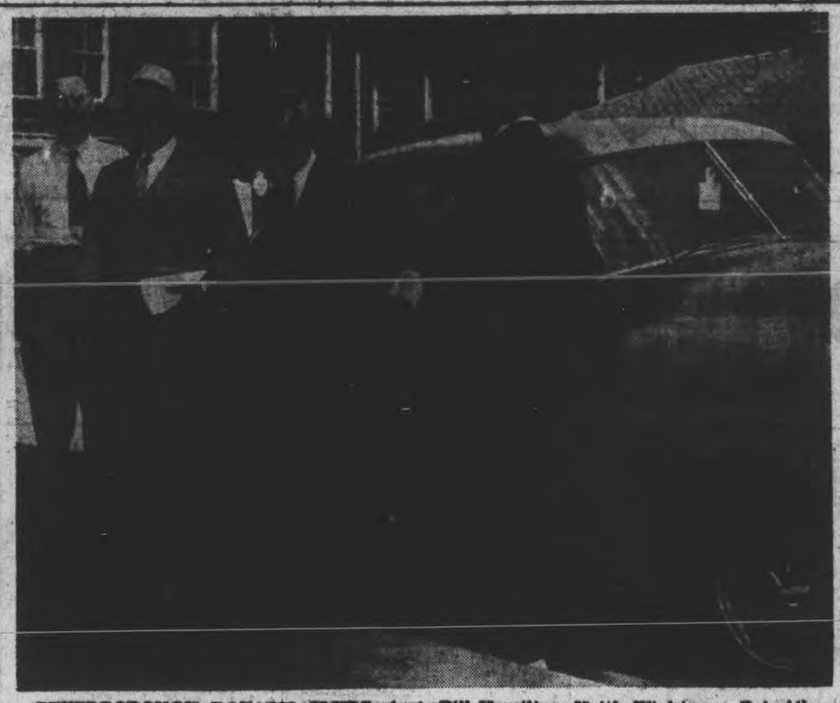
"These three countries all have governments which are fully committed to democratic socialism, and they are. . . giving vigorous leadership to the world in its effort to find an economic system which is just, and to combine such a system with real political freedom."

Mr. Coldwell said that under a CCF government Canada would "get in step" politically with other nations of the Commonwealth and 'bring a better day for all Canadians." He spoke on behalf of CCF candidates in both the June 15 British Columbia election and the June 27 Federal vote.

Wages Up Slightly

OTTAWA, June 14.—(CP). — Average weekly wages of workers rated by the hour in leading Canadian manufactures was $42.08 at April 1 compared with $41.97 a month before and $37.02 at April 1 last year, the Bureau of Statistics reported Monday. Average hourly earnings rose to 96.1 cents, a gain of a half-cent over March and 9.1 cents higher than April last year.

TORONTO LIVESTOCK



TORONTO, June 14 (CP) — Cattle moved slowly on the local livestock market today at prices $1.25-$1.50 lower on steers and yearlings and $2 lower on cows and bulls. Receipts reported by the Dominion Marketing Service were: cattle, 520; calves, 400; hogs, 410; sheep and lambs, 270. The holdover from Monday was 6,200 head.

Good choice steers were $21-$22 and medium to good light steers $20-$21. Good heifers brought $20-$20.50. Medium to good cows sold for $15-$16.50. Canners and cutters were $10-$13. Good bulls sold for $18-$18.75 with plain bringing down to $16.

The calf market was weak with choice vealers selling at $22-$2[illegible] with a few tops at $26. Plain to medium vealers sold for $17-$22. Grassers for slaughter were $13-$15.

Hog prices were still unsettled today with bids lower.

Spring lambs sold $1 lower at $28-$29 for choice. Good light weight sheep were $11-$13.

Plan Mediation

Continued from Page 1

Ontario Labor Relations Board, mediation under Mr. Fine could not proceed until Thursday. In the meantime there has been more than a week of delay.

C. R. Sullivan, UE representative, told the Examiner that on June 10 the joint negotiating committee went in a body to interview H. M. Turner, president of CGE, and in his absence left a message asking the company to enter again into direct negotiations so there would be no waste of time.

The company answer, he said, was unless the union had something new to contribute to the conversations it would be advisable to wait until the Queen's Park hearing. If there was something new it would meet the union on Wednesday to make some extra progress toward final agreement.

In the belief the company was "stalling" the union members have already held two large demonstrations outside the main gate, calling on their committee to stand firm in its demands and denouncing the company for its alleged delaying tactics.

Rejects Conference

MOSCOW, June 14 — (AP)— Tass news agency said Monday night the Soviet government has rejected proposals of Britain and the United States to call three-power conferences to consider alleged peace-treaty violations by Romania, Bulgaria and Hungary.

The Russian answer charged that Britain and the United States are attempting to interfere in the internal affairs of the three countries and in influence their foreign policies.

been received in the same way by his audience, who cheered him lustily after each meeting.

"I have no doubt that there are people who are very jealous of the reception given me in the district," said the premier.

Undue Influence

Mr. Smallwood will appear in court Thursday.

In court Monday Mr. Browne said the Premier exerted "undue influence" in campaign speeches in the south coast region of Ferryland.

Mr. Browne charged the Premier had said no public money would be spent in the area during the next four years unless the people voted for the Liberal candidate.

This was contrary, said Mr. Browne, to the provisions of the Dominions Election Act.

Monday's court action followed charges by Mr. Browne that he had "lost my job" because he opposed Mr. Smallwood's policies. To this, Mr. Smallwood said Mr. Browne had resigned just in time to save him from dismissal because he was "unfit to fulfil the judicial functions of the bench."

A charge of intimidation of Canadian voters—would if upheld in the courts, lay the accused open to a maximum penalty of $2,000 fine and two years in prison with or without hard labor.

Industrials Continue To Decline Slowly

TORONTO, June 14 — (CP) — Industrials continued Monday's declines but at a considerable slower pace in dull dealings today. Golds were lower. Base metals staged a mild recovery to climb into the gain column. Western oils were at a standstill.

At the opening in the industrial list some support entered and a few issues tended to tighten. Some early losses were wiped out in the fractionally moving list. Minnesota and Ontario paper was the widest loser dipping two points at 12½. The industrial group continued to sell at the lowest price level since March 1948.

In base metals, early prices pulled the group to the lowest level since October 1946 but gains began to appear in Consolidated Smelters, Sherritt Gordon, International Nickel and Noranda as the session progressed.

Junior gold producers weakened slightly as activity slackened.

Calgary and Edmonton dipped 15 cents at $3.85 in western oils while Royalite added five cents at $6.15.

851 Candidates In Canada File Nominations

By The Canadian Press

A total of 851 persons — 13 of them women—is gunning for 262 seats awaiting occupancy in the House of Commons.

That is the total number of candidates who took out official papers and backed up their faith with deposits of $200 each yesterday when nominations closed for Canada's June 27 federal election.

The total is far short of the record of 954 who ran in the 1945 general election, when there were only 245 Commons seats at stake. The seat total has been swelled by 17 in this election—seven for Newfoundland and 10 for new constituencies created since 1945.

The Liberals, 14 years in power, put up the largest number of candidates—260. They lack candidates only in two ridings in British Columbia.

The Progressive Conservatives, staging an all-out fight to regain the parliamentary majority they lost in 1935, entered 249 candidates. They have a full slate in every province except Quebec, Manitoba, Alberta and British Columbia.

Make Third Bid

The third major bid came from the C.C.F. They nominated 180 candidates, with their main showing in British Columbia, Saskatchewan and Ontario.

The Union of Electors party, a group which advocates Social Credit monetary reform, nominated 55 candidates and concentrated 50 of them in Quebec. It has four in Ontario and one in New Brunswick.

The Social Credit party itself has 27 candidates in the running. Seventeen are in Alberta, with four each in Ontario and Saskatchewan and two in British Columbia.

The Communist Labor-Progressive party spread its 19 candidates thinly across the country, with the largest number—seven—in Ontario.

The remaining 61 candidates were divided among minor groups. Forty of them are seeking victory in Quebec constituencies.

Ontario Has Most

A country-wide compilation by the Canadian Press showed Ontario with the largest number of candidates — 267 — taking from Quebec its traditional lead in the number of candidates in the field. Ontario has 83 seats, Quebec 73.

Ontario's total included 83 Liberals, 83 Progressive Conservatives, 76 C.C.F., seven Labor-Progressives, four Social Credit, four Union of Electors and 10 others. Six of the Ontario contestants were women.

All members of the federal cabinet were nominated.

Former Prime Minister Mackenzie King, who has been in every election for more than a quarter-century, also was missing from the line-up. He made it clear when he gave up the prime ministership last November that he would not contest another election.

THE TWO PETERBOROUGHS

DIT CLAPPER

There are two Peterboroughs. One is a little Tory Peterborough made up of about a third of the population. The other is a progressive industrial city headed toward being one of the most important cities in Canada.

For nine years the Little Peterborough has dominated the Big Peterborough. The Little Peterborough is sure that it will continue to dominate for another five years. It's time we all got together to give the Little Peterborough the surprise of its life.

Wake up, Big Peterborough! You have the majority of voters. You have the real political power if you will use it. Vote for me on June 27, and end the domination of Little Peterborough!

Hit Constable, Gets One Month

COBOURG, June 14—(ENS)—Appearing for sentence Monday on a charge of assaulting Provincial Constable D. A. Coffey of Peterborough in April, Harry Ketchum of Percy Township was sentenced to one month in jail. Harry Goodell, also of Percy Township, charged with theft of a car stop light, was sentenced to four months definite and two months indefinite in the reformatory. Goodell has an extensive record.

Alphonse Sullivan, Hastings garageman, who elected trial at the next court, appeared in police court yesterday charged with damaging a car owned by A. F. Sparks, but the magistrate found that there was not sufficient evidence to warrant sending him to the next higher court. The crown alleged that Sullivan hired a man to set fire to Sparks' car.

CCF Withdraws In Northumberland

COBOURG, June 14.—(ENS).—Almost a post-entry, the nomination papers of Fred Calnan, CCF candidate for Northumberland, were withdrawn before the deadline yesterday of the official nominations. Mr. Calnan has a farm in Haldimand Township. This narrows the field again to R. Earle Drope, Progressive-Conservative, and Dr Fred Robertson, Liberal.

Hurt At Barn Raising

ROSENEATH, June 14 (ENS)—William Montgomery of Fenella was admitted to the Toronto General Hospital on Monday for an operation on his leg. Mr. Montgomery was injured Thursday at a barn raising bee at the home of Mrs. Thos. Adams. Mrs. Adams is building the new barn to replace the one struck by lightning and burned last year.

Advance Pole Opens June 23

Voters whose work takes them out of the city on polling day, June 27, will be able to cast their votes in advance polls set up by Returning Officer Arthur J. McLellan in his office in the post office building.

Advance polling days will be Thursday, Friday and Saturday, June 23, 24 and 25, from 3 p.m. till 11 p.m., Daylight Saving Time.

Mr. McLellan doesn't expect many voters on the advance days. Most of these voters are commercial travellers, who are out of town before the polls open in the morning. This used to affect the travellers when they got around the country by train. Now when most of them drive cars, there is no need for the early starts.

Teacher Scores Operation Of Big Arena

CAMPBELLFORD, June 14 — (ENS)—G. M. Shouldice, local High School teacher, spoke to the Rotary Club Monday on the million dollar Community Centre at Schumacher, Ont., which also provides recreational activities for the towns of Timmins and Porcupine.

He stated that the artificial ice surface was one of the best in Ontario.

Mr. Shouldice said that the best coaches available were engaged for hockey and figure skating, but the supervision was somewhat lax. He stated that the enterprise received great deal of publicity through the radio and press which added too much glamour to the successful competitors.

"Advocates of large community centres claim that boys are trained for a successful hockey career, but only a small number attain that end," he said. "The academic standing in our schools is lowered and the boys look for the same enthusiasm and excitement which the schools cannot provide."

The speaker was introduced by Dr. O. C. Watson and thanked by A. J. Lynch. W. H. Brady presided.

Plan Joint Rally

HASTINGS, June 14 (ENS) — A joint Liberal rally in the interests of Dr. Fred G. Robertson, Northumberland candidate and J. Wellington (Duke) Munro, Peterborough-Hastings candidate, will be held in Hastings Town Hall, Wednesday at 8.30 p.m.

Speakers will include: Dr. Robertson, J. Wellington Munro, Aubrey (Dit) Clapper, Peterborough West candidate, W. A. Fraser, ex-MP of Trenton, and others.

WA Plan Sale Of Home Baking

HASTINGS, June 14.—(ENS). — Group 3 of Trinity United Church WA held their monthly meeting at the home of Mrs. R. Burnham.

Mrs. C. Scriver read the theme of the worship period, "Church and Home Religion." The Bible reading was given by Mrs. L. Switzer. A piano solo was played by Barbara Scriver and Mrs. C. Scriver gave a reading, entitled "Not a Bit of Use to Worry."

It was decided to hold a home-baking sale in the old post office building on Sept. 3, with Mrs. Ethel German, Mrs. Lottie Oliver, Mrs. A. Orr, Mrs. J. H. Hess, Mrs. Minnie Brownell and Mrs. Lorna Nelson in charge of the tables.

A note of thanks was extended to Mrs. C. Hoarde for quilting several quilts.

The next meeting will be held Tuesday, Sept. 13, at the parsonage.

WI Entertain Their Menfolk

ROSENEATH, June 14 (ENS)—On the approach of Father's Day Fenella Women's Institute entertained their menfolk recently at a social evening.

In the absence of the president, Mrs. Jas. Waldie, the first vice-president, Mrs. Ambrose Fanning, presided.

Mrs. Gordon Jewell, secretary-treasurer, presented the financial statement, showing a balance on hand of $73.81.

Slides were shown by Al Wright of Peterborough. The first film was "Housekeeping Husbands," followed by a color film "Frozen Foods."

Among those attending were Mr. and Mrs. Harold Buttars, Warkworth.

To Study Law

HASTINGS, June 14 (ENS) — John W. Walsh received the degree of Bachelor of Arts at the recent University of Toronto graduation exercises.

He was educated at Hastings Separate School and Norwood and Campbellford High Schools.

He served in the RCAF for almost four years. In the fall he will enter Oxford Hall for the study of law.

YOUR FUTURE... AND CANADA'S

Conditions have been good the last few years. More people are working than ever before — making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about . . . and you are planning for their future . . .

The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

Family Allowances are increased. Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed — have a better chance for an education and a real start in life — because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.

In housing, too, the Liberals have taken the lead in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

Then, there is the Liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

Or take employment. Liberal measures are helping to maintain employment in Canada at record levels, and at the same time unemployment insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

Old Age Pensions and pensions for the blind have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age — automatically and as a right.

These are all part of the Liberal program of social betterment . . . a program to achieve "a national standard of social security and human welfare which assures the greatest possible measure of social justice to all Canadians".

MAKE SURE THE WORK IS CARRIED ON

Protect YOUR stake in Canada's Future—

Mr. Drew And The Merchants of Death

In his anxiety to discover some large and shocking issue upon which to fight the election, Mr. George Drew has resurrected the sale of the Canadair plant to the Electric Boat Company, and has attempted to show that this business transaction shows a sinister link between Mr. C. D. Howe and an international ring of armaments makers—"merchants of death" as Mr. Drew melodramatically calls them. Like his earlier attack on the North Star engines (much of which he later retracted) this issue will not bear close examination; the transfer of Canadair to the Electric Boat Company took place late in 1946, and Mr. Howe reported it fully to Parliament in February, 1947. Why is it that neither Mr. Drew or any other member of the Progressive Conservative party found any fault with it in the two years and more which have passed since then?

* * *

What gave Mr. Drew the notion that there was anything sinister about the Electric Boat Company? He has told us that his information comes from a U.S. congressional investigation of 1934, made by a committee which was anxious to promote the Neutrality Act, the cornerstone of U.S. isolationism. The head of the committee which made the investigation was Senator Gerald P. Nye of North Dakota.

* * *

Let us refresh our memories about Senator Nye. He was a violent isolationist and Britain-hater who did his utmost to keep his country from entering the last war. Pearl Harbour brought his political career to a sudden end. It was Senator Nye's desire to show that all makers of arms were in league to promote war, and that they employed agents for that purpose. Striking phrases like "merchants of death" were coined by the Senator and his associates, and it is rather strange to hear them echoed by Mr. Drew fifteen years later. The Toronto *Telegram* has sought to give colour to Mr. Drew's accusations by printing large pictures of Sir Basil Zaharoff, the greatest of arms makers, Mr. Lawrence Y. Spear of the Electric Boat Company, and Mr. C. D. Howe, the Minister of Trade and Commerce, side by side. This is picturesque, but unconvincing.

* * *

Mr. Howe's record as an administrator during the war years won the admiration of Canadian industrialists, who were the men best placed to know what he was doing, and how he was doing it. Mr. Howe's work to put Canada's industry back on a peacetime footing has also given satisfaction to Canadian industrialists, many of whom are not of his brand of politics. If Mr. Drew must attack the integrity of a member of the Liberal cabinet he would be wiser to choose a man whose abilities and thorough Canadianism are less well attested than are those of C. D. Howe.

Deflowered Trees

Pests known as tent caterpillars ravaged many hundreds of acres of trees north of Peterborough this month. The woods bordering the Oregon Trail between Burleigh Falls and Bobcaygeon are a sorry sight now. If one is wearing tinted glasses, they look like trees in spring, about to burst into leaf. If one sees them plain, they look like the woods of late October, when the leaves have dropped and only a few wizened, tough ones remain.

Arboriculturists say that no permanent damage has been done the trees, that they will live and leaf next year, that some will even sprout new foliage now. Be that as it may, no one can gainsay the fact that the woods in the blighted areas present a miserable sight now, and that tourists arriving in July will be repelled rather than attracted by the scenery. Even though this destruction of leafage may have no bad lasting consequences, it is a pity that the tent caterpillars were allowed to infest as they did. They could have been killed off by spraying earlier in the season, and there was sufficient warning of their presence. Yet the warning was not heeded, the trees were not sprayed, and there they are now, gaunt and unhappy.

Some trees in Peterborough have been blighted, but not by the tent caterpillar. Insects have been attacking silver birches which the Parks Department set out along boulevards on Gilmour street and Monaghan Road fifteen years ago. The insects are taking their toll this year as they have done during several recent years. Unfortunately, these insects are fatal to the birches. It is believed that a spray can kill the insects. Why, then, are these affected trees not being sprayed but allowed to die?

Strawberry Crop "Washed Out"

A report wired to this paper from Hamilton, which we carried on our front page Friday evening, told of the severe effect the lack of rain was having on crops in the Niagara peninsula. The drought has been so severe, it seems, that wells have run dry, young fruit trees are dying, and the strawberry crop has almost been "washed out". Whoever was responsible for this incongruous metaphor we cannot say, but we did not resist passing on the howler, and quoted it in our story heading. A crop "washed-out" by dryness would be a miracle worth seeing.

Incidentally, we are never greatly impressed by the alarms about crops. They crop up—the alarms do—every year. If it is not asparagus which had been blasted by frost, it is peaches which have been parched by the sun or apples which have been nipped in the bud by early frost. But the crops seem to come along somehow. (We have not noticed any scarcity of asparagus in local shops, despite the alarm a couple of weeks ago). And so do the crops of hackneyed metaphors. We have become so used to reading the old worn phrases that they dribble from our pen with the greatest of ease, if we allow them.

The C.B.C. And Good Speech

The C.B.C. receives more hard knocks than praise, and very often it is taken to task for the poor speech of some of its announcers. The blame is often justified; there are C.B.C. announcers who can talk like nothing in the heavens above, or in the earth beneath, or in the waters under the earth. And it must be said in justice that some of them speak excellently.

On Wednesday night from 7.30 until eight o'clock, the C.B.C. will broadcast T. S. Eliot's poem *The Waste Land* read by Robert Speaight. *The Waste Land* is one of the great poems of our time: Mr. Speaight is one of the finest speakers of English now living. We are happy to call this to the attention of our readers in order to show that the C.B.C. is *not* indifferent to fine speech, and is offering what will undoubtedly be a masterly delivery of a great work. We strongly recommend anyone who is interested in noble and expressive English to hear this broadcast.

Mr. Givens On The Political Situation

Mr. W. R. Givens of Kingston is widely known in Eastern Ontario, where he has been active in politics and journalism for forty years. During the whole of his association with politics he has been a Conservative, but from time to time he has been sharply critical of his party. As he sought no office and no favours, he was never under any obligation to hold his tongue or to commend policies which displeased him. For these reasons we feel that considerable interest attaches to the article which we begin in our Third Column today, in which Mr. Givens appraises the Canadian political situation at present.

It will be seen that Mr. Givens does not think that a Progressive Conservative victory is likely. His reasons for thinking so will, we feel sure, be of interest to many of our readers.

Maybe you can't take it with you, but we know a lot of people who get a kick out of hanging on to it while they're here.

A biography of John L. Lewis says that he loves to play with children. We would like to know if John L., who has such success with adults, can make children do as he tells them?

Canadian Political Situation

By W. R. GIVENS

HAVING long since passed the allotted three score and ten years and carrying the weight—if it be a weight—of eleven additional years, it is with some diffidence that the writer again ventures into the political arena, where for many years as a newspaper owner and editor, as well as in the active field of politics—but never seeking or desiring office—he more than once played a part. He does this now only because of his conviction that the present general election is one of the most important in our history, giving us not only an opportunity to weaken the blight of Communism, but as well to strengthen the Conservative party and enable it to regain its proper place in the political sphere and assume a more commanding lead as the Opposition in the House of Commons. Despite Mr. Drew's optimistic talk it is scarcely to be expected that with only 69 members in the last House the Conservatives can hope to capture from the Liberals, the CCF and the Social Credit enough seats to give them control of the new House.

* * *

MUCH more important, involved in the result of the election is the matter of unity in Canada. Whether Mr. Drew is "playing in" with Mr. Duplessis is not clear, though it is only charitable to give him the benefit of the doubt and at least hope that he is not. But we do know that the hybrid Union Nationale group in Quebec is openly working for Mr. Drew to defeat Premier St. Laurent. True it is that the people of Canada, irrespective of race, are being given in this coming election an opportunity to discomfit the Union Nationale and to have a French Canadian as premier who stands for unity, as did the gifted Sir Wilfrid Laurier, and not for setting province against province or province against the Dominion. We were all proud of Sir Wilfrid, a world figure in his own right, and we never regretted his elevation to the premiership. We are now being given an opportunity to have another great French Canadian as prime minister in the person of Rt. Hon. Louis St. Laurent—broad-minded, tolerant, scholarly, dignified and a real statesman—one who has won the respect and admiration of both sides of the House.

* * *

ALL too often in times past we have allowed political and racial prejudices to warp our judgements and influence our votes. At times this warping may have seemed justified; today, when all the world is struggling for unity against a great Communistic Power seeking to ride astride the universe and plunge us into the depths. How better then can we serve the threatened world, how better serve ourselves, than by knitting closer and closer together the peoples of the one time Lower and Upper Canada to make us one and indivisible!

Let it not be supposed that this article is designed to weaken the Conservative Party. The fact is that the writer had been a life-long Conservative until Mr. Bennett led the Party over the precipice into almost innocuous desuetude, a shocking attenuated "left-over" handful of 39 members in Ottawa. Up to that time the Conservatives were a real fighting force. Unfortunately Mr. Bennett when in power would not heed the advice of men who had contributed greatly to Conservatism. Even his cabinet ministers were ignored time after time and not consulted as to policies. Nor were their warnings or the warning of other good party men heeded. Hence the debacle. Since then we have never recovered our strength, for Mr. Bennett developed few strong men to follow after him. Thus it is that the writer does not believe that Conservation victory is possible in this election, despite the reiterated statement that the Liberals have been in power too long. After all, it is not time that should be the deciding factor but work and worth and service. Be this as it may, it is to be hoped that the Conservatives will hold what they have and add here and there to their strength, making them a real power in the political field.

* * *

UNFORTUNATELY in the opinion of many Conservatives, Mr. Drew as leader is not giving the kind of leadership that had been expected or hoped for. It is just as well to face the facts. Instead of a solid, constructive platform upon which the party could stand, Mr. Drew has given little in a constructive way so far as new policies are concerned, but has been content, putting it plainly, to snipe at the Government and make all sorts of promises. This, needless to say, has not been to the liking of many Conservatives, especially when Mr. Drew predicted that the Liberals could not possibly organize the next House and that victory might perch on the Conservative shoulders. Indeed not a few Conservatives even held to it—and still hold—that considering the vexations and weighty issues now facing the Government, due to the present troubled condition of the world, it would not be in the interest of the Conservative party to take over power at this time, inheriting a world headache, but that the Liberal party now in power in Canada, should finish the job, since they are so thoroughly familiar with the problems in their every aspect.

* * *

AS it happens, however, the rank and file of the Conservative party, once their leadership was settled, has been given little voice in the matter, in as much as Mr. Drew at once constituted himself practically the sole spokesman of the party, declaring what was to be done and what not. One man Government!

Even more surprising was the resurrection by Mr. Drew of the long since closed Hong Kong issue as a plank on which to stand in the campaign—as though there were not enough burdens weighing down the statesmen in Canada and the rest of the world! With Russia snarling at us all, with world trade disrupted, with urgent financial problems to be settled, with Communism running riot and with no real peace yet established, it seemed incredible that this Hong Kong issue should be among the foremost of the issues on which Mr. Drew would wage his campaign to assure Conservative victory. At once there was a "let down" in the constructive platform on which all could stand with confidence and hope? Thus it is that many of Mr. Drew's followers have been sorely disappointed; thus, that he seems to be doing the talking for the party while others have been left standing more or less mute by the wayside; thus that the high hopes of the party at convention time seem to have gone glimmering.

* * *

NOW this need not have been, for Mr. Drew has it in him to do better by his party and his country. If he would more often rise on stepping stones to a higher political level, as he did when with courage and conviction, he ringingly declared on the floor of the House, for the North Atlantic Pact, he would have many more followers than he has today. Not partisanship, but patriotism makes the greater appeal to the intelligent people. Not only that, but Mr. Drew is an outstanding orator, who, an agreeable, glamorous figure, can paint a fine word picture. His greatest weakness—if one may be excused for calling attention to it—is that he is inclined "to be carried away by the exuberance of his own verbosity", (as it was said of one English statesman) and too often renders snap judgements before giving the matter sufficient thought. A case in point was his criticism of the baby bonus that has given new life, hope and relief to every mother and child in the Dominion.

The Bed-Ridden Get No Vote

(OTTAWA CITIZEN)

A SUBSCRIBER to the Evening Citizen writes that she expects to be in hospital on polling day, and will therefore have no vote. She asks why no provision is made for cases as hers.

Until the present election it had been the practice to bring a travelling poll to hospitals, if candidates in the riding in which the hospital was situated agreed. The poll would travel from room to room, and patients could vote. In 1947 an attempt was made to legalize the practice, but the Parliament committee on Dominion Election Act refused to do so. First, it was thought the travelling poll in hospitals would have to be restricted to voters living in the ridings. Secondly, it was argued that since it was technically impossible to bring a travelling poll to all voters bed-ridden at home, to do so for those in hospital would be a further act of discrimination.

Neither argument seems sound, and Parliament might well reconsider the matter at the next session. In veterans' hospitals, where patients from many constituencies are resident during an election, arrangements are made for them to vote for candidates in their own constituency. The same mechanism could be applied to ordinary hospitals. Moreover, because it may be impractical to bring a travelling poll to everyone bed-ridden at home, this is no reason to disfranchise hospital patients. Justice is scarcely served when two groups of voters are disfranchised, instead of one.

As it is, many thousands of Canadians will this year have no vote because they will be in hospital on election day. This denial of a basic right was not necessary and should be rectified before another election.

Unconsidered Trifles

A distinguished visitor to an insane asylum went to the telephone and found difficulty in getting his connection. Exasperated, he shouted to the operator:

"Look here, girl, do you know who I am?"

"No," was the calm reply, "but I know where you are."

John Smith happened to witness a minor holdup. In due time, the police arrived, and one officer asked the witness his name.

"John Smith," said Smith.

"Cut the comedy," snapped the cop. "What's your real name?"

"All right," said Smith, "put me down as Winston Churchill."

"That's more like it," said the officer. "You can't fool me with that Smith stuff."

"But I thought...." began the typist, meekly.

"It's not your business to think," snapped the manager. "Just you take down what I say, word for word, and keep your own ideas to yourself."

So that afternoon the following letter was brought for him to sign:—

"Dear Mr. Browne,—Write it with an 'e.' Pure swank—his father was a gardener. With regard to your letter, of whatever date it was; I can quote you the following prices. Hi! Thompson! It's that outsider Browne. How much shall we stick on? Twenty per cent.! Make it thirty? Righto. Ten bucks a ton. Awaiting your esteemed order, I am, yours truly. That settled him."

Bible Message

(From the Authorized Version)

And Job spake, and said, Let the day perish wherein I was born, and the night in which it was said, There is a man child conceived....

Wherefore is light given to him that is in misery, and life unto the bitter is soul. (Job 3: 2, 3, 20.)

* * *

When I lie down, I say, When shall I arise, and the night be gone? and I am full of tossings to and fro unto the dawning of the day. (Job 7: 4.)

* * *

For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit.... So then they that are in the flesh cannot please God. (Rom. 8: 5, 8.)

* * *

For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away: but the word of the Lord endureth for ever. (1 Pet. 1: 24, 25.)

Germany Makes Big Plans To Open Gates To Tourists

By NORMAN CRIBBENS

LONDON, June 14 (CP)—For the first time in 10 years it will soon be possible for tourists to spend vacations in Germany. In July all three of the western zones are to be opened to tourist traffic.

Large-scale plans to receive visitors and make them "holiday-happy" are afoot in Germany. Hotels that have been run by occupation authorities since the war are being handed back to private enterprises, and many German caterers are making enthusiastic preparations to bring tourist money into the fatherland.

British visitors will be allowed to spend the same amount of sterling currency as on most continental trips—£50 ($200) for £35 for children and £10 extra if travelling by auto.

May Get Surprises

Britons may get a few surprises in the way of food. If they are prepared to pay black market prices, they will be able to get steaks, ham and eggs and other items that are still more or less luxuries at home.

Hotels vary, the more expensive costing about £3 a day. But it is possible to stay in a second-class hotel for about 25s a day. Travellers by car are expected to be able to draw about 40 gallons of gasoline a week. Coupons will be issued by the Germans bank, and will have to be paid for in advance. Gasoline will cost visitors the same as it costs Germans —2s 9d. (70 cents) a gallon. British occupation personnel, however, buy it for 1s/6d a gallon.

Best spots for visitors will probably be found in the American and French zones, embracing parts of the Bavarian Alps and nine to 16 days.
